ED VINSON ELECTED YALE PRESIDENT FOR NEXT YEAR
"Y" PREXY
J. B. Chassen
President; Tom Kell, Secretary
At a recent election in which the whole student body voted, Ed B. Chassen was elected president of the "Y" for the coming year.
This event was not without its problems, none of the candidates were running on a ticket and all votes were cast according to the quality of the men and not as to the political line-up.

Vinson is chairman of the group on Labor and Economics in the "Y," he is President of the M. L. Brittain Debating Society, on the Honor Roll, and President of the International Relations Club.

Joe Baver, a newly elected vice-president of the "Y," was Secretary of the Freshman "Y" Council last year, was president of the Student Council for next year and is a member of Skull and Key.

Tom Kell, the Secretary of the "Y" for next year, is a member of the Phi Eta Kappa fraternity winning in the election, has been chairman of the debate team of this year.

The staff of the Technique congratulates the newly elected officers on their election and extends an offer to all of us to contribute to the good of the Y.M.C.A. in an active and practical way.

The above is a means of giving the students an insight into the life of the college and the work of the Tech campus.

President Roosevelt Signs Grant For Auditorium Funds

Work To Begin In Near Future As Soon As Bids Are Received And Accepted

Prof. A. H. Armstrong announced this week that work to complete the Gymnasium-Auditorium will be begun within the next ten days or two weeks. President Brittain signed the grant for this work April 2nd, and the contractor-general's office turned the grants over to the Board of Regents of the University System the first of this week. Actual work is to be begun as soon as bids can be received and accepted.

This news will well received by the sports fans of Georgia as well as the students. The monopoly of room to participate in a debate recently by the students has left the sports fans far behind, as the Georgia Tech basketball team just finished the sea-

The school has needed this auditorium for many years, and actual work on the completion will be welcomed.

Work on the swimming pool was begun last week, plans were driven for the foundation. No grant from the Public Works Administration is received for this building as yet, but the Athletic Association has raised thirteen thousand dollars towards the fund in order to speed work in the near future. Detailed plans and de-

details of operation of the pool will be announced as soon as possible.

Munter and McLean Represent Debating Society In Tournament

On Wednesday, April 6, Donald Munter and Nat McLean representing the M. L. Brittain Debating Society, left for Washington, D.C. to participate in the southeastern regional tournament being held there by twenty-five colleges and universities representing the region from Maine to Florida and west to the Mississippi River. This is the first annual conference and they will also participate in the eastern tournament in Philadelphia this week. They will be in Philadelphia through the week of May 4-8, with a general meeting open to all students at the end of the week. The plans are made to come the week of May 11-15.

Sub-committees were appointed as follows: freshmen, Brittain Pendergrass, chairman; Joe Buie, second lieutenant and Joe Hutchinson; general meeting, John Boy, chairman, Ed Mattig; publicity, John Boy.

The Tech will make reports at a dinner in Brittain Dining Hall at 6:30 o'clock.

Full details of Religious Emphasis Week will be announced in next week's Technique.

Tech Glee Singers Journey To Florida To Present Program

Riverside Church
In Jacksonville
Scene of Concert

The Georgia Tech Glee Singers left the Atlanta campus last Thursday, bound for a concert at the Riverside Presbyterian Church in Jacksonville, Florida.

This is the first of a series of con-

certs to be given which will be open to all students and for which no admission will be charged. Tech now has an accomplished glee club, under the leader, and she should go places this year towards giving us an excellent reputation throughout the fourth.

The concerts will be given in formal attire as the club feels that it now can rank with any other group of glee clubs in the South.

More concerts will follow this year, including trips to various girls' schools, and probably another concert either in Atlanta or in the South. Before the year is over an interesting program has been ar-

ranged and the club has quite a repertoire from which it can pick any type of song for an encore.

Yellow Jacket Club Elects New Officers

Newly elected officers of the Yellow Jacket Club who will serve for the 1938-39 year are Graham Robertson, President; Hal Fredman, Vice Pre-

sident; and Joe McLean, Secretary.

Chick Williams, Treasurer.

Robertson elected to membership in the southern division of the club are Peoples, Trust, Ware, MarkFarron, Smith, James, Georgia, and Cobb. The five other members are Mayo and Ashby.

Benevolent and Educational Foundation head cheer leader for next year.

The new officers elected to Club will be held next Tuesday night. The following Tuesday night, three Freshmans will be elected to replace those who graduate.

Five Tech Ramblers Play aboard Ship

Five members of Tech Ramblers will sail to England this summer to fill the capacity of ship's orchestra, according to an announcement released today.

Members of the band are Paul T. Talbot, Harry C. Gwinn, Almon L. Myers; Drum; Joe Stoml, Trumpet; Peeples, Fryer, Piano. They will leave New York May 17 on the Cannon line S. S. Cruiser "Atlantic," arrives in England later, and return to the States by the United States line. After about eight days, they sail for England on pilgrimage and return to the States line May 28.

ODK BALLOON FUND

Check Presented To Dr. Brittain For Banquet Hall

At a banquet on April 12 the mem-

ber of the Tech chapter of ODK pre-

sented Dr. Brittain with a check for $5,000.00, the money to be applied to building an addition to the present Dining Hall, the new addition to be used solely as a banquet hall for the various clubs and societies on campus.

The total amount which raised the total to the $600.00 mark was con-

firmed by the Tech College Inn, this amount being $500.00.

The new addition will be built above the present kitchen, with an entrance on Williams Street. The banquet room will have accommodations for about seventy-five persons. Work on the hall will be begun as soon as the W.F.A. approves the plan. It is hoped that work will be begun within the next month and the room will be completed by September 1st.

The members of ODK mainly re-

sponsible for the banquet room are Ed Mattig, president, John Boy Jack Chavenport, Morty Goldman, Nat Harris and Bobby Burks. Other members of ODK are Bill Morey, Mor-

its speaker, Dr. Marks' subject is to be "Youth in Peace." After the discussion and address, refreshments will be served at the Murphy-Candler Building. All Tech students are invited to attend, as the meeting will be quite interesting and should prove very beneficial to all members attending.

SEATTLE, Wash.—(ACP)—University of Washington Alpha Phi Delta are holding open-house every day now—somebody stole their front door! When they returned from a campus party one night they found the front door ajar and some prize photographs gone. They've asked the dean of men to investigate.

Tech Band To Play For Scout Circus

On Saturday night, April 30, the band plans to continue their spring program by playing at the annual Boy Scout Cirkus to be held at Grant Field.

Major Garing states that this is the first year that the Tech band has been given this honor.

He also invites all students playing a musical instrument to come out and participate in all the band's activities.

Following this occasion at Grant Field, the band will participate in Atlanta's Music Week. This concert, arranged by Major Garing and to be held on Mother's Day, May 8, will climax this Festival.

As a climax to this year's activities, the band will play at Tech's Honor Day, which will be held May 13. This occasion will close the most successful season enjoyed by any Tech Band in the school's history.

MACON, Ga.—(ACP)—The student body of Mercer University has been given a special recognition by the student constitution which makes beating and detrimental hazing a punishable offense.

American Golfing Rule

Los Angeles, Calif.—The Southern California Golf Association, and W. Vickers, president, announces that hereafter a player asking advice as to the proper use of a putter or caddie or willingly asking advice shall be disqualified in medal play for the hole in match. This is a most interesting rule and opposes the B. & A. and U. S. G. A., which permit a player to obtain advice from his caddie.

Hundreds of stories from Scotland concern advice asked for, and volunteers, with the familiar and other men and others, from the unique and sharp- tongued fishermen who also cadge at St. Andrews. The advice some of these men have given is part of the history of the game.

Tech Golfers Defeat Tennessee, Florida

By Large Margin

Barnes, Smith, Holditch, Calley, Score Well

Last week two golf teams of Tennessee and Florida were forced to fire before a barrage of pars and birdies fired by a quartet of victorious Georgia Tech golfers.

The Engineers stroked their way to a sweeping 18-0 victory over the University of Tennessee golfers in a one-sided match in Knoxville.

The team, captained by Tommy Barnes and including Stanley Holditch, Willingham Smith, and Bill Calley, won over the Florida Indians on the home East Lake course in the tune of 16 to 1 1/2.

Barnes won three points from William Lawson (Florida); Holditch won three points from George Jackson (Barnes). Barnes and Holditch named to annex another three points for the Jackets. In another foursome Willingham Smith and Bill Calley of Georgia Tech combined to win three points.

Smith also defeated Stevenson of Florida 2 1/2 to 1 while Calley tied 1 1/2 to 1 with Bill White of Florida.

Jack Nixon Named P. C. Coach

Jack Nixon, sparkplug of last year’s team has been named P. C. Coach. Nixon would have made first team this year.

CHIVINGTON PITCHES 2-HIT GAME TO BEAT VANDY 4-0

Behind the two-hit pitching of Jack Chivington, Tech’s Jackets scored a 4-0 victory over Vanderbilt Saturday at Rose Bowl Field to sew the two-game series.

Chivington, in addition to his fine pitching performance, added a single, scored two of the Techies’ four markers, and whiffed seven Commodores.

The Jackets failed to get to Lefty Rymer until the sixth inning, when they got one run across. They added another in the seventh and capped the scoring with two more off Adams in the eighth.

First, man up in the sixth, smashed a hard single to left field. Page went out, Rymer to Chivington, and Chivington went to second on the play. Applaudly sacrificed him to Adams, who bunted Jackson singled and Chivington crossed the plate for the first run.

The second Jacket tally came in the seventh. Chivington walked and went to second when Catcher Agree let one get away from him. Page, before striding up to the plate to take his cut, told his teammates he would get a hit. He fulfilled his prophecy with a long single to left field, scoring Chivington.

In the Eighth inning Jordan singled, stole second, and went to third on an (Continued on Page 6)

**Tech Fencers Take Last Home Matches**

The Tech fencers won their last home match of the year last week by defeating the Atlanta Fencing Club, 9-8 and evening the 1938 city series. The Jackets had little trouble taking the sabres 3-1 while the Club won by the same score. The Techs' margin of victory was the 5-4 score in the epees.

In the foil: Waite (T) beat Morenus (A) 5-3 and Sepeid (A) 5-3. Fagan (A) beat Waite (T) 5-1 and Barth (T) 6-3. Reisman (A) beat Carvan (T) 5-4. Seydel (A) beat Barth (T) 5-3.

In the Sabers: White (T) beat Fagan (A) 5-2. Waite (T) beat Fagan (A) 5-3. Reisman (T) beat Movare (A) 5-3. Rippberger (T) beat Movare (A) 5-3. Morenus (A) beat White (T) 5-2.

In the epees: Reisman (A) beat Waite 2-1. Seydel (A) beat Carvan (T) 5-0. Morenus (A) beat Barth (T) 2-0. Movare (A) beat Fagan (A) 5-2.

Test your knowledge with "Electrical Quiz".

1. The horsepower of one type of electric clock motor is eleven milliwatts & a dynamometer made in the Westinghouse Research Dept. has accurately measured and plotted this fact.

2. The first officially scheduled radio broadcast was that of the Harding-Cox presidential election returns, sent out over Westinghouse Station, KDKA, Pittsburgh, Pa., on Nov. 3, 1920.

3. Modern high-efficiency Westinghouse-equipped generating stations produce a KWH of electricity on 1 lb. of coal, base load. The national average for 1937 was 1.43 lbs. In 1937 the figure was 1.7 lbs. in 1933, 1.5.

4. Some of the Westinghouse engineers in Radio City, believed to be the finest in the world, travel at the speed of 1,000 ft. per second.

5. The largest all-electric-welded building (tonnage and floor space) is the 12-story Central Engineering Laboratory building of the Westinghouse Electric & Mfg. Co., at East Pittsburgh, Pa.

6. The greatest advantage of alternating current, as recognized by Gen. Westinghouse more than 50 years ago, is the facility with which its voltages can be stepped up or down for various needs of transmission or use.

7. Oliver B. Shallenberger, a young engineer with the Westinghouse Electric Co., discovered the principle in 1888 and developed the first A.C. watt-hour meter.

8. Westinghouse's ampere-hour meter uses a dynamometer made in the Westinghouse Research Dept. has accurately measured and plotted this fact.

9. It has been basically unchanged to this day.

12. It is used for insulation, bearings, bushings and many industrial purposes, as well as for domestic purposes.

13. It is the greatest single force in this modern age. Learn more about it — and about the companies, like Westinghouse, that use it — and about the companies, like Westinghouse, that use it — and about the companies, like Westinghouse, that use it — and about the companies, like Westinghouse, that use it.

Headlines Show Trouble Ahead

In the Nation's headlines this week:
"U. S. Repeats Protest to Mexico on Seizure of Oil Plants" "Battlehip LIMIT Set at 41,000 Tons By 3 Nations" "Bebelelo Ranch Sea" "China's Inland Army Repels Japanese" "Dedelier—New French Premier"

The headlines appearing every day this past week indicate a very serious international situation exists. Just how serious the entire situation is, no one knows.

Interesting news items during the week include:
"Czechoslovakia never will allow herself to be invaded without resisting by full force of her armed forces," a spokesman for the Prague Foreign Office declared. This evidently means trouble.

Basketball Rules Slow Up Old Game

CHICAGO, ILL.—(ACP)—"Horse" basketball, as played on college and university courts during the past season, will be slowed up when the hoopsters resume play next winter.

At its meeting here last week, the National Association of Basketball Coaches applied two brakes to the game; they increased the number of time-out periods to five and provided for optional use four ten-minute quarters instead of the usual twenty-minute halves.

The group also approved the use of a four-foot instead of a two-foot out-of-bounds margin behind the backboards and barred the making of substitutions after a goal is made until the ball is back in play.

Emory Students Sponsor Ill-Will

ATLANTA, GA. — (ACP) — Two Emory University undergraduates with a zest for burlesque burlesque modern war and international diplomacy.
In a telegram to Adolf Hitler, they said, "quit stalling and fight Austria." telegram was refused by two wire companies. Another message was drafted, and reported accepted by one of the companies. It read:
"We are all behind you and the eight ball. We recommend Austria for your growing pains."

Chesterfield opens the season with more pleasure and gives millions of smokers the same play every day

... and you'll want to hear Paul Douglas broadcasting the scores and highlights of the games—Lefty Gomez, first guest star.

It's always more pleasure with Chesterfield ... more pleasure for listeners ... more pleasure for smokers.

Chesterfield's mild ripe tobacco—home-grown and aromatic Turkish—and pure cigarette paper... the best ingredients a cigarette can have ... THEY SATISFY.

Chesterfield

...you'll find MORE PLEASURE in Chesterfield's milder better taste
