Your future can start today!

Your initial start in the engineering field will affect your entire future...it will shape you and your career, and will determine today your status in this field for years to come. We have a number of excellent positions, principally in research, for the right men. These positions are for career men, capable of working ahead to the top of their profession. We want men who are able to do creative research in unexplored fields—men who have no desire for monotonous, routine work.

Consider these important facts: the oldest aircraft manufacturing company in continuous service in the country, and one of the largest. A modern plant, with excellent facilities and equipment. Expert personnel, good working conditions, located in a suburban area of a centrally located city on the east coast.

We are working on varied types of research. In jet propulsion, guided missiles, supersonic aircraft, electronics, military planes, commercial transports, and in several other fields, including materials and alloys, television and plastics. Our huge new plastics plant has just started in production.

If you can keep pace in a strong company noted for its progress, start your future now. Find out the opportunities we can offer. Write, outlining your background, your interests and plans, to Technical Employment Section, The Glenn L. Martin Company, Baltimore 3, Md.

Baldwin Organ
is here!

The Majesty of Traditional Organ Music is now available in the New Baldwin Organ at a fraction of its usual cost. After 16 years of research and development, this new electronic marvel is ready for you to see and hear. A truly great instrument, it fully deserves a place beside Today's Great Piano—the Baldwin.

You are cordially invited to see it, hear it, play it.

After a lengthy examination the doctor told the
Tech student that rest was the answer to his ill-
ness. "The best thing for you to do," said the
doctor solemnly, "is to give up drinking and smok-
ing, get up early in the morning and go to bed
early at night."
The tired student looked up at the man of medi-
cine. "Somehow," he said, "I don't deserve the
best. What's second best?"

GEORGIA TECH COLLEGE INN
"Excuse me," said the heavy football lineman, returning to his seat in the theater, "but wasn't it you whose feet I stepped on when I went out?"

"Yes, but that's all—"

"Then," interrupted the gridiron hero, squeezing by, "this is my row."
STOP DRINKING
Are You a Potential Alcoholic?
ANSWER YOURSELF THE FOLLOWING QUESTIONS
1. Do you drink because you can't leave it alone?
2. Do you try to stop but only go so far?
3. Do you make promises and try to keep them but cannot?
4. Does alcohol relieve you when extremely nervous?
5. Do you resent your family and friends trying to help?
6. Do you feel that there is something wrong but can't explain why you keep on drinking?
7. Does the night before leave you very nervous next day?
8. Do you find it harder to stop drinking each time you quit and start drinking again?
9. Is drinking affecting your home and business but you won't admit it?
10. Does one drink call for another until you humiliate your family and friends by being irresponsible?
11. Do you experience mental haziness and lack of concentration after a debauch?
12. Do you begin to get nervous and irritable when you have gone a certain length of time without drinking, but get relief soon after you have had several drinks?
13. Do you know in your own mind that you are slipping?
14. Has drinking passed the playful stage with you?

If any seven of the fourteen questions above apply to you personally, you are a potential alcoholic—it is time to stop now for good, as continued use of alcohol can only lead to increased suffering.

In from seven to ten days' treatment at the White Cross Hospital every one of the above symptoms is completely removed with no further desire or craving for alcohol in any form.

The White Cross treatment has gained the Interest, Respect and Good Will of leading business and professional men and women in Atlanta and throughout the South.

A woman approached the clerk in a fruit market and asked for a pound of grapes.

"My husband is fond of them," she said. "Tell me, do you know whether they have been sprayed with any kind of poison?"

"No, ma'am," replied the clerk. "You'll have to get that at the drugstore."
