To the INTERFRATERNITY COUNCIL of Georgia Tech, falls the task of regulating, expanding, and integrating the activities of the twenty-six national fraternity chapters located here on the campus. Operating under the general supervision of Dean George C. Griffin, its fifty-two members yearly increase the scope and value of fraternal life at Tech.

A realization of the large accomplishments which a council of this type is capable of contributing to the school has caused the IFC to long be a leading factor in the promotion of athletic, scholastic, welfare, and social events. Competition is the keynote of all council undertakings, and thereby not only are results obtained, but pride is built up in each member for his particular chapter.

Softball, football, basketball, and many other sports constitute the principal athletic program of the IFC. Not only does the council promote intramural sports, but it furthers scholastic improvement by awarding an annual scholarship trophy to the fraternity with the highest scholastic average for that year.

Best illustrating the welfare work of the council is its part in the "Empty Stocking Fund" Drive conducted each Christmas by the Atlanta Junior Chamber of Commerce. Rounding out the phases of campus life, the council is socially famous for the annual dances that it sponsors in the spring and fall.

The Interfraternity Council as a whole and its members individually are constantly seeking new opportunities to promote a better student life at Georgia Tech.
Zeta Chapter

ALPHA EPSILON PI Fraternity was founded at New York University on November 7, 1913. It was the first national social fraternity to be founded at the Washington Square Campus.

From the beginning, the founders planned a national fraternity. No other chapter was added, however, until 1917, when the Beta Chapter was installed at Cornell University.

Zeta Chapter was installed at Georgia Tech in 1920 as one of the first southern chapters of the fraternity. Reactivated in 1946, it has grown to be the largest Jewish fraternity on the Georgia Tech Campus.

The fraternity has as its goal the development of a high standard of social and intellectual fellowship among its members so that they may be better fitted to take proper seats in the universities and communities of America.

ALPHA TAU OMEGA

Georgia Beta Iota Chapter

ALPHA TAU OMEGA, the first Greek letter fraternity organized after the Civil War, has expanded since September 11, 1865 until now there are one hundred five active chapters throughout the United States and Canada. Georgia Beta Iota has the distinction of being the first active fraternity chapter at Georgia Tech, having been chartered September 18, 1888.

The present membership has upheld the tradition of active participation in social and campus activities. Among the awards won this year was the Annual Homecoming Decoration Contest. Members were also active in intramural sports, taking first places in swimming, track, and cross-country.

ATO's are numbered among the members of the honorary groups on the campus, and many of the responsible student positions are administered by brothers of the chapter. A complete social program balances our scholastic and extra-curricular interests.

House party at Lake Burton.

Time out for egg-nog and a smile.
Since its founding in 1839 at Miami University, Beta Theta Pi has become one of the more prominent national social fraternities. It now has ninety-five chapters located in thirty-seven states and in two provinces in Canada.

The local chapter, Gamma Eta, was installed at Tech in 1917 when Alpha Pi was granted a charter by Beta Theta Pi. The chapter has long been active in campus activities, and it has placed more than its proportionate share of men in offices of importance.

The social activities have included numerous buffet suppers, and house dances. The Betas again gave their annual Christmas party, complete with Santa Claus, for a group of orphans. The social year was climaxed by the Beta Kid Party.

On December 24, 1824, the Princeton Order of Chi Phi was founded at the College of New Jersey, now Princeton University. From that time forward, chapters of Chi Phi have been established at the outstanding colleges and universities throughout the country.

On June 2, 1904, the charter of the Omega Chapter was granted. In 1910 a chapter house was obtained making Chi Phi the first fraternity on the Tech campus to own its house. The present house was built in 1928.

Chi Phi has always been an outstanding fraternity on the campus not only socially, but also athletically and scholastically. The fraternity has had a most enjoyable social season climaxed by a winter formal and an informal sport dance in the spring.

CHI PSI

Iota Delta Chapter

CHI PSI was founded at Union College on May 20, 1841. It was the fifth fraternity at Union, where the Greek letter fraternity originated. Iota Delta was established at Tech on December 15, 1923. Chi Psi now has twenty-seven chapters throughout the country, four of which are in the Southeastern area.

Chi Psi encourages a well-rounded college life for its men. Emphasis is placed on scholarship, and a two hundred dollar scholarship award is given annually to the man in each chapter with the best scholastic record. Sports, organizations, and other campus activities round out a full college program. Informal dances, house parties, and costume parties help maintain the social interests.

At Tech, Chi Psi is a relatively small fraternity, but in number of members only. The ties between the brothers are very strong, and the spirit of unselfish co-operation between the brothers ranks very high.

DELTA SIGMA PHI

Alpha Gamma Chapter

Since its founding in 1899 at City College, New York, New York, Delta Sigma Phi has grown to sixty-three chapters and fifteen colonies. Following the pattern of national growth, Alpha Gamma is doing its part for expansion by working with colonies in nearby universities.

Alpha Gamma itself was established on the Tech campus in 1920. The chapter has grown considerably since the end of the recent war when only ten men returned to reopen the house.

The house itself is newly redecorated and contains one of the most modern and complete kitchens owned by any campus fraternity. But expansion is the word, and plans have already been started for construction of a new and larger house.

DELTA TAU DELTA was founded in 1859 at Bethany College, Virginia. Since that time it has grown to its present size of eighty-four undergraduate chapters throughout the United States and Canada. Our numerous alumni chapters are active in all the major cities of the nation. Gamma Psi was established on the Tech campus in April of 1921.

One of the chief assets of Gamma Psi is our house-mother, Mrs. Jane Wilson. Mother Wilson has been with us for two years, and by her presence the Chapter is made a true home away from home.

Another very definite asset we have is the Parents Club, which takes an active part in our fraternity life. Their services have been invaluable, and to them we owe many, many thanks.

The year was rounded out by full participation in all extra-curricular activities, and by our usual social functions, including hayrides, costume parties, barbecues and the annual Rainbow Ball.

THE KAPPA ALPHA Order was founded in 1865 at Washington and Lee University. The Alpha Sigma Chapter celebrated its fiftieth year on the Tech campus last fall, having been installed October 21, 1899. Kappa Alpha has seventy-two chapters stretching from coast to coast across the central and southern sections of the country. The fraternity has some 31,000 alumni distributed among ninety alumni chapters.

This year, as usual, Kappa Alpha has produced an exceptionally large number of leaders in all phases of campus politics, publications, organizations, and various other activities.

The year was highlighted by our Golden Anniversary celebration last fall, "Old South" ball, the Convivum, which is the celebration of General Robert E. Lee's birthday, and a house party in the North Georgia mountains this spring.

THE KAPPA SIGMA Fraternity, founded in 1869 at the University of Virginia, now has a total of one hundred seventeen chapters in the United States, Canada, and Hawaii. At Tech, the Alpha Tau Chapter which has been on the campus for fifty-four years, is very active with members in nearly all of the honorary and scholastic organizations "on the hill". The membership also takes part in all of the intramural activities of the school, whether it is a rugged football game, or a singing contest; and have taken their share of the first places in all competitive events. Our Black and White Ball is the big event of the year, but house parties and outings are frequent which help round out our social calendar.
kappa sigma

It's this-a-way, Attaway.

Hey! Over here!
THE LAMBDA CHI ALPHA National Social Fraternity was founded in 1909 at Boston University. Since then it has grown and matured into one of the largest social fraternities in America. It has a total of one hundred thirty chapters in the United States. Lambda Chi Alpha, being rich in tradition and proud of its eminent prestige in American colleges, views the future with confidence and promise.

The Beta Kappa Chapter was established on the Tech campus on October 6, 1942, after achieving an enviable record during its affiliation with the old Beta Kappa National Fraternity. Beta Kappa has enjoyed a very successful social year which was highlighted by the annual Winter Formal which was held at Peachtree Gardens; the annual Christmas party, and Founders Day Celebration. The local chapter has been well represented by its members in nearly all campus activities and organizations.

Phi Delta Theta

Georgia Delta Chapter

THE PHI DELTA THETA Fraternity was founded on Christmas Day, 1848, at Miami University in Oxford, Ohio. Since that day over a hundred years ago, it has grown to include one hundred ten chapters located in the United States and Canada and over seventy thousand initiates, fifty thousand of whom are living today. The Georgia Tech chapter, Georgia Delta, has initiated over 800 members since its founding in 1902.

In addition to its social activities, which include the annual Spring Formal and Miami Triad Dances, the Bowery Ball, house-parties, etc., Phi Delta Theta contributed more than its share toward the leadership of the campus. Phis were found in the fields of student government, publications, honor societies, and all principal organizations; as well as in the field of athletics, which included many Phi Delts among its letter-men.

TOP TO BOTTOM: Just for you, Scotty...
A group of clowns at the Bowery Ball...
11-45—and all's well.
Phi Epsilon Pi was founded on November 23, 1904, at the College of the City of New York. The national fraternity has expanded considerably since its early beginning and now boasts of thirty-three chapters. Xi Chapter was established on the Tech campus January 15, 1916.

The Phi Eps are once again proud of their record of campus work. In addition to their athletic endeavors, the Phi Eps are members of almost every honorary, professional, and scholastic organization on the campus. At the recent National Convention of Phi Epsilon Pi held in Atlanta in September, Xi Chapter received the national activities award for having the most outstanding record of participation in campus activities of any Phi Ep chapter.

During the past year, the fraternity purchased ground for the erection of its new home. Forced to vacate its old house because of the new superhighway, the fraternity now occupies temporary quarters and looks forward to the opening of its new home.

PHI GAMMA DELTA

Gamma Tau Chapter

PHI GAMMA DELTA, the thirteenth oldest Greek-letter society in America, had its origin at old Jefferson College (now Washington and Jefferson) at Canonsburg, Pennsylvania, in 1848. It was founded primarily as a southern fraternity, but just before the War Between the States it became a national organization. Phi Gamma Delta is represented on the campuses of seventy-nine leading colleges in the United States and Canada.

Gamma Tau Chapter was installed at Georgia Tech in 1926 when Gamma Tau Delta, a strong local fraternity, was granted a charter by Phi Gamma Delta. The chapter has been very active in extra-curricular and intramural activities. High points in the social calendar were the annual Founder's Day Anniversary Ball, the Norris Pig Dinner, and the big week-end house party in North Georgia.

Gypsies—Phi Kap style.
PHI KAPPA SIGMA was founded in 1850 at the University of Pennsylvania. The Alpha Nu Chapter at Georgia Tech was established in 1904, and distinguished itself in founding the ANAK Society, the highest local honorary society on the campus. Phi Kaps have always been among the campus leaders and have been continually striving for better relations among the new students arriving quarterly. Although Phi Kappa Sigma has a relatively small chapter on the Tech campus, one can always find a Phi Kap in the midst of any worthwhile activity. Plans made in past years are now becoming a reality, and new and improved plans are being made for the future.

PHI KAPPA TAU

Alpha Rho Chapter

PHI KAPPA TAU first appeared on the Tech campus when Pi Lambda Delta, a local fraternity, received its charter as Alpha Rho Chapter of Phi Kappa Tau on April 27, 1929. Phi Tau was conceived at Miami University at Oxford, Ohio in 1906. It is one of the few fraternities which own their own national headquarters buildings. Most of the present chapters own their houses.

At the Dream Girl Dance at Peachtree Gardens last Spring, Miss Helen Carter was selected as Phi Tau "Dream Girl of 1949". Other social activities included the Christmas party for underprivileged children, a barn dance at Fernwood, and a circus party.

Phi Tau continues to win honors in scholarship and all fields of intramural athletics, and its members are active in all phases of campus life.

PHI SIGMA KAPPA

Kappa Deuteron Chapter

PHI SIGMA KAPPA was founded at Massachusetts State College on March 15, 1873. It has since grown to fifty-two chapters which are located primarily in the northeastern section of the United States. In line with Phi Sig's newly initiated expansion program, four carefully selected institutions have been granted charters this year; and Zeta Deuteron Chapter at the University of Wisconsin is being reactivated. The installation of these chapters is expected in the near future.

Kappa Deuteron Chapter was established at Tech in March of 1923; since then Phi Sig has maintained a prominent position in varsity and intramural athletics, campus organizations, school publications, and other extra-curricular activities. Our social calendar includes hay rides, house dances, costume parties, and picnics, and is highlighted each year by a Christmas Party and Moonlight Girl Dance.

With the aid of our active alumni chapter, Kappa Deuteron is anticipating the acquisition of a new home within the next few years.

PI KAPPA ALPHA

Alpha Delta Chapter

PI KAPPA ALPHA was founded in 1868 at the University of Virginia. At first definitely southern, PiKA became national in 1909. Since that time it has grown steadily and now includes one hundred seven chapters in all parts of the country. Alpha Delta Chapter at Georgia Tech became the twenty-eighth chapter when it was granted its charter in 1904. Alpha Delta owns its house which is on Techwood Drive. The chapter numbers sixty members with twenty pledges.

During its busy social season, Alpha Delta plays host to neighboring PiKA chapters at its annual Possum Hunt, Christmas Party, Black and White Ball, and the spring house-party. The chapter has long encouraged academic achievement and is proud of the record of its members in this field, and in other campus activities.

PI KAPPA PHI

Iota Chapter

PI KAPPA PHI was founded at The College of Charleston, Charleston, S. C., on December 10, 1904. At present, there are forty-four undergraduate and thirty-three alumni chapters located throughout the United States and Canada.

Iota Chapter was chartered at Georgia Tech in 1913 and has been a campus leader ever since. The fraternity's activities include full participation in scholastic, social, and athletic events. The most famous of these are Pi Kappa Phi's Founders' Day Celebration every December and its annual spring Rose Ball at which the "Rose of Pi Kappa Phi" is presented.

Georgia Phi Chapter

SIGMA ALPHA EPSILON is now ninety-four years old, being founded in 1856 at the University of Alabama. It has grown to be the largest national college fraternity in America with one hundred twenty-seven chapters and seventy-six thousand members in forty-seven of the forty-eight states. Always a leader among fraternities, SAE is noted for fostering the National Interfraternity Conference, establishing the first national leadership school, and erecting the first national headquarters building.

SAE came to Tech in 1890 with the chartering of the Georgia Phi Chapter, five years after the school was founded. During the year 1948-49, SAE continued to be a campus leader by winning the Intramural Athletics Trophy and the IFC Activities Trophy. This year the chapter won the Ramblin' Reck contest for the third time in four years thereby gaining permanent possession of the Golden Giboon Trophy.

THE SIGMA CHI Fraternity was founded in the year 1855 at Miami University in Oxford, Ohio. Today, there are over a hundred Sigma Chi chapters throughout the United States and Canada.

The Beta Psi Chapter of Sigma Chi was founded at Georgia Tech in 1922, upon the absorption of Pi Alpha Sigma, a local fraternity. It has since that time grown in such a way that it is today one of the most outstanding fraternity chapters on the campus. Year after year it continues to rank high in scholastic standing, school leadership, and intramural activities. The social calendar of the chapter is always full. As in the past, the most noteworthy social event of the year was the annual Sweetheart Ball in November at which Miss Alice Davis was crowned "Sweetheart of Sigma Chi" by the chapter president, Joe McKinney.

SIGMA NU had its beginning at V.M.I. in 1869 as the Legion of Honor. Since that time it has grown to be one of America's largest national fraternities, having representative chapters in forty-six states, the District of Columbia, and in Canada.

Gamma Alpha Chapter was established at Tech in 1896. During a period of fifty-three years, the chapter has initiated more than 800 members. The activities of the past year included a "White Star" formal which was held at the Ansley Hotel; and an all-Sigma Nu formal of the four Georgia Chapters at the Peachtree Gardens Club. Rush period in the fall also summoned social events including costume parties, square dances, and other novelty parties.

At the present time, Gamma Alpha is anticipating the building of a new house on fraternity row. It is hoped that construction will be started in the very near future.

SIGMA PHI EPSILON was founded in the year 1901 on the campus of Richmond University in Richmond, Virginia. In the period of forty-eight years since its founding, it has grown to the stature of over thirty-four thousand members, ninety-nine active chapters in principal colleges throughout the country, and eighty-five alumni chapters. Sigma Phi Epsilon's primary aim, however, is not that of becoming the largest fraternity, but to grow in strength and character following a normal course of expansion.

Georgia Alpha chapter of Sigma Phi Epsilon came to Georgia Tech's campus on April 1, 1907, and is one of the older fraternities on the campus. Their total active membership is about thirty-five while their pledges number eighteen. Out of this group came last year's I.F.C. basketball and softball champions; which attest to the spirit with which the "Sig Eps" do things. This past year, the S.P.E.'s also took second place in the "Rambling Reck" parade and enjoyed a highly successful intramural football season.

Some of the social highlights of the past year on the S.P.E. calendar included their annual Christmas Party for some twenty of Atlanta's underprivileged kids, the Pledge Party, which each year seems to get more hilarious, and the "Sig Ep" Golden Heart Formal.

With all their varied activities, they have not forgotten their principal purpose for coming to Georgia Tech... to receive an education. The "Sig Eps" keep an observant eye on their scholastic average and constantly strive to develop and encourage scholastic improvement.

Phi Chapter

TAU EPSILON PHI, the outgrowth of a professional fraternity, was founded at Columbia University on October 10, 1910. Phi Chapter was installed on the Tech campus in 1922.

The chapter at Tech along with Mu Chapter from Emory, Nu Chapter from the University of Georgia, and Epsilon Beta Chapter from the Extension Division of the University of Georgia, sponsor the annual Georgia Conclave, a week end of fun which the T.E.P. men never forget. The highlight of the Conclave was a formal banquet and ball at the Ansley Hotel.

Other chapter activities during the year consisted of numerous social affairs and athletic events. Tau Epsilon Phi has held the I.F.C. award for the cleanest house and grounds since the inception of the award.

TAU KAPPA EPSILON

Beta Pi Chapter

TAU KAPPA EPSILON was founded on January 10, 1899 at Illinois Wesleyan University. T.K.E., which stands among the larger national fraternities, has sixty-two active chapters and an ever increasing membership, which now totals over fifteen thousand men.

Beta Pi Chapter has now completed its second full year on the Georgia Tech campus. The installation of this chapter, which was held on June 5, 1948 has proven to have been the springboard for the 'Tkes' entrance into full participation in campus activities. In the short time since they have been a chapter, they have proven themselves worthy of the recognition the school has given them.

THETA CHI

Alpha Nu Chapter

THETA CHI was founded at Norwich University, Norwich, Vermont, in 1856. In the ninety-four years since its inception, ninety-two chapters have been added to make Theta Chi the oldest and largest college fraternity with an unbroken chapter roll.

Alpha Nu Chapter was installed at Georgia Tech in the spring of 1923; and, thus, it has enjoyed its twenty-seventh birthday as a part of the Tech campus. The well-integrated group of Alpha Nu has been able to enjoy a well-planned social life and participate in all campus activities without losing sight of the fraternity's ideals of scholarship and brotherhood.

Theta Xi Colony

THETA XI had its beginning at Rensselaer Polytechnic Institute in 1864. Since that time, it has grown to forty-two active chapters from coast to coast. Established here at Tech in 1948, Theta Xi's membership and functions have steadily increased. Our home, which was recently acquired, has been the scene of several social functions including our Founder's Day Celebration in April. Although still in its infancy, Theta Xi is making great strides and is endeavoring to establish itself as one of the finest fraternities on the campus.
