The Interfraternity Council is the governing board for all fraternities on the campus. Composed of two representatives from each national fraternity, with Dean George Griffin as an adviser, it controls all interfraternity and school-fraternity relations. Each year the Council sponsors two sets of dances, the first coming before Christmas and the last at the end of the school year.

In March 1946, the Zeta Chapter of Alpha Epsilon Pi, inactive for 20 years, was again reestablished on the Tech campus. With the brothers of the Sigma Gamma Fraternity as a nucleus, Alpha Epsilon Pi expanded its membership rapidly, and they now have a very strong chapter. The social season was highlighted by a semi-formal initiation dance, an all-day outing in cooperation with other chapters of the fraternity at Emory University and at the University of Georgia, and a highly successful "Roaring Forties Party." The Zeta hopes to attain even greater success with the acquisition of a new home sometime in the near future.
Clockwise: The Adam's Park outing. . . All the smiles right after initiation. . . Blackie Goldberg and smiling date. . . Unомн, looks good!
The Maltese Cross of Alpha Tau Omega is symbolic of the oldest fraternity at Georgia Tech. Organized in 1888, this chapter was granted its charter three months before Tech received its charter as an authorized state institution. Alpha Tau Omega, the first Greek-letter fraternity organized after the Civil War, was founded at Richmond, Virginia, on September 11, 1865. Now grown to be one of the great national fraternities, A.T.O. has ninety-five active chapters throughout the nation and over fifty thousand lifetime members. Advocating a well rounded college life for its men, the Beta Iota Chapter is collectively interested in maintaining a high scholastic standing and keeping its high place in leadership and campus activities. House-parties, the Spring Formal, hayrides, and informal dances keep up the social interests while the year-round participation in intra-mural sports rounds out a full program.
A clockwise: ATO's prize rushee. . . . Music appreciation.
Beauty and the beast. . . . We took those pictures.

Clockwise: That'll learn him. . . . One of the many, performers for ATO talent scout. . . . ATO's muscle men at work.
Clockwise: One of the better moments. . . Through the Maltese Cross. . . Another prize rusher flanked by the Johnsons.
Gamma Eta Chapter

Beta Theta Pi is entering its 108th year of continuous existence as a national social fraternity. Founded at Miami University in 1839, it now has over ninety chapters, with a total membership of more than forty thousand. The local chapter, Gamma Eta, was installed at Tech in 1917 and has been well represented by its members in nearly all campus organizations and activities. Outstanding among the Beta Seniors are: Bob Bailey, member of ANAK and Vice President of the Interfraternity Council; Niles Millsap, member of ANAK and Omicron Delta Kappa, and editor of the TECHNIQUE; and Phil Thomas, chapter president and member of Alpha Chi Sigma.

Chi Phi has been in existence since 1824, at which time a literary and religious club became known as the Chi Phi Fraternity. The local chapter was established here at Tech in 1904 and since that time it has been increasing in number and in strength. The national fraternity has followed a conservative expansion policy and now has thirty-five chapters with a total membership of over twenty thousand.

Clockwise: Beauty on every stop, but not on the right. . . .
Everybody laughs... But they're looking out the window.
. . . If it were poker, he'd be blushing.
Alpha Gamma Chapter

The Alpha Gamma Chapter of the Delta Sigma Phi Fraternity was founded on the Georgia Tech campus in 1920. First known as the Soldier’s Club because it was founded by veterans of World War I, the members soon petitioned and became a chapter of the nationally known fraternity. The World War II years sadly depleted the ranks of this fraternity, and the returning veterans gratefully appreciate the fact that so few of its members and alumni carried the burden of keeping this chapter active for so long. Now that the Delta Sigs are united again the house vibrates with laughter and logarithms.
Clockwise: Some of the sons of the Sphinx take a twirl at dancing. . . . We got women at our house. . . . Within dwells the spirit of the Sphinx. . . . Coats and ties indicate formal show time.
Delta Tau Delta was founded at Bethany College in 1859 and now has seventy-five active chapters and over a hundred alumni chapters throughout the country with a total membership of over forty thousand. In February of 1920, a local fraternity known as Beta Phi Delta was granted a charter as Gamma Psi Chapter of Delta Tau Delta. This year the Delts rose to great heights on the Tech campus by winning the Interfraternity Softball Tournament, the annual homecoming decoration award, and by placing third in Ramblin' Reck contest. This spring the annual Artists and Models ball was held and again turned out to be one of the most successful of fraternity dances.
The Kappa Alpha order was founded at Washington and Lee University in December of 1865, and now has sixty-seven chapters with a total membership of over thirty thousand. One of the first fraternities on the Tech campus, Kappa Alpha was installed locally in October 1899, as Alpha Sigma Chapter. Kappa Alpha Fraternity is a southern fraternity and has all of its chapters below the Mason-Dixon Line. The fraternity has always been well represented by its members in the different campus organizations and activities, and this year was no exception as some of the key positions in ANAK, O.D.K., the Interfraternity Council, and other societies were held down by Kappa Alphas.
Clockwise: "Come wid' me, Baby, to de' Casbah." . . . Maybe white shirts are plentiful. . . . "It's a wonderful day in Atlanta." . . . "Our humble abode."

Alpha Tau Chapter

The Kappa Sigma Fraternity, founded in 1869 at the University of Virginia, now consists of 115 chapters throughout the United States, with chapters in Canada and Hawaii. Alpha Tau Chapter was chartered in 1892 and is one of the most active fraternities on the Tech campus. Last year the Kappa Sigs added to their trophy collection the 1946 IFC basketball championship. We have been well represented in campus activities with members in Anak, Eta Kappa Nu, Business Manager of the BLUEPRINT, Bulldog Club, ASME, Pi Tau Sigma, Pi Delta Epsilon, ENGINEER, YELLOW JACKET, IFC officers, ASCE, American Legion, AIEE, IRE, Camera Club, Alpha Phi Omega, International Relations Club, Phi Eta Sigma, YMCA Cabinet, Tau Beta Pi, Chi Epsilon, IAS, SAM, Student Council, varsity football and track, Debating Society, TECHNIQUE, Phi Kappa Phi, and class Officers. One of our outstanding social events is the Kappa Sig Black and White Ball held annually.

Delta Chapter

The national fraternity of Lambda Chi Alpha was founded in 1909 at Boston University, and it is now the second largest national fraternity. It has a total of 112 chapters in the United States and two in Canada. It is thus recognized as the largest international fraternity as it has a membership of over 50,000. The Beta Kappa Chapter was established on the Tech campus on October 6, 1942, after achieving an enviable record during its affiliation with an old club known as Beta Kappa. Lambda Chi Alpha has enjoyed a very active social year, which was highlighted by its annual formal dance at the Biltmore Hotel. The chapter was delighted with the crowning of Bette Dillard as "Sweetheart of Lambda Chi" for this year.

The Georgia Delta Chapter of Phi Delta Theta, founded at Georgia Tech in 1902, has seen few years in its half-century of existence to surpass the one which is now being brought to a successful climax. In the field of sports, Phi Delta Theta walked off with championship trophies in I.F.C. track and swimming competition. On the varsity football squad were eleven Phi Delts who won letters. In the campus organizations, Phi Delta Theta was also well represented as its members were active in ANAK, Tau Beta Pi, the Bulldog Club, the campus publications, and other campus societies. The social life of the Phi Delts was also kept up to par by the many houseparties, dances, and the well-known “Bowery Balls.”
Clockwise: We welcome you... Dak and Wet under the eye... Dangechain Flowers with the polka-dot tie gets his mug in.
Xi Chapter

Phi Epsilon Pi was founded on November 23, 1904, at the College of the City of New York; Xi Chapter here at Tech was established January 15, 1916. Always active throughout the war, the first postwar semester found the chapter the strongest and largest in its history. The chapter has been active in extracurricular activities, and at the same time, its members have participated in intra-fraternal activities. Along with Tech’s expansion program, Xi Chapter is instigating its own program, with plans for a new and larger house to be built in the near future. A full social calendar of picnics, house-parties and rush week affairs was highlighted in November by a weekend celebration of Xi's thirtieth anniversary with a banquet and formal dance held at the Biltmore Hotel.

Gamma Tau Chapter

Phi Gamma Delta had its origin at Canonsburg, Pennsylvania, at Jefferson College in the year 1848. It was founded primarily as a southern fraternity, but soon after the Civil War it became a national organization, until now it has seventy-four active chapters with a total membership of over forty thousand. The Gamma Tau Chapter was installed at Tech in 1926 when Gamma Tau Delta, a strong local fraternity was granted a charter in Phi Gamma Delta. The return of many veteran brothers marks another major step in the advancement of Phi Gamma Delta on the Tech campus and on the other college campuses throughout the United States.

Alpha Nu Chapter

Founded at the University of Pennsylvania in 1850, Phi Kappa Sigma has expanded until there are now forty chapters located at the leading educational institutions in the United States and Canada. The Alpha Nu Chapter at Georgia Tech was founded in January of 1904 and became the first chapter on the campus to own its own house. In keeping with the conservative expansion policy of the fraternity, the roll of the Alpha Nu Chapter has been limited to only thirty members. In spite of this relatively small group, Phi Kaps have always furnished a large part of the leadership on the campus. Bolstered by the combination of returning veterans and new pledges, Phi Kappa Sigma is making bigger and better plans for the future, toward which it can look with confidence.

Phi Kappa Tau Fraternity was organized in 1906 at Miami University, Oxford, Ohio. Its growth has been steady and conservative, and at the present it has forty-nine chapters which are widespread throughout the United States. Phi Tau is one of the two fraternities which owns its own headquarters building and three-fourths of the chapters own their own houses. The fraternity is a member of the American Interfraternity Conference and ranks fifteenth in size among sixty college fraternities. Alpha Rho Chapter was originally installed on the Tech campus in 1929. It returned to the campus in September 1946, after a period of dormancy over the war years.

In the year 1868 the Pi Kappa Alpha Fraternity was founded at the University of Virginia and has expanded nationally until now there are over eighty-five chapters throughout the United States. The Alpha Delta Chapter has been outstanding in campus life and activities since its founding in 1901. The Pikas of Tech have enjoyed an expanded membership during the past year and rate high on the campus as an active social fraternity with many outstanding activities. They have entered all inter-fraternal competition at Tech and have won many trophies including the Ramblin’ Reck contest for 1944 and 1945. Social activities have also been numerous and unexcelled as many house parties, trips to Lake Burton, the annual ’possum hunt, the Black and White Ball, and many house dances have been enjoyed by all members of the chapter. The word Pike has actually come to mean friendship, fellowship, and brotherly love in the highest sense, and the members of Pi Kappa Alpha live and work together with a cooperation and friendly understanding that is unsurpassed by any other group.

Pi Kappa Phi was founded at the College of Charleston on December 10, 1904. Iota Chapter was instituted on the Tech campus in 1913. Its thirty-three chapters give representation from coast to coast. Throughout the year a series of dances, steak frys, and banquets were held. The annual Founders' Day ball was resumed after a lapse during the war years. The Pi Kaps were active in intramural sports, being especially proud of their softball team, which won many victories. The chapter had three men on Tech's outstanding baseball team. They were: Frank Key, Leslie Tarbutton, and Walter Crawford. Several prominent members were lost through graduation, but the return of numerous veterans enlightens the future of the coming year.

Clockwise: Old and new proly... The gals say they're wolves... The great lover—ask Luis... Lonesome Polecat and Zombie Steppin' out.
Sigma Alpha Epsilon was founded at the University of Alabama on March 9, 1856, and has since that time grown and expanded until it now has one hundred thirteen chapters, with a membership which exceeds sixty thousand. Georgia Phi, the chapter here at Tech, was installed in March 1890 and thereby was the second national fraternity on the Georgia Tech campus. This year was one of the most successful years enjoyed by the fraternity. One of the largest pledge classes in the history of the chapter was received in September, and the many activities on the campus were numbered with S.A.E. members. This year the fraternity was also successful in winning the Interfraternity Council football league championship.
Clockwise: You know you can't use that slipstick. . . . The "Bi-Mobile" during the homecoming. . . . Slick talk. . . . "Now this is us when . . ."
Checkers: Wanna' be dummy? . . . Franklin has it rough . . . . Why didn't they have "The Most Appealing" decoration prize? . . . . Come on in, everybody does.

The Sigma Chi fraternity was founded at Miami University, Oxford, Ohio, in 1855 and has since become one of the largest fraternities in the country. The Beta Psi Chapter was established here at Georgia Tech in 1922 when the local fraternity, Pi Alpha Sigma, received its charter from the Sigma Chi National fraternity. The fraternity now has ninety-eight chapters, with a membership of fifty thousand. With the return of many brothers from the armed services Sigma Chi is again one of the top-ranking Tech fraternities. The social season was crammed with dances, house parties, and other enjoyable forms of entertainment for the members of the fraternity. The annual "Sigma Chi Sweetheart Ball" was held this year and again provided one of the best dances of the year.

Gamma Alpha Chapter

Founded at Virginia Military Institute in 1869, Sigma Nu was installed at Tech in 1896, the fourth national social fraternity to reach the campus. The year 1946 marked the Golden Anniversary of this chapter of Sigma Nu and the seventy-seventh anniversary of the national fraternity. A White Rose Formal dance, commemorating this chapter's founding, was held at Druid Hills Country Club on November 19, 1946. This was Gamma Alpha's outstanding function of the year, being attended by alumni and members of Sigma Nu fraternity from Auburn, Emory, and the University of Georgia. Numerous other socials and functions were presented throughout the year.

Alpha Chapter

Sigma Phi Epsilon is a comparatively young fraternity, having been founded in 1902. The organization that became Sigma Phi Epsilon was a local organization on the campus of Richmond College, Richmond, Virginia, known as the "Saturday Night Club." This club was founded by six students of that institution a year preceding the signing of the Sigma Phi Epsilon charter. Since that time, the fraternity has grown rapidly and will soon have ninety active chapters throughout the United States and Canada. The Georgia Alpha Chapter which came to the Georgia Tech campus in 1907 remained active throughout the war, and present membership is well above the prewar level.

Phi Chapter

Tau Epsilon Phi, the outgrowth of a professional fraternity, was founded at Columbia University on October 10, 1910. Phi Chapter was installed on the Tech campus in 1922. This year, for the first time since 1942, Phi Chapter was able to sponsor the well known Southern Conclave. Since the majority of the Phi men had already returned from the services, this year’s conclave proved to be the largest and most successful in the history of Tau Epsilon Phi here at Tech. Many other parties and smaller dances helped to round out the year’s social activities. Tau Epsilon Phi also participated in many intramural sports. Although not champions, Tau Epsilon Phi men had that “never say die” spirit for which they are noted. With the plans made by Georgia Tech for a new and larger campus, the fraternity also has plans of its own. After a quarter of a century of fun, frolic, and good hard work behind, Tau Epsilon Phi is looking forward to an even brighter and more prosperous future.

Alpha Nu Chapter

Theta Chi was founded at Norwich University on March 10, 1856. It now is one of the thirteen largest national fraternities, with seventy-three active chapters. Alpha Nu was installed at Tech in 1923 by prominent members of the student body and alumni. With the active support of the Atlanta Theta Chi alumni group the chapter purchased a new home on Spring Street early in 1946. Parallel with many school activities and social functions the Theta Chi Chapter has always maintained a high scholastic standing. Evidence of this fact are the Interfraternity scholarship cups which the chapter has won.
