We Dedicate

The Class of 1951 and the staff of the 1951 BLUE PRINT respectfully dedicate this edition of our yearbook to Dr. David Melville Smith, Professor and former Head of the Department of Mathematics. Dr. Smith has dedicated his life to Georgia Tech, and his prestige and wisdom have added immeasurably to the stature of our school.

Dr. Smith joined the faculty in 1913 as an instructor, and his delicate sense of humor soon made him a much sought after speaker. Of the thirty-eight years that he has been at Tech, sixteen were spent as Department Head.

Dr. Smith is a member of Sigma Chi fraternity, the American Mathematics Society, the Mathematics Association of America, Phi Beta Kappa, and Phi Kappa Phi.
DR. DAVID MELVILLE SMITH
Georgia Tech, as were all colleges, was faced with the actuality of another war-time program and problems when the spring quarter of 1951 came to an end. Drastically reduced enrollment was the outlook for the fall term with the likelihood of there being military trainees again on the campus.
The Administration Building as seen from the front campus.
COLONEL BLAKE RAGSDALE VAN LEER
The President

The Georgia Institute of Technology has long been proud of its presidents. They have always been distinguished and respected men who have heaped renown upon our school. In like fashion Dr. Blake Ragsdale Van Leer has guided Tech during the crowded post-war days and has helped to mould it into a school that stands unequaled in the South. Dr. Van Leer has ever striven for greater expansion and commensurate equality. Georgia Tech stands as evidence of the outstanding success of Dr. Van Leer’s efforts.

We are proud of his progress, and we are secure in the faith that he will shepherd our school wisely through the troublesome days to come.
The part that Dr. Marion Luther Brittain has played in the expansion of the Georgia Institute of Technology cannot be overemphasized. For more than two decades he guided the efforts of Georgia Tech on its climb to prominence. Dr. Brittain will long be remembered for the part he has played in the growth of Georgia's educational system.
VICE PRESIDENT

Georgia Tech is indeed fortunate in having a man of the caliber of Cherry Logan Emerson as its Vice President. A concrete witness to his outstanding ability and personality is the rapid expansion which has taken place on the Tech campus during the past year. No member of the administration has a more difficult job, and no one could carry out the responsibilities of this office more ably than Cherry Emerson.

EXECUTIVE DEAN

Phil Blasier Narmore, as Executive Dean, is responsible for enforcing the regulations of the school. He has performed this difficult task with the quietness and firmness characteristic of a true leader. His energetic and tireless work has figured prominently in the improvement and expansion of Georgia Tech.

DEAN OF STUDENTS

One of the most indispensable members of the administration from the standpoint of students and faculty is George C. Griffin, Dean of Students. Thousands of students pass through his office for advice and assistance and his friendly, helpful attitude has won him the admiration of all those who have come in contact with him.
In his position of Dean of the Faculty, Dean Chapin has shown remarkable ability in handling the academic affairs of the Institute. Students and faculty alike have come to admire the spirit of friendliness and rare executive ability which he possesses.

As Dean of General Studies, Dean Hefner has carried out his administrative duties with an air of warm sincerity and exceptional capability. His fairness and friendliness have won for him the high regard of the student body.

The administration of the Engineering Division comes naturally to Dean Mason who formerly coordinated the affairs of the School of Chemical Engineering. In his two years as Dean of Engineering he has proved his real ability as an administrator.
OFFICE OF THE DEAN OF GENERAL STUDIES
RALPH A. HEFNER, Ph.D. . . . . . . . . . Dean
REBECCA LEE . . . . . . . . . . . . . . . . Secretary

OFFICE OF THE DEAN OF FACULTIES
