"The year has gone, and with it many a glorious throng of happy dreams. Its mark is on each brow; its shadow on each heart."

Georgia School of Technology

1948 Blue Print

Published By The Students of the GEORGIA SCHOOL OF TECHNOLOGY ATLANTA, GEORGIA

James Erskine Love, Jr. Editor
Hugh Erskine Carmichael Business Manager
DEDICATION

WILLIAM GILMER PERRY
THEME

... Any institution is only a lengthened shadow of its great teachers...

To

WILLIAM GILMER PERRY, B.A., M.A., LITT.D.

from 1901 to 1948
a member of the English Department of the Georgia School of Technology
from 1922 to 1948 Head of the English Department
from 1941 to 1945 Dean of General Studies

who forty years ago, as an early instance of his innumerable generous services, was faculty advisor and sponsor of the first edition of the BLUE PRINT

and whose life, during his half-century at the Georgia School of Technology, has summarized every excellence which the noblest education can instill in a man

this fortieth edition of the BLUE PRINT
IS DEDICATED
WITH WARM GRATITUDE AND WITH RESPECTFUL LOVE
"Then let us not be precious of our thought,
Nor of our words, nor board them up . . .
Let us be prodigal, as heaven is;
Lose what we may lose, and give what we may give."
The Georgia School of Technology has long been proud of its presidents. They have always been distinguished and respected men who have heaped renown upon our school. In like fashion Dr. Blake Ragsdale Van Leer has guided this institution during the hectic post-war years and has helped to develop it into a school that stands unequaled throughout the South. Dr. Van Leer has continually fought for greater expansion and commensurate equality. His success is evident.

We are proud of his progress and respect him for what he is—the energetic and capable leader of our school.
Among the greatest living Southern educators is Dr. Marion Luther Brittain, who was for more than two decades President of the Georgia School of Technology. Even through the difficult depression years, the school under his administration continued to expand in size and improve in standing. Through his efforts Georgia Tech has become a school of national importance. The part that Dr. Brittain has played in the expansion of the Georgia School of Technology cannot be overemphasized.
EXECUTIVE DEAN

Georgia Tech is indeed fortunate to have a man of the administrative and organizational ability of Phil Blasier Narmore. In these times of crowded and changing conditions, his excellent performance of difficult duties merits the praise of faculty and students alike. A member of eleven standing and three special committees of the faculty, his energetic and tireless work has figured prominently in the improvement and expansion of the school.

DEAN OF STUDENTS

One of the most indispensable members of the administration from the standpoint of students and faculty is George C. Griffin, Dean of Students. Thousands of students pass through his office for advice and assistance. His direction of the activities of fraternities and organizations has always been patient, considerate, and helpful. No member of the faculty has a more difficult job, and no one could carry out the responsibilities of this office more ably than Dean Griffin.
OFFICERS OF THE ADMINISTRATION

OFFICE OF THE PRESIDENT
Marion Luther Brittain, A.B., LL.D. . . . President Emeritus
Robert Stitle, B.S. . . . . . . Assistant to the President
Harriet Henderson . . . . . Administrative Assistant
Elizabeth Koenig . . . . . Secretary to the President

OFFICE OF THE EXECUTIVE DEAN
Phil Blamer Narmore, B.S., Ph.D. . . . Executive Dean
Nan Russell Lingle . . . . . . Secretary

The Civil Engineering Building

Cherry Logan Emerson
Dean of Engineering

Ralph A. Hefner
Dean of General Studies

ENSIGN W. E. DEYERLE  Battalio Lieutenant
CPO W. N. TAYLOR  Chief Petty Officer

LEFT TO RIGHT: Shear, Kyle, Nabors, Deyerle, Taylor.
The United States Navy presents a splendid opportunity for young men who meet the rigid mental and physical qualifications for engineering degrees and commissions in the Naval Reserve. Classroom work under excellent instructors and summer cruises to foreign ports provide training for the future officers of this great fighting branch.
Georgia Tech is fortunate to have a regular Naval ROTC unit at this school. During the recent war thousands of officers who received their training here served throughout the world. The unit today consists of one battalion of two companies, and the school is extremely proud of the fine work being done by the Midshipmen, who serve while they learn.
The Navy gets the WORD.

Signs of our Times
SLANTED PICS, TOP TO BOTTOM: The Beta Theta Pi wreck and decoration featuring Hell and a dog pound . . . An amusement park, completed with a "Spill the Milk" concession decorates the SAE house . . . The ATO's cleverly operated mechanism displaying the sign "We'll Sting Georgia's Butts"
 . . . TOP, LEFT TO RIGHT: Pi Kappa Alpha enlarges upon Dante's Inferno by creating a three-legged football player and the flames themselves . . . Delta Tau Deltas posing beside and on their wreck . . . Right in front of the judges' stand the Pi Kappa Alpha wreck falls apart . . . The Phi Deltas are up in the air about this wreck . . . MIDDLE, LEFT TO RIGHT: Delta Tau Delta's Johnny Rauch wiping "Wading Wally's" eyes . . . Half time frolics at the annual Tech-Georgia freshman game . . . "It's a PRIVYilege to 'Beat Georgia'" says the Chi Phi wreck . . . BOTTOM, LEFT TO RIGHT: Chi Phi steam roller paving the way to the Orange Bowl . . . Sigma Chi's first place ramblin' calculator . . . The boys really displayed ingenuity on this one . . . The ATO-mic powered wreck, under the guidance of Commander Vevera, poses for its picture.
Mech and physics problems were thrust aside as once again the spirit of homecoming prevailed on the Tech campus. The various and sundry fraternities which are so much a part of the social activities of the school went all out to decorate their respective houses with such appropriate slogans as "All bowls will shine come November 29" and "Weeping Wally will wail today"—which added much to the local color and enthusiasm of the students and faculty. Alumni returned to witness the efforts of a great Tech team stomp the Georgia Bulldogs 7 to 0.

A parade of Ramblin' Reeks toured the campus with the judges keeping a wary eye peeled. The novel and imaginative decorations were as usual nightmares dreamed up after a rough night at Duffys. The competition was close with Sigma Chi topping first honors.

In all it was typical of the great and glorious school spirit that the students feel for their Alma Mater—the spirit which has helped make Tech the school it is today.

That night a stimulating and riproaring shindig was sponsored by the Bulldog Club which featured the Auburn Knights, one of the outstanding college bands of the South. During intermission Anak tapped five prominent seniors for one of the highest honors at Tech. The auditorium was crowded to capacity by a gleeful crowd who had watched its team cheered to victory that afternoon. It was the culmination of another momentous day for the student body.
TOP, LEFT TO RIGHT: The SAE wreck of Bulldog Stew ... Here's the Beta wreck in slow motion ... The huddle before the Georgia game ... Captains Healy and Phillips of Tech with Captain Edwards of Georgia look on as the coin is flipped ... MIDDLE, LEFT TO RIGHT: The KA inferno with its barbecued Bulldog ... Someone rumored that this is the Sigma Nu wreck; it's more like a Sherman tank ... "I made ANAK ... oh, happy days." ... "A rolling mountain stew" still, the jolly roger, and a small anti-aircraft gun make up the Phi Gamma Delta wreck ... BOTTOM, LEFT TO RIGHT: The Phi Kappa Taus have a bathtub and a bottle of Kickapoo Joy Juice on their wreck ... The balloons on the ATO wreck are helium-filled to keep it up ... This wreck was personally recommended uy Dunc B. Hind ... CIRCLE INSET, OPPOSITE PAGE: "Flash McKinney and the Auburn Knights' incomparable bandleader, Bob Hurton, talk it over—.
TOP INSET: Latin-Americans perform at the NROTC formal . . . TOP, LEFT TO RIGHT: Buddha smiles on the frolicking Architects . . . Atlanta's Hurt Park at night during IFC intermission . . . Are you one of the good brothers? Well, come on in and dance . . . No bow tie or big ears but he sings anyway . . . MIDDLE, LEFT TO RIGHT: This is the night lab for sixth year architecture students . . . Charlie Sorrells plays for the ANAK Blue Devil dance after the Duke game . . . Sigs and dates sit one out at the Triad . . . BOTTOM, LEFT TO RIGHT: SAE officers and dates at their formal . . . "Gather round me everybody" . . . South America, Take it away . . . The Army puts its best foot forward at the Military Ball . . . Bill making time with twin Bob's date . . . INSET, OPPOSITE PAGE: Give it to Jimmy Dorsey's drummer man.
Architects without bow ties, but with something much more appealing... The Seniors take time out for a coke... Jimmy Dorsey's saxophonist gets hot... RIGHT SIDE, TOP TO BOTTOM: Beauty and the Maidenswoon... Yes, it's Sigma Chi's prexy leading the new sweetheart, Martha Burts, up to the podium... Coffee and orchids at the ATO house... Albert Coleman and the orchestra play for the Phi Kappa Tau dance... THIS PAGE, TOP, LEFT: Where's Jane Russell?... TOP, RIGHT: Future Admirals and dates... MIDDLE, LEFT TO RIGHT: The children's hour... Miss Perfect Lips and CO-OP president... And he had to be elected President for this!... BOTTOM, LEFT TO RIGHT: Let's all go down and see what the Beta's have... The long and the short of it all... Oh, you ugly chile.
UPPER LEFT CORNER: Anybody got a light for John Huskisson and his big pipe? . . . OFFSET: A conglomeration of male and female cheesecake at the Beta kid party . . . TOP: They say seven is a lucky number . . . BELOW, LEFT: Those inseparable two . . . . . . Flossie May and Rochester going through their paces . . . BELOW, RIGHT, TOP: ATO house parlor dates . . . BELOW, RIGHT, BOTTOM: Don Cady gives instructions to cake-racing freshman.
Hail, hail, the gang's all here . . . At least one grandstand quarterback has the spirit . . . "Tech's tenacious tackle" proves to be adept at other things . . . RIGHT SIDE, TOP TO BOTTOM: Who's the joker in the crowd, Eddie? . . . The boys and gals with leather throats . . . Emory Aces play for May Day Dance . . . O'Id Black Jones at the ATO house . . . BOTTOM INSET: And Gordon didn't know this was his wife! Bulldog initiation.
OPPOSITE PAGE, TOP PIC: Close your mouth, Brooks, a fly might go in . . . LEFT: Cady . . . the man of dis-stink-shun, and the other jellies . . . CIRCLE INSET: "May I have a piece of gum?" says Bill Brooks date . . . BELOW, TOP, LEFT: B. B. Brown knows how to dish out that eggnog to the ATO's . . . BELOW, TOP, RIGHT: ATO house party plus on SAE . . . BOTTOM, LEFT: Santa Claus Vevera gives the photogs lace, no less . . . BOTTOM, RIGHT: The Duke Blue Devil takes a rain-soaked beating . . . THIS PAGE, INSET, TOP: Glamour-boy Kirk displays three rows of teeth to the cameraman . . . INSET, BOTTOM: Dean Griffin, the cake, and the fast running Freshman . . . LEFT, TOP: Bull gets wheeled instead of shot . . . BOTTOM, LEFT: Kopp says "Cheerleading ain't so bad!" . . . BOTTOM, RIGHT: Oh, how those whiskers tickle.
"Brotherhood here in the strange world is the rich and
Rarest giving of life and the most valued;
Not to be had for a word or a week's wishing."

The Interfraternity Council is the governing board for all fraternities on the campus. Composed of two representatives from each national fraternity at Tech and under the general supervision of Dean George Griffin, the Council controls all interfraternity and school-fraternity relations. It promotes interfraternity competition in sports and scholarship. As its major activity, the council sponsors two sets of dances each year—the first coming before Christmas and the last at the end of the school year.
ALPHA EPSILON PI

ZETA CHAPTER

Alpha Epsilon Pi originated at New York University in 1913 and in its eventful history has expanded to every section of the country. The Zeta chapter was reactivated at Georgia Tech in March, 1946, and in its short period of activation has vigorously entered into school activities and climaxed the past year by dedicating its new fraternity house to the memory of Harold Rubin, a brother who died in the war.

The future of the Zeta chapter looks very promising with the addition of a large pledge class and the completion of a large dining room annex in which to provide all the comforts of home and a place for recreation.

GEORGIA BETA IOTA CHAPTER

Founded at Virginia Military Institute on September 11, 1865, Alpha Tau Omega has grown and expanded until there are now 101 chapters and a total membership of over fifty thousand. The Georgia Beta Iota Chapter was the first national fraternity to be installed at Georgia Tech, having been granted its charter on September 18, 1888, before the school was opened.

Always strong in extra-curricular activities the chapter is well represented in ODK, Tau Beta Pi, the Bulldog Club, the Ramblin' Wreck Club, and the publications staffs.

The house parties at Camp Cherokee, Senior Banquets, the Spring Formal, and many other parties give the chapter a very active social year. Hard study keeps up the scholastic standing and intramural sports and social activities combine to give the members a well-rounded college life.

Left: Those Miami boys polish up that Chevvy. Right: Tucker gives a ticket to Williamson and the ATO wreck.

GAMMA ETA CHAPTER

Beta Theta Pi is entering its 109th year of continuous existence as a national social fraternity. Founded at Miami University in 1839 as one of the Miami Triad, it now has ninety-two chapters with a total membership of over fifty-seven thousand. The local chapter, Gamma Eta, was installed at Tech in 1917 when Alpha Pi chapter was chartered by Beta Theta Pi.

The Betas have been well represented in campus activities and organizations and have also been socially prominent, having numerous house dances and parties during the year. The social year was climaxed by the annual Beta Kid Party.

OMEGA CHAPTER

Chi Phi, famous over the nation as the first Greek letter fraternity to be chartered, was founded at Princeton University on December 24, 1824. The Omega chapter was established at Georgia Tech in 1904 and was the first fraternity on the campus to own its own house.

Chi Phi is represented in nearly every social and honorary organization on the campus as well as the athletic teams. Chi Phi enjoyed a highly successful social season with house dances, outings, Christmas kids’ party, etc., entertaining the brothers.

Chi Psi was founded at Union College on May 20, 1841. It was the fifth fraternity at Union, where the Greek letter fraternity originated. Chi Psi soon spread through New England colleges, and, by reason of the fact that many of the members of Chi Psi were Southerners, chapters were soon established in the South. Iota Delta was established at Tech December 15, 1923, and is now one of twenty-five chapters established throughout the nation.

Chi Psi encourages a well-rounded college life for its men, and a two hundred dollar scholarship is awarded yearly to the man with the best scholastic record. Sports, organizations, and other campus activities round out a full college program. Informal dances, house parties, and costume parties maintain the social interests.

DELTA SIGMA PHI

ALPHA GAMMA CHAPTER

The Alpha Gamma chapter of the Delta Sigma Phi fraternity was founded on the Georgia Tech campus in 1920. It was originally known as the Soldiers' Club because it was organized by veterans of World War I.

Within a modest residence the Alpha Gamma house boasts one of the most modern interiors on the campus. The entire first floor of the house was remodeled last year, largely through the work of the active members. The interior decoration has been pronounced unique by all who have seen it.

Delta Sigs maintain a membership sufficient for participation in all phases of fraternity activity without expanding beyond a size suitable for close fraternal communion among the brothers in the Bond of Sphinx. In addition to the usual fraternity affairs, members have been active in all phases of extracurricular activities.

Delta Tau Delta was founded in 1859 at Bethany College, Virginia and has grown and prospered through the years to where it now stands securely with seventy-five active chapters throughout the nation and over eighty thousand alumni. The Gamma Psi Chapter of Delta Tau Delta was established on the Tech campus on April 1921.

Advocating an active college lifestyle for its members, Gamma Psi has continually displayed that spirit on the Tech campus by having Delts in Anak, O. D. K., Student Council, The Blue Print, Technique, and Yellow Jacket, as well as having four Delts selected for Who's Who in 1947-48.

The social aspects of fraternity life were again realized to the fullest with buffet suppers, hayrides, informal dances, house-parties and the annual Delt Artists' Ball. Rounding out a full year of activity, the Delts participated in all intra-mural sports.

ALPHA SIGMA CHAPTER

The Kappa Alpha Order was founded in 1865 at Washington and Lee University. All of its sixty-seven chapters are located below the Mason-Dixon Line, extending from the East Coast to the West Coast. The fraternity has over 30,000 alumni who form 82 Alumni Chapters. The chapter here on the Tech campus was founded in October, 1899 and has initiated over 700 members. Members are prominently identified with the social, scholastic, and extracurricular activities of the school. Traditional social functions of Alpha Sigma are The Convivium, celebration of General Robert Edward Lee's birthday, the formal dance during the winter quarter, and the annual house-party in the mountains of North Georgia.
ALPHA TAU CHAPTER

The Kappa Sigma fraternity, founded at the University of Virginia, now consists of 115 active chapters throughout the United States with chapters in Canada and Hawaii. The Alpha Tau chapter was chartered in 1895 and is one of the most active fraternities on the Tech campus. This chapter, in addition to stressing scholarship, encourages participation in extracurricular activities and has placed men in key positions in many campus organizations including athletics.

In keeping with Georgia Tech's expansion program, we are planning a new and larger chapter house which will be constructed in the near future. We are fortunate in having a very active alumni chapter in Atlanta which is highly interested in this chapter and its progress.

Numerous dances, house parties, and picnics have highlighted our social activities. One of our outstanding social events is the annual Kappa Sigma Black and White Ball.

LAMBDA CHI ALPHA

BETA KAPPA CHAPTER

The Lambda Chi Alpha National Society Fraternity was founded in 1909 at Boston University. Since then it has grown and matured into what is perhaps the largest social fraternity in America. Rich in tradition, blessed with aggressive leaders, and proud of its eminent prestige in American and Canadian colleges, Lambda Chi Alpha looks into the future with confidence and promise.

The Beta Kappa Chapter of Lambda Chi Alpha was established on the Tech campus on October 6, 1942 after its members had achieved an enviable scholastic record during its affiliation with the old Beta Kappa National Fraternity.

Lambda Chi Alpha has enjoyed a very active social year. Its social calendar was highlighted by its annual Winter Formal at the Biltmore Hotel, a hay ride to Fern's Farm of Fun, and a hobo party.

GEORGIA DELTA CHAPTER

The Phi Delta Theta Fraternity was founded in 1848 at Miami University in Oxford, Ohio. Since that time her membership has grown to over 60,000 men in 108 chapters located in the United States and Canada. The Georgia Delta chapter, Georgia Delta, was established in 1909.

In addition to their social activities, consisting of the annual formal dance, house-parties, Bowery Balls, etc., the Phi Delts in the past year contributed their share toward the leadership of the campus—six of the twelve school class officers, four members of student council, editor of The Technique, fourteen memberships in the major honor societies, and over fifty memberships in lesser honor societies.

In athletics, they captured four out of seven of the I. F. C. cups offered, and were well represented on the football, track, golf, tennis, baseball, wrestling, and swimming teams.

PHI EPSILON PI

XI CHAPTER

Phi Epsilon Pi was founded at the City College of New York on November 23, 1904. Xi Chapter was established here on the Tech campus January 15, 1916. The fraternity has been growing steadily since the end of the war, reaching and then surpassing its pre-war strength. This school year has been one of many successful social functions, highlighted by the annual formal held in October at the Biltmore Hotel.

The fraternity is not only active socially, but is also very well represented in extra-curricular activities on the campus. This, in conjunction with a consistently high scholastic rating, makes for a well rounded group of activities. Plans for the future are centered around the prospective new house.

Gamma Tau Chapter

Phi Gamma Delta had its origin at Jefferson College, Canonsburg, Pennsylvania in 1848. It was founded primarily as a southern fraternity but just before the War Between the States it became a national organization. Phi Gamma Delta now has a membership of forty-six thousand and is represented on seventy-four campuses. Gamma Tau Chapter was installed in 1926 when Gamma Tau Delta, a strong local fraternity was granted a charter by Phi Gamma Delta.

This year the Fijis moved into a new house, the old chapter house having been lost during the war. The chapter has been active in extracurricular activities and, at the same time, has participated in many inter-fraternal activities. A full social calendar of rushing, house parties, picnics, and dances was highlighted by the Fiji Formal of Founders' Day, May first, and the annual Pig Dinner in March.

PHI KAPPA SIGMA was founded in 1850 at the University of Pennsylvania. The Alpha Nu Chapter at Georgia Tech was founded in 1904, and distinguished itself in founding the Anak Society, the highest local honorary society on the campus.

Phi Kaps have always been among the campus leaders and have been continually striving for better relations among the increasing numbers of new students arriving quarterly. Although Phi Kappa Sigma has a relatively small chapter on the Tech campus, one can always find a Phi Kap in the midst of any worthwhile undertaking. While great plans are in store for the future, the present is never neglected.

The Phi Kappa Tau fraternity was first organized at Miami University, Oxford, Ohio in 1906. Since then it has grown to fifty chapters. The fraternity is represented in most of the major schools of the country.

The Alpha Rho chapter was established at Georgia Tech in 1929 but was forced to cease its activities during the war. In September, 1946 the chapter was reactivated with the initiation of seven members. Over the period of one year the chapter has increased its membership to thirty-three, bought a house, and placed among the three leading chapters at the national convention.

With the remodeling of the house and basement to supply more facilities for dancing and a game room, the chapter looks forward to even more progress during the coming year.

KAPPA DEUTERON CHAPTER

PHI SIGMA KAPPA was founded at Massachusetts State College on March 15, 1873. The chapters were located in the Northeast until a conservative expansion policy was adopted in 1900. Since that year Phi Sigma Kappa has grown until it now has forty-four chapters across the nation. Kappa Deuteron was established on the Tech campus in April, 1923.

In addition to the usual fraternity social life—hay rides, dances, house parties, etc.—the members have taken on active interest in extracurricular activities.

Pi Kappa

STUMBERG

Now if it wasn’t for initiation we’d never be in these tuxes in daylight.

Rothfuss blocks while the ball carrier prepares to fire a pass.
ALPHA DELTA chapter of the Pi Kappa Alpha fraternity was granted its charter at Georgia Tech in February, 1904. The twenty-eighth chapter to be installed since the fraternity's founding at the University of Virginia in 1868, PiKA has grown to be one of the outstanding fraternities on the campus.

At first definitely Southern, the national fraternity has grown to include eighty-six chapters in every section of the country. Alpha Delta, although rather limited during the war, is again functioning in a normal manner. Among their many functions, the chapter has been host to the neighboring PiKA chapters in this section at their annual 'Possum Hunt and Christmas Party. The annual Black and White Ball is once again back from the war.

The chapter has long encouraged a high scholastic average among the members as a whole. As a result, the PiKA's have been continually proud of their high place in the ratings of the various campus organizations.
Pi Kappa Phi was founded at the College of Charleston on December 10, 1904. Iota chapter was established on the Tech campus in 1913. Throughout the year a series of dances, steak fries, bingo parties, and banquets was held. The Pi Kaps are active in intramural sports and have won many trophies.

Aided recently by the re-acquisition of a house on the campus, Iota has directed its energies primarily toward improving its home and building the chapter back to its pre-war status. The past year has seen marked improvement toward this goal.

H. Holloman ........................ Secretary
R. Johnston ........................ Treasurer

Avey gets an eye full.
S. A. E. was founded at the University of Alabama in 1856 and since then has grown to a total of 114 chapters and a total of membership of over 60,000. The Georgia Phi chapter, chartered in 1890, was the second national fraternity founded at Tech.

The chapter has experienced one of its most outstanding and successful years with its active membership at an all-time high. The Sons of Minerva have more than maintained their position of eminence in the campus fraternity life. A seemingly impossible task of interior decoration resulted in the award of the Dean's Trophy for the greatest improvement to a fraternity house at Tech in 1947.

In the intramural athletic league the SAE's remained the perennial "team to beat." The football team has never extended in winning its second consecutive interfraternity championship. This gridiron prowess extended to the play of the 1947 varsity. The winter social activities were climaxed by the gay and glittering annual Christmas formal. Plans are being formulated for the construction of a large outdoor dancing pavilion at the chapter house.

Clockwise: Fred Avev and date at the formal. . . . Champagne, no less. . . . And a jolly time was had by all. . . . I wonder what they're so happy about.

Extreme left: Why look at the sky when there's so much beauty in the boat, and we don't mean Lawrence. . . . Left: Foreman Brooks and his crew.
BETA PSI CHAPTER

Sigma Chi was founded June 28, 1855, at Miami University, Oxford, Ohio. Since its founding it has expanded to 114 active chapters in the United States and Canada. The Beta Psi chapter was installed at Tech in 1922 by the absorption of Pi Alpha Sigma, a local fraternity.

The Sigma Chi's placed first in the homecoming decorations contest and the Rambling Wreck Contest. This is the first time in the history of Tech that the Fraternity has won both events in the same year. The chapter also placed second in the intramural football league.

Our Sweetheart Ball was a big success at which our new sweetheart, Martha Burts, was presented formally to the public. Another good dance was the Miami Triad which we sponsored jointly with Phi Delta Theta and Beta Theta Pi.

The wheels of Sigma Chi are still rolling with the president of I. F. C. and the president of the student council and many lesser honors among our members and membership and officership in nearly every literary, social, and scholastic organization on the campus.

Below: Boeke, Branch, and Doc wait for registration... Left: Schlosser blows, Kidd strums and somehow music comes out.

FAR RIGHT: Griggs leaps in the air to bombard Meredith.
SIGMA NU

GAMMA ALPHA CHAPTER

SIGMA Nu, originally known as the Legion of Honor, was founded at V. M. I. in 1869. Since Gamma Alpha Chapter was founded at Tech in 1896, this marks our fifty-first year of service here. Our members and chapter won recognition for themselves and the "White Star" in interfraternity as well as general campus activities, gaining honors in student elections, varsity sports, and interfraternity sports.

Climaxing our year of social activities—house dances, hay rides, and house parties—a banquet and formal dance were given for our members and alumni at the Druid Hills Country Club. Gamma Alpha looks forward to the coming year to carry on the rich traditions of our founders by mutually benefiting our members and inculcating honor throughout our associations. Closing a very successful year of fraternity activities, we salute the "White Star of Sigma Nu."

GEORGIA ALPHA CHAPTER

The "Saturday Night Club" was founded in November, 1901 at the University of Richmond. The following year the name was changed to Sigma Phi Epsilon and the fraternity received its national charter. From the original twelve members the Sig Eps have grown to a membership of over twenty-six thousand with eighty-five chapters throughout the United States.

The Georgia Alpha Chapter was established at Tech in March, 1907. It was the seventeenth fraternity to appear on the campus. Sig Eps have been active in many organizations in addition to maintaining a full fraternity life.

Our New Chapter House

3 "rahs" for the other team
PHI CHAPTER

TAU EPSILON Phi celebrated its 29th year on the Tech campus this year. This year T E Phi boasts the largest membership of actives and largest pledge class in the history of the chapter.

The highlight of the year was the obtaining of a new chapter house and dining-recreation hall at 746 Williams Street. The chapter at Tech along with Mu chapter from Emory and Pi chapter from the University of Georgia sponsored the annual Georgia Conclave, a week-end of fun which TEP men never forget, over the Thanksgiving week-end. The high point was the formal banquet and ball at the Ansley Hotel.

Other chapter activities during the year consisted of numerous social affairs and athletic events. Tau Epsilon Phi won its league’s championship in intramural softball and the I. F. C. scholarship award for the winter and spring quarters of last year.
ALPHA NU CHAPTER

THETA CHI was founded at Norwich University, Norwich, Vermont, in 1856. In the ninety-two years since its inception, seventy-five chapters have been added and Theta Chi has grown to be one of the largest members of the social fraternity world.

Alpha Nu Chapter was installed at Georgia Tech in the spring of 1923; thus it has enjoyed its twenty-fifth birthday as a part of the Tech campus. By confining its activities to a small, well-integrated group, Alpha Nu has been able to enjoy a well-planned social life and participate in all intramural activities without losing sight of the fraternity's ideals of scholarship and brotherhood.

ANAK, the oldest honorary on the Tech campus, is the highest local honor a Tech student may obtain. The members of ANAK are selected from the men of the Senior Class who are outstanding among their fellow students by their achievements for and services to Georgia Tech. Since its founding in 1908, ANAK has numbered among its members many Tech men who have become leaders of national prominence. ANAK has been responsible for the founding of nearly all of the other clubs that exist on the Tech campus.

OMICRON DELTA KAPPA is a national college activities fraternity for men. Members are selected on a point basis—a definite number of points being given for each honor or position attained by the student. When a student has amassed enough points and maintained a definite scholastic average, he is eligible for election—the ultimate election depending upon his character and popularity among his fellow students. O. D. K. ranks with ANAK as the highest honorary organization on the Tech campus.
Tau Beta Pi is the largest honorary engineering fraternity in the country and numbers among its members many of our outstanding engineers. Eligible for membership in the society are the upper eighth of the engineering junior classes and the upper fifth of the engineering classes in their senior year based on excellence in scholarship, character, loyalty, personality, leadership, and social activities. The local chapter annually gives a scholarship cup to the senior with the highest four-year average in the engineering school.

Phi Kappa Phi is the oldest national honor society on the Georgia Tech campus. Founded in 1897, it now has chapters in fifty colleges and universities. The local chapter was installed in 1914. Membership in Phi Kappa Phi is awarded to those members of the senior class who have excelled in scholarship during their first three years at Georgia Tech. The local chapter conducts the annual Honors Day exercises and awards each year a scholarship cup to the senior with the highest scholastic average.

Phi Eta Sigma, a national freshman honorary scholastic fraternity, was installed at Georgia Tech in 1930. Membership in Phi Eta Sigma is the highest honor which a freshman may receive at Georgia Tech. Only those men having an average which is equivalent to grades of one-half A's and one-half B's based on the first quarter or the entire freshman year, are eligible for membership. Each spring the fraternity presents a cup to the freshman having the highest scholastic average for the first quarter.
Counterclockwise: Eager Rats line up for Freshman Cake Race.

... Carlisle puts Horsley on ice at Bulldog Club initiation.

... And the rains came. ... The long and the short and the tall. ... It's always fair weather when musicians get together.

**ALPHA CHI SIGMA** is the national honorary and professional organization for chemists and chemical engineers. This fraternity has for its chief aims the furthering of pure and applied chemistry, and the recognition of individual achievement. It presents each Honor's Day a chemical handbook to the junior maintaining one of the five highest scholastic averages. Students are eligible to be elected to membership who have shown decided interest in chemistry or chemical engineering, who have reached second quarter sophomore status, and who have maintained a 2.5 overall scholastic average. The work of the local chapter includes providing exhibits for the student body, sponsoring speakers on scientific subjects, and establishing a medium for social contact among its members.
The Architectural Society, composed of architectural students who have completed three quarters of work, strives to increase interest in architecture and its applications. Each year it enters the work of outstanding students in a national contest. In the fall it holds a reception for all freshmen desiring to take architecture in order that they might become acquainted with the department and their fellow students.

CHI EPSILON is the only national fraternity composed entirely of men in the field of Civil Engineering. Founded at the University of Illinois in 1922, it recognizes and encourages the qualities of scholarship, character, practicality, and sociability in the undergraduate Civil Engineer. The Georgia Tech chapter of Chi Epsilon, founded in 1943, was formed from the Civil Crew, the oldest honor organization on the Tech campus. Among its many activities are field trips, guest speakers presenting news of the profession, and movies on various engineering subjects.

The Bulldog Club is one of our best known local organizations. It was founded by a group of seniors in 1910 to promote college spirit and interest. The club merged with the Junior Koseme Club in 1933 to form the present organization, whose members are selected from the most outstanding juniors and seniors on the campus.

Founded in 1915, the Co-Op Club is one of the oldest social clubs on campus. This year it was reactivated after a three year lapse during the war years. Its purpose is to promote interest in college activities and to achieve a friendly spirit of cooperation among the students. Its membership is composed of those students in Co-operative Engineering who are outstanding in scholarship, character, and leadership.
Kappa Kappa Psi fraternity is a national honorary musical organization for college bands. Membership is limited to those bandmen who prove themselves true musicians and who exhibit a genuine interest in the activities of the band, not only by being present at all rehearsals and performances, but by putting forth effort to aid and improve the band. The purpose of the fraternity itself is to help raise the standards of college bands and promote fellowship among the many school bands.

The Ramblin' Reck Club is an organization whose purpose is to keep up school spirit. Members are chosen from the junior and senior classes, and the number is kept small to insure efficiency. During the football season the Recks hold a pep meeting before each game, and the day of the homecoming game sponsor a Ramblin' Reck contest between different organizations on the campus. At the beginning of each school year the Recks give instruction to the incoming freshman on the duties of a rat and on the traditions of Tech.

The Student Council is the governing body on the Georgia Tech campus. The Council is elected by the student body itself; each class and group of organizations has representatives on the Council. The purpose of the organization is to represent the student body in all matters affecting student interest, to provide a medium of communication between the students and school authorities, and to preserve the customs and traditions of the school.

The Young Men's Christian Association strives to help people in every way it can. Every student is a member. Every Y. M. C. A. facility is for his benefit and is at his disposal. The "Y" Cabinet, in co-operation with others, presents a religious and recreational program. Some of its features are Bible Study, Motion Pictures, Vespers, Open House, Deputations, Conferences, Forums, The World Student Service Fund, and the Student Directory. Each Student is invited to take a part in the activity in which he is interested.
TOP TO BOTTOM: Curtain Call... He's not drunk, just feeling good... The Beggar and the King.

FIRST ROW, LEFT TO RIGHT: Bennett, Blackburn, Bergstedt... SECOND ROW: Cumming, Day, Dolin... THIRD ROW: Dussel, Henry, Jewett.

ATHLETICS
THE ATHLETIC ASSOCIATION

SEATED, LEFT TO RIGHT: Prof. Wyatt Whit ley, L. W. "Chip" Robert, Prof. Tom Evans, Coach W. A. Alexander, Mr. Charlie Griffin, Jimmy Castleberry, Prof. H. A. Wexell, Dean Phil Narmore. STANDING, LEFT TO RIGHT: President Blake Van Leer, Mr. Jake Harris, George Brodnax, Al Newton, Jack Todd.

THE ATHLETIC ASSOCIATION

WILLIAM A. ALEXANDER, Athletic Director

Under the constant vigil of Coach Alexander, Tech’s athletic facilities have been considerably broadened. From his position as Head Football Coach from 1920 to 1941 he stepped into the role of Athletic Director for the Yellow Jackets. During the past ten years under his guidance, conference championships have fallen to Tech in football, basketball, track, cross country, swimming, fencing, and tennis, while the A.A. has sponsored the first collegiate gymnastic team in the South.

In the 1942 poll taken by the New York World-Telegram Coach "Alex" was named "Football Coach of the Year." Coach Alexander is a former president of the American Football Coaches Association and has served as a member of the National Football Rules committee.

COACH ROBERT LEE DODD, Head Football Coach

In 1931 Coach Bobby Dodd came to Georgia Tech to assume his duties as coach of the varsity backfield, varsity baseball, and freshman basketball. His acceptance of those positions followed his nomination the preceding year as All-American quarterback on the University of Tennessee eleven. Upon the retirement of Coach Alexander in 1945, Coach Dodd stepped into the position of Head Football Coach at Tech. One of his first moves as head coach was to change the single wing to the slightly and deceptive "T", in which he soon became the exponent of "razzle-dazzle" throughout the South. His "All-American Quarterbacking" and experience as a field general have constantly given fans the newest and the fastest in the field. Consistently he has appeared as the nomination of coaches and sports writers throughout the country as the "Coach of the Week." From the '46 Oil Bowl Team and from the '47 Orange Bowl Team he placed a center and tackle on those respective All-American Teams. The '47 team received its bid to the Orange Bowl after suffering only one loss against nine victories. Each year Coach Bobby Dodd has come up with a consistently better eleven, equipped with newer and trickier plays and ushering the Yellow Jacket Squad to a little higher level in American football.

CHARLIE GRIFFIN, Business Manager of the Athletic Association

In the fall of 1930, Mr. Charlie Griffin joined the Inter-collegiate Staff of the Athletic Association as Assistant Business Manager, having received his degree in Ceramics at Tech in the Spring of that same year. Mr. Griffin’s interest in all sports at Tech, together with his knowledge of law and business administration—he was awarded a law degree at Emory in 1945—makes him a capable man to fill the position of Business Manager.
COACHING STAFF

ROY MUNDORFF, Assistant Athletic Director

In 1922 Coach Mundorff came to Tech as freshman basketball coach and part-time instructor in the Math department. When he was named head basketball coach in the Flats three years later, he became instrumental in training and developing such stellar performers as Bo Johnston, Bill Jordan, Fletcher Sims, and Roy McArthur, present head coach. During 1933 he served as President of the National Association of Basketball Coaches, and throughout his 18 years as mentor of the Tech court team he arranged colorful intersectional games with Mid-Westerners and Easterners. Transferred from Tech by the Navy in 1943, Coach Mundorff returned in 1944 to pursue his duties as Assistant Athletic Director.

RAY ELLIS, Assistant Coach

In 1944 Coach Ray Ellis was named line coach of the Georgia Tech Varsity Squad. His athletic background up to this time was composed of participation in all sports at La Grange, Kentucky, where he attended high school; positions on the track, football, and basketball teams at the University of Kentucky; seventeen years as head coach of football and basketball at Madisonville, Kentucky, High School. In the latter capacity he was three times selected as the coach of the West Kentucky team which annually plays in the Shrine All-Star Charity Game.

In 1946, Coach Ellis was appointed to the position of assistant coach for the Tech eleven.

RAY GRAVES, Line Coach

A comparative newcomer to the Tech coaching staff, Coach Ray Graves signed as head line coach for the Gold and White in January, 1947, after serving as line coach for Tennessee, scout and assistant coach for the Philadelphia Eagles, and after playing pro ball for the Eagles.

Manifesting the work of Coach Graves is the constant stream of commendations that have come in the direction of the Tech eleven for the strength displayed during each game in its forward wall. His 1941 experience stems from his nomination to the Little All-American Team and the All-SEC team in 1941. Within the span of one year he played in three bowl games: Rose Bowl, 1940; Blue-Gray Game, 1941; Sugar Bowl, 1941.

DWIGHT KEITH, Backfield Coach and Sports Publicity Director

Coach Keith assumed his duties as varsity backfield coach of the Georgia Tech Yellow Jackets in March, 1945, following his appearance upon the scene as coach of all freshman sports in June of 1942. The next year he was placed in charge of varsity basketball during the absence of Coach Roy Mundorff, who was serving in the armed forces.

Coach Keith’s entrance in the Flats came as an inevitable climax to his nomination as All-State in football, basketball, and baseball in high school, the former two of which he captained his junior and senior years; participation in the same sports at the University of Alabama; and eighteen years of successful coaching after graduation.

As a result of the prodigious volume of work accomplished by Coach Keith as Publicity Director for Tech, the Yellow Jackets have received more representative recognition throughout the country. He has also served as Secretary of the Georgia Athletic Coaches Association since its organization in 1938 and is at present editor and publisher of the SOUTHERN COACH & ATHLETIC MAGAZINE.

ROY McARTHUR, “B” Team Coach and Varsity Basketball Coach

A graduate of City High School, Chattanooga, Tennessee, Coach Roy McArthur attended Georgia Tech from 1929-33. During his last three years in the Flats he served as field general for the varsity eleven and played guard on the basketball squad. After his graduation from Tech he was retained as “B” team coach and assistant basketball coach.

From 1942 to February, 1946, Coach McArthur served with the Army from which he was discharged with the rank of Major. He then returned to Tech to be appointed varsity basketball coach and football scout.

NORRIS DEAN, Varsity Track Coach

Upon graduation from Meridian High School, Meridian, Mississippi, Coach Norris Dean entered Georgia Tech, where he graduated in 1937. While engaged in track here at Tech, he “broke a hundred points”, thereby becoming one of a very select group to score over that number during one season for the Gold and White.

After receiving his diploma, he accepted the posts of freshman football coach and assistant track coach. In 1944 he assumed his duties as track coach. Since that time, in addition to his supervisory responsibilities to the throwers, Coach Dean has acted as a football scout and “B” team coach.

JULIAN HOWARD PITTARD, Assistant “B” Team Coach and Baseball Coach

Coach Joe Pittard assumed his duties as Instructor in Physical Training and Assistant Coach in the Flats in March, 1943. Prior to that time he had occupied the posts of Athletic Officer at Fort McPherson from 1917 to 1919 and Athletic Director and football coach from 1920 to 1942.

At the present time Coach Pittard is head coach of the baseball team and is “B” team football coach.
COACH FRED LANOUE, Swimming Coach
A member of the American Association of Health, Physical Education and Recreation and of the College Coaches’ Association, Coach Freddie Lanoue has maintained an enviable coaching record since his acceptance of his post at Tech in 1937. Besides building Tech’s tank team into a championship squad year after year, Coach Lanoue has found time to present a publication on diving, *Mechanical Analysis of Fancy Diving*, which was edited in March, 1940.

COACH E. E. BORTELL, Varsity Tennis Coach
Serving at Tech as a member of the Physics Department, Coach Bortell has done a first-class job as coach of the tennis squad since his acceptance of the position in 1931. Under his supervision the netmen established a record of over thirty straight wins and took innumerable SEC championships. In the ’47 season the team took nine matches, lost two, and played second in the Southeastern Conference.

DICK JONES, Freshman Football Coach
Dick Jones first came to Tech in 1946 and served as trainer until recently appointed as Freshman coach. Coach Jones is well-qualified for this position after having played center for the University of Georgia and after having served on the coaching staff at Atlanta Boys’ High.

COACH GEORGE C. GRIFFIN, Cross Country Coach
In 1922 Coach Griffin received his B.S. in Civil Engineering at Tech after having attained membership in Omicron Delta Kappa and Anak, two of the highest of the honoraries offered at Tech for outstanding service and achievement. By that time he had already served as track coach for two years.

At present holding the positions of Dean of Men and Cross Country Coach, he has presented various articles in athletic and naval journals and periodicals.

EDWARD M. OSINSKI, Wrestling Coach
Coach Eddie Osinski has been with the coaching staff of the A.A. since March 1, 1946. Since that time he has been training Tech’s varsity wrestling squads. Prior to that time he served three and a half years with the U. S. Marines, seeing much active combat. He now holds the rank of 1st Lt. in the Marine Corps Reserves.

LYLE WESLER, Gym Coach
Coach Wesler accepted his position as Associate Professor in charge of Freshman Physical Training in the Flats on September 1, 1946. A member of the National Association for Health, he has contributed many worthy studies and articles, his “Endurance of Young Men” having been presented before the National Research Council in 1941. Since his arrival at Tech he has built up the first gymnastics team to appear under the gold-and-white colors for many years.

JOHNNY CARL HYDER, Freshman Basketball Coach
Now an instructor in physical training at Tech, Coach Hyder joined the coaching staff in September of ’46, after graduating from Tech in 1937. Serving as a coach and teacher for four years in the Georgia Vocational and Trades School, he then accepted a position of like capacity with the Georgia Military Academy. Coach Hyder is now serving as Freshman basketball coach and assistant baseball coach.

TOMMY PLAXICO, Assistant Track Coach
Receiving his I.M. degree from Tech in 1946, Coach Plaxico assumed his duties as assistant coach, in which capacity he has served in a highly successful manner, training the hurdle men in their strenuous strides and hurling. His war service included four years as a Naval aviator.

LEWIS WOODRUFF, Assistant Freshman Football Coach
After having guided Decatur High School’s football eleven to a successful N.G.I.C. championship, Coach Woodruff accepted a position on the Tech coaching staff in 1947. Well versed in “T” formation tactics, he has been invaluable in teaching freshmen the Tech razzle-dazzle style of play.
FOOTBALL
THE SEASON IN REVIEW

Pre-season publicity placed Georgia Tech in the realm of the average, or possibly of the Dark Horse, teams of the SEC. As the whistle blew for the opener of the season with the Tennessee Volunteers, the parlay cards rated the Vols and the Jackets on a somewhat even par; but as the game progressed, the schedule's outlook assumed a brighter hue. Proving itself a fast-starting combine, the squad united to push Coach Bob Neyland's boys down the field, handing the Tennessee coach the worst defeat he had ever suffered.

And throughout the ensuing encounters the Tech banner continued to wave on high as the Ramblin' Recks rolled over Tulane, VMI, Auburn, and the Citadel and entered the fray against Duke with an accumulated total of 132 points scored by the Jackets and only seven points scored by an opposing team. In the skirmish against the Blue Devils, Coach Dodd's Engineers went all out early in the first period to take their one-touchdown lead, which they managed to maintain for the remainder of the game. But this meeting presented a "T-square" problem, as Ziegler, Hook, and Mathews were carried from the field; Mathews not to return until the post-season tilt at the Orange Bowl in Miami. In the face of this added responsibility the powerful Tech line held superbly, thwarting any attempts of the Blue Devils for a score.

The thriller of the season occurred in Baltimore when the Yellow Jackets of Georgia Tech met the Midshipmen of the Navy. Throughout sixty minutes of blood-tangling play Tech fans yelled themselves hoarse as they saw the score change unpredictably five times during the course of the game. Weakened by the loss of five key players in the preceding two weeks, the squad with an almost entirely freshman backfield emerged victorious, 16-14.

By the time the Gold and White Special reached Birmingham, the Tech eleven was so battered by the trying schedule that it was all the Jackets could do...
1947 FOOTBALL SEASON

...lift their wings. But with virtually the same team that had so valiantly subdued Navy the week before, they bravely fought the Crimson Tide through the first half and returned, redressed and respirited in their black and white garb after the half-time intermission to leave a difference in score of only seven points to the credit of Alabama. This sole loss of the '47 season was nevertheless a display of valiance on the part of the wearied Yellow Jackets of Georgia Tech.

The Ramblin' Recks played their best against the Volunteers and the Bulldogs; for the greater part of the sixty minutes of the Georgia game they managed to keep the door closed to the Georgians at the forty-yard stripe. In Birmingham they simply didn't have it to show, while with the Blue Devils and the Middies it was something of a push-pull diagram as the teams sawsawed up and down the field.

For a glance at the team's play as a whole, it may be said that the proof of the pudding lay in the line, where Coach Ray Graves came through with one of the hardest hitting forward walls ever to wear the White and Gold. Downfield blocking at times was nothing short of remarkable, while the goal line stands, as exemplified in the face of a potential Duke score, showed that when Tech's linemen said "No!", they meant just that. As the schedule progressed, more and more Jackets made their bids for a position in the first string lineup. Foremost among these newcomers were freshmen Red Patton and Bob McCoy, both of whom came through with the goods in the Navy spectacle.

At the conclusion of the season's play, and especially after the post-season New Year's Day encounter, those of the sports writers and commentators who had referred to Coach Bobby Dodd's eleven as a mediocre or average team had to agree that a glance at the year's figures proved that the 1947 Georgia Tech Yellow Jackets was one of the mightiest combines ever to wave the banner for the Gold and White.

Davis (57), McCoy (15), and Brodnax (26) show the Kansas Jayhawkers they mean business as they clear the way for a hasty departure around right end by Zeigler (35), Brown (38), and Petit (16) in the Orange Bowl classic.

The Yellow Jacket line holds solid as quarterback Southard (33) takes his time in passing to Jack Griffin (17), on his way through Kaydet territory.

As Tiger Williams (60) is stopped by Patton (44) and Mathews (12), Zeigler (35) and Brown (38) prepare to open up around right end.
On any good team, there can always be found certain players who lead that team and who consistently, game after game, prove to be outstanding. And the 1947 Georgia Tech team was no exception.

Right in the middle of our forward wall, which was considered equal to any in the country, was All-American Bob Davis and All-Southeastern Bill Healy. The performance of these two was one good reason why Tech’s opponents were unable to score more than five touchdowns in ten season games. For his play against Duke University, Davis was voted the outstanding lineman of the week in an Associated Press poll. At the end of the season he was picked on the All-Southeastern team and on more All-American teams than any other lineman in the country. For his all round outstanding performances during the season, team captain Bill Healy was also placed on the first string All-S.E.C. team.

There were many offensive stars on the ’47 team, but the play of two stood out as constant threats to the opposition. These two were George Brodnax and Jim Still, a pair who formed a passing combination that was unbeatable. Brodnax also played a great defensive game from his end position, and Still’s deft ball handling and operation of the Tech “T” rated him as a topnotch quarterback.

OUR TEAM

It might easily be said that the 1947 football team was one of the greatest combines ever to wear the White and Gold. From the time the whistle blew to open the season against Tennessee until that same whistle ended the Orange Bowl game in Miami, it was a team that provided thrills and suspense, joy and disappointment, color and spirit for the spectators.

Captained by two experienced performers, Bill Healy and Rollo Phillips, the team ended a very successful season with nine wins and one loss. As a result of this excellent record, an invitation to the Orange Bowl classic was accepted, and again in the Bowl Classic, our team furnished that wide open, exciting game that was so typical of the '47 aggregation.

On the field the team could be compared to a powerful, well-built, well-designed, and well-oiled machine. For under the guidance of Coach Bobby Dodd who was so ably assisted by Coach Ray Ellis, Line Coach Ray Graves, and Backfield Coach Dwight Keith, the team displayed one of the smoothest running "T" formations in the business. And the razzle-dazzle type of game that has always been a trademark of Tech teams could never have been more emphasized than by the 1947 Yellow Jacket eleven.

CAPTAIN BILL HEALY
ALTERNATE CAPTAIN ROLLO PHILLIPS
The Season

With the entire horde of Tennessee's Volunteers in hot pursuit, George Mathews scores the first marker of the season as he lays the groundwork for Tech's 27-0 victory over Coach Neyland's boys.

GEORGIA TECH 21 TENNESSEE 0

Before a crowd of 40,000 expectant fans the Orange and White of Tennessee and the White and Gold of Georgia Tech swarmed into their positions on the field in Grant Stadium. Experts were not agreed as to the probable outcome of the game. But one thing the past records had shown: Coach Bob Neyland had never lost an opening game during his entire career as coach at the University of Tennessee.

The Yellow Jackets displayed skill, speed and spirit. They were obviously well prepped for the game. With the ball resting deep in their own territory, the Techmen late in the second period began their irrepressible drive for paydirt. Jim Still's uncanny manipulation of the old pigskin began to be manifest as he dropped it into the arms of George Brodnax for steady gains. Mathews covered ground around the ends while Ziegler pierced the Volunteer forward wall until the ball rested on the three-yard stripe. Mathews scored standing up on a wide end run to the right; Dinky Bowen's place kick brought the score to 7-0.

As the second half opened, the Yellow Jackets received the opening kick and roared down the field beneath a barrage of passes hurled by Still. With the ball resting on the Tennessee 14, Jimmy Southard took the pass from center, faked to Bowen, and, as the Volunteers stood bewilderedly looking for the ball, dropped it into the waiting arms of George Mathews behind the Volunteer goal. Bowen's toe brought the score to 14-0.

After a flourishing exchange of punts, Mathews took one of his restless 27-yard strolls for another six points and again Bowen added his point: 21-0.

In the closing minutes of the fourth quarter, Billy Queen swept around his own right end, reversed his field, and shot 21 yards for the final tally. Bowen's kick was low and wide to leave the final score at Tech 27, Tennessee 0.

Coach Bobby Dodd had rung up a record for the books. For his former coach, Bob Neyland, it was the first loss in an opening game and the worst defeat he had received since his coaching career started at Tennessee nearly two decades ago.

Indeed this was a day for the Ramblin' Recks!!!
This was one day that the Tech Yellow Jackets were determined to have the ball go in the direction which they desired. Before 50,000 fans sitting in shirt sleeves in the balmy Bayou climate, the Techmen proceeded to charge their way through Tulane territory from the very kickoff when Dinky Bowen received the ball on his own ten yard line and turned his head toward Green Wave territory where he was finally brought down on the Tech 49. Then the first of Tech’s six fumbles of the day gave the ball to the Greenies, but an exchange of punts found the Jackets again with the ball on the Tulane 47. From here paydirt was reached in four plays with Bowen, Mathews, and Ziegler carrying. Bowen’s toe added the extra point.

Early in the second frame, Bowen carried the ball from the Tech 46 to the Tulane 47 where “Magician” Still’s pass to Rabbit Jordan was good to the Tulane 21. Southard replaced Still and shot a pass to Jimmy Castleberry who lateraled to George Brodnax who was pulled down on the 3. Still, back in the game, hit Rabbit Jordan in the end zone for the second TD. Bowen’s miss on the extra point left the score at 13-0.

During the waning minutes of the first half Tulane wandered deep into Tech territory but was stopped short of paydirt when George Mathews intercepted a Tulane pass on his own three, lateraled to Dinky Bowen, and Bowen behind beautiful downfield blocking lugged the pigskin to the Tulane 40. Still’s passes to Bowen and Brodnax set up the final TD with a pass by Still to Brodnax scoring. The extra point made good by Dinky Bowen left the score at 20-0 at the end of the first half.

The second half saw little action with neither team able to gain consistently through its opponent’s line. When the final whistle blew the scoreboard read Georgia Tech 20, Tulane 0.
Jack Griffin takes a called shot from Jim Still for a gain over the left end of the Crimson Tide.

GEORGIA TECH 20 VMI 0

It wasn't until the last 30 seconds of the first half that the 25,000 spectators at Grant Field saw the Yellow Jackets unlock the door to paydirt with a pass from George Mathews to Jimmy Castleberry. Jimmy Southard took the ball from center and lateraled it to Mathews, who passed to Castleberry in the end zone.

Tech just couldn't seem to get going again until the fourth quarter when George Mathews again tossed a TD pass. This time his pass to Castleberry was good for 61 yards, and Jimmy lateraled to Jack Griffin who stepped over for the second tally of the afternoon.

Only four plays later Lewis Hook, Tech center, deflected a pass from the Kaydets' Bobby Thomas into the arms of Hayes McKinney, who held on to the pigskin until he fell on the VMI 33. From there it was largely ground play that carried the ball to the Cadet seven, where Frank Ziegler, playing a bang-up game in the fullback spot, smashed through the line for the third TD. Bobby North's second successful kick brought the final score to 20-0.

VMI showed in this game that they were a combine to watch as they continually kept every Tech pass receiver covered with two or three Kaydets, held their line much better than the figures show, and caused the Tech secondary sharp alarm at times when they rushed through the line to catch a back off-guard.

Frank Ziegler made his bid for a share of the spotlight by accounting for 133 yards of the 259 yards rushing total accredited to Tech. George Mathews' excellent passing and fast, shifty running were largely responsible for Tech being able to defeat a stubborn VMI eleven by a score of 20-0.

Both Coach Slick Morton of V.M.I. and Coach Bobby Dodd of Tech had nothing but praise for their opponent's showing in this skirmish. In the estimation of Bobby Dodd, VMI stood on an even keel with Tulane and gave Tech even stiffer competition than had Tennessee.
Fullback Frank Ziegler started Tech's ride to victory over Auburn early in the first frame when he broke into the clear and scampered 68 long yards for the first score of the afternoon. Bobby North's extra point pasted a "7" on the board for Tech.

Again in the first quarter Tech began to roll when Ziegler, Mathews, and Red Patton, Tech's star freshman, collaborated on a 58-yard drive that set up Joe Brown's flat pass over right end to George Brodnax, who scored standing up. North's attempted conversion missed the uprights, and as the horn ending the first quarter sounded the Techmen had tucked 13 points under their belts.

Early in the second period Travis Tidwell, hampered by a badly sprained ankle, added spark to the Auburn offense with his great passing and quarterbacking. After netting two consecutive first downs on his passes to Gafford, Tidwell stood on the fifty and dropped a pass into the arms of Waddill, who shook off six Tech tacklers and butted his way to the Yellow Jacket 13. Again Tidwell's passing arm drove the Tigers forward, this time to the Tech two-yard marker where he switched to a ground attack and squirmed through the line for the first Tiger tally and the first score of the season against Tech. Cochran's conversion narrowed the Engineers' lead to six points.

A blocked kick early in the third frame looked as though it might effect another score for Tech when Mathews traveled around right end to the four. Two plays later Bobby North attempted a field goal, but the ball sailed slightly wide, and Auburn took over on their own 20. Here the Jacket line began holding fort deep in Plainsmen territory, until an exchange of downs found Jim Still again opening his passing attack down the field until the ball was resting on the Auburn 21. From here Still unleashed a straight pass that was deflected by Willis Anderson, Auburn freshman, into the arms of Rabbit Jordan beneath the goal. North's successful conversion brought the score to Tech 20, Auburn 7.

The Yellow Jackets' clinching sting came after a pass from Still to Mathews was ruled complete because of interference on the Auburn four. On the next play Mathews took a lateral from Still and passed over left end to Patton for the final marker just as the final whistle sounded. Bobby North's kick made the final score 27 to 7.

Highlight of the game was the sensational passing of Tech's Jim Still and Auburn's Travis Tidwell. The Techsters completed 12 of 16 attempted passes and Auburn's lone tally came as a result of six consecutive completions by Tidwell.
The Yellow Jackets opened an offensive game from the very first whistle when Rabbit Jordan's kickoff bounded to the Citadel ten yard stripe. When Tech first came into possession of the ball on the Bulldog 34, it took only a pass from Still to Brodnax and an end run by Ziegler to set up a first down. On the next play Still lateraled to Red Patton, who swept around his own right end to score standing up.

Later in the same period a short pass from Southard intended for Rabbit Jordan was deflected by one of the cadets into the arms of Frank Ziegler, who scampered around left end for the tally. Bowen's conversion was successful.

With the Citadel able to gain nothing whatsoever through the Tech line, the Jackets soon took over again. This time it was Southard, Castleberry, and Patton who collaborated to move the ball to the Citadel five, where Harrison took it over for the third TD. Soon after this, Harrison traveled the sidelines for a fourth score as Jimmy Jordan eliminated the only remaining potential tackler.

In the last few seconds of the first half, Buster Humphreys took a pass from Joe Brown, neatly reversed his field, and displayed elusive broken-field running as he scampered across for another six-pointer.

During the half-time intermission, spectators were treated to an exhibition of precision drills by the Summerall Guard, named for the former Chief of Staff of the Armed Forces and now President of the Citadel. Commanded by Cadet Captain Dantzler, the honorary guard, composed of juniors and seniors, performed intricate maneuvers flanking and oblique marching. The Summerall Guard was precision personified as it gave one of the best drill exhibitions ever seen on Grant Field.

Another highlight of the afternoon was the presentation on behalf of the Secretary of the Navy of a plaque to Georgia Tech for services rendered during the war in training Navy personnel for the Armed Forces.

Humphreys (31), in the Citadel secondary, awaits an aerial from Joe Brown.
Under murky skies and a steady drizzle of rain, the Tech Yellow Jackets established their winning ways by defeating the Duke Blue Devils 7-0. The chesters' lone tally came late in the first quarter as three consecutive first downs by Bowen, Ziegler, and Mathews set up the familiar Still-to-Brodnax combination that provided the solitary TD of the game. Bowen's try for the extra point was good, and the score became Georgia Tech 7, Duke 0.

The outstanding feature of the game, slowed considerably by the wet field and constant rain, was the rapid exchange of punts between teams—Folger and Mulligan for Duke, and Still, Davis, and Billy Williams for Tech. This was the day on which Williams made his formal bid for the Jacket kicking honors. The unsurpassed strength of the Tech forward wall was manifested when Blue Devils were pushed back from the Tech three yard line to the nineteen yard line in only four plays. Bill Healy's playing showed him to be one of the top guards in Dixie, while Bobby Davis continued to give loud raps on the door of the I-Americans by receiving the Associated Press "lineman of the week" award virtue of his outstanding play against the Blue Devils.

The backfield, whose task rested largely on the shoulders of Frank Ziegler and Dinky Bowen, continued to demonstrate its prowess, while George 'the ledger' versatility rounded out the potentialities of a great Tech backfield. McCoy and Jimmy Patton demonstrated stellar ability and strong promise as upperclassmen, while Frank Ziegler showed his great potential as a freshman back.

The tragedy in the loss of Ziegler, Hook, and Mathews was one of major port as, in the waning moments of play, George was carried from the field on a broken ankle, no more to return to the flats—a terrific loss not to be overlooked.

**ABOVE: With two clutching Tigers as added weight, Harrison rambles on.**

**TOP, RIGHT: Mulligan (16) of Duke runs into a host of Tech tacklers.**

**BOTTOM, RIGHT: Behind good blocking, Still connects with Brodnax.**
The nation's "Thriller of the Day," in which a crippled, but unbeaten and untied, Georgia Tech eleven met Navy's Middies in Baltimore Stadium, crystalized with a bang when, on the opening play of the game, Jimmy Petit, Tech halfback, hurled the oval into the arms of George Brodnax for 17 yards. Two plays later Tech freshman Bob McCoy skirted left end for 62 yards through the Navy backfield, crossed paydirt for the first six points and an early lead. The try for the extra point was no good and Tech led 6-0.

With dogged determination Navy received the kickoff and pushed down the field to the Tech seven, where Bobby Horne found Schwoefferman in the flat and passed to him for a touchdown. Wills' P.A.T. gave the Middies the lead, 7-6.

Navy kicked off and McCoy, Bowen, and the entire Tech wall drove from the Tech 25 to the Navy 42, where tosses from Jim Still found Petit and Bowen, bringing the pigskin to rest on the Middle nine. Failing for two plays to gain through a stubborn Navy line, Dinky Bowen dropped back and sank his toe into the leather and rang three points for Tech, once again giving the Jackets the lead.

After the half-time intermission, it was a fiery and desperate team of Middies that drove frantically, but methodically, down the field, to test the strength of the Yellow Jacket forward wall and to make their bid for winning points. In the latter part of the third quarter this drive was climaxed by a rewarding touchdown, which gave the Midshipmen a 14-9 lead.

The remainder of the third period and the first six minutes of the final frame began to look rather gloomy for the Techmen, until George Brodnax tackled Bob Schwoefferman so ferociously that he was able to recover the ball 35 yards from the goal. And then it happened.

Southard handed the ball off to Red Patton, who squirmed off to the right eluded a would-be tackler and abruptly tossed over his left side to the same Jimmy Southard on the five. Jimmy received on the dead run and scored standing up.

A pass interception by Joe Brown in the waning minutes of play closed the door to further requittal by the Middies.
GEORGIA TECH 7 ALABAMA 14

With an undefeated season and SEC honors at stake but suffering sorely from the loss of Mathews, Ziegler, Hook, and Griffin, the Yellow Jackets met the surging Crimson Tide. Throughout sixty of the fastest minutes in football, the Techmen displayed an undying spirit as the fire from the right arm of that passing wizard, Harry Gilmer, dropped them from the ranks of the undefeated.

Halfway through the first frame, Gilmer's connections with Cadencead, Steiner, and Cain carried the ball to Tech's 1/2 yard line. From there Gilmer plunged over for the first score, and the P.A.T. made it 7-0. In the second period the Tide rolled again as an Alabaman recovered a fumble on Tech's 16. Gilmer passed to Steiner at the nine and then in the end zone for the second 'Bama score.

But after the half it was a respirited and determined swarm of Yellow Jackets that stormed the field in their clean white uniforms ready to get back to the ball game. Tech kicked off and recovered the kick on the Alabama 45. Poor officiating gave the ball to Alabama on the Tech 40 and the spirit of the Gold and White was damaged momentarily. The Tide surged to the Tech two, but a great Tech line once again said No! to its opponent. The Jackets took over at this point and kicked out of danger to the Tech 40.

The next time the Reeks grasped the ball it was a heads-up ramble from their own 15 up the field, across the mid-field marker, and down to the Tide 44, where a Still-to-Patton connection carried to the Alabama five. A 'Bama holding penalty put the ball on the one and opened the golden door for a wide sweep by McCoy around right end for a Tech score. Bowen kicked the P.A.T. and Tech fans went wild!

From here on Tech fought madly against time in a determined drive from their own six to the Crimson 33, but the clock and Gilmer joined hands there, and the Ramblin' Reeks were forced to leave the field in need of the seven points that would have kept their record unblemished.
In an almost tensionless meeting of the Georgia Tech eleven and the Furman Purple Hurricane on Grant Field, the die was definitely cast in the opening three minutes when Brodnax took a pass from Southard for the first marker for Tech. This laid the foundation for a half-game of business-like scoring by Joe Brown with a quarterback sneak; Bobby Davis on a lateral from Jim Nolan who received from Bowen; a pass from Humphries to Patton over left end; Bills around right end; Patton again through the center for 30 yards and pay-dirt; and Harrison through the line. Two conversions by Rabbit Jordan and another P.A.T. by Bobby North left the score at 45-0 at the half.

Highlights of the first two periods were: Joe Brown's beautiful job of broken-field running and reversing to the Furman 21, Bob Davis' surprise scoring play, Jim Petit's 21-yard return of a Hurricane punt through the entire Furman team, and a 28-yard spurt around right end by Jack Peek.

With the outcome of the day's battle reasonably well determined, the second half was reversed for two periods of varied entertainment starring "Flash" McKinney, stocky Tech guard. Answering the hungry calls from the Tech stands, Coach Bobby Dodd sent Hayes McKinney into the Reck backfield. Here the "Flash" did everything but kick, and his consistent 4- and 5-yard gains convinced Tech rooters that here was a guard doing very well for himself in a position utterly new to him. But the joke was almost carried a little too far when "Flash" intercepted a Furman pass on Tech's goal and thwarted the chances of the Purple Hurricane to mark up a well-deserved six-pointer.

The only tally in the second half was made by Buster Humphries on a 51-yard jaunt through the entire Furman team. As the game ended the score stood: Georgia Tech 51, Furman 0.
Traditional rivalry between the Georgia Bulldogs and the Georgia Tech Yellow Jackets developed into one of the hardest fought and hardest played ball games ever to take place on Grant Field. A fast-starting, inspired Georgia team revealed a lot of early drive, but the Engineers' forward wall, led by All-American tackle Bobby Davis and All-Southeastern guard Bill Healy, hit harder than the Athens linemen and managed to keep the Red-and-Black outside the Tech forty-yard stripe until the last five minutes of play.

The Ramblin' Recks capitalized on an errant aerial from Johnny Rauch when Jimmy Castleberry intercepted the pass and carried to the Bulldog 13, late in the third period. Two plays later, freshman Red Patton used his "diagonal pass play" to advantage when he found the sure-fire arms of George Brodnax for the winning marker. Rabbit Jordan's P.A.T. gave Tech the seven-point lead which kept it ahead until the final whistle.

Only once during the encounter were the Bulldogs able to penetrate Tech's territory past the forty-yard stripe. Driven by desperation and Johnny Rauch's throwing arm, the Bulldogs, late in the play, pierced the Gold-and-White section of the field as deep as the 35. Breezy Reid drove his way to the 25 for a first down, where a stubborn Tech line cracked down on the Georgian advance and Frank Ziegler broke through the Bulldog primary to pin Rauch for a loss of ten yards. This marked the end of the only serious Georgia bid for a score during the game.

The powerful Engineer forward wall played in top form when it stopped the original snap and drive of the Bulldogs. Frank Ziegler, considered in many quarters to be the outstanding man of the day, turned in a stellar performance by repeatedly smashing through the opposing lines to ground out any threats by Rauch, Reid, or Walston from the Georgia secondary. On the first of the only two plays in which Jimmy Patton participated, the fiery freshman made a strong bid for a TD in the waning minutes of the second frame, but this was broken up by the alert Bulldogs. On the second of Patton's plays, he collaborated with George Brodnax for the sole score of the game.

The ferocious play of both squads kept the ball from moving excessively in either direction. And after the final tabulations were in, it seemed that the referee, Alvin Bell, and the headlinesman, Ed Copeland, had tied in the nomination for the greatest gains of the day. Each of these men had managed to tuck the ole pigskin under his arm and stalk, unmolested, for a neat total of sixty yards in penalties, the majority of this injury being suffered by the hosts of the game, the Yellow Jackets.

The small amount of scoring emphasizes the strain that was borne by the lines of the opposing teams. Bob Davis and Bill Healy led the attack, and the strength of their drive and defensive stands was well manifested in their halting of the Georgians' drive at the 25-yard marker in the waning moments of play.
Jim Still and Jimmy Castleberry again catch the Kansas Jayhawkers by surprise as Jimmy carries for a 14-yard gain.

George Mathews shakes loose from one Kansas tackler as he skirts right end for a short gain.
With the temperature in the high 70's and a brisk 18 mile-an-hour breeze tossing the pigskin in midair, the Tech Yellow Jackets and the Kansas Jayhawkers met before 60,000 fans in the Orange Bowl classic.

The Yellow Jackets began their first drive in the second quarter when George Matthews took Frank Pattee's kick on the 40 and returned it to the Jayhawkers 26. Two plays later Still passed to Patton in the end zone and Bowen converted. The Kansans surged back up the field in a vigorous 65-yard drive, which reached its climactic when Ray Evans penetrated the line for the score. The P.A.T. was good, and the half ended in a 7-7 tie.

After the intermission the Reeks took the field by storm and rambled through the Jayhawkers for the two third-period markers that decided the game. Receiving the Kansas' kickoff on their own 6-yard stripe, the Engineers ignited the fuse to a sparkling 94-yard drive which was climaxèd by another toss by Still, this time to Billy Queen on the seventeen, Queen scampered the rest of the way to paydirt. Again Dinky Bowen came through with the extra point, and the gridiron began to assume a gold-and-white tinge.

Ray Smith set up the third touchdown drive when he intercepted Tom Scott's pass on the Kansas 36. Three plays later still tossed to George Brodnax on the eleven. Bowen plunged through to the six, and Still attempted to pass, elected to run, and picked up two more. On the fourth down with five to go, Still looped a TD pass to Patton over the goal for the third Tech touchdown, which proved to be the winning marker.

In the fourth period the Jayhawkers, determined as ever, took a Tech kickoff and drove seventy yards to score and put Kansas back in the ball game. The drive ended when Ray Evans passed ten yards into the end zone for a touchdown, and the point was added to push the score to Kansas 14, Tech 20.

Kansas kicked off with nine minutes left in the game, and Tech started another drive which carried deep into Kansas territory. This drive came to a sudden halt when a Tech fumble was pounced upon by an eager Jayhawker. With only a few minutes in which to score, Kansas resorted to long passes which carried them downfield to a first down on the Tech twelve. In three plays the Kansans took the ball to the two. With four downs in which to make the remaining two yards, the Kansas quarterback called a quarterback sneak. As the ball left the center's hands the quarterback momentarily juggled the ball, but it was time enough for a desperate Tech line. When the pile was uncovered, Alternate Captain Rollo Phillips, wearing the gold and white for the last time, was found resting securely on top of the ball! With the clock showing only seconds to play, it remained only a matter of two plays before the whistle blew, giving the Yellow Jackets the 1948 Orange Bowl Championship.

OPENING up the '47 season with a 52-0 trouncing of Middle Georgia College, the Tech Bees traveled to Knoxville, where they suffered a 19-14 defeat in the waning minutes of play on a water-soaked field in a night game. Behind 13-0 at the half, the Jayvees rebounded after the half, to seemingly have the game sewed up, 14-13. With 60 seconds of playing time remaining, the Vols scored on two running passes to take the honors 19-14.

The Bees again fell, this time to the Alabama juniors, and again in the final minute of play; the score, 13-7. Tech's next opponent, Auburn, fell 13-7 in the annual Rotary Club Charity Game at Albany, Georgia, in which the Jackets face various southern teams every year. Then on Thanksgiving Day came the traditional Tech-Georgia classic, an annual benefit for the Scottish Rite Hospital for crippled children.

The first of the traditional series was held in 1933 when only a few hundred people assembled to see Tech lose the opener, 14-0. In this year's game the event and the crowd had grown until the stands held 35,000 eager spectators, who saw the Tech Bees go down 20-13. The sellout crowd was the largest ever to see "strong legs run, that weak legs may walk."

COACH ROY McARTHUR
CAPTAIN JIM NOLAN

OPENING the basketball season against the Purple Hurricane of Furman on December 15 without the services of two of their key men, Jim Nolan and Colin Anderson who were still engaged in their football duties, the Yellow Jackets lost their first tilt by a narrow one-point margin. In the other two of their pre-Christmas games, they toppled both Chattanooga and Virginia in successive home encounters.

At the termination of the fall quarter Coach Roy McArthur ushered his courtmen westward to the College Invitational Tournament in Oklahoma City. Here a stellar combination of Tech's promising freshmen was nosed out by Rice in a nip-and-tuck 43-42 decision and was on the short end of the Texas and Hamline forays by wider margins.

In a January 8 meeting with the Green Wave of Tulane in New Orleans the Gold and White quintet made their official debut into SEC competition by suffering a stifling 54-29 defeat by the fast-breaking Greenies. The Tulane squad repeatedly thrust through Tech defenses and their defensive play proved no less scintillating as freshman Mel Dold led Jacket scoring with only 9 points. Nolan and Anderson in their first court test of the season placed five markers each.

On the following night Coach McArthur's proteges received compensation at the expense of the LSU Tigers, dropping them 52-40. In his second game of the season "Spider Jim" Nolan led the Jacket charge by leading the scorers with 13 points. Dold and Anderson were runners-up for Tech.

On January 13 the Tech cagers avenged an early season defeat at the hands of Furman by dropping the Purple Hurricane 65-64. Sparking the Tech offense were Jim Nolan with 20 points and Melvin Dold with 15.

Entering a surprising contest with the Kentucky Wildcats in the Tech gym, the Yellow Jackets opened in offensive of their own as they held the SEC champions 38-31 at the half. Tech's Anderson took scoring honors with a burning 19 markers and Nolan drew high praise for his superlative guarding of All-American Alex Groza. Only after the Tech first stringers began to tire in the waning minutes of the game could Coach Adolph Rupp's galaxy of stars roll up a decisive lead in a 71-56 thriller that prompted the utmost praise of the Jacket quintet from the Kentucky mentor.
After bowing to Tennessee 59-57 in a home game, the Techmen played host to the LSU Tigers on January 26. The Tigers maintained a slight lead throughout the first half until Colin Anderson began to find the basket and, by the intermission whistle, had evened the score at 26-all. After resumption of play Jim Nolan broke a three-minute deadlock to put the Jackets out in front. However, the grueling pace and lack of substitutes proved too much for the sprint-weary Engineers who dropped the decision 54-46.

In a tight defensive contest the following Friday the Tech quintet was defeated by the Auburn Tigers 38-31. Melvin Dold coped high scoring laurels with 9 points. Once again the lack of substitutes was instrumental in the Jackets' defeat.

On Saturday night the Techsters were unable to maintain their early lead as the Tide of Alabama surged to a three-point margin at the half and opened up in the second half to subdue the men from the flats 44-31. Colin Anderson was high scorer as his 15 markers was only one less than the combined total of his teammates.

Finally emerging from the doldrums, the Tech hoopsters administered a hearty shellacking to their arch-rivals from Athenstown to the tune of 68-58. Against Schloss, another six-foot-eight giant, Nolan was able to realize only ten points, but the Jackets exhibited skilled ball handling and speed in wresting a three-point half-time lead from the Bulldogs. The men of the Gold and White had little trouble in increasing the margin to ten points in the last half.

After dropping their second decision to Tennessee 49-46, the Tech hoopers returned to plague the Tulane Greenies all the way in a tense 58-55 game. Nolan and Anderson led the charge that matched the Wave's score point for point until the final minute of play.

In the second game of their annual three-game series, the Jackets clipped Georgia 73-64 to give Tech, Georgia, and Vanderbilt each a third interest in the SEC cellar. Even though Coach McArthur's men were in low position now, they proved in this game and in the subsequent Florida skirmish, which they took 65-42, that they were a revitalized team making a bid for first division standing. Mel Dold's 19-point high score and Jim Nolan's smooth capers under both goals stood as the highlights of the Bulldog encounter.

Tech's only contest with the Duke Blue Devils ended in a 60-55 loss for the game Yellow Jacket five, after standing at 25-21 with three minutes remaining in the first half. Close
officiating and the pressure of play without sufficient reserves led to the Engineers' 13th loss in 20 starts.

Jim Nolan led all scorers with 19 points in the final Tech-Bulldog fray as the scrappy Techsters bowed in the third of the series, 65-58. Mel Dold's 11 was next best for the Jackets. However, the play of the McArthur hoopsters could not bypass the interceptions of little Joe Jordan and the stellar performances turned in by Bulldogs Earl Davis and Bob Healey.

Dropping a hard-fought decision to Kentucky despite the dazzling 30 points racked up by Nolan, the permanent five of the flats moved on to trim Auburn 50-43 and Florida 63-55 in the final games of the season prior to the SEC tournament at Louisville March 5 and 6.

The first opponent for the unseeded Jackets in the tournament proved to be the Crimson Tide of Alabama to whom the local lads had previously fallen in seasonal play. The Tide entered the contest with a season's record of 8-8, while the Jackets had dropped 10 of 16. However, the "dark horses" established their first upset of the week by taking the tilt 46-34 under the 25-point barrage set up by big Jim Nolan.

Early drive and good defense in the waning minutes were rewarded by a 60-57 nod for the Techmen as they eliminated
JIM FRITCH

RUDY STEWART

the neighboring men from Athens from competition. Again Nolan led the scoring with 20 points and Anderson dropped in 18.

Two earlier season setbacks at the hands of Tulane were avenged as Coach Roy McArthur’s “full-time five” trimmed the knee pads from second-seeded Tulane 50-40. Nolan collected 15 points as Dold and Sermersheim each made 11.

With the surprising array of upsets by five men who played virtually without relief—Nolan, Anderson, Keener, Dold, and Sermersheim—Coach Roy ushered his boys into the finals against the four-times-champions, Coach Baron Rupp’s Kentucky Wildcats. And Tech came within five minutes of walking off with the SEC title for the first time since 1938.

All-Americans Beard, Groza, and Rollins were forced to fight hard to keep defeat away from their door as the score stood 43-42 for the Wildcats in the waning minutes of the game. Tech’s scrappy quintet was giving the Wildcats their closest tilt in tournament history, only to be overcome by a new surge of Kentucky substitutions. The Lexington men managed to pull away to a final score of 54-43 but only the highest of commendations can be made for Coach Roy McArthur’s men. Jim Nolan’s stellar play won for him the unanimous choice as the pivot man on the all-SEC team.

One of the most impressive features of the Jackets’ late season comeback was the performance of Tech’s rookie trio—Dold, Sermersheim, and Keener—who in being matched against the best court veterans of the SEC consistently played equally good or superior basketball.

That the Techmen were hurt considerably by the pre-season injury of Captain Herbie Bergman was obvious. In addition to being one of the best defensive men in the conference Bergman’s experience and knowledge of the game would have been a tremendous asset.

With the expected return of the entire first-string and a number of reserves, next year’s squad may well be expected to make an excellent showing.

Mickey Sermersheim eludes Rainey (5) of Georgia.

| Tech | 18 — Georgia | 5 |

Entering into conference competition after an absence of four years, the Georgia Tech baseball nine gave a good account of itself during the 1947 season. Under Coaches Joe Pittard and "Whack" Hyder, the Jackets emerged victorious in seven of thirteen scheduled tilts.

Opening the season at Rose Bowl Field in Atlanta, the Jackets flipped
a fighting Georgia Teachers College team by a score of 8-7. The Teachers started off fast by scoring 3 runs in their half of the first inning and held the lead until the fifth inning when Catcher Walt Crawford of Tech connected for a four-bagger with two mates aboard to tie up the tilt. Then the game see-sawed back and forth until the seventh inning when Jack Kaley dropped a Texas leaguer into short center scoring Leonard and Crawford for the victory margin. Schoening led the Jacket hitting attack with four bingles in five attempts.

The next two games found the Tech team journeying to Nashville to engage a strong Vanderbilt nine. In the first game the Commodores took 10-8 victory. The Techsters seemed unable to come through in the clutch as they left nine men stranded on the bags as compared to only three for Vandy. Bunching their hits in a big four-run second inning, the Commodores went on to maintain their lead throughout the game. The second game was a fight from start to finish with the Jackets finally coming out victorious after eleven innings by a score of 6-5. The Techsters drew first blood in the second inning by scoring three runs on three hits, one of them a home run by Hank Lankford. The Jackets tallied once again in the fourth by virtue of Lankford's second round tripper of the day. The
Commodores scored a single run in the second, fifth, seventh, and tied it up by pushing across one in the last half of the ninth. In the first half of the eleventh the Jackets connected for three hits and two runs and the Vandy nine, with two men out, pushed one run across, but fell short of the other as Peter Leonard, playing superb ball at third base, made a beautiful throw to retire the side.

Traveling to Athens on the following Friday, the Techmen with Henry Kalb on the mound took a 6-4 victory with Kalb allowing ten hits to gain his second win. Playing host the following day to the Bulldogs, the Jacket nine was held to two runs by masterful southpaw Dick Miles, as the boys in the Red and Black racked up eleven runs off Dick McMillin. Chub Jenkins was the big man with the bat for Georgia as he slammed out two triples.

In a two-game set down Auburn way the following Monday and Tuesday, the Jackets outhit the Tigers 12-9 but still came out on the losing end of an 8-4 decision the first day. And again on Tuesday Auburn held
both ends of the rope to skip over the Reeks 17-4.

When Tech played host to the Vanderbilt Commodores on May 23, the Nashville boys knocked out five runs in the first half of the third inning battle-royal, only to see the Yellow Jackets buzz back in the second half of the same frame to take a 7-5 lead. Lucian Burdette received credit for the Tech win at a final count of 10-5. In the return engagement the next day, cloudy skies and thunder-showers gave the nod to the Commodores, as Jim Stephens held the Techmen to 7 hits and gained an easy victory.

When the Auburn Tigers journeyed to Atlanta on Monday, Captain Henry Kalb put the quietus on the play by holding the visitors to two runs from six hits. The rest of the Jackets were buzzing for 14 runs from 15 blows, while Rabbit Jordan belted three in four trips to the plate. Willard Nixon scored his eighth victory for the Tigers in the return engagement on Tuesday to give the Tigers their third victory over the Jackets.

"Rabbit" Jordan passes up a low one.

Henry Schoening follows a high one across.

John Lankford ready to clout an extra-base blow.

Lucian Burdette

J. B. Thompson
When Tech played host to the visiting Georgia Bulldogs on May 30, the Georgians trailed by one run in the first half of the ninth and staged a rally that appeared a potential win for the Athens nine. A throw to second by Pitcher Kalb picked Jordan off second and killed the threat. Schoening and Rabbit Jordan led the Jacket batting attack with three base knocks apiece. Tech took the nod at 8-7.

The following day the Jackets took the game by a score of 18-5. Dick McMillin took pitching honors, while Schoening collected 4 hits for 6 trips. Lankford's three-run homer over the left field fence took the spotlight in the opening frame.

A glance at the season's records shows that the Auburn Tigers were the only combination to gain the edge over the Yellow Jackets as they walked off with a 3-1 lead in games. On the other hand, Coach Pittard's boys took three of the four tilts with the Georgia boys and split a decision in sets with Nashville's Commodores to maintain a .500 average for the '47 conference season.

On March 1, Coach Norris Dean's thinclads made their debut for the 1947 track season by journeying to Chapel Hill, N. C. for the Southern Indoor Invitational Meet. In this first display of their speed and strength the Yellow Jackets vied with the favored Tarheels of North Carolina for first place honors, pushing them hard all the way. Finally the Techsters were forced to be satisfied with second place in the meet, the Chapel Hillmen claiming first honors.

In the Invitationals, Buddy Fowlkes sparked the Tech point attack by sprinting and jumping his way to the majority of the markers attained by the men from the Flats, his 14 1/2 count being the high individual score of the meet. Kept from the pits prior to the meet because of an ankle injury, Buddy sped his way up to the takeoff board and broad-jumped his way to the meet record, 22 feet, 10 1/4 inches. His other points came with his first place in the 60-yard dash, close second in the 70-yard low hurdles, and his position as anchor man on the Jackets' winning mile relay team. Billy Queen took a close second in the 100, while Jack Corridan came in with a close third in the mile run.
In the first regularly scheduled Southeastern Conference meet, Coaches Dean and Plaxico ushered their wards down to the warmer climes for their engagement with the University of Florida in Gainesville. It didn't take long for the gold and white colors to rise to the top, as once again long-legged Buddy Fowlkes stretched his way to amass 18 points as his day's share of the Techmen's 68-2/3 markers, by running off with three firsts in the 100, 220, and low hurdles, and a second in broad jump—an impressive afternoon's performance. Tommy Coons took second in points for the thinclads as he high-hurdled his way to first place honors and followed hot upon the heels of Fowlkes in claiming a second in the low hurdles. Bob Renshaw dashed his way to a win in the 880 with a blistering 2:2. "Spider Jim" Nolan heaved his trusty javelin a cool 198 feet 5 inches to annex the first of his wins for the '47 season, while muscular Herbie Bergman tossed the shot to second place in his first taste of action, after practicing with the iron ball for only two weeks.

When the Tarheels visited the Flats on April 12 for their second meeting of the year, advance publicity placed the two squads pretty much on a par. But the way the Carolinians had it figured, they would win by three points, this prediction being based primarily on the ability of former Tech star Bob Seligman, Chuck Simmons, Jim Miller, and Jack Milne. The final point tabulation proved this confidence shy by only one point, as North Carolina stood just ahead of the Techsters, 66 1/2 to 64 1/2.
Buddy Fowlkes continued to establish his monopoly on high individual scores as he accumulated his solid 14 markers. Bob Renshaw opened up his sprint in the back stretch for a :59.1 mile. George Bailey, another of Tech's stellar freshmen, walked off with the 100 and 220 dashes and ran as anchor man in the Jackets' winning mile relay quartet. Starring for N.C. were Bob Schigman, who took first in both discus and the shot; Chuck Simmons, with his 14.6-second high hurdles sprint; and speedy Jim Miller and Jack Milne.

Against the Green Wave of Tulane it was another matter, as the Jackets surged through the Greenies to the tune of 81-45. With an almost record-breaking heave of 48 feet 7 1/2 inches, Herbie Bergman stepped up to take the honors in the shot put. By this time he had been acquainted with the shot only about a month. Big Jim Nolan started throwing everything all over the field and came away first in both discus and the javelin, third in shot. And of the team's total of 81 markers, Nolan and Fowlkes each collected 11 credits.

Ten of Fowlkes' well-earned scores were for the 100, in which he barely edged out teammate Bailey, and the low hurdles, in which he set a new Tech record with a sizzling 24.3 seconds. Bailey ran off with the 220; Don Cady, with the 440; Ed Forward, the high hurdles; and Bob Renshaw, the 880. Bill Reiser vaulted right up into first place.

On April 26, Coach “Spec” Towns ushered his terribly understaffed squad of Georgia Bulldogs onto Grant Field for what definitely proved to be the...
laughter of the year. The small aggregation of 12 or 15 not-too-confident
Athens thinicads managed to hold their own in the early events by capturing
first in high jump, second in broad jump, and third in the pole vault. But their
iredness began to show as the meet dragged on, as Bergman took over with a
7 foot, 1 inch toss of the shot, Nolan placing an easy second. The weight
men reversed their positions on the discus, with Spider Jim taking first and
Herbie second. In Jim’s third try with the tossing, he watched his javelin sail
through the air for a cool 200 feet, 10½ inches, just 3 feet, 1½ inches short
of the Tech record. Bowen’s throw was a safe second.

By the time the cinders were dusted off for the running events the Georgia
representatives were able to enter only one man in any single event, and in
the mile relay and low hurdles they didn’t even bother to compete. Without
even using the men who comprised his mile relay team, Coach Dean proudly
watched his wards take the first three places in the 440, 880, and the dashes.
Nilly Queen sprinted off with the 100; Al Weigel copped the blue ribbon of
the 200; Bobby Anderson dashed around the 440 with the honors; and Joe
Turner breezed off with the half mile. Jack Corridan took the mile run with the
better than usual time of 4:33.2; and then he moved on to take the 2-mile
run, with Dave Durst following him in for a close second.

In the mile relay, for which Coach Dean had saved his four flashy com-
ponents Fowlkes, Bailey, Cady, and Stowers the boys made a valiant effort
to break the school record of 3:23.2. Even though Coach Towns declined to
enter a team, the Techsters spurred themselves on without competition, only
to fall short of their mark by a scant 0.4 seconds. And Tech’s illustrious
indermen strolled from the field with a comfortable 114-12 victory under
their spikes.

The next week Coaches Dean and Plaxico ushered their boys up Durham
way to take on the Duke Blue Devils in an effort to secure their third SEC
victory in as many tries. Their ambitions were realized by a 25-point margin.

And it was the same old story for one Buddy Fowlkes, who once again
nonchalantly pulled down the individual high score with his bountiful 16
markers: first in the 220 and low hurdles, second in broad jump and the 100-
yard dash. Nolan and Bergman claimed their titles in the javelin and shot,
respectively.

For the Blue Devils it was Roger Neighborgall, rated as one of the best
distance men in the nation, who won both the quarter and the half mile and
claimed anchor position on the Duke mile relay squad. The final score of the

In the final contest of the season prior to the SEC Meet, the Yellow Jackets
traveled to Auburn to trim the Plainsmen 72-54 and to complete their Con-
ference competition undefeated. Fowlkes hogged the 100, 220, and the low

hurdles for 15 counters. Nolan took the javelin and discus; Bergman shoveled the shot 48 feet, 3 3/4 inches for first; Cady dashed off with the tape in the 440.

Auburn’s Captain Fred Carley showed the form that won him the ’46 mile and half-mile championships, by breaking the tape in both events.

As the Gold-and-White banner floated over to Birmingham for the Southeastern Conference Meet, there were much talk and high aspirations that the Georgia Tech Yellow Jackets might nose out the highly flouted cindermen of Coach Bernie Moore’s LSU Tigers. Of the 15 years during which these Conference Meets had been held, the Tigers had managed to walk off with the trophy 12 times, the Yellow Jackets and the Bulldogs being the only two other winners of the coveted cup.

But such was just not quite in the books this year, even with the consistent impressive individual high score of 18 for one Buddy Fowlkes, who took three firsts in the 100, 220, and low hurdles, and a third in the broad jump. With this grand accumulation Fowlkes established an official Conference Meet Record, the title having been held previously by LSU’s Billy Brown, whose 17 points were won in 1941.

Herbie Bergman came in a close second to George Hills, of Florida, and formerly of Tech, in the shot put. Nolan was runner-up in the javelin throw.

The surprise of the meet was pulled by Dave Durst, ’46 team captain. Unable to get under the ten-minute mark all during the season in his 2-mile run, he ran in a 9.39, to capture third place. LSU’s total points for the meet numbered 21/2, as Tech was barely nosed out with a 3-point-shy 47.

Renshaw comes home first in the 880 with a time of 1:51.
MINOR SPORTS
When Coach Freddie Lanoue and Herb McAuley carried their '47 SEC champs to Knoxville on January 17 for the season's opener with the Tennessee Volunteers, they met with gratifying success; the Tech tankmen took the Vols 50-22 and in so doing established new pool records in three events.

Johnny Chapman hammered 28.2 seconds from Tennessee's 220-yard freestyle 2:58.2. The 400-yard freestyle title went to Avery, Chapman, Flowers, and Hiles, who swam the relay in 3:42.3. In addition to participating in Tech's record-breaking relay, Johnny Hiles, Tech's Olympic threat and holder of Tech records in the 220 and the half mile, took the 440 freestyle from the Volunteers in 5:52.7.

In the outstanding dual meet of the season, the gold-and-whites were forced to strike their hardest to take the honors from the North Carolina State Wolfpack, but N. C. State's Bill Kelly and Bill Ward led the Carolinians to a 44-21 victory, despite the events taken by Brantley, Hiles, and Flowers.

In the Georgia meet, it was the final 400-yard relay, in which Joe Topp churned from behind to give anchor man Hiles the lead, that decided the score in favor of the Tech tankmen. Towles, Flowers, Chapman, and Griffin were other starring swimmers in this meet.

Johnny Chapman swam the thriller of the afternoon when he defeated Stock in the 400-yard relay, helping his teammates take the meet with a decisive 48-27.

Tech's defending SEAAU champs had to be content with third place in the '48 meet, held in the Tech gym, when the ASA squad and the swimmers from Miami walked off with 54 and 40 points, respectively. One of the most enlightening showings was made by Jacket freshman Michaelis, who took the 50 and a hairbreadth second in the 100.

Not the least of the events going to the Tech tankmen in the seventh annual SEC contest was the 300-yard medley relay starring Flowers, Towles, and Topp, who gratified Coaches Lanoue and McAuley with a new meet record of 3:08.8.

TEAM

anating from Reed Brown's victory in the number 6 slot and that of doubles partners Fowler and Adams in the second doubles match.

The very next day, on the same site, Miami followed Tulane's cue, and Tech's SEC champs went down 8-1. Brown and Niles Millsap took credit for the single match, by taking the number 3 doubles from the Hurricanes.

With renewed vigor and determination they met the Western Michigan squad home courts April 9 and snapped out of the slump with an 8-1 decision. The match ran like clockwork, all matches ending with two sets, except for the pair positions, which Carl Maddox was forced to take in 6-2, 2-6, 6-4.

Journeying to North Carolina for meets with Davidson and Duke on successive days, the Techsters awoke from their early seasonal slumber to go all the way to take the matches 6-3, 7-2. Three singles matches proved to be the difference in the Davidson encounter.

The hapless Emory Aces netmen fell 9-0 in the third meeting in a row, during the past two seasons, in which the Emory boys have been taken 9-0 by the Georgia Techsters. Three days later, in the inaugurating play on their spanking new courts, the Tech netmen took Sewanee by the same 9-0 score.

Tech's sole loss in the April 26 match with Auburn, played on Tiger courts, came in the number 4 singles, as the Jackets moved out to take the Plainsmen 1-0. And in the final match of the season prior to the Conference Tournament, Bortell's wards nosed out Vanderbilt's swatters, paced by the exemplary play of John Hyden, 5-4.

On the threshold of the S.E.C. meet the Georgia Tech Tennis Squad stood with a season's record of 6 wins against 2 losses, the latter being incurred at the set of the playoff. Individual records showed Maddox holding up 5 wins to 0 losses; Fowler split 4-4; Adams and Collier each claimed a healthy 6-2.

The racqueteers from the Flats were just not quite up to taking the Greenie aces in the Conference Meet, as the New Orleans squad emerged from the sectional playoff as the '47 S.E.C. Champions, barely nosing out the local boys, showing great strength in the semi-finals and finals. Tech's only men to touch the semi-finals were Maddox and Collier, teamed as a doubles combination. But the singles division, Maddox and Fowler each rose to the quarter finals.

Jack in Atlanta after the sectional playoff, the gold-and-white rubber shoes took Tech to the Emory Aces 9-0, on Emory courts. Carl Maddox, in the key position for the Jackets, battled down ace Dick McKean, 7-5, 6-0, in the closest match of the afternoon. Fowler downed Wiltshire in short order, 6-1, 6-2, while righthanded Ed Adams cut down Emory's Boyt by identical scores. Collier beat 6-4, 6-2, as Reed Brown claimed a win over Wynn in two 6-2 matches.

Maddox and Collier teamed in doubles to trim McKean and Wiltshire 6-2, 6-3. Fowler and Adams clipped Boyt and Genz 6-0, 6-2.

The final game of the season was a 6-0 victory for the Jackets over Mississippi State on the home courts, May 15.
FRONT ROW, LEFT TO RIGHT: Treadway, James, Giesler, Hemmingway, Shearer, Oglesby. SECOND ROW: Miller (Assistant Coach), Baster (Captain), Cusack, Rhodes, Franklin, Matthews, Coach Osinski.

Tech 30  Duke  30
Tech 15  Emory  8
Tech 28  Tennessee  29
Tech 28  Auburn  28
Tech 15  Georgia  49

Tech's Harrier Squad of 1947 brought a very successful season to a gratifying close by running off with the Southeastern Conference Championship over the Georgia Tech course on November 27. What the team lacked in brilliance was compensated for when the Techsters surpassed all the squads of the past in sheer determination and spirit.

Following up their losses to North Carolina and Duke, the boys rose to defeat Florida, Emory, Tennessee, and Georgia and to tie Auburn. This entire progression of play was a rather unusual occurrence in the diary of a cross country team. Entering the Conference competition with only an even chance of winning, the Techmen surpassed the fondest expectations of all and finished the meet 22 points richer than its closest rival, Tennessee.

Outstanding runner of the season was Smith, freshman Mercury Man who set a Georgia Tech record of 16 minutes 45 seconds. Jack Corridan and Dave Durst again strengthened the team by their individual stellar performances, while Renshaw, Hunt, Breedlove, and Branson left their indelible marks on the Cross Country Team of Georgia Tech.
In the comparatively short time during which Coach Lyle Weiser has been instructing the Tech Gym team, he has, with the aid of assistant coach Warren Neiger, formed a group of polished artists. Since gymnastics are not practiced to any great degree in the South, the coaches have been meeting considerable difficulty in finding competition for their wards. However, by means of exhibitions at many of the neighboring colleges and YMCA’s, as well as the home exhibitions in the Tech gym, considerable interest has been created in the potentialities of competing teams from nearby schools.

The foremost of Tech’s presentations this year was the Second Annual Home Exhibition in the Tech Gym April 24, in which a complete and entertaining program unfolded before over 500 enthralled spectators. With twenty-four of the old men back from last year’s team, which featured the tumbling of Eddie Kopp, bar work of L. B. Spratlin, and Steve Varga, captain, this year’s squad was present in full force for the exhibition to present their tiger leaping, wand drills, Morris dance, Indian club swing, lighted torches, pyramids, and acrobatics.

The uncanny balancing, handstands, and hand walking displayed by Tom King on the parallel bars drew a hushed silence interspersed with bursts of applause from the audience. Team Captain Dick Gunter soared through the air on the rings with the grace of a swan, only to come down for his amazing feats of strength in hand-to-hand balancing. The twisting and turning of
McAuley, Hardin, and Fisher on the trampoline always seemed to leave their audiences with the question, "What did they just do, and how?"

Fred Wolf's rope climb in record time and the tumbling of Bob Anderson, who appeared in practically every group performance, drew attention, only to have clowns Neal Rothfuss and Judy Attaway, dressed and painted for the part, to whirl and cavort in mimicking attempts to duplicate all the feats of their teammates.

Always a good finishing touch to a gymnastics exhibition by the Tech exponents of exercise is the series of bronze tableaux, presented with varicolored lighting effects and depicting different traditions or aspects of toil, suffering, or accomplishment.

In one of the least frequented fields of athletics Coach Lyle Welser has established a precedent by forming the first gym team in the area surrounding Atlanta, and his unstirring efforts to see it spread throughout the South have succeeded in convincing many of his audiences that a gym team such as the one he has founded at Tech is something they may well look forward to.
GOLF TEAM

THE 1947 SEASON

Tech 16\frac{1}{2} Auburn 1\frac{1}{2}
Tech 17\frac{1}{2} Auburn 1\frac{1}{2}
Tech 13 Tennessee 5
Tech 11 Georgia 7
Tech 17 Emory 1
Tech 15 Sewanee 3
Tech 16\frac{1}{2} Georgia 1\frac{1}{2}
Tech 7\frac{1}{2} Sewanee 10\frac{1}{2}
Tech 7\frac{1}{2} Kentucky 10\frac{1}{2}
Tech 15 Kentucky 3
Tech 18 Emory 0
Tech 17\frac{1}{2} South Carolina 1\frac{1}{2}
Tech 16 Tennessee 2

One of the most successful golf teams in the history of Georgia Tech was that of the Spring of 1947. The seven-man squad, alternating in the different meets, took 11 of 13 engagements, falling to Sewanee and Kentucky by a score of 10\frac{1}{2} to 7\frac{1}{2} in each encounter. However, each of these teams was beaten on another occasion in the same season, so that the boys actually suffered a total loss to no one.

In addition to the regular season, the entire team, composed of Jim Taylor, Ike Scott (Captain), Bill Earthman, Gordon Clay, Tommy Green, Paul Gurley, and D. E. Williams, was entered in the Southeastern Invitation Tournament at Athens. And a team comprised of Taylor, Scott, Earthman, Clay, and Green journeyed to Ann Arbor, Michigan for the National Golf Tournament. In both of these competitions the Tech golfers came through in fine form, Ashby Taylor progressing to the quarter finals in each tournament in match play.

Under Coach Dennison’s supervision the strokers set Auburn, Tennessee, Georgia, Emory, and Sewanee in rapid succession, taking two decisions each from Georgia and Auburn, before falling to Sewanee and Kentucky, with identical scores on successive days. A week later they were back on their feet and taking Kentucky, Emory, South Carolina, and Tennessee for a season's record of 11 wins to 2 losses.

Your future can start today!

Your initial start in the engineering field will affect your entire future...it will shape you and your career, and will determine today your status in this field for years to come. We have a number of excellent positions, principally in research, for the right men. These positions are for career men, capable of working ahead to the top of their profession. We want men who are able to do creative research in unexplored fields—men who have no desire for monotonous, routine work.

Consider these important facts: the oldest aircraft manufacturing company in continuous service in the country, and one of the largest. A modern plant, with excellent facilities and equipment. Expert personnel, good working conditions, located in a suburban area of a centrally located city on the east coast.

We are working on varied types of research. In jet propulsion, guided missiles, supersonic aircraft, electronics, military planes, commercial transports, and in several other fields, including materials and alloys, television and plastics. Our huge new plastics plant has just started in production.

If you can keep pace in a strong company noted for its progress, start your future now. Find out the opportunities we can offer. Write, outlining your background, your interests and plans, to Technical Employment Section, The Glenn L. Martin Company, Baltimore 3, Md.

After a lengthy examination the doctor told the Tech student that rest was the answer to his illness. "The best thing for you to do," said the doctor solemnly, "is to give up drinking and smoking, get up early in the morning and go to bed early at night."

The tired student looked up at the man of medicine. "Somehow," he said, "I don't deserve the best. What's second best?"

"Where the Fellows Meet"

This Is No Joke, Son . . .

Our policy is to give the best possible service to the students at the lowest possible cost. During the past year we feel that we have made definite progress in this direction, and wish to express our appreciation to the student body for their considerate cooperation.

GEORGIA TECH COLLEGE INN
"Excuse me," said the heavy football lineman, returning to his seat in the theater, "but wasn't it you whose feet I stepped on when I went out?"

"Yes, but that's all—"

"Then," interrupted the gridiron hero, squeezing by, "this is my row."
Stop drinking
Are you a potential alcoholic?
Answer yourself the following questions
1. Do you drink because you can't leave it alone?
2. Do you try to stop but only go so far?
3. Do you make promises and try to keep them but cannot?
4. Does alcohol relieve you when extremely nervous?
5. Do you resent your family and friends trying to help?
6. Do you feel that there is something wrong but can't explain why you keep on drinking?
7. Does the night before leave you very nervous next day?
8. Do you find it harder to stop drinking each time you quit and start drinking again?
9. Is drinking affecting your home and business but you won't admit it?
10. Does one drink call for another until you humiliate your family and friends by being irresponsible?
11. Do you experience mental haziness and lack of concentration after a debauch?
12. Do you begin to get nervous and irritable when you have gone a certain length of time without drinking, but get relief soon after you have had several drinks?
13. Do you know in your own mind that you are slipping?
14. Has drinking passed the playful stage with you?

If any seven of the fourteen questions above apply to you personally, you are a potential alcoholic—it is time to stop now for good, as continued use of alcohol can only lead to increased suffering.

In from seven to ten days' treatment at the White Cross Hospital every one of the above symptoms is completely removed with no further desire or craving for alcohol in any form.

The White Cross treatment has gained the interest, respect and good will of leading business and professional men and women in Atlanta and throughout the South.

Write or phone WALnut 7012 for confidential information or personal interview. Folder sent upon request.

A woman approached the clerk in a fruit market and asked for a pound of grapes.

"My husband is fond of them," she said. "Tell me, do you know whether they have been sprayed with any kind of poison?"

"No, ma'am," replied the clerk. "You'll have to get that at the drugstore."
