SOCIAL FRATERNITIES
INDEPENDENT STUDENTS' ORGANIZATION

GREEKS
and
INDEPENDENTS
All fraternities are based on three basic principles: scholarship, brotherhood, and faith in God. At Georgia Tech the fraternities join together through the Interfraternity Council to promote these principles and to maintain the high standards to which they have pledged themselves.

The Council's program of constructive competition in scholarship, athletics, welfare, and social events has long been an asset, not only to the school, but also to the fraternities by creating a better understanding between them.

Highlight of the year is the dance which the Council sponsors in the spring at which time individuality among fraternities ceases, and all band together to present the most outstanding social event of the year.

The Interfraternity Council as a whole, and its members individually, is constantly seeking to promote a better student life at Georgia Tech. Its programs are constructive, its attitude toward college activities healthy, and its interest in the progress of Georgia Tech outstanding.

ZETA CHAPTER

In March, 1946, Zeta Chapter of ALPHA EPSILON PI, inactive for twenty years, was re-established on the Georgia Tech campus. With the brothers of the Sigma Gamma Fraternity as a nucleus, Alpha Epsilon Pi expanded its membership very rapidly and is now the largest Jewish fraternity at Tech.

The chapter has as one of its goals the development of a high standard of social and intellectual fellowship among its members, so that they may be better fitted to take their proper seats in the universities and communities of America.

BETA IOTA CHAPTER

Alpha Tau Omega, the first Greek letter fraternity organized after the Civil War, has expanded since September 11, 1865, until now there are 114 active chapters throughout the United States and Canada. Georgia Beta Iota has the distinction of being the first active fraternity chapter at Georgia Tech, having been chartered on September 18, 1888.

The present membership has upheld the tradition of active participation in social and campus activities. Among awards won recently are the coveted IFC trophy and the Annual Homecoming Decorations Contest. With all these activities, scholarship is still maintained at a high level. ATO consistently ranks among the top three fraternities on the campus for scholarship.

ATO’s are numbered among the members of the honorary groups on the campus and many of the responsible student positions are administered by brothers of the chapter. A complete social program balances our scholastic and extra-curricular interests.

GAMMA ETA CHAPTER

The BETA THETA PI fraternity was founded in 1839 at Miami University in Oxford, Ohio, and since that time has become one of the leading national social fraternities. Beta has grown until now it has ninety-six chapters in thirty-seven states and two provinces in Canada.

Gamma Eta, the local chapter, was installed at Tech in 1917 and moved into its present house in 1927. Gamma Eta has always been active in campus activities, this year being the first winner of the Sigma Chi scholarship trophy. The chapter maintains a high scholastic record as well as being a leader in campus activities and intramural sports. Last year Gamma Eta was one of the first ten outstanding chapters out of ninety-six Beta fraternities represented nationally.

Beta Theta Pi endeavors to teach men cooperation, high ideals, and the way to a successful future. Social activities are not overlooked. Several buffet suppers, house-dances, outings, and formal parties are enjoyed during the year.

We can truthfully say that Beta has enjoyed another successful year.

What are you looking at, Jenkins?

OMEGA CHAPTER

On December 24, 1824, the Princeton Order of Chi Phi was founded at the College of New Jersey, now Princeton University. From that time forward, chapters of Chi Phi have been established at the outstanding colleges and universities throughout the country.

On June 2, 1904, the charter of Omega Chapter was granted. In 1910 a chapter house was obtained making Chi Phi the first fraternity on the Tech campus to own its house. The present, well-situated house was built in 1928.

Chi Phi has always been an outstanding fraternity on the campus not only socially, but also athletically and scholastically. The fraternity has had a most enjoyable social season topped-off with a big winter formal.

IOTA DELTA CHAPTER

Chi Psi was founded at Union College on May 20, 1841. It was the fifth fraternity at Union, where the Greek letter fraternity originated. Iota Delta was established at Tech on December 15, 1923. Chi Psi now has twenty-eight chapters throughout the country, four of which are in the southeastern area.

Chi Psi encourages a well-rounded college life for its men. Emphasis is placed on scholarship, and a two hundred dollar scholarship award is given annually to the man in each chapter with the best scholastic record. Sports, organizations, and other campus activities round out a full college program. Informal dances, house parties, and costume parties help maintain the social interests.

At Tech, Chi Psi is a relatively small fraternity, but in number of members only. The ties between the brothers are very strong, and the spirit of unselfish cooperation between the brothers ranks very high.

DELTA SIGMA PHI

ALPHA GAMMA CHAPTER

Founded December 10, 1899, at City College of New York, DELTA SIGMA PHI has expanded to a position where it now has 72 chapters and 9 colonies. We are one of the few fraternities that have ever been allowed at Washington and Lee University. Delta Sigma Phi was the first fraternity to establish a chapter at SMU. With the main offices at Denver, Colorado, Delta Sigma Phi engulfs the United States from the east to the west coast and from the Gulf of Mexico across the Canadian border, having two chapters at Canadian universities.

The Alpha Gamma Chapter received its official charter in January of 1920. Stressing scholarship primarily, we also encourage our members to take part in as many school activities as possible, and as a result we have representatives in the honor societies, student government, and athletics. Fundamentally a social fraternity, Delta Sigma Phi is a leader in the social world and is particularly famous for its Carnation Ball and Sailor’s Ball.

Dean Mason honored us.
The Delta Sig formal.
Gamma Psi Chapter of Delta Tau Delta was established on the Georgia Tech campus in April of 1921. It has risen from its original membership of twenty-two members to one of the largest and oldest chapters here at Tech. It has consistently been one of the outstanding fraternities as can be evidenced by the many campus leaders who are Delts.

The Fraternity was founded in 1859 at Bethany College in West Virginia. Although most of the chapters were originally in the North, Delta Tau Delta has, in recent years, firmly entrenched herself in the South. At the present time the fraternity has eighty-three undergraduate chapters and ninety alumni chapters throughout the United States and Canada.

One of the chief assets to Gamma Psi is its house-mother, Mrs. Jane Wilson. Mother Wilson has brought to the chapter those reminders of home which make life around the Shelta so enjoyable.

This year, instead of the traditional Hell Week for pledges, Gamma Psi sponsored a Help Week in which the pledge class had the task of renovating Battle Hill Haven, an old folks' home. Delta Tau Delta is the first fraternity on the Georgia Tech campus to install this constructive type of program.

The year was rounded out by full participation in all extra-curricular activities and by such social functions as hayrides, costume parties, house-parties and the annual Rainbow Ball.

Leap Year, 1952.
The Kappa Alpha Order was founded in 1865 at Washington and Lee University. The Alpha Sigma Chapter celebrated its fifty-second year on the Tech campus last fall, having been installed October 21, 1899. Kappa Alpha has seventy-two chapters stretching from coast to coast across the central and southern sections of our country. The fraternity has some 32,000 alumni participating in the life of its ninety alumni chapters.

This year, as usual, Kappa Alpha has produced a large number of leaders in all phases of campus life—politics, publications, organizations, and various other activities. This year was highlighted by an "Old South" Ball, the Convivium, which is the celebration of General Robert E. Lee’s birthday, the Christmas party, the Winter Formal, and the annual spring house party.

The South will rise again!

KAPPA SIGMA

ALPHA TAU CHAPTER

Founded at the University of Virginia in Charlottesville, Virginia, the KAPPA SIGMA fraternity has grown tremendously from its beginning on December 10, 1869, and has now acquired 125 active chapters in the United States and Canada and proudly admits being one of the five largest national fraternities. The Alpha Tau Chapter was the fifty-sixth chapter founded and was also one of the first fraternities established at Georgia Tech.

We Kappa Sigs thoroughly enjoy college life by actively participating in our social functions, including our outstanding annual Black and White formal dance, our intramural athletic events, and above all, we strive to achieve an even higher level in our campus activities and scholastic standing.

The new and extremely modern Kappa Sig house, which was recently completed, was made possible by our hard working alumni, and is now the center of activities for its proud occupants.

The Lambda Chi Alpha Fraternity was founded in 1909 at Boston University. Now it has the distinction of having the largest number of chapters of any social fraternity, with 140 chapters and three colonies in forty-three states and three provinces of Canada. Some of the chief assets of Lambda Chi Alpha are its spirited and aggressive leaders, its proud traditions, and the true brotherhood within the chapters.

The Beta Kappa Chapter was established at Tech October 6, 1942, after its honorable and enviable record during its affiliation with the old Beta Kappa National Fraternity.

Members of Lambda Chi Alpha will be found in scholastic and honor societies, student government, school athletics, school publications and many other campus activities at Georgia Tech.

With a record rush season, a big Christmas party, and the gay annual winter formal at the Ansley Hotel plus the many week-end picnics, dances, and frolics—Beta Kappa has had a very successful year. The winter formal was highlighted with the crowning of Miss Dora Cothern as "Sweetheart of Lambda Chi" for this year.

GEORGIA DELTA CHAPTER

Since PHI DELTA THETA was founded in 1848 at Miami University in Oxford, Ohio, her membership has grown to over 70,000 members in 113 chapters located throughout the United States, Nova Scotia, and Canada. The membership of the fraternity, which was organized with three principal objectives, the cultivation of friendship among its members, the acquirement individually of a high degree of mental culture, and the attainment personally of a high standard of morality, includes prominent men in every field including the presidency of the United States.

The Georgia Tech chapter, Georgia Delta, which was founded on June 4, 1902, has always strived to fulfill these objectives of Phi Delta Theta. During the last year Georgia Delta was very active in every phase of campus life. In all the campus organizations, honorary societies, student government, and publications, Phi Delta Theta was well represented. In the field of sports the Phi Dels walked off with the intramural athletic trophy and also won many varsity letters.

The social life was upheld by the "Bowery Ball," the Miami Triad, the houseparties, and the many other social functions enjoyed by all. On the whole, Georgia Delta had one of its best years in its forty-nine years of existence.

XI CHAPTER

The PHI EPSILON Pi Fraternity was founded at the College of the City of New York on November 23, 1904. From the small beginning of seven men, who banded together to preserve a friendship, has grown the present fraternity with thirty-seven active chapters, and a total membership of over nine thousand eight hundred brothers.

Xi Chapter, whose history began on January 15, 1916, proudly opened its new modern ranch-style house last year. Always active in campus affairs, the fraternity has maintained an important place in Georgia Tech activities. Social life, too, is an integral part of Phi Ep life. From "Rush Week" to the I.F.C. week-end in the spring they attempt to keep a balanced social program.

With all these activities, scholarship is still stressed and kept at a high level. Phi Ep consistently ranks among the top three Tech fraternities for scholarship. In the future, the fine spirit shown by the brothers of Phi Epsilon Pi will boost the attainment of merit to an even greater degree than in the past.

The fraternity of Phi Gamma Delta was founded at the Old Jefferson College in Canonsburg, Pennsylvania, on the evening of May 1, 1848. The founders, later known as the Immortal Six, were John Templeton McCarty, James Elliot, Daniel Webster Crofts, Samuel Beatty Wilson, Ellis Bailey Gregg, and Naaman Fletcher. Expansion began immediately, and that same year another chapter was founded, this time at the Washington College, also in Pennsylvania.

At this time, the Fraternity has eighty-one undergraduate chapters all over the nation, plus numerous alumni groups in the principal cities of the country.

The Gamma Tau Chapter was installed at Tech in 1926 when a local society named Gamma Tau Delta was granted a charter by the National Fraternity. Except for a few years during the war, Phi Gamma Delta has been at the Georgia Tech campus ever since.

PHI KAPPA SIGMA

ALPHA NU CHAPTER

Phi Kappa Sigma was founded at the University of Pennsylvania on October 19, 1850. The Alpha Nu Chapter at Georgia Tech was established in 1904 and was one of the first fraternities on the campus to own its house. It was also responsible for the founding of the ANAK Society.

It is the policy of the fraternity to be conservative in expansion, and there are now forty-four chapters at the leading colleges and universities throughout the United States and Canada. Although Phi Kappa Sigma maintains a relatively small chapter on the Tech campus, one can always find a Phi Kap in the midst of any worthwhile activity.

Alpha Nu is now in the best condition that it has been in many years.
ALPHA RHO CHAPTER

The Phi Kappa Tau national fraternity, first organized at Miami University, Oxford, Ohio, in 1906, has grown to rank fourteenth in size among national fraternities with its membership totaling over sixteen thousand men. These members are located in sixty-eight chapters and colonies all over the country in a representative fashion, being placed in both large and small schools and in state and privately endowed institutions. Phi Kappa Tau is one of the few fraternities that owns its own headquarters building, and most of the chapters own their own houses.

Phi Kappa Tau was installed on the Tech campus in 1929 when Pi Lambda Delta, a large local fraternity, received its charter as Alpha Rho Chapter. Since that date Alpha Rho has made an enviable record in the scholastic, athletic, and social aspects of campus life.

Backed by a strong alumni group, we of Phi Kappa Tau are looking forward to another progressive year.

PI KAPPA ALPHA

ALPHA DELTA CHAPTER

PI KAPPA ALPHA was founded at the University of Virginia in 1868. It was at first a southern fraternity, but in 1909 it expanded nationally until today its chapters number over 100 with a Pike house at almost every major college in the nation.

Alpha Delta Chapter was installed at Tech in 1904 and has since taken an active part in all campus activities, being especially successful in its sports program.

The social side of college life is kept going with many parties and dances throughout the year. The highlights are the 'possum hunt every fall, the Black and White Ball during the winter quarter, and the many house parties in the spring.

PI KAPPA PHI

IOTA CHAPTER

Pi Kappa Phi was founded at the College of Charleston, Charleston, South Carolina, in December, 1904. It now has forty-four undergraduate and thirty-three graduate chapters in the United States and Canada. Iota Chapter was established on the Tech Campus in 1913.

Throughout the year a series of dances, house parties, and banquets were held. The most important social function held by the Pi Kapps was the Rose Ball. The fraternity "Rose" was presented at this dance.

In addition the Pi Kapps are very active in intramural sports. Our energies this year have been directed toward obtaining a house and building the chapter back to its pre-war standards. Marked improvement toward this goal has been seen.

GEORGIA PHI CHAPTER

Since its founding at the University of Alabama on March 9, 1856, SIGMA ALPHA EPSILON has steadily grown in size and prestige until it now stands as the largest national college fraternity in the United States. At present there are 129 SAE chapters in forty-seven of the forty-eight states with a total membership of over 80,000.

The Georgia Phi Chapter of SAE was the second fraternity chapter to be installed on the Tech campus, and since its chartering in 1890, its members have continued to hold that spirit which has made SAE one of the foremost fraternities. Each year SAE ranks with the best on the campus of Georgia Tech, with men in all extra-curricular activities and on all varsity teams. This year, SAE made a fine start by winning the Ramblin' Reck contest and brought home its second gold-plated "Gibboon."

The events of the social calendar are highlighted by a mountain house party in the spring, and two formal dances during the year. These functions are, of course, augmented by innumerable informal gatherings at the house, and are chaperoned by our beloved house mother, Mother Lou, who has been with the chapter for six years.

After the ball was over, off came the shoes.

Our pledges at work!
The SIGMA CHI Fraternity was founded on July 26, 1855, at Miami University in Oxford, Ohio. Today there are almost 120 Sig chapters throughout the United States and Canada.

The Beta Psi Chapter was founded at Georgia Tech in 1922 upon the absorption of Pi Alpha Sigma, a local fraternity. It has, since that time, grown in such a manner that it is today one of the most outstanding fraternity chapters on the campus. Year after year it continues to rank high in scholastic standing, school leadership, brotherhood, and intramural activities. The chapter's progress was climaxed this year by opening the door to their new house on Techwood and Fifth Streets.

Sigma Chi's at Tech always enjoy a full social calendar. This year their social activities were highlighted by the annual Sweetheart Ball in November at which Miss Nannette McBurney was tapped "Sweetheart of Sigma Chi" by the chapter president, Don Bennett.

SIGMA NU

GAMMA ALPHA CHAPTER

SIGMA Nu, originally known as the Legion of Honor, was founded at Virginia Military Institute in 1869. Since its founding, Sigma Nu has grown to be one of America's leading fraternities. There are now 116 chapters represented in forty-eight states, the District of Columbia, and Canada.

Gamma Alpha Chapter was established at Georgia Tech in 1896 and has initiated over 800 members. The past year has been a most active one in the chapter's history. The chapter has taken a leading part in intramural sports, homecoming activities, and various other contests on the campus. Social activities include the White Star Formal, a weekend house party, a Christmas banquet and dance, and various house dances and parties. The fall rush season, which featured many novel parties, was a complete success.

Gamma Alpha is proud of its new house which was just completed during the fall quarter. The house, constructed of concrete, steel, brick, and glass was designed by James W. Finch, a Gamma Alpha alumnus. With the completion of the new house, the chapter hopes to become even more outstanding on the campus than in the past.

SIGMA PHI EPSILON

GEORGIA ALPHA CHAPTER

Sigma Phi Epsilon was founded in the year 1911 at Richmond University in Richmond, Virginia. Georgia Alpha Chapter was chartered on the Georgia Tech campus on April 1, 1907. Sig Ep has grown in its first fifty years to one of the largest national college fraternities in America. Over 39,000 members in 109 chapters throughout the country have made the fraternity what it is today. The aim of Sigma Phi Epsilon is to grow in strength and build character and leadership in all its members.

The most outstanding social function of the year was the "Sig Ep Golden Heart Formal" last spring. The pledge party given to the active chapter by the pledges just before the Christmas holidays was quite an affair itself. Hayrides, house dances and costume parties round out the social calendar.

The emphasis around the Sig Ep house is placed on scholarship. Activities consist of participation in sports and campus organizations.

Always leaders in campus affairs, Phi Chapter of Tau Epsilon Phi is looking forward to another outstanding year on the Georgia Tech campus. With an active membership of twenty-six men, the "Teps" hope to maintain their standing among the finest fraternities on the campus.

Several of the brothers are outstanding members of the I. F. C., Bulldog Club, Hillel, Technique, Tau Beta Pi, Pershing Rifles, Arnold Air Society, Scabbard and Blade, R.O.T.C., and Who's Who Among Students in American Universities and Colleges. The "Teps" are well represented in just about every honorary, scholastic, and professional society at Tech.

Other items of which Tau Epsilon Phi is proud are three scholarship trophies and the I. F. C. trophy for the best kept house and grounds. This I. F. C. trophy has been held by the "Teps" ever since it was first awarded. These trophies, plus the President's trophy, stand out on Tau Epsilon Phi's trophy shelf.
Where there's smoke, there's the Tau Ep wreck.

BETA PI CHAPTER

Beta Pi Chapter of Tau Kappa Epsilon at Georgia Tech was founded four years ago on June 5, 6, 1948, to add another chapter to the fast-growing national organization. At the present time there are ninety-one chapters of TKE spread throughout the four corners of the United States, making TKE one of the leading national fraternities in existence today. The total membership of this fraternity now well exceeds twenty thousand.

After four years on the campus Beta Pi Chapter has finally acquired a house of some permanence at 185 Fourth Street. This house was acquired during the last summer quarter and has since been reconditioned and made suitable for fraternity life.

Among some of our more active members we have men in practically every major organization of the campus. Although relatively new on the Georgia Tech campus TKE has, in four years, made its presence known, and in the future will uphold its tradition of being one of the finest fraternities at Georgia Tech.

THETA CHI... 

ALPHA NU CHAPTER

THETA CHI was founded at Norwich University, Norwich, Vermont, in 1856. In the ninety-six years since its beginning it has come to be known as one of the most progressive nationals. Since its inception, 105 chapters have been added to make Theta Chi the oldest and largest college fraternity with an unbroken chapter roll.

Alpha Nu Chapter was installed at Georgia Tech in the spring of 1923, and thus it has enjoyed its twenty-ninth birthday as a part of the Tech campus. Since its installation the members of Alpha Nu have taken an active part in all school activities without losing sight of the fraternity’s ideals of scholarship and brotherhood.

The chapter social calendar is always full. The event that is enjoyed most of all is the annual Carnation Ball at which time the "Dream Girl of Theta Chi" is crowned.

THETA XI

BETA ALPHA CHAPTER

THETA Xi was founded on April 29, 1864, at Rensselaer Polytechnic Institute in Troy, New York. Since this time Theta Xi has become one of the leading national fraternities with forty-eight active chapters.

The Beta Alpha Chapter was chartered on January 27, 1951, making it the youngest fraternity on the Tech campus. The chapter had its formal installation on this day with Brother Lucien D. Hauslein, President of the Grand Lodge, presiding. On the preceding night the chapter had its first winter formal with the pinning of the first sweetheart, Miss Ann Turner of Columbus, Georgia.

The first year on the campus proved to be a very successful one for the chapter with their winning their league in basketball, softball, and football.

The Beta Alpha Chapter of Theta Xi is making great strides and is endeavoring to establish itself as one of the finest fraternities on the Tech campus.

KAPPA DEUTERON
CHAPTER

PHI SIGMA KAPPA was founded at Massachusetts State College on March 15, 1873. It has since expanded into sixty-five chapters at carefully selected institutions which are located primarily in the northeastern sections of the United States. The national headquarters, which is located in Chicago, co-ordinates the extensive activities of the various chapters.

Kappa Deuteron Chapter was established at Tech in March of 1923; since then, Phi Sig has maintained a prominent position in all phases of campus life. The fraternity has as one of its goals the full development of each of its members. This is accomplished by a well balanced program of extra-curricular activities. Our social calendar, which is highlighted each year by a Christmas party and a Moonlight Girl dance, balances out our activities.
