Infinitely Better

Eiseman Bros. Clothes are designed by men who have made a life study of men's ideas—

They have a knack of cutting clothes as they should be cut—and of imparting to all their work the typical distinction for which Eiseman Bros. Clothes are famous—

The models are not those you will see everywhere, for every one of them, from the lowest to the highest priced, bears some evidence of difference from the ordinary—

You may compare their Wearing Qualities with any standard make you have ever worn—

And find them unmistakably the Best for Service and Appearance—

Prices—considering the Quality, Tone and Class of Eiseman Bros. Own Make of Clothes, are remarkably Moderate—

THE ELECTRIC FLAT IRON.

The Electric Flat Iron is scientifically made. All the heat goes into the ironing surface and heats it uniformly at the point—around the edges—in the middle. It retains this uniform heat as long as you desire to use it. One iron is all that is required and it will last a lifetime.
