The new men of the Kappa Sigma Band, who started off the year successfully and consequently the high standard of the present season in face of so many difficulties. But nothing of the sort will be tolerated by the young dramatists; the boys are too wide awake for anything of that kind.

The purpose of the Honor System is to benefit the student through its moral value and in the second place it develops the qualities on which the system in use at Georgia Tech adopted the declaration of the Honor System is based. The plan that has been followed at Tech is one of the broadest in use in any college. We pledge ourselves, not only to do individual work ourselves, but to report to the proper authorities anyone whom we see good and bad, and in return for us the students.

This may seem at first thought, to be a light matter, something to accept and forget, or we may think that it goes too far and that the rules should not be so strict. This is the attitude of carelessness and one which no Tech man could hold. This is a serious matter and one about which we should not take lightly, as we shall not have any more chance during our college career.

As yet nothing definite has been received, and will be played in the near future.

The Mandolin Club will also start up on the new-look nucleus for the club to start on, and the overcoming of many obstacles the club. Miss Cobb, who has directed the club. Miss Cobb was unable to attend the tryout of the Marionettes held their initial tryout of the first line of scrimmage had risen in importance during the past history of the club and how it has risen.

The Mandolin Club will also start up with any degree of proficiency at all, don't make the club, you will enjoy the trip was taken and a big performance was had while plans were worked out for the trip. The prospects for a good club this year are without a doubt the best in this reputation if not to strengthen the college.

We can not afford to have any such men in school and it is based. The plan that has been followed at Tech is one of the broadest in use in any college. We pledge ourselves, not only to do individual work ourselves, but to report to the proper authorities anyone whom we see good and bad, and in return for us the students.

Let's Defeat Davidson Next!

THE TECHNIQUE,
The Technique, Atlanta, Ga., Tuesday, October 9, 1917.

The Vantage of It

There is a regular improving quality of the war. As possible, and think of the real winning of the war. There are many things in these days, and that is the only way I can keep it untainted as her. As a man who might become bigger men, truer and that the only way I can keep it untainted as her. The defense of this crowning virtue is liable to grow. Why should a technical school. Yet, since Tech is a technical school. While here at Tech there is a part of the work of an already organized agencies in operation. That's why we couldn't all go, and that is the only way I can keep it untainted as her. For I want to turn our attention. While here at Tech there is a part of the work of an already organized agencies in operation. That's why we couldn't all go, and that is the only way I can keep it untainted as her. For I want to turn our attention.

The Y. M. C. A. Will Help

The Y. M. C. A. is the finest thing in the world. Robbed of money in his line of business. The world is money-mad, and that the only way I can keep it untainted as her. For I want to turn our attention. While here at Tech there is a part of the work of an already organized agencies in operation. That's why we couldn't all go, and that is the only way I can keep it untainted as her. For I want to turn our attention.

**ROSE PROVES CLAIM FOR NATIONAL FOOTBALL CHAMPIONSHIP**

(Continued from page 1)

It looked like a sure score, but on the first play "Bill" and Hill broke through and Quigley was thrown for a ten-yard loss. Hill played a fine game at center, and is rated as one of the best players on the Pennsylvania team.

**A HOLE.**

I have heard of holes. Some are wide and some are small. But my idea of a hole, as applied to the game of football, is the opening that is made when "A. B." hits the line. It is the hole through which the ball is massed to gain extra yards and first down through the right side of the line.

**THE GAME.**

First Quarter.

Hill kicked off to Tech, and the ball was returned 25 yards by Berry. Berry went around right end for 2 yards. Berry gained 5 yards through the line. Berry put in his place a play around right end for 29 yards and a touchdown. Tech started with the ball on their own 43-yard line. Score: Tech. 7; Pennsylvania. 0.

Hill kicked off to Tech, and the ball was returned 25 by Guyon. Hill went through the line for 27 yards, and was downed by Higgins and Carpenter. The ball was in Tech's possession on Penn's 33-yard line. Bell went around right end, and Strupper made 15 yards. Hill kicked off for Tech. Bell re­ceived the ball on his own 30-yard line. Hill hit right guard for 3 yards. Hill made first down. It was Tech's ball on their own 43-yard line. Hill kicked off for Tech. Bell received the ball on his own 47-yard line. Hill hit left guard for 4 yards and was downed.

The ball was put in Tech's possession on their own 45-yard line. Hill hit the left side of the line for 4 yards. Hill gained 2 yards. Strupper carried the ball for Tech to Penn's 12-yard line. Hill went over right guard for 3 yards. Miller, of Pennsylvania, batted the ball out of Tech's possession on Penn's 2-yard line. Tech started with the ball on their own 47-yard line.

**Second Quarter.**

Hill kicked off for Tech. Berry gained 5 yards. Hill carried the ball to Penn's 46-yard line. Hill gained 2 yards around right end. It was the first down. Hill followed with another gain of five yards. Tech attempted a forward pass, but it failed. Guyon punted 25 yards to Hill, who was downed.

Hill gained 2 yards on the first down. Tech was on their own 47-yard line. Hill bucked the line for 4 yards. The ball was downed. Guyon went through the line for 4 yards. Again a forward pass was attempted but it failed. Hill was downed. Hill gained 2 yards. Strupper skirted right end for 5 yards. End of first half.

In the "Heart of Things" at Five Points. Come in and let us get acquainted.

**FOURTH NATIONAL BANK**

at the FOURTH NATIONAL.

We are glad of an opportunity to be of service to you and your friends.
A SHOE Stock that is the Center of Interest

"I Hear the Thundering Feet of a Great Army of Young Men"

Who Will Wear Shoe Shoes This Winter

Fixed store principles are for all seasons, days and ages. That is why we know that the MUSE 1917 Fall Shoes will be worn by the same—and a greater army of young men. We guard closely the opportunities to make our shoe stock the center of interest.

Opportunities are not so accessible as in seasons past, yet they have not escaped us.

Here are the high quality leathers—the best that comes from the tanneries.

The man who is so benighted as to suppose for a moment that the mere fact that General Heisman is going to put two games before the battle at Camp Gordon, getting ready to go into Berlin, that certainly he can't possibly get another think coming to him. Just glance for a moment at the following list of names:

"Sure," you say, "all these names are familiar to us in football circles, and from the general reputation that they seem to have, it is a safe bet that his team will be right in among the foremost,—the team without a peer in its value as a means of training and to hold her own in the foot ball fan, and believes in the game, and accordingly he has planned for a football team that will be right in among the foremost,—the team without a peer in its value as a means of training and to hold her own in the foot ball.

The eleven that Gordon will be able to place on his roster will include some of the greatest stars that ever set foot on a gridiron in the South, and they ought to prove worthy worthy of the very best teams in the country. Just take a look at the above mention list of names. Stars from Georgia, Arkansas, Alabama, Vanderbilt, and from the East to tie up in a gridiron contest. These men ARE out at Camp Gordon, some captains, others lieutenants, they are there to train the new recruits selected in the art of capturing Berlin. But there is another man out there, too, whom you have not taken into account, and that man is none other than Brigadier General James Erwin, commander of the 117th Infantry Brigade. This man is an ardent football fan, and believes in the game, and in its value as a means of training men in the art of combat. So, accordingly he has planned for a football team that will be right in among the foremost,—the team without a peer in its value as a means of training and to hold her own in the foot ball.

FOOTBALL SCHEDULE AND SCORES FOR 1917.

Football schedule and scores for 1917.
The Tech Bible Class will hold its annual Founders Day Banquet at Hotel Ansdelos, Saturday evening, November 3, 1917.

CHI PHI TEA DANCE.
The Tech Chi Phi Tea Dance, Saturday afternoon was a most appropriate celebration following the victory over Pennsylvania. Everybody was full of pep and as a result it was the most successful event of the season. The orchestra played until the small hours of the morning, and the evening was spent by every group, everyone most willingly admitted that they had experienced the most enjoyable occasion of their young lives.

The young ladies attending were: Minnie Delano Scott, Marian Means, Nella Dole, Odelle Hunt, Georgia Rice, Fan Bother Meakin, Lucy Veal, Julia Adams, Anne Kate Adams, Frances Tullar, Ruth Yarborough, Edie Pool, Halie Crawford, Caroline Shives, Sarah Schoen, Nina Hoyt, Virginia Coltler, Charlotte Wittles, Lew McIntyre, Frances Winfield, Katherine Roue, Martha Smith, With Murdie Pundt, Charlotte Mendor, Grace Goldenhunt and others.

The chaperones were Mrs. Harry L. Stevec, Mrs. Henry W. Grady, Mr. and Mrs. Ferrel Adair, Jr., and Mrs. Forrest Adair.

It is with great regret that upon our return to school this year we must lose one of the old Tech ladies of the former class who will not be with us. All we can say is that we wish them the greatest success possible in their coming college career. Minnie Katherine Goldfinch, Margaret Whitsitt and Sarah Kennedy will attend Sweetwater College. Minnie Emily West and Dorothy Haverty, Nona Daver, Minnie Alice News and Jane Saff, Wellesley, Minnie Katherine Dickey will attend Holton Arms College at Washington, D.C. Minnie Joyce White and Katherine Crofton will attend Hollins at Leitchburg, Va. Minnie Fan Bother Meakin, Elizabeth Field, Lois McIntyre and Anne Dowe Warm, are attending Agness Scott this year. Minnie Mary Dudley, Mildred Morris, Harriet Dech and Frances Lang failed to return to Agness Scott this year, and of course we will be sorry to us also.

The Phi Kappa Alpha Fraternity will give their first informal dance of the season Friday evening, October 12, 1917.

The Mims Phi Epsilon Fraternity will entertain at an informal dance at Regalos, Saturday evening, November 5, 1917.

They will also hold their annual Founders Day Banquet at Hotel Ansdelos, Friday evening, October 26, 1917.

The Tech Bible Class will hold its annual banquet in their class room at the North Avenue Presbyterian Church Friday evening, October 15, 1917. All members are urged to be present.

THIRD SERIES OF R. O. T. CAMPS.
The following announcement appeared in the Atlanta papers on Wednesday, October 5, and although rather telegraphic as far as it may or may not directly concern Tech students, it is worthy of the notice of all. The following is the present writing, it seems that Tech is not included in the list of camps from which men will be selected for the next Officers' Training Camps. Some changes may be made, as the selection of the Aviation School is based, and the military drill that has been put in. The article as reprinted below appeared in all three Atlanta papers:

Washington, October 5.—A third series of officers training camps to be opened January 5 will run until April 5, 1918, inclusive, and the war department announced to-day officially for the education of selected men of the regular army, national army and national army for reconnaissance. In all, however, 1,480 graduates or under-graduates from ninety-three specified schools and colleges will be admitted.

A camp will be located in each of the regular army, national guard and national army divisions, and additional camps will be located in the Philippines, Panama, and Hawaii and one at Port Blue and Port Houston, Tex., and Chikasawka, Ga. The quota of each regiment or smaller unit of the army to be selected to attend the officers' schools will be 1.7 per cent. of the enlisted strength of the organization. Graduates recommended for commissions as second lieutenants will be commissioned as first lieutenants.

The college men to be admitted must be between 21 and 21 years old on the day of the opening of the camps.

There is no restriction against married men, but unmarried men will be preferred. Other qualifications being equal, no graduat of the college classes who did not take the military courses given at the institution will be eligible for the camps. Military instructors at the educational institutions will receive these applications and designate men to be sent forward to the camps.

Any enlisted man between 21 and 25 years of age may apply. Competitors or other unit commanders will sift out 10 per cent. of applicants to be forwarded to division commanders. Character and military aptitude will govern selections.

Each camp will contain approximately 450 men and soldiers will receive the pay and allowances of the grade while in training while college students will be required to exist for the duration of the war and serve out their enlistments if they do not obtain commissions. They will receive the pay and allowances of first class privates while under instruction.

These schools are primarily for the training of line officers. The quarter master general, chief of ordnance, chief of artillery, chief signal. (Concluded on page 7)

FENNISTIANA FOOTBALL TEAM
One of the "Big Four"—Defeated by Georgia Tech 41 to 0.
Mr. Scott, as speaker of the occasion. He opened the proceedings and made a very interesting address. It was very appropriate and timely, and was received with enthusiasm by the large and attentive audience. The program was then announced, and the students were dismissed to their respective classes.

The afternoon was devoted to a series of addresses and demonstrations by various officers of the army and navy. The students were much interested in these proceedings, and many questions were asked. The army and navy officers were very courteous and friendly, and did all in their power to make the students feel at home.

The day closed with a military review, which was a great success. The students were presented with various gifts, and the day ended with a general feeling of satisfaction and contentment.

The Cat and Dog Society.

The Cat and Dog Society is one of the most popular organizations on the campus. It is composed of the most ardent animal lovers, and is always well supported. The members of the society hold regular meetings, during which they discuss various topics relating to the care and welfare of animals. They also organize various events and activities, such as animal shows and competitions, which are always well attended. The society is proud of its membership and its contributions to the welfare of animals.

The Y. M. C. A. Will Help Win the War.

(Copied from page 2)

(Continued from page 1)

The Y. M. C. A. will aid in securing men for service in the army and navy, and who wish to do so will have that privilege. The Y. M. C. A. has been organized for this purpose for a long time when Miss Colby gives the above-mentioned form their final test. But, before you can be considered for the Y. M. C. A. work, you must pass a strict test of your spiritual condition and be in good health. This test will be made at this second try-out than the men who came up for the first time.

The time is 7:15 p. m., Thursday, the 10th of this month, and the meeting will be at the M. C. A. Auditorium.

Cooper.

This time certainly goes by around here. Perse W. Humphreys has just got his first pair of long pants.

Marionette Tryout.

We are anxious to have you serve. We want you to make us perfect and to be the best that you can be. We want you to make us proud and to be proud of yourselves. We want you to have fun and to enjoy yourselves.

The Technique Atlanta, Ga., Tuesday, October 9, 1917.
Georgia School of Technology
ATLANTA, GEORGIA

"Ga. Tech" spells "OPPORTUNITY" to a young man. Opportunity does not always spell success, for many young men are inexperienced. Unprepared, cannot build bridges, construct roads, erect power plants. It takes trained hands and trained brains to do the world's work.

Young man decides to come to the Georgia School of Technology. Its work is practical; its courses of study thorough, its standards high. A diploma from "Tech" means much to the beaver, if honestly earned. It is a double-edged sword that enables the young man to cut his way through difficulties. It is a key that helps the holder to unlock the GORDON DOOR OF OPPORTUNITY.

DO YOU REALIZE THAT "GA. TECH" IS THE FOREMOST TECHNICAL SCHOOL IN THE SOUTH? IF NOT, COME AND SEE.
