CARNATION BALL 1953
A glimpse of Stalag 17

Remember the laundry blowing up in 'Mr. Roberts'?

Police Headquarters in 'Detective Story'

They are watching the nurses undress in 'Mr. Roberts'

Drama Tech really had clean actors in Stalag 17
A couple of Swedish gymnasts lay around on their high table.

The Don Cossack Chorus gives out with a few songs.

The Russian version of the Birmingham Hop as performed by a Don Cossack.

The Atlanta Symphony lends a little culture to the gymnasium.

These Swedes don't believe in gravity
Where are all the secretaries?

Bob Sherman caught studying in the library.

The Student Bank does more business on registration day than the Bank of America does in a month.

Thursday mornings . . . Everybody shaves for drill.
The ups and downs of an Engineer

It must be one of these new electronic fly catchers.

The furniture in the library is almost too comfortable

Just relaxing in the music room of the library
Father, please go study, I want to be alone.

Jean Smith and Leigh Qualls talking about their husband's Profs.

Frank and Charlotte Griffin taking a break to play with the baby.

"Why Fred Blas, can't you find an old report that is more accurate?"

Mr. and Mrs. Bill Fowler and son studying Bill's Math.
GO TO TECH

As if M.E. Labs weren't bad enough!

Bernie and Olive Doyle relax with a game of doubles.

Pappa Transou saying goodbye to his family at five to eight.

But Daddy, my answer doesn't agree with yours.

Now Dear, you had better wash that one over again.
If you ever need a harbour built, call in the Civil Engineers.

The Aeronautical Engineers demonstrate how to fly without leaving the ground.

The power plant of the future . . . ?
WEEK

No one was able to beat this electronic brain at Tic Tac Toe.

The Military Engineer's had a very cold looking display.

The C.E.'s put a lot of time into building this bridge.
EVERYONE

Will Simmons must have a quiz coming up the next hour.

"But I gotta quiz tomorrow baby" 

A good trick if you can do it — watch TV while studying

Apparently these three IE Seniors would rather talk than study.
STUDIES

"Aw, come on Jim, listen to our serenade!"

"Let me borrow a blade."

Have you ever studied on the way to take a quiz?

Charlie Nall really must be interested in this type course.
A favorite pass time of Tech men — standing in lines

"Integration wouldn't work, differentiation wouldn't work, so I divided through by zero."

We nourish our bodies in the Bradley Building

"But Dean Griffin, couldn't you be mistaken about seeing whiskey bottles at our formal?"
THE CAMPUS

The magazine moochers in action

A typical 10 o'clock lull in the post office.

The pleasant little bookstore, where all the latest revised texts may be purchased.

Who says Engineers don't have poetic talents?
John Alderman applies for a telephone operator's job.

"Mattison, you will be sent into the Belgian Congo for twenty years to pick up some field experience."

Dean Ajax conducting one of his sessions with interviewers and seniors.

"But I'll only have to serve two years," says Mercer Babb.
I hope they show us a movie after the ceremony.

Some words of wisdom.

It took 19 quarters, but it was worth it.

Well Pop, now you'll have to go to work.

GRADUATION
1953
We can endure ...

losing a football game,

taking a tough quiz,

not receiving any mail
or even registration

and maybe even excitement

BUT THESE EIGHT O'CLOCK CLASSES JUST GOT TO GO
Fraternities sought to further the individual through the group.
fraternities
To the Interfraternity Council of Georgia Tech falls the task of regulating, expanding, and integrating the activities of the twenty-six national fraternities located here on the campus. Operating under the general supervision of Dean John J. Pershing, its fifty-two members increase the scope and value of fraternal life at Tech.

A realization of the large accomplishments which a council of this type is capable of contributing to the school has made the I. F. C. a leading factor in the promotion of athletic, scholastic, welfare, and social events. Competition is the keynote of all council undertakings, and thereby not only are results obtained, but pride is built up in each member of his particular chapter.

Softball, football, basketball, and many other sports constitute the principal athletic program of the I. F. C. A tremendous interest in these sports and also in scholarship is obtained by the presentation of a trophy each year to the fraternity who has acquired the most points in the athletic and scholastic competition.

Best illustrating the welfare work of the council is its part in the Empty Stocking Fund drive conducted each Christmas by the Atlanta Junior Chamber of Commerce. Also, this year, the council organized a "help week" in which the pledges from all the fraternities took part. Rounding out the phases of campus life, the council is socially famous for the annual dance that it sponsors in the spring.

The Interfraternity Council as a whole, and its members individually, are constantly seeking new opportunities to promote a better student life at Georgia Tech.

Alpha Epsilon Pi Fraternity was founded at New York University on November 7, 1913. It was the first national social fraternity to be founded at the Washington Square Campus.

From the beginning, the founders planned a national fraternity. No other chapter was added, however, until 1917, when the Beta Chapter was installed at Cornell University.

Zeta Chapter was installed at Georgia Tech in 1920 as one of the first southern chapters of the fraternity. Reactivated in 1946, it has grown to be the largest Jewish fraternity on the Georgia Tech campus.

The fraternity has as its goal the development of a high standard of social and intellectual fellowship among its members so that they might be better fitted to take proper seats in the universities and communities of America.
BETA IOTA CHAPTER

Alpha Tau Omega, the first Greek fraternity organized after the Civil War, has expanded since September 11, 1865, until there are now one hundred seventeen active chapters throughout the United States and Canada. Georgia Beta Iota has the distinction of being the first active fraternity chapter at Georgia Tech, having been chartered September 18, 1888.

The present membership has upheld the tradition of active participation in social and campus activities. The chapter has either won or has been runner-up for the I. F. C. trophy given to the most outstanding fraternity on the Georgia Tech campus for the last four years.

ATO's are numbered among the members of the honorary groups on the campus, and many of the responsible student positions are administered by brothers of the chapter. A complete social program balances our scholastic and extra-curricular interests.

GAMMA ETA CHAPTER

The Beta Theta Pi fraternity was founded in 1839 at Miami University in Oxford, Ohio, and since that time has become one of the leading national social fraternities. Beta has grown until it now has 97 chapters scattered all over the United States and Canada.

Gamma Eta, the local chapter, was installed at Tech in 1917 and moved into its present house in 1927. The chapter has always been active in campus activities, distinguishing itself both in the fields of scholarship and inter-fraternity athletics. Again this year, as in the past two years, the chapter has retained possession of the Sigma Chi Scholarship trophy. This year, too, Gamma Eta has produced an exceptionally large number of leaders in campus activities such as organizations and publications.

Beta Theta Pi endeavors to teach men cooperation, high ideals, and the way to a successful future. Social activities are not overlooked. Several buffet suppers, house dances, outings, and formal parties are enjoyed during the year.

We can truthfully say that Beta has enjoyed another successful year.

**OMEGA CHAPTER**

On December 24, 1824, the Princeton Order of Chi Phi was founded at the College of New Jersey, now Princeton University. From that time forward, chapters of Chi Phi have been established at the outstanding colleges and universities throughout the country.

On June 2, 1904, the charter of Omega Chapter was granted. In 1910, a chapter house was obtained making Chi Phi the first fraternity on the Tech campus to own its house. The present, well-situated house was built in 1928.

Chi Phi has always been an outstanding fraternity on the campus not only socially, but also athletically and scholastically. It is the only fraternity on the Tech campus that is authorized by the IFC to have tea dances, and these have always been big affairs after the football games.

IOTA DELTA CHAPTER

Chi Psi fraternity was founded at Union College, Hamilton, New York, on May 20, 1841, as the fifth Greek letter fraternity on that campus. Since that time, it has grown to its present size of twenty-seven chapters. Iota Delta was established at Tech on December 15, 1923.

Chi Psi encourages a well-rounded college life for its members. Emphasis is placed on scholarship, with a two-hundred-dollar scholarship award given annually to the man in each chapter with the best scholarship record. Chi Psi also sponsors a course called “A Man and His College” for all its pledges.

The chapter social calendar is always full. This year was highlighted by the opening of the new Chi Psi lodge at 195 Tenth Street, N. W., and in the new surroundings, social life flourishes. Informal dances, house parties, and costume parties are the main events on the social calendar.

At Tech, Chi Psi is a relatively small fraternity, but in number of members only. The ties between the brothers are very strong, and the spirit of unselfish co-operation between the brothers ranks very high.

ALPHA GAMMA CHAPTER

Delta Sigma Phi was founded at City College of New York on December 10, 1899, and has since expanded from coast to coast and from the Mexican border across the Canadian border, having two chapters at Canadian universities.

The Alpha Gamma chapter was founded in 1920 from a local fraternity known as the Soldiers Club because it was originally comprised of World War I veterans.

We participate in the intramural sports of football, basketball, volleyball, softball, bowling and tennis. We had the distinction of recently winning the scholarship trophy.

Our social activities consist of house parties of various seasonal and situation themes. Our big social events are the Carnation Ball and the Shipwreck Ball at which our Sweetheart is pinned.
What a jolly scene that must have been!

GAMMA PSI CHAPTER

Since its founding in 1859 at Bethany College, Virginia, Delta Tau Delta has steadily risen to its present position with eighty-four active chapters, and over fifty thousand alumni. The Gamma Psi Chapter of Delta Tau Delta was established on the Tech campus in 1921, and since that year its members have figured prominently in practically all campus activities.

Gamma Psi advocates an active and well-rounded college life for its members, and the success it has achieved in this aim can be seen by the number of Delts in ANAK, ODK, the Student Council, the Blue Print, and the Technique. In addition, Gamma Psi has consistently had a high rating in scholarship and intramural sports participation on the campus.

Numerous house dances, two house parties, and our annual Rainbow Ball highlight our social season, which is augmented by many informal gatherings at the Shelter.
