WALT TAYLOR
Presented by

The Students of

Georgia Tech
In the make up of the 1946 Blue Print, the editors have tried to forge a pictorial representation of life at Georgia Tech from March 1945 to March 1946. We feel that, by including many informal pictures, we have published a book well worth keeping for the years to come. If you enjoy looking through the pages of the 1946 Blue Print then we consider our job well done.

Georgia Tech, like all great colleges, has many traditions. One of these, we believe, truly depicts life at Georgia Tech; therefore, George P. Burdell, the little man who isn't there, was chosen as this year's theme. Following you will find the story of George; we hope you enjoy him as we have.

George P. Burdell, Tech's perennial freshman, entered Tech before the turn of the century. Miss Estelle Allen, Associate Registrar, cannot find any record of his admission, high school preparation, or college credits. Faulty preparation probably explains his repetition of courses without his receiving credit. New workers in the Registrar's office spend fruitless hours searching for George's credits, when any Freshman could tell them English 10, Math 3, and Chemistry 0 don't count. Registrar Lloyd W. Chapin says George P. Burdell, in his opinion, is just a chronic card-filler - outer.

Inquiry into Burdell's affairs shows his marked partiality for new instructors. Many consider a Burdell seal of approval the sine qua non of success as an instructor at Tech. Others maintain that Burdell's repetition of non-credit courses under instructor after instructor is incontrovertible proof of his faulty preparation for technical training and cannot by any stretch of the imagination be considered a reflection upon the instructorial ability of Tech teachers. In fact, the older teachers at Tech refuse to let Burdell remain in their classes. In 1941 a student named Charles Burdell was embarrassed by having his registration card torn up and thrown away by knowing professors and administrators. Finally they were convinced Charles was Charles and not George, and only then would they permit him to remain.

Mr. Jamie Anthony says he has frequently seen George P. Burdell's name listed for non-payment of fees. Mr. Anthony says that a person, purporting to be Burdell's father, once offered to meet all his expenses. Miss Harriet Henderson believes that Mr. Anthony is mistaken about this
offer as well as the intimation that George doesn’t pay up. Any offer of this kind would have come through her office. No such offer was ever received, and, further, George never has asked for a loan or a scholarship. Miss Henderson says that George’s long record of financial stability is without parallel. She seriously denies a report that a George P. Burdell, identifying himself as a student of Architecture at Tech, ever charged $50 worth of gasoline at an Amoco filling station. She has George’s letter of denial to Dr. Brittain. “My reputation has laid me open to such accusations,” writes George. “I not only don’t use gas, I am not an architect. I’ve never even taken mechanical drawing. Ask Prof. Homer Weber. I stay away from any drawing board except when it’s being used for draw—or possibly stud. I’ll be responsible for my own debts if I should ever make any—but not for any imposter’s.”

Mrs. W. R. Taylor has counted one vote for George P. Burdell in every race for every student office during every year she’s been at Tech. His experience and interest in college politics stood him in good stead when he vigorously supported the candidacy of Ellis Arnall for the governorship of Georgia. Surprisingly, all through the campaign he used a Ponce de Leon address that appears on the map as an alley by Howell Dormitory. In the alley is located the steam producer for the Tech Dining Hall.

Mrs. Taylor treasures Burdell’s excuses for cutting classes. He’s frequently being dropped for excessive absences. Succinctly he gave this excuse for missing Physics 27: “I am very sick from taking physics.”

A puzzling contribution to the account of Burdell is related by Professor Glenn W. Rainey, veteran member of the English Department: “I accompanied the Tech Glee Club when they gave a concert at the Federal Penitentiary. We were carefully checked and asked to sign a register. When we started to leave, the guards seemed disturbed. They counted us again and again. George P. Burdell had signed in, and he could never be found to sign out. Finally we persuaded the guards to let the rest of us leave; Burdell, I believe, is still there.”

Mr. Rainey and others who believe stone walls make a clink and iron bars a bull ring do not know George P. Burdell. Immediately after Pearl Harbor Burdell joined the enlisted reserve with the definite understanding on his own part that he would not be called to active service until he had completed his education. He was so upset by being sent with a large contingent of Tech students to Camp Crowder, Missouri, that he was immediately put on report and listed as A. W. O. L. from that camp. In war as well as in peace, elusive is the word for Burdell. Despite troubles at Crowder and elsewhere, his war service must have been fairly honorable; for he is now back at Tech. Mr. Jessie Renfroe, adviser at large, reports George as saying, “I feel the need for a refresher course, and I’m signing up for the D. E. T. Watch me as soon as I get squared away. (Could George have possibly served in the Navy?) I’m back at Tech for work and for good!”
We Dedicate

the Nineteen Forty-Six Blue Print

to

DEAN

FLOYD FIELD

who, for over 40 years, has devoted his energies
and efforts to the advancement of Georgia
Tech. We give credit where credit is due.
Life at

Tech
Old George won’t really graduate,
So hide you fears and scoffs.
He just came by to show “youze-all”
Some glimpses of

Meet the Profes
Blake R. Van Leer has inaugurated a new era at the Georgia School of Technology. Under his inspired leadership, our school is destined to rise to greater heights of educational prominence. He is truly an illustrious leader of an outstanding institution.
President Emeritus

Dr. Brittain, born and educated in Georgia, has devoted his life and energies to the furthering of education in Georgia. In his position as President of Georgia Tech for more than 20 years, he guided its growth to national prominence.

A. I. E. E., 3, 4; Bulldog Club, 3, 4; Eta Kappa Nu, 3, 4, Vice-President, 4; Tennis, 3, 4; Captain, 4.

WILLIAM CARL WOMACK . . . . . . . Atlanta, Ga.
ARCHITECTURE
Kappa Sigma
Architectural Society.
Seniors

CLASS OFFICERS

Henry K. Banach . . . . . . . President
James W. Snowden, Jr. . . . Vice-President
Paul A. Duke . . . . . . . Secretary-Treasurer

Graduates of November '45
JOHN EDWARD ADERHOLD ......... Atlanta, Ga.
ELECTRICAL ENGINEERING
Phi Gamma Delta

HENRY KASMIR BANACH .......... Glen Cove, N. Y.
MECHANICAL ENGINEERING
Pi Tau Sigma 3, President 4; Pi Delta Epsilon 3, 4; A. S. M. E., 3, 4;
Newman Club, 2, 3, 4; Technique, 2, 3, Art Editor, 3, 4.

VICTOR BENATAR .............. Atlanta, Ga.
CHEMICAL ENGINEERING
Sigma Gamma
Sigma Gamma, Treasurer, 2, President, 3; A. I. Ch. E., 2, 3; Alpha Phi
Omega, 2, Historian, 3; Cheerleader, 2, 3.

WILLIAM PAUL BOEHM .......... Baltimore, Md.
MECHANICAL ENGINEERING
American Society of Mechanical Engineers.

BALLING GAY BRAWLEY ......... Decatur, Ga.
CHEMICAL ENGINEERING
Sigma Alpha Epsilon
Alpha Chi Sigma, 3, Secretary, 4; A. I. Ch. E., 2, President, 4.

WILLIAM JOSEPH BROOKS BANK ... Baltimore, Md.
MECHANICAL ENGINEERING
Pi Tau Sigma, 1, Secretary, 4; Newman Club, 3, 4; A. S. M. E., 4;
Varsity Track, 4.

THOMAS ULIC BURKE ........... Coral Gables, Fl.
AERONAUTICAL ENGINEERING
Phi Kappa Sigma
Phi Kappa Sigma, Past President, 4, Secretary, 1, Treasurer, 3; Pi Tau
Sigma, Corresponding Secretary, 4; Newman Club, 1, 5; A. S. M. E., 3, 4,
1; S. A. N. E., Treasurer, 3; I. A. S., 5; Phi Eta Sigma.

JOHN WEBSTER BURN ........... Charleston, S. C.
ELECTRICAL ENGINEERING
Pi Kappa Alpha
Pi Kappa Alpha, House Manager, 2, 3, 4; A. I. E. E.

DONALD VINSON CADY .......... Atlanta, Ga.
N. R. O. T. C.
Sigma Chi
Sigma Chi, Secretary, 3, President, 4; Bulldog Club; Track, 2, 3; "B" Football, 3, 4; Secretary-Treasurer Junior Class.

GRAHAM FOLWELL CAMPBELL, JR ... West Point, Miss.
AERONAUTICAL ENGINEERING
WILLIAM EDWARD CARLISLE  . . . . . . . . . . . . . . . . . . . . . . . . Signal Mountain, Tenn.
MECHANICAL ENGINEERING
Alpha Tau Omega

HENRY THOMAS CHENN  . . . . . . . . . . . . . . . . . . . . . . . . Huntington, W. Va.
CHEMICAL ENGINEERING
A. I. Ch. E., 1, 3, 4; Alpha Phi Omega, Historian, 3; Y. M. C. A. Cabinet, 2, 3, Secretary, 4; International Relations Club, 4; Technique, 3; Glee Club, 3.

CHARLES BUREN CLIETT  . . . . . . . . . . . . . . . . . . . . . . . . West Point, Miss.
AERONAUTICAL ENGINEERING
Institute of Aeronautical Sciences, Vice-President, 3, President, 4; Navy Softball and Basketball.

ARNOLD COHEN  . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . Brooklyn, N. Y.
AERONAUTICAL ENGINEERING
Sigma Gamma
Institute of Aeronautical Sciences; Georgia Tech Flying Club; Georgia Tech Rocket Club; American Legion Post 177 of Georgia Tech; Georgia Tech Veterans' Association.

FRED BLYLOCK CULWELL  . . . . . . . . . . . . . . . . . . . . . . . . Birmingham, Ala.
AERONAUTICAL ENGINEERING

EDWARD EMIL DAVID, JR.  . . . . . . . . . . . . . . . . . . . . . . . . Atlanta, Ga.
ELECTRICAL ENGINEERING
Phi Epsilon Pi
Phi Epsilon Pi, Treasurer, 3, Vice-President, 3, President, 4; Anak, 4; Omicron Delta Kappa, 4, Vice-President, 4; Tau Beta Pi, Secretary, Vice-President, 4; Phi Eta Sigma, 2, 3, 4; Pi Kappa Nu, 3, President, 4; Delta Epsilon, 4; American Institute of Electrical Engineers, Secretary, Vice-President, 4; International Relations Club, President, 4; Inter-fraternity Council, 2, 3, 4; Student Council, 4; Honor Roll, 1, 2, 3, 4; Outstanding Electrical Senior of Fall 1945; Phi Kappa Phi; Senior Scholarship Cup; Blue Print, 3, Managing Editor, 4; Publications Board, President, 4; Wrestling Team Letter, 4.

PAUL ANDERSON DUKE  . . . . . . . . . . . . . . . . . . . . . . . . . Atlanta, Ga.
MECHANICAL ENGINEERING
Chi Phi
Chi Phi, Vice-President, 4, President, 2, 3, 4; Anak, 4; Bulldog Club, 3, Vice-President, 3, 4; Inter-fraternity Council, 2, 3, 4; Varsity Football, 2, 3, 4; Wrestling, 3; A. S. M. E.; N. R. O. T. C. Cadet Officer.

RALPH CALDWELL ENGLUND  . . . . . . . . . . . . . . . . . . . . . . . Birmingham, Ala.
CHEMICAL ENGINEERING
Sigma Alpha Epsilon

JOSEPH EUGENE FLOYD  . . . . . . . . . . . . . . . . . . . . . . . . Ocala, Fla.
CHEMICAL ENGINEERING
Sigma Alpha Epsilon

HAL MYRON FURMAN  . . . . . . . . . . . . . . . . . . . . . . . . . . Atlanta, Ga.
CIVIL ENGINEERING
Chi Epsilon, 3, President, 4; American Legion, Georgia Tech; A. S. C. E., 4.

BANCHARD DEAK SMITH
Anak, President of Omicron Delta Kappa, President of Tau Beta Pi, President of Inter-fraternity Council, Senior Football Manager, Alpha Tau Omega.
GEORGE JOHN GERULACKOS
Brooklyn, N. Y.
MECHANICAL ENGINEERING

GRAHAM WARREN GREGORY
Nashville, Tenn.
ELECTRICAL ENGINEERING
Eta Kappa Nu E. E. Frat.; Tau Alpha Tau Ch. E. Frat., at Vanderbilt University; Tennis Team; Intramural Sports; A. I. E. E.

Freshmen
Regardless of the tux he wears,
His highbrow tie and shoes,
Our George's eyes are lowdown for
Those most
We Work

HC1 Plus Ag NO3

"Shorks will fly."

Andy views Technical Flats.

T and Lebl.

Assembly line ... Tech style.
Election day

"Wanna' play?"

V-J Day at the Techwoods.

"My aching back."

Kappa Sigma vs. Sigma Chi.

And Play
And Study

"Who's got the wheel?"

"Anatomy by brute."

"Need some help Pop?"

"Even Green."

"Pee now, it's all over!"
And Sleep
And Dance

What's the use in gettin' sober?

Mr. and Mrs. Electro.

And the smoke flowed like wine.

You want music too!

DON'T GET THE WRONG IDEA!!

THIS WILL BE A REGULAR DANCE WITH PLENTY OF SMOOTH NUMBERS.

THE 'HIGH VOLTAGE HOP' WILL BE AT INTERMISSION ONLY.

AT THE KILOWATT BALL.

A "large charge!"
And Date

"Well possibly."

Hack and Lou.

Another wet (?) weekend.

The "forbidden fruit."

"Only the beginning."
And Drink
And Sweat

The "Windmill."

Fan Ten (or Vice Versa).

Square that Rat hut, Frosh!

July in November.
We got Georgia's Coffin.

"Harry Gilmer" Smith.

Prattin' through Georgia.

Ball session.

And Joke
And Drill

N. R. O.'s parade on Grant Field.

The "colors."

Take a strict muster!

"Yes, sir!"

Someone never gets the word.
"The aviation kids."

Full dress parade.

A pair of dences.

Civilian brass.

And March
Who's Who On The

DR. D. M. SMITH
"Most popular Prof"

BOB HORNICK
"Biggest bull-shooter"

EDDIE DAVID
"Senior most likely to succeed"

PAUL DUKE
"Most handsome"
GEORGE HILLS
"Best all around"

LOU PAVLIS
"Wittiest"

BILL KLINKE
"Biggest politician"

JEAN BULLARD
"Most Curvacious Secretary"
"The Wrecks"

Note the coat-of-arms on the door.
The Chi Phi's on the line.

Everything from soup to nuts.
Homecoming

The KA's "level" Georgia.

That's Grant Field in the background.

"To Hell With Georgia" only a first for Sigma Chi.
It's plain to see if you will let
Your eyes but slightly vary,
The fellow on the right portrays
The old
Navy

I think it would be quite discreet
To leave George to his "duties"
Of keeping up the harem while
We look at
Gentlemen:

When confronted with your collection of pulchritude and told to select the top ten, frankly, I was baffled. Selecting ten from this group took me quite a while as there were so many delectable girls.

After narrowing down the group by selecting the photos with phone numbers on the back (these I have placed in my files), I procured my outside calipers and took stock.

Here are my final selections and I hope you are pleased with my taste in women. I feel, however, that a much quicker selection could have been made if full length photos had been submitted.

Sincerely yours,

[Signature]

The Interfraternity Council is the governing board for all fraternities on the campus. Composed of two representatives from every national fraternity at Tech, under the general supervision of Dean Floyd Field, the Council imposes the general house rules, rushing rules, and pledge and membership regulations for all fraternities. Each semester the Council sponsors a dance for which some of the most popular bands in the country are secured. These dances are always the big event of the semester and are looked forward to by all.

Alpha Tau Omega, the first Greek-letter fraternity organized after the Civil War, was founded at Richmond, Virginia, on September 11, 1865. Since that date the small group at V. M. I. has grown to be one of the great national fraternities, boasting a membership of 50,000 with ninety-five active chapters.

The Beta Iota chapter was the first social fraternity on the Tech campus, having been granted its charter before the school opened on September 18, 1888. At present it occupies a large and beautifully landscaped house on fraternity row. Conversion to pre-war standards has at last become a reality, with the reopening of the dining-room and return of many brothers from the service. The present membership is upholding Alpha Tau Omega's high place in campus leadership and activities, having a large number of members in the various campus honorary organizations.

House parties at Camp Rutledge, Founders Day Banquet, numerous hayrides, "tacky" parties, and house dances give the chapter a very active social year. Hard study keeps up the scholastic standing; while intramural sports supply the recreation. All these activities combine to give the fellows a well rounded college life.
Beta Theta Pi, now in its 106th year of continuous existence as a national social fraternity, was founded at Miami University in 1839, as one of the famous Miami Triad. It now has ninety chapters, including several in Canada, with a membership of more than fifty-five thousand. The local chapter, Gamma Eta, was installed at Tech in 1917, and its members have been well represented in campus organizations and activities.

Now that the fraternity is again on a peacetime basis, many of the traditional social functions are being revived. Among these is the annual Beta Kid Party that was formerly the social highlight of the year.

Chi Phi, the oldest national college fraternity, was founded at Princeton University, December 24, 1824. The Omega chapter was established at Georgia Tech in 1904, and was the first fraternity on the campus to own its own house.

Since the end of the war, Chi Phi has been rapidly returning to a peace time basis. Several traditional tea dances were held this year, in addition to outings and house parties.

As usual, the fraternity was well represented in intercollegiate sports. The good brothers held important positions in football, basketball, and track, as well as in a field of minor sports.

With the addition of new brothers and the return of some old ones from the armed forces, we look forward to a successful future.

The Alpha Gamma chapter of Delta Sigma Phi fraternity was founded on the Tech campus in 1920. First known as the "Soldiers Club" because it was founded by men returning from World War I, it soon petitioned and became a chapter of the nationally known fraternity. Now that World War II is in its final stages and the Tech men are starting to return to further their education, fraternity life has begun to pick up again in its old tempo.

Delta Sigma Phi has been known for its strong Alumni Association that backs it. Though most of the Delta Sig's are in the service, the fraternity has been under the expert guidance of John E. Rogan and Robert Novak, both of whom have been a powerful force in the relationship of the fraternity on the campus.

With this background the Delta Sig's will stand prominently in the post-war plan for Tech.

His mother's gift to the women.

'tis here we dwell.
Delta Tau Delta fraternity was founded in 1859, at Bethany College, West Virginia, and now has seventy-six active chapters with a total membership of over thirty-six thousand men. Delta Tau Delta is not confined to any particular section of the country, but is well divided throughout the United States and Canada. Gamma Psi Chapter was organized at Georgia Tech in 1921 and has since grown to be one of the strongest chapters in the fraternity.

With the end of the war, the chapter has again resumed its former size, with a good representation of civilian members, including returned veterans, to balance the Navy students who have held the majority for the past year.

Many enjoyable functions have been held during the year, including both house dances and outdoor picnics and hayrides.

The Kappa Alpha order was founded at Washington and Lee University on December 21, 1865, and has since grown to be one of the seven largest fraternities in the country. It is a southern fraternity, with 67 chapters, all below the Mason-Dixon line. Kappa Alpha was one of the first fraternities on the Tech campus, Alpha Sigma chapter being chartered in October, 1899.

Kappa Alpha has always been active in extra-curricular activities, and during the past year has been represented by Hugh Holborn, president of the Interfraternity Council, and the Chapter; Bill Klinke, president of Anak and the Student Council; Hoyt Whelchel, editor of the Technique; its members also hold positions in O. D. K., the Bulldog Club, and the Rambling Wrecks, as well as participating in many other athletic and campus activities. K. A. loses by graduation many outstanding seniors— including Bill Klinke, Hoyt Whelchel, Ross Oliver, Louis Figh, John Slaughter, Mallory Kennedy, Hugh Holborn, Herman Armstrong, Buddy Flock, Bill Donahue, Glynn Nordyke, Joe Mitchel, Howdy Thurman, Aubrey Bissett, and Council Tucker. With many brothers returning from the service and several successful rush weeks behind us, K. A. has promises of a very good year.

The Kappa Sigma fraternity, founded in 1869 at the University of Virginia, now comprises 113 chapters in all but one of the forty-eight states. At Tech the Alpha Tau chapter has been fortunate to have among its members transfers from Cornell University, Miami University, Carnegie Tech, Alabama, Mississippi State, Vanderbilt, Auburn and Mercer. These transfers have added a great deal to the present strength of the Kappa Sigma chapter on the Tech campus. We are proud of our record in Tech activities with Kappa Sigs in Anak, Bulldog Club, Tau Beta Pi, Student Council, Omicron Delta Kappa, class officers, and presidents of the Debating and Architectural Societies.

The international fraternity of Lambda Chi Alpha was founded in 1909 at Boston University and is now one of the largest social fraternities. The Beta Kappa Chapter of Lambda Chi Alpha is the youngest social fraternity on the Tech campus. It was established October 6, 1942, after achieving an enviable record during its thirteen year affiliation with Beta Kappa.

Many Lambda Chis are still in the service, but the discharge button is becoming a familiar emblem around the Lambda Chi house, and the once familiar navy uniform is rapidly disappearing.

Lambda Chi has enjoyed a very active social year, which was highlighted on September 29 by the annual formal at the Georgian Terrace Hotel. The climax of the evening came with the crowning of Miss Irma Hathcock as the sweetheart for the ensuing year.

The Phi Delta Theta Fraternity was founded in 1848 at Miami University in Oxford, Ohio. Since that time her membership has grown to over 60,000 men in 106 chapters located in the United States and Canada. The Georgia Tech Chapter, Georgia Delta, was established in 1902.

Since the fire last year, which destroyed our trophies, we won three I. F. C. intramural trophies that now proudly adorn our library shelves. Besides the field of sports we have also continued to hold our own in other extra-curricular activities. We have been well represented in ANAK, the student council, O. D. K., the Bulldog Club, the Rambling Wrecks, and Tau Beta Pi.

The Phi Delta Theta house party for each I. F. C. Dance has become one of the most looked-forward-to parties of the semester—not to mention the unsurpassed Phi Delta Theta Bowery Ball.

With the return of so many of the old brothers and pledges, our chapter is coming ever closer to pre-war strength, and our future seems bright and promising.
Phi Epsilon Pi was founded on November 23, 1904, at the college of the City of New York; and Xi chapter here at Tech was established January 15, 1916. Always leading among activities, Xi chapter has remained active throughout the war.

With the termination of the war, the chapter has regained its pre-war status. Joe Moas and Seymore Raskin have returned to complete their studies after being away from Tech for several years while serving with our armed forces. Parties and football games have highlighted the post war semester.

Our returning Superior Eddie David was one of the outstanding men on the campus, having attained the highest scholastic average in Tech history, receiving the Phi Kappa Phi scholarship award, and being a member of ANAK.

Top row: Great times indeed... Imagine that, no way!... Bottom row: Phi Eps in hay... All dressed up and no place to go.

Phi Gamma Delta was founded in 1848 at Canonsburg, Pa. It now includes seventy-four active chapters at leading educational institutions, with a total membership of over 38,000.

The Gamma Tau chapter was installed at Tech in 1926 when Gamma Tau Delta, a strong, local fraternity was granted a charter in Phi Gamma Delta.

"Fijis" are well represented in the ranks of leading campus figures. Well known are: Ed Holtsinger, Dean Gaines, Billy Williams, Jack Peek, Mal Stamper, Luke Bowen, "Boots" O'Kelly, Bobby Blake, Howie Cossett—varsity members of the 1945 edition of the Yellow Jackets; Alex Schwaiko, Byron Borup, Paul Benson—"B" team members; Johnny Eustis—track and swimming teams; Rick George—wrestling team. Bulldog Club and other campus organizations also have as members Phi Gamma Delta brothers.

A full social calendar was highlighted by a pig dinner at the Henry Grady Hotel with alumni and brother chapter members attending.

Phi Gamma Delta lost prominent members at the end of the summer and fall terms, but a return of numerous veteran "Fijis" has promised the forthcoming year to be a most successful one.

On October 19, 1850, Phi Kappa Sigma, national social fraternity, was founded at the University of Pennsylvania.

Alpha Nu Chapter was founded at Georgia Tech in January of 1904 as the twenty-fourth chapter. This chapter became the first one on the Tech campus to obtain its own house.

In keeping with the conservative expansion policy of the fraternity, only forty chapters have been established—located throughout the United States. In addition, the roll of Alpha Nu Chapter has been limited to no more than thirty members.

In spite of this relatively small group, Phi Kaps have always furnished a large part of the leadership on the Tech campus.

Founded at the University of Virginia in 1868, Pi Kappa Alpha has since then expanded nationally until the chapters number over eighty. Alpha Delta Chapter was installed at Tech in 1904, and has since been taking an active part in all campus activities.

For the inhabitants of the "Pike" house, the social side of life has been varied, with the usual parties and dances, the house parties at Rutledge and Rockaway, the Christmas Party, the annual Pi KA Possum Hunt, and the revival of the well-remembered Black and White Ball.

In spite of wartime conditions, the chapter remained active throughout the conflict. With many new pledges, and the return of many of the brothers who left the campus to fight, Alpha Delta has expanded to full strength, and looks to the future with confidence.
On December 10, 1904, in Charleston, South Carolina, a small but earnest group of collegians gathered together with the intent of the birth of Pi Kappa Phi. Since then the fraternity has developed into a national organization composed of thirty-one chapters.

Iota chapter of Pi Kappa Phi was one of the first of these chapters to be organized. It was established in 1913, making it one of the oldest fraternities on the Tech campus.

This past year Iota chapter was strengthened by the addition of returning veterans. These fighting Pi Kaps include Ed Linogran, "Cabbage Mouth" McLaughlin, Ray Bush, Lemmie Henry, and Jimmy Daniel. Several outstanding seniors who were leaders in Tech's extra-curricular activities left Iota chapter this past February. The loss of Ken Picha, Ken Johnson, Ed Lindgren, Joe Kuhlman, and Bob Reid was felt deeply by the chapter.

Founded at the University of Alabama on March 9, 1856, S. A. E. has grown and expanded until there are now 114 chapters and a total membership of over 60,000. The Georgia Phi chapter was the second national fraternity installed at Tech, being given its charter on March 8, 1890. Some of the outstanding members of this chapter are Clayton Griffin—ANAK, Interfraternity Council Vice-President, and President of the Bulldog Club; Jack Wilson—ANAK, Interfraternity and Student Council, Rambling Reeks, and Editor of the BLUE PRINT; T. B. Starnes—Yellow Jacket and Bulldog Clubs, Rambling Reeks, Student Council, and President of A. S. C. E.; Joe Kelly—President of the Freshman Class and varsity football; and "Buck" Doyal and George Barron, who are members of the varsity football team.

Among the more prominent social events given by the chapter in the past year were the annual Christmas formal, given this year at the Biltmore Hotel, and several house parties in conjunction with the I. F. C. dances.

The Sigma Chi Fraternity was founded at Miami University, Oxford, Ohio, in 1855 and has since become one of the largest fraternities in the country. The Georgia Tech Chapter, Beta Psi, was established in 1922 by the absorption of Pi Alpha Sigma, a local fraternity.

After completing several successful rushing seasons and being bolstered by returning veterans, Sigma Chi is well on its way to peacetime standards. Our record during the war years is one of which we are very proud. At all times we maintained one of the largest groups on the campus.

House parties, dances, buffet suppers have provided ample entertainment for the chapter. In addition to this Sigma Chi took first place in home-coming decorations, as well as in the Interfraternity track meet.

In campus activities the chapter has provided leaders in practically all organizations. Brothers Curry and Dutton were tapped for Anak. Of the ten men elected to the student council, three were Sigma Chis.

MEMBERS

Founded at Virginia Military Institute in 1869, Sigma Nu was installed at Georgia Tech in 1896, the fourth national fraternity to reach the campus.

The year 1945 marks Sigma Nu's seventy-sixth year of activity. During these years it has grown from one to ninety-eight chapters in forty-six states, representing a total membership of over forty thousand men.

Sigma Phi Epsilon fraternity was founded in November, 1901, at the University of Richmond. The fraternity, first known as the "Saturday Night Club," has grown from the twelve founders to a national organization with seventy-five chapters and a membership of over twenty-six thousand.

In March, 1907, the Georgia Alpha Chapter was established at Tech. It was the seventh fraternity to appear on the campus.

Tau Epsilon Phi, an international collegiate fraternity, was founded at Columbia University on October 10, 1910.

Phi Chapter was inaugurated on the Georgia Tech campus on May 1, 1922, and has been carrying on successfully ever since.

Throughout the war the chapter managed to carry on and keep its house open in anticipation of the day when the war would end.

Bolstered by the return of many veterans, a large number of whom are former members, the chapter is rapidly returning to its normal size.

Under the able leadership of Casey Cohen, Phi Chapter is once again making bigger and better plans for the future.

Back in 1856, the Theta Chi Fraternity was founded at Norwich University, Northfield, Vermont, a military college. The Alpha Nu Chapter of Theta Chi, established at Tech in 1923, is included in a national organization that has 69 chapters and over 24,000 members.

The wide activities of the Alpha Nu Chapter members have not hampered their studies as evidenced by the winning of the I. F. C. scholastic cup for the highest fraternity scholastic average on the campus for the Spring term of 1945.

The year "1945" will always be considered the turning point in Sigma Gamma's history. At the December meeting of the Inter-Fraternity Council Sigma Gamma was admitted as a local fraternity. This status allowed us a non-voting representative on the council until such time as Sigma Gamma became a member of a national fraternity. At this time, Sigma Gamma, under a new name, would assume its position on the Georgia Tech campus with the same rights and privileges as any other fraternity here.

During this past year Sigma Gamma has been small in number, but as active socially, athletically, and scholastically as it has ever been. With large freshmen classes expected, and many Sigma Gammas returning to Tech, Sigma Gamma expects to accompany its new status as a fraternity with a great deal of success.

Omicron Delta Kappa is a national college activities fraternity for men. Members are selected on a point basis—a definite number of points being given for each honor or position attained by the student. When a student has amassed a minimum of thirty points and maintained a definite scholastic average, he is eligible for election—the ultimate election depending upon his character and popularity among his fellow students. O.D.K. ranks along with ANAK as the highest honorary organization on the Tech campus.

Omicron Delta Kappa
Tau Beta Pi, national honorary engineering fraternity was installed at Tech in 1925. Students are selected on the basis of character, scholarship, and leadership, and membership in Tau Beta Pi is considered one of the highest honors to engineering students throughout the country. Tau Beta Pi awards a cup to the senior judged by the faculty from a selection by Tau Beta Pi.
Phi Kappa Phi honors those members of the senior class who have distinguished themselves on the basis of scholarship and leadership. Next to the oldest honorary society on the campus, Phi Kappa Phi, a national scholastic fraternity, was established at Tech in 1914. Members are selected from the upper seven percent of the senior class including all departments. Phi Kappa Phi awards a cup to the senior having maintained the highest scholastic average while at Tech. Phi Kappa Phi also sponsors the annual Honor Day Exercises at which recognition is awarded the deserving students.

OFFICERS

The officers of Phi Kappa Phi are chosen by the faculty members from the faculty members.

---
Electrical Engineering Fraternity

Eta Kappa Nu is a national honorary electrical engineering fraternity founded in 1904, the local chapter being installed in 1941. The membership is composed of those junior and senior electrical engineering students who are outstanding in scholarship, character, and leadership.

Their activities include a program of lectures, discussions, and movies to create interest in electrical engineering. In order to encourage high scholastic achievements among electrical engineering students, Eta Kappa Nu awards annually an engraved slide rule to the sophomore in the department having the highest average.

Eta Kappa Nu
Pi Tau Sigma is an honorary mechanical engineering society composed of outstanding members of the junior and senior classes who have proved themselves worthy in scholarship, leadership, and character. In order to promote interest in high scholastic achievements, the society presents an engineering handbook to the sophomore in the department who has the highest average, and has the name of the most outstanding mechanical engineering senior engraved on a plaque.
CHEMISTRY AND CHEMICAL ENGINEERING FRATERNITY

Alpha Chi Sigma is a professional chemical fraternity and is today the second largest society of its kind in the world. It is composed of chemists and chemical engineers who unite themselves for the mutual advancement of their social and professional ideals.

The chapter at Georgia Tech tries to promote an interest in chemical affairs by sponsoring movies, exhibits, and lectures. In addition, it awards a handbook annually to the junior chemist or chemical engineer with the highest scholastic average.

The Architectural Society, composed of architectural students who have completed three semesters of work, strives to increase interest in architecture and its applications. Each year it enters the work of outstanding students in a national contest. In the fall it holds a reception for all freshmen desiring to take architecture in order that they might become acquainted with the department and their fellow students.

Chi Epsilon is the only national fraternity composed entirely of men in the field of Civil Engineering. Founded at the University of Illinois in 1922, it reorganizes and encourages the qualities of scholarship, character, practicality, and sociability in the undergraduate Civil Engineer.

The Georgia Tech chapter of Chi Epsilon, founded in 1943, was formed from the Civil Crew, the oldest honorary organization on the Tech campus. Among its many activities are field trips, guest speakers, presenting news of the profession, and movies on various engineering subjects.

The Bulldog Club is one of our best known local organizations. It was founded by a group of seniors in 1910 to promote college spirit and interest. The club merged with the Junior Koseme Club in 1933 to form the present organization, whose members are selected from the most outstanding juniors and seniors on the campus.

Every year the Bulldog Club sponsors a Thanksgiving cake race for the freshmen; the homecoming decorations, awarding a loving cup to the winning fraternity; a Thanksgiving dance; and the bowling tournament. The Bulldog Club is best known, however, for its colorful initiations.

The Ramblin' Reck Club is an organization whose purpose is the upkeep of school spirit. Members of the club are chosen by Coach Alexander, and the number is kept small to insure efficiency.

The activities of the "Reeks" include instructions to incoming freshmen concerning the duties of a rat and the traditions of Tech. The annual homecoming dance is sponsored jointly by the "Reeks" and the Bulldog Club. Also, the club awards a trophy each year at homecoming to the winner in the "Reck" contest.

Ramblin' Reck Club
Kappa Kappa Psi

HONORARY MUSICAL FRATERNITY

Kappa Kappa Psi is a national honorary musical fraternity established at Tech in 1924. It elects to membership those men from the upper classes who have upheld the highest standards of character, leadership and musical ability.

The Tech chapter is in charge of the football band and in many ways has helped the group attain a marked position on the campus.

Organizations
The 1946 Blue Print, the thirty-ninth annual of Georgia Tech, presents the continuous history of the school from March, 1945, to March, 1946. Once again the accelerated program has made it difficult to assemble the necessary data. A complete turnover of the staff due to graduation has also added to the problem. Despite the above, the staff has strived to make this a complete coverage of the year's activities.

The Technique, published weekly by the students of Georgia Tech, strives to give the students of the school a complete and accurate coverage of the news as it occurs.

Although no course in journalism is offered at Georgia Tech, the Technique has advanced through the years until it is rated one of the best collegiate publications in the South.

Throughout the year the staff of this paper has taken the initiative in putting many of the drives and campaigns conducted on the campus over the top.
Since the Navy came to Tech, the *Nautilus*, formerly the N. R. O. T. C. magazine, has expanded to cover the whole school and has become increasingly popular with everyone. It has taken over the duties of the *Yellow Jacket*, which has been discontinued for the duration, in bringing to the Navy boys the spirit and traditions of Tech and making it seem more like their own college while stationed here. It is published monthly and has its offices in the Naval Armory.
The Student Council is the governing body on the Tech campus, elected by the student body itself. The purpose of the Council is to represent the student body in all matters affecting student interest, to provide a medium of communication between the students and school authorities, and to preserve the customs and traditions of the school. The Council also promotes and supervises the annual election of class officers, and elects student representatives on all student-faculty committees.

Composed of three faculty members and three students selected by the Student Council, the Student-Faculty Honor Committee was formed in 1932 to administer just and impartial rulings in cases of infractions of the honor system rule. The committee has been valuable in the formation of higher standards of honor here at Tech.

The Publications Board, whose members are Dean Held, the editors, business managers, and faculty advisers of the Blue Print and Technique, was organized at Tech during the past year. The board has charge of the general supervision and election of staff heads of the two publications. It has already done a great deal toward the more complete organization of the annual and weekly newspaper.

American Institute of Chemical Engineers

The Georgia Tech chapter of the American Institute of Chemical Engineers was established on this campus in 1933. Its membership consists of juniors and seniors from the Department of Chemical Engineering who are interested in furthering their knowledge of the field in which they propose to enter.

Through the medium of motion pictures, tours to plants, and lectures by prominent chemical engineers during the school year, the local organization has done much to stimulate the interest of the students in the chemical industries.

The American Association of Textile Chemists and Colorists was reactivated on the Tech campus this year. Its purpose is to promote interest among the Textile Engineering students in the work which they plan to enter. Programs for the year include lectures by business men, movies, and talks by the members.
Institute of the Aeronautical Sciences

AERONAUTICAL SOCIETY

The Georgia Tech student branch of the professional organization of the Institute of Aeronautical Sciences promotes an interest in aeronautics by lectures and pictures on developments in the aeronautical field. The society also has a social program for the students of the Aeronautics Department.

The Georgia Tech chapter of the American Society of Civil Engineers offers membership to all Civil Engineering students. The purpose of the organization is to aid the student through associations and contacts which will aid them as a practicing engineer. This is accomplished by means of luncheons, investigations, trips to nearby construction work, and lectures by practicing engineers.

American Society of Mechanical Engineers

MECHANICAL ENGINEERING SOCIETY

The American Society of Mechanical Engineers is one of the largest groups of professional men in the world. The Georgia Tech student branch was organized in 1916 and is composed of juniors and seniors in the Mechanical Engineering Department. The program of events included inspection tours to local power plants and mills, movies, discussions, and lectures by prominent engineers.

The Georgia Tech chapter of the American Institute of Electrical Engineers was established on this campus in 1914. It is composed of men from the Department of Electrical Engineering who wish to further their knowledge of the field in which they propose to enter. By lectures, tours, and movies the organization stimulates the interest of the students.

American Institute of Electrical Engineers
One of the most active groups on the campus from the standpoint of creative work is the Glee Singers. It is a choral organization under the direction of Mr. Walter Herbert whose interests toward the organization have made it very successful with its entertainment programs.

The Glee Singers give programs before other colleges, city clubs and churches. The past year brought forward a program of Christmas carols led by the group.

CATHOLIC SOCIETY

The Georgia Tech Newman Club is the local chapter of the Federation of College Catholic Clubs. Its purpose is to promote the mutual interests of the Catholic students at Tech whether those interests be of a spiritual, intellectual or social nature. Its activities consist of a program of religious education in the form of talks and open discussions, supplemented by social functions of a recreational and fraternal nature.
The members of the Baptist Student Union include all members of the Baptist Church who are attending Georgia Tech. The Council of the Union directs the activities of the organization on the Tech campus. The group plans a Student Evangelistic Week, Vocational Training Week, student night services, and courses in church and Bible training. The Council sends delegates to the State and Southern Baptist Student Union convention. The Council itself affords the connecting link between the student and the neighborhood Baptist Churches and takes an active part in promoting the religious activities of the student body.

**Baptist Student Union**

The members of the Baptist Student Union include all members of the Baptist Church who are attending Georgia Tech. The Council of the Union directs the activities of the organization on the Tech campus. The group plans a Student Evangelistic Week, Vocational Training Week, student night services, and courses in church and Bible training. The Council sends delegates to the State and Southern Baptist Student Union convention. The Council itself affords the connecting link between the student and the neighborhood Baptist Churches and takes an active part in promoting the religious activities of the student body.
The Y. M. C. A. Tech is made up of two separate units—the Freshman Council and the "Y" Cabinet. The "Y" Cabinet being the more important unit is composed of upperclassmen who have shown their desire to enter an extra-curricular activity of a religious nature.

The "Y" strives to show the students the part that religion plays in school life as well as in business. This is done by means of retreats, discussions, and lectures. The "Y" also sponsors a program of activities that consists of movies, receptions, and tournaments in table tennis, handball and horseshoes.

DEBATE CLUB

The Debating Club at Georgia Tech is an organization for members of all classes. Its purpose is to train the members in the principles of informal speaking, and to discuss topics of timely interest.

The society holds numerous debates with other colleges and has succeeded in maintaining high standards of the forensic nature.

Alpha Phi Omega, honorary scouting fraternity, is chartered by the National Council of Boy Scouts of America. Its purpose is to assemble college and university men in the spirit of the scout oath and law, to develop friendship and promote service to the youth of America.

Active membership is granted only to students who previously have been affiliated with the Boy Scouts of America, either as scouts or as scout leaders. The chapter at Tech is a recent establishment; however, they have already sponsored several noteworthy projects, including several major campus functions.

Flying Club

A product of the sincere interest in flying at Georgia Tech the newly formed Flying Club boasts a fine and active membership.

Instructed by returned veterans, the members have many flying hours to their credit.

Every Saturday afternoon the club meets at Candler Field and takes to the air to enjoy a full afternoon of flying.

With the opening of the 1945 season Robert L. (Bobby) Dodd became the third head coach in Tech's football history. Varsity backfield coach under W. A. Alexander for the past thirteen years, he is well known in football circles, as an astute offensive minded coach.

Bobby Dodd came to Tech in 1931 as varsity backfield coach. The University of Tennessee, his alma mater, hailed him as one of the greatest passers in the history of southern football. He was named on the All-American teams of 1930. An exponent of wide open play he has been largely responsible for making Tech's offense one of the most colorful in the South.

The responsibilities of head coach were not new to Coach Dodd, for he had taken over the reins several times in past seasons due to the illness of Coach Alexander. On one occasion, during the 1942 season, he was named "Coach of the Week" for Tech's win over Alabama.

Coach Alexander, now Director of Athletics, predicts a great future for Tech football under this "brilliant young man."

As the 1945 season opened Coach Boddy Dodd had two major problems to contend with—a tough schedule and inadequate reserve strength. Neither problem was completely solved.

Using the "T" formation, the Jackets showed a more balanced attack than the 1944 team. The running of Mathews, Peak, McIntosh, Basler, and Lansing made the ground attack potent. As the season progressed the passing arms of Holt, singer and Blake became more effective. However, the smallness in size of Tech backfield men made the team defensively weak.

In their first string line the Jackets could boast one of the strongest aggregations in the conference. The ends, a pre-season problem, proved themselves very adequate. Lack of reserve strength showed itself as the season wore on, however, for several of the regulars were called upon to play 60 minutes against opponents like Duke, L. S. U., Auburn, and Georgia.

The Techmen reached their peak in their game with the Naval Academy early in the season. The Jackets did everything but outscore the star-studded Middie squad as they lost 20-6. Peak's 70 yard touchdown run in the third period provided the game's most thrilling play. In losing to the Georgia Bulldogs 33-0 in their final game the Yellow Jackets failed to score for the first time during the season.

Chosen to lead the Yellow Jackets through a typical Tech, every-week-a-tough-one, schedule were two of last season's regulars, Paul Duke as captain, and Johnny McIntosh as alternate.

Duke, playing his second season as regular center, came up from the "B" team in 1944. He first went out for football while a senior at Boys' High School of Atlanta. He proved to be a smart diagnostician and vicious line backer throughout the season.

McIntosh, a Navy senior, left for other duties before the end of the season. The first string blocking back in 1944, he was moved to the fullback slot in the "T" formation. A driving runner and standout defensive player, he was a steady, dependable performer in all of his games.
Chapel Hill, N. C., Sept. 29—The charges of Bobby Dodd outlasted a spirited Tarheel team today to earn a hard won opening decision for Georgia Tech. Led by George Mathews, the Engineers triumphed 20 to 14.

In a sweltering 91 degree heat 20,000 uncomfortable fans saw a tricky, well coached Jacket eleven score the second time it obtained possession of the ball. A left-handed running pass from Jack Peek to Bill Busbin covered the last 1 f. yards for the score. A few moments later end Walter Kilzer fell on a fumble over the goal line for Tech's second touchdown. The placement failed and it was Tech on top 13-0.

The Tarheels came back strongly and scored twice in the second period as a result of a 67 yard march and a Tech fumble on the Jacket nine. The placements were both good. The half ended with Tech on the Carolina 10 and on the short end of the 14 to 13 score.

The Jackets scored again in the third period after a poor Tarheel punt gave them the ball on their opponents 33. In just five running plays Tech scored with Mathews going over from the 2 yard stripe. Only one other deep drive was made by either team the rest of the game. Starting midway in the third period Carolina drove to the Tech 12 where they lost the ball on downs.

During the rest of the quarter both teams were too worn out by the heat to be entirely effective. Davis' long punts kept the Jackets out of trouble the rest of the game.

Highlights of the game included the excellent play of the Jacket line. Both teams blocked and tackled hard for an early season game. Mathews' pass defense game was more than the Tarheel receivers could cope with. Davis punted his first one for 59 yards. The Carolina reverses went for big gains all afternoon. Tech's naked reverse caught the Tarheels unprepared in Holtsinger.

Mathews is tackled by Gedding of Carolina as Tarhees swarm in.

Below: Mathews leaves one against Notre Dame behind perfect blocking.

Tech 29, U. N. C. 14
went for 11 yards during the third period drive. The game ended with Tech on Carolina's 26, Tech 20, Carolina 14.

TECH 7, NOTRE DAME 40

Atlanta, Ga., Oct. 6—Georgia Tech stunned the Fighting Irish of Notre Dame in the opening minutes of their game today but the South Benders came back and went on to win 40-7 before an overflow crowd of 33,000 fans. Showing a dazzling display of power and deception the Notre Dame backs and ends piled up 396 yards in a game that was more exciting than the score indicates.

Tech jumped to a lead in the first eight minutes of play. The passing of Peek and Mathews set up the naked reverse on which Holtsinger scored. Ryker converted and it was Tech 7-0. Notre Dame came right back in the first period to tie it up. After driving to the Tech 40, Capt. Dancewicz hurled a 35 yard pass to Phil Colella, who stepped over the line for the first Irish score.

In the second period Notre Dame scored twice. The first came on a 19 yard run by Angsman after the Irish had marched from their own 46. Near the end of the half Zehler took a 40 yard pass from Gasparella for the second. As the half ended Notre Dame led 21 to 7.

In the third it was Angsman again going over, this time from the three after a Dancewicz pass had set up the touchdown. The South Benders scored twice in the fourth. Angnone went around for 29 yards and a score. Later in the period Flowers went over from the five climaxing a 55 yard drive.

After their brief opening thrust the Tech backs found the going tough. Three timely Notre Dame interceptions broke up potential drives. The game was hard and clean with only 55 yards in penalties being indicated on both teams. Dancewicz and Walsh were
Notre Dame standouts. Mathews, Duke and Davis were brilliant in a losing cause.

TECH 43, HOWARD 0

Atlanta, Ga., Oct. 14—Everyone on the Tech bench except the managers and coaches got some game time today as the Jackets battered a game Howard College eleven 43 to 0. Forty of the Tech points came in a devastating second quarter. A good crowd of 12,000 went away pleased with what they saw in the warm-up tilt before the Navy game.

In the first stanza Lansing went 32 yards to score but a penalty called the play back. Fumbles and penalties nullified all the other scoring attempts the second stringers were able to make. Howard was holding well.

As the second period started the ball was exactly at mid-field. Coach Dodd sent in his regulars and they scored on the first play. Mathews went off to the right for the 50 yards and a touchdown. It was almost too quick to follow—a great run. Kiker converted.

A few moments later after Peck had returned a punt 35 yards to the Howard 35, Mathews again dashed over on the first play from scrimmage.
The next two touchdowns in the second period were set up by pass interceptions. Hayes McKinney, a guard, set up the first by intercepting a Blackerby pass and lugging it to the five. Olson scored on the next play. George Brodnax made the second on a 40-yard interception run. The score was 28 to 0. Joe Kelly hit the jack-pot next with a 40-yard punt return. The next and last touchdown was made by Brodnax after he caught a beautiful pass by Holtsinger on the Howard one. Tech left the field on the long end of a 40-0 count.

In the third quarter Tech fielded a team manned to a great extent by "B" teamers. Howard took advantage of frequent fumbles to move deep into Tech territory many times. Blackerby passed accurately to Donehower for long gains. The Bulldogs, however, lacked the necessary scoring punch. At no time did they get inside the Jacket ten yard line. On the other side, the Tech team failed to make any appreciable gains.

The last score came in the final quarter. Tech drove to the Howard ten. On fourth down Grey Cobb kicked a field goal from the 20 to make the final score read Tech 43, Howard 0.

Baltimore, Md., Oct. 20—A gallant group of Yellow Jackets stunned the Navy here tonight, won over a crowd of 47,000 to its cause, and, in fact, did everything but outscore the Midshipmen before bowing 20-6. The game was a savage, hard game from start to finish.
Little Jack Peek, Tech's 158 pound halfback, was the biggest man on the uneven turf. His brilliant 70 yard touchdown dash in the third quarter highlighted Tech's great play against a team that was supposed to score at will. Duke, Mathews, Hills and Doyal were other men who stood out above the rest of the Jackets, all of who played their hearts out against a bigger, power-laden foe.

Navy scored three times; twice on breaks and once in the last few minutes of play against the staggering Jackets. Tech had the ball inches short of the goal line once more in the third quarter but a fumble ended the drive.

The first quarter was a scoreless affair. Both teams were trying each other out. Navy looked good several times on the ground and made some nice gains. The Tech line looked better than expected in holding them.

In the first part of the second period Hills recovered a Navy fumble on the Tech 48 and the Jackets started to go. A running pass from Mathews to Kilzer was just a little long. It brought the crowd to its feet. Mathews and Peek alternated to make three first downs which put the ball on Navy's 21. Navy held and Kelly kicked out.

Shortly after this Navy got its first big break. Davis attempted a kick from the Tech 26. It was blocked by Newbold of Navy. Duden, Navy captain, scooped it out of the air and raced over for the first touchdown of the game. Currence converted and it was Navy ahead 7-0.

The crowd had hardly settled back before Navy scored again. Tech received the kickoff and after one play decided to pass. Hol-
singer threw a long one intended for Bushin. Clyde "Smackover" Scott intercepted it and raced 42 yards down the sidelines to score without a Jacket touching him. He really moved. The conversion was good and at half the score was 14-0 Navy.

Tech kicked off in the third and dumped Bramlett on the Navy 34. The Middies kicked and Tech took it on their 10.

The whole Tech backfield faked to the right. Peek took the ball over left tackle and headed for the sidelines. Three hard blocks by Hills, McIntosh and Kilzer cleared the field and he swept 70 yards to a touchdown. Kyker's attempted conversion was blocked but Tech was in the ball game. It was the play of the game. Tech 6, Navy 14.

Soon thereafter Tech took the ball on Navy's 30 as a result of Peek's pass. Fawcett scored a touchdown. Tech took it on their 30. A pass to the 15 and a roughing penalty put the ball on the one. Two quarterback sneaks left only inches to go. A buck started but Tech fumbled and Navy recovered.

The rest of the quarter was Tech. The Jackets were outcharging their heavier opponents. Their tackling was vicious and blocking sure. The crowd was screaming for them in admiration of their fight and color.

The last quarter saw Tech show the works to carry to Navy's 18 only to lose the ball on downs. Navy fought back against a game, but spent half of its game and scored with two minutes to play. That was it. The conversion missed but Navy left the field a happy victor.

The crowd was still yelling for Tech. Navy 20, Tech 6.

Atlanta, Ga., Oct. 27—Auburn left Grant Field at half time on the long end of a 7 to 6 score today, but Georgia Tech came back in the second half to score twice and win 20 to 7 before a crowd of 27,000.

Tech’s worst football of the season was displayed in the first half. There were frequent penalties and costly fumbles that kept them in their own territory most of the time. The first Tech score came in the second half. Mixing their runs and passes well the Jackets came from their own 20 to the Auburn 12. There Jack Peak tossed a left-handed running pass to Busbin in the end zone. The kick for goal was missed and the score stood Tech 6, Auburn 0.

The Tigers came back at once. They were stopped the first time on the Tech 10, however, the next time they obtained possession of the ball they scored. Curtis Keykendall, who was in Tech’s hair all afternoon, pitched a beautiful touchdown pass to Garramone. Smalley converted and Auburn led 7 to 6 as the half ended.

Soon after the start of the third quarter Tech had the ball on her 22. A running play lost. On the next snap Holtsinger threw a 14 yard pass to Kilzer who went down he east boundary to score. It was a great run covering a total of 79 yards. Kyker made the conversion good and the score was Tech 13, Auburn 7. A few moments later Ed Holtsinger intercepted an Auburn pass and raced 30 yards for the third Tech touchdown. Kyker converted and Tech was ahead 20 to 7. That ended the scoring for the day.

Glenn and Duke were standouts in the Jacket forward wall. The backfield functioned poorly in the first half but came back strongly in the final quarters.

Atlanta, Ga., Nov. 3—Georgia Tech’s offensive power bogged down in the rain and mud on Grant Field today as a pounding group of Duke Blue Devils beat out a 14 to 6 win. Close to 30,000 dampish spectators saw Ensign George Clark, playing his last game for Duke, lead his mates to a hard won victory with his brilliant play.
Little action took place in the first quarter as both teams waited for a break. Each played cautiously and Tech punted on third down continuously.

Early in the second period, however, Duke took the ball in mid-field and started to go. A well-executed pass from Clark to Carver went for 30 yards to the 22. A line buck, an end-around and a reverse put the ball on the 2. Palladino bucked across on the next play. The placement was good and Duke led 7 to 0. That's how it stood as the half ended.

On the fourth play of the third period Palladino again scored from the 2 for Duke. The touchdown was set up by a beautiful 47 yard jaunt off-tackle by Clark. He would have scored except for Mathews' great tackle. Sutton made the placement and the score was Duke 14, Tech 6.

Near the end of the quarter the Jackets worked up steam and started moving from their own 49. A penalty and runs by Peek and Mathews put the ball on the 26. After two plays misfired, Mathews threw a running pass to Busbin who went out of bounds on the 2. Four running plays were stopped by Duke with inches to go. Carver kicked out to the Duke 26 and Tech scored in two plays. McIntosh dove to the 13 and then Mathews swept wide around right end to score standing up. The conversion was missed and it was Tech 6, Duke 14.

Duke plunged for short gains and punted well to keep Tech deep in their own territory for the rest of the game.

Busbin and Duke shared honors in the line. Mathews and McIntosh were backfield standouts. Clark, Mote and Knotts were Duke stars.

Reynolds, Tolman back, gains three yards before being stopped by Keller and Williams.
New Orleans, La., Nov. 10.—Everybody scores was the Georgia Tech war cry today as they pushed across six assorted touchdowns before 28,000 people to swamp the Tulane Green Wave 41-7. The last two were scored by linemen on intercepted passes.

The dry turf was right for the fleet Tech backs as they ran and passed to a convincing win. Everyone on the traveling squad of 39 men played. The Jackets were resplendent in gold satin pants and white jerseys, a marked contrast to their usually drab canvas and mustard color.

Tech lost no time in getting started. The Jacket reserves went in first and scored swiftly on a 49 yard march. Williams went over from the 2. Helms converted. The next touchdown came in the second period when the varsity was in the ball game. The Jackets moved 34 yards for this one with Peek carrying it over. Kyker missed the conversion and Tech led 13-0 at the half.

Tulane made their only score right after the half. A fumble was recovered by the Greenies on the Tech 34 and they scored in two plays. The conversion was good and the score was Tech 13, Tulane 7.

Tech scored once in the third quarter. Holtsinger recovered one of the 11 Tulane fumbles on the Wave 12. He threw a pass to Kilzer who was all alone in the end zone. Helms made it good and it was 20-7 Tech.

The fourth quarter was chaotic from the Tulane viewpoint as they saw 21 points go up on the Tech side of the scoreboard. The first touchdown came on a 61 yard drive. Holtsinger threw to Mathews for the score after Lansing and Basler had carried the ball into scoring position. Bert Aton, reserve tackle, scored the next one. He thundered for 45 yards and a touchdown after intercepting a Tulane pass. "Boots" O'Kelley, a center, (Continued on Page 238)

Blake passes as he is tackled by Duke Leonman.
The Baby Jackets opened their 1945 season with the rugged Riflemen from Ft. McClellan, Ala. The Riflemen had in their ranks many former pro and college stars, with Domnianovich, All-American at Alabama, and Peterson, Cleveland star, leading the list. The first half ended in a scoreless tie, but after a few minutes of the second half the Riflemen got the ball on Tech's 41 and drove over to score the only touchdown of the game. The Baby Jackets fought back with a 45 yard pass from Kelly to Broadnax and a 30 yard dash by Jerkins, but the gun caught them short and the Soldiers won 7-0.

The next game was with the Auburn "B" team over on Auburn's home field. The Baby Jackets scored first on a long pass from Hatcher to Foy. Auburn fought back and made the score 7-6. Then Tech scored again on a 17 yard dash by Jerkins. In the final period Hatcher threw another long one, this one to Huffman, for another touchdown. Bowen converted and Tech won the game 20-6.

Before a crowd of 25,000 the Baby Jackets played the Bullpups from Georgia on Grant Field in their annual Thanksgiving Day game. The Bullpups scored first by taking advantage of a recovered fumble and led 6-0 in the opening minutes. The jackets fought back and with two minutes remaining in the first half Ferguson passed for a touchdown and a 6-6 tie at the half. In the third period after an exchange of punts the jackets drove 53 yards for a touchdown with Hatcher's two dashes of 22 and 12 yards leading the way. Bowen converted and Tech led 13-6.

The Bullpups came back though and scored on a 59 yard pass from Culpepper to Harris. In the fourth quarter the Baby Jackets drove 59 yards for another touchdown, with Jerkins taking a pass for the score. Bowen converted again and the final score was 20-12.
The 1944-45 Georgia Tech basketball quintet started out the season with only hope and one returning letterman, but developed by leaps and falls to one of the top teams in the Southeastern Conference. It was a team that would see moments of glory, along with times of agony, but one which would never fail to do the unexpected. It was a team that, while it never quite reached the heights of the '45 five, proved equally as erratic.

Starting the season Coaches Keith and Polk were faced with the task of building almost a completely new team from what was left of a very good squad of the year before. Only big Bobby Davis was left of the starting quintet of '44, and there weren't many more moving up from the second team. The bright side of things, though, showed the return of freshman star Johnny Doyle, and the transfer of Jim Ray, ace Howard College player, to the Navy Unit here. Also coming in was a tall form known as Spider Nolan, who was later to annex the SEC scoring crown and hold it most of the way. Mouse Echols and George Mathews proved unexpected returns and provided a good deal of the speed and fight during the season.

Starting off with Clemson the Tech five looked slow but came up with a convincing win. Trouble started soon, though, when Alabama came to town and didn't stop until the parade of Duke, Tulane, Kentucky, and Tennessee had passed. But the Jackets were learning by loving, and came back in return engagements to take Tulane, Alabama, and Tennessee. A double loss to Georgia was the biggest blow of the season, but it seemed that despite a hard fight the Jackets couldn't catch fire as they did against Tulane and Tennessee.

To Coaches Keith and Polk go a great deal of credit for taking the relatively inexperienced material and combining it into a fine team in a short time. The recent years have proved to be nothing but a headache for most coaches, with players coming and going almost as fast as they could be counted, but during these years Tech has always turned out a top combination and one of which every loyal Tech follower can be proud.

</table>
The 1946 edition of the Yellow Jacket hoopsters opened up the season with a resounding 58-32 victory over the Clemson Tigers in Atlanta to get off to a flying start. Returning veteran Johnny Doyle led the way for the home team with 30 points.

Next the Tech quintet marked up its first league triumph by taking the Plainsmen from Auburn by a wide margin. Auburn had the previous week downed Mississippi State and was supposed to offer trouble for the Jackets, but Coach Keith trotted out 13 men to outscore the Tigers, 45-22. Following this win Tech moved to Clemson for a return engagement with the South Carolina five and repeated its first performance in winning 61-46.

Alabama was the first five to take the measure of the youthful Jackets when the Techsters went down 37-44, losing in the final minutes to a Tide spurt. Next the Jackets journeyed to New Orleans and clashed with a powerful, unbeaten Tulane team which proved a little too much and handed Tech its second defeat of the season, 58-45. Out to break back into the win column, the Jackets moved down to Auburn for a one night stand and a 53-26 victory, to bring their season record to 4 won and 2 lost.

Returning to their home court the Jackets met a big, high-scoring Duke five and dropped a 39-54 decision. Things looked a little dark to loyal Tech followers then, with Alabama coming up next, but the up-and-down, unpredictable Jackets whipped up a hot fire and took over the Crimson Tide on its own court, 36-30, to avenge the early loss.

Kentucky, with one of its greatest teams, met Tech in Atlanta and disposed of the Jackets after a spirited fight, 68-43. Tennessee quickly followed up and
blasted the Techsters in a rough contest by a 49-27 score. Captain Bobby Davis fouled out in the latter part of the game, amid protesting boos from an outraged Tech following that was not used to the Tennessee brand of rough and tumble ball. Back came Kentucky again and took its second victory of the year over Tech, 54-26. But then the clouds broke and the losing streak for the Jackets ended as they won a tight 64-51 victory over the Florida Gators. Coach Keith changed his opening line-up for this game and used only Jim Nolan out of the usual starters. Next a slightly favored South Carolina team came to Atlanta and was beaten 53-45 by the rejuvenated Tech quintet in a close contest.

Confident of a second win over the Jackets, the Tulane Green Wave came to town, but ran into a fighting Tech five and lots of trouble. "Mouse" Echols poured in eight consecutive field goals to give Tech an early 32-21 lead. The Green Wave came back but couldn’t match the Engineer’s drive and lost with a final score of 59-52. Nolan was the top scorer for the game with 23 points, while Echols was second with 18 points.

The Yellow Jackets traveled over to Athens next for a game with their ancient
rivals, the Georgia Bulldogs. It was an exciting game which found the score tied up ten times, but Georgia finally put on a rally in the closing minutes to win, 50-40. Bounding back the Jackets caught fire again and did the impossible by trouncing the Volunteers of Tennessee, 38-34, in Knoxville.

As a result of their upset win over Tennessee, Tech was favored to beat Georgia in a return game. The Jackets got off to a quick start and led the Athens five 22-17 at half-time. But with the start of the second half Georgia pulled up and away and built up a 9 point advantage with only 8 minutes left to play. Tech fought back hard and ripped away at the Georgia lead, but the final gun caught the Jackets short and Georgia won 46-43.

A little downcast over the three point loss to Georgia, Tech journeyed to South Carolina for a return engagement and was beaten 63-47, bringing the season results to 9 won and 10 lost.
The 1945 edition of the Georgia Tech track squad continued in the ways of the '44 team by winning the Southeastern Conference meet by a wide margin. In winning their second crown in a row the Jacket cindermen ran up a record total of 92 2/3 points and placed men in every event.

Tech opened its season away from home and lost to Athens Pre-flight by a close margin. The next meet found Tech clashing with North Carolina on Grant Field and winning by a good margin. The Jackets then met Tulane and again won easily with first, second, and third places going to Tech in the discus, high jump, quarter mile, and half mile.

Another meet with Georgia Pre-flight came next and again Pre-flight edged Tech out, but only after they had sneaked out in the last two events. The meet was conducted in a downpour of rain and hard luck continually plagued the Jackets.

Florida and Auburn then journeyed to Atlanta for a triangular meet which Tech won by running up 99 points, placing first in every event except one. It was during this meet that George Hills set the new school record in the shot put making a throw of 49 ft., 1/2 in.

The Jackets journeyed to Birmingham for the A. A. U. meet on May 12 and placed second, losing out once again to Georgia Pre-flight. Bob Seligaman threw the discus for a new school record of 145 ft., 9 in., to highlight this meet.
THE SEASON

April 7 __________________________ Tech 61, Georgia P. F. 70
April 14_________________________ Tech 84 1/4, North Carolina 46 1/4
April 21_________________________ Tech 87 2/3, Tulane 38 1/3

April 28 __________________________ Tech 61 1/2, Georgia P. F. 69 1/2
May 5 ___________________________ Tech 99, Auburn 17, Florida 10
May 12 ___________________________ Tech 41, Georgia P. F. 49 (S.E.A.A.U.)
May 19 ___________________________ Tech 92 2/3, L. S. U. 16 1/3 (S.E.C.)

Top left: Enders wins Conference 440. ... Top right: Brown. ... Bottom left: Richardson and Dean. ... Bottom right: Enders and Stevens in the relay.
Captain of the '45 Georgia Tech track squad was Ray Enders, who in addition to being conference 440 champion was a member of the unbeaten S.E.C. champion mile relay team.

Other standouts on the squad were Tech's consistent weightmen, George Hills and Bob Seligman. Seligman broke the old school record in the discus, and in addition was Tech's leading scorer with 66 points. Hills set the new school record in the shot put with a throw of 69 ft., 3 1/2 in., and also won the S.E.C. shot crown for the second straight year.

Also a conference title holder was Allen Brown who won in the 880. The pole vault crown went to Jimmy Dykes, who with Rip Green and Bill Donahue, won this event for Tech in almost every meet during the year.

Joe Richardson was Tech's leading 100 yard dash man during the season, while Don Cady, along with Enders, paced the 440 runners. With the distance runners Dave Durst was a standout, winning consistently during the season and also at the S.E.C. meet in Birmingham.

Joe Richardson on the S.E.C. broad jump.
Brown and Garry finishing first and second in the S.E.C. 840.

When time for the cross-country season rolled around it was first believed that there wouldn't be enough schools with teams to compete against. However, before the season ended the Tech squad had run against some seasoned teams.

The Tech squad started off badly, and the vacation between semesters interfered with conditioning after the beginning of the season. Nevertheless the team improved as time went by and managed to place second in the Southeastern Conference. Outside the S.E.C., competition was much stiffer as evidenced by the scores against North Carolina and Duke, who were early season foes.

Most of the men on this year's team were without previous experience and provided little for Coach Plaxico to start with. Nightly workouts of ten to twelve laps around Rose Bowl field went a long way toward rounding the team into good shape, as was evidenced as the season went along.

The team was led in many of the meets this year by the two most experienced men on the squad, Captain Jimmy Uptegrove and "Wild Bill" Walker. Walker was the first Tech man to cross the finish line in every meet, and finished among the first ten men in the Birmingham Road Race, in which participants numbered over seventy.

MINOR SPORTS
Finishing its second season in a row undefeated, the Georgia Tech tennis squad swamped all opposition to gain the Southeastern Conference championship. By turning aside all nine of the opposing teams, the Jacket netters ran the consecutive victory string to seventeen in three years.

Leading the Tech men in the top positions were returning lettermen Frank Willett, Howard McCall, and Niles Millsap. Willett, former National Indoor Boys' Champion, paced the team in the top slot by brushing aside all of his opponents. McCall and Millsap repeated this in the second and third singles respectively, while Willett and McCall teamed for the top doubles to go undefeated.

Following close behind the top lettermen were Hilliard Burt, former Baylor star; Tommy Tift, Atlanta junior champion; Howard Callaway, '43 state high school doubles champion, and Ed Fryer, Nashville ace.

Climaxing the successful season Coach Borten took three of his top players to the National Intercollegiates in Chicago. Frank Willett, semi-finalist in the match; McCall, seeded six in the singles, played beautifully to advance to the '44 tournament, was seeded third, but suffered an upset in a close third round quarter-finals where he was defeated by the ultimate champion, Pancho Segura. Millsap, the final Tech player, moved to the third round before being dropped by Clark of Cal Tech. Willett and McCall in the doubles gained the semi-finals before losing in a long and very close match.

The Team:

Howard Callaway
Tommy Tift
Howard McCall
Frank Willett
Niles Millsap
Hilliard Burt
Ed Fryer

The 1946 tankman faced a rugged schedule with a team built almost entirely of freshman and Navy transfers. Captain Red Rolfe, distance star, was the only '45 letterman returning for the seven meet season, which included matches with always-potent North Carolina and Duke.

A short summer session was held, in the hope of finding prospects, and several promising freshmen answered Coach Lamoue's call. No meets were held but the Jackets journeyed to Birmingham to place third in the summer Southeastern A.A.U. meet.

At the winter session of pre-season workouts more strength was added to the team in the persons of Hugo Scheuer, Argentinian breast-stroker Joe Topp, Cuban sprinter; along with Navy transfers Don Wachenfeld, John Thomas, and Dick Greenlee. Bill Brock, member of the '42 squad and Air Force veteran, bolstered the distance swimmers. In addition to the regular swimming work cross country running was made a part of the daily routine in the pre-season grind.

Tech was host to the Southeastern Senior A.A.U. Meet in February. The National Junior meter diving championship was held at this meet, along with the regular events. Many colleges and organizations entered the program, the first peacetime senior A.A.U. meet in this section for many years.

Top row: Coach Keys, Babinger, Topp, Adams, Scherer, Thomas, Heat. Coach Lanier... Middle row: Flowers, Winton, Campbell, Riddle, Bolen, 
Wachowfield, Patey, Packard, Greenlee... Bottom row: Cahn, Taylor, Proctor, Baxter, Franks.
During the winter season of 1944-45 the basement of the gym was the scene of many a private session of groaning and squeezing. The "grapplers" were at it again.

Despite the absence of many regularly pre-scheduled exchanges of bouts between Tech and other schools throughout the South, the fellows who twisted each other's cars out of shape got a great deal of practice and invaluable experience from the few bouts and sparring sessions in which they participated.

Probably the most outstanding men on the team were Duke, Glenn, and David. Duke won all his official bouts; Glenn won one, tied one; David won one, lost one.

Through the past year many bits of valuable experience have been collected, so that the new teams that will follow may have the advantage of drawing on the experience of the past ones, and the future playoff schedules of the team may be more rigorous. For the coming year Commander Moll promises to have his boys in good condition for their bouts with such teams as Auburn, Duke, North Carolina, and Appalachian State Teachers College.

Tech (7), L. S. U. (9)

Atlanta, Ga., Nov. 17—With six minutes to go, Tech's 7-6 edge looked secure enough in this hard fought game. However, the L. S. U. Tiger went on to win 7-6 with a thrilling field goal in the last two minutes of play.

It was Tech's first conference defeat. 27,089 fans witnessed the best game of the year on Grant Field to date.

Louisiana State scored in the second period after having one effort stalled on the goal line. They had moved nearly 80 yards, but the Jacket line held. Most of the drive took place in the closing minutes of the first quarter.

After being stopped near the Tiger center, Georgia used the halfback pass from the 14. Sanders went over. The conversion try was missed and the half ended with L. S. U. ahead 6-0.

The third period was nearly all Tech. The Jackets drove to the L. S. U. 11. Reynolds bucked over in two plays. Cagle converted.

It was a sharp angle, yet Knight calmly placed the ball between the uprights for a touchdown midway in the period. Butler went over from his own 14. Tech 7, L. S. U. 6.

Tech kicked to L. S. U. and unshowered the receiver on his own 14. Fans edged toward the sides. However, a penalty forced the Jackets to kick again. The time Montgomery carried the ball to the Tech 18. The injured Gene Knight came into the ball game for L. S. U. A series of runs, penalties and a pass put it down on the Tech 20. The wind was against him, it was a sharp angle, yet Knight calmly placed the ball between the uprights for the score. It was spectacular, swift, decisive stuff. Big tech Helmet came out and kicked the ball that made it Tech 7, L. S. U. 6.

Tech tried desperately, but no avail, to score again. The L. S. U. line stopped on and the Jackets with their minds on the Georgia game next week were no match for the alert Clemson Tigers, intent upon an upset. Clemson 21, Tech 7.

TECH, CLEMSON 21

Atlanta, Ga., Nov. 24—The Clemson Tigers thoroughly outplayed the Georgia Tech before 20,000 stunned fans today and returned to their North Carolina bills with a 21-7 upset victory. The supposed toujours before the Georgia game proved to be anything but true to the masked Yellow Jackets. It was Clemson's first win of the season since 1936 and their second since 1907. This was the 27th meeting of the two schools.

The Tigers scored on the opening drive, with Cagle's one-yard plunge. Tech returned the favor on the Tech 42, but an 11-yard pass to Kilzer for the score. Jernigan converted and it was Clemson 7, Tech 0.

On the next kickoff Clemson raced back 75 yards in seven plays to put the game away. This time it was Butler going over from the 4. Cagle converted.

Tech tried desperately, but to no avail, to score again. The Clemson line stopped on and the Jackets with their minds on the Georgia game next week were no match for the alert Clemson Tigers, intent upon an upset. Clemson 21, Tech 7.

The Tech variety started the second half. Birk most often scored on a 35-yard run but was hauled down. Clemson intercepted a pass and Butler quick-kicked. Near the end of the half Tech started on its 22. Mathews went for 10. Then a pass from Mathews to Kilzer put the ball on the Clemson 27 as the quarter ended. On the next play Holtsinger connected with Brodnax on the goal line who went over for a touchdown. Holmes converted and it was Clemson 14, Tech 7.

On the next kickoff Clemson raced back 75 yards in seven plays to put the game away. This time it was Butler going over from the 4. Cagle converted.

Tech tried desperately, but to no avail, to score again. The Clemson line stopped on and the Jackets with their minds on the Georgia game next week were no match for the alert Clemson Tigers, intent upon an upset. Clemson 21, Tech 7.

TECH (7), CLEMSON (21)

Atlanta, Ga., Dec. 1—Georgia Tech saw red today. Most of it was on the backs of Georgia players rubbing by as the Bulldogs exploded to a 33-0 victory. Charlie Trippi, a great back, threw three touchdown passes and scored one himself to lead the way. The other Georgia score came on a pass interception by Floyd Reid.

It took Georgia only ten minutes to go ahead in the ball game 7-0. Hatcher had quick-kicked 51 yards for Tech to the Bulldog 29. Trippi threw a long one on second down to Smith on the Tech 36, and he eluded two would-be tacklers to score. Jernigan converted. The quarter ended with Tech on its own 20.

Lunsing, Holtsinger and Peck were stopped and then Davis booted one 20 yards from his own 21 to the Georgia 10. Georgia came back all the way but defensive tackling and Tech recovered in the end zone. Tech got no place and Davis kicked out. Georgia lost the ball on down on the Tech 18. On third down Reid intercepted Mathews' pass and ran 41 yards to score. Jernigan missed and it was Georgia 14-0.

Georgia threatened once more before the half, but Basler broke it up with a pass interception on his own 30. The half ended Georgia 14. L. S. U. 0.

The third period was a big one for the Bulldogs as they scored twice. The first one came on the first play after the half. Trippi threw one from his 13 to Mosely on the Tech 4, the latter reached over Peck's head, snagged the pass and scored. Jernigan converted. The first one came on the first play after the half. Trippi threw one from his 13 to Mosely on the Tech 2. The latter reached over Peck's head, snagged the pass and scored. Jernigan converted.

The second time Georgia got the ball in the fourth quarter they scored again. Trippi ran over from the seven after starting from the Bulldog 42. The latter reached over Peck's head, snagged the pass and scored. Jernigan converted.

The second time Georgia got the ball in the fourth quarter they scored again. Trippi ran over from the seven after starting from the Bulldog 42. The latter reached over Peck's head, snagged the pass and scored. Jernigan converted.
