The 1947 Blueprint
The Official Yearbook of the

GEORGIA SCHOOL OF TECHNOLOGY
ATLANTA, GEORGIA

Published by the Students

E. Calvin Johnson, Jr. . . . . . . . . Editor
Bruno Damioli . . . . . . . Business Manager
Following its humble rebirth after the War Between the States, Southern industry has expanded to include vast enterprises in the fields of textiles, petroleum, chemicals, iron and steel products, and machinery manufacture. In the short period of eighty years, our industries have grown to such an extent that their annual output is now in excess of 20 billion dollars. This is an impressive figure, but it represents a mere beginning. Present day trends in major industries point toward accelerated Southern expansion, as evidenced by the huge plants being built in many of our major industrial centers. Our temperate climate and the availability of labor will intensify this movement.

These startling changes in industrial activity are reflected in other phases of the South's economy and general well-being. Farm incomes have increased three-fold in the past five years, and the savings of the average family have more than doubled in the same period.
These are facts which point to a steadily increasing standard of living and also indicate the establishment of foundations for further development.

Such tremendous advances open new vistas for today's graduate from a Southern school. No longer must he go North to seek gainful employment; instead, he can apply his energies and talents in the South.

A school such as Georgia Tech has a great responsibility. Through its research, it must develop products and methods of manufacture which will disclose new horizons for industrial development. Its faculty must constantly serve in an advisory capacity to business leaders. By far its greatest task, however, is the continued provision of trained men to staff our industries, men who have sufficient background not only in the basic sciences, but also in those economic, social, and moral aspects of life which will enable them to continue to build the South.
Oh, sons of Tech, arise, behold!
The banner as it reigns supreme,
Far from on high the White and Gold
Waves in its triumphant gleam.
The spirit of the cheering throng
Resounds with joy revealing
A brotherhood in praise and song,
In memory of the days gone by.
Oh, Scion of the Southland,
In our hearts you shall forever fly.
Fuller Earle Callaway, Jr.
In keeping with the industrial theme of the 1947 BLUE PRINT it is highly fitting that recognition be given to Fuller Earle Callaway, Jr., whose brilliant career in Southern industry has been history making and whose intense interest in scientific research has won for him worldwide acclaim. His unselfish contributions to his fellow men may well serve as a challenge to all graduates of Georgia Tech. To this great Southern citizen of the nation we sincerely and respectfully dedicate this fortieth volume of the BLUE PRINT.
PRESEDENT
The Georgia School of Technology is fortunate in having a man of the caliber of Blake Ragsdale Van Leer as its president. Because of his brilliant leadership, our school maintained its high place among educational institutions during the difficult war years, and now, as we expand, he will be called upon even more to show his great ability. Dr. Van Leer has a colorful background in the field of education, having been Dean of Engineering at both the University of Florida and North Carolina State College. As a colonel in the United States Army, he was chief of the operations branch of the Army Specialized Training Division. Under Dr. Van Leer Georgia Tech is destined to take its place as the greatest technological institution in the country.
Dr. Brittain, who was president of Georgia Tech for more than twenty years, has gained the admiration and respect of undergraduates and alumni alike. During his administration Tech was admitted to membership in the Southern Association of Secondary Schools and Colleges, enrollment was nearly doubled, and twenty-two new buildings were added to the campus. Under his guidance we developed into an institution of national importance. Dr. Brittain will long be remembered for the part he has played in the growth of Georgia's educational system.
Dean Narmore and Dean Griffin, as Executive Dean and Dean of Students, are responsible for carrying out the policies of the institution. They have performed their difficult duties with the quietness and firmness characteristic of true leaders. A large part of the problems of the growing student body falls on these men, and it is due to their efforts that close harmony is maintained between the faculty and the students. Both Dean Narmore and Dean Griffin are graduates of Georgia Tech and have served on the faculty in other positions. Their promotion to these offices is tribute to their ability.
OFFICERS OF

MARION LUTHER BRITtain . . . . A.B., LL.D. President Emeritus
HARRIET HENDERSON
Administrative Assistant to the President
PHIL BLASER NARMORE . . . . Ph.D. Executive Dean
WILLIAM VERNON SKILES . . . . B.S., A.M., Sc.D. Executive Dean Emeritus
LLOYD WALTER CHAPIN . . . . M.A. Registrar and Secretary to the Faculty
ESTELLE ALLEN . . . . B.S.
WILLIAM LAWSON CARMICHAEL . . . . B.S., M.S. Director of Admissions
ROBERT SYRIT . . . . R.S. Comptroller
FRANK K. HOUSTON . . . . C.P.A. Treasurer
JAMIE R. ANTHONY
P. J. Rogers, Jr . . . . C.P.A. Purchasing Agent
Chief Accountant
ROBERT IRVING SARBACKER . . . . Sc.D. Dean of Graduate Studies
JOHN LAURENCE DANIEL . . . . M.A. Vice-Dean of Graduate Studies
CHERRY LOGAN EMERSON . . . . B.S., E.E. Dean of Engineering
DOMENICO PIETRO SAVANT . . . . B.S., M.S., E.E. Vice-Dean of Engineering
RALPH A. HEPNER . . . . Ph.D. Dean of General Studies

The 1947 BLUE PRINT
Top right: Henry L. Scott, the one man a la, pauses during one of his renditions to lower at the photographer. His antics put tech men in a good mood to study for their approaching exams. Bottom right: Typing is a job these days, especially with that pin-up in the wall.

Below, bottom right: The Bulldog Club presents the awards to the winners of the freshman cake race. Bottom left: Buddy kike gazes in horror at the many impossibilities. Top right: Temporary President Dan Kyker votes in the student council elections. Top left: Tech's ugliest poses in front of his likeness.

*Passing in review.*
Georgia Tech is one of the few schools in the country selected to have a regular Naval R.O.T.C. unit. Under the able leadership of Captain Briggs, the unit here at Tech is doing much to make the school proud of it.
The Naval R.O.T.C. is made up of one battalion composed of two companies. Only students of outstanding scholarship who meet the physical requirements are selected. A four-year course in Naval Science and Tactics is offered which leads to a commission of ensign in the Navy.

The Tech Army ROTC unit has been completely reorganized and greatly increased in size during the past year.

Colonel W. Q. Jeffords, Jr., joined the faculty in August, 1946, and now heads the unit. Colonel Jeffords has a colorful military background gained from 30 years of service including duty as assistant military attache in the American Embassy in London. His years of experience have enabled him, with the aid of his competent staff, to shape one of the best ROTC units in the country.
The Tech ROTC unit was awarded an excellent rating at the annual Federal Inspection for the 1945-1946 school year. During this same period the Tech ROTC rifle team finished first in the Fourth Service Command Competition and placed second and third in the William Randolph Hearst Trophy Match for the Fourth Service Command area.

COMPANY "‘B’"
There are now five branches of the service represented at Tech. The Infantry, Coast Artillery, Signal Corps, and Ordnance units, formerly here, have been reactivated and, in addition, an Air Force unit has been established.

The Air Force courses consist of training in meteorology, aircraft maintenance, administrative and supply work, and personal training.
The final year includes an orientation program for actual flying in which each student receives 10 to 20 hours of flying time.

Upon successful completion of four years' training in any branch, including six to eight weeks of summer camp, the student receives a reserve commission as second lieutenant in the Officers' Reserve Corps of the Army of the United States.

COMPANY "D"
Earl Carroll, the Hollywood "Through these portals . . ." beauty expert, has chosen the following five beauties for this section. We wish to thank and congratulate him for a difficult task well done.

Miss Alyce Parrish
GEORGETOWN, SOUTH CAROLINA
Once again the spirit of homecoming dominated the otherwise studious atmosphere in the flats this year when the old grads wandered back to their expanding alma mater. Old friends met and enjoyed the re-telling of their age-old collegiate jokes. The alumni visited the school, witnessed the efforts of an education hungry G. I. Joe, saw the growth of the school, ate barbecue at the "Y", sang, and then went to a ball game. And what a ball game it was!

An unlucky, oft-beaten but powerful Navy team led the Jackets until the final minutes of play, when Tech scored a fortunate but well deserved win by capitalizing on the breaks. It was truly a "last second thriller" which displayed fine school spirit and strong team play.
Immediately following the game, Tech men journeyed down Peachtree to Five Points, where they held an impromptu pep rally. Before the game, most of Tech’s 21 fraternities decorated their houses with various “sink Navy” themes, which added much color and enthusiasm to our annual greeting of the welcomed alumni.

A parade of Ramblin’ Recks took place in the morning around Peters Park. A wide variety of unusual items, such as bathtubs, smoke bombs, caged goats, guillotines, and huge shotguns were mounted on the wrecks, each with its individual and sometimes completely incoherent message. The Sigma Alpha Epsilon junk won by a hair, and was dubbed the winner after some close competition from the Deltas and K A’s.

All in all, it was highly typical of the rowdy, cheerful, well organized, and welcoming homecoming which has helped make Tech famous.

Right: Watson pilots the ATO junk for Admiral Burdell. . . Below: Chi Phi’s second place decoration features a doomed middle.
Top left: The Phi Delta Theta's gigantic billy goat. Above: Delta Tau Delta's prize winning battleship, the U.S.S. Snafu. An unusual and interesting SAE decoration.

Below, left: The Dels again gathering myriads of onlookers. Right: The ATOmic powered wreck on Peachtree Street.
Living up to the true Tech spirit, the alumni swarmed back Homecoming Day to gather in the YMCA and celebrate old times. Dr. M. L. Brittain was on hand to welcome those over whom he had presided. Many old faces gave spirit to an older affair. A few speeches, a lot of talking, and the delicious barbecue really put our grads in excellent shape for ambling across the street to watch their "boys" tromp a scrappy Navy team 28-20.

The Bulldog Club sponsored a Homecoming dance that night. The alumni crowded in Tech's huge gymnasium and scraped their feet to the lyrics of one of the foremost college bands, the Auburn Knights. What a wonderful way to conclude a big day in the history of Tech.
The music of Freddie Slack attracts a jam-packed crowd.

Davis, Johnson, Likens, and Maas head the lead out.

Slack’s piano accompanying his vocalist, Dottie Dare.

A pair try it the hard way.

Part of the crowd filing out the door.

Sitting this one out.

Maas and Davis tripping the heavy fantastic.

Freddie Slack autographs a book of tickets.
The Interfraternity Council sponsored one of the biggest events of the social season last December when Freddie Slack and his fourteen-piece orchestra provided the music for an enthusiastic dance crowd. From the beginning it was apparent that all three dances would be both successful and crowded—they were.

One of the major honorary societies of Tech, ANAK, heightened the interest of the evening by tapping those chosen as the most outstanding men at Tech. The few chosen for this high honor beamed proudly, and rightly so.

A tea dance, a regular dance, and a formal constituted the entire engagement. At each the maestro delivered some of that scintillating piano rhythm for which he has become famous. Vocalist Dottie Ann Dare rendered a few sweet numbers while the crowd watched admiringly. The dances concluded with the Saturday night formal, a huge success.
Atlanta rocked last year with the round of fraternity dances that seemed to never end. Hardly a weekend passed without some function of the informal, and usually one of the formal, variety being given. Tuxes and tails were definitely in vogue to accompany the evening dresses of all descriptions, including the low-necked type. Beautiful women, melodious bands, and colorful decorations gave atmosphere to all the occasions. Wallflowers climbed off their walls and took a whirl. The Kappa Sigma Fraternity gave their annual Black and White Ball; the Phi Epsilon Pi Fraternity held a flashy formal; and Sigma Chi elected its sweetheart at the largest attendance of any formal dance. These were only the highlights of a fraternity social season that will likely never be equaled.

*Above:* Black and White Formal. . . *Below, left:* Dick Bodine, B. L. Brown, and dates during the Sigma Chi Sweetheart Ball. . . *Right:* a hot one makes the bugs jump at the Phi Ep Formal.
Right, Top to Bottom: The Kappa Sigma Black and White Formal in the Biltmore. The event of the entire Kappa Sig social season. . . . Part of the large turnout for the Sigma Chi Sweetheart Ball. It was crowded but everyone seemed to enjoy themselves. . . . Greenbaum leers at the camera during the Phi Epsilon Pi Formal in the ballroom of the Biltmore. Banquets and parties preceded and followed this blowout. . . . Kirk and Bates predominate during one of the faster numbers of the Sweetheart Ball.
MORE GOOD TIMES

The Interfraternity Council is the governing board for all fraternities on the campus. Composed of two representatives from each national fraternity, with Dean George Griffin as an adviser, it controls all interfraternity and school-fraternity relations. Each year the Council sponsors two sets of dances, the first coming before Christmas and the last at the end of the school year.

In March 1946, the Zeta Chapter of Alpha Epsilon Pi, inactive for 20 years, was again reestablished on the Tech campus. With the brothers of the Sigma Gamma Fraternity as a nucleus, Alpha Epsilon Pi expanded its membership rapidly, and they now have a very strong chapter. The social season was highlighted by a semi-formal initiation dance, an all-day outing in cooperation with other chapters of the fraternity at Emory University and at the University of Georgia, and a highly successful “Roaring Forties Party.” The Zeta hopes to attain even greater success with the acquisition of a new home sometime in the near future.
Clockwise: The Adam's Park outing... All the smiles right after initiation... Blackie Goldberg and smiling date... Unum, looks good!
The Maltese Cross of Alpha Tau Omega is symbolic of the oldest fraternity at Georgia Tech. Organized in 1888, this chapter was granted its charter three months before Tech received its charter as an authorized state institution. Alpha Tau Omega, the first Greek-letter fraternity organized after the Civil War, was founded at Richmond, Virginia, on September 11, 1865. Now grown to be one of the great national fraternities, A.T.O. has ninety-five active chapters throughout the nation and over fifty thousand lifetime members. Advocating a well-rounded college life for its men, the Beta Iota Chapter is collectively interested in maintaining a high scholastic standing and keeping its high place in leadership and campus activities. House-parties, the Spring Formal, hayrides, and informal dances keep up the social interests while the year-round participation in intra-mural sports rounds out a full program.
Clockwise: ATO's prize rushee... Music appreciation. Beauty and the beast... We took those pictures.

Beta Theta Pi is entering its 108th year of continuous existence as a national social fraternity. Founded at Miami University in 1839, it now has over ninety chapters, with a total membership of more than forty thousand. The local chapter, Gamma Eta, was installed at Tech in 1917 and has been well represented by its members in nearly all campus organizations and activities. Outstanding among the Beta Seniors are: Bob Bailey, member of ANAK and Vice President of the Interfraternity Council; Niles Millsap, member of ANAK and Omicron Delta Kappa, and editor of the TECHNIQUE; and Phil Thomas, chapter president and member of Alpha Chi Sigma.

Known as the first Greek-letter fraternity to be chartered, Chi Phi has been in existence since 1824, at which time a literary and religious club became known as the Chi Phi Fraternity. The local chapter was established here at Tech in 1904 and since that time it has been increasing in number and in strength. The national fraternity has followed a conservative expansion policy and now has thirty-five chapters with a total membership of over twenty thousand.

Alpha Gamma Chapter

The Alpha Gamma Chapter of the Delta Sigma Phi Fraternity was founded on the Georgia Tech campus in 1920. First known as the Soldier's Club because it was founded by veterans of World War I, the members soon petitioned and became a chapter of the nationally known fraternity. The World War II years sadly depleted the ranks of this fraternity, and the returning veterans gratefully appreciate the fact that so few of its members and alumni carried the burden of keeping this chapter active for so long. Now that the Delta Sigs are united again the house vibrates with laughter and logarithms.
Clockwise: Some of the sons of the Sphinx take a swirl at dancing,... We got women at our house,... Within dwells the spirit of the Sphinx,... Coats and ties indicate formal show time.
Delta Tau Delta was founded at Bethany College in 1859 and now has seventy-five active chapters and over a hundred alumni chapters throughout the country with a total membership of over forty thousand. In February of 1920, a local fraternity known as Beta Phi Delta was granted a charter as Gamma Psi Chapter of Delta Tau Delta. This year the Delts rose to great heights on the Tech campus by winning the Interfraternity Softball Tournament, the annual homecoming decoration award, and by placing third in Ramblin’ Reck contest. This spring the annual Artists and Models ball was held and again turned out to be one of the most successful of fraternity dances.
Clockwise: Player and Simpkins got the last drop of Kickapoo Joy Juice. . . In the middle of Eureyh Street right after the Artists' Ball. . . Rakke helps dunk the Navy. . . Hugo gives an Ipana grin for the photographer.

Alpha Sigma Chapter

The Kappa Alpha order was founded at Washington and Lee University in December of 1865, and now has sixty-seven chapters with a total membership of over thirty thousand. One of the first fraternities on the Tech campus, Kappa Alpha was installed locally in October 1899, as Alpha Sigma Chapter. Kappa Alpha Fraternity is a southern fraternity and has all of its chapters below the Mason-Dixon Line. The fraternity has always been well represented by its members in the different campus organizations and activities, and this year was no exception as some of the key positions in ANAK, O.D.K., the Inter-fraternity Council, and other societies were held down by Kappa Alphas.

The Kappa Sigma Fraternity, founded in 1869 at the University of Virginia, now consists of 115 chapters throughout the United States, with chapters in Canada and Hawaii. Alpha Tau Chapter was chartered in 1895 and is one of the most active fraternities on the Tech campus. Last year the Kappa Sigs added to their trophy collection the 1946 IFC basketball championship. We have been well represented in campus activities with members in Anak, Eta Kappa Nu, Business Manager of the BLUEPRINT, Bulldog Club, ASME, Pi Tau Sigma, Pi Delta Epsilon, ENGINEER, YELLOW JACKET, IFC officers, ASCE, American Legion, AIEE, IRE, Camera Club, Alpha Phi Omega, International Relations Club, Phi Eta Sigma, YMCA Cabinet, Tau Beta Pi, Chi Epsilon, IAS, SAM, Student Council, varsity football and track, Debating Society, TECHNIQUE, Phi Kappa Phi, and class Officers. One of our outstanding social events is the Kappa Sig Black and White Ball held annually.

SIGMA
Delta Chapter

The national fraternity of Lambda Chi Alpha was founded in 1909 at Boston University, and it is now the second largest national fraternity. It has a total of 112 chapters in the United States and two in Canada. It is thus recognized as the largest international fraternity as it has a membership of over 50,000. The Beta Kappa Chapter was established on the Tech campus on October 6, 1942, after achieving an enviable record during its affiliation with an old club known as Beta Kappa. Lambda Chi Alpha has enjoyed a very active social year, which was highlighted by its annual formal dance at the Biltmore Hotel. The chapter was delighted with the crowning of Bette Dillard as “Sweetheart of Lambda Chi” for this year.

CHI ALPHA

The Georgia Delta Chapter of Phi Delta Theta, founded at Georgia Tech in 1902, has seen few years in its half-century of existence to surpass the one which is now being brought to a successful climax. In the field of sports, Phi Delta Theta walked off with championship trophies in I.F.C. track and swimming competition. On the varsity football squad were eleven Phi Delts who won letters. In the campus organizations, Phi Delta Theta was also well represented as its members were active in ANAK, Tau Beta Pi, the Bulldog Club, the campus publications, and other campus societies. The social life of the Phi Delts was also kept up to par by the many houseparties, dances, and the well-known "Bowery Balls."

Xi Chapter

Phi Epsilon Pi was founded on November 23, 1904, at the College of the City of New York; Xi Chapter here at Tech was established January 15, 1916. Always active throughout the war, the first postwar semester found the chapter the strongest and largest in its history. The chapter has been active in extracurricular activities, and at the same time, its members have participated in intra-fraternal activities. Along with Tech's expansion program, Xi Chapter is instigating its own program, with plans for a new and larger house to be built in the near future. A full social calendar of picnics, house-parties and rush week affairs was highlighted in November by a weekend celebration of Xi's thirtieth anniversary with a banquet and formal dance held at the Biltmore Hotel.

Gamma Tau Chapter

Phi Gamma Delta had its origin at Canonsburg, Pennsylvania, at Jefferson College in the year 1848. It was founded primarily as a southern fraternity, but soon after the Civil War it became a national organization, until now it has seventy-four active chapters with a total membership of over forty thousand. The Gamma Tau Chapter was installed at Tech in 1926 when Gamma Tau Delta, a strong local fraternity was granted a charter in Phi Gamma Delta. The return of many veteran brothers marks another major step in the advancement of Phi Gamma Delta on the Tech campus and on the other college campuses throughout the United States.

Alpha Nu Chapter

Founded at the University of Pennsylvania in 1850, Phi Kappa Sigma has expanded until there are now forty chapters located at the leading educational institutions in the United States and Canada. The Alpha Nu Chapter at Georgia Tech was founded in January of 1904 and became the first chapter on the campus to own its own house. In keeping with the conservative expansion policy of the fraternity, the roll of the Alpha Nu Chapter has been limited to only thirty members. In spite of this relatively small group, Phi Kaps have always furnished a large part of the leadership on the campus. Bolstered by the combination of returning veterans and new pledges, Phi Kappa Sigma is making bigger and better plans for the future, toward which it can look with confidence.

Phi Kappa Tau Fraternity was organized in 1906 at Miami University, Oxford, Ohio. Its growth has been steady and conservative, and at the present it has forty-nine chapters which are widespread throughout the United States. Phi Tau is one of the two fraternities which owns its own headquarters building and three-fourths of the chapters own their own houses. The fraternity is a member of the American Interfraternity Conference and ranks fifteenth in size among sixty college fraternities. Alpha Rho Chapter was originally installed on the Tech campus in 1929. It returned to the campus in September 1946, after a period of dormancy over the war years.

In the year 1868 the Pi Kappa Alpha Fraternity was founded at the University of Virginia and has expanded nationally until now there are over eighty-five chapters throughout the United States. The Alpha Delta Chapter has been outstanding in campus life and activities since its founding in 1901. The Pikas of Tech have enjoyed an expanded membership during the past year and rate high on the campus as an active social fraternity with many outstanding activities. They have entered all inter-fraternal competition at Tech and have won many trophies including the Ramblin' Reck contest for 1944 and 1945. Social activities have also been numerous and unexcelled as many house parties, trips to Lake Burton, the annual 'possum hunt, the Black and White Ball, and many house dances have been enjoyed by all members of the chapter. The word Pike has actually come to mean friendship, fellowship, and brotherly love in the highest sense, and the members of Pi Kappa Alpha live and work together with a cooperation and friendly understanding that is unsurpassed by any other group.
Pi Kappa Phi was founded at the College of Charleston on December 10, 1904. Iota Chapter was instituted on the Tech campus in 1913. Its thirty-three chapters give representation from coast to coast. Throughout the year a series of dances, steak fries, and banquets were held. The annual Founders' Day ball was resumed after a lapse during the war years. The Pi Kaps were active in intramural sports, being especially proud of their softball team, which won many victories. The chapter had three men on Tech's outstanding baseball team. They were: Frank Key, Leslie Tarbutton, and Walter Crawford. Several prominent members were lost through graduation, but the return of numerous veterans enlightens the future of the coming year.

Sigma Alpha Epsilon was founded at the University of Alabama on March 9, 1856, and has since that time grown and expanded until it now has one hundred thirteen chapters, with a membership which exceeds sixty thousand. Georgia Phi, the chapter here at Tech, was installed in March 1890 and thereby was the second national fraternity on the Georgia Tech campus. This year was one of the most successful years enjoyed by the fraternity. One of the largest pledge classes in the history of the chapter was received in September, and the many activities on the campus were numbered with S.A.E. members. This year the fraternity was also successful in winning the Interfraternity Council football league championship.

The Sigma Chi fraternity was founded at Miami University, Oxford, Ohio, in 1855 and has since become one of the largest fraternities in the country. The Beta Psi Chapter was established here at Georgia Tech in 1922 when the local fraternity, Pi Alpha Sigma, received its charter from the Sigma Chi National fraternity. The fraternity now has ninety-eight chapters, with a membership of fifty thousand. With the return of many brothers from the armed services Sigma Chi is again one of the top-ranking Tech fraternities. The social season was crammed with dances, house parties, and other enjoyable forms of entertainment for the members of the fraternity. The annual "Sigma Chi Sweetheart Ball" was held this year and again provided one of the best dances of the year.

Gamma Alpha Chapter

Founded at Virginia Military Institute in 1869, Sigma Nu was installed at Tech in 1896, the fourth national social fraternity to reach the campus. The year 1946 marked the Golden Anniversary of this chapter of Sigma Nu and the seventy-seventh anniversary of the national fraternity. A White Rose Formal dance, commemorating this chapter’s founding, was held at Druid Hills Country Club on November 19, 1946. This was Gamma Alpha’s outstanding function of the year, being attended by alumni and members of Sigma Nu fraternity from Auburn, Emory, and the University of Georgia. Numerous other socials and functions were presented throughout the year.

Sigma Phi Epsilon is a comparatively young fraternity, having been founded in 1902. The organization that became Sigma Phi Epsilon was a local organization on the campus of Richmond College, Richmond, Virginia, known as the "Saturday Night Club." This club was founded by six students of that institution a year preceding the signing of the Sigma Phi Epsilon charter. Since that time, the fraternity has grown rapidly and will soon have ninety active chapters throughout the United States and Canada. The Georgia Alpha Chapter which came to the Georgia Tech campus in 1907 remained active throughout the war, and present membership is well above the prewar level.

Phi Chapter

Tau Epsilon Phi, the outgrowth of a professional fraternity, was founded at Columbia University on October 10, 1910. Phi Chapter was installed on the Tech campus in 1922. This year, for the first time since 1942, Phi Chapter was able to sponsor the well known Southern Conclave. Since the majority of the Phi men had already returned from the services, this year’s conclave proved to be the largest and most successful in the history of Tau Epsilon Phi here at Tech. Many other parties and smaller dances helped to round out the year’s social activities. Tau Epsilon Phi also participated in many intramural sports. Although not champions, Tau Epsilon Phi men had that “never say die” spirit for which they are noted. With the plans made by Georgia Tech for a new and larger campus, the fraternity also has plans of its own. After a quarter of a century of fun, frolic, and good hard work behind, Tau Epsilon Phi is looking forward to an even brighter and more prosperous future.
who: No, no, Gerrie! ... Is everybody happy? ... Oh, you're ugly! ... The conclave.

Alpha Nu Chapter

Theta Chi was founded at Norwich University on March 10, 1856. It now is one of the thirteen largest national fraternities, with seventy-three active chapters. Alpha Nu was installed at Tech in 1923 by prominent members of the student body and alumni. With the active support of the Atlanta Theta Chi alumni group the chapter purchased a new home on Spring Street early in 1946. Parallel with many school activities and social functions the Theta Chi Chapter has always maintained a high scholastic standing. Evidence of this fact are the Interfraternity scholarship cups which the chapter has won.

ANAK, the oldest honorary on the Tech campus, is the highest local honor a Tech student may obtain. The members of ANAK are selected from the men of the Senior Class who are outstanding among their fellow students by their achievements for and services to Georgia Tech. Since its founding in 1908, ANAK has numbered among its members many Tech men who have become leaders of national prominence. ANAK has been responsible for founding nearly all of the other clubs that exist on the Tech campus.
Omicron Delta Kappa is a national college activities fraternity for men. Members are selected on a point basis—a definite number of points being given for each honor or position attained by the student. When a student has amassed a minimum of thirty points and maintained a definite scholastic average, he is eligible for election—the ultimate election depending upon his character and popularity among his fellow students. O. D. K. ranks along with ANAK as the highest honorary organization on the Tech campus.

Tau Beta Pi is the largest honorary engineering fraternity in the country and numbers among its members many of our leading engineers. Eligible for membership in the society are the upper eighth of the engineering junior classes and the upper fifth of the engineering classes in their senior year based on excellence in scholarship, character, loyalty, personality, leadership, and school activities. The local chapter annually gives a scholarship cup to the senior with the highest four-year average in the engineering school.
Phi Kappa Phi is the oldest national honor society on the Georgia Tech campus. Founded in 1897, it now has chapters in fifty colleges and universities. The local chapter was installed in 1914. Membership in Phi Kappa Phi is awarded to those members of the senior class who have excelled in scholarship during their first three years at Georgia Tech. The local chapter conducts the annual Honors Day exercises and awards each year a scholarship cup to the senior with the highest scholastic average.

Phi Eta Sigma, a national freshman honorary scholastic fraternity, was installed at Georgia Tech in 1930. Membership in Phi Eta Sigma is the highest honor which a freshman may receive at Georgia Tech. Only those men having an average of 3.5, which is equivalent to grades of one-half A's and one-half B's, based on the first semester or the entire freshman year, are eligible for membership. Each spring the fraternity presents a cup to the freshman having the highest scholastic average for the first semester.

MINOR HONORS
Alpha Chi Sigma is the national honorary and professional organization for chemists and chemical engineers. This fraternity has for its chief aims the furthering of pure and applied chemistry, and the recognition of individual achievement. It presents each Honor’s Day a chemical handbook to the junior maintaining one of the five highest scholastic averages. Students are eligible to be elected to membership who have shown decided interest in chemistry or chemical engineering, who have reached second quarter sophomore status, and who have maintained a 2.5 overall scholastic average. The work of the local chapter includes providing exhibits for the student body, sponsoring speakers on scientific subjects, and establishing a medium for social contact among its members.

The Architectural Society, composed of architectural students who have completed three semesters of work, strives to increase interest in architecture and its applications. Each year it enters the work of outstanding students in a national contest. In the fall it holds a reception for all freshmen desiring to take architecture in order that they might become acquainted with the department and their fellow students.

The Bulldog Club is one of our best known local organizations. It was founded by a group of seniors in 1910 to promote college spirit and interest. The club merged with the Junior Koseme Club in 1933 to form the present organization, whose members are selected from the most outstanding juniors and seniors on the campus.

Chi Epsilon is the only national fraternity composed entirely of men in the field of Civil Engineering. Founded at the University of Illinois in 1922, it recognizes and encourages the qualities of scholarship, character, practicality, and sociability in the undergraduate Civil Engineer. The Georgia Tech Chapter of Chi Epsilon, founded in 1943, was formed from the Civil Crew, the oldest honor organization on the Tech campus. Among its many activities are field trips, guest speakers presenting news of the profession, and movies on various engineering subjects.
Eta Kappa Nu is a national honorary electrical engineering fraternity founded in 1904, the local chapter being installed in 1941. The membership is composed of those junior and senior electrical engineering students who are outstanding in scholarship, character, and leadership.

The Industrial Management Society is open to all students in industrial management who are outstanding in both scholarship and extra-curricular activities. Throughout the year the society maintains an active program. At the end of the school year, the club presents a loving cup to the senior graduating with the highest average in industrial management.
Kappa Kappa Psi fraternity is a national honorary musical organization for college bands. Membership is limited to those bandsmen who prove themselves true musicians and who exhibit a genuine interest in the activities of the band, not only by being present at all rehearsals and performances, but by putting forth effort to aid and improve the band. The purpose of the fraternity itself is to help raise the standards of college bands and promote fellowship among the many school bands.

The Ramblin' Reck Club is an organization whose purpose is to keep up school spirit. Members are chosen from the junior and senior classes, and the number is kept small to insure efficiency. During the football season the Reeks hold a pep meeting before each game, and the day of the homecoming game sponsor a Ramblin' Reck contest between different organizations on the campus. At the beginning of each school year the Reeks give instruction to the incoming freshman on the duties of a rat and on the traditions of Tech.

Founded in 1915, the Co-Op Club is one of the oldest social clubs on the campus. This year it was reactivated after a three-year lapse during the war years. Its purpose is to promote interest in college activities and to achieve a friendly spirit of cooperation among the students. Its membership is composed of those students in Co-operative Engineering who are outstanding in scholarship, character, and leadership.
The T Club is an organization composed of men who have won letters in one of the major sports here at Tech. It has as its purpose the fostering of school spirit and the increasing of interest in school athletics.

L. W. Hook          N. C. Turner
S. A. Ingram        H. W. Westbrook
A. E. Johns         G. B. Wilson

First row, left to right: Bain, Barnes, Brodnax. Second row: Cooper, Cox, Davis. Third row: Gibson, Healy, Hochmuth.
The Student Council is the governing body on the Georgia Tech campus. The Council is elected by the student body itself; each class and group of organizations has representatives on the Council. The purpose of the organization is to represent the student body in all matters affecting student interest, to provide a medium of communication between the students and school authorities, and to preserve the customs and traditions of the school.

First row, left to right: HOLCOMB, INGRAM, JOHNS, JOHNSON, KELLY, McPHIRESO, . . . Second row: MARTINELL, MATHEWS, MILLSAP, MCWAIN, NOLAN, PAINE, . . . Third row: QUEEN, SMITH, SWINNIE, WESBROOK, WILSON.
The Young Men's Christian Association strives to help people in every way it can. Every student is a member. Every Y.M.C.A. facility is for his benefit and is at his disposal. The "Y" Cabinet, in co-operation with others, presents a religious and recreational program. Some of its features are Bible Study, Motion Pictures, Vespers, Open House, Deputations, Conferences, Forums, The World Student Service Fund, and the Student Directory. Each student is invited to take a part in the activity in which he is interested.

First row, left to right: BERGEN, CECIL, FULTON, HUNT, JOHNSON, NELSON, . . . Second row: PARKER, PEEPLES, PURDY, SMITH, THOMPSON, WILLBANKS.
Composed of three faculty members and three students selected by the Student Council, the Student-Faculty Honor Committee was formed in 1932 to administer just and impartial rulings on cases of suspected dishonesty of students. The committee has been valuable in the formation of higher standards of honor here at Tech.

Coach Alexander is one of the country's best known coaches. He was head football coach in The Flats from 1920 until 1945, when he turned over the job to Bobby Dodd, his backfield coach. Under his close guidance Tech has broadened her athletic program, and in the past ten years has won conference championships in football, basketball, track, cross country, swimming, fencing, and tennis.

In 1942, Coach Alexander was elected "Football Coach of the Year" by the poll conducted by the New York World-Telegram. Besides being head coach at Tech, Coach Alexander has served for many years as a member of the National Football Rules Committee, and is a former president of the American Football Coaches Association.

Robt. E. Dodd, Head Football Coach

Bobby Dodd was born in Galax, Virginia, and attended high school in Kingsport, Tennessee, where as an all-round athlete he participated in four sports. After his graduation from high school he entered the University of Tennessee, and during his time there he was active in football, baseball and basketball. He was outstanding in football as a field general and in 1930 was chosen All-American quarterback.

In his first year as head coach, Coach Dodd faced one of the most rugged schedules ever outlined in the nation. Twice during the '46 season he was named "Coach of the Week" in the Southeastern Conference—once after the resounding win over powerful LSU and again after the Jackets swamped a deceptive Tulane eleven.

Ray Ellis, Assistant Coach

Coach Ellis came to Georgia Tech in the spring of 1941 after serving for many years as head coach of the football and basketball teams at Madisonville High School in Madisonville, Kentucky. Coach Ellis went to high school in LaGrange, Kentucky, and afterwards attended the University of Kentucky.

He was appointed line coach of the Yellow Jackets in 1941 and in 1946, when Bob Woodruff was named to coach the Tech line, he was promoted to the position of assistant coach.

Dwight Keith, Backfield Coach and Sports Publicity Director

Coach Keith attended high school in Birmingham, Alabama, where he played every sport and was named to the All-State football, basketball, and baseball teams. He was captain of the football and basketball teams in his final year.

After his graduation from high school he entered the University of Alabama, where he played football, basketball, and baseball. Since his graduation in 1924 he has coached football at five different schools over a period of eighteen years. He was named varsity backfield coach at Georgia Tech in March, 1945.

He has served as secretary of the Georgia Athletic Coaches Association since 1938 and is editor and publisher of the Southern Coach and Athlete.

Robert Woodruff, Line Coach

Coach Woodruff, a native Georgian, attended high school in Savannah, Georgia, and upon graduation in 1934 he enrolled at the University of Tennessee at Knoxville. In January of 1942 he entered the Army and soon was promoted to the rank of captain.

In 1945, he went to West Point as an assistant coach, where he helped coach football to the National Championship Army teams of 1944 and 1945. Coach Woodruff came to Georgia Tech in the spring of 1946, and since that time he has tutored the varsity line. He has a clever, aggressive mind and is a tireless worker. In his first year he rendered one of the finest jobs of line coaching in the South, making the Yellow Jacket line one of the best in the nation.

Ray McArthur, Varsity Basketball Coach and Football Scout

Coach McArthur is a graduate of City High School in Chattanooga, Tennessee. After leaving high school he attended college at Georgia Tech, where he played quarterback on the football team and guard on the basketball team. After his graduation from Tech in 1933 he was retained as B team coach and assistant basketball coach.

He served in the Coast Artillery from 1942 to February of 1946 and after his discharge he was appointed Varsity Basketball Coach and football scout.

Joe H. Pittard, B Team Coach and Varsity Baseball Coach

Coach Pittard attended high school in Winterville, Georgia, where he was a member of the baseball, basketball, and track teams. He completed the requirements for a degree at Vanderbilt and the University of Georgia, and served as athletic director at Gainesville High School in Gainesville, Georgia, until March of 1943, at which time he came to Georgia Tech.

His 1946 baseball team blasted the Red and Black four consecutive times and won ten out of twelve games; and the B team under his direction was one of the major factors in producing the fine '46 football team.
Roy Mundorff, Assistant Athletic Director

Coach Mundorff came to Georgia Tech in September of 1922 as Freshman basketball coach and part time instructor in the Math department. In 1925, he was named head basketball coach in The Flats, and as such was instrumental in developing such stellar court performers as Bo Johnston, Bill Jordan, Fletcher Sims, and the present head basketball coach, Roy MacArthur. He served as President of the National Association of Basketball Coaches in 1933 and during the 18 years he was head mentor for the Tech court team, he arranged numerous colorful intersectional games with teams in the Mid-West and East. In 1943 Coach Mundorff entered the Navy and was transferred from Tech. He returned in 1945 and took up the duties of Assistant Athletic Director.

Norris Dean, Varsity Track Coach

Coach Dean is a graduate of Georgia Tech and of Meridian High School, Meridian, Mississippi, where he played football, basketball, and participated in track. After his graduation from Georgia Tech in 1937 he accepted the position of freshman football coach and assistant track coach. In 1944 Coach Dean was appointed track coach and since that time has served as a football scout and "B" Team football coach in addition to his duties as track coach.

E. E. Bortell, Varsity Tennis Coach

Coach Bortell attended high school in Harrisburg, Pennsylvania, and upon graduation entered the University of Michigan to study chemical engineering. After completing his graduate work at the Universities of Michigan and Pennsylvania, he came to Tech as an instructor in the Physics Department. Bortell became tennis coach in 1931, and since that time his tennis squads have won many SEC championships. The Jacket tennis team is now coasting along on a 29-game winning streak which began back in 1943.

FALL SPORTS
The 1946 Yellow Jacket Team was truly one of the greatest football combiners ever to carry the White and Gold banner on the gridiron. At the end of the 1945 campaign the Tech eleven elected Bob Davis, stellar tackle on the ‘45 team, and George Mathews, speedy halfback, to act as Captain and Alternate Captain, respectively, for the 1946 season.

This year Georgia Tech faced one of the roughest schedules in the country. Certainly the way the jackets came through it with sensational wins over powerful LSU, Duke, and inspired Navy, while losing to once-beaten Tennessee and unbeaten Georgia is no disgrace. Coach Bobby Dodd called his 1946 charges the finest spirited team he ever coached, and the thousands of fans that saw Tech fight from behind to win those great LSU and Navy games will agree with this statement.

The line, unscored on until the seventh game, sweated out long arduous hours of blocking and tackling fundamentals under the watchful eyes of Tech’s industrious line mentor, Bob Woodruff. While in another part of the field the backs went through their paces under the close supervision of Coaches Keith and Ellis.

As an offensive team the Tech eleven was tops. They were able to reel off over 3,000 yards running and passing from formation, score 243 points, and used the punt effectively with a season average of 40 yards.

The Jackets played their best games of the season against Tennessee, LSU, and Duke, while in winning over Navy and losing to Georgia they showed bad form.

Not one of the 33,000 homecoming fans will ever forget George Mathews’ 95-yard sprint against Navy to pull what looked like certain defeat into a great Tech victory over an unfortunate Middie team from Annapolis. Other long runs of the season were turned in by Pat McHugh, who raced 68 yards for a touchdown against LSU, ran an Auburn punt back 52 yards, and returned a Navy pass 51 yards to set up Tech’s fourth touchdown against the Middies. Pat also was a stalwart defensive player and one of Tech’s most dependable tacklers.

At the close of the regular season play in 1946 the Yellow Jackets voted to accept the bid offered to them to play in the 1947 Oil Bowl contest in Houston, Texas, thus making Georgia Tech the first school to have played in each of the five major bowls. The Yellow Jackets have appeared in the Rose Bowl, Cotton Bowl, Sugar Bowl, and have made two appearances in the Orange Bowl classic in Miami, Florida, in addition to the current appearance in the Oil Bowl.
THE SEASON IN REVIEW

The 1946 season found the Yellow Jackets playing one of the roughest schedules ever formed. Any schedule that has powerful Tennessee for an opener and closes with ever strong Georgia, with teams like LSU, Auburn, Duke, Navy, Tulane, and Mississippi as fillers can certainly be classified as rugged in any man’s language. The best the most ardent Tech followers hoped for were possible wins over VMI, Furman, Navy, Mississippi, and Tulane.

After the Tennessee game in Knoxville everyone realized that the Jackets were in possession of a much better team than had been expected. However, more than anything else it was the resounding upset win over a potent LSU team that convinced the public of Tech’s greatness. After the Duke triumph two weeks later, those who believed the Yellow Jackets were “playing over their heads” gave a healthy nod to Coach Dodd’s eleven as the Jackets were ranked sixth in the nation for their victory over the Blue Devils.
A hard fighting band of Yellow Jackets invaded Shields-Watkins Field in Knoxville but were repelled 13-9 in a grueling sixty-minute contest. Tech's Jackets were expected in many quarters to lose by two touchdowns, but they gave the orange-clad Vol team the fight of their life from the opening kickoff to the final whistle.

The behomeths from Knoxville got both of their touchdowns as a result of intercepting two Tech passes. The first Vol marker came early in the first stanza after Tennessee's Orange Shirts had returned a Tech pass to the latter's 11-yard line. The gallant Tech line turned back Tennessee three times, but on the fourth down Walter Slater found Bud Hubbel in the end zone and lofted a scoring pass to him. Georgia Tech struck back five minutes later. Diminutive Jimmy Petit took a lateral from the quarterback and followed his two-man interference as far as the line of scrimmage where he straightened up and shot a 25-yard toss to end Wal Kilzer, good for a touchdown. Rabbit Jordan and Jimmy Jordan alternated carrying the ball to make a first down on Tennessee's 40. Then it came. Jack Bills faded back and threw a pass intended for Johnny McIntosh, but Johnny never touched the ball as, seemingly, from out of nowhere, Georgia Baltisaris raced in, grabbed the ball and went 60 yards to score what proved to be the winning touchdown. In the second half numerous fumbles and more intercepted passes kept Tech well bottled up until the final minutes of the game when, as a result of Broyles's punting and the brilliant play of the Tech line, Tennessee found themselves in possession of the ball on their own two-foot line. Coach Neyland pulled some beautiful football strategy here as he sent in a substitute from the bench and instructed the Vol team to freeze the ball as long as possible and then give Tech a safety. His strategy worked, but only by the closest of margins as Tech took the kickoff following the safety and drove to the Vol 24-yard line, where the game ended.
The Tech Yellow Jackets returned to Atlanta after swallowing a bitter pill in losing to Tennessee and set out to get back on the victory path. The powerful Tech eleven was held to a 6-6 half-time score but they roared back in the final two periods with four touchdowns to swamp VMI's Kaydets 32-6.

VMI stung the Jackets in the first quarter when, led by Thompson's passes, they drove 57 yards to grab an early 6-0 lead. The Tech eleven quickly matched this score on a sensational 35-yard run by end Rabbit Jordan after taking a 28-yard pass thrown by Jack Bills. Tech threatened time and time again but every thrust was halted by the Kaydets. The first half ended 6-6.

Tech took the second half kickoff back to the 25-yard line. On the first play Pat McHugh gave the crowd some idea of what was coming when he exploded through the middle of the VMI line for a 19-yard gain and a first down. Three minutes later this same McHugh twisted and slashed his way for 27 yards and the tie-breaking score. After Rabbit Jordan's perfect placement Tech was ahead 13-6. Through an exchange of punts the Tech eleven gained possession of the ball on their own 48. On third down fiery little Jimmy Jordan swept 21 yards to a first down over the crestfallen Kaydet eleven. Frank Zeigler banged his way over from the two, three plays later, and the Yellow Jackets' lead was extended to 20-6 after Rabbit Jordan's second PAT.

Two more scores were marked up for the Tech cause in the final stanza on passes from Jack Bills to end Jack Griffin and from Frank Broyles to Jimmy Castleberry. Tech threatened once again after the score became 32-6, but an incomplete pass on fourth down gave the ball over to VMI as the game ended.
A highly favored Georgia Tech team, led by Pat McHugh, rolled to a ridiculously easy win over an offensively impotent University of Mississippi eleven in a listless game played at Grant Field. The Yellow Jackets marched 80 yards for touchdown in the first quarter and from then on it was just a matter of how much of a score the Tech team wanted chalk up.

The highlight of Georgia Tech's first scoring drive was a pass from Frank Broyles, Tech's deft ball handler, to Rabbit Jordan. Broyles faded back and just as a swarm of Rebels hit him he let the ball go; it was a bullet pass and Rabbit took it near the west boundary from whence he sailed for the Mississippi goal 71 yards away. Clever as a hare he faked the backer-up and then started downfield with his spectacular sweeping strides that ate up the chalk mark. However, the Rebel safety man finally cut him off and knocked him out of bounds after a net gain of 48 yards. On the next play, Jordan finished the work he started by taking a pass from Frank Broyles for the touchdown.

In the second quarter the hard-charging Tech line broke through and blocked an Ole Miss punt deep in Rebel territory. Three plays later Pat McHugh faked a Rebel backer-up off his feet and gathered in a pass from Quarterback Jack Bills for Tech's second touchdown of the afternoon.

A few minutes later Jimmy Jordan took an Ole Miss punt on his own 39 and then snake-hipped his way to the Rebel 38-yard line to set up Tech's third score. Tech passes placed the ball on Mississippi's 18-yard line and set the stage for Jimmy Petit's scoring run. Petit took the ball on a handoff from the Jacket quarterback and cut through a huge hole in the powerful Rebel line. Tacklers were cut down right and left and Petit, with the aid of great downfield blocking, scored standing up. This gave the Tech team an 18-0 half-time lead.

The third quarter was a scoreless affair but the Yellow Jackets struck for another touchdown in the final period. Frank Broyles darted in from the bench for his final appearance of the afternoon and passed the oval to Pat McHugh, putting Tech ahead by 24 points. Mississippi got a consolation score with only four minutes left in the contest on a series of long passes. Final statistics showed that Ole Miss made a net gain of two yards rushing through the Georgia Tech line which, led by the great play of Paul Duke, Bob Davis and big Bill Healy, repelled every running attempt.
Georgia Tech's "Flying Yellow Jackets," the first team in Tech history to fly to a football contest, fought a highly favored LSU Tiger team into a complete submission by a score of 26-7 as 42,000 LSU homecoming fans looked sadly down upon their Alma Mater's football team. The Yellow Jackets completely dominated the Tiger eleven from the opening kickoff to the final gun.

Tech scored early to give the homecoming fans a good idea of what was in store for them. Pat McHugh took the ball from Frank Broyles and with the aid of some of the most devastating downfield blocking ever witnessed in the South, sped 69 yards for the game's first score, with LSU tacklers falling by the way, making desperate, futile lunges at McHugh's squirming body.

The score remained 6-0 in favor of Tech until the final two minutes of the first half when Y. A. Tittle found Dan Sandifer in the clear, speeding down the sidelines, and hit him with a perfect pass that Sandifer took in stride, running the remaining 45 yards to score. The play was good for 80 yards. After Holly Heard's perfect point after touchdown, Tech trailed 6-7.

Georgia Tech fought back and scored another touchdown early in the third quarter on a sensational 44-yard sprint by George Mathews. Mathews took a lateral from Frank Broyles and broke into the clear on the LSU 40, where his downfield blocking picked him up as he went the remaining yards for a touchdown which, after Rabbit Jordan kicked the extra point, gave Tech a 13-7 lead.

Tech made the clincher in the fourth quarter after Jack Bills had run an LSU pass back 35 yards, placing the ball on the Tiger 15. On the first play Dinky Bowen made a fiery 15-yard sprint for the Jackets third score. Rabbit Jordan's placement made the scoreboard read 20-7 in favor of Tech with only 3 minutes remaining to play. Tommy Carpenter intercepted a Tiger pass on the last play of the ball game and zoomed 37 yards for Tech's final score of the day.

The stadium lights were turned out just as Carpenter crossed the LSU goal and Tech didn't get a chance to try for the PAT, but they could certainly prance off the field after delivering as sound a beating as this to a team favored by 10 points.
Although a freshman named Travis Tidwell stayed in Tech's hair for nearly sixty minutes, the overwhelmingly superior Tech team romped to a fairly easy 27-6 win over the Auburn Tigers from Auburn, Alabama.

The Yellow Jackets marked up six points on the scoreboard the very first time they got their hands on the ball. A drive carrying 58 yards was ended when Pat McHugh skirted his own left end for a five-yard gain and the touchdown. Bowen's toe added the seventh point and the Jackets were off to a quick 7-0 lead.

Led by their freshman star, Tidwell, Auburn marched for the tying touchdown, but the attempted extra point was blocked by the agile Tech line and the Jackets were still out in the front 7-6. Late in the first half Tech went even further out in the front on a 49-yard march. Jim Still faded back and lofted a perfect pass to Tommy Carpenter who took it on the dead run on the Auburn 15, but Tidwell was there to save a touchdown on this play as he hauled Carpenter down on the Tiger 1-yard line. On the next play Johnny McIntosh plowed over and Bowen's placemen t made the score 14-6 in favor of Tech at half-time.

In the first part of the fourth quarter Tech struck for a third touchdown. George Mathews took a lateral from Frank Broyles, raced wide to his right and threw a running pass to end George Brodnax who made a sensational catch on the Tiger 25-yard line and scored standing up. Dinky Bowen's third perfect placement gave Tech a 21-6 lead.

Auburn fought back, but the Tigers lacked the final punch and Tech repelled every scoring threat they made in the last half. In the fourth period Pat McHugh took the ball and made an evasive 15-yard dash ending the day's scoring and making the final tally 27-6 in favor of Tech.
In Durham, Georgia Tech's bowl-bound Engineers pushed across two first half touchdowns, Dinky Bowen added both placements, and then the Tech eleven coasted in the second half to hang up a very impressive 14-0 win over the Duke Blue Devils. Both of Tech's scores came after long marches and were made on plunges by Bowen and Johnny McIntosh.

The very first time the Yellow Jackets got their hands on the ball they made a drive that carried from their own 27 to the Duke 23 where the Blue Devils stiffened and held. On the exchange of punts which followed, the Yellow Jackets got the ball on their own 44. On the first play Frank Broyles shot a pass to George Mathews who made a spectacular catch on the Duke 21-yard line. Two plays later Broyles hit Mathews with another pass—this one was good for a first down on Duke's 2-yard line. Dinky Bowen took the ball on the next play and smashed his way over for the first score. He added the point after touchdown and Tech was ahead 7-0.

After another series of punt swaps, Tech got the ball on Duke's 37-yard line. Zeigler, McIntosh, and Williams alternated to make a first down on the Blue Devil 23-yard line. On the next play Frank Broyles shot a bullet pass to Freshman Jack Griffin, who made a great catch to give Tech a first down on the Duke 1-yard line. Johnny McIntosh carried the pigskin over, and after Bowen's placement Tech was well on the way to spoil- ing Duke's homecoming.

With three minutes left in the first half, Duke made its first serious threat by driving for a first down on Tech's 10-yard line. The Tech line came through, however, rushing the Blue Devil passers so hard that it made the secondary's job of keeping the ball away from eligible Duke receivers a much easier one.

Certainly anyone who saw this game will never forget the excellent line play of George Brodnax who broke through time and time again to smear not only Duke interference, but also the ball carrier for continued losses or no gain.
After spoiling the L.S.U. and Duke homecomings, the Yellow Jackets returned home for their own homecoming game. For fifty-seven minutes it looked as if the Navy team had in turn spoiled Tech's; for the Middies had out rushed, outsmarted, and in general done everything right. As a consequence they were leading the Engineers by a score of 20-14.

The scoreboard clock showed that just two minutes and forty seconds remained. Navy had the ball on Tech's five-yard line, second down and goal to go; then it happened. As big Bill Hawkins smashed his way through a gaping hole in Tech's sagging forward wall, Johnny McIntosh came in and lambasted the Middie star with such a ferocious tackle that the ball suddenly plopped into the arms of George Mathews. The surprised Mathews took the ball, faked one tackler, pivoted around another, and then all at once was in the clear. A few seconds later he crossed the Middie goal, as complete bedlam broke loose among the 33,000 fans. Dinky Bowen's kick put Tech 21-20 over Navy with time running short.

Two plays later Pat McHugh leaped high into the air to haul in a Navy desperation pass on Tech's 41-yard line and then raced 32 yards down the sidelines to the Middie four. On the next play Brodnax took a pass from Broyles for another TD. The same Dinky Bowen who sank Navy in '44 with a field goal did it again with four perfect PAT's, in addition to playing a masterful game for the Tech cause.
Rebounding from their bad showing at the hands of the Midshipmen, the Yellow Jackets from Georgia Tech rolled over a hapless Green Wave team from New Orleans, Louisiana, by a score of 35-7. The Jackets dressed out in their blue jerseys to oppose the green-shirted boys from Tulane University. In the first minutes of the game Frank Broyles brought the crowd of 30,000 to their feet as he returned a Tulane quick-kick 72 yards for a touchdown, but his run was called back for a clipping penalty.

However, the Jackets were not denied the second touchdown which they made a few minutes later. A perfectly executed reverse pass was good for the TD. Pat McHugh took the ball from Broyles and raced to his right where he handed the ball off to George Mathews who broke out in the opposite direction. Mathews then passed to Walt Kilzer who took the ball and dashed over the Tulane goal line untouched. Dinky Bowen’s placement gave the Jackets an early 7-0 lead.

Tulane tied up the game in the second period on a great 57 yard dash by their freshman sensation Cliff Van Meter. Tech took the next kickoff and scored again without giving up the ball. George Mathews took a lateral from Broyles and behind superb downfield blocking, the key block being thrown by George Brodnax, went 53 yards to give the Tech team a 14-7 lead. Frank Broyles intercepted a Greenie pass three plays later and went 46 yards to score. After Bowen’s third perfect place-kick Tech was in the lead 21-7.

In the second half Tech’s All-American candidate, Paul Duke, smashed through and blocked a Tulane kick. On the next play Dinky Bowen smashed his way over, giving Tech a 28-7 lead. In the fourth quarter Tech drove 88 yards for their fifth TD with a 47-yard pass from Broyles to Jack Griffin eating up a large portion of the yardage. Jim Still raced over standing up from the Tulane 14 to give the Tech team a well earned 35-7 win. As the final gun went off the Jacket reserves had pounded out a first down on the Tulane’s 20-yard line.
The Tech team had its first real breather of the season as the second team started the game and rolled over a hapless but spirited Furman eleven for 20 points in the first quarter. The third team then took over and scored 14 points in the second period and also yielded seven points to the Purple Hurricane. The Yellow Jackets scored once again in the final half to make the final score 41-7 in favor of Tech.

The Engineers kicked continually on first downs in the final half in an effort to hold the score down as much as possible and even went to the point of attempting two goals from difficult angles at considerable distances from the goal.

Tech took the opening kick-off and drove 68 yards for a touchdown without surrendering the ball. Jack Bills raced over from the 5-yard line on a naked reverse to give the Tech team an early 6-0 lead. A few minutes later a drive highlighted by a 24-yard sweep by Jimmy Petit was climaxed when Frank Zeigler slammed his way over from the Furman 2.

The Yellow Jackets drove 82 yards for their third score with passes by Southard and runs by Zeigler and McIntosh highlighting the long march. Dinky Bowen added his second placement to give the Jackets a 20-0 lead at the end of the first quarter. Furman fumbled on their own 24 early in the second period and two plays later Pat McHugh, who came in for one play, raced over to give Tech a 27-0 lead.

Three minutes later Jim Still fired a pass to end Ray Enders on the Tech 25-yard line. He eluded two Furman players and went the remaining 75 yards to make the score 34-0, placing Tech way out front. Furman drove 35 yards for their only score on a series of passes.
With a Sugar Bowl bid at stake, Georgia and Georgia Tech met in their annual battle in a game that was rated to be close by everyone; but the Georgia Bulldogs, led by their great All-American halfback, Charlie Trippi, romped to a decisive 35-7 triumph over a fighting but outmanned bunch of Yellow Jackets from Georgia Tech. Trippi scored two touchdowns himself, passed for two more, and his run back of an intercepted pass set up the fifth Bulldog score.

The Yellow Jackets drove 73 yards for their only score of the game in the final stanza of this dramatic battle. Dinky Bowen, who played a masterful game on defense and offense for Tech, took a pass from Frank Broyles on the Georgia 28-yard line and then whip-sawed and snake-hipped his way through Trippi and his cohorts for Tech's only score. Dinky also kicked the PAT.

A few minutes later Tech lacked inches of getting a first down on the Bulldog 5-yard line after a pass from Broyles to Mathews accounted for a 23-yard gain.

The first quarter found Tech holding the upper hand as a direct result of a shift play. The Yellow Jackets lined up a T and then shifted into a single wing or double wing. The Bulldogs jumped offside so many times that Tech was not able to employ either of the latter formations to any advantage.

The Bulldogs marched for their first TD in the second quarter, Trippi's sensational running and passing highlighting the drive. Trippi scored the touchdown on a fourth-down plunge from the Tech 4-yard line. The Georgia Bulldogs scored again late in the second quarter, after recovering a Tech fumble on the Jacket 41. Five plays later, again as a result of Trippi's passing, Tech was behind 14-0.

Led by Trippi the Bulldogs crossed the Tech goal thrice more in the final two quarters. Charley made a beautiful 66-yard off-tackle run for Georgia's final touchdown of the afternoon.
Georga Tech reached its offensive peak in the third annual Oil Bowl game as they reeled off six touchdowns in crushing 41-19 a colorful but outclassed St. Mary's team from California. It was simply too much Tech for the Gaels to handle. The alert Yellow Jacket secondary intercepted eight St. Mary's aerials and returned them for a total of 169 yards.

There were many long runs. The first of these was made by Pat McHugh of Tech, who went high into the air on the Tech 27 to haul in a stray pass. McHugh pivoted sharply and then snake-hipped his way through the entire St. Mary's team, breaking into the clear on the fifty. Five minutes later, with Tech leading 27-0, Paul Crowe scooped up a Tech kickoff on his own fifteen-yard line and raced 85 yards for the Gaels' first marker of the day.

Thanks to a field cover which was removed just prior to game time, the field was a fast one. Tech, led by Bob Davis, wore white pants and jerseys, while the Galloping Gaels, led by Ed Ryan, were resplendent in bright crimson jerseys and white pants. After the warmup period the respective captains met in the center of the field, where Ed Ryan, the St. Mary's captain, won the toss and elected to kick off.

The play see-sawed back and forth until late in the first quarter when Frank Broyles, Tech's deft ball handler and quarterback, pulled in a stray Gael pass on the St. Mary's 37-yard line. A series of running plays placed the ball squarely on the eight, where George Mathews took a perfect lateral from Frank Broyles, raced to his right, and lofted a perfect pass into the arms of George Brodnax for the touchdown.
Tech intercepted another pass early in the second period and Johnny McIntosh blasted his way over for the score. McHugh followed this score with one of his own, a 73-yard run; and three minutes later Jim Still plunged over from the one-yard line, giving Tech a 27-0 lead.

The St. Mary's team seemed outclassed; however, they fought back and scored three touchdowns of their own before the cold wet afternoon in Houston was history. Included in the Gael scoring was a 43-yard drive, an 85-yard run, and an 80-yard run by Gonzalo Morales that failed to bring a touchdown, but did set the stage for one. FINAL COUNT: TECH 41, St. Mary's 19.
Here on this page you will find pictures of Tech football players that were chosen on the All-American and All-Southeastern Conference teams by sportswriters from coast to coast.

The first of these is Paul Duke. He has been, and still is, called one of the greatest centers of all times. He is a sure tackler and is one of the greatest down-field blockers in the country. In addition to these talents Paul has an analytical mind and possesses a calm, deliberate manner of doing things correctly. Many circles call him a better center than Peter Pund, the great Tech center on the 1928 Rose Bowl eleven. Paul was a unanimous choice for the All-SEC team and also won first team berths on the Associated Press and United Press All-America selections in addition to many others. There is no doubt about his being a great ball player.

The All-Southeastern Conference team listed the names of three Tech players in addition to Paul Duke. Frank Broyles was chosen as quarterback on this team. His ability to handle the ball in the intricate 'I' formation plays, together with his sterling ability as a signal caller, were the determining factors in his gaining this berth. He is also one of the best punters in the conference.

Bill Healy, Tech's powerful left guard, was also chosen for this coveted position. Bill is noted as one of the hardest blockers and best tacklers on the Jacket team. Also from the line, Tech's captain, big Bob Davis, from Columbus, Georgia, was chosen as a member of this team. Bob is an agile, hard-charging tackler, and as leader of the Yellow Jackets he is tops. As a tackle he was fiery and hard to take out of any play.

An article on stars of the 1946 Georgia Tech team would be incomplete unless some mention was given to men like Allen Bowen and Pat McHugh. Pat was a bearcat on defense, in addition to making many long runs during the season. Certainly no one who saw the Georgia game or any other game in which Dinky Bowen participated will forget his performances. He played his heart out for sixty seconds of every minute he played.
The Georgia Tech "B" Team, 1946 Edition, was one of the most powerful squads to emerge from The Flats in a long time. After dropping their opener to Clemson's "B" team, the Baby Jackets swamped powerful Tennessee and were held to a 14-14 tie with Miami, Florida's, eleven. In their next contest the Baby Jackets ran rough-shod over a hapless and completely outclassed Auburn team, 27-0.

This year the Baby Jackets and Georgia's Bullpups met for their annual Thanksgiving Day clash on Grant Field before a sell-out crowd of 29,000. These two bitter rivals fought it out to the final gun in one of the most thrilling ball games ever played on Tech's home turf.

The game will live in the memories of those who witnessed it—there were long runs, blocked kicks, goal-line stands, and many other thrills. The final score is enough testimony on the closeness of the fight—TECH 7, Georgia 6.

Al Lanning is tackled by an unidentified Georgia player after making a 21-yard run.  

Billy Hague plunges over for Georgia's six points.
McHugh goes over for a TD.

Our sponsors at the Navy game.

You wouldn’t know by their faces that Duke is trailing 14-0 with three minutes left in the game with Tech.
The Tech band strikes up over in Athens.

Those Tennessee women!

THE SIDELINES

Dinky Bowen finds it rocky going through the middle of Auburn's line as Cockrum, Bryan (41), and Rose (62) swarm in to stop him.
The 1946 Cross Country team, although not successful from the standpoint of wins and losses, made outstanding progress as the men gained experience. The team was made up entirely of freshmen with the exception of two men, Captain Dave Durst, who was handicapped throughout the entire season because of illness, and L. O. Hunter, sophomore, competing in his first year of cross country. The most outstanding runner on the squad was Jack Corridan, a freshman who developed fast and at the close of the season showed great form in placing at the SEC meet. He was elected to captain the 1947 team.

The Yellow Jackets dropped contests to such noteworthy opponents as Duke, North Carolina, Auburn, and Tennessee, before getting on the right path by defeating Emory and making a brilliant showing in the Southeastern Conference meet and the Birmingham Road Race.

WINTER SPORTS
The 1947 Georgia Tech basketball team was one of the most offensive-minded quintets ever to emerge from The Flats as they tallied well over 1,000 points during the season, averaging 50 points a game. Coach Roy MacArthur in his first year as head basketball coach sent a team on the floor that pulled many surprises during the season, and had a few pulled on them before the final buzzer sounded on March 1.

This year’s team boasted three of the best basketball players Georgia Tech has ever had in Frank Broyles, Captain Herbie Bergman, and Wes Paxson. Broyles, who hails from Decatur, Georgia, was one of the most reliable members of the Tech court team, and no one who saw Herb Bergman play will ever forget his great work on defense. It was almost uncanny the number of times Bergman would get the ball on rebounds, or intercept an opponent’s pass.

Wes Paxson, who made the All-Southeastern Conference team along with four Kentucky players, and who Coach Adolph Rupp of Kentucky said “is good enough to play with us anytime,” led Georgia Tech in scoring nearly every game. Paxson is famous for his deadly set shots from quarter court and he depended on these to score nearly 250 points.
THE SEASON'S RECORD

Tech 63 Chattanooga 57 at Atlanta
Tech 51 So. Carolina 34 at Atlanta
Tech 51 Davidson 41 at Atlanta
Tech 54 Boston College 50 at Boston Gardens
Tech 39 Detroit 48 at Detroit

Tech 38 Alabama 42 at Atlanta
Tech 47 Kentucky 70 at Atlanta
Tech 48 Tennessee 43 at Atlanta
Tech 49 Auburn 49 at Atlanta
Tech 47 Tulane 47 at New Orleans
Tech 46 Alabama 64 at Tuscaloosa
Tech 51 Georgia 44 at Athens
Tech 44 Tennessee 40 at Knoxville
Tech 44 No. Carolina 58 at Chapel Hill
Tech 54 Duke 64 at Durham
Tech 70 Georgia 46 at Atlanta
Tech 46 Kentucky 83 at Lexington

SOUTHEASTERN CONFERENCE TOURNAMENT

Tech 65 Miss. State 52 at Louisville
Tech 43 Alabama 40 at Louisville
Tech 53 Kentucky 75 at Louisville

Hector Bergman (44) takes a rebound during the Tech-Tennessee tilt in Atlanta, as Melbon (49) of Tennessee, and Paxson (3) of Tech, look on. Tech won 48-43.

Nolen (left) and Paxson (right) of Tech go up high in a vain attempt to get the ball from Harris of Tennessee.

Haines of Tech takes a rebound under the Tech basket. Other players are Jones (40), Anderson (7), Melbon (49).
Paced by Frank Broyles, who scored 19 points, the Yellow Jackets slashed a fighting Chattanooga team, 63-37, to open their season successfully. Tech displayed a spectacular offense the following night in Atlanta when they overcame a 12-0 deficit at the hands of South Carolina to win easily, 51-34.

Captain Herb Bergman led the Tech team in whipping the unbeaten Davidson Wildcats 55-41, after which the home team went North. Boston College furnished plenty of opposition for the hitherto all-victorious Engineers as they nipped the Eagles 54-50, with 3,000 Boston followers disbeliefing what they saw. Big Jim Nolan of Tech was the star of the game by virtue of holding Boston's pride and joy, Elmore Morganthaler, to a meager twelve points.

The Yellow Jackets concluded their Northern journey with a sweep through the Midwest, where they played Michigan State and Detroit. The Detroit Titan team was the first to take the measure of the Techsters as they won 48-39; Michigan State added insult to injury when they outscored the Jackets 62-52 in Lansing.
Back in Atlanta after a fairly successful holiday trip, Tech opened the 1947 home season by out-dazzling a dazzling Tulane team 58-51, after trailing 34-21 at one point in the game. The Engineers hit the net for 55 points in Auburn the following night to beat the Tigers 55-42.

An unbeaten, star-studded Alabama team furnished a little too much opposition for the Jackets in Atlanta as the Crimsons won 42-38 in one of the most breathtaking contests played in the Flats. The old Kentucky Colonel, Adolph Rupp, brought his top-rated Kentucky Wildcat team to Atlanta next, and the Jackets forced the 'Cats to come from behind six times before Alex Groza, Jack Tingle, and Ralph Beard hit with rapid field goals to send the Kentucky five to a 70-47 victory.

Wes Paxson from Jacksonville, Florida, walked off with high point honors, having collected 20 points, and Herb Bergman played one of his greatest games before fouling out in the second half.
Wes Paxson followed up the praise he received for his great play against Kentucky by leading an underdog Engineer quintet to a resounding 48-43 win over Tennessee in Atlanta. Lanky Richard Mehen played a brilliant game for the Orange-clad Vol five. A lightly regarded, winless Auburn team went down before the Tech five, 65-49 as Colin Anderson provided the home crowd with a thrilling offensive performance by dropping in four straight buckets within a sixty-second period to put Tech into a 31-19 lead at halftime.

The MacArthurmen faced Tulane's rejuvenated Green Wave in New Orleans next where the Jackets dropped a real heartbreaker by a 47-45 count. Trailing 28-20 Tech roared back and took a 45-41 lead with only 75 seconds remaining in the game; but Hal Peck sank three consecutive field goals from mid-court, and that was it. The Tech five, somewhat downhearted over their loss to the Green Wave, lost to Alabama 64-46 in Tuscaloosa the following night. Georgia then furnished the Yellow Jackets with a smoke-filled gym and a hard-fighting basketball team, but Tech trounced the Bulldogs 51-44. Revenge is sweet.

Dick Mehen, one of the Conference's better basketball players, led Tennessee to a 40-28 win over Tech in Knoxville, as the Jackets hit an offensive slump. Bouncing back from their Tennessee defeat, but without the services of Herb Bergman, Tech lost a bitterly fought 58-48 contest at the hands of North Carolina in Chapel Hill. John (Hook) Dillon of Carolina and Wes Paxson of Tech were the stars of the game.

Herbie Bergman, brilliant defensive guard, goes up and takes a rebound away from two of his mates, Hardin and Nolan. Jones (40) of Tennessee watches the proceedings.
Still suffering from the hole left by Herb Bergman's absence, the
Tech defense couldn't stop tall Ed Koffenberger and his Duke mates as
the Jackets dropped an offensive duel to the Blue Devils, 64-54, in
Durham. Playing before a largely partisan Tech crowd in Atlanta,
Frank Broyles, Wes Paxson, and Colin Anderson led the way as Tech
rolled over the Red and Black from Athenstown, 70-46.

The Engineers warmed up for the Conference tourney in Louisville
by dropping an 83-46 contest to a red-hot Kentucky five in Lexington.
The Jackets led by Wes Paxson and Frank Broyles stunned Mississippi
State, 65-52, to successfully open their bid for the crown. Matched
with highly touted Alabama in a quarter-final contest, Tech trounced
the Crimson Tide 43-40, as big Jim Nolan, playing one of his best
games, led the way with great play on defense and offense. He who
laughs last laughs best is an old saying and it could well be applied to
'Bama.

Georgia Tech was matched against Kentucky in the semi-finals, but
the Wildcats again proved to be too much for the Yellow Jackets in
winning 75-53.

Right: Colin Anderson jumps with Hawkins (45) of Tennessee, Also in on the
play are Jim Nolan of Tech, and Barris (45) and Jones (40) of Tennessee.

Anderson of Tech scraps with Dick Nelson (49) of Tennessee and an un-
identified Vol courtman under the Tech basket.

Paxson chalks up two points for Tech against mighty Kentucky as Jack
Tingle (19) of Kentucky attempts to stop him. Number 14 is Holland
of Kentucky.
The Yellow Jacket tankmen opened their season on December 28, 1946, down in Ft. Lauderdale, Florida. Here, Johnny Hiles, sensational freshman star from Atlanta, won several events from top-flight competition in the All-Star Meet. Coach Lanoue calls Hiles, the 17-year-old ace on Tech's Championship team, "one of the best prospects to swim for Georgia Tech," and Hiles bolsters this claim by his coach in setting new Southeastern Conference records in the 150-yard backstroke, 220-yard freestyle, and a new varsity record in the 440-yard freestyle.

Other outstanding men on the great 1947 Tech swimming combine are team captain, Herb McAuley, who set a new varsity record in the 100-yard free-style, and Has Brantley, Tech's unbeaten diving champion.

The 400-yard free style relay team, composed of Lawrence, Levy, Topp, and Avery or Carlin, defeated several of the most outstanding relay outfits in the South, including Duke's and Florida's.

The Engineer swimmers got off to a bad start when North Carolina State upset them, 45-30, but they quickly rebounded and crushed the University of North Carolina's team (unbeaten in 26 meets) the following night with Hiles, Rolfe, Brantley, and McAuley leading the attack.

Perhaps the best meet of the year was the SEAAU held in Athens, Georgia, where the Yellow Jackets defeated Emory 85 to 45 in what was the feature attraction of the entire meet. Georgia's tankmen followed the leaders with a meager 34 points.

Only a few veterans from 1945's team greeted Coach Norris Dean as he prepared for a year that was to see all meets held on foreign soil, Grant Field being a victim of reconstruction. Captain Dave Durst was back—so were Alternate Captain Jimmy Stephens, Jim MacPherson, Dan Kyker, Charlie Sanders, and Bill Horne, but this group comprised the entire crop of survivors from the war-strengthened crews of the past two years. With these lads as a nucleus, Coach Dean and Assistant Coach Plaxico were faced with the task of building a team capable of holding their own against the best in the South. As the meager group of unknowns, willing but untested, worked long and hard on Rose Bowl Field under the close watch of Coaches Dean and Plaxico, results began to show.

Slowly the skeleton of the team began to fill out. With a pitiful lack of experience—in fact with a lack of everything but pluck and determination and spirit—these boys plunged into a back-breaking schedule.

Although the team showed little promise of succeeding the Navy-studded teams of the past war years as kings of the Southeastern Conference, they, nevertheless, got the feel of the cinders and came roaring down the back stretch, barely missing two Southern crowns.

This is the story of the victories and defeats of the track team, the thrills and disappointments afforded by a bunch of kids and a few veterans who were molded into a track team, and who, before they were through, were feared throughout the entire southeast.
Chapel Hill, North Carolina—Dame fate chose to slap a hopeful bunch of Yellow Jackets down for the first time in two years, and she did it without mercy. Carolina, long a southern powerhouse, found sweet revenge from 1945’s shellacking and made the most of it to the tune of an 86 to 45 victory.

Standouts for Tech were Captain Durst, winner of the two-mile; Fred Weigle, 100-yard dash star who looked like a Heaven-sent relief man for the faltering sprint team; Bill Horne, taking up where he left off as high jump king; and big Jack Helms, returning from the ’42 squad, who took a double victory in the shot put and the discus.

New Orleans, Louisiana—The yearling Jackets were still off form and fared no better at the hands of Tulane and LSU than they did in the encounter with the Tarheels the week before. Tulane nosed out the Tigers 62 to 60 to cop the meet, while Tech finished in third place with 42 points.

But the important factor for Tech was the showing made by the mile relay team, composed of Freshman Al Lansing, Bobbysus Anderson, Tex Branson, and Senior Jimmy Stevens. The team, running for the first time as a unit, bested the two Bayou country rivals in a fast mile.

Sister fate moved in again and handed Dave Durst his first and only defeat in the two-mile run, and Spencer Johnson of Tulane beat the Tech captain in a mad dash at the finish.
Athens, Georgia—Here in the Classic City the Jackets decided to break into the win column, and they did it in fine style. Not until the final event of the day, however, did the smoke clear long enough to see that Tech had won over Auburn by a scant four points, with host Georgia bringing up the rear.

Two long heaves by Dan Kyker and lanky Jim Nolan that took first and second in the javelin throw sewed up the meet for Tech. The jubilant team that departed from Georgia’s campus bore evidence of the fact that these lads were beginning to move.

Auburn, Alabama—On a track that was better suited for ducks, Norris Dean’s lads sloshed to a well-earned second place against some of the South’s best in the annual SEAAU meet. Auburn came back from last week’s defeat to take the title before a home crowd, but not before Tech put on a last half rush that fell short only by ten and two thirds points.

Dave Durst won the hearts of the rain-soaked crowd in a terrific finish that beat McKenzie of Charleston Navy by inches for the two-mile title. Owen Hunter of Tech led the field for seven laps until his captain took over in the sprint for the tape.

Al Lansing overcame a deficit of some ten yards and won the mile relay, as the fleet relay team continued on its unbeaten path. And this same Lansing treded his way through a whole host of runners and twice as many mudpuddles to capture the 440.
The field events were predominately Tech with Helms, McHugh, Carter, and Horne all taking firsts. It was a good day for Tech, they were just outmanned, not outfought.

Birmingham, Alabama—It was again just a case of too much Tiger, this time the LSU Tiger. The men of Dean placed second in the SEC meet with 44 points, LSU winning with 54½.

Taking only three firsts, the Jackets amassed enough seconds and thirds to outscore the favorite Tulane by three and one half points. Dave Durst continued on the victory trail in the two-mile, soundly trouncing Spencer Johnson of Tulane, to gain revenge for his previous defeat in New Orleans.

Jack Helms again copped the discus with a throw of 145', 7". and Bill Horne jumped himself into a three-way tie for first place in the high jump for the second straight week.
The 1946 Yellow Jacket tennis team continued the winning ways of the 1944 and the 1945 Tech tennis powerhouses by blasting every opponent except one, a power-laden Tulane Green Wave net squad that tied the Tech team 3-3 in Atlanta early in the season. However, the Tech team avenged this tie later on in the season when they walloped the top seeded Tulane and the second seeded Vanderbilt to win the Southeastern Conference Championship at New Orleans. The Tech squad captured five of the eight trophies offered in the tournament and scored 17 points to Tulane's 11 and Vanderbilt's 8.

Aided by such stellar performers as returnee and No. 1 courtman Howard McCall, the veteran Niles Millsap, who combined with McCall to form Tech's No. 1 doubles team, and the stalwart offerings of Tom Fowler, Ed Fryer, Ed Adams, Bobby Hill, Reed Brown, Bert Warshaw, and Bethune, Coach E. E. Bortell was able to mold another one of his unbeaten championship teams.

Coach Bortell’s netmen were able to rack up 29 consecutive victories over a two and a half year period before Tulane came to Atlanta and tied Tech 3-3 in a match which thrilled every member of the Tech gallery from start to finish. Niles Millap lost his first match in his combined high school and collegiate careers 10-8 and 7-5, to further show the keen, close, hard-fought matches which prevailed throughout the afternoon.

The powerful, well-balanced Tech racketmen bowled over Emory twice during the season by the identical scores of 10-0, crushed Duke’s Blue Devils twice 7-2 and 7-3, romped on South Carolina by 10-0, nipped Georgia Evening College 5-2, and wrecked the City of Greensboro, North Carolina, to the tune of 10-0, to give the Yellow Jackets a three-year record of 34 wins and one tie.
After a three-year absence, baseball fans were thrilled last summer to see a reformed Georgia Tech Yellow Jacket nine take the field under the able leadership of Coach Joe Pittard. At the end of a brief but eventful season, box scores proved the Jackets the masters of ten victories as compared to two losses.

Following a practice session which carried late into the summer, the Tech nine slashed out their first victory over a powerful Dortch team. In the fourth inning, the Jackets trailed 4 to 1. Lewis Hook started off the bottom half of the fourth with a stinging line drive deep into left field, good for a triple. This aroused the Jackets to such an extent that they rallied to win the game by the overwhelming score of 12 to 4.

The next victim on the list was Tech's arch rival, the Georgia Bulldogs. The Athenians invaded the Tech campus on August 6th to begin a four-game series. Led by superb batting of Hugh Wood and Jim Luck, combined with the brilliant pitching of Frank Broyles, the engineers nipped the Bulldogs with a 2 to 1 victory.
The next two games, which were played in Athens, proved the tremendous superiority of the White and Gold team over the Red and Black clad Georgians. The Tech men lambasted the Bulldogs 14 to 4 in the first game in Athens, led by the power hitting of Broyles and Hook, both of whom hit circuit clouts. The second game was a ridiculously easy win for the Yellow Jackets as they blasted the Bulldogs off their feet with a 22 to 7 victory. Here again Lewis Hook was an important factor in the Tech triumph, with Crawford and Schoening starring in the field.

For the fourth and final game of the series, the shaken and badly beaten Bulldogs journeyed to Atlanta, where the North Avenue nine murdered the Georgia team 9 to 3 to continue their winning streak. With four attempts and the same number of failures, the Georgians retreated to their clay hills for reorganization.

To continue with her victory march, Tech sailed into North Georgia College and punched out wins of 8 to 2 and 14 to 4 over the dangerous Dahlonegans. The plucky lads from North Georgia put up a good fight, but the Jacket sting was too much as they succumbed twice. Jim Still and Frank Key pitched a game apiece.
The next victim to fall before the terrible onslaught of the Jackets was an outgunned, outmanned, outfought Covington team. The Tech nine roared to an 11 to 9 victory over the crestfallen middle Georgia lads. Led by Hook and Luck, the Jackets made a repeat performance in the second game against Covington. In the latter contest, the tide of battle swayed back and forth several times, but the power-laden Jackets came out on top.

Next came a determined Dortch nine, seeking revenge, but the Jackets again walked away with a victory. A powerful Chicopee team came to Atlanta to open a two-game series with the Jackets. Chicopee fought hard and at times the clouds were dark for the Jackets, but when the battle was over, Tech was on top 10 to 9.
For their next game, the Tech nine traveled to Marietta, Georgia, for a night contest. Tech was overconfident and cocky, and as a result, the alert, inspired Marietta team crashed through with an upset of 3 to 2. The Tech team returned home for their next game to meet a powerful Chicopee team in a return engagement. Everything the Tech team did seemed to go wrong as the alert Chicopee nine swamped the Jackets 6 to 1.

Georgia Tech can be proud of the 1946 baseball team—it was a team that had great spirit and a lot of fight as the season’s won and loss total indicates.
GYMNASTICS

Lyles Welser, who came to Georgia Tech in 1946 as an instructor in Physical Training, has recently been given the post of Gymnastics coach. At Tech, he has developed the South's first Gym team, which next year will form a nucleus to introduce the sport to the South-eastern Conference and to Southern high schools.

Below, left: A difficult hand balancing feat by Gunter, Varga, Boles. Below, right: Robfins and Johnston on the high horizontal.

INTRAMURALS

Under the guidance of Coach Roy Mundorff, the Athletic Association together with several campus organizations sponsor one of the finest intra-mural programs of any school in the country. Tournaments are arranged between the various fraternities and dormitories in such sports as football, softball, basketball, and track; and prizes are given to the winners. Intra-mural programs are also planned in swimming, bowling, and tennis; and in addition there is the freshman cake race. Keen competition and excellent sportsmanship are present in all events.

Right: The winners in the annual Fresh cake race. Below, left: Only a few more yards to the finish. Middle: Some furious action in the IFC "touch" football league. Right: Watch those arms and elbows.

"Records From All the World"

Prof.: If there are any morons in this room, please stand up.

All was quiet for a while, but finally a freshman rose at the back of the room.

Prof.: "Why do you consider yourself a moron?"

Student: "It isn't that I consider myself a moron, it's just that I hate to see you standing alone."

Two small negro boys were sitting on a curb. One turned to the other and said, "Ah’s five, how old is you?"

"Ah doan know. Ah guess ah’s five, too."

"Does you dream of wimmen?"

"Norp."

"Yo’s only fuh."
"What is the difference between an accountant and an engineer?"

"An engineer is a damn fool running around with a slide-rule, whereas an accountant doesn’t own a slide-rule."

"STOP DRINKING"

Are You a Potential Alcoholic?

ANSWER YOURSELF THE FOLLOWING QUESTIONS

1. Do you drink because you can’t leave it alone?
2. Do you try to stop but only go so far?
3. Do you make promises and try to keep them but cannot?
4. Does alcohol relieve you when extremely nervous?
5. Do you resent your family and friends trying to help?
6. Do you feel that there is something wrong but can’t explain why you keep on drinking?
7. Does the night before leave you very nervous next day?
8. Do you find it harder to stop drinking each time you quit and start drinking again?
9. Is drinking affecting your home and business but you won’t admit it?
10. Does one drink call for another until you humiliate your family and friends by being irresponsible?
11. Do you experience mental haziness and lack of concentration after a debauch?
12. Do you begin to get nervous and irritable when you have gone a certain length of time without drinking, but get relief soon after you have had several drinks?
13. Do you know in your own mind that you are slipping?
14. Has drinking passed the playful stage with you?

If any seven of the fourteen questions above apply to you personally, you are a potential alcoholic—it is time to stop now for good, as continued use of alcohol can only lead to increased suffering.

In from seven to ten days' treatment at the White Cross Hospital every one of the above symptoms is completely removed with no further desire or craving for alcohol in any form.

The White Cross treatment has gained the Interest, Respect and Good Will of leading business and professional men and women in Atlanta and throughout the South.

Write or phone WALnut 7042 for confidential information or personal interview. Folder sent upon request.
