With pride and pleasure we present to you this thirty-second volume

Published by the students of the Georgia School of Technology in Atlanta, Georgia

BLUE PRINT
To present a complete record of the college year at Georgia Tech is beyond the scope of the BLUE PRINT as the school yearbook. All that the 1939 BLUE PRINT can do is to present an outline which each student can fill in to help recall memories of the Class of 1939 in later years. Natural color photographs characteristic of each division have been used to give the book life and color as well as introduce each section.
Contents

1 The College
2 Classes
3 Fraternities
4 Activities
5 Features
Dr. Brittain, born and educated in the State of Georgia, has devoted his life to the cause of education in Georgia in which he has been justly called "The best loved educator in Georgia." In his position as President of Georgia Tech for the past seventeen years he hasn't watched the school grow—he has guided its growth and pushed it into national prominence.
Book One
The College at Georgia Tech comprises three integral parts — the buildings, the faculty, and the student body. Here we see two of these elements during the change of classes in the administration building.
Swann Hall and the Electrical Engineering Building
Up from the Campus to the Library

Guggenheim School of Aeronautics
The Chemistry Building

Cloudman Hall
The Mechanical Engineering Building
OFFICERS OF ADMINISTRATION

MARIION LUTHER BRITTAIN, A.B., L.L.D.
President

DEAN WILLIAM VERNON SKILES, B.S., A.M., Sc.D.
Dean

GILBERT HILLHOUSE BOGGS, B.S., Ph.D.
Dean of Graduate Courses

WILLIAM GILMER PERRY, A.M., Litt.D.
Dean of General Studies

HUGH HARRIS CALDWELL, A.B.
Registrar and Secretary of the Faculty

DOMENICO PIETRO SAVANT, B.S., M.S.
Dean of Engineering

FLOYD FIELD, A.B., A.M.
Dean of Men

JAMES ERKINE McDANIEL, B.A., LL.B.
Director of Co-operative Department

FRANK KING HOUSTON, C.P.A.
Treasurer

THOMAS H. JONES, Lt. Col. C.A.C.
Commandant, Military R.O.T.C.

B. M. FAWELL, Capt., U.S.N.
Commandant, Naval R.O.T.C.

ARTHUR HAMMOND ARMSTRONG, B.A., M.A.
Superintendent of Dormitories

HOWARD WARD MASON, B.S., M.S., M.E.
Superintendent Buildings and Grounds

ROY STEVENSON KING, M.E., M.Sc., Sc.D.
Superintendent of Shops and Power Plant

ROGER SHEPPARD HOWELL, B.S., M.Sc.
Director of Evening School

JENNINGS LAMONT HENRY, M.D.
School Physician

HARRIET HENDERSON
Secretary to the President

MRS. WILLIAM REID TAYLOR
Secretary to the Dean

MRS. JAMES HENRY CROSLAND
Librarian

DEAN SKILES

The Dean

WILLIAM VERNON SKILES
B.S., UNIVERSITY OF CHICAGO
A.M., HARVARD UNIVERSITY
Sc.D., UNIVERSITY OF GEORGIA

BETA THETA PI . . . PHI BETA KAPPA . . . OMICRON DELTA KAPPA
GEORGIA ACADEMY OF SCIENCE

In his position as Dean for a period of fifteen years, Dean Skiles has won the admiration and love of both students and faculty with his unfailing courtesy, his sympathetic understanding, and his ever-present sense of fairness.
FACULTY
by
DEPARTMENTS

FIELD

AERONAUTICAL ENGINEERING
MONTGOMERY KNIGHT, B.S. . . . . Head of Department
R. H. MILLS, Ph.D. . . . . Assistant Professor
A. M. SCHWARTZ, A.E. . . . . Assistant Professor
W. R. WEEMS, B.S., M.S. . . . . Assistant Professor

Caldwell

ARCHITECTURE
HAROLD BUSH-BROWN, A.B., M.Arch. . . . . . . Head of Department
J. H. GAILEY, B.S., M.S. . . . . . . . . . . . . . . . Professor
R. T. MORENAS, B.S. . . . . . . . . . . . . . . . Associate Professor
P. M. HEFFERNAN, B.S., M.S., M.Arch. . . . . . Associate Professor
M. SIEGLER, B.S. . . . . . . . . . . . . . . . . . . . . Assistant Professor
M. L. JORGENSEN, A.B. . . . . . . . . . . . . . . Assistant Professor
J. H. HARRIS, B.S. . . . . . . . . . . . . . . . Instructor

HOUSTON

BIOLOGY
HUGH ALLEN WYCKOFF, B.S., M.S. . . . . . . . . . . . . . . . . . . . Head of Department
E. G. LOWER, A.B., M.D. . . . . . . . . . . . . . . . Assistant Professor
A. E. CANNON, B.S. . . . . . . . . . . . . . . . . . . Instructor

BLUE PRINT 1939
CIVIL ENGINEERING
FRANKLIN C. SNOW, B.S., Sc.D. Head of Department
J. M. SMITH, B.S., M.S. Professor
R. P. BLACK, A.B., M.S. Associate Professor
J. H. LUCAS, B.S., M.S. Associate Professor
K. M. THRASH, B.S., M.S. Assistant Professor

CO-OPERATIVE
JAMES E. McDANIEL, B.A., LL.B. Head of Department
S. C. PUCKETTE, B.S. Assistant Director

ECONOMICS AND SOCIAL SCIENCE
HUBERT E. DENNISON, B.A. Head of Department
A. H. ARMSTRONG, B.A., M.A. Associate Professor
F. B. WENN, B.C.S., M.A. Associate Professor
N. WARREN, B.S., M.S., C.P.A. Associate Professor
K. D. HARTZEL, Ph.D. Associate Professor
M. R. BREWSTER, B.S., M.B. Associate Professor
W. J. PROCTOR, A.B., M.A. Assistant Professor
R. O. ELLIOTT, B.S., M.S. Instructor
W. F. LOZIER, A.B., I.L.B. Instructor
ELECTRICAL ENGINEERING
THOMAS W. FITZGERALD, B.S., M.S.  Head of Department
D. P. SAVANT, B.S., M.S.  Professor
T. G. SEIDELL, B.S.  Professor
H. B. DULING, B.S., M.S.  Professor
J. L. ELLIS, B.S., M.S.  Associate Professor
I. H. GERKS, B.S., M.S.  Associate Professor
A. W. STALNAKER, E.E.  Associate Professor
M. A. HONNELL, B.S.  Instructor

ENGINEERING DRAWING AND MECHANICS
WILLIAM B. JOHNS, JR., B.S., M.S.  Head of Department
P. B. NARMORE, B.S., M.S., Ph.D.  Professor
H. S. WEBER, M.S.  Associate Professor
B. L. BROWN, M.S.  Assistant Professor
F. M. HILL, B.S.  Assistant Professor
C. O. MOCK, M.E.  Assistant Professor
F. BOGLE, B.S.  Instructor
R. K. JACOBS, B.S.  Instructor
R. E. LEWIS, M.S.  Instructor
J. P. VIDOSIC, M.S., M.E.  Instructor

ENGLISH
WILLIAM G. PERRY, A.M., Lit.D.  Head of Department
L. W. CHAPIN, A.B., M.A.  Professor
E. H. FOLK, JR., A.B., M.A.  Associate Professor
A. J. WALKER, Ph.D.  Associate Professor
H. C. BROWN, M.A.  Associate Professor
G. W. RAINEY, A.B., M.A.  Assistant Professor
D. M. COX, B.A., M.A.  Assistant Professor

GEOLGY
COUNT D. GIBSON, M.S., Ph.B.  Head of Department

INDUSTRIAL MANAGEMENT
WILLIAM V. DUNKIN, B.S., M.E.  Head of Department

Book Two
At Tech the fraternities, as a social unit, exist as a major force. Through the medium of fraternities the benefits of a social life and intelligent group living are found to round out the student.
The INTERFRATERNITY COUNCIL

Composed of two representatives from each national fraternity at Tech, and Dean Floyd Field as advisor, the Interfraternity Council is the governing body for all social fraternities on the campus. The council sets such regulations as rush-week rules, house rules, and pledge and membership regulations. Each year the council presents two sets of dances. One set is the Mid-Terms following the mid-term examinations; the other set being the Finals given just previous to Commencement in June.

With the express intention of becoming a national fraternity, Phi Kappa Sigma was founded at the University of Pennsylvania in 1850. A conservative policy of expansion has been followed, but the fraternity at the present has a chapter in a representative school in every section of the country. The local chapter, established on January 15, 1904, was the seventh fraternity on the campus and the first to own its own house.

SIGMA NU

Sigma Nu originated from the Legion of Honor, a secret society organized in 1868 at the Virginia Military Institute. The fraternity now has ninety-six chapters with a membership of about thirty-one thousand. The chapter at Georgia Tech was founded in 1896, being the fourth fraternity on the campus.

SHINE THE LIGHT
TECH
Theta Chi was founded at Norwich University on March 10, 1856. At first the fraternity did not intend national expansion, but a conservative expansion policy has increased the organization to fifty chapters with a total membership of about thirteen thousand. The Alpha Nu chapter was installed at Georgia Tech in the spring of 1923.

STUDENT COUNCIL

Student Governing Body
The Georgia Tech Student Council was organized in 1923 by Dean Skiles and the student body as a limited system of student government, thereby placing certain responsibilities upon the students of the school. The expressed purpose of the council is to represent the whole student body in matters affecting student interest; to afford a suitable and convenient medium of communication between the students and the school authorities; and, in general, to create and preserve the customs and traditions of the school.

The council is composed of twenty-four members, five of which are elected from the senior class, four from the junior class, two from the sophomore class, two from each section of the co-operative students, and nine ex-officio members. These latter nine consist of: the president of the Interfraternity Council, the president of the Y. M. C. A., the editors of the Blue Print, Technique, and Yellow Jacket, and the presidents of the classes. The council takes office at the close of each school year and serves intact the following year—its officers being elected by the council at the first meeting in September.

THE Y. M. C. A. Cabinet is a non-sectarian organization, open to all upperclassmen. The Cabinet meets regularly to plan programs, to plan entertainments, and to engage in study and discussion on religious, social, and economic problems. At the beginning of the school year it promotes several entertainments to introduce the freshman to the student life at Tech.

The STUDENT-FACULTY HONOR COMMITTEE

FACULTY MEMBERS

Prof. J. L. Daniel
Dr. R. A. Hefner
Prof. W. B. Johns, Jr.

STUDENT MEMBERS

R. E. Anderson
J. T. Bayer, Jr.
R. W. Murphy

The Student-Faculty Honor Committee, an organization for the elimination of dishonesty among students, grew out of the failure of a lax honor system and ineffectual control. The three faculty members appointed by the President of the school and the three student members elected by the Student Council compose its personnel. The functions of the committee as outlined by its constitution are: "Any faculty member who suspects a student of dishonesty on school work must report such student, together with evidence to the Student-Faculty Honor Committee. The committee investigates the case and determines whether the student is guilty or not guilty as charged. If, in the opinion of the committee the student should be disciplined, it remands the student to the Executive Committee of the faculty."

Since the inception of the committee a considerable improvement appears manifest. Not nearly so many students have been brought before the committee lately as in the first years of its operation, and both students and faculty seem to approve the work of the committee.

MAJOR HONORARIES
As the oldest honorary organization on the Tech campus, Anak is the highest local honor a Tech student may obtain. Since its founding in 1908, Anak has numbered among its members many Tech men who have become leaders of national prominence.

The members of Anak are elected from the men of the Senior Class who are outstanding among their fellow students by their achievements for and services to Georgia Tech. Announcement of new members is made twice yearly at Anak's unique tapping exercises during the Mid-Terms and Final Dances.

Each year during the football season, Anak sponsors a series of Saturday night dances, the proceeds of which are applied to the Adair-Oldknown scholarship fund. This year Anak helped Georgia Tech celebrate its fiftieth anniversary by conducting an excellent set of Home-coming Dances. Among its other activities, Anak presents medals to outstanding military and naval students at the annual Honor Day Exercises.

OMICRON DELTA KAPPA is a national college activities fraternity for men. Founded in 1914 at Washington and Lee University it now has circles in forty-two American colleges and universities. The Alpha Eta Circle has existed at Tech only nine years, but it has grown so rapidly in importance that it is along with Anak the highest honorary organization on the Tech campus.

Members of O. D. K. are selected on a point basis—a definite number of points being given for each honor or position attained by the student. When a student has amassed a minimum of thirty points and maintained a definite scholastic average he is eligible for election—the ultimate election depending upon his character and popularity among his fellow students.

Annually in conjunction with the faculty, O. D. K. sponsors Honor Day. On this day parents of the students are invited to inspect the school and the honors are conferred upon the students who excel in scholarship during the morning exercises.

Among the awards offered for scholarship by the Georgia School of Technology is membership in the honor society Phi Kappa Phi to those members of the Senior Class who have stood consistently high in scholarship during their first three years. Phi Kappa Phi is a national organization with chapters in many of the leading colleges and universities. The society was founded in 1897 and was installed at Tech in 1914. An annual award of a scholarship cup is made by the local chapter to the senior with the highest scholastic average while at Georgia Tech.

The fact that Tau Beta Pi is the largest honorary engineering fraternity in the country and numbers among its members many of our leading engineers makes membership in the society a coveted honor. Eligible for membership in the society are the upper eighth of the engineering junior classes and the upper fourth of the engineering classes in their senior year based on excellence in scholarship, character, loyalty, personality, leadership, and school activities. The local chapter gives annually a scholarship cup to the senior with the highest four-year average in the engineering school.
Phi Eta Sigma
Freshman Honorary Scholastic Society

Officers

H. W. Wright ........................................ President
J. V. R. Baran ........................................ Vice-President
C. C. Davis ............................................. Secretary
C. L. Peacock .......................................... Treasurer

Phi Eta Sigma, a national freshman honorary scholastic fraternity, was installed at Georgia Tech in 1930 and is the highest scholastic honor a freshman receives at Georgia Tech. Only those men who have an average of 3.5, which is equivalent to grades of one-half A's and one-half B's based on the first semester or the entire freshman year are eligible for membership. Each spring the fraternity presents a cup to the freshman having the highest scholastic average for the first semester.

MINOR HONORARIES
ALPHA CHI SIGMA
Professional Chemical Fraternity

OFFICERS

A. P. Yundt ........................ President
H. L. Cheverton ......................... Vice-President
J. C. Jacobs ........................ Secretary
F. T. Waltermire ....................... Treasurer

ALPHA CHI SIGMA was founded at the University of Wisconsin in 1904 and is today the second largest chemical society. Men whose primary interest is in chemistry are bound together as fraternity brothers in Alpha Chi Sigma for mutual advancement of their social profession and scientific ideals. The Alpha Omega Chapter selects men from the junior and senior classes who are outstanding in their classes of either chemistry or chemical engineering. The local chapter awards a chemical handbook annually to the junior chemist or chemical engineer with the highest scholastic average.

First founded on the Tech campus in 1926, the local student branch of the American Ceramics Society was reorganized in 1936, to create a mutual interest among ceramic students and further ceramics as a science. The local chapter attempts to promote an interest in ceramics in the South, and especially in the State of Georgia. The activities of the group consist largely of trips to nearby centers of ceramic activity and various social affairs.
The Georgia branch of the American Institute of Chemical Engineers was installed in 1933 for the purpose of stimulating student interest in the profession of chemical engineering and furthering their knowledge of the field in which they propose to enter. The organization is composed of senior, junior, and sophomore students in the chemical engineering and chemistry departments. The organization offers lectures, tours, motion pictures, economic surveys, and talks by prominent men in the field of chemistry during the school year.
AMERICAN SOCIETY of CIVIL ENGINEERS

Professional Civil Society

OFFICERS

G. JOHNSON .................................................. President
W. R. HARRIS ............................................. Vice-President
R. D. BEALL ................................................... Secretary
F. J. SKUNDALE ............................................... Treasurer

THE GEORGIA TECH STUDENT CHAPTER of the American Society of Civil Engineers, just organized this year, offers membership to all civil engineering students. The purpose of the organization is primarily to enrich the student's college life with professional associations and contacts which continue throughout life and are most helpful to the practicing engineer. These associations and contacts are obtained by means of luncheons, investigating trips to nearby construction work, and talks by practicing engineers.
THE STUDENT CHAPTER of the American Institute of Electrical Engineers, founded at Georgia Tech in 1915, offers membership to junior and senior students in electrical engineering and is primarily interested in showing the student the professional aspects of electrical engineering. Regular meetings are held at which original papers are presented and articles from current literature are abstracted and discussed. Also motion pictures are presented and lectures are given by practicing engineers.
The American Society of Mechanical Engineers is a student branch of this well-known professional society which was founded in 1881. The chapter at Tech was installed in 1916 and includes as members all junior and senior mechanical engineering students. Regular weekly meetings are held at which members present technical papers on current mechanical engineering subjects. Also movies and lectures by prominent mechanical engineers are presented at the regular meetings. During the year members make several trips to nearby plants and mills.
BRIAEREAH SOCIETY
Honorary Co-operative Society

First Section

OFFICERS

F. S. OSBORNE ....................... President
W. F. HUNTER ........................ Vice-President
H. G. DUNCAN ......................... Secretary
P. E. EVERETTE ...................... Treasurer

The Briaerean Society is an honorary organization which offers the highest honor available to students of the Co-operative Department. Its membership is selected from the members of the three upper classes in that department who are outstanding in scholastic leadership and character. The organization is composed of two sections which operate in alternation as the sections of the co-operative students change. Its members aid entering freshman co-ops by orientation tours of the campus, conferences, and smokers.

FRANK OSBORNE
President
As the second half of the Briaerean Society, section two functions while the second section of co-operative students are in school. Section two also benefits the freshman co-ops with smokers, conferences, and campus orientation. In conjunction with section one it has as its activities the presentation of a scholarship award to the outstanding co-op freshman, the presentation of a scholarship cup to senior co-op having the highest scholastic average, and the Briaerean Annual Formal Ball held each March, when both sections meet at school.
ARCHITECTURAL SOCIETY
Professional Architectural Society

OFFICERS

M. A. Goette ........................................... President
T. M. Lewis ........................................... Vice-President
J. B. Addy ........................................... Secretary
M. A. Cason ........................................... Treasurer

As the honorary society for architects, Architectural Society has been on the Tech campus since 1910. The primary motive of the society is advancing the study of current architectural problems. The activities of the society consist mainly of student meetings at which the society hears from practicing architects who give the members the practical side of the profession.
M. L. BRITTA
DEBATING SOCIETY

OFFICERS

N. G. McLEAN . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . President
L. E. THORNTON . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . Vice-President
E. M. HORWOOD . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . Secretary

The society was founded in 1934, principally through the efforts of Professor E. H. Folk, and was named in honor of the man who, by his personal interest and kindly advice, has always tried to aid Tech men in obtaining the benefits of forensic training. The society rather than concentrating on a small select team offers membership to all men interested in debating. Each year the club conducts debates and open forums in conjunction with other educational institutions of Georgia and neighboring states.
The original Bulldog Club was founded in 1910, but in 1933 a union with the Junior Kosene Society resulted in the present organization. It is a non-scholastic society, selecting its members from the outstanding juniors and seniors recommended to it by the social fraternities. Characteristic of the club is its distinctive initiation which is considered one of the traditions of the campus. Among the club's activities are the Thanksgiving Day cake race for the freshmen, the inter-fraternity bowling and tennis tournaments, and the "Home-coming" fraternity house decoration contest.

BEVERLY JOHNSON
President

OFFICERS

F. T. Waltermire ............... President
H. W. Adams ............... Vice-President
S. S. Elam ............... Secretary
M. Post ............... Treasurer

Serving as the social unit for the second section co-operative students, the section two of the Co-op Club functions during the fall and spring months. Membership of both sections is selected from the upperclassmen of the Co-operative Department, who are outstanding in popularity. Section two works jointly with section one in building up the loan fund, and also sponsors numerous social activities, of which the Fall Masquerade Ball is the most outstanding.
COSMOPOLITAN CLUB

Honorary Foreign Relations Society

OFFICERS

C. M. Villanueva . . . . . . . . . . . President
J. A. Vendrell . . . . . . . . . . . Vice-President
R. A. Oquendo . . . . . . . . . . . Secretary-Treasurer

The Georgia Tech Cosmopolitan Club is an organization composed of students from foreign countries and several American students, which acts both as a social and foreign relations group. The primary purpose of the club is to help foreign students in orienting themselves in American colleges, which is done through social functions in the form of dances and outings, and educational lectures given by guest speakers. The club also attempts to correspond and associate with similar groups in other schools.
FOIL and MASK

Honorary Fencing Club

OFFICERS

C. C. Rippberger ........................ President
S. Bartha ................................. Vice-President
R. S. Haggart, Jr. ........................ Chancellor

The Foil and Mask Society is a club for students interested in fencing, whether or not they are members of the varsity fencing team. Before school recognition of the fencing team was obtained, membership in the club was the only reward for those who participated in matches with other schools. The main project of the society is an annual fencing tournament between battalion teams—a cup being given to the winner.
THIRD ROW: W. J. Underwood, W. J. Warnock, R. O. Warnell.

FREEBODY CLUB
Honorary Mechanics Society

OFFICERS

H. G. Hutchinson . . . . . . . . . . . . . . . . . . President
C. L. Daughtry . . . . . . . . . . . . . . . . . . Vice-President
G. E. Smith . . . . . . . . . . . . . . . . . . . Secretary-Treasurer

Founded in 1923, the Freebody Club is an honorary society for students who have been proficient in mechanics and engineering drawing. Membership is limited to thirteen outstanding juniors in the Mechanics Department. In conjunction with the faculty last year the club reached one of its main objectives, the establishment of a technical publication, the Georgia Tech Engineer.
INDUSTRIAL MANAGEMENT SOCIETY

Honorary Industrial Management Society

OFFICERS

W. M. MILLER ........................................ President
E. B. IRWIN ........................................ Vice-President
T. R. JONES .......................................... Secretary
C. R. LUNDY .......................................... Treasurer

FORMERLY NAMED THE SCIENTIA CLUB, the society changed its name to Industrial Management Society, due to the fact that the general science course has been replaced by an industrial management course. Membership is open to non-engineering students who are outstanding in scholarship and activities. The club maintains an active program and presents a loving cup to the graduating senior having the highest average in industrial management.

INSTITUTE OF AERONAUTICAL SCIENCES
Professional Aeronautical Society

OFFICERS

D. R. EASTMAN  President
E. L. JOINER  Vice-President
F. C. JONES  Secretary-Treasurer

As the student branch of the professional organization of the Institute of Aeronautical Sciences, the local group promotes interest in aeronautical engineering through papers and pictures on recent developments in aeronautics presented by students and faculty. The society also maintains a social program for all the students in the Aeronautics Department.
INTERNATIONAL RELATIONS CLUB

OFFICERS

R. M. Gibbs .......................... President
W. J. Shuman .......................... Vice-President
L. J. Rosenberg ......................... Secretary
L. E. Davis .......................... Treasurer

The International Relations Club has as its main objective the promotion of interest in world affairs by open club forums on questions of international concern. Each year the club places for reference in the Tech library selected books on international affairs. This year the club has tried to keep close relations with other colleges and sent a large delegation to the national convention.
KAPPA ETA KAPPA
Honorary Electrical Fraternity

OFFICERS

J. W. Henderson ............... President
I. S. Bull ....................... Vice-President
S. T. Smith ...................... Secretary
H. W. Adams .................... Treasurer

Kappa Eta Kappa, a national professional electrical engineering fraternity, was founded at the University of Iowa in 1923—the local chapter being installed in 1928. Membership is offered to juniors and seniors outstanding in scholarship, character, and leadership. As an encouragement to scholarship the fraternity presents a slide rule each year to the electrical junior having the highest scholastic average.
KAPPA KAPPA PSI
Honorary Musical Fraternity

OFFICERS

S. YABROW ........................ President
S. G. PRYOR ........................ Vice-President
H. M. CONWAY ........................ Secretary
R. H. BRETZ ........................  Treasurer

Founded in 1919, Kappa Kappa Psi is an honorary fraternity for musicians—the local chapter being installed in 1924. Membership is limited to students who are outstanding in the band or other school musical organization. The president of the organization is the captain of the school band, and along with Mr. Garing, the chapter directs the band.

SAUL YABROW
President
Found in 1914, the Oil Can Club was reorganized this year, after being off the campus one year. Membership is limited to thirteen students of the Mechanical Engineering Department. Meetings are held regularly and several social functions are given during the year. This year the club has been active in obtaining and furnishing a student lounge for mechanical engineering students.
The NEWMAN CLUB
Catholic Society

OFFICERS

T. J. Hughes .......................... President
J. A. Keller .......................... Vice-President
C. A. Slikas .......................... Secretary
J. R. Gordon .......................... Treasurer

The GEORGIA TECH NEWMAN CLUB was founded in 1931 as a chapter of the Federation of College Catholic Clubs. It serves to bind together Catholic students on the campus and to present a series of religious programs and a number of social functions. In sponsoring social and religious functions, the Newman Club offers an interesting and essential activity for the students of the Catholic Church at Tech.
PHI PSI

Honorary Textile Fraternity

OFFICERS

R. K. Howell  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  President
W. N. McGibony  .  .  .  .  .  .  .  .  .  .  .  .  .  .  Vice-President
F. E. Busbee  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  Secretary
E. B. Sutton  .  .  .  .  .  .  .  .  .  .  .  .  .  .  .  Treasurer

PHI PSI was founded at Philadelphia College of Textile Engineering in 1903—the Tech chapter being established in 1921. At regular meetings of the fraternity new developments in the textile field are reviewed by the members. The society maintains an active social program—giving the well-known Lint Head Ball each year.

PI DELTA EPSILON

Honorary Journalistic Fraternity

OFFICERS

D. L. Russell .... President
C. S. Roach .... Vice-President
P. M. Potter .... Secretary
R. E. Moore .... Treasurer

As the honorary journalistic society, Pi Delta Epsilon recognizes the journalistic work of students who work on any one of Tech's four publications. Eligibility for membership consists of at least two years' work on any one publication. The fraternity aids the publication staffs and gives a party during the dances for its members.

PI TAU SIGMA
Professional Mechanical Fraternity

OFFICERS

H. M. Lange ........................................... President
H. G. Hutchinson ................................. Vice-President
J. T. Cosby ............................................ Secretary
J. F. Wyatt ............................................ Treasurer

Pi Tau Sigma, a national honorary mechanical engineering fraternity, was founded at the University of Illinois in 1915—the local chapter being installed in 1932. The membership is composed of the outstanding junior and senior mechanical engineering students. As a reward for scholarship the society presents an engineering handbook to the mechanical engineering sophomore having the highest scholastic average, and has the name of the outstanding mechanical engineering student engraved on a plaque in the Mechanical Engineering Department.
The Radio Club was organized primarily to gather together students interested in amateur radio. The club now owns and operates the amateur station W4AQL. At regular meetings, the members discuss and help solve each other's problems in amateur radio. Also the club makes trips of inspection to amateur and broadcast stations in the vicinity of Atlanta.
The national military fraternity of Scabbard and Blade was founded at the University of Wisconsin in 1904. The Georgia Tech chapter designated as Company M, 2nd Regiment, was installed in 1921. The fraternity now has eighty-two chapters with a total membership of about twenty-six thousand. Senior Army and Navy R. O. T. C. students outstanding in military work at college are eligible for membership. Each year the local group sponsors a Military Ball.

HARVEY CRISWELL
Captain
SKULL and KEY
Sophomore Social Society

OFFICERS

C. B. BRANAN ..... President
F. W. ALLCORN ..... Vice-President
L. C. BODENHEIMER ..... Secretary
W. B. TEAGUE ..... Treasurer

SKULL and KEY, the only sophomore honorary society, was founded in 1912. The club was modeled after the Bulldog Club, and has as its main objective the promotion of school spirit among sophomores and upperclassmen. The membership of the society is limited to twenty-four men, twelve of which are elected at the close of their freshman year, and the remainder during the fall of their sophomore term.

"T" CLUB
Honorary Letterman Society

OFFICERS

R. G. CUSHING . . . . . . . . . . . President
E. M. WHEBY . . . . . . . . . . . Vice-President
W. G. THRASH . . . . . . . . . . . Secretary-Treasurer

Organized as a club to recognize athletics at Tech, the "T" club is composed of varsity athletes who have received their letter. The club maintains a lounge in Swann Hall for the use of its members. This year the club has been very active in presenting motion pictures of the football games after club luncheons for its members and friends.

GLENN CUSHING
President
THE YELLOW JACKET Club was founded by Coach "Alex" with a group of spirit-minded students in 1930, to promote school spirit and teach the freshman school traditions. The club has charge of cheering at football games, holding pep meetings, and seeing that the freshman observes the freshman traditions. The club is composed of students who have shown prominent interest in school spirit work.

Book Four
This section contains the material necessary to fulfill the purpose of presenting a record of the school year, but which could not be conveniently located elsewhere. These "featured" parts are the favorites, the most important dances and the snapshots which are all so pertinent to a college yearbook.
For dancing entertainment during 1939 Tech has had three very successful dances with three of the nation's most well known dance bands. Congratulations to the Interfraternity Council and Anak for the best year of dancing on the Tech campus in several years.

For the 1938 Finals last year's Council presented Will Osborne and his famous orchestra, nationally known as one of the most popular bands playing slide swing music. The Anak Society, serving to help commemorate Tech's Fiftieth Anniversary, presented the orchestra of Red Norvo and Mildred Bailey, "Mr. and Mrs. of Swing," at the Annual Home-coming in November.

During the Home-coming Dances, Tech's new gym was dedicated and proved to be the ideal dance hall for the school. Not to be outdone by last year's Council, the 1939 Interfraternity Council presented Hal Kemp and his sweet swing music at the Mid-Terms. A series of six dances, starting with the Pan-Hellenic and including a unique breakfast dance, proved to be the best set of dances since the Class of '39 were freshmen.
In the accompanying two pages of snapshots one may find the antics of Hal and Judy, Mildred Bailey swinging out with Red Novo, and Will Osborne directing his swing trumpets. Other snaps show the students as they danced, changing partners, at the check room, or "sat out" the dance.
Headed by the shot of the Council officers in the Pan-Hellenic leadout, the following panel continues the pictures of Tech's dances. Among the shots showing the moods of various individuals and groups are found snaps of the faculty swinging out, Mildred Bailey signing autographs, and Mrs. Hal Kemp getting a big rush by the Engineers. On the opposite page are snaps of the 1938 Finals with a few miscellaneous dance scenes intermingled. In the group of camera scenes are found shots of the feet of a couple shagging, 1938 Council leadout, couples arriving, Will Osborne "sissy britching," and the Dean and his wife looking on the dances.
Snaps

1. Army limousine.
3. Pensacola barracks.
4. He-man work.
5. Doughboys on a hike.
6. The complete soldier.
7. Armistice day parade.
8. Cleaning rifles.
9. "Porky the Pig."
10. Anti-aircraft gun instruction.
11. Writing the O.A.O.
13. Pensacola fishing is good.
14. Can't get up in the morning.
15. Infantryman at machine-gun practice.
16. Pensacola stick-up.
17. Daily school drill.
18. "Colonel Tilly."
19. Doughboys, no barracks this time.
Snaps

1. Fo'c's'le of the Arkansas.
2. Bridge watch on a destroyer.
3. Company inspection.
4. Anchor chain in "ship's eye."
5. Battalion parade, Armistice day.
6. En route to Charleston.
7. Sailor "Shorty" Brooks.
8. Visiting Annapolis campus.
10. Tech naval instructors on cruise.
11. Entering Havana.
12. Tech navy "big shots."
13. Typical gob attire.
14. Riding with Annapolis middies.
Snaps

1. Presentation military honors, Honor Day.
2. Aeronautics drafting room.
3. Class—attention, please.
4. Usual form of club initiation.
5. Typical Tech studying method.
6. Football sponsors.
7. Mac Gibbs to you.
8. Trotter and kinematics.
9. Dining hall grub line.
10. BLUE PRINT photographer Hoffer.
11. Football manager Spratlin.
12. Captain Simms of the
13. Rah, rah—six more points.
14. Why surprised, Jack?
15. Prexy Jones and date.
16. The editor playing softball.
18. Glynn Thomas, President of Glee Club.
19. Some of the Chi Psi tribe.
20. Meester Vendrell.
21. Instructor Wilcox explains why.
22. Presentation honors, Honor Day.
1. Presenting more military honors.
2. Known as "El Binholo."
3. Skull and Key initiation.
4. Drum Major Green strutting his stuff.
5. Some fun, eh, Holz?
7. More football sponsors.
9. Typical aeronautics student bull session.
10. A very welcome cheer leader.
11. Senior cheer leaders in action.
12. Dr. Brittain and guest, Helen Jepson.
13. Band rendering "Ramblin' Wreck."
14. Band hecklers during Bama game.
15. Part of the band show at Durham.
16. Crack platoon drilling between halves.
17. Dr. Crenshaw at anniversary exercises.
18. Band in unique formation.
19. The "long of it" in the band.
20. Professors in anniversary procession.
Snaps

1. A float in the Duke parade welcoming Tech.
2. Correct method of teaching?
3. Amateur radio bugs.
4. Band, attention!
5. Another Bullpup neophyte.
7. Alex on the bench during a game.
8. Blue Ridge "Y" convention.
9. More celebrities in the president's box.
10. More Skull and Keys at a football game.
11. Freshman completely at ease.
12. Civil Crew initiates making a sight.
13. The 'Bama cheer leaders.
14. The Student Council is not
15. A different method of making a sight.
16. Seven bands showing off for visiting Tech at Nashville.
17. Casting in the foundry.
18. Waiting for the signal from the bench.
1. Students, vote for open politics.
2. The band at Duke.
3. The president's box during a football game.
5. Governor visiting Tech.
6. Looking across the quadrangle.
7. Femininity and military escort.
8. On the right—an all-American cheer leader.
9. What's the phone number, Ware?
10. More band maneuvers during halves.
11. Freebody Club initiates.
13. Grief for all aeronautics students.
14. Civil Crew initiates at a football game.
15. Only mid-week recreation besides studying.
17. Presentation of military sponsors.
18. View of town from main building.
20. The team all cocked for victory.
1. Band packed amongst crowded stands.
2. Visiting cheerleaders also have a show.
3. Campaigning for open politics during halves.
4. More initiation into the order of the broom.
5. Band marching on the field during the Mercer game.
7. Honor Day visitors in the dining hall.
8. O.D.K. tapping in the new gym.
10. Skull and Key antics.
11. Vicious circle—picture of man taking a picture.
12. Part of the welcoming parade at Vanderbilt.
13. Civil Crew making some unusual sights.
14. George Smith, colonel of the regiment.
15. Civil Crew neophytes in stripes.
17. Ceramics laboratory.
18. The editor as football sponsor escort.
1. Socialite Miller and date.
2. See how easy—
   for the major.
3. Quiet field before
   the game.
4. Public speaking is
easy this way.
5. Dr. Brittain pre-
senting honor.
   Honor Day.
6. Prof. Dennison tell-
ing another
   one.
7. The Jackets must
   have scored.
8. Admiral Clark and
date.
9. Baby Yellow Jack-
   ets learning how
to yell.
10. The best way to
    study.
11. Tech History on a
    rat cap.
12. Just a plain screw-
    ball.
13. What every "C.
    E." has to learn.
14. C. E. Prof. Thrash.
15. "Senator" Lewis
    explains why.
16. Navy and faculty
    at anniversary
    exercises.
17. Thornton acting—
    we don't know
    what.
18. Getting a little
    private info.
19. Data—grief of all
    engineers.
20. A broken leg isn't
    too bad, eh,
    Crockett?
21. Manager Spratlin
    looking very
    worried.
22. Christmas holidays
    coming up.
23. An attentive E. E.
    class.
24. Product of Georgia
    Tech.
25. Language Prof.
    Campoamor.
26. With a date, why
    so worried, Bill?

ATHLETIC ASSOCIATION

WILLIAM A. ALEXANDER
Head Football Coach, Director of Athletics

As Head Coach and Director of Athletics, "Coach Alex," as he is known to the whole school, has held the love and esteem of the student body for more than two decades. It is to him that most of the credit and glory must be given for the nationally prominent place Georgia Tech has in the field of athletics. As Head Football Coach he molds into one unit the products of the various special coaches and directs a general plan of attack that has never failed to puzzle the greatest football teams in the nation.

M. M. THARPE, Line Coach

In the hands of "Mac" Tharpe, an All-Southern Tackle from Tech, lies the instruction of the Jacket lines. In 1927 "Mac" was selected as freshman coach and served until 1935, when he was appointed Varsity Line Coach, in which position he has shown himself to be one of the outstanding football line coaches of the South.

R. L. DODD, Backfield Coach

"Bobby" Dodd, an All-American halfback from the University of Tennessee, has served as backfield coach since 1932. To him goes most of the credit for the tricky backfields of Georgia Tech, as he is largely responsible for Tech's "razzle dazzle" type of football. In addition to coaching football, Coach Dodd is in charge of the baseball team.

G. C. GRIFFIN, Track Coach

As Assistant Dean of Men and Personal Director, Coach Griffin is perhaps the busiest man at Tech, yet he still finds time to coach Track and Cross Country. A former Tech track man, he is an ardent supporter of the sport and under his coaching Tech has had several outstanding stars of the cinder path.

E. E. BORTELL, Tennis Coach

As both a Professor of Physics and Tennis Coach, "Shorty" Bortell is widely liked by students and alumni. Under his guidance Tech has had unusual success on the courts as is shown by the championship teams of the past two years.

J. R. MacARTHUR, "B" Team Coach

Roy MacArthur has many duties on the coaching staff. In addition to being "B" Team coach he has the position of chief scout. Being one of the best scouts in the South, he has been largely responsible for the excellent defense the Jackets have shown against superior opponents.

N. C. DEAN, Freshman Coach

In charge of the freshman teams, Coach Dean is an integral part of the sports picture at Tech. For two years he has served ably as the coach of freshman football, basketball, and track, and successfully completed the very important task of preparing new men to fill the ranks of the varsity, depleted by graduation.

ROY MUNDORFF, Basketball Coach

Being a Math Professor as well as Basketball Coach is perhaps one reason why Tech has had such successful basketball teams. A former Pennsylvania star of the sport, he is another nationally prominent athletic figure Tech is proud of. Also Coach Mundyreff has the job of helping "Bobby" Dodd in the coaching of baseball. His specific task being the coaching of freshman baseball.

Loose—Bobby Beers going around end for a thirty-yard gain against Georgia.

Old Casey Jones, patron saint of the Engineers, must surely have sat right up from his grave and waved his red bandana handkerchief in tribute to the gallant '38-'39 Varsity Express as it ran through a grueling season with the throttle wide open and allowed none but the best to hop a ride—for this edition of the Golden Tornado was an "Alexander" team all the way. With only one two-hundred-pound man on the team, with a halfback substituting for an injured tackle, with two one-hundred-and-fifty pound varsity guards,—with only the indomitable will of an Alexander-coached team, the Jackets faced the best teams of the nation week after week. They played Alabama and California, Rose Bowl rivals of '38; Duke, Rose Bowl contender of '39; Notre Dame, Big Ten champion; Auburn, Orange Bowl victor; Vanderbilt, Kentucky, and Georgia, all ranking teams of the country. These great lines and famous backfields hammered at the Yellow Jacket defense on Saturday after Saturday and never managed to rout the courageous. The speedy razzle-dazzle backfield taught by Bobby Dodd harried the enemy with rifle passes and intricate reverses while Mack Tharpe’s line fought off the bigger lines from the starting whistle to the final gun. The Techsters did not win a championship nor did they place a man on any of the All-American selections, but they won a place in the hearts of all Tech men as one of the gamest, cleanest little bands of footballers that ever trod the gridiron of old Grant Field.

Get your coat and Gold and White colors and let's run through the season with these fighting Engineers of 1938. . . .

"I'm a ramblin' wreck from Georgia Tech
And a helluvan Engineer. . . . ."

"JUNO" PAGE "BUCK" MURPHY "BOBBY" BEERS
OLDEN TORNADO

MERCER TAKES IT ON THE CHIN

Saturday, October 1st—Tech, 19-Mercer, 0-Grant Field, Atlanta

Captain Jack Chivington bounds through the wire gate down by the Armory with the team close at his heels. The band plays “Ramblin’ Wreck,” nine hundred new freshmen let out a roar, and the colorful throng of ten thousand Atlantians sit tensely in the West stands as Tech’s latest football machine trots onto the field for its debut. The gay crowd, sitting in the warm sunshine, has just watched Chivington lose the toss, the first time in two seasons that this has happened. Hawk Cavette, a sophomore starting his first game as a regular, kicks off and the season is under way. The first quarter is a kicking duel between Cavette and Pledger, of Mercer, with the Tech ace showing his superiority time after time. But as the second quarter opens, the Yellow Jackets begin to sting the Mercer Bear with a brilliant passing attack, and late in this quarter Bob Iron catches one of Crockett’s heaves on the Bear four to set up Tech’s first score. The half ends and when the Jackets come back after the rest period, they push the harassed Bears all over the field and bring cheer to the hearts of those who feared a weak team this year. The Tornado puts the game on ice with two more quick tallies, one by Ector and one by Bartlett, as another Tech team opens its season with a burst of power.

LIKE all the jolly good fellows,
I drink my whiskey clear.

HAIL, HAIL, THE GANG’S ALL HERE!

Saturday, October 8th—Tech, 6-Notre Dame, 14—Grant Field, Atlanta

Home-coming. Tech’s fiftieth anniversary. Notre Dame at Grant Field. The climax of a truly great week. President Brittain’s box is filled with celebrities. A throng of 32,000 spectators fill the stands and overflow into the end zone. News reel cameramen focus their “eyes” on the field from atop the grandstand. The press is filled with famous “by-lines” from all the big papers. Notre Dame has beat Kansas 52-0 the week before. Will Tech meet the same fate? Everybody wonders. Elmer Layden, Notre Dame coach, has two complete teams of equal ability. Coach Alex, the Fox of the Flats, has only one small team and a hatful of tricks. After a breathless moment during the kick-off and first play, Notre Dame opens the first quarter with a powerful running attack, and pushes through the valiant Jacker line for a quick touchdown. Everybody thinks of that Kansas score last week and groans, but not the Golden Tornado. Ignoring the fresh new Notre Dame team, the boys from Tech mix a daring aerial game with lightning reverses, and within the first three minutes of the second quarter, Howard Ector plunges over for a touchdown. Pandemonium. The stands go completely wild. No one seems to notice that the extra point is missed and that Notre Dame still leads by 7-6. There is only the thrill of
that touchdown, made by sheer nerve and determination. It is undoubtedly the biggest six points made during the season. But Tech has not finished. The third period finds the Jackets passing and fighting their way through the heavier Yankee team. With the aid of a great 70-yard kick by Cavette and a brilliant punt return by Billy Gibson, Tech goes down to the Irish 23-yard marker. The students once more have worked themselves into a delirium of excitement. Everyone just stands up and yells. We can win. We've GOT to. But the lords of the gridiron have other ideas. Within thirty seconds we go from the height of enthusiasm to the depths of despair. A ten-yard loss, a blocked kick, and the enemy is in our territory. Thirty seconds more and a speedy Irish back plows over for the second score. Tech never stops to think, but fights back with a courageous and audacious razzle-dazzle attack that includes all those famous Alexander tricks, Statue of Liberty end around, double lateral, speed, deception, nerve! The big Notre Dame boys have never faced an attack like this. They are caught flat-footed. Bobby Beers runs the width of the field to gain a yard, rifles a pass, then Earl Wheby zig-zags down the boundary line to the Notre Dame four. The spectators are limp with excitement once more. Tech can’t lose this time—haven’t we had all the bad breaks? But once more the gods frown, and with a fumble and a quick kick Notre Dame recovers and manages to hold off the whirling Tornado a few breath-taking minutes until the final gun.

But the game is not over. Everyone plays it over and over on the way back to the dorm—in the frat houses that night—in the Robbery Monday morning.

"A helluva, helluva, helluva, Helluva, Helluva Engineer."

WE GO TO DURHAM FOR THE DUKE STRUGGLE
Saturday, October 15th—Tech, 0—Duke, 6—Durham, North Carolina

We have spent the night on a toasting day coach, riding through the hills of the Carolinas. And we've walked the streets of this little town, mingling with the holiday crowds who mill about shouting "Wreck Tech." After good-naturedly shouting some equally derisive remark about Duke, we have taken a bus out to the Duke campus. We visit some of the many beautiful buildings until game time, and when we are finally seated in the small Tech cheering section, we feel no fatigue.

Score—Ison catches Crockett's pass for the first Yellow Jacket score of the season to defeat Mercer.

Our only thought is "Beat Duke." This is a certainty, we feel, because our luck must surely turn after that heart-breaking Notre Dame game last week. But from the opening kick-off it seems that Tech is a stepchild of the gods of fortune. The Jackets start with a series of daring plays in a vain attempt for a quick score. Beers stands on his own goal and flips a pass to Ector, who runs to the end where he is tackled, and laterals to Chivington. Captain Jack takes it to forty, where he in turn laterals to Page, who fumbles. Duke recovers and the 32,000 frenzied fans breathe easier and pray for no more of that Tech razzle-dazzle. Never discouraged, Tech keeps throwing passes and battering at the Duke line for the entire first half. But each scoring opportunity is lost through a fumble or a penalty. Duke's next biggest break comes at the beginning of the second half, when Eric Tipton carries a Duke kick-off back 64...
yards to set up Duke's only score. After this the big Duke line digs in and holds the advantage through the remaining period. Tech threatens, but never is able to get a decent break.

"Won't he weep, won't he wail?
When we twist that Tiger's tail . . . ."

AND WE REALLY DO TWIST THE TIGER'S TAIL!
Saturday, October 22nd—Tech, 7—Auburn, 6—Grant Field, Atlanta

. . . . . Old Chris Columbus sailed the ocean blue in 1492, and John Hancock autographed the Declaration of Independence in 1776, but to Tech these dates do not compare in historical importance to the 22nd day of October, 1938. For as we talk with the old grads in the living room of the frat house before going after our dates for the big Anak dance tonight, we find none who have ever witnessed a one-point victory by Tech. Many tell us those too-familiar stories of a 13-12 loss to Alabama or a 14-13 loss to Georgia, but this 7-6 win over Auburn today seems to be the only one on record which favors Tech. As we replay this afternoon's game we cannot seem to remember anything except that pass from Beers to Ison in the end zone, and that perfect drop-kick by Buck Shaw. We almost forget how big Red Anderson saved the game late in the fourth quarter when he blocked Thorpe's try for the tying point after Auburn's late tally.

We forget that Cavette punted eleven times for an average of 47 yards and made it possible for the harassed Tech line to stave off the charging Tigers. Thoughts of that one-point margin overshadow the brilliant running of Beers and Gibson, the smart signal-calling of Ector, and the sensational pass-snagging of Smith and Ison.

We spend a half-hour with a notebook and slide rule and discover that since Tech started producing those Golden Tornadoes back in 1892, the Jackets have played 327 games without once winning by the margin of one point, . . . until today. So we enjoy a serendipitously happy evening, content in our knowledge that a helluva Engineer from Georgia Tech can do anything, once he makes up his mind to do it . . . .

"Yellow Jackets
Yellow Jackets,
Jackets, Jackets,
Yellow Jackets . . . "

Flying—Howard Ector dives over the Irish forward wall for a sizable gain in the Tech-Notre Dame game.
WE SPEND AN UNHAPPY EVENING IN NASHVILLE

Saturday, October 29—Tech, 7—Vandy, 13—Nashville, Tennessee

As we ride up on the train we meet an ardent Vandy supporter. He keeps raving about a player called Marshall, who he says is a whole backfield rolled into one man, who will run rings around Georgia Tech in no time at all. We are right annoyed at this and ask the party gently if this Marshall was not with Vandy last year, and if he ran rings around Tech last year. When he recalled that 14-0 defeat which unbeaten Vandy suffered down in Atlanta last year he resumes his seat in the rear of the car and the whole subject is dropped. We do not remember the incident until midway in the second quarter of the game when Tech has missed two good scoring opportunities, and this Marshall is sent into the game. He promptly does everything accredited to him and leads a 64-yard march across the Tech goal. Again in the third quarter he repeats his performance and it is not until big Joe Bartlett starts the Tech attack rolling that we forget this dancing, side-stepping little demon. Tech has only a few minutes left to play and valiantly fights back against heavy odds. Bob Ison, star end, breaks his leg, but Bartlett fights even harder and Gay Thrash makes two beautiful end-arounds. Bartlett takes the ball over the Vandy goal with only...
Stopped—Tom Allen makes sensational one-hand knee tackle of Billy Mims in the Georgia game.

"If I had a daughter sir,
I'd dress her in white and gold,
And put her on the campus
To cheer the brave and bold . . . . ."

WHAT! ANOTHER ONE POINTER!!
Saturday, November 5th—Tech, 19—Kentucky, 18—Grant Field, Atlanta

... When the teams line up for the kick-off out there in front of a big crowd of November fans we do not notice the twelfth man in the Tech line-up. In fact this extra player (old man Fortune) is such a rarity around the Flats that we probably would not have recognized him had we been able to see him. He makes his appearance in the first quarter after Kentucky has grabbed off a quick touchdown on a beautifully executed pass and run. A Kentucky man takes a punt on his own goal line and is hit by The Mighty Atom J. L. Brooks so hard that he drops the ball and Page recovers. Bartlett immediately plunges over for the score. Now Tech pulls its "luckiest" play of the year. On his try for the extra point Buck Shaw's kick is blocked. The ball, by some miracle, bounces right back into his arms, whereupon he races around left end for the extra point. The extra point gives Tech a 7-6 lead, but the Golden Tornado continues to howl and when Gay Thrash has scored on a fifth end-around and Wheby has crashed over guard for the third score it seems that Tech has the game on ice. However, the Wildcats from the bluegrass country have different ideas and they pass their way to two more touchdowns, missing both extra points. Tech leads 19-18 and our weak heart is sorely strained as we wait hours for the music of the final gun . . . .

"We are happy when we yell,
T-E-C-H-N-O-L-O-G-Y . . . . ."

NO FLOOD AT THE FLATS!!
Saturday, November 12th—Tech, 14—Alabama, 14—Grant Field, Atlanta

... November 12th . . . . going into the back-stretch of the season now. Those terrific games during the last few weeks have begun to take their toll . . . . . Tech's line-up is shot with injuries as Coach Alex sends his best available onto the field to meet the mighty Crimson Tide of Alabama. 31,600 spectators have filled the stands and overflowed onto the track and now sit tensely waiting to see just how much punishment these "wrecks from Tech" can endure. In that breath-taking moment that the kick-off sails through the air we find ourselves wondering the same thing—but not for long. Coach Alex has pulled another one of his fatuous coaching miracles. Tech has worked out a five-man-line defense and every Crimson Tide play is mercilessly spilled before it can get past the line of scrimmage. The Yellow Jackets are red hot and somehow, from somewhere, bring a running attack that sweeps through the big red team like a raging forest fire. Tech advances to scoring position under the booming artillery fire of Cavette and Gibson's punting, and after a series of running plays George Smith runs way back of the Tide secondary to take a beautiful touchdown pass from Billy Gibson. From the crowd comes a roar, that must have been heard way over in Athens, warning the Georgia Bulldogs that a real Tornado is blowing up to meet them two weeks hence. Buck Shaw kicks the extra point and we can hardly believe our eyes as we watch the score keeper put up the score: Tech 7, Bama 0. But these amazing men of Alexander have only begun. While we are still pinching...
ourselves to see if we are dreaming, Gibson tucks a Tide punt under his arm and fights his way forty yards down to the Alabama three. Howard Ector dives over the charging linemen to score the second tally and this time pandemonium really breaks loose. Buck Shaw again makes good the conversion while wild fans fill the air with programs and cushions. The end of the first half brings down the curtain on the best thirty minutes of the season,—a real Golden Tornado halting Alabama's attack and driving ahead 14-0.

But alas! the worm turns, as the books say,—the Red Elephants solve our five-man-line defense and take charge of the second half. Tech's iron men tire under the constant pounding of fresh Bama reserves and the Elephants pull the game out of the fire with a long run and a sustained drive. The Tide converts both points and it's all tied up. We all wonder what these Jackets could do minus a few injuries.

"When the battle is over, Florida's team will be found with the Yellow Jackets swarming 'round.

HERE'S MUD IN YOUR EYE!
Saturday, November 19th—Tech, 0 - Florida, 0—Grant Field, Atlanta

Mud—mud on field, mud around the field, even mud in the stands. One of those cold, disagreeable, rainy days that are good for just sleeping. Of the ten thousand who bought tickets in advance, we can almost count those who came. Only an occasional umbrella in the West stands gives evidence of some rugged individual who really loves his football. An already muddy official blows his whistle and the game is under way. The field is too soggy for running and the ball is too slick for passing, so both teams settle down and kick and kick and kick. We go into the fourth quarter and they are still kicking and nobody has completed any passes or made any gains running. Finally Tech slips and slides down to a muddy spot on the field which is about the Florida five-yard line. Three plays find the jackets not much closer to the Gator goal and by now so muddy that it is hard to tell them from the Florida players. On fourth down Anderson tries a place kick and the soggy ball fails to rise high enough to clear the crossbar. That's all there is, a few more kicks, a little more mud, and a nice warm fire back home...

"If I had a son sir, I'll tell you what he'd do: He'd yell 'TO HELL WITH GEORGIA' Like his daddy used to do.

WALTER RIMMER

ANOTHER TIE—AND WITH GEORGIA
Saturday, November 26th—Tech, 0 - Georgia, 0—Sanford Stadium, Athens, Georgia

Georgia game...Athens. 'Way down before game time everybody is draped with excitement. There is nothing but confusion, as thousands of fans from every part of the country mill about, greeting old friends, making last-minute bets, getting more excited. As game time approaches and we take our seats in the Tech section, it seems that everybody from the school has come over for the game. We don't notice the chill wind that sweeps across the field as we watch Captain Chivington meet Lumpkin of Georgia in the center of the field for the toss. There is a breathless moment as Georgia kicks off and Tech begins its attack. From the beginning it is evident that Tech is going to be hard to stop, for little Bobby Beers gets off to a brilliant thirty-yard run at the very beginning of the game, and Ector follows with another nice gain. The Yellow Jackets are putting the pressure on the Bulldogs and from the terrific line play and blocking they seem intent on keeping it there. The first Tech drive is halted deep in Georgia territory by a fumble, and after keeping the Bulldogs in hot water constantly, Tech moves down to the two just before half time. It seems that a touchdown is sure here. Ector hits the line. No gain. Again. No gain. The Georgia boys are coming to life now and fight back one more plunge before the half ends and it's still 0-0. After a colorful parade of the combined Tech and Georgia bands, the teams come back for the second period and the terrific tackling and blocking continues, with Chivington and Lumpkin setting the pace for their teams. Tech gains ground at will in the middle of the field, but each time that the Bulldog goal is threatened, the Red and Black rises to meet the attack with a desperate stand. The Tornado howls backward and forward across the field but can never quite push it over for a winning tally. The big Tech cheering section moans and groans and fights almost as hard as the boys on the field, but the Georgia Bulldogs keep rubbing their rabbit's foot and the game ends, 0-0...

"I'm a rambling, gambling Helluva Engineer..."
Berkeley . . . . We're a long way from home, and it's Christmastime. Everybody is in fine spirits today, after that Christmas tree yesterday and the banquet the night before with all the co-eds. The game we've come three thousand miles to see is only a few minutes away and for the time we forget all the practical jokes on the train and the visit through the Los Angeles World's Fair grounds. Perfect football weather prevails and several injured Yellow Jackets have recovered sufficiently to play today. Bob Ison, who broke his leg in the Vandy game, and Louis Crockett, who also suffered a broken leg, get their chance to

stop Battari and Smith, the California heroes. Tech plays fine, straight football against the highly-rated Bears and for fifty minutes it seems that Tech may bring the hide of the Golden Bear back to Atlanta. West Coast fans, who have not seen this razzle-dazzle before, are kept in a state of delirium by the ball-handling of the amazing Yellow Jackets. Reverses, laterals, and rifle passes keep Tech very much in the game until the weight of the big California reserves stops the tiring Jackets. Behind beautiful blocking, All-American Battari races through the weary Tech line to two quick touchdowns before the final whistle. Tech has done her best and there are no excuses as the team starts the long trip back . . . .

Monday, January 2nd. As the train rattles back into Atlanta we don't think of that hike through the Grand Canyon or the railroad accident at Kansas City. We don't think of those hard-fought games this season that we lost through some trick of luck, we are pretty happy about the whole thing and decide that the life of a football player isn't so bad when he has good coaches, enthusiastic support, swell trips, and Georgia Tech for the last stop.
"B" TEAM

Continuing the system inaugurated two years ago of scheduling regular games for the "B" team proved very successful this year. The four games played have given the "Bs" actual playing experience which they cannot receive in scrimmaging the varsity. In the first game of the season with Armstrong Junior College the "B" team scored in the last few minutes of play to win by a score of 6-2. While the varsity were playing Duke, the "B" team won a 13-6 victory over a strong Riverside team. In the game with the Naval Air School from Pensacola, Florida, the Bs could not overcome the heavier naval outfit and lost by a score of 14 to 7. To close the "B" season, they defeated the Monroe Aggies 14 to 7. A great deal of praise is due the "B" team for their successful execution of opponents' plays against the varsity, which has aided the varsity defensive play immeasurably.

Bobby Pair romps through the Georgia Bullpup line.
This year the "Baby Jackets" came through the football season with the perfect score of three wins to no losses. In the opening game, the freshmen defeated a formerly undefeated Gordon Military Academy team by the decisive score of 38 to 6. The Baby Jackets showed a powerful offense against a team which had limited previous opposition to only six points. After the second game, the Baby Jackets came home, for the first time in fourteen years, victorious over the Auburn freshmen by the score of 14 to 7. Not once during the entire game could the Auburn freshmen cope with the powerful offensive and defensive play of the Tech freshmen. In their final game, on a typical soggy, cold Thanksgiving day field, the Baby Jackets battled to a decisive 8 to 0 victory over the Georgia Bullpups. The record of the undefeated freshmen disclosed one of the best freshman teams since 1928 and promises plenty of talent for next year's varsity in both the line and backfield.

CHIEF GARING

DRUM MAJOR GREEN

MANAGER BOWMAN
With the opening of the 1939 basketball season Tech did not have the brilliant, invincible machine of the past campaign. Having only two lettermen from last year to lead a squad composed almost entirely of sophomore material, Coach Mundorff did well to produce a team that was far from a pushover, since in the majority of the games lost our opponents won by a very small margin of points. The two lettermen, George Smith and Junior Anderson, were joined by Senior Dillard Munford, Junior Witler Haymans and Sophomores Jim Williams, Charlie Burroughs, Jim Hughes and Paul Sprayberry, to form a team that produced several upsets in Southeastern Conference play.

On January 11th, at Tech's new gym, the Jackets played their opening game against Mercer University, and were narrowly defeated by the strong Bear quintet by a score of 30-28. In the Mercer game Coach Mundorff used every possible combination in an attempt to discover the best of his green material.

With a complete reversal of form the Jackets got off to a successful start at defending their Southeastern Conference championship by handing the Vanderbilt Com-
modores their first defeat in six starts by a score of 30 to 24. Tech actually earned her supremacy on foul shots, missing only four out of fourteen attempts. Outstanding in the game was Junior Anderson, who led the scoring with a total of nine points. Walter Haymans earned himself a regular starting berth with fine, all-round playing that netted five points.

Keeping up their perfect Conference record, the Yellow Jackets shaded a fighting Tulane...
Charlie Burroughs making two points against Georgia.

HOWARD BURPO

COLLINS FLYNT

DILLARD MUNFORD
Green Wave 32-31 in an overtime thriller. At the half Tech had a small lead of 14 to 13 which they gave up to Tulane until the last forty-five seconds of play, when Walter Haymans tied the score 28 all, which made an extra five minutes of play necessary. In an exchange of foul and long shots the Jackets came out on top in the extra period to win by one point.

Before a record crowd in Athens Tech suffered its first defeat in basketball by Georgia since 1935, by a score of 32-26. The score was practically tied throughout the whole game until the last few minutes of play, when the Bulldogs took the lead. For Tech Jim Hughes was the outstanding man, making a total of nine points, with George Smith pressing him for scoring honors with eight points.

Immediately after mid-term exams the Jackets traveled to Columbia, South Carolina, to take on the University of South Carolina. Tech came from behind in the final three minutes of play and defeated the Gamecocks 29-25 in a close, rough game.

The University of Florida was the next opponent, the game being played in Gainesville, Florida. The Gators handed the Engineers their first defeat in three Southeastern Conference starts by a score of 33-29, but not until Tech had forced the contest into an extra period.

For the first time during the season the Jackets entered a basketball game as the favorites against Sewanee. Tech won the game easily with a score of 37-32. George Smith played a brilliant game and
joined with Jim Hughes and Walter Haymans to put the Jackets in a safe lead, which they kept almost the entire game.

Resuming their role of the underdogs, the Jackets faced their severest test of the year against L. S. U. on February 9th. However, when the ball game ended in Tech's new gym Coach Mundorff and the Engineers came out on top with a score of 37-35. Trailing 2-9 several minutes after the game started and appearing helplessly outclassed by a more talented foe, the Yellow Jackets speeded up the game so that a bewildered Bayou Tiger left the floor at the half trailing 21-11. The Tigers, led by Jim Bozeman, high-scoring man of the game, made a gallant effort in the second half, but George Smith and Junior Anderson, living up to their reputations as the two best guards in the Conference, held the game for Tech by their brilliant defensive play.

In the next three games the Jackets met superior foes. At Nashville, on February 10th, Tech's hopes for second place in the Southeastern Conference disappeared when the Vanderbilt Commodores defeated the Jackets 49-42. Traveling to Birmingham on February 15th, the Yellow Jackets lost to Alabama's Crimson Tide 39-29. On the following Saturday, in Atlanta, the crippled Jackets lost to the Georgia Bulldogs 41-29. Playing without the valuable services of Jim Hughes and Dillard Mundorff, the Jackets could not hold the fast Georgia team in the second half.

At a return engagement with South Carolina, in Atlanta, on February 21st, the Jackets took a second game from the Gamecocks by a score of 38-28. Walter Haymans accounted for twelve points, with
Junior Anderson having eight points to take second place in scoring for the Engineers.

In a two-game series with Auburn, Tech dropped both games. Still playing without Jim Hughes and Dillard Munford, the Jackets lost the first game 38-24, in Auburn, February 22nd. The Plainsmen made it two straight defeats for the Jackets in the return encounter in Atlanta by a score of 49 to 33. Big Jim Hughes, having recovered from his injuries, returned to the game and proved himself to be the best shot of the evening by gathering a total of fifteen points. George Smith and Junior Anderson, Tech’s Senior guards, playing for the last time on their home court, were the stars of the game. As Tech had no reserves, they were forced to stand the pace of the fresh Auburn men and eventually their pace slowed up, but their indomitable spirit of competition never failed.

At the Southeastern Conference held in Knoxville, Tennessee, March 2-4, Tech, as the defending champions, played the University of Mississippi in the quarter-finals. The Jackets led the Rebels at the half but could not hold out against the more experienced Mississippi team and lost by a score of 42-38.

Appearing at the first of the season as a team severely handicapped by a shortage of playing material and mid-season injuries, the Jackets made a creditable record despite their great handicaps. Varsity letters were awarded to Anderson, Smith, Munford, Flynt, Haymans, Williams, Hughes, Bryan, and the two managers, Martin and Hinton.
Handicapped from the start with only one experienced man and a very short practice period, Tech's battling baseball team gave a good account of itself in every game and won important games from such rivals as Auburn, Vandy, and Georgia.

After the opening game with Auburn was rained out the Jackets got off to a slow start and dropped two close games to Florida. Several of the players were still recovering from injuries received in spring football practice and Tech was not up to top form. However, the boys from the Flats found their stride on the following week-
end, when they traveled to Nashville and handed Vandy two defeats. Tech outpointed Vandy in the first, 7-2, and shut out the Tennesseans in the second 4-0. The second game was a pitching masterpiece by Jack Chivington, who let the enemy down with only two safe blows.

The following week found the Jacket nine back in Atlanta playing the University of South Carolina. Bobby Dodd's men showed some hitting punch and took the first game 7-2, although they dropped a close second game 3-2. The first game saw the most daring play of the season, when Busbee of Tech stole home with the South Carolina catcher standing on the plate with the ball in his hand. The second game featured the five-hit pitching of little Jim Corbett, who shut out the visitors for six innings.

Alabama's highly-rated team of college stars invaded the Flats the following week and nosed out Tech in two close games. The Tidesmen presented too classy a team for the inexperienced Jackets. Tech immediately got its revenge by going to Auburn and beating the cousins of the Crimson Tide by a score of 9-6. Here again Coach Dodd's boys seemed to improve in hitting. Then, after another game with Vandy, the Tech nine went over to Athens and tamed the Georgia Bulldogs in their own back yard by a 9-4 count. However, misfortune befell the Jackets and they dropped a ten-inning thriller, 6-5, to the Bulldogs in a return game. The final series of the spring saw the Jackets lose their batting eyes and drop two games to Georgia. Both games were close, but Tech still had not gained enough punch to bring in those winning tallies.

Tech's green young team showed plenty of improvement during the short season and gave warning to their Conference rivals that they will be real championship contenders as soon as they get a little more experience.

APPROXIMATELY 135 men responded to Coach George Griffin's announcement of the 1939 track practice, and despite the losses by graduation last year Tech should have a successful track team. Greatest loss was "Chick" Aldridge, captain of last year's team and a holder of four Southeastern Conference championships—his place in the two and one-mile runs will be hard to fill.

The same as last year, this year's captain, Charlie Belcher, has a spectacular record as he already holds two Southeastern Conference championships in the quarter-mile and 220-yard low hurdles. His track ability has not been limited to the South, as his accomplishments are well known in other parts of the United States and in Europe, which has made him a prominent contender for a position on the United States 1940 Olympic team. Despite his trouble with his arches, Charlie Belcher can be depended upon to take the quarter-mile and the low hurdles for Tech.

The Jackets will be well represented in the sprints this year with Tom Jones and Estes returning from last year and Sophomores Venable and Beals coming up from the freshmen with excellent records. Tom Jones can be expected to gather many points in the dashes and will be ably assisted by versatile Tommy Beals, who runs the 100 and 220-yard dashes and the quarter-mile.
With Monroe Plaxico and Senior Gay Thrash, Tech again has strength in the high hurdles. Plaxico can also be expected to place with Charlie Belcher in the low hurdles.

In the half-mile, mile and two-mile runs Tech has two veterans, Artie Small and Jack Pearce, who led the cross-country team to another undefeated season, to depend upon. They will be ably assisted by Ferguson and Manley, who were also very instrumental in the Tech harriers’ successful season.

Of the field events, it is only in the weights that Tech will be weak. Much is expected of Sophomore Joe Bartlett in the discus, shot put and javelin. He will be aided in the weights by Charlie Wood and Roane Beard. Ben Peeples, who has set a new school record in the pole vault, expects a good season and will be supported by Billy Weeks and Paul Nurko. Tommy Beals can be counted on to show up very well in the broad jump.

With this capable squad, Coach Griffin expects a good team—not a championship team, but a team that should stand high in the Southeastern Conference.

THE LOSS OF HARD-SMASHING Bill Moore, who, with Russell Bobbitt, won the Southeastern Conference Doubles Championship last year, will be sorely felt by this year's team. Moore, lost through graduation, was invaluable in securing victories for the team in both doubles and singles. With only Bobbitt, Lindsay, Rossow and Miller returning from last year's squad, Coach Bortell has had to fill out his team with sophomore material. Captain Bobbitt, former Southern Junior Tennis Champion, can be relied on to fill the gap left by Bill Moore in the singles, and teamed with Sophomore Van Buskirk should make a successful doubles team. Veterans of last year, Carl Lindsay and Gene Miller can be counted on to show up well in singles matches. Other sophomores to support the varsity are Dreger, Graham, and Smith.

Upon the completion of the intramural fencing matches Coach Morenus chose the 1939 team from the most promising finalists. Steve Bartha was elected captain and along with Charlie Rippberger and Jack Ivey, all varsity fencers from last year, formed a nucleus for the varsity squad. Based on the intramural results, Hugh Wright, C. C. Davis, T. P. Talley and A. N. Kanze were selected to complete the varsity team. Under the leadership of Captain Bartha, a three-weapon man, fencing foil, saber and epee, the fencing team will engage in ten matches against leading colleges and fencing clubs of the South. The season will be closed with an intersectional match with the University of Cincinnati.

Tech's Golf Team suffered severe losses through the graduation of Tommy Barnes, 1939 Southern Intercollegiate Champion, and Stanley Holditch, number 2 on last year's team, and the failure of Willingham Smith to return to school this year. Although this year's team is composed almost entirely of new men, it is expected to have a successful season. Returning from last year's squad are Frank Legg and Gene Brooks. New senior member this year is Dixie Howell, winner of the Interfraternity Golf Tournament. Coming up from the freshman ranks are Dan Yates, another one of Atlanta's golfing Yates, Jack Cook, Atlanta City Amateur Champion, and Bobby Thompson, to help fill the gaps left in last year's varsity.

**Tech HARRIERS**

This year’s cross-country team upheld the record set by the teams of the past three years in completing the season undefeated. Led by Artie Small, the team went on to win the Southeastern Conference meet by a wide margin. Thus, the cross-country team completed its fourth consecutive year without a defeat—a record that few teams can boast of.

Captained by Jack Pearce, the harriers won their first meet of the season, against Maryville College, by a score of 15 to 40. Auburn was the next team to meet defeat from the Jackets, to the score of 15 to 45. In the Alabama meet, Theodore Manley again led the team to victory, followed closely by Captain Pearce and Small. The score was 19 to 36. The next meet was with Georgia, and here, if at all, would be a close race, as Georgia had their mighty Frederikson to rely on. But again the Engineers couldn’t be defeated, as Artie Small won over Frederikson in a close race, with Manley and Pearce placing third and fourth, to make the final score 20 to 41. The Conference meet, ran on a rainy course, was another sweeping victory for Tech.

Captain Jack Pearce is the only man that the team will lose by graduation this year. Though his place will be hard to fill, it seems that the freshmen coming up will fill the gap, since they only lost one meet this season.

**VARSITY RUNNERS**

- Campen, M. T.
- Conley, W. R.
- Ferguson, R. W.
- Gruters, E. G.
- Hooper, M. F.
- Manley, T. M.
- Rankine, C. A. N.
- Small, A. H.
- Pearce, J. B.
- Veatch, L. W.
In the first meet with Emory University, Tech had an apparently strong and well-rounded team. The swimming Jackets took eight out of nine possible first places to defeat the Emory swimmers by a score of 51 to 22. In the following meet with Clemson they lost by a narrow margin. The first out-of-town meet was held in Baton Rouge, La., when L. S. U. eeked out a victory. In the last three matches Tech lost to very strong teams from the Universities of Florida and Georgia and Miami. In the Conference meet Tech placed two men, Bob Stuntz, a backstroker, and Al Villageliti, a diver, in the finals.

As in past years, Tech's '39 swimming team has been hindered considerably by poor facilities for the team. Having to practice in a downtown pool has failed to allow the team to get much practice as a unit. With the promising material coming up from the freshman team and the completion of the new indoor pool on the campus, Tech's 1940 team should stand high in the Conference.
It is in a spirit of admiration and reverence that we open the pages of the BLUE PRINTS of the past. Prior to 1908, the only publication on the Georgia Tech campus was The Georgia Tech, a semi-monthly magazine which served as newspaper, humorous and technical magazine, and annual; however, in this year, the first volume of the BLUE PRINT appeared.

Since 1907, thirty-two editions of the BLUE PRINT have been published for thirty-two consecutive years; on these next few pages, a brief pictorial history of the growth and progress of the BLUE PRINT is presented.

Thus, in presenting such a history, this thirty-second publication of the BLUE PRINT salutes with pride its predecessors and humbly presents itself to posterity.
For the sixteenth straight year
the BLUE PRINT is cased in a

THE GEORGIA SCHOOL OF TECHNOLOGY offers to young men of ability and ambition a training which will fit them for positions of responsibility and power. The national reputation of this institution is based not on claims, but on results. Its greatest asset is the record which its alumni are making in the productive work of the world. Georgia Tech graduates succeed because they have been trained both to think scientifically and to work efficiently.
