The Art in Our Clothes

THERE'S AN ART ABOUT OUR COLLEGE CUT CLOTHES that plainly distinguishes them from mere clothing; and although our prices would suggest something commonplace, there's nothing of that in our shop. We carefully take your measure and learn your taste. If you like the new curve-chumming, hip-hugging lines, we'll put them in in such a way as to emphasize your gifts and graces of physique and personality.

Our Woolens are the choicest you will see anywhere. We show only the best and most approved patterns; and the fabrics, being made of pure, new wool, is supple and full of "life," and tailors in the very best manner.

If you want to look as well as the best of your college mates and better than most of them, and feel that you cannot afford to pay a "big" price in order to do so, come in and see what really elegant garments we'll make you for

$25.00 to $50.00

All of Tech's Boys for
last 7 years
Commencement is drawing near—some of you we'll see another year. To those who return, we wish for you the same success as your Seniors who are going to enter the business world, in either this or foreign fields.

But, wherever you may be, just remember Eiseman Bros. as the home of the Best, Snappiest, Most Fashionable and Up-to-the-Minute Lines of Clothing, Hats, Shoes and Furnishings in the land.

Having been established in Atlanta forty-seven years, we have served "Tech" well, and "Tech" in turn has aided materially in making ours the Largest and Best Clothing Store in America.

We manufacture every piece of clothing sold under our roof, a feature of which very few retailers in the entire country can honestly claim.

We sell direct to you through our own retail channels, thus saving you the profits that the regular retailers necessarily have to pay the manufacturers.

Our plea for your patronage is based on the fact that our merchandise is better, our prices lower.

Let us sell you your Commencement and Vacation Outfit.

EISEMAN BROS.
11-13-15-17 Whitehall St. Atlanta, Georgia
Georgia School of Technology

ATLANTA, GA.

 Offers unsurpassed advantages to the young men of the South who desire a Technical and Scientific Education.

 Full courses offered in

NOW that your college days are over and you are starting out in the world for yourself, you will find no better friend than a bank account. This bank believes in and encourages the efforts of young men, and we will be glad to have you open an account with us.

CAPITAL AND SURPLUS $1,100,000

You have learned the theoretical, and are now going forth to tackle the actual problems of engineering.

We are the largest manufacturers in the world of elevating, conveying, power transmission and mining machinery and maintain one of the largest and most expensive engineering corps in America.

When you have problems in our line we will be glad to give you the benefit of 38 years experience.

When in the market for machinery of our manufacture or in need of data concerning our line, consult our nearest office.

The Electric Flat Iron

The Electric Flat Iron is scientifically made. All the heat goes into the ironing surface and heats it uniformly at the point, around the edges, in the middle. It retains this heat as long as you decide to use it. One iron is all that is required and it will last a lifetime.
