EXPRESSING THE GRATITUDE OF FREE MEN EVERYWHERE, THE EDITORS DEDICATE THIS 1944 EDITION OF THE BLUE PRINT TO THE ARMED SERVICES OF THE UNITED STATES.
In Memoriam

In training and in battle, the men of Georgia Tech have worked and fought for the victory of their country and of their country's ideals. To those who have died in the service—and to those who yet must die before the day is won—we feel that there is no more fitting way for us to do honor than to pledge ourselves to the values which they symbolize—the personal values of courage, devotion, and integrity and the national values of tolerance, justice, and freedom.
To our beloved president, Dr. Brittain, whose devoted interest and efforts have served as a grand inspiration to us all, go our most ardent gestures of admiration. The twenty-one years of his popularity with everyone have exemplified the faith of the students of Georgia Tech in his integrity and guidance. His retirement is a loss upon which we look with the deepest feelings, for his record of service and devotion have always been a source of pride to Tech. We are glad that he shall remain with us as president emeritus of Tech.

Dr. Brittain is a member of Phi Beta Kappa, Omicron Delta Kappa, Phi Kappa Phi, and of the Kappa Alpha social fraternity. He is one of the South's most outstanding educators.
During the initial week of every semester, the office of the Dean becomes overflowing with activity, for that is the time when so many students come to the Dean for advice and adjustment. Dean Skiles, during his thirty-eight years of faithful service to Tech, has always showed his willingness to help everyone by devoting his time to the careful and exacting consideration of the student's every problem.

Dean Skiles is a member of Phi Beta Kappa, Omicron Delta Kappa, Georgia Academy of Sciences, and of the Beta Theta Pi social fraternity.

The Student Council, which has control over the majority of campus activities, is composed of the most representative and outstanding men of Georgia Tech. The Council represents the whole student body in matters affecting student interests and serves as the intermediary between the student body and the school authorities. The Council regulates all publications, supervises the elections of class officers and Council representatives, governs student affairs, and expresses the sentiments of the student body in dealings with faculty committees. The Student Council is composed of the presidents of the senior class, the Interfraternity Council, and the Y. M. C. A., the editor of the *Technique*, and, until the recent reorganization to accommodate the Navy dormitories, of eleven elected members of the student body.

Composed of three faculty members and three students selected by the Student Council, the Student Faculty Honor Committee was formed in 1932 to administer just and impartial rulings in cases of infractions of the honor system rule. The Committee has been valuable in the formation of better standards of honesty at Tech.
