Eighteen Win Varsity Letters

Eighteen varsity football men have played the number of minutes during the season that have amounted to three games, and three others, while not filling the same number of games, were rewarded, according to the statement issued by Coach Alexander, by receiving the individual markings of excellence. These men are Jones, Jordan, Smith, Chance, King, and others. The teams mentioned in this statement are: Morgan, Rimmer, and Miller.

Five men—Jones, Jones, Nixon, Preston, and Alphey—have played over 500 minutes. In the ten games in which the Jackets have engaged, Preston leads with 486. Alphey follows with 479, followed by Jordan with 471, and Nixon with 457. Jordan, Alphey, and Nixon, all are in the varsity at Gingerbread seasons.

Freshman numbers will be given to follow the schedule for their work on the Baby Jacket squad. Clay, Ion, Wesley, Evans, F. W., and others, are in the varsity at Gingerbread seasons.

Briarean Society Honors Initiates At Dance

The Briarean Society, highest Co­
op honor fraternity, will honor its new initiates at a dance tonight. The event will be held at the Atlanta Opera House. The dance will be held to honor the new initiates.

The initiates are: Roy Bethune, W. R. Johnson, Karl Reavis, Harvey Wilson, Jimmy Watts, Nat McLean, Harold Plaatjies, and Hunter Bandy. Crowds will be gathered for the dance, the initiates, and their dates.

The Society is inaugurating plans to make its own opera house. It is affecting a complete organization of its alumni. It will publish an alumni bulletin quarterly, and hold annual gatherings for its graduate members. The Society will be the first of its kind to have a complete opera house, the number of members, the initiates, and their dates.

Kappa Eta Kappa Initiates New Members

The Georgia Tech chapter of Kappa Eta Kappa, national electrical profes­
sional honorary society, elected nine new members on November 18th.

A unique initiation was held on November 25. All the newly elected members were gathered at the telephone pole to class and gather in the entire room to receive an honor from each period for spark coil check.

The national convention will be held November 25 and 26 this year at Wash­
ington, D. C., with the Tech club acting as host. Dele­
gees from Newman Clubs at the Florida State College for Women and Universities of Florida and Georgia attended.

Besides the former officers, other officers elected were: Larry Sullivan, U. (Continued on Page 5)

CO-OP CHATTER

Now that the time-honored bugaboos, work week, is right out of the way, Co-op activities are coming to a near-standstill after a rather profitable week-end. Our organizations have made excellent records, both the Brickers and the Co-op Chippers having instituted a number of new activities and improving the old. Practically every campus organization boasts of a goodly number of Co-ops in its ranks. The one group that has not lived up to the standard which has been set, however, have shown great potential. There have been outstanding freshmen, but individuals who have been missing that enthusiasm and strengthening influence which is furnished by the organized campus activities.

Six Co-ops were elected to Tau Beta Pi, national honorary engineering fraternity, recently. They are: J. R. Carter, J. B. Corral, Tom Mundy, W. C. Norton, G. V. Russey, and E. T. White. This great honor deserves our recognition and esteem.

The coming week-end is the biggest of the term for the social activities. The Brickers will shine with a dinner-dance honoring the new initiates to the Yacht at the Atlanta Yacht Club. This brilliant affair will eclipse all of the Fall functions in social grandeur. The Co-op Club holds forth tonight with its annual Fall Ball at the Shrine of India. This has always been one of the most colorful and enjoyable affairs of the year, and the elaborate preparations made for this one indicate that it will hit new high.

Men are what women marry. They have two feet, two hands and sometimes two wives, but never more than one husband.

Like Turkish cigarettes, men are all alike. Whether it's a light, heavy, or burning kind, little thing like a woman should kick a lit, bagging, stumpy-kneed, tallow-faced thing like a man.

If you satter a man it frightens him to death, and if you don't, you tip him up. If you permit him to take love, you get tired in the bed, and if you don't, he's gets tired in the beginning.

If you believe him in everything, you soon cease to interest him, and if you argue with him, you soon cease to charm him. He is always to all, he tells you, he thinks you are a fool; and if you don't, he thinks you are a snob.

If you wear gay colors and rouge and a startling hat, he hesitates to give you a smile, but if you wear a little brown hat and a tailor-made outfit, he takes you out and stays alive among the women in gay colors, rouges, and startling hats.

If you give him in his gayeties and approval of his smoking, he swear you are driving him to the death, and if you don't, you approve of his smoking and urge him to give up his gayeties, he vows you want to reform him. If you are the clinging-vine type, he doubts if you have a brain, and if you are a modern, advanced, and independent woman, he doubt if you have a heart.

If you are silly, he longs for a bright mate; and if you are brilliant and inconsiderate, he loathes you.

If you are popular with other men, he is jealous; and if you are not, he is jealous.

If you are a wife, he is a walloo-flower. Gosh! Men are funny.

Boeing Scholarships Again Offered Students

The W. E. Boeing Scholarships, sponsored by W. E. Boeing during the past seven years, will be offered again during the years 1936-37 to University, Colleges, and Junior College undergraduates in the United States and Canada who are interested in aviation as a career. Four awards with a tuition value of $12,000 will be given to the Boeing School of Aeronautics, Oakland, California. Courses given at this school are flying, technical and semitechnical.

The scholarships will be awarded on the basis of a thesis competition. The subject will be technical or non-technical and involving not over 3,500 words on any aeronautical subject. The papers must be mailed by March 15, 1937, and will be judged by a committee of prominent educators under the chairmanship of Dr. B. W. Woods of the University of California.

Thanksgiving. From all reports it wasn't the best. We hope Mutt liked the folks, Geraldine! The M. L. Brittain Debating Society held its regular meeting, the third of the term. The meeting took place in Room 215, and was attended by all members.

The club discussed the wide-spread conspiracy to reduce the band, held up for several weeks by the band committee, but now under the supervision of the speaker and the society. Professors Bailey and Floyd, who have lately held the past and best deal of improvement was shown. Last Thursday night, the club decided to say goodbye to the society and to say goodbye to the football players. Following the presentation of the subject came a series of lively arguments showing the same interest in the topic. After the debate, the editors of the paper were given a vote and it was won by a close margin. The house that was in favor of reduction of college football players was chosen for next week's debate.

Revised: That house asked the United States withdrawal far the East.

She sighs, "Isn't it wonderful?" when Clark Gibbes tells a little ear nellie man stuff on the heroine, but you promptly get your face slapped if you try the same.

She keeps fawning on friskiness, but she wants the truth only when it makes her more complimentary to her. She's a prodig of good sportsmanship but blissfully uses flowers one man sends her as aids in winning another.

She is never herself—always trying to be a composite of her ideals—usually the glamorous screen star. She wears her hair like one—talks like another—rolls her eyes—educates or walks or struts another—each in itself looked good on the original— or on her terrible. She can't see to realize that everything a guy says under a summer moon isn't true the next day. She won't give credit to the surroundings for most of it.

Connolly Wins Frosh Cake Race; Delta Sig Team Takes First

Georgia Tech's undefeated cross-country team which established a record this year by obtaining a perfect score in each of four meets. A co-op freshman carried off first prize in the Annual Freshman Cake Race. In winning this traditional contest, the Delta Sigs established a record during the past ten years. All won during the past ten years.

The Delta Sigma Phi Fraternity surprised itself and many other people on Thanksgiving morning when its ubiquitous little five-man team raced into victory ahead of all other fraternities entered in the Annual Freshman Cake Race. The Delta Sigma Phi Fraternity is one of the oldest college glee clubs in the country, having had about one of continuous work.

The race was really cross-country racing over a series of streets, fields, rough roads, etc., and on top of that every man who crossed the finish line received a nice big cake, which was baked personally by an obliging Atlantan belle.

Beta Theta Pi ran second in the freshman race, with Sigma Chi taking third place. "Slippery slim slimy saplings" and "rubber buggy bumpters" are some of the tongue-tanglers that were given to Remsamer Polytechnic Institute students who were trying to win a position on the announcing staff of a local radio station.

Baby Jackets Lose To Bullpups In Annual Thriller

By Jared Oknef

The Georgia Tech Frosh climaxed their season at the University of Notre Dame, quarterbacks used to whip their Irish eleven into formation by yelling signals in Italian and Polish. Now football teamsmen, almost universally, use the old fashioned English numbers. But Tom Conley, coach of the Jackets, is no exception and uses the system whereby the names of foods—pastry signals—especially are substituted.

Signals are no longer complicated because the quarterback yells, "banana cream" or "Pineapple pie," and the men hop into their various formations.

Brownlee, Butler, Beery, and a host of Tech "dudes" will be among the first to be honored by the Georgia Tech Sewing Circle when the newly initiated members of the circle assemble at the Brown dormitory for the annual formal dance to be held on Friday night.

The annual dance is a highly popular event on the campus, and a large and enthusiastic crowd is expected to assemble to bid farewell to the circle's newest group of members.
