As much a part of the American scene as universities themselves are the social fraternities . . . and no different is Georgia Tech with its 26 active national chapters . . . typifying the good brotherhood of the Tech GREEKS is the now traditional beer mug outlined opposite. . . .
To the Interfraternity Council of Georgia Tech falls the task of regulating, expanding, and integrating the activities of the twenty-six national fraternities located here on the campus. Operating under the general supervision of Dean John J. Pershing, its fifty-two members increase the scope and value of fraternal life at Tech.

A realization of the large accomplishments which a council of this type is capable of contributing to the school has made the I. F. C. a leading factor in the promotion of athletic, scholastic, welfare, and social events. Competition is the keynote of all council undertakings, and thereby not only are results obtained, but pride is built up in each member of his particular chapter.

Softball, football, basketball, and many other sports constitute the principle athletic program of the I. F. C. A tremendous interest in these sports and also in scholarship is obtained by the presentation of a trophy each year to the fraternity who has acquired the most points in the athletic and scholastic competition.

Best illustrating the welfare work of the council is its part in the Empty Stocking Fund drive conducted each Christmas by the Atlanta Junior Chamber of Commerce. Also this year, the council organized a "help week" in which the pledges from all the fraternities took part. Rounding out the phases of campus life, the council is socially famous for the annual dance that it sponsors in the spring.

The Interfraternity Council as a whole, and its members individually, are constantly seeking new opportunities to promote a better student life at Georgia Tech.

"Isn't it exciting!"
In March, 1946, Zeta Chapter of Alpha Epsilon Pi, inactive for twenty years, was re-established on the Georgia Tech campus. With the brothers of Sigma Gamma Fraternity as a nucleus, Alpha Epsilon Pi expanded its membership very rapidly and is now the largest Jewish fraternity at Tech.

The chapter has as one of its goals the development of a high standard of social and intellectual fellowship among its members, so that they may better be fitted to take their proper seats in the universities and communities of America.

For the first time in AEPi history, two national awards were given to one chapter, and Zeta was the recipient of both the National Loyalty Cup and the National Athletic Trophy.

"The $39 Pie."
For the second consecutive year, Alpha Tau Omega has won the I. F. C. cup, which is awarded annually to the fraternity most outstanding in all fields of competition—scholarship, intramural sports, etc. This cup climaxed a year long effort by the chapter: championships in softball, volleyball, and track, and first place in Stunt Night, Homecoming decorations, and scholarship.

ATO has the distinction of being the oldest fraternity on the Georgia Tech campus, and Beta Iota chapter has been continuously active since its founding, September 18, 1888. The national organization was founded at Virginia Military Institute, September 11, 1865. ATO was the first Greek letter social fraternity founded solely upon Christian principles.

ATO now has 114 active chapters which extend throughout the United States and Canada. Beta Iota is well represented in the campus honorary and service organizations, including ANAK, ODK, Koseme Society, Ramblin’ Rock Club, Bulldog Club, Tau Beta Pi, Phi Kappa Phi, the Student Council, and various campus publications.

Balancing the extra-curricular activities and scholarship, social life is very complete. The House Party at Lake Ocoee, the Spring Formal, and the Senior Banquets highlight the year’s social activities.

GAMMA ETA CHAPTER

Founded in 1839 at Miami University in Oxford, Ohio, Beta Theta Pi has always maintained a position among the leading social fraternities of the nation. Beta Theta Pi now has ninety-seven chapters in the United States and two provinces in Canada.

Gamma Eta Chapter was installed at Georgia Tech in 1917 and moved into the present chapter house in 1927. Always among the campus leaders in scholarship, Gamma Eta has won the Sigma Chi scholarship trophy for the two years it has been offered. The chapter also has an excellent record in other phases of campus life, including athletics and extracurricular activities. Last year Gamma Eta was selected as one of the fifteen outstanding chapters of Beta Theta Pi.

Beta Theta Pi endeavors to teach men high ideals, cooperation, and the way to a successful future. Toward this end, the chapter sponsors extensive social activities, including several buffet suppers, house dances, outings and formal parties during the year.

OMEGA CHAPTER

On December 24, 1824, the Princeton Order of Chi Phi was founded at the College of New Jersey, now Princeton University. From that time forward, chapters of Chi Phi have been established at the outstanding colleges and universities throughout the country.

On June 2, 1904, the charter of Omega Chapter was granted. In 1910 a chapter house was obtained making Chi Phi the first fraternity on the Tech campus to own its house. The present, well-situated house was built in 1928.

Chi Phi has always been an outstanding fraternity on the campus not only socially, but also athletically and scholastically. The fraternity has had a most enjoyable social season topped-off with a big winter formal.

Delta
ALPHA GAMMA CHAPTER

Founded December 10, 1899, at City College of New York, Delta Sigma Phi has expanded to where it has 72 chapters and 9 colonies. We are one of the few fraternities that have ever been allowed at Washington and Lee University. Delta Sigma Phi engulfs the United States from the east to the west coast and from the Gulf of Mexico across the Canadian border, having two chapters at Canadian universities.

The Alpha Gamma Chapter received its official charter in January of 1920. Stressing scholarship primarily, we also encourage our members to take part in as many school activities as possible, and as a result, we have representatives in the honor societies, student government, and athletics. Fundamentally a social fraternity, Delta Sigma Phi is a leader in the social world and is particularly famous for its Carnation Ball and Sailor’s Ball.

OFFICERS

That sun is really bright.
Delta Tau Delta was founded in 1859 at Bethany College, Virginia and has grown and prospered through the years to where it now stands securely with eighty-four active chapters throughout the United States and Canada and over fifty thousand alumni. The Gamma Psi Chapter of Delta Tau Delta was established on the Tech campus in April, 1921. Advocating an active college life for its members, Gamma Psi has continually displayed that spirit on the Tech campus by having Delts in ANAK, ODK, the Student Council, the Blue Print, Technique, and Yellow Jacket, as well as having three Delts selected for Who’s Who in 1952-1953.

The social aspects of the fraternity life were again realized to the fullest with buffet suppers, hayrides, informal dances, house-parties and the annual Delt Rainbow Ball. Rounding out a full year of activity, the Delts participated in all intramural sports.

The Kappa Alpha Order was founded in 1865 at Washington and Lee University, and since that time has become one of the leading national social fraternities. Today there are seventy-six active chapters extending from coast-to-coast across the central and southern sections of our country.

Alpha Sigma celebrated its fifty-third year on the Tech campus last fall and with the present membership has upheld the tradition of active participation in the social and campus activities.

Kappa Alpha's are numbered among the honorary groups as well as administering many responsible student positions. KA consistently ranks among the top fraternities on the campus.

This year was highlighted by an "Old South Ball," Convivium, which is a celebration of Robert E. Lee's birthday, the Christmas party, the KA Rose Formal, and the annual spring house party.

The Kappa Sigma Fraternity was founded at the University of Virginia in 1869. Since that time, the total number of chapters has risen to 124 in the United States, Canada, and Hawaii.

The Alpha Tau Chapter of Kappa Sigma was established in 1895, being the third oldest fraternity on the Georgia Tech campus. We strive to be well represented in all extra-curricular activities on the campus, and have been very successful in doing so in the past. Scholarship is one of our primary goals which we strive to stress with vigor. Our social functions are very good throughout the school year with the Black and White Ball our big event. We are proud of the fact that we have a new $75,000 house which will help us grow more rapidly.

Homecoming
Sweetheart time!
Founded in 1909 at Boston University, Lambda Chi Alpha Fraternity has matured into one of the largest social fraternities in America. It boasts a total of one hundred and forty-three chapters in forty-three states and two provinces of Canada. The national fraternity, although one of the youngest, is already rich in tradition.

The Beta Kappa chapter was established on the Tech campus on October 6, 1942, after achieving an enviable record during its affiliation with the old Beta Kappa national fraternity.

With a highly successful rush season, the winning of the homecoming decorations, a Christmas party, and a winter formal serving as the highlights of a sparkling season; and with many members of the chapter quick to take their places as prominent campus personalities, Beta Kappa has enjoyed a successful year.

GEORGIA DELTA CHAPTER

Founded in 1848 at the Miami University in Oxford, Ohio, Phi Delta Theta has grown into an international fraternity with over 75,000 members in 115 chapters located throughout the United States, Nova Scotia, and Canada. Besides leading all other fraternities by having the most members selected as Rhodes scholars and All-American football players, Phi Delta Theta has prominent members in every field of endeavor, including the presidency of the United States.

The Georgia Tech chapter, Georgia Delta, founded on June 4, 1902, has constantly strived to uphold the principles upon which Phi Delta Theta was founded. Not only being represented in all campus organizations, honorary societies, student government, varsity athletics, and publications; Georgia Delta won the Intramural Athletic Cup for the third straight year.

The social life was upheld by the house parties, dances, and numerous parties held during the year. As in past years, Phi Delta Theta enjoyed another successful year on the Georgia Tech campus.

XI CHAPTER

Since its beginning, at the College of the City of New York on November 23, 1904, Phi Epsilon Pi Fraternity has grown to its present membership of over 10,000 members, 37 active chapters, and 35 alumni associations. With its new main offices in Philadelphia, Pennsylvania, Phi Epsilon Pi has chapters in all the leading universities. The first Canadian chapter was organized in 1951 at McGill University, Montreal, Canada.

Xi Chapter was founded on the Tech campus on January 15, 1916. It has grown to enormous heights. Its new modern ranch-style chapter house was opened October 7, 1950, and has 21 men living in its spacious quarters. The fratres of Xi are active in campus affairs and can boast National Activity Cups for these achievements. Social life is maintained as an integral part of the Phi Eps' activities. From the very beginning of "Rush Week," through Homecoming Week-end, IFC Week-end, to the end of the year, they keep a social program of high caliber. Scholarship is stressed, and kept at a high level. Recently Xi Chapter won the blood donor trophy for contributing the most blood of any fraternity on the Tech campus. Xi went on to win the National Fraternity's trophy for donating 100% to this cause.

In the past 37 years the Phi Epsilon Pi Fraternity has made itself well known on the Tech campus and will continue to uphold its high traditions of brotherhood and scholarship.

GAMMA TAU CHAPTER

The Fraternity of Phi Gamma Delta is one of the leading national fraternities in the United States. Founded in 1818 by John T. McCarty, Daniel W. Crofts, James Elliot, Jr., Ellis B. Gregg, Naaman Fletcher, and Samuel B. Wilson; it has steadily grown to its present strength of 82 undergraduate chapters and 76 active alumni chapters throughout the United States.

Phi Gamma Delta was chartered here on the Georgia Tech campus in 1926, as an outgrowth of a local fraternity known as Gamma Tau Delta. It has remained firmly entrenched here ever since, except for a few years during World War II.

Like our national organization, we here at Gamma Tau are forever building for the future, and now we believe that it will be just a matter of a few years before we will realize our dream—a new house for the Tech Fijis!

OFFICERS

Some fun!
Phi Kappa Sigma was founded at the University of Pennsylvania on October 19, 1850. The Alpha Nu Chapter at Georgia Tech was established in 1904 and was one of the first fraternities on the campus to own its house. It was also responsible for the founding of the ANAK Society.

It is the policy of the fraternity to be conservative in expansion, and there are now forty-four chapters in the leading colleges and universities throughout the United States and Canada. Although Phi Kappa Sigma maintains a relatively small chapter at Tech, one can always find a Phi Kap in the midst of any worthwhile activity.

Alpha Nu is now in the best condition that it has been in many years.

The Phi Kappa Tau Fraternity was founded at Miami University, Oxford, Ohio, 45 years ago. Originally intended only for the campus at Miami, it has grown from one chapter to seventy and today ranks among the nation's top fraternities with a membership exceeding 19,000.

Phi Kappa Tau was installed on the Tech campus in 1929 when Pi Lambda Delta, a local fraternity, received its charter as Alpha Rho Chapter. Since that date Alpha Rho has made an enviable record in the scholastic, athletic, and social activities of Georgia Tech.

Backed by a large alumni association in Atlanta and an enthusiastic pledge class, Phi Tau is looking forward to another year of progress.

Let's sing out with a great exuberance.

"Tally Ho!"
Pi Kappa Alpha is one of the largest fraternities in the United States. It is a solidly established brotherhood, with strong chapters in the best American colleges and universities: a highly regarded member of the fraternity system.

Since its founding in 1868 at the University of Virginia, Pi Kappa Alpha has successfully planted its banner in college after college. Alpha Delta Chapter was chartered at Georgia Tech in 1904—fifty years ago.

The chapter owns its house on Techwood Drive where home life and recreation are provided for the members. Among PiKA's social functions are its annual Possum Hunt, Black and White Ball, and the spring house party. PiKA encourages academic achievement and is justly proud of the record of its members in this and other fields of campus activity.

IOTA CHAPTER

Pi Kappa Phi was founded at the College of Charleston, Charleston, South Carolina in December, 1904. It now has forty-six undergraduate chapters and thirty-three alumni chapters in the United States and Canada.

The Georgia Tech chapter of Pi Kappa Phi was granted a charter in 1913 and has always been active in all school activities. The fraternities' activities include full participation in scholarship, social, and athletic events. The most famous of these activities are Pi Kappa Phi's Founders' Day Celebration every December, and its annual spring Rose Ball at which the "Rose of Pi Kappa Phi" is presented.

After one year without a house, Iota Chapter finally moved into a house at 128 Fifth Street, N. W. All the members of the fraternity are satisfied with it and now are sure that Pi Kappa Phi will again be "tops" on the Tech campus in the near future.

Homecoming.
Since its founding at the University of Alabama in 1856, Sigma Alpha Epsilon has grown in size and prestige until it is now the largest national college fraternity in the United States. There are 130 chapters in 47 of the 48 states with a total membership of over 80,000. SAE is noted for fostering the Interfraternity Council, establishing the first national leadership school, and erecting the first national headquarters building.

The Georgia Phi Chapter of SAE was the second fraternity to be established on the Tech campus. Since its chartering in 1890, its members have continued to hold that spirit which has made SAE one of the foremost fraternities. Each year SAE ranks with the best on the Tech campus. This year SAE made a fine start by getting the outstanding pledge class and thus far leading their league in football and volleyball.

The events of the social calendar are highlighted by two formal dances and a mountain house party, augmented by numerous informal gatherings at the house, all chaperoned by our beloved House Mother, Mother Lou.

The Sigma Chi Fraternity was founded on June 28, 1855, at Oxford, Ohio. Today there are 129 active chapters, including three in Canada.

The Beta Psi Chapter was founded at Georgia Tech in March of 1922 upon the affiliation of Pi Alpha Sigma local fraternity. This year the Sigs of Beta Psi are enjoying their first year in the new house located at the corner of Techwood and Fourth Streets. It has grown in such a manner that today it is a leading member of the Interfraternity Council here at Georgia Tech. Year after year it continues to rank high in scholastic standing, leadership, brotherhood, and intramural activities.

The social activities of Sigma Chi make a full calendar. The highlight of this year’s activities was the Sweetheart Ball in November, where lovely Harriet Allen was presented the cherished White Cross, signifying her as the Sweetheart of Sigma Chi.

Sigma Nu was founded at the Virginia Military Institute in 1869, and was originally known as the Legion of Honor. During its eighty-three years of existence, Sigma Nu has become one of the leading fraternities in America. There are now 116 chapters in all the forty-eight states, the District of Columbia, and Canada.

Gamma Alpha Chapter was established at Georgia Tech in 1896, and in fifty-six years has initiated almost 900 men. The past year has been a most active one. The chapter has been successful in intramural sports, homecoming activities, and the various other activities on the campus. Several house dances are held each quarter, and hardly a weekend passes without a party of some kind. The outstanding events of the year include a Christmas banquet and dance, a house party, and the White Rose Formal.

GEORGIA ALPHA CHAPTER

Sigma Phi Epsilon was founded in the year 1901 at Richmond University in Richmond, Virginia. Georgia Alpha Chapter was chartered on the Georgia Tech campus on April 1, 1907. Sig Ep has grown in its first fifty-one years to one of the largest national college fraternities in America. Over 40,000 members in 113 chapters throughout the country have made the fraternity what it is today. The aim of Sigma Phi Epsilon is to grow in strength and build character and leadership in all its members.

The outstanding social events of the year are the “Sig Ep Golden Heart Formal” and a weekend house party in the spring. Hayrides, house dances, costume parties, and the pledge party given to the active chapter by the pledges just before the Christmas holidays round out the social calendar.

The emphasis around the Sig Ep house is placed on scholarship. Activities consist of participation in sports and campus organizations.

OFFICERS

GORDON ALBURY . . . . President
ROY SIMON . . . . Vice President
GEORGE PURCELL . . . . Secretary
RAYMOND WOOD . . . . Treasurer
PHI CHAPTER

Always a leader in campus affairs, Phi Chapter of Tau Epsilon Phi is looking forward to another outstanding year on the Georgia Tech campus. With an active membership, the "Tep's" hope to maintain their standing as the outstanding fraternity on the campus.

Several of the brothers are outstanding members of the I. F. C., Bulldog Club, Hillel, Technique, Tau Beta Pi, Pershing Rifles, Arnold Air Society, Scabbard and Blade, R. O. T. C., and "Who's Who Among Students in American Universities and Colleges." The "Tep's" are well represented in just about every honorary, scholastic, and professional society, at Tech.

Another item of which Tau Epsilon Phi is proud are the three scholarship trophies, won in recent years, and the I. F. C. trophy for the best house on campus which they won the first time it was awarded and have not lost it since. These trophies plus the President's trophy stand out on Tau Epsilon Phi's trophy shelf.

OFFICERS

The latest morbid news, at the Funeral Party.
BETA PI CHAPTER

Tau Kappa Epsilon was founded on January 10, 1899, at Illinois Wesleyan University. The Beta Pi Chapter was founded here at Georgia Tech in 1948. TKE, although still among the smaller fraternities on the campus, is one of the larger national fraternities, having at present over one hundred chapters and twenty-one thousand members.

The local chapter has recently acquired a new house and at present is undergoing a period of rapid growth. One of the main ideas of the fraternity is that the individual is more important than the group, and this fact is one which makes TKE a “fraternity for life.” The members are in various campus organizations and honor societies. “Tekes,” as they are known, well deserve the recognition the school has given them.

OFFICERS

PAWEL LIBERMAN . . . . President
WILLIAM MCCASKILL . . . Vice President
ROBERT MCCLELLAN . . . Secretary
RICHARD PHELPS . . . . Treasurer

Norway was never like this.
Theta Chi was founded in 1856 at Norwich University, Norwich, Vermont. In the ninety-seven years since its beginning, it has come to be known as one of the most progressive nationals. Since its inception, one hundred and nine chapters have been added to make Theta Chi one of the oldest and largest college fraternities.

The Alpha Nu chapter was installed at Georgia Tech in the spring of 1923, and thus it has enjoyed its thirtieth birthday as a part of the Tech campus. Since its installation, the members of Alpha Nu have taken an active part in all school activities without losing sight of the fraternity's ideals of scholarship and brotherhood.

The chapter social calendar is always full. This year was highlighted by the opening of the new Theta Chi house at 840 Techwood Drive, and in the new surroundings the social life flourishes. The event that is enjoyed most of all, however, is the annual Carnation Ball at which time the "Dream Girl of Theta Chi" is crowned.

Sow belly and intellectual friend.

Bird-dogs at work.
The new house.
The Goon Squad.

Ready to blast off.

Bull session a'la Bosco.

GO, man, GO.

He wins and Kilby swims.
BETA ALPHA CHAPTER

Theta Xi was founded on April 29, 1864, at Rensselaer Polytechnic Institute in Troy, New York. There are at present fifty-two active chapters and three colonies encompassing thirty-eight states, all of which shows the conservative and well organized growth of Theta Xi.

Beta Alpha of Theta Xi was established on the Georgia Tech campus in the fall of 1947. The charter was granted to Beta Alpha on January 27, 1951. Since our installation we have been striving always to maintain the high standards set for us by our founders eighty-nine years ago.

Socials are held when they do not interfere with the school activities, but yet, often enough to relieve the strain of college studies. Theta Xi has intramural championships in softball, football, basketball, and volleyball.

The climax of the year for us is playing Santa Claus for the unfortunate children of this area.

IOTA DELTA CHAPTER

Since its founding at Union College, Hamilton, New York, on May 20, 1841, Chi Psi has grown to its present size of twenty-seven chapters. It was the fifth fraternity at Union where the Greek letter fraternity originated. Iota Delta was established at Tech on December 15, 1923.

Chi Psi encourages a well-rounded college life for its men. Emphasis is placed on scholarship, and a two hundred dollar scholarship award is given annually to the man in each chapter with the best scholarship record. Informal dances, house parties, and costume parties help maintain the social interests.

At Tech, Chi Psi is a relatively small fraternity, but in number of members only. The ties between the brothers are very strong, and the spirit of unselfish co-operation between the brothers ranks very high.
