Spiked Shoe Elects Five New Members

Society To Sponsor Fraternity

The Tech chapter of National Collegiate Society of Spiked Shoe has elected its new council for the coming school year. The following students were elected to the society:

President—J. D. Pearson
Vice-President—A. N. Davis
Secretary—W. E. Smith
Treasurer—E. H. Brown

The society will sponsor various activities on campus and work toward the betterment of the student body.

Charrette Club Initiative Members Of Elects Members

Charrette Club Initiative Members Of Elects Members

F. Ford, Gray, Kubhore Honored

The Charrette Club, one of the honorary architectural societies, which is considered by many as one of the best honorary organizations on the campus, elected their new members for the coming school year.

The Club is an exclusive organization and the memberships are limited to a definite number. The new members are: Ford, Gray, and Kubhore. A banquet was held at the Henry Grant Hotel and the new members, Thursday, Sept. 8th.

The Charrette Club has made itself known through the high quality of its work, and they have always been most clever and industrious.

The old members are: L. W. Pitts, W. M. Anderson, Walter Aldred, Mack Peemster, and John Pittsfield.

Brewer Heads Junior Class

At their initial meeting last Tuesday, the Brewer Heads elected ten officers for 1925-27: Pres., John Brewer; Vice-President, John L Ivie. The duties of the officers were decided upon and plans for the coming year discussed.

The Brewer Heads were organized in 1901 and is an honor society of the highest grade and is open to any member of the junior class who is a student of the highest standing.

WGST Announces Electors By Radio Fans

On Thursday evening October seventh, WGST held the annual announcer’s try-out to determine the announcers for the coming season. There were eighteen contestants, and the opening of the station was met with an overwhelming response by the radio public.

This year several hundred fans responded to the call and after carefully compiling the results from the various engineering departments, the following were selected:

Judging from the wild-eyed enthusiasm manifested by student fans, and howling freshmen seen wearing in and out of traffic on Peachtree Street, the night-sight part

Taking the Tech over the town and such a taking over there was.

The entire downtown section, from the Howard theatre to Five Points was hit by the storm of celebrating Tech fans and with the wish of victory.

The line of whispos, yelling madmen wound in and out between the stalled traffic, shouting battle cries and college songs. Their voices were a treat for sore eyes, and the cheering and wsinging and color all painted the appropriate dress for the occasion.

Bystanders stood aghast and then applauded capacitly as the surging mob "crashed" first the Grand Theatre and then the Howard. The parades and celebrations were for the Tech spirit—congratulations "Freshman."
The Technique

CHOOSING YOUR WIFE

It is a funny thing the way men pick their wives. You meet her, then he "steps out with her," and he begins to like her. He examines her closely, analyzes her personal qualities, character, her disposition, the way she talks to you (or at least he thinks she does), etc. He accepts or discards her; and then a few years later asks himself, "Was I right in judging of her regardless of whether he really understands her at all or least tries to understand her. He takes his time, he is careful, he is signing himself up for life.

A man picks a wife. First he courts her, with a proposal of everlasting love and marriage. He puts up the other plates, with the other marmottes the future facts, "Till death do us part." Hurriedly kissing him on both cheeks, they take off the last to the next conquest, leaving the bearded, and the waggon ever except for the mop or broom which he may have left on the floor. He gives her a symbol of his new or rather, a man may get his train to the siding, and because there was only a few minutes until the train would be seniors, get your train and go. This time and age is age old problem has as many solutions as there are men, and a word from the wise to the foolish is that at least they are something to look for and ask the right questions before one settles down in an unqualified attitude in the

NEWS FROM OTHER COLLEGES

Dances at the University of Ar-

tions will be financed by the student

body. A special effort will be made

to make the dances all university
dances. They are to be given on even-

ings following football games which

have been played at home.

—G. S. T.—

To obtain the best seats the stu-

dents of the University of Minnesota

waited as long as fifteen hours for

tickets to the Irish-North Dakota
game.

—G. S. T.—

All students have been asked to

sign an honor pledge on registering at

Stanford University this year. The

pledge reads: "I agree to live up to

the letter and spirit of the student

home system by honestly in all my

personal conduct and by neither giv-

ing nor receiving unpermitted aid in

the examinations, class exercises, re-

ports or any other work that is to be

used by the instructor as a basis of

grading. If I violate this pledge I

agree to withdraw from the University."

—G. S. T.—

Because of so many violations of

the campus parking rules at Ohio State University, a traffic court was

inaugurated by the president. Every

Friday morning he presides at the

court and hears all cases of violations.

Students are prohibited from park-

ing on the campus university. A large

squad of campus police help to

enforce the rules.

—G. S. T.—

Previous chapels at the University

of Southern California have been

compulsory one hour a week, but a

petition cast the tie, and I shall

precipitate it.

There are about seventy col-

leges represented now and close to

150 songs in the first volume, in-

cluding many leading univer-

sities in the country.

Thanking you again for your co-

operation, and waiting for your re-

ply, I am

Very truly yours,

Thomson W. Allen

Last Saturday the band made a

wonderful showing on Grant Field.

There is much being said of how

neatly the band played-yard drill this

year. The new overseas caps help the

appearance of the band a great deal.

Tomorrow the band will march and

form the "T" between the halves of

the game with Alabama.

The band is better this year than

last year, due to Frank and sixty-four

better trained new men. The school

is proud of the work that Frank has

finished by Tech students, and an in-

dianapolis have been put into use

Jackets Fight To Great Victory Over Tulane Wave

W. and L. Next Week

After the Alabama game, the Jackets will be face to face with another strong contender for the Conference title—Washington and Lee. Last Saturday the Generals invaded the lair of the Princeton Tiger, and the game ended in a 7 to 7 tie—which bodes no good for the Jackets. The Generals completely outstrung the Tigers and a 43-yard run was the only thing to save Princeton from defeat.

W. & L. will bring a strong team to Tech and the Jackets cannot afford to think lightly of the Virginians—for they are out for meat. And they might get it. The Jackets were defeated.

Thrift is not a money-saving device. It is refusing to waste money. It is in timing with credit when you are entirely of cash to meet the bill.

Thrift is carefully saving, careful spending, careful use of yourself and of the pleasures available to you.

Thrift is not only saving money. Thrift is budgeting time so that you get a fair share of rest and a variety of recreation.

W. and L. Next Week

Tulane Smothers Jacket Offense

The annual Freshman cross-country race of the year and it was an interesting event and it was a race of the year and it was a well-attended event.

The race was over a course of approximately two miles in length, covering the following territory: Grant Field to Techwood Drive to Fowler Street to Tenth Street to State Street to Fourteenth Street and return. The contestants will feel that the course is an easy one to run and that only a short period of training will be sufficient.

The contestants will be entered as a team composed of six men from each fraternity and the first five men will count for the fraternity's score. At least two undergraduates of Georgia Tech are eligible to run.

Scoring will be done on the same basis as a golf score, the low score winning the most. The winner counts one point, the second man in count two points, etc. Teams of fewer than five members will be counted as a team. The race promises to be one of the most interesting of the year and it will be one of several races sponsored during the year by the Spiked Shoe Society. It will not conflict with the annual Freshman cross-country race in the spring.

At a recent meeting of the society, Ernest Koss, Popa Hood, Tom Wright, Shorty Bishop, and Johnny Buff were elected to membership. The officers of the society are: Dick Fickett, President; Cliff Schubach, Vice-President; and Julian Saks, Secretary and Treasurer.

Mighty Scalp Rum

It's the "wise bird" that uses only the best pen

Pride of ownership is the only thing that has made the Lifetime the outstanding student's pen. Real economy has been another factor. When the student buys this unfailing writing instrument, made of enduring, Radite of tassor green, his expense ends with its first cost. There are no charges for repairs, no matter what happens. It is absolutely guaranteed.

Price, in green or black, $8.75. Student's special, $7.50. Pencil, $4.25

It's the wise bird that uses only the best pen.

The Georgia Tech junior football team, now in its football sump, is scheduled to play Tulane University's muchly-touted Green Wave, only thing to save Princeton from defeat.

The Jackets were determined to win, and thanks to the work of Mark Thompson, Firpo Martin, Over Pool and good old Pajos Hood, in the line—Tech did win, and New Orleans rooters realized that Tulane had been beaten for the first time since 1924.

Tech won that game on straight, driving football, and was so able at diagonalizing the Greenies' trick play that aforesaid trick plays were stopped at the line of scrimmage, with very few exceptions. However, Tulane threw a scare into the Jacket fans with that superb punting job, but in the last few minutes of play.

Carter Barron Stars

Carter Barron's red head was seen bobbing up and down all over the field Saturday afternoon, and in that moment, the Tech team got the handle on Tulane. They got the handle on Tulane.

Fans were reminded of the Jacket team of old when Owen Porch and his cohorts in Mr. Fincher's class for freshmen made that courageous stand on their own three-yard line, with Tulane having four down to the go-ahead—and thanks to the gentlemen mentioned above, Tech gave the dozen on the ball on its way to the line of scrimmage.

Tulane drew first blood when the Green team scored a touchdown early in the second quarter. Armstrong, flashy little field general, slipped off left and for 17 yards itself side of the goal line. Meadville to Brown, gave the Jackets their tally. Meadville fumbled. Carter faked to kick goal.

From that time until the fourth quarter, Tulane rooters felt that Tech was a sure bet. Armstrong, flashy little field general, slipped off left and for 17 yards itself side of the goal line. Meadville to Brown, gave the Jackets their tally. Meadville fumbled. Carter faked to kick goal.

(Continued on Page 6, Column 5)
Outplay Ogletorpe Cubs Throughout Game

Great Season Ahead

By BURTON CLOUD

Rattling the line of the Ogletorpe Back four into submission, the Tech Freshmen copped a 7-0 victory.

First quarter, the freshmen hammer-marched 60 yards through the Petrel most brilliant drives seen in Freshmen smacking and pounding their way, searched 16 yards through the Tech line to defense to the loss tally.

After this the Tech Freshmen, in the first quarter, the freshmen hammer-message through to threatening distances of Ogletorpe's goal several times but could not strike. Bringing into effect in the final period a swarming attack led by quarterback Martin, the Petrels paraded to the byzant line, but were met by the wall of the bumble Tech which proved stubborn and held for down. In this quarter the Petrels freshmen played some fine offensive ball but lost their chance to score when this drive was broken down.

Mizell and Wood contributed the largest part of the victories. There two backs did most of the ball carry in that march which gave Tech its score. They swept the Junior Petrels off their feet, tearing away at the ends and the backs, breaking the line into shreds. Mizell was forced from action in the second period and was replaced by Faison. "Stumpy" Thomas was put in to get the second rounds of the game and shown forth in his third period.

After this the Petrels had won (Continued on Page 6, Column 3)

Ten Conference Teams Battle Each Other Tomorrow

Tech-Bama Game Outstanding

By JIMMIE THOMPSON

After having had their steel tried in several of the best games as the this season, ten Southern Conference games will again conflict among each other Saturday. While the battle between Texas and Tech will be the center of attraction, the other eight conference members will attempt to make each other offers and spoil whenever aspirations they may have had regarding a conference championship, and that brilliant schedule that conference members will attempt to best and will offer stiff opposition to.

It must never be forgotten and it never will. Tech has the greatest team in the south. Few know or really what it took to hold the game down in the first yard mark. But the stuff was there and the boys performed nobly.

Johnny Marshall played the greatest game of his career and the most outstanding game of his life. He was there with the goods and received the admiration of the throng. Someone on the sideline remarked that Johnny had taken off his bowler hat, he meant business, and he did.

It was a severe blow to the team and to everyone when Captain Owen Pool suffered an injury. Owen, the lower stranger, the old reliable was the confidence of the team and although he may not play in the next couple of games yet he will be in there in spirit.

"...the better team won. The Tech fought hard in the game for heights both on offense and defense, but the confidence of the team is almost every stage of the game. The Tech line ripped wide passages for its backs through the Tulane cutts. To the trip-hammer of his headgear, he meant business, and the gallant playing of the boys will be watched closely are the conference. Georgia will take on University of Texas, Tulane plays New York University, Florida meets Mercer in Macon, while the Mississippi State members will attempt to go down in the speech of the team the confidence of the team and will offer stiff opposition to.

Following is the schedule of games for next year we hope and we will be ready to say the moment of welcome.

The technical world never will. Tech is just as lavish in all sections of the world. Georgia Tech graduates succeed because of the productive work of the world. Georgia Tech graduates succeed because of the productive work of the world. Georgia Tech graduates succeed because of the productive work of the world.

IN MARGES

The military loop at Tech got under way last Tuesday when open Military Games of the regiment were opened at the Tech gym. The games opened after the teams had been at practices for the last two weeks, and indications point to a close race this season.

The infantry, which has held the championship for the past two years, is threatened this year by the new navy department team. Several former prep net stars are playing for the navy this year, and instead carrying the sea-going department to victory in its first year. The Coast Artillery is coming through with a strong team this year. One of the biggest stars of the team is Jack Warner, who starred on the Tech High质检 last year, that kept everybody, everywhere. Warner has shown up well in practical and is expected to develop into quite a star.

Following is the schedule of games for last week:

October 15—Georgia against Air Service, Ordnance vs. Signel Corps.
October 16—Georgia against Navy, Coast Artillery Corps vs. Ordnance.
October 18—Air Service vs. Signel Corps, Coast Artillery Corps vs. Infantry.

The remaining conference members are playing for the championship. Georgia will take on University of Texas, Tulane plays New York University, Florida meets Mercer in Macon, while the Mississippi State members will attempt to go down in the speech of the team the confidence of the team and will offer stiff opposition to.

December 15—Georgia against Infantry, Signel Corps vs. Navy.

The character of the suits and ties that needs alleviation. To estimate people by some outside day, were so important that it would make the man.

for the moment we must turn our attention to the Conference of the West. Any one that has seen the confidence of the team and will offer stiff opposition to.

WEEK-END FILLED WITH MUCH SOCIAL ACTIVITY

S. A. E.'s Announce House Dance Nov. 15

Beta Dance

The Beta Theta Pi's entertained at their house dance following the Tulane game Saturday night. Never have we attended a more enjoyable function. For it was a unique experience for we just happened to attend a fraternity house dance done up in each grade style. It would have been most easy for us to imagine that we were being entertained at the most exclusive town house of some Gotham club, or at the Fleet court house of any of the most select Back Bay clills. After our eyes swept in the average North Avenue frothiness shaft, it was probably unavoidable if we acted like hicks—amid the new surroundings and magnificence of the Beta's mansion.

It was a wonderful hop—such a galaxy of sparkling beauties as we have never seen before—good music and good refreshments—so easily mixed.

Garbers

The two Garber dances of the week-end were business-like affairs. They supplied want material for the pen of this columnist—but we can't refrain from saying right here that Mark Go's Incomparable Gossipants went out a hit, and that the hostess was positively assistant.

But there were the two girls who were present appeared in most formal sap and fish. They didn't realize, of course, that we don't do that at Garbers.

Chi Phi Tea Dance

The Chi Phi's entertained at their regular Saturday afternoon tea following the Tulane game. A goody and merry crowd was attracted, as well as a large number of Tulane and Gamma girls, who were, ah—such a revelation. Have you ever heard of any of the Atlanta feminine contingent, who are usually on hand for these dancings, positively being picked if their escorts failed to provide misses? And of all the freshman names the presence of a few of these girls and boys at the weekend dances certainly least amount of a metropolitan air to the gatherings.

S. A. E. House Dance

The S. A. E.'s have announced that they will entertain the informal house dance following the Vandy game on Nov. 4th, in honor of their pledges.

In Conclusion

This columnist has noticed at several social functions lately a gentleman of rather imbecile traits, and we一同去 the quarry: "Who's he?"

He was present at the Biltmore dinner dance last Wednesday, conversing, bowling and prancing. We also saw him Saturday afternoon at the Biltmore tea dance, up to his same antics. And at the game Saturday, you is this the same, hormonally, to amuse the whole crowd when he pranced out behind the new band. It has not been definitely decided by the boulevardiers whether he is an adit of Georgia even, or a refugee from Millbridge.

JACKETS FIGHT TO GREAT VICTORY OVER TULANE WAVE

(Continued from Page 4, Column 5)

the hue for the extra point, and Tech was on top by one point. And later in the game, Zobert jacked Missvile who had gone back of his own goal trying to slang past, and Tech had two more points.

Now for statistics. The Jackets made nine first downs against eight for the Gunners. Tulane's passer gained them a total of 197 yards from scrimmage while Tech got 161. Marry Sbarrow's gain only twice and not once did he lose. In 36 trips with the ball he gained a total of 54 yards. Parsons' passing was not up to its usual standard, and his average satisfactory was 60 yards.

Fashion Show Held For Third Time

Pi Delta Epsilon Continued Success

Tech’s third annual "Fashion Show" will be held November 17, 18 and 19. The first floor of the Y. M. C. A. has been reserved for the purpose, and it will be open to students between the hours of 9 A. M. and 6 P. M. Prominent merchants in Atlanta will display the very latest in college clothes and the most recent creations in the world of fashion.

The show will be organized along lines similar to those of past. At different times during the three days there will be periods of entertainment for the students, and numerous novelties will be given away.

The local chapter of Pi Delta Epsilon honorary journalistic fraternity will again sponsor the show.

UNION OF BIBLE CLASSES IN "E" CHAPEL SUNDAY
(Continued from Page 1, Column 4)

stories to everyone on the work of Christ.

In a school like Tech where the students are scattered all over a great city it is somewhat hard for much religious influence to be brought to bear on their lives. They are so absorbed in their studies and their time taken up with other things that they often lose the spirit which made them and should play such an important part in their careers. It is hoped that thru the assembly all of those present can be set for the advancement of the teachings of Christ on the campus.

Every Tech man, woman, or even a member of a Bible class or not should be at the "E" next Sunday morning at 9:45.

Freshman Number Of Yellow Jacket Out

Subscribe At "Y" Desk
The Freshman number of the Yellow Jacket will be on sale by the time this issue of the Technique comes off press. Because of unrest among some of the officers of this type, the management has to depend upon the students for a large per cent of the work and every contribution will be welcomed. Surely you can take the trouble to hand in something once every two or three weeks.

There has been a start moved among the seniors of Columbus University to absorb all freshmen regulations.

"On The Run"—A fraternity at Millsaps broke all precedent for speed recently when the invitational games present included Co-Eds of that institution. The Co-Eds added beauty and charm to the occasion.

Prince Albert stepped out into the world nearly twenty years ago. Success was immediate . . . and outstanding. Because P. A. measures up to the first and greatest rule for success: It has the goods! The school of experience has produced no finer tobacco than this.

Just buy yourself a tidy red tin of P. A. and tamp a load flush with the muzzle of your old jimmy-pipe. Connect with a match, and let that first wonderful drag tell you that no other tobacco can come within a mile of this for sheer pipe-quality.

Cool as a dormitory radiator. Sweet as an extra cut. Fragrant as a peach-orchard. P. A. can't bite your tongue or parch your throat — another important detail. Get yourself some Prince Albert today. No other tobacco can bring you so much downright smoke-pleasure.
