
STARTS AT SEVEN

Next Friday night's sendoff celebration will get off to a flying start at seven o'clock when the last pep-meeting of the year will gather in the oval at Tech. The ancient and honorable celebration of the "Burning of the Bulldog" will proceed at the hour of nine o'clock, and will be followed by the dogginest bonfire this town has ever seen.

The "Bulldog" frame will be outside the Academic Building until Friday night, and the students are asked to stuff it with any matter of an inorganic nature, so that the dog will suitably resemble a true bulldog.

Bring three things to the biggest and best pep-meeting of the year next Friday night: a dog, plenty of lumber, a surplus of lung conduction, so that the dog will have a chance to breathe. We owe it to the team to give them the strongest pep-meeting in the history of the school after the splendid showings of the past.

Freshmen to Stage Pajama Parade
In Naval Armory Tonight at Seven

Wives of Football Players Will Be Judges of "Best-Dressed" Freshman.

Tonight at the Naval Armory, at seven o'clock, a show parade will be staged by the Yellow Jacket Club and members of the freshman class, as a part of the pep-meeting being held for the benefit of Tech gymnasts. At this time the Christmas pajamas from "Aunt Minnie" and "Uncle John" will be exquisitely public to view for the first time.

These pajamas are the result of the pin-up girls of the fine art class drawing the map for the designers, with the most painstakingly bedecked alumnus of the class, and the most painstakingly bedecked freshman of the class, finishing up the show.

The elite proceeding will be turned over to the hospital. There are no expenses. Programs, tickets and advertising are all donated. Even the cost of the meals for the five hundred sellers, ushers and other workers are donated.

With expenses averaging $250.00 a day, the Scottish Rite Hospital is in the position of having acquired one of the finest collections of pajamas for its own use.

The proceeds of the sale will be turned over to the hospital.

N.F.O. Holds Activity Night At "Y"

The Non-Fraternity organization is going to have a "Night At the Y" Thursday. Arthur Stellgrove, chairman of the organization, will welcome the new men and urge their participation in campus activities.

The program will consist of Kingschall, Wallie Moyes, Chet Russell, Jack McMillan, and Jimmy Ramsey, who will introduce the Y." The sign in the yard, "Welcome to the Jocks:"

Finale of the evening will be a lantern slide presentation on "Y" Thursday. Arthur Stellgrove, chairman of the organization, will welcome the new men and urge their participation in campus activities.

Tenembryo Bulldogs will be introduced to society on Sunday night.

Plains are now being completed for the greatest motorcade in Tech history. This huge car will be the property of the Georgia Bulldog Club and will be placed on exhibit on the Tech campus.

The motorcade will consist of a 1903 single chain drive model, powered by the latest in one-cylinder engines. It is a car that is sure to attract many sightseers last weekend.

The car will be driven by Jimmy O'Callaghan, Wallie Moyes, Charlie Bickerstaff, and L. N. Larkin.

The decorations consisted of the best of the college colors. The front of the car was adorned with a huge Georgia Bulldog, while those who have seen the car in action say that it is a real eye-opener.

On Sunday each man will have his turn at the wheel. On Sunday, the car will be driven by John Boy, Jimmy Townsend, Hunter Bandy, and Bush James.

On Friday they will be forced to go as alternately as possible. On Sunday each man will have his turn at the wheel. The meal will be served at 8:30 P.M., and will consist of a choice of meats and potatoes, with a variety of desserts.

The meal is over he must take out a sandwich of fried chicken and a slice of bread, and have a seat on the worst meal he ever ate.

FROST ELEAVNS PLAY THANKSGIVING GAME FOR BENEFIT OF CRIPPLES

How much will Tech football fans contribute towards providing for cripples through the annual Thanksgiving Day football game which will be played at Grant Field on Thanksgiving Day? With the difficulty of providing for cripples, it is with great hope that the Florida Tech football fans will contribute towards the establishment of a new home for cripples.

A "raking wreck from Georgia Tech." No true words were ever spoken when the running back of Georgia Tech's running back, who was beaten by the student body during the pep meeting, was out on the field. The "car" was driven by Jack McMillan, with "Bama" in the yard, "Welcome to the Jocks:"

Delta Tau Delta Wins Decoration Contest

The Delta Tau Delta Fraternity carried off the signal of victory in the Homecoming decoration contest sponsored by Anak Society. The Phi Delta Epsilon fraternity was placed in the summer the Del house and extracted many sightseers last weekend.

The decoration consisted of the glorious Golden Torch decorating with great gusto on Atlanta personified by the group of the Mothers. The Mothers that has thus far been pictured as stinking ships, while those who have been decorated with battered hulls and splattered mast signs said the great number of the Jocks have put up. The teams coming up on our schedule were described in less and as follows: The Georgia Bulldogs were a lowly bonfire, the Georgia Bulldogs were a lowly bonfire, the "Y" Thursday, Arthur Stellgrove, chairman of the organization, will welcome the new men and urge their participation in campus activities.

Gone again the Anaka pulled a rabbit out of the hat by presenting Don Bestor. A swell band made a swell set of dances. And orcheas especially to Neil Buckley and "Ducky" Young.

"Publish my name or my gal's name in your noisy column, and by all the Saints I'll have your hide for it! I've a lot of enemies, and you don't know who they are!"

Much as we hate to hold post-mortems, we feel that a much too early death has befallen another one of our antagonistic reader. As a matter of fact, some people dote on the idea of having their names in print; take the case of a certain young lady whose name appeared in our Technique on an average of once a week for three years and became very indignant, sad and pensive when on the fourth week her title failed to appear as usual. It all goes to show that you human nature is a very, very funny thing.

And while on the subject of slander, it might be wise to inquire into our own Calver Kidd's increasing popularity. Some have suggested that his new office apartment and numerous informal parties have lent a helping hand. Stay in there, Kidd.

NO ACCIDENTS

The motorcyle, sponsored by the Yellow Jacket Club, is one of the most intelligent moves on the part of Tech organizations this year. It will planned to provide the students with a pleasant form of recreation, good for the spirit, and to provide safe and sane transportation for hundreds of students who would otherwise walk. The White Tiger would take their lives in their hands on a trip generally conceded to be the most dangerous of the whole year. Never a season more than any other. This was our hope, our faith, our confidence.

Every time Butter's feelings are hurt she definitely regrets her misunderstanding with Wurlitzer Pals. Wonder what F. Bagland thinks about this, or is he just sympathetic?

Little conversational scenes have blown home the notion that this is the beginning of something much bigger than we had thought. For instance, see a dresser with its top drawer out. 

And by way of warning to you young ladies who haven't seen the Blue Room; look twice before entering—if there isn't anything else it resembles blue in it doesn't.

Everybody was glad to see Ollie Wright at the dances. He's the Texan that has used his dance tickets so far this year only for the last five.

Mary Lou Blanchard (pretty name, isn't it?) has had a long leg up, not to mention E. G. Brown, and is quite ready to put the old proverbial punch into her dates. In other words—Shumpy Lou is on the loose. Sorry we can't say the same for E. G. Brown.

Professor: Now Mr. Wells, what can you tell us of the Bell Shaped Curve of Probability?

Wells (a bit gruggy): Nashville again, sir, and, increased returns I hope.

Seems that O'Callaghan and Hubert are reliving the root of all evil.

Johnny Cook? Ed states that he has everything "under control"

We wonder what combinations the motorcyle to Athens will form for the Phi Eps. Are they more than be congratulated on their dance last Saturday night. The reports are that it couldn't have been a better night.

Ed Klein is back in the running again—another upset, eh Johnny Cook? Ed states that he has everything "under control"—now or has he Caroline?—ask Miss Lanier.

Joe Hutchinson is on the make again—It seems that Martha Brown likes her little "Buttercup."

Northwestern Students Proffer Suggestions to the "Fair Sex"

Perhaps the men at Northwestern University realize the impossibility of ultimately pensions women. Knowing themselves to this inevitability, and the girls, they proffer these humble suggestions, speaking for the "fellow across the hall."

Wear a delicate perfume; otherwise he's liable to think there's a stray cat in your purse.

Be nice to the poor boy. After all, it's his money.

Don't stall him off too long; he might not come around again.

When he asks you for a kiss, don't say, "Oh, you'll spoil my make-up." If you do he's apt really to spoil your whole make-up.

Wear a good, flavored lipstick, and, by all means, one that comes off. He likes to show it to the boys when he gets home.

Don't order milk when the others are having high-balls. Order coffee. He'll stay nicer longer.

Don't introduce him to the house-mother till you've closed the door behind him. He might leave you both behind him.

Red Barron to Speak at Big Pep Meet

Red Barron will be back to the Flaite on November 27 to talk at the "Burn of Biggling" pep meeting. For number of years he has closed his tour at Monroe and made the trip to Atlanta, where he will be in with the boys he loves so well. His spirit is a constant to Georgia Tech. "Red" took football for Tech in the early twenties and was one of the finest backs in the South.

His career since his graduation has been one of inspiration. Since being elected to the presidency of Monroe A. & M., he has made it one of the most outstanding schools in the country. Governor Talmadge recognized his work and appointed him to the Board of Regents.

P. W. Purdom Speaks To Civil Crew

The Civil Crew of Georgia Tech entertained Wednesday night, November 11, 1936, with a banquet in the Britain Dining Hall. P. W. Purdom, president of the club, acted as toastmaster. Climaxing a varied program was Mr. R. F. Woodruff's talk on "The Future of Engineering." He brought out the fact that during the past ten years construction has been at a virtual standstill, but that due to the present policy of the government, extensive construction work is being undertaken, and that the outlook was never better for young engineers than at the present.

This group is composed of the professors and outstanding juniors and seniors of the Civil Engineering Department. Some time next week talks to join the Crew will be extended to those members of the department whose work is exceptionally good.

Delegation From Tech To Y'' To Visit U. of T.

The University of Tennessee Christian Association will act as hosts to a group of delegates from Tech on Sunday and Monday, November 22 and 23. The Tech delegation will have charge of several church programs in Knoxville and will take part in a demonstration of the T. V. A. Sunday night at the University. Monday morning will be devoted to an inspection of the city of Norris and the T. V. A. project in general.

The group from Tech will be headed by Mr. James May, with Bill Painter assisting, and will include Johnny Willams, Ed Vinson, Dan Dupree, Glyn Thomas, Roots Halman, Arthur Stellgrove and Bob Clark.

HEAT FLORIDA!
Tech Drops Thriller With Powerful Crimson Tide

Last Monday the freshman football team made its annual trip to Auburn to play the Auburn freshman, only to lose by a powerful team, 25-9. The Tigers displayed a defense that was a thorn in the side of the Tech team in every detail except the final score.

Tech made 209 yards, gained only 117. However, they did put up a good defense, one that is feared by many.

The Jackets made several long runs during the game, but when our team called the game in every detail except the final score. This was the first time in Tech's history that they had put up a good defense.

The Jackets' defense, however, was not enough to keep the Tigers from scoring four touchdowns. Possibly, if the first Tech drive had not ended with a fumble, the Jackets would have won the game.

From the Tech's standpoint, the game was a tremendous win. They gained their first victory of the season, and they proved their real strength when they met the Georgia frosh at Grant Field on Thanksgiving Day.

Tech Boasts Point-a-Minute Team, Largest Score in History

From time to time there often appear ball teams with such a powerful offense that they are labeled "point-a-minute" teams. But back in the early years of Tech football the Jackets turned out an aggregation which yielded the almost impossible feat of scoring a touchdown a minute. This remarkable scoring spree was led in Atlanta as Tech ran all over the Cumberland University football team, scoring 55 points in the first twenty minutes of that year's season. The Jackets scored at an average rate of no less than 2.75 points per minute, an average which has never been equalled since.

This game left Tech in possession of the all-time records for most points scored in any one season. The most points after touchdowns, the most yards gained returning punts, the most yards gained returning kickoffs, and many other records too numerous to list here.

There are a few simple rules which must be followed closely:

- Meet on Techwood Drive facing south at 11:30 A.M. Saturday, November 28.
- Paste motorcade stickers on front and rear windows.
- Keep your position in motorcade and do not attempt to get near the front by weaving in and out of line.
- If forced to fall out for any reason, simply stop, pull over to the shoulder and remain at rear of procession.
- Maintain a distance of 150 feet between cars.
- If you can't be in motorcade, and are in Athens at 11:30 A.M., join the parade.

Discussing a subject of common interest, the M. L. Brittain Debating Society held another of its informal forums at its regular meeting on Tuesday night. The topic was: Resolved, that this house go on record as being in favor of old age pensions.

As this subject concerned each debater and gave advent to many different views, it was debated pro and con in a series of heated arguments. The general opinion of the group was that old age pensions constitute a noteworthy project, although as members of the negative side pointed out, they are rather expensive. A vote was taken at the close of the meeting and it was decided that the house favored pension legislation.

**Frosh Play Benefit Game Thanksgiving**

Not only are the spirited young players made physically well. Daily lessons, taught by a staff of college graduates, keep them up with their more fortunate classmates. The lessons are so arranged that the same scholarly work covered in a year at school is provided. Special school lessons, taught each week by a group of young ladies, take care of the children's spiritual development. This three-fold treatment depends on the hospital's revenue, and the revenue depends to a great extent on the attendance at the Thanksgiving Day game.

Success of the Scottish Rite Hospital in its undertaking has influenced the founding of a great many similar institutions throughout the country. The annual East-West game on the Pacific Coast, which occurred at approximately $75,000 a year for the same cause that the Tech and Georgia freshman teams play here in Atlanta. Throughout the country, communities are contributing to the support of hospitals for crippled children. Following the pattern set here in Atlanta.

The game Thanksgiving Day will be the annual Tech-Georgia varsity game three years from now. The varsity teams in 1939 at both schools will be made up of men now playing on the freshman teams at their respective institutions. They may be a little smoother in their plays, a little bigger individually in 1939, but they will not play with any more enthusiasm and determination to win than they will on this Thanksgiving Day.

In the East and West stands, reserved seats will cost one dollar per person. In the South stand, seats will be only fifty cents. Not a very great sum to pay to see a preview of the South's greatest 1939 football classic, not very much to contribute to the crippled children; but how tremendous a contribution to changing the entire outlook of some little cripple! **Delta Wreck Carries Off “Golden Gaboon”**

(Continued from Page 1)

Second place honors were carried off in a wreck much too complicated to explain. This wondering junk-pile was entered by the A. T. O. boys. It seemed impossible that this scrambled man of water boilers, chairs, tin cans, stove pipes, and freshmen could qualify to complete two rounds of the track.

An air of sophistication was added to the contest by the Beta Kappa's third prize entrant. It was a town car, delicately driven by a chauffeur and containing as passengers two gentlemen in top hats, white ties, and tails. All the entrants received a prize, but the grand prize was the priceless "Golden Gaboon." (Don't embarrass me by asking me what the Golden Gaboon is, because at this moment—or any other moment—I couldn't give a clear definition of it.)
