The Interfraternity Council is the governing board for all fraternities on the campus. Composed of two representatives from each national fraternity at Tech and under the general supervision of Dean George Griffin, the Council controls all interfraternity and school-fraternity relations. It promotes interfraternity competition in sports and scholarship. As its major activity, the Council sponsors two sets of dances each year—the first coming before Christmas and the last at the end of the school year.
ZETA CHAPTER

ALPHA EPSILON PI originated at New York University in 1913 and in its eventful history has expanded to every section of the country. The Zeta chapter was reactivated at Georgia Tech in March, 1946, and in its short period of activation has vigorously entered into school activities and climaxd the past year by dedicating its new fraternity house to the memory of Harold Rubin, a brother who died in the war.

The future of the Zeta chapter looks very promising with the addition of a large pledge class and the completion of a large dining room annex in which to provide all the comforts of home and a place for recreation.

GEORGIA BETA IOTA CHAPTER

Founded at Virginia Military Institute on September 11, 1865, Alpha Tau Omega has grown and expanded until there are now 101 chapters and a total membership of over fifty thousand. The Georgia Beta Iota Chapter was the first national fraternity to be installed at Georgia Tech, having been granted its charter on September 18, 1888 before the school was opened.

Always strong in extra-curricular activities, the chapter is well represented in ODK, Tau Beta Pi, the Bulldog Club, the Ramblin' Wreck Club, and the publications staffs.

The house parties at Camp Cherokee, Senior Banquets, the Spring Formal, and many other parties give the chapter a very active social year. Hard study keeps up the scholastic standing and intramural sports and social activities combine to give the members a well-rounded college life.

GAMMA ETA CHAPTER

Beta Theta Pi is entering its 109th year of continuous existence as a national social fraternity. Founded at Miami University in 1839 as one of the Miami Triad, it now has ninety-two chapters with a total membership over fifty-seven thousand. The local chapter, Gamma Eta, was installed at Tech in 1917 when Alpha Pi chapter was chartered by Beta Theta Pi.

The Betas have been well represented in campus activities and organizations and have also been socially prominent, having numerous house dances and parties during the year. The social year was climaxed by the annual Beta Kid Party.
Chi Phi, famous over the nation as the first Greek letter fraternity to be chartered, was founded at Princeton University on December 24, 1824. The Omega chapter was established at Georgia Tech in 1904 and was the first fraternity on the campus to own its own house.

Chi Phi is represented in nearly every social and honorary organization on the campus as well as the athletic teams. Chi Phi enjoyed a highly successful social season with house dances, outings, Christmas kids' party, etc., entertaining the brothers.

Chi Psi was founded at Union College on May 20, 1841. It was the fifth fraternity at Union, where the Greek letter fraternity originated. Chi Psi soon spread through New England colleges, and, by reason of the fact that many of the members of Chi Psi were Southerners, chapters were soon established in the South. Iota Delta was established at Tech December 15, 1923, and is now one of twenty-five chapters established throughout the nation.

Chi Psi encourages a well-rounded college life for its men, and a two hundred dollar scholarship is awarded yearly to the man with the best scholastic record. Sports, organizations, and other campus activities round out a full college program. Informal dances, house parties, and costume parties maintain the social interests.

ALPHA GAMMA CHAPTER

The Alpha Gamma chapter of the Delta Sigma Phi fraternity was founded on the Georgia Tech campus in 1920. It was originally known as the Soldiers' Club because it was organized by veterans of World War I.

Within a modest residence the Alpha Gamma house boasts one of the most modern interiors on the campus. The entire first floor of the house was remodeled last year, largely through the work of the active members. The interior decoration has been pronounced unique by all who have seen it.

Delta Sigs maintain a membership sufficient for participation in all phases of fraternity activity without expanding beyond a size suitable for close fraternal communion among the brothers in the Bond of Sphinx. In addition to the usual fraternity affairs, members have been active in all phases of extracurricular activities.

GAMMA PSI CHAPTER

Delta Tau Delta was founded in 1859 at Bethany College, Virginia and has grown and prospered through the years to where it now stands securely with seventy-five active chapters throughout the nation and over sixty thousand alumni. The Gamma Psi Chapter of Delta Tau Delta was established on the Tech campus on April 21, 1921.

Advocating an active college lifestyle for its members, Gamma Psi has continually displayed that spirit on the Tech campus by having Delts in Anak, O. D. K., Student Council, The Bruin Theater, Technique, and Yellow Jacket, as well as having four Delts selected for Who’s Who in 1947-48.

The social aspects of fraternity life were again realized to the fullest with buffet suppers, hayrides, informal dances, house-parties and the annual Delt Artists’ Ball. Rounding out a full year of activity, the Delts participated in all intra-mural sports.

The Kappa Alpha Order was founded in 1865 at Washington and Lee University. All of its sixty-seven chapters are located below the Mason-Dixon Line, extending from the East Coast to the West Coast. The fraternity has over 30,000 alumni who form 82 Alumni Chapters.

The chapter here on the Tech campus was founded in October, 1899 and has initiated over 700 members. Members are prominently identified with the social, scholastic, and extracurricular activities of the school. Traditional social functions of Alpha Sigma are The Convivium, celebration of General Robert Edward Lee's birthday, the formal dance during the winter quarter, and the annual house-party in the mountains of North Georgia.
The Kappa Sigma fraternity, founded at the University of Virginia, now consists of 115 active chapters throughout the United States with chapters in Canada and Hawaii. The Alpha Tau chapter was chartered in 1895 and is one of the most active fraternities on the Tech campus. This chapter, in addition to stressing scholarship, encourages participation in extracurricular activities and has placed men in key positions in many campus organizations including athletics.

In keeping with Georgia Tech's expansion program, we are planning a new and larger chapter house which will be constructed in the near future. We are fortunate in having a very active alumni chapter in Atlanta which is highly interested in this chapter and its progress.

Numerous dances, house parties, and picnics have highlighted our social activities. One of our outstanding social events is the annual Kappa Sigma Black and White Ball.

The Lambda Chi Alpha National Society Fraternity was founded in 1909 at Boston University. Since then it has grown and matured into what is perhaps the largest social fraternity in America. Rich in tradition, blessed with aggressive leaders, and proud of its eminent prestige in American and Canadian colleges, Lambda Chi Alpha looks into the future with confidence and promise.

The Beta Kappa Chapter of Lambda Chi Alpha was established on the Tech campus on October 6, 1942 after its members had achieved an enviable scholastic record during its affiliation with the old Beta Kappa National Fraternity.

Lambda Chi Alpha has enjoyed a very active social year. Its social calendar was highlighted by its annual Winter Formal at the Biltmore Hotel, a hay ride to Fern's Farm of Fun, and a hobo party.

GEORGIA DELTA CHAPTER

The Phi Delta Theta Fraternity was founded in 1848 at Miami University in Oxford, Ohio. Since that time her membership has grown to over 60,000 men in 108 chapters located in the United States and Canada. The Georgia Delta chapter, Georgia Delta, was established in 1908.

In addition to their social activities, consisting of the annual formal dance, house-parties, Bowery Balls, etc., the Phi Delts in the past year contributed their share toward the leadership of the campus—six of the twelve school class officers, four members of student council, editor of The Technique, fourteen memberships in the major honor societies, and over fifty memberships in lesser honor societies.

In athletics, they captured four out of seven of the I. F. C. cups offered, and were well represented on the football, track, golf, tennis, baseball, wrestling, and swimming teams.

XI CHAPTER

Phi Epsilon Pi was founded at the City College of New York on November 23, 1904. Xi Chapter was established here on the Tech campus January 15, 1916. The fraternity has been growing steadily since the end of the war, reaching and then surpassing its pre-war strength. This school year has been one of many successful social functions, highlighted by the annual formal held in October at the Biltmore Hotel.

The fraternity is not only active socially, but is also very well represented in extra-curricular activities on the campus. This, in conjunction with a consistently high scholastic rating, makes for a well rounded group of activities. Plans for the future are centered around the prospective new house.

Phi Gamma

J. C. takes it easy.  "AA" paddles his own canoe.
Phi Gamma Delta had its origin at Jefferson College, Canonsburg, Pennsylvania in 1848. It was founded primarily as a southern fraternity but just before the War between the States it became a national organization. Phi Gamma Delta now has a membership of forty-six thousand and is represented on seventy-four campuses. Gamma Tau Chapter was installed in 1926 when Gamma Tau Delta, a strong local fraternity, was granted a charter by Phi Gamma Delta.

This year the Fijis moved into a new house, the old chapter house having been lost during the war. The chapter has been active in extracurricular activities and, at the same time, has participated in many inter-fraternal activities. A full social calendar of rushing, house parties, picnics, and dances was highlighted by the Fiji Formal of Founders' Day, May first, and the annual Pig Dinner in March.

**ALPHA NU CHAPTER**

**Phi Kappa Sigma** was founded in 1850 at the University of Pennsylvania. The Alpha Nu Chapter at Georgia Tech was founded in 1904, and distinguished itself in founding the Anak Society, the highest local honorary society on the campus.

Phi Kaps have always been among the campus leaders and have been continually striving for better relations among the increasing numbers of new students arriving quarterly. Although Phi Kappa Sigma has a relatively small chapter on the Tech campus, one can always find a Phi Kap in the midst of any worthwhile undertaking. While great plans are in store for the future, the present is never neglected.

The Phi Kappa Tau fraternity was first organized at Miami University, Oxford, Ohio in 1906. Since then it has grown to fifty chapters. The fraternity is represented in most of the major schools of the country.

The Alpha Rho chapter was established at Georgia Tech in 1929 but was forced to cease its activities during the war. In September, 1946 the chapter was reactivated with the initiation of seven members. Over the period of one year the chapter has increased its membership to thirty-three, bought a house, and placed among the three leading chapters at the national convention.

With the remodeling of the house and basement to supply more facilities for dancing and a game room, the chapter looks forward to even more progress during the coming year.

KAPPA DEUTERON CHAPTER

Phi Sigma Kappa was founded at Massachusetts State College on March 15, 1873. The chapters were located in the Northeast until a conservative expansion policy was adopted in 1900. Since that year Phi Sigma Kappa has grown until it now has forty-four chapters across the nation. Kappa Deuteron was established on the Tech campus in April, 1923.

In addition to the usual fraternity social life—hay rides, dances, house parties, etc.—the members have taken on active interest in extracurricular activities.

ALPHA DELTA CHAPTER

ALPHA DELTA chapter of the Pi Kappa Alpha fraternity was granted its charter at Georgia Tech in February, 1904. The twenty-eighth chapter to be installed since the fraternity’s founding at the University of Virginia in 1868, PiKA has grown to be one of the outstanding fraternities on the campus.

At first definitely Southern, the national fraternity has grown to include eighty-six chapters in every section of the country. Alpha Delta, although rather limited during the war, is once again functioning in a normal manner. Among their many functions, the chapter has been host to the neighboring PiKA chapters in this section at the annual Possum Hunt and Christmas Party. The annual Black and White Ball is once again back from the war.

The chapter has long encouraged a high scholastic average among the numbers as a whole. As a result, the PiKA’s have been continually proud of their high place in the ratings of the various campus organizations.
PI KAPPA PHI was founded at the College of Charleston on December 10, 1904. Iota chapter was established on the Tech campus in 1913. Throughout the year a series of dances, steak frys, bingo parties, and banquets was held. The Pi Kaps are active in intramural sports and have won many trophies.

Aided recently by the re-acquisition of a house on the campus, Iota has directed its energies primarily toward improving its home and building the chapter back to its pre-war status. The past year has seen marked improvement toward this goal.

GEORGIA PHI CHAPTER

S. A. E. was founded at the University of Alabama in 1856 and since then has grown to a total of 114 chapters and a total of membership of over 60,000. The Georgia Phi chapter, chartered in 1890, was the second national fraternity founded at Tech.

The chapter has experienced one of its most outstanding and successful years with its active membership at an all-time high. The Sons of Minerva have more than maintained their position of eminence in the campus fraternity life. A seemingly impossible task of interior decoration resulted in the award of the Dean's Trophy for the greatest improvement to a fraternity house at Tech in 1947.

In the intramural athletic league, the SAE's remained the perennial "team to beat." The football team has never extended in winning its second consecutive interfraternity championship. This gridiron prowess extended to the play of the 1947 varsity. The winter social activities were climaxed by the gay and glittering annual Christmas formal. Plans are being formulated for the construction of a large outdoor dancing pavilion at the chapter house.

Clockwise: Fred Avey and date at the formal . . . Champagne, no less. . . . And a jolly time was had by all . . . I wonder what they're so happy about.

Extreme left: Why look at the sky when there's so much beauty in the boat, and we don't mean Lawrence . . . . Left: Foreman Brooks and his crew.

BETA PSI CHAPTER

Sigma Chi was founded June 28, 1855, at Miami University, Oxford, Ohio. Since its founding it has expanded to 114 active chapters in the United States and Canada. The Beta Psi chapter was installed at Tech in 1922 by the absorption of Pi Alpha Sigma, a local fraternity.

The Sigma Chi’s placed first in the homecoming decorations contest and the Rambling Wreck Contest. This is the first time in the history of Tech that the fraternity has won both events in the same year. The chapter also placed second in the intramural football league.

Our Sweetheart Ball was a big success at which our new sweetheart, Martha Burts, was presented formally to the public. Another good dance was the Miami Triad which we sponsored jointly with Phi Delta Theta and Beta Theta Pi.

The wheels of Sigma Chi are still rolling with the president of I. E. C. and the president of the student council and many lesser honors among our members and membership and officership in nearly every literary, social, and scholastic organization on the campus.

Below: Booke, Branch, and Doc wait for registration... Left: Schlosser blows, Kidde strums and somehow music comes out.

SIGMA NU

GAMMA ALPHA CHAPTER

SIGMA Nu, originally known as the Legion of Honor, was founded at V. M. I. in 1869. Since Gamma Alpha Chapter was founded at Tech in 1896, this marks our fifty-first year of service here. Our members and chapter won recognition for themselves and the "White Star" in interfraternity as well as general campus activities, gaining honors in student elections, varsity sports, and interfraternity sports.

Climaxing our year of social activities—house dances, hay rides, and house parties—a banquet and formal dance were given for our members and alumni at the Druid Hills Country Club. Gamma Alpha looks forward to the coming year to carry on the rich traditions of our founders by mutually benefiting our members and inculcating honor throughout our associations. Closing a very successful year of fraternity activities, we salute the "White Star of Sigma Nu."

Top row, left to right: If you can read that badge he's wearing, it's worth straining your eyes. . . . Sx "cute lid de-icent" Sigma Nu style. . . . Left: Why doesn't he smile too? . . . Below: Chug-a-lug the moo juice.
GEORGIA ALPHA CHAPTER

The "Saturday Night Club" was founded in November, 1901 at the University of Richmond. The following year the name was changed to Sigma Phi Epsilon and the fraternity received its national charter. From the original twelve members the Sig Eps have grown to a membership of over twenty-six thousand with eighty-five chapters throughout the United States.

The Georgia Alpha Chapter was established at Tech in March, 1907. It was the seventeenth fraternity to appear on the campus. Sig Eps have been active in many organizations in addition to maintaining a full fraternity life.

CLOCKWISE: The wreck and nine mechanics standing by. The homecoming decoration. That's the wrong word you have there, fellow. Playing Santa at the Christmas Party.

ΣΦΕ
TAU EPSILON Phi celebrated its 29th year on the Tech campus this year. This year T E Phi boasts the largest membership of actives and largest pledge class in the history of the chapter.

The highlight of the year was the obtaining of a new chapter house and dining-recreation hall at 746 Williams Street. The chapter at Tech along with Mu chapter from Emory and Nu chapter from the University of Georgia sponsored the annual Georgia Conclave, a week-end of fun which TEP men never forget, over the Thanksgiving week-end. The high point was the formal banquet and ball at the Ansley Hotel.

Other chapter activities during the year consisted of numerous social affairs and athletic events. Tau Epsilon Phi won its league's championship in intramural softball and the I. F. C. scholarship award for the winter and spring quarters of last year.

PHI CHAPTER

FIRST ROW, LEFT TO RIGHT: Salmirs, Sarafay, Schwartz, Siegel, Sirkin. SEC: M. LEVETAN
ALPHA NU CHAPTER

Theta Chi was founded at Norwich University, Norwich, Vermont, in 1856. In the ninety-two years since its inception, seventy-five chapters have been added and Theta Chi has grown to be one of the largest members of the social fraternity world.

Alpha Nu Chapter was installed at Georgia Tech in the spring of 1923; thus it has enjoyed its twenty-fifth birthday as a part of the Tech campus. By confining its activities to a small, well-integrated group, Alpha Nu has been able to enjoy a well-planned social life and participate in all intramural activities without losing sight of the fraternity's ideals of scholarship and brotherhood.
