Book Three
Extracurricular activities represent an outstanding phase of student life at Tech. The many organizations give the students an opportunity to express themselves in as many fields as possible. This culminates in a reward for outstanding accomplishments by being tapped by Omicron Delta Kappa.

The

STUDENT COUNCIL

Student Governing Body
The Georgia Tech Student Council was organized in 1923 by Dean Skiles and the student body as a limited system of student government, thereby placing certain responsibilities upon the students of the school. The expressed purpose of the council is to represent the whole student body in matters affecting student interest; to afford a suitable and convenient medium of communication between the students and the school authorities; and, in general to create and preserve the customs and traditions of the school.

The council is composed of twenty-four members, five of which are elected from the senior class, four from the junior class, two from the sophomore class, two from each section of the co-operative students, and nine ex-officio members. These latter nine consist of: the president of the Interfraternity Council, the president of the Y. M. C. A., the editors of the Blue Print, Technique, and Yellow Jacket, and the presidents of the classes. The council takes office at the close of each school year and serves intact the following year—its officers being elected by the council at the first meeting in September.

THE Y. M. C. A. Cabinet is a non-sectarian organization, open to all upperclassmen. The Cabinet meets regularly to plan programs, to plan entertainments, and to engage in study and discussion on religious, social, and economic problems. At the beginning of the school year it promotes several entertainments to introduce the freshman to the student life at Tech.

The STUDENT-FACULTY HONOR COMMITTEE

FACULTY MEMBERS
Prof. J. L. Daniel
Dr. R. A. Hefner
Prof. W. B. Johns, Jr.

STUDENT MEMBERS
R. E. Anderson
J. T. Bayer, Jr.
R. W. Murphy

The Student-Faculty Honor Committee, an organization for the elimination of dishonesty among students, grew out of the failure of a lax honor system and ineffectual control. The three faculty members appointed by the President of the school and the three student members elected by the Student Council compose its personnel. The functions of the committee as outlined by its constitution are:

"Any faculty member who suspects a student of dishonesty on school work must report such student, together with evidence to the Student-Faculty Honor Committee. The committee investigates the case and determines whether the student is guilty or not guilty as charged. If, in the opinion of the committee the student should be disciplined, it remands the student to the Executive Committee of the faculty."

Since the inception of the committee a considerable improvement appears manifest. Not nearly so many students have been brought before the committee lately as in the first years of its operation, and both students and faculty seem to approve the work of the committee.

MAJOR HONORARIES
As the oldest honorary organization on the Tech campus, Anak is the highest local honor a Tech student may obtain. Since its founding in 1908, Anak has numbered among its members many Tech men who have become leaders of national prominence.

The members of Anak are elected from the men of the Senior Class who are outstanding among their fellow students by their achievements for and services to Georgia Tech. Announcement of new members is made twice yearly at Anak's unique tapping exercises during the Mid-Terms and Final Dances.

Each year during the football season, Anak sponsors a series of Saturday night dances, the proceeds of which are applied to the Adair-Oldknown scholarship fund. This year Anak helped Georgia Tech celebrate its fiftieth anniversary by conducting an excellent set of Home-coming Dances. Among its other activities, Anak presents medals to outstanding military and naval students at the annual Honor Day Exercises.
ANAK

MEMBERS

Robert Emmet Anderson
Charles Luther Belcher, Jr.
John Logan Chivington
Robert Glenn Cushing
Homer Gray Hutchinson, Jr.
Dillard Munford
Robert Wiley Murphy
William Merritt Pope
Thomas Fletcher Sims
George Elliott Smith
William Gay Thrash
Allen LeRoy Wilcox
Omickron Delta Kappa is a national college activities fraternity for men. Founded in 1914 at Washington and Lee University it now has circles in forty-two American colleges and universities. The Alpha Eta Circle has existed at Tech only nine years, but it has grown so rapidly in importance that it is along with Anak the highest honorary organization on the Tech campus.

Members of O. D. K. are selected on a point basis—a definite number of points being given for each honor or position attained by the student. When a student has amassed a minimum of thirty points and maintained a definite scholastic average he is eligible for election—the ultimate election depending upon his character and popularity among his fellow students.

Annually in conjunction with the faculty, O. D. K. sponsors Honor Day. On this day parents of the students are invited to inspect the school and the honors are conferred upon the students who excel in scholarship during the morning exercises.

Among the awards offered for scholarship by the Georgia School of Technology is membership in the honor society Phi Kappa Phi to those members of the Senior Class who have stood consistently high in scholarship during their first three years. Phi Kappa Phi is a national organization with chapters in many of the leading colleges and universities. The society was founded in 1897 and was installed at Tech in 1914. An annual award of a scholarship cup is made by the local chapter to the senior with the highest scholastic average while at Georgia Tech.
The fact that Tau Beta Pi is the largest honorary engineering fraternity in the country and numbers among its members many of our leading engineers makes membership in the society a coveted honor. Eligible for membership in the society are the upper eighth of the engineering junior classes and the upper fourth of the engineering classes in their senior year based on excellence in scholarship, character, loyalty, personality, leadership, and school activities. The local chapter gives annually a scholarship cup to the senior with the highest four-year average in the engineering school.
PHI ETA SIGMA
Freshman Honorary Scholastic Society

H. W. Wright
President

J. V. R. Baran
Vice-President

C. C. Davis
Secretary

C. L. Peacock
Treasurer

PHI ETA SIGMA, a national freshman honorary scholastic fraternity, was installed at Georgia Tech in 1930 and is the highest scholastic honor a freshman receives at Georgia Tech. Only those men who have an average of 3.5, which is equivalent to grades of one-half A's and one-half B's based on the first semester or the entire freshman year are eligible for membership. Each spring the fraternity presents a cup to the freshman having the highest scholastic average for the first semester.

SEVENTH ROW: P. G. Singer, A. H. Staton, W. A. Thompson, E. S. Voorhees, T. H. Watson.
MINOR HONORARIES
ALPHA CHI SIGMA
Professional Chemical Fraternity

OFFICERS
A. P. YUNDT ...... President
H. L. CHEVERTON ...... Vice-President
J. C. JACOBS ...... Secretary
F. T. WALTERMIRE ...... Treasurer

ALPHA CHI SIGMA was founded at the University of Wisconsin in 1904 and is today the second largest chemical society. Men whose primary interest is in chemistry are bound together as fraternity brothers in Alpha Chi Sigma for mutual advancement of their social profession and scientific ideals. The Alpha Omega Chapter selects men from the junior and senior classes who are outstanding in their classes of either chemistry or chemical engineering. The local chapter awards a chemical handbook annually to the junior chemist or chemical engineer with the highest scholastic average.

AMERICAN CERAMICS SOCIETY
Professional Ceramics Society

OFFICERS

E. W. Clark . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . President
H. A. Dye . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . Vice-President
J. L. Nunes . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . Secretary
H. B. Grace . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . Treasurer

First founded on the Tech campus in 1926, the local student branch of the American Ceramics Society was reorganized in 1936, to create a mutual interest among ceramic students and further ceramics as a science. The local chapter attempts to promote an interest in ceramics in the South, and especially in the State of Georgia. The activities of the group consist largely of trips to nearby centers of ceramic activity and various social affairs.
The Georgia branch of the American Institute of Chemical Engineers was installed in 1933 for the purpose of stimulating student interest in the profession of chemical engineering and furthering their knowledge of the field in which they propose to enter. The organization is composed of senior, junior, and sophomore students in the chemical engineering and chemistry departments. The organization offers lectures, tours, motion pictures, economic surveys, and talks by prominent men in the field of chemistry during the school year.
AMERICAN SOCIETY of CIVIL ENGINEERS
Professional Civil Society

OFFICERS
G. JOHNSON .................................................. President
W. R. HARRIS ........................................... Vice-President
R. D. BEALL ........................................... Secretary
F. J. SKUNDALE .................................................. Treasurer

The Georgia Tech student chapter of the American Society of Civil Engineers, just organized this year, offers membership to all civil engineering students. The purpose of the organization is primarily to enrich the student's college life with professional associations and contacts which continue throughout life and are most helpful to the practicing engineer. These associations and contacts are obtained by means of luncheons, investigating trips to nearby construction work, and talks by practicing engineers.
The student chapter of the American Institute of Electrical Engineers, founded at Georgia Tech in 1915, offers membership to junior and senior students in electrical engineering and is primarily interested in showing the student the professional aspects of electrical engineering. Regular meetings are held at which original papers are presented and articles from current literature are abstracted and discussed. Also motion pictures are presented and lectures are given the society by practicing engineers.
AMERICAN SOCIETY
of
MECHANICAL ENGINEERS

Professional Mechanical Engineering Society

OFFICERS

H. M. Lange .................................. President
R. M. Gibbs ................................... Vice-President
T. J. Hughes .................................. Secretary
C. L. Daughtry ................................. Treasurer

The American Society of Mechanical Engineers is a student branch of this well-known professional society which was founded in 1881. The chapter at Tech was installed in 1916 and includes as members all junior and senior mechanical engineering students. Regular weekly meetings are held at which members present technical papers on current mechanical engineering subjects. Also movies and lectures by prominent mechanical engineers are presented at the regular meetings. During the year members make several trips to nearby plants and mills.
The Briaerean Society is an honorary organization which offers the highest honor available to students of the Co-operative Department. Its membership is selected from the members of the three upper classes in that department who are outstanding in scholastic leadership and character. The organization is composed of two sections which operate in alternation as the sections of the co-operative students change. Its members aid entering freshman co-ops by orientation tours of the campus, conferences, and smokers.

FRANK OSBORNE
President
As the second half of the Briaerean Society, section two functions while the second section of co-operative students are in school. Section two also benefits the freshman co-ops with smokers, conferences, and campus orientation. In conjunction with section one it has as its activities the presentation of a scholarship award to the outstanding co-op freshman, the presentation of a scholarship cup to senior co-op having the highest scholastic average, and the Briaerean Annual Formal Ball held each March, when both sections meet at school.
ARCHITECTURAL SOCIETY

Professional Architectural Society

OFFICERS

M. A. Goette . . . . . . . . . . . . . . . . . . . President
T. M. Lewis . . . . . . . . . . . . . . . . . . . Vice-President
J. B. Addy . . . . . . . . . . . . . . . . . . . Secretary
M. A. Cason . . . . . . . . . . . . . . . . . . . Treasurer

As the honorary society for architects, Architectural Society has been on the Tech campus since 1910. The primary motive of the society is advancing the study of current architectural problems. The activities of the society consist mainly of student meetings at which the society hears from practicing architects who give the members the practical side of the profession.
M. L. BRITTAIRN
DEBATING SOCIETY

OFFICERS

N. G. McLEAN ........................................ President
L. E. THORNTON ....................................... Vice-President
E. M. HORWOOD ....................................... Secretary

The society was founded in 1934, principally through the efforts of Professor E. H. Folk, and was named in honor of the man who, by his personal interest and kindly advice, has always tried to aid Tech men in obtaining the benefits of forensic training. The society rather than concentrating on a small select team offers membership to all men interested in debating. Each year the club conducts debates and open forums in conjunction with other educational institutions of Georgia and neighboring states.

BULLDOG CLUB
Honorary Junior Social Society

OFFICERS

W. B. JOHNSON  ..........  President
J. R. BISHOP  ..........  Vice-President
B. PACE  ..........  Secretary
D. MUNFORD  ..........  Treasurer

The original Bulldog Club was founded in 1910, but in 1933 a union with the Junior Kosene Society resulted in the present organization. It is a non-scholastic society, selecting its members from the outstanding juniors and seniors recommended to it by the social fraternities. Characteristic of the club is its distinctive initiation which is considered one of the traditions of the campus. Among the club's activities are the Thanksgiving Day cake race for the freshmen, the inter-fraternity bowling and tennis tournaments, and the "Home-coming" fraternity house decoration contest.
THE CIVIL CREW was installed on the Tech campus in 1909 as an honorary organization for outstanding civil engineering students of the junior and senior classes. The activities of the society include monthly dinners with outstanding engineers as guest speakers, inspection tours of engineering projects, and the showing of movies and presentation of abstracts on current engineering achievements. Outstanding among its social activities is the annual Civil Crew dance in the spring.
The Co-op Club was founded in 1915 to promote interest in college activities and foster a friendly spirit of co-operation among the students of the Co-operative Department. Section one functions as the social group for the freshmen, who enter school at the beginning of the summer. During the winter months, the society builds up a scholarship loan fund, which is sponsored by, and a benefit to both sections.
CO-OP CLUB
Honorary Co-operative Social Club

Section Two

OFFICERS

F. T. WALTERMIRE . . . . . . . . . President
H. W. ADAMS . . . . . . . . . . . Vice-President
S. S. ELAM . . . . . . . . . . . Secretary
M. POST . . . . . . . . . . . Treasurer

Serving as the social unit for the second section co-operative students, the section two of the Co-op Club functions during the fall and spring months. Membership of both sections is selected from the upperclassmen of the Co-operative Department, who are outstanding in popularity. Section two works jointly with section one in building up the loan fund, and also sponsors numerous social activities, of which the Fall Masquerade Ball is the most outstanding.
COSMOPOLITAN CLUB
Honorary Foreign Relations Society

OFFICERS
C. M. Villanueva .......... President
J. A. Vendrell .......... Vice-President
R. A. Oquendo .......... Secretary-Treasurer

The Georgia Tech Cosmopolitan Club is an organization composed of students from foreign countries and several American students, which acts both as a social and foreign relations group. The primary purpose of the club is to help foreign students in orienting themselves in American colleges, which is done through social functions in the form of dances and outings, and educational lectures given by guest speakers. The club also attempts to correspond and associate with similar groups in other schools.
FOIL and MASK

Honorary Fencing Club

OFFICERS

C. C. Rippberger  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  President
S. Barthá  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  Vice-President
R. S. Haggart, Jr.  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  Chancellor

The Foil and Mask Society is a club for students interested in fencing, whether or not they are members of the varsity fencing team. Before school recognition of the fencing team was obtained, membership in the club was the only reward for those who participated in matches with other schools. The main project of the society is an annual fencing tournament between battalion teams—a cup being given to the winner.
FREEROODY CLUB
Honorary Mechanics Society

OFFICERS

H. G. Hutchinson . . . . . . . . . . . . . President
C. L. Daughtry . . . . . . . . . . . . . Vice-President
G. E. Smith . . . . . . . . . . . . . Secretary-Treasurer

Founded in 1923, the Freebody Club is an honorary society for students who have been proficient in mechanics and engineering drawing. Membership is limited to thirteen outstanding juniors in the Mechanics Department. In conjunction with the faculty last year the club reached one of its main objectives, the establishment of a technical publication, the Georgia Tech Engineer.
FORMERLY NAMED THE SCIENTIA CLUB, the society changed its name to Industrial Management Society, due to the fact that the general science course has been replaced by an industrial management course. Membership is open to non-engineering students who are outstanding in scholarship and activities. The club maintains an active program and presents a loving cup to the graduating senior having the highest average in industrial management.
INSTITUTE OF AERONAUTICAL SCIENCES
Professional Aeronautical Society

OFFICERS

D. R. EASTMAN . . . . . . . . . . . . . . . . President
E. L. JOINER . . . . . . . . . . . . . . . . Vice-President
F. C. JONES . . . . . . . . . . . . . . . . Secretary-Treasurer

As the student branch of the professional organization of the Institute of Aeronautical Sciences, the local group promotes interest in aeronautical engineering through papers and pictures on recent developments in aeronautics presented by students and faculty. The society also maintains a social program for all the students in the Aeronautics Department.

DON EASTMAN
President
INTERNATIONAL RELATIONS CLUB

The International Relations Club has as its main objective the promotion of interest in world affairs by open club forums on questions of international concern. Each year the club places for reference in the Tech library selected books on international affairs. This year the club has tried to keep close relations with other colleges and sent a large delegation to the national convention.
Kappa Eta Kappa, a national professional electrical engineering fraternity, was founded at the University of Iowa in 1923—the local chapter being installed in 1928. Membership is offered to juniors and seniors outstanding in scholarship, character, and leadership. As an encouragement to scholarship, the fraternity presents a slide rule each year to the electrical junior having the highest scholastic average.
KAPPA KAPPA PSI
Honorary Musical Fraternity

OFFICERS

S. YABROW . . . . . . . . . . . . . . . . President
S. G. PRYOR . . . . . . . . . . . . . . . Vice-President
H. M. CONWAY . . . . . . . . . . . . . . . . Secretary
R. H. BRETZ . . . . . . . . . . . . . . . . Treasurer

FOUNDED IN 1919, Kappa Kappa Psi is an honorary fraternity for musicians—the local chapter being installed in 1924. Membership is limited to students who are outstanding in the band or other school musical organization. The president of the organization is the captain of the school band, and along with Mr. Garing, the chapter directs the band.
Founded in 1914, the Oil Can Club was reorganized this year, after being off the campus one year. Membership is limited to thirteen students of the Mechanical Engineering Department. Meetings are held regularly and several social functions are given during the year. This year the club has been active in obtaining and furnishing a student lounge for mechanical engineering students.
The NEWMAN CLUB

Catholic Society

OFFICERS

T. J. Hughes .......................... President
J. A. Keller ......................... Vice-President
C. A. Slikas .......................... Secretary
J. R. Gordon .......................... Treasurer

The GEORGIA TECH NEWMAN CLUB was founded in 1931 as a chapter of the Federation of College Catholic Clubs. It serves to bind together Catholic students on the campus and to present a series of religious programs and a number of social functions. In sponsoring social and religious functions, the Newman Club offers an interesting and essential activity for the students of the Catholic Church at Tech.
PHI PSI
Honorary Textile Fraternity

OFFICERS

R. K. Howell . . . . . . . . . . . . . President
W. N. McGibony . . . . . . . . . . . Vice-President
F. E. Busbee . . . . . . . . . . . . . Secretary
E. B. Sutton . . . . . . . . . . . . . Treasurer

PHI PSI was founded at Philadelphia College of Textile Engineering in 1903—the Tech chapter being established in 1921. At regular meetings of the fraternity new developments in the textile field are reviewed by the members. The society maintains an active social program—giving the well-known Lint Head Ball each year.

PI DELTA EPSILON

Honorary Journalistic Fraternity

OFFICERS

D. L. RUSSELL ............................ President
C. S. ROACH ............................ Vice-President
P. M. POTTER ............................ Secretary
R. E. MOORE ............................ Treasurer

As the honorary journalistic society, Pi Delta Epsilon recognizes the journalistic work of students who work on any one of Tech's four publications. Eligibility for membership consists of at least two years' work on any one publication. The fraternity aids the publication staffs and gives a party during the dances for its members.
Pi TAU SIGMA

Professional Mechanical Fraternity

OFFICERS

H. M. Lange ........................................ President
H. G. Hutchinson ................................. Vice-President
J. T. Cosby ...................................... Secretary
J. F. Wyatt ...................................... Treasurer

Pi TAU SIGMA, a national honorary mechanical engineering fraternity, was founded at the University of Illinois in 1915—the local chapter being installed in 1932. The membership is composed of the outstanding junior and senior mechanical engineering students. As a reward for scholarship the society presents an engineering handbook to the mechanical engineering sophomore having the highest scholastic average, and has the name of the outstanding mechanical engineering student engraved on a plaque in the Mechanical Engineering Department.

HARRY LANGE
President
The Radio Club was organized primarily to gather together students interested in amateur radio. The club now owns and operates the amateur station W4AQL. At regular meetings, the members discuss and help solve each other's problems in amateur radio. Also the club makes trips of inspection to amateur and broadcast stations in the vicinity of Atlanta.
SCABBARD and BLADE

National Honorary Military Fraternity

OFFICERS

H. W. Criswell ............... Captain
F. T. Waltermire ............ First Lieutenant
C. L. Daughtry .............. Second Lieutenant
H. Jeffcoat ................ First Sergeant

The national military fraternity of Scabbard and Blade was founded at the University of Wisconsin in 1904. The Georgia Tech chapter designated as Company M, 2nd Regiment, was installed in 1921. The fraternity now has eighty-two chapters with a total membership of about twenty-six thousand. Senior Army and Navy R. O. T. C. students outstanding in military work at college are eligible for membership. Each year the local group sponsors a Military Ball.
SKULL and KEY

Sophomore Social Society

W. B. TEAGUE . . . . . . . . . . . . . . . . . . . Treasurer

SKULL and KEY, the only sophomore honorary society, was founded in 1912. The club was modeled after the Bulldog Club, and has as its main objective the promotion of school spirit among sophomores and upperclassmen. The membership of the society is limited to twenty-four men, twelve of which are elected at the close of their freshman year, and the remainder during the fall of their sophomore term.
ORGANIZED AS A CLUB to recognize athletics at Tech, the "T" club is composed of varsity athletes who have received their letter. The club maintains a lounge in Swann Hall for the use of its members. This year the club has been very active in presenting motion pictures of the football games after club luncheons for its members and friends.
The Yellow Jacket Club was founded by Coach "Alex" with a group of spirit-minded students in 1930, to promote school spirit and teach the freshman school traditions. The club has charge of cheering at football games, holding pep meetings, and seeing that the freshman observes the freshman traditions. The club is composed of students who have shown prominent interest in school spirit work.
