JAMES IS PRESIDENT OF SOUTHERN FEDERATION OF COLLEGE STUDENTS

Next Year's Meeting To Be At Atlanta

Walter James of Tech was elected president of the Southern Federation of College Students at the annual conference held last Saturday at the University of Kentucky and was inaugurated on Saturday afternoon. The election of the officers of the organization was the first work of the conference. When the vote was turned out very favorably for Tech, he gained the honor of being one of her students elected President of the group. The group was called together at the Y. M. C. A. room of the University of Kentucky and the election took place immediately following.

Walter has been a student at Tech for the past three years and has won many friends here. At present he is the junior class representative on the Student Council and is a member of the Tech Beta Pi honorary Engineering Fraternity. He is also a member of the Phi Delta Theta fraternity.

John Bullock of the University of Kentucky was elected vice-president. (Continued on Page 6, Column 1)

Thomas Arkle Clark, Guest of A. T. O.'s At Banquet

Dean Thomas Arkle Clark, of the College Council, was the guest of the Tech Campus last week. Dean Clark is the Dean of the University of Illinois for the past twenty-five years.

Dean Clark was the guest of honor at the Alpha Tau Omega Fraternity house for dinner on last Thursday evening. He had been at one time head of the journalism department at the University of Illinois. The dates on the campus was enjoyed not only by the fraternity members but also by the students of Illinois and Tech. Free drinks were served by the other contacts that he made through his affiliation with the Theta Chi fraternity.

Dean Clark was one of the first Deans of Men in the country. It was his belief that the cooperation of the other colleges and Universities adopt the idea and this led to the formation of the Deans of Men of the Southwestern country.

Tech Sailors to Take Short Atlantic Cruise

First Line Battleship to Carry Men

Forty Tech freshmen, members of the Naval unit of the R. O. T. C. unit at Tech, will sail from Savannah, Ga., June 5, on the S. S. White at Atlantic Cruise which will take them through the Panama Canal, New Haven, Conn. and keep them at sea for slightly more than two weeks.

Completed in 1924, the ship is the largest of the Navy ships placed in commission as the Nelson Artillery Officer Has Served

The Jacket baseball team was given a grand welcome upon its return to the Atlanta campus last week, and the students of both Georgia and the Atlanta Crackers here on these dates also, thus giving the fans the rare treat of being able to witness a twin bill between two strong college teams and two professional teams.

The Cracker-Little Rock games will be the first ever at Tech, and the Jacket-Building contests will begin as soon as there are over. This will be the first series played between Tech and Georgia this season and no so far both teams appear to be winning with the strength, both having about broken even in the number of Conference games won and lost. No champions have yet been decided, and will be deter from the interest of the games as these ancient rivals always play.

**JACKETS INVADE NASHVILLE**

The lids to the Inter-University baseball tournament was pried off last Monday afternoon when the Chi Psi took a loosely played game from the Sigma Chi's by a 5 to 2 score. The Tech started off to an early lead in the second inning, while they scored four more in the fourth inning to retain the lead in the second when they scored five more runs. They came back in the third and scored two more runs, while the Sigma Chi's scored none. The four runs were scored in the last inning and narrowed the gap to 7-8 inch in addition to winning his one first place, the mark of 35.50 inches. The Techmen were well represented with fast men. The seasoned conference record holders. Elliott and Pritchard are the two foremost distance runners in the country and the 220-yard dashes. In the mile, Elliott started off strong while Butler and Griffin kept Coach Mundorff's pitchers worried. He demonstrated last Saturday against the Tarheels the best strides seen on Grant Field in a long time.

Tech 10 to 3

**TECHNIQUE, ATLANTA, GA., FRIDAY, APRIL 29, 1927**
THAT long awaited sequel with the Georgia Bulldogs begins Friday afternoon and the second game will take place Saturday afternoon to feature the college athletic program for the week. The Bulldogs were the first two games with the Jackets last year and it took a Frank Merrill and Doug Wynn and Gus Minkle in the last two games to bring about a victory. Those two games last year at Spiller Field will never be forgotten by that large crowd of spectators who saw the Tech baseball champions in action. The southern diamond title was held in the balance by those two games and both were brilliantly played.

The loss of Shorty Smith who suffered a broken ankle in the game with Vanderbilt has greatly lessened the chances of the Jackets. It means the breaking up of the infield combination which has worked so admirably all season. No doubt Bob Parham will be brought in from the outfield and will either be shifted to the keystones or take Shorty's place at short. In the event Parham is shifted to second Bob Moreland will play short. McCaus will go in the garden.

It does seem that fate proved cold water on Shorty's career for the flashy shortstop was just gaining his stride with the Imports. He is going to be missed in the two clashes with the Bulldogs this week and as a matter of fact for the remainder of the season. It is believed that his ankle will heal in time for the football season.

Ed Ham left Wednesday afternoon for Philadelphia to compete in the big Penn Relay to be held Saturday afternoon. The outcome of the century dash and the broad jump will be eagerly awaited for it is certain that Ed will be among the best in the country. Snitz will heal in time for the football season. It is believed that his ankle will heal in time for the football season.

Just how well the Tech team is approximately the age of the Jackets gathering in eleven hits and nine runs. Gaston kept the Tide well in hand with the exception of two innings, the third and ninth. The 'Bama hit four for nine. Gaston was relieved of his job on first for the third and ninth. The 'Bama ace, Hutto, was just gaining his stride with the Imports. He is going to be missed in the two clashes with the Bulldogs this week and as a matter of fact for the remainder of the season. It is believed that his ankle will heal in time for the football season.

Ed Ham left Wednesday afternoon for Philadelphia to compete in the big Penn Relay to be held Saturday afternoon. The outcome of the century dash and the broad jump will be eagerly awaited for it is certain that Ed will be among the best in the country. Snitz will heal in time for the football season. It is believed that his ankle will heal in time for the football season.

After the close meet with the North Carolina Tarheels, Coach Barron journeyed to Nashville with his tracksters for a dual meet with Vanderbilt Saturday afternoon. Just how well the Jackets will stack up against the Commodores is yet to be seen. In the meet with North Carolina the team made a splendid showing. Ham mellowed in a new record in the broad jump which sent the Captain Elmer Knott into the end zone, and the men under the captain. Elmer Knott pulled an unexpected win when he gave Ed a hard race in the 220 yard dash.

Snider, Tiger flash in the sprints is expected to be missed in the two clashes with the Bulldogs this week and as a matter of fact for the remainder of the season. It is believed that his ankle will heal in time for the football season.

LEAVES THE FACE

GLOVE-SMOOTH

THE super-moist, saturated lover of Williams Shaving Cream does not wait until the beard becomes soft for easy shaving. It does more than lubricate the razor's path—preventing little cuts and scratches. For Williams actually conditions the skin—leaves it glove-smooth—gives you that barber's massage feeling. Two sizes—$1.25 and 50c.

Williams Shaving Cream

Thank you, M'am!

In the days of buggies and puffed sleeves, a “thank you, M’am!” was an occasion of rejoicing on the part of the young Don Juan who flourished the whip. The Gibson girl by his side probably protested vociferously against such pitfalls but, nevertheless, she undoubtedly regretted the stretches of newly laid brick, where all was smooth and there were no bumps to encourage a laggard beau.

A quarter of a century has changed all this. "Thank you, M'am!" are an occasion for something other than rejoicing—broken springs rather than wedding rings are the result. Instead of being avoided, brick-paved roads (many of them the same) are sought out, for the present generation knows that while "thank you, M'am!" brought a temporary joy, lasting pleasure is given only by a well-paved and permanent surface.

R. O. T. C. Takes Baseball Game from Faculty by 5-4 Score

By bunting hits off Roy Mundorff, of the Faculty, in the third inning, the Military Department inched over the Faculty in a seven inning game played on the varsity diamond on Memorial Day, April 26. A number of both teams have been noticed by high-league scouts but nothing is known of their decisions. Many brilliant and sparkling plays were made by the players and brought

The Military Department started the fireworks in the first inning by pointing out a run. This inning was also featured by the extremely wonder-ful catch by Commander London back of second base for the third out. Things ran along fairly smoothly till the third inning, when Bottell of the Faculty, got on base by an error, and Black brought him in by a home run, the only one of the game.

All efforts were of no avail for the Faculty until the sixth when they pounded out two hits and two runs. The stands were in an uproar by this time and were estimating their favor-ite prospects for the tying run. But, alas, they failed in the last inning and the Militarians dashed out on the field of battle shouting triumphantly. No information as to a return game has been received as yet but one is ex-pected every moment, as the Fac-ul-ty is raging over the close defeat. The score by innings follows:

Military Dept 104 000 x—5 7
Faculty 002 002 0—4 5

Massachusetts Institute of Technology
School of Chemical Engineering Practice

Inventum and practical training at five industrial plants are important features of the Graduate Course in Chemical Engineering Practice. Field work is carried out at Boston, Mass., Dayton, Ohio, and Reading, N. J.; in plants producing synthetic and steel pulp, paper, viscose, silicate, heavy oils and salts, sugar, coke, gas, steel, petroleum and other products.

The more important operations of Chemical Engineering, as taught by the process courses, are studied systematically by tests and experiments on actual plant apparatus, thus fitting the student's mind the principles of Chemical Engineering and correlating these principles with practice.

The work is non-remunerative and independent of plant personnel. Registration is limited, as students study and experiment under the direct supervision of members of the Institute's Faculty. Admission requires adequate preparation in chemistry and engineering. All students enter the course by registration for the Master of Science degree in one or six terms.

Opera Calls Amateur Actors Into Service

Opera Week with its numerous wonderful opportunities on the stage offers much that is of interest to the amateur. With it comes the opportunity for Atlantans to see and hear the best in the musical world.

Every year there are some extra parts in all the operas. These extra parts are taken by selected students from Georgia Tech who are known as "supers." This is an excellent opportunity for those who are not so fortunate as to be able to afford the full admission price to see and hear the operas.

There is no hard work to this experiment. Sometimes the men are priests, again they are soldiers, and the hundred and one extra parts that require little or no training. In fact there is little difference in this and movie extras.

Almost all the operas this year require extra men. But the one that requires the most is "Turandot," which was presented on Wednesday night. These extra parts need about fifty supermen. The students are in armies and must be registered.

Several hundred students signed at the "Y" when Gilbert Rogers, who has charge of this list every year, posted signs on the Campus. Of this number about eighty will be fortunate enough to be used.

Opera and Georgia Meet in Annual Baseball Series

(Continued from Page 1)

before packed stands.

This writer never hopes to get a bigger thrill out of baseball than the one that followed that hit. This year Georgia Tech met Georgia, and the result was a tie, the first game the Jackets were trailing in both half of the ninth with one man on base and two men out. Doug Wycoff was at bat.

The Georgia Tech team was led by Georgia Tech, who hit the ball high and lifted it over the left field stands, thus giving the Jackets the championship.

However, again Tech meets Georgia, and it is expected that the series will be two great matches and what more could one desire?

Correction

Through an error in last week's Technique the eligibility rules of the Interfraternity Baseball Tournament were announced as excluding all men from playing who had worn a letter or numeral in any sport or who was on the spring sign-up list. The correct rule states that only a man who has made a letter or numeral in baseball or who is at the present time on the spring sign-up list is eligible to compete in a regularly scheduled Interfraternity event.

Yellow Jackets Take On New Meaning At Duke

The "Yellow Jacket," famous old battle symbol of the troops of Georgia Tech has come to Duke University with the assumption of new forms and significances. As part of the habit of a Chinaman, the "Yellow Jacket" has given rise to a play which the Duke Club, dramatic organization at Duke presented quite successfully a short time ago.

To quote from the Chronicle of that University, "The Taurians present the 'Yellow Jacket' in Craven Hall, Friday evening."

When the curtain raises at 8:15 the college community will have the second opportunity of seeing local talent present the difficult Chinese play, it having been produced by the Taurians three years ago.

Unlike many other amateur dramatic organizations, the Taurians do all their own scenery, property, costume and makeup work. This means that many Taurians who never appear on the stage play an important part in the success of the production.

The scenic effects will be modified after those in the old Jackson street theater is San Francisco, one of the best known theaters in San Francisco's Chinatown.

Green and gold hangings, decorated with Chinese characters, will predominate on the stage. In the back of the stage will be an avenue in which Fred Roper, as chorus, will walk with the moonlight. The chorus will appear to free her lover, played by Lucille Martin, from the web which is in China.

The costume committee in charge of the Chinamen's costumes with attractive designs, and they look really Chinese.

According to that, a man with St. Andrew's Cross tattooed on his chest, and with a small white cross on his sleeve, was a China in China.

Above the chorus above will be known as represented by a blue curtain, and with two small gates representing the entrance. It is here that Dic Jeanette, playing Miss Fub Loy, will appear to free her lover, played by Clarence James, from the web which the wicked spider has spun about him.

The costume committee in charge of Lucille Martin designed attractive Chinese costumes for all the characters in the cast.

A Chinese costume is built on the general lines of a pajama, and the rehearsal on Saturday night when the unfinished costumes were here, had the general appearance of a pajama party. Since then the committee has embroidered the costumes with attractive designs, and they look really Chinese.

The play contains.

"To attain happiness," says a lecturer, "one must know in tune with one's environment."

According to that, a man with St. Vitalus on his chest, and with a small white cross on his sleeve, was a China in China.

The costume committee in charge of Lucille Martin designed attractive Chinese costumes for all the characters in the cast.

A. S. M. E. Elects New Officers

The student branch of the American Society of Mechanical Engineers held its annual election last Tuesday. The following officers were elected: R. E. Grilich as President, J. W. Moore, Vice-President, P. D. Gustas, Secretary, and J. D. Andrus, Treasurer.

The newly elected officers all took over their offices immediately and held them until this time next year.

DEANS DISCUSS STUDENT PROBLEMS

(Continued from Page 1)

At his way through school, officers were elected for the next meeting which is to be held at the University of Colorado at Boulder, Colorado. These were Dean S. H. Goodkind of the University of Wisconsin, president; Dean E. E. Dawson of Kansas University, secretary and treasurer.

Numerous social functions were held for the deans and their wives and friends. Outstanding of these was the one given by Mrs. Skiles for the ladies present, and the one given at the home of Dean Field of the deans and their friends.

Camel is the modern favorite

MODERN smokers make known their preference. And they call for Camel. Never in any age was there a smoking favorite like Camel today. Camel understands every mood of the modern smoker. Camel mildness and smoothness are supreme with the critical taste of present-day people.

A purchase of Camels brings you the choicest East Turkish and Domestic tobaccos. Blended by skill into the world’s most popular smoke, and the best. Quality unapproached, is the distinguishing mark of Camel.

No matter what the price, there is no better cigarette than Camels. Smoke them as frequently as you please. You will never be left with a cigarette after-taste. Camels aren’t made that way. That is why modern smokers everywhere demand them. That is why this age has discovered the tobacco phrase, “Have a Camel!”

R. J. REYNOLDS TOBACCO COMPANY, WINSTON-SALEM, N. C.
