ARTICLE I—PLEDGING

Section 1. No man on his original matriculation shall enter Georgia Tech pledged to any fraternity. Any man entering Georgia Tech, having been pledged to any chapter of a fraternity represented by a chapter on the Georgia Tech campus shall have his pledge automatically broken upon matriculation.

ARTICLE II—RUSHING

Section 1 (a) There shall be no rushing of the newly matriculated students until 12 noon of the first Monday after first reports.

(b) Until the appointed time for rushing arrives, fraternity men, both active and alumni are on their honor:

1. Not to talk fraternity matters with the new men under any circumstances.

2. Not to entertain the new men at the theatre, at meals, or at any other place off the campus, or to accompany them on dates or to dances off the campus.

3. Not to entertain new men at the fraternity houses under any circumstances.

4. Not to visit new men in their rooms except on business connected with a recognized school activity.

(c) During the week preceding the regular rush week, a maximum of 3 engagements may be made with any new man for the week of rushing. One engagement shall include only one meal; i. e., 3 consecutive meals shall constitute 3 engagements.

Section II. (a) No evening date shall last later than 10 P. M., except on Friday night, when dates may last until midnight.

(b) From 2 P. M. on Saturday of rush week until the following Sunday noon shall constitute a quiet period, during which no active or alumnus member of a fraternity shall be in the company of or shall enter into conversation with any rushee.

(c) At noon on the Sunday following the rush week, each man who has received a bid will go to the house of the fraternity of his choice, alone or in company of other new men. No fraternity shall send any person or vehicle for a rushee until after 3 P. M.

Section III. No prospective Tech student shall stay overnight in a chapter house.

Section IV. Any student of the Georgia Tech Evening School is eligible for membership in a fraternity upon the completion of the first term of the second year.

Section V. Students who enter Georgia Tech at any time other than at the beginning of the fall term must matriculate before being eligible for rushing.

ARTICLE III—INITIATION

Section I. A pledge may be initiated upon the completion of one term’s work, provided that he is not deficient in more than twenty-one equivalent hours of school work.
