Eds Haye
Sena Reports On
National Meeting

At the regular December meeting of the General Council, Ed Haye, a member of Phi Kappa Sigma Fraternity, was elected Treasurer of the Council for the school year, 39-40. He is a member of A. S. C. E. Civil Crew, Bulldog Club and is from New Britain, N. Y.

A report of the National Under Graduate Interfraternity Conference, which was held in New York City last week, was given by John Senna, President of the Tech Council. In his report, he named many projects that the Council might carry out on the campus.

Two suggestions that were adopted during the meeting, were: first, a plan to have all clothes and buttons in the different Fraternity houses examined every two months for small diseases; and second, a suggestion to have two men from each Frater-

The Hon. Maury Maverick, State
Mayor of San Antonio, Texas, will be the guest speaker, January 21, at the third of the programs of the enter-
tainment series sponsored by and for
the students of Tech.

The series is fortunate to include speaker of the House of Representatives. He likes to talk to his audience with the same forthright-
ness that he would use in talking to a
circle of friends. He has none of the
anxiety of the old-time declaimer or
erator. But, instead, his delivery is
seasoned with humor.

Maury Maverick has made quite a
name for himself ever since he became
a member of Congress. He became the
leader of the liberals of the Congress, and his group would so hard, they
became known as the "mavericks of the Congress."

The name Maverick was originated by Maury Maverick's grandfather. It meant "unshorn" as applied to cattle, but it remained for the grand-
son to give the name to its human ven-
til. Although he is one of the New
Deal Democrats, he is an independent of the administration as he is of his
constituents.

He has not revealed as yet what his
subject will be, but it is certain to be
one of interest to all listeners.

OUTSIDE ACTIVITIES ARE NECESSARY

In a recent Atlanta Journal editorial, figures from a survey by the Young Men's Christian Association in New York City were given to the effect sixty-five per cent of the youth between the ages of 15 and 25 felt that what they needed most was expert guidance in an occupation and getting a job. Forty-three per cent of those employed sensed that there was no hope of bettering their present jobs. They were working—being—yet they had no future in mind, which is in itself a problem. Are we not to have to be out of college to experience those things that every adult seems to have? Are we not to have to make up our minds that life as it is present is a "game" played, we do not know what. Is it possible that the lack of that desire, that drive, that motivation, since we do not know how achievement is attained, how happiness and peace of mind are developed, that happiness and peace of mind are developed? Is it possible that those things outside our immediate scope of interest. And yet, if we do not teach those things we cannot be expected to have the desire to teach those things. We cannot be expected to have the desire to do those things. We cannot be expected to have the desire to do those things.

The College Camera

By Maxwell L. Shatzen, Jr.

I don't want to be an angel; I want to be a senior this year! I'd rather be a senior this year. I'd be more responsible this year; I'd do things better. I'd be smarter this year. I'd be more of a student this year. I'd do the things that I should do. I'd try harder this year. I'd be more careful this year. I'd be more sensible this year. I'd be more careful this year. I'd be more sensible this year.

The Collegiate Wrecks

America's most popular and successful band, "The Collegiate Wrecks," is scheduled to perform at Tech on Friday, December 14th. The band, composed of students from the University of Michigan, is known for their energetic and captivating performances. The concert will be held in the Student Union, and tickets are available at the door.

The Collegiate Wrecks Program

1. "I Lied" by Frank Sinatra
2. "Love Me Tender" by Elvis Presley
3. "Heart of Stone" by The Beatles
4. "Blue Suede Shoes" by Elvis Presley
5. "Can't Help Falling in Love" by Elvis Presley
6. "Don't Ask Me Why" by The Beatles
7. "Baby, It's Cold Outside" by Darrell Handelsman
8. "White Christmas" by Bing Crosby
9. "Let It Snow" by Frank Sinatra
10. "Jingle Bells" by Louis Prima

The Collegiate Wrecks are known for their high-energy performances and their ability to engage the audience. They have performed at numerous schools and universities across the country, and their shows are always a hit with students. Don't miss this opportunity to see "The Collegiate Wrecks" live on campus!

of society's high standing
Omnion Delta Kappa is one of the few organizations that is recog­
nized by the Association of College
was organized in 1893 to meet the need for better standards and ob­
jectives and for control of the ever increasing number of so-called "honor
societies" and honorary fraternities.
On campuses throughout the country, groups were being organized in
eight succession which held little meaning in themselves and served, for
the most part, to detract from the significance of a true honor society.
A comprehensive study of the situa­
tion indicated that there were nearly
600 societies which existed themselves
national in character and showed
directly that some classification, assess­
ment or elimination was neces­
sary in order that the worthy societies
might more rapidly be recognized, their
value appreciated, and their opportuni­
ties for service correspondingly in­
creased.
After consultation with college ad­
ministration, fraternity leaders and rep­resentatives, those of the oldest
densities satisfaction took the lead in dealing with this troublesome problem. The
initial organizations included in the
membership were Phi Beta Kappa, Two
Beta Pi, Sigma Chi, Phi Kappa Psi, and
Alpha Omega Alpha. Omnion Delta
Kappa and Sigma Tau were recog­
nized as members in 1930.
Then in 1937, Beta Gamma Sigma,
Horace Bowen, Phi Beta Kappa and Tau
Kappa Alpha. These are the only
organizations recognized by the Association
of College Honor Societies up to this
date.

He worshipped land
as if it were a woman
He bargained for love
as if it were land

LIKE ANIMALS, the two men fought in the
air. One was Gamaliel Ware, young
Vermonter who came to Arizona's desert with a vi­
waning of waning fields of grain, a land rather than anyone ever dreamed of. The other was Cottrell,
the man who had said, "This world has shrunk too
small to hold bison and me!"... And watch­ing
them, Christine, desired by both, yet afoot:
"Men fight many times when I am there..."
A vivid sequel to Mr. Kelland's novel Arizona
begins in this issue of the Font. A romance of men and women who whispered the old Southwest into a
civilization.

Announcing the new novel of the Southwest
Valley of the Sun
by
CLARENCE BUDINGTON KELLAND

THE SATURDAY EVENING POST
Matt "House-Mother" Cole lived up to his reputation over the past week end, as well as being able to give himself a date for the Phi Delta Theta Delta Bullet Supper, as conceded by himself by chafing up those three hodgers and their dates which included Oscar "Difficulty" Price.

It looks as if the freshmen are already having their troubles.

David "Dove-eyes" Leven brought a date to the Phi Delta Theta Delta Ball formal which incidentally in April.

Another freshman, George "Jeffy" Segalberg is solving his troubles by saving his pennies for large expenses. Saturday night you could hardly see his date for the large corset she was wearing.

We are worried about Marjorie Eichenthal these days, too. It seems that several of the boys from the fraternity claim to hold over some promos from past week end was spoiled for S. W. Y., but Frank Hudson and Wanda Seiferle were coming on Jack Kline.

We seem to have lost track of our good friend Six Conedge. Has Mummy has all the time nowadays—Aw, Gee, we're not telling secrets again, are we, Sue?

Latest addition to cupper's corner, Hugh Felton, who is the Butler. What did you do in that corner, Hughie?

And speaking of Marjorie, we have a very curious picture in the paper, is that why she's doing like she's doing?

Max "Steamshotted" Shutsen is missing one Phi Ep Pin—can it be an accident, we betchaz.

The Phi Gamma Delta fraternity will hold their annual formal this Friday night at East Lake Club.

The Phi Gamma Delta, fraternity will be held at a formal next week Friday evening from 10 until two at the East Lake Country Club. parties will be held by Bill Clark's orchestra.

The dances will follow a dinner for all the members of the fraternity at eight o'clock at the Anchorage.

Pledges and their dates are: Howard Wachtler, Elto Foster, Leslie Ting, Louise Jones, Jim Wright, Carl Roche, Charles Couch, Dave Chambers, Betty Anderson, Ben Bligh, Marion Leekwood, Frank Sheets, Alcoe Clements, Bob Brashears, and Grant Shute.

Prominent alumni will also be present for the festive occasion.

The officers and their dates are: Dan Williams, Jean Bar; Christian Kettle, Katherine Ivy; Hiram Van Leer, and Janie Brichard.

Miss Wynn's & strikingly attractive brunettes with tender eyes, and a soft smile. If you could see her in her college, you would be impressed by the music. The music will be by Captain Pervis, Ed Demere, George Terrell, Judy Baccus, and a host of others.

Fillmore, who is the master of ceremonies. He will be present for the festivities.

Engineering

Seniors Honored

Tau Beta Pi, national honorary engineering fraternity, recently elected seventeen new members. Two additional seniors are on leave. The seniors elected were from the top quarter of the class and the juniors from the top eighth.

The initiation will be held at 5:00 P.M. Saturday, December 16, at the Cox Carlson Hotel. All faculty members are cordially invited to be present.

The juniors elected were Q. C. Davis, Jr., and W. R. Sanderson.

Mr. Tipton Directs Program

The Georgia Tech Boosters Table, led by Mr. James Tipton, will be held Sunday evening, December 17, at 8 o'clock.

The Ga. Tech Glee Singers, directed by Mr. Walter Herbert, and Prof. Glenn Rainer will be the guests on the program.

This will be the first broadcast of the Glee Singers this year, and is sure to be an excellent audition. Prof. Rainer will comment on the program during the intermission.

It is hoped that students will listen and support our Tech Broadcast.

"Y" To Entertain Students Christmas

Following the annual custom the Georgia Tech Y. M. C. A. will host to out of town students who spend Christmas Day in Atlanta.

During recent years many of the students from a great distance have not gone home during the holidays. The "Y" has followed the practice of assembling them to eat dinner at some near-by restaurant, after which they will be guests of the Fox Theatre through the courtesy of Lunts and Jenkins.

WALTER HERBERT, Manager.
By Tom Kell

There has been a great deal of disagreement among sports writers over this question. Ed Danforth, of the GEORGIAN, and others have discussed Tech's syndicated Sports column, have carried on word battles and challenges. Henry McDowell, Grantland Rice and many others have discussed Tech's chances against Missouri's great team in their articles. When Tech's and Missouri's schedules are compared, Tech's looks much tougher and longer. However, records of previous played games don't win football games.

From the Orange Bowl Committee in Miami comes word that there will be 36,630 paid admissions to the game New Year's Day. If that was not high enough, it is tremendously out- 
dented (and it is probable that they will, it will be the largest crowd a Tech team has played before since Artie certainly

However, records of previous played games don't win football games.

The red shirts 1928. Students should never worry about Tech's cheering sec-
tion to the game New Year's Day. There will be 39,650 paid admis-
sions to the game. Now Year's Day.

Spectacular Plays

Win for S. P. E. by Donald

By Ted Musing

"Se-Hide-1-2-3-4-5 Rep-Up!" The ball is snapped; linemen charge; the ball carrier breaks thru and is smashed

down by the secondary. The game is over.

We are sitting in the Jessup box high over the field where S. P. E. finally stunned Sigma Nu in the annual Rose-Bowl tilt held here in Atlanta, Geor-

gia. The sum has already begun to stick behind the west stand and the cheering throngs are making their way to the exit. The Cool Pots have been torn down and the curtain falls on another gala Foot Ball Season at Rose Bowl Field. I see I have a few moments left on the air, so with you leave, I'll give a brief resume of the game.

As I said at the beginning of this broadcast, we saw here a grudge battle between Sigma Nu and S. P. E. that was carried over from last year, when Sigma Nu lost a protested game 4-0. From the opening kick off the boys went at it tooth and nail. Blocking hard and tackling viciously. In spite of the feeling between the teams, the game was cleanly played and a surpris-

Basketball Squad Begins Practice

Juniors, Sophs Compose Team

Once again basketball takes its place in the sport's limelight. The Tech basketball squad has been practicing for the past two months. Although strict training started two weeks ago the players are in good condition.

There are a notable number of sophomores in the varsity squad, among these being R. Gunter, W. Harrison, E. McNenny, and J. Gardner. Some of the other outstanding upperclassmen are "Buck" Stephens, "Jim" Hughes, Howard Burpo, and Walter Haymans. Tech is expected to have a snappy team this year. Coach R. Mundorff has seen to it that the squad has learned many tricky plays and lots of fast passing.

The first game to be played will be during the first week in January. This opening game is to be an away game.

Reports from the Athletic Association at a recent Board meeting show that Tech had her best attendance in years this year. There were several sellouts during the season. Some of the attendance statistics were: Ga.—30,108, Kentucky—20, 230, Duke—27, 190, Auburn—18, 316, Vanderbilt—13, 999, Howard—8, 472. The total gate receipts ran approximately $250,000 gross. The above picture shows a typical crowd.

Georgia School of Technology

"A Technical School With a National Reputation"

THE GEORGIA SCHOOL OF TECHNOLOGY offers to young men of ability and ambition a training which will fit them for positions of responsibility and power. The national reputation of this institution is based not on claims, but on results. Its greatest asset is the record which its alumni are making in the productive work of the world. Georgia Tech graduates succeed because they have been trained both to think scientifically and to work efficiently.

Courses in Civil, Electrical, Mechanical, Textile, General, Ceramic, Chemical, Aeronautical, Architectural and Public Health Engineering, Architecture, Chemistry, and Industrial Management

Coast Artillery, Signal Corps, Navy, Infantry, and Ordnance Units of the R. O. T. C. For Further Information Address THE REGISTRAR GEORGIA SCHOOL OF TECHNOLOGY ATLANTA, GA.

TECH COLLEGE INN
Tech Swimmers Begin Training

(Continued from page 6)

The boys who comprised the varsity last year and are counted on heavily this year are Abbey, Anderson, Berry, Duncan, Jones, Smith, Stuntz, Ward, and Van Arsdale. Prominent freshmen of last year are Monkport, Speed, Anderson, and Bates.

Duncan will be expected to carry the diving burden for the team. A former Southeastern diving champion, he was unable to compete last year because of his Co-op activities.

Dick Bates, a former Chattanooga High swimmer, is probably the most promising of the sophomore swimmers. His football duties will keep him from swimming practice until after the Orange Bowl game.

Class Meetings to Be Held Monday to Promote More Class Unity at Tech

Each of the four classes will meet next Monday, December 18, at 10:00 A.M., the Seniors in the Tech Y.M.C.A., the Juniors in the chapel of the administration building, the Sophomores in the Techwood Theatre, the freshmen in the New Gymnasium. Classes will be excused from 10:00 to 11:00 A.M. and the College Inn will close for the hour.

The Seniors are meeting to make plans for their senior gift, to consider commencement invitations, and a senior section at basketball games. The Juniors will have a report on the school rings and plans for functions after Christmas. The Sophomores are working on a clean-up campaign with the other classes and campus organizations. The freshmen will have a report on the dance planned for February.

Plans Complete for Band Trip to Orange Bowl

With full cooperation between Major Garing, Professor Armstrong, the Tech Band officers in Atlanta, and the Orange Bowl Committee and Mr. Henry Filmore in Miami, arrangements have been completed for the Band's trip to the Orange Bowl game New Year's Day. Since there will be a pageant in Miami Saturday night, December 30, the Band will leave Atlanta a day earlier than originally planned in order to participate in this parade. Mr. Filmore, who is the head of Filmore Music Publishing House and also in charge of the musical entertainment for the Festival, stated in a letter to Major Garing that approximately 55 Bands will be in Miami for the occasion and that the Tech Band will have an honored position in all activities that take place.

When it was learned that hotel accommodations will be furnished the Band during its stay in Miami by the Bowl Committee, the Athletic Association announced that 70 men will be taken instead of the previously stated 60. This will naturally give more boys a chance to go and the Band a better chance to show off before the Orange Bowl crowd.

One of the most attractive Christmas packages—see it in the stores and order your Christmas Chesterfields now.

Chesterfields, with their real mildness, better taste and delicious aroma, give real pleasure to anyone who smokes.

You can't buy a better cigarette.
