Pan-Hellenic Rushing Rules

(Georgia Tech)

Section 1, Article 1—
No man attending a high school in Atlanta or vicinity (vicinity being construed as any point that may be reached by car line) shall be rushed by any fraternity at Georgia Tech until two weeks after the opening of the school term.

(a) Prep school men cannot be invited to fraternity dances.

(b) That no man shall enter Tech pledged. All pledges made previous to the specified period will be automatically broken.

(c) No fraternity shall rush a man at Tech between the opening date of Summer School and the second Monday of Fall term.

(d) No night school student, at Tech, shall be eligible for membership in fraternities.

Article 2—
In the case where a man ineligible for pledging under Article 1, of this section, is pledged to a chapter of a fraternity at another college, and later decides to come to Tech, his pledge is automatically declared broken by the Pan-Hellenic Council at Tech and he shall not be eligible for membership in any fraternity for his first year at Tech. In such cases it is understood that any fraternity may have the privilege of rushing the man during his first year.

(a) During a period beginning the second Monday of Fall term prospects may be rushed until the following Saturday night mid-night. On the following day, Sunday, dates for the different chapters, both Local and National, will be arranged by the Pan-Hellenic Council.

Section 2, Article 1—
No fraternity shall approach the pledge of another fraternity with the idea of breaking his pledge or talking fraternity matters to him.

Article 2—
If a student is pledged to a fraternity and breaks his pledge of his own free will and accord and without the coercion of another fraternity, he may be pledged by any other fraternity after the report of said action has been made to the Council.

Article 3—
No prospective student shall be allowed to live in a chapter house during the summer vacation, unless a member of a National fraternity.

Section 3, Article 1—
The penalties for breach of the above rules shall be expulsion of the guilty chapter from the Council.

Article 2—
It should be understood by the different chapters that the Pan-Hellenic Council is for the advancement of all fraternities and that the best results can only be obtained by cooperation. The spirit, as well as the legal meaning of these rules should be supported by the respective fraternities.
