Review of the Rifle Team Season

The rifle team and this phase of activity at Georgia Tech has for the first time come into the prominence that it really deserves and now more than ever before it has assumed the place which it justly deserves and has been recognized along with the many other of Tech's teams that engage in intercollegiate meets for the glory and prestige of the old Alum Mater.

This year's team has certainly "hitched its wagon to a star," as the saying goes, and showed no fear of hesitancy of any team in the country, taking on all comers and caring not for their potentialities. And truly they have covered themselves with glory, winning every single match that they have engaged in, and taking the measure of the strongest and best rifle teams throughout the entire country. The members of the team should feel justly proud of their showings this year, as they could not have done better.

Winning the Fourth Corps Area Rifle Match, the Georgia Tech team will compete with the winners of the other corps area matches for the championship of the entire country. This meet has not taken place, as the book goes to press, but we feel confident that our team will emerge victorious. The Fourth Corps Rifle Match consisted of all the schools and colleges in the Southeast having R. O. T. C., being 10 in number.

The results of the season were:

The members of the team, and alternates are:

Battalion Basketball

Opening the season with a brilliant victory, the First Battalion quintet won the regimental basketball championship for the second consecutive year. During the season the infantry team ran their scores to within eight points of doubling their opponents' scores without losing a game during the season.

It was a successful season from start to finish with a great deal of interest shown by the four battalions and during the two rounds of play there were a large number of spirited games.

At the close of the tournament the First Battalion was crowned the undefeated champions, tallying 244 points to only 126 for the opponents. Captain Howland was coach of the team and much of the success was due to his splendid work in rounding the quintet into shape.

For the past two years the First Battalion has held undisputed sway over the other battalions in the field of athletics, having won the championship of both basketball and football and they should deserve a great deal of praise for their spirit and the splendid teams which they have turned out. Battalion athletics has begun to assume an important place at Tech and the interest in this form of activity has increased by leaps and bounds in the past two years.
When the dust had cleared after the annual regimental football tournament, it was the fast First Battalion eleven which had carried off the championship for the second consecutive year. A post-season game was played between the First and Fourth to determine the championship and it was a forward pass from Steve Bond to Hal Smith over the goal line which gave the infantry a 6 to 0 victory and the title.

Up to this time no team had scored on the First save for the sound 12 to 0 drubbing administered by Fourth, but to compensate for this the infantrymen had tallied a 13 to 0 victory over the Co-ops. The two victories over the Fourth, which was cracked up as one of the strongest in the tournament, was proof enough of the superiority of the little boys in blue.

The Second Battalion went through the season without scoring a victory. In the opening game the Fourth was tied at 7 all after a hectic struggle. From then on the artillery eleven was not able to score, but no other team crossed the last white line. The tie championship went to the Second unprotested.

The year before it was Lieutenant Joyce who coached the First to its championship, putting the best battalion team ever produced in the field. That famous team swept all opposition aside with its brilliant playing. Major Cook took over the reins at the opening of the 1925 season and although an untimely accident prevented him from being with the team until toward the middle of the season the team progressed rapidly toward the championship. It was former Coach Joyce who put the finishing touches on the First just before its championship game with the Fourth and to him should go a great deal of the credit for the championship.
