**Students Thanked For Aiding In Jubilee**

Dean Fields received the following letter from Mr. W. E. Morgan, a publisher of the Georgian American:

> Dear Dean:
> 
> I would like to know how grateful I am to you and to those grand boys out at Tech for the way you handled the important assignment given them in connection with our Silver Anniversary parade.
> 
> They are a grand bunch of young men and they added so much to the success of the parade. I know it will be impossible for you to thank each one of them personally, but I hope that in thanking them, you will tell them I am thanking them, too.
> 
> Best of everything to you.
> 
> Sincerely,
> 
> HERBERT PORTER.

**Beta's Celebrate 20th Anniversary**

The local chapter of Beta Theta Pi will celebrate its twentieth anniversary on March 31, 1929. Ten of the original members graduated in 1917. Dean W. B. Wofford was instrumental in obtaining the charter. The chairman of deputations, in charge of the program:

**Doc Says—**

Hey, how about the midterm dances sponsored by the Inter-Fraternity Council? Several things were outstandingly noticeable.

The girls who attended were of a fine as one could wish. This speaks well for the young men who selected the girls. There were no drinks. Evidently the local sale of 'beer' has ended.

The music was above par. Kay Kryor is equal to a four-ring circus. Still, the management was happy and congenial. The management did it.

Don't you wish we had a better place to have such events?

C. P. O. Kinney has retired from service. The first being at New Orleans where he served for two years out at the Gulf. He then went to Pennsylvania, stationed at San Diego, on the B. B. New York, Air- liner, radio and signal officer.

Though you’d never suspect it, Fields’ “Rippling Rhythm,” the trou- per—used to describe every type of music described as clearly defined as the waltz or the tango. The lead contestants are: the B. B. New York, Air-liner, radio and signal officer.

Results Awaited On Technical Magazine

Freebody Club, the honorary Me- chanical Engineering fraternity, is eagerly awaiting results on their proj- ect to secure a technical magazine on the campus. The magazine will be paid for by the Student Council, and the student body voted almost unanimous- ly for such a magazine.

Should the magazine be approved by the Student Council, it will prob- ably be published quarterly and would consist of contributions from faculty and students of all departments as well as outside engineers of note. It would probably be controlled by a board composed of members of the faculty and students from each depart- ment. Circulation would be car- ried out along the same lines as the Yellow Jacket.

Your Decision!

Last week we printed a short notice to the effect that The Technique had abandoned its proposed change in its style of makeup. We sincerely, and for good reasons, thank all those students who spoke to the editor. He says, "I would hesitate to change the style of makeup. Leave it as it is—a more attractive, yet more expensive, process which is unique to The Technique." During this week, we have had several opportunities to discuss the matter with friends, and we have decided that The Technique is correct in its stand.

The sympathy of the entire Co-operative Department goes out to Jack Pearce, who was wrongfully accused of unsportsmanlike conduct. Only evidence of the unsportsmanlike conduct comes from the theatre.

Sportsmanship!

Sportsmanship is an admirable quality in all things. It is a necessary quality of a winning team, a successful play. No team can truly be successful without it. This year, in particular, we have seen many examples of admirable sportsmanship on the basketball court, the football field, the tennis court. The players displayed a true understanding of the importance of fair play and respect for their opponents. They demonstrated that sportsmanship can be a powerful force for creating positive change and inspiring others to do the same.

Odd's & Ends

A mine on a college campus! Sounds absurd, doesn't it? This, however, is what has been built on the campus at University of Utah. An experimental mine, 300 feet long, 5 feet high, and 5 feet wide, has been constructed with the aid of the NTA to provide laboratory facilities and practical demonstrations of various phases of mining to students of that profession.

Richie's

We can't help but speculate if Jack Pearce is McDonald's attraction at the bowling alley. And does Barbara Greene just along to get the ride? Bob Row, the demon bowler, seems to be getting quite a few breaks with Hattie Fuller. He's been seen mighty often with her since Frankie Burns got married on him.

Socially Speaking

The biggest event of the week-end will be our Jackets' clash with the Georgia Bulldogs at the Georgia game. At the game we will be able to undeniably verify some of the new set-ups which seemed to work out during the previous installations at the Mid-Term. For instance, we all seem to see Bill Paxton carrying on with his invas­ion of West End with the very Oil Klown. Undoubtedly, this will be true because any fellow who will brave the rigors of a cross town street-car ride from Druid Hills to West End, and who had at least four dates during the dances with the same girl, will not allow anything to prevent him from taking her to a mere basketball game. MAYBE.

Valentine's Day slipped by last week, but not without some interesting bywords. Miss Caroline Laster urgently requests that her anonymous sender of a dozen lovely red carnations remain anonymous, so that she can enjoy the proper gratitude. Also, we are wondering if Drennon is really "The Biggest Sucker in Town" as the card in a present from a very blonde young lady indicates. However, whatever is said about Dren, you've got to admire his picks.

Bill Row, the demon bowler, seems to be getting quite a few breaks with Hattie Fuller. He's been seen mighty often with her since Frankie Burns got married on him.

**SPORTS SHORTS**

By Jaybird

**The Champ**

Little Eddie Farnam, Tech's lone entrant in the southern Golden Gloves Tourney, was defeated in the second round of boxing, thus losing his chance of swapping his state championship for a Southern title. Eddie is already a member of Tech's under-graduate track team and will probably be one of the three strongest contestants for a place in the two-mile event.

As far as I can find out, there has been no four-letter man at Tech since the famous Doug Woolf, the Jackets' mainspring of a decade ago. It is possible that another four-sport man will appear this year in the person of J. "Whack" Hyder, who has already made his letter in cross-country—technically one made in basketball, and will more than likely make two more in track and baseball.

**Perrin Walker**

**Johnston and Jones Lead In Scoring; Ben Jones Out**

"Bo" Johnston, lanky Jacket center, has overtaken Ed Jones in the past two weeks to take the lead in the race for high point holders of the Tech team. In the Vandy game, "Bo" turned in one of the most brilliant performances of the season. He scored 19 points, was the offensive spark of the team, and he was a standout defensively, besides the fact that he led the team in rebounds. Ed Jones, who until the last few days was high point man, is now second high scorer, but he is still a good bit ahead of Sims and Jordan in third and fourth places.

Individual scoring:

- Johnston 61
- Jones 51
- Sims 24
- Jordan 22
- B. Jones 21
- Doglaw 13
- Hyder 8
- Ratte 8
- Anderson 5
- Smith 5
- Jackson 3
- Simms 3
- E. Jones 2
- Chubb 1
- Totals 197

**Chi Phi's Lead Bowling Tourney**

With twelve games played off, the team of the Chi Phi Fraternity leads the bowling tournament with 11 wins and only 1 loss. Next in line is Delta Sigma Phi team with 10 wins and 2 losses. Records of the tournament still remain the same with Roux still holding the high game record, Simms still high set record, and Pi Kappa Phi high average. The tournament results up to date are as follows:

<table>
<thead>
<tr>
<th>Team</th>
<th>Wins</th>
<th>Losses</th>
</tr>
</thead>
<tbody>
<tr>
<td>Delta Sigma Phi</td>
<td>10</td>

The tournament is over and the only team undefeated in the conference rankings, the Jackets will probably be the favorites to win the annual tourney in Knoxville, and they should have a good chance to bring home the all-star trophies for the first time in many years.

**Tech Meets GA Tech Has Large Turnout; Walker To Run In New York**

One hundred twenty-five aspirants for the varsity and freshman track teams reported to Coach George Grif­

fin at Grant Field Monday morning for practice for an extensive spring schedule. There were several men from last year's varsity and fresh­

man squads returning to form the ba­

sis of a new team this year, but the Jackets will be hurt a good deal by the loss of Perrin Walker, lanky confer­

ence dash champion.

Walker's failure in school ended his collegiate career, but he is in great demand at track meets. He will compete in the New York Athletic Club meet Saturday, and then on the following Saturday he will run in the A. A. U. meet. Walker intends to complete his course at Tech next year, but he will be ineligible for athletic competition.

The Jackets should be formidable in the longer distances with "Chick" Aul­

ridge, conference champion two-mile and cross-country runner and several other members of this year's cham­

pionship cross-country team. "Dutch" Konemann will also

have to fill Walker's shoes in the dashes. He should receive some valuable assistance from Charles Belcher of last year's freshman team. Konemann will also

have to fill the javelin in the place of "Sun­

shill" Martin, last season's conference champion. Another position hard to fill Griffin has to work with this season.

Pierce, both of whom ran the mile and

is that of Harvey West and Jack

**It Lets You See**

When to Refill

**Refillable Pen is always ready**

in classes or exams

Yes, you can be ready to go at a moment’s notice for any exam at all times. This is not only a convenience but also a peace of mind.

It’s the pen that received more honors than any other—work like a charm. 15c and 25c.

**See STERLING In-StockSupply**

Forable pen do you own?” It was

This is because it is people who

are capable of rating high who go

to the limit to attempt to accommodate

the spectators. The results of this year's attendance have shown us that we can always pack them in when we have a good basketball team, and our need for the new gymnasium has become more apparent.

Although there seems to be little probability of a upset, a game with Georgia is always a rough and tumble thriller. As in the Georgia game ear­

lier in the season, the Jackets will have to make a strong attempt to hold down Tech's scoring.

The Florida game last Monday gave the spectateurs an unex­
pected thrill towards the last few minutes of play. With only about five minutes left to play, the Jackets were leading by a score of 38-16, but the game was not over as Georgia made a burst of scoring power and within four minutes ran the score up to 57-49. Tech controlled the turnover in "Whack" Hyder to protect the small margin which was wound up on top by the score of 43-47.

Due to Tech's standing in the con­

ference, the Jackets will probably be the favorites to win the

**Tank Team Has Bright Prospects For Coming Season**

With swimming practice well under way in nightly sessions at the Atlantic Athletic Club, Tech appears to have bright prospects for the future aquatics meet. The team is working out and conditioning under the tutelage of newly-appointed Coach Fred Lannou. This former New England champ has already shown himself worthy of the task in hand by the way the large turnout of candidates has begun to perform. One of the most promising factors in the assured return of Walker Rimmer to the tank. At present, the dashes are left to Rimmer, Coley and Prescilla—with House swimming the longer ones of 220 and 440 yards. All these men are showing marked improvement over former swimmers, and there is no doubt but what they will put Tech in a prom­

inent position among local swimming competition in the water. Back­

stroke swimmers will probably go to Gar­

cia Tifon, the Cuban lad who is exc­

elling in this position. In the form of drives, Howard Dunman is leading the field. Along with the fact that Rimmer is to compete with the squad, the distinct form shown by other con­

testants for the relay team is certain to bring out some excellent showings in each event.

Although a definite schedule of meets is not yet complete, there are several meets set for the near future, and it is hoped that Georgia Tech will have a strong team to complete our years of success in the sport of swimming.
Deer Maw and Paw:

Up there in the mountains. In fact, Friday, February 19, 1937, coat if it keeps freezing.

Lunch counters and I didn't recognize "Big City Ways Are Strange" I nearly missed the train because it was plenty tough. I had to cause it was plenty tough. I had to be some gooey stuff that tasted like worms and probably was.

In a heavy fog. She was so shy she couldn't even talk.

The bus driver was so cross eyed that when he cried, the cows ran down his back. The reason the company hired him was he was the only man available that we all the one who went and where he had just been at the same time. Just before we got to Atlanta, a woman got on the bus and a man offered her his seat, and she fainted. When she came to, she thanked the man and he fainted. When she came to, she thanked the man and he fainted.

Tell me about a feller who drinks so much, he'll come in a store in New York east side, be

Surprised to know that he is an athlete for two years. In 1928, Dr. Pitou won the handball champion at Wesleyan in the 125-

But, folks, when I got to Atlanta, my troubles had just started. It is a queer place and the people do funny things. I think that they have been playing jokes on me, because I stood on the corner for hours with a piece of toast and no jam came along, although a taxi driver even in those days of tiresome program, cap-and-gown discomfort, and board halls, the editorial goes on to say that some students look forward to the day they will stall in solemn procession to accept their sections of sheepskin, but with look forward in sighing resignation to an unnecessary and irksome period of frigging.

"How many seniors want to sit through a baccalaureate sermon coming mindless but hallowed platitudes and factually philosophy?" the editorial adds.

Ask another for a dance while dancing? No! If given an opportunity to go steady with any man, would you go? No!! If you're in tune with the times, you'll wear only a man offered her his seat, and she fainted. When she came to, she thanked the man and he fainted. When she came to, she thanked the man and he fainted.

"How many seniors want to sit through a baccalaureate sermon coming mindless but hallowed platitudes and factually philosophy?" the editorial adds. Debating Club Loses; Meets Emory Team

The Georgia Tech Freshman Debating Team opened its season last Wednesday against the Georgia Evening School. The subject of the debate was: Resolved, that we should oppose a system of coeducation in the institutions of higher learning. The Tech team, composed of Joseph Albert and Mark Conway, was opposed by Miss Dorothy Frankel and Mr. Sidney Watkins. A large group filled the auditorium and the decisions of the judges were announced in fifteen minutes. At the conclusion of the debate, the decision of the judges was brought in and the Evening School won the deciding vote.

In a recent independent survey, an overwhelming majority of lawyers, doctors, lecturers, scientists, etc., who said they smoked cigarettes, expressed their personal preference for a light smoke. Senator Nye's statement verifies the wisdom of this preference and so do leading artists of radio, stage, screen and theater, whose voices are their fortunes, and who choose Luckies, a light smoke. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted." Luckies are gentle on your throat.

"It's Toasted"—Your Throat Protection
AGAINST IRRITATION—AGAINST COUGH

U.S. Senator Gerald P. Nye says:
"I enjoy the comfort a light smoke gives my throat"

"Can You Swing"?

(CONTINUED FROM PAGE 1)

The textile industry is the first to recover from the depression, and with the advent of rayon and other synthetic fibers, the future possibility of this field has been greatly enlarged.

In addition, the textile industry has in its branches for manufacturing this year, the annual value of its products soaring nearly one-third of the total value of all manufactures in the state, there are about two hundred and forty mills located in Georgia, covering all branches of the textile industry, cotton, rayon, wool, silk, knitting, finishing, etc. Even during the depression, the industry continued to grow, and during 1931 Georgia mills placed 59% of the new spindles and 50% of the new looms which were entered a new and brighter phase of the textile industry.

The textile industry was the first to recover from the depression, and with the advent of rayon and other synthetic fibers, the future possibility of this field has been greatly enlarged.

"I enjoy the comfort a light smoke gives my throat."
February 15, having been assigned to an Asiatic station for duty. He is rifle fire contest in the national championship of 1925. The winner of the rapid marksmanship in the Navy is C. P. O. E. H. Kinney, who retired after serving thirty years in the service. Mr. Criswell has served shore duty at the Newport training station and I am proud to be connected with Tech as a highly rated technical college. I have heard of Georgia Tech before coming here, Lieut. Carrington stated, "I hate to leave and hope to come back some time." Upon being asked his opinion of Tech N. R. O. T. C. students he emphasized, "Due to the compactness of the training here, and the cooperation of the faculty, and judging from contact with students of other units I have met, I believe Tech students rate very high and am very proud to have been associated with the unit here."

A University of Wisconsin prankster took it upon himself to remedy the situation after ex-President Glenn Frank had been removed from office by an eight-to-seven vote of the regents. He thumb-tacked a "Man Wanted" sign on the ex-president's office door. Charles L. Hill, Ohio State University Negro graduate student who is studying for his Ph.D. degree, became a licensed minister at the age of twelve.

Lieut. Commander Pace left Tech June, 1935, serving in the capacity of stores officer. Commenting on his departure from Tech, Lieut. Pace stated, "I hate to leave and hope to come back some time." Upon being asked his opinion of Tech N. R. O. T. C. students he emphasized, "Due to the compactness of the training here, and the cooperation of the faculty, and judging from contact with students of other units I have met, I believe Tech students rate very high and am very proud to have been associated with the unit here."

The Georgia Section of the American Chemical Society was addressed by Doctor Edward H. Weidlin, president of the organization, at a meeting Tuesday 16, at eight o'clock. The meeting was held in the Britain Dining Hall and was preceded by a dinner for members of the society and their guests. Doctor Weidlin's discussion was on the various kinds of research now being conducted and the general trend of such work. Dr. Weidlin is the author of many scientific papers, especially those dealing with industrial research. He is an honorary member of the Institute of Chemical Engineers of Great Britain, and a fellow of the Royal Society of Arts.

Weidlin Addresses Am. Chem. Society

The construction permit authorizes installation of new broadcasting equipment, a new antenna, and a new transmitter at WGST, with incidental authority to increase daytime broadcasting power of the station from one to five kilowatts.

Here's aroma for you

...a picture of Chesterfield tobacco just as it comes out of the 1000-pound wooden hogsheads after ageing for three years. If you could be there when these hundreds of hogsheads are opened up... if you could see this mild ripe tobacco, prime and ready to be made into Chesterfield Cigarettes... see the golden color of the leaf... and get a whiff of that delightful aroma...you'd say...

"Delicious... makes me think of fruit cake."

Mild, ripe home-grown and aromatic Turkish tobaccos... aged three years... make Chesterfield an outstanding cigarette... give them a more pleasing taste and aroma.
