During this school year if you have questions about recyclable materials, recycling locations, or if you have a special request, please contact our
Office of Solid Waste Management & Recycling (OSWM&R) provides many services to the GA Tech community. You may already know that students receive blue recycling containers in their dorms when they move in, staff members are provided a desk side containers, and temporary containers are provided to faculty during events and when they are
are gone. We also accept cardboard at our
two main recycling sites that are available to all faculty, staff and students. You can recycle aluminum cans, plastic bottles (1 & 2), newsprint, mixed office paper, magazines, cardboard, and glass (clear, green and brown). These sites are commonly used by students that live off-campus or
The cardboard recycling sites were only available for one short week, but don’t think that you can’t recycle cardboard on campus because they
Upcoming Events
Mixed Office Paper Statistics for the Month of July
The leading paper recycling building was Joe Low. Congratulations for the second time this year!

of trash. They recycled 32 containers of paper.

The following statistics have been determined by the Functional Fillers for Plastics 2006 Conference.

The following statistics have been determined by the Functional Fillers for Plastics 2006 Conference.

1. Of all trash generated by Americans ______ percent is recyclable.
2. Americans recycle approximately ______ percent of trash.
3. True or false, there are more roads in our National Forests than the entire U.S. Interstate Highway system.
4. Paper products use up at least ______ percent of the world’s annual commercial wood harvest.
5. One person uses and discards ______ pine trees in paper products each year.

Student Move In
GA Tech has had another successful student move in! Over many days hundreds of freshmen, and returning students, moved into campus. With them they brought many boxes full of clothes, food, computers, and more. Every year the Recycling office establishes temporary

What is your inspiration?

My friends call me “earth mother” because I really believe we need to do more to help reduce, reuse, recycle more of the things we have instead of throwing them out to

If you know of a student, faculty or staff member, retiree, or alum that inspires others to be environmentally aware? Someone that exemplifies the ‘Reduce, Reuse, and Recycle’ lifestyle? Or maybe they are a motivator of their peers. You can
