New, this is the first group of students in the program.

HP is for first two years of college before students delve into their majors.

Goal: a lively environment of rigorous learning and exploring that involves students and faculty together in commitment to intellectual inquiry, careful analysis, energetic exchange of ideas.
  o Innovative introductory courses – smaller, inquiry-driven
  o Topical seminars
  o Coordinated academic advising to prepare for undertaking major
  o Honors residence to facilitate outside-of-class conversation, study groups: Howell Res. Hall
  o Peer leaders from upperclassmen

Students who are not only very bright, but also curious, open to exploration, willing to take their education beyond the classroom.

GT recognizes that today’s global economy is driven by innovation; strives to educate students to become leaders in that environment. Offer additional leading-edge programs that HP students may want to take advantage of:
  o International Plan
  o Research Option
  o LEAD: Leadership Education and Development program
