Ask Enviro-Man

Question: Hi Enviro-Man, I'm a new GA Tech employee and my department has some confidential documents that need to be shredded. How can we recycle and not waste that paper? MB

Answer: Well, a great big Tech "Welcome" to you MB! I'm proud to say that we here at GA Tech take recycling very seriously. When a department has documents to shred they can follow these simple steps: 1. Pack up all material in boxes, seal them and mark "Confidential" on them. 2. Call the Office of Solid Waste Management and Recycling at 404-385-0088 and place a request for the confidential boxes to be picked up. A maximum of 25 boxes are permitted. 3. Your boxes will be picked up by the OSWMR and taken off campus by a certified vendor for shredding. Keep Recycling! Enviro-Man
