34 Tech Grad Wins $1,500 Scholarship To Columbia U.

Clifford Martin Witcher, member of the class of 1937, who has been a

member of the Alpha Tau Omega fraternity throughout his four years at Tech, has

been awarded a scholarship to the University of Columbia. The money will be

used for his living expenses during the coming year.

Election of officers will be held this

Saturday, May 8, at the Student Council meeting in the main building.

The meetings will be called to order by the outgoing president, who will

read the minutes of the last meeting and announce the nominations for the

officers of the organization.

The election will be held by secret ballot, and the new officers will be

announced at the close of the meeting.

Kay Weber Featured Vocalist With Dance-Piece Orchestra

Ticket Price Reduction Assured; Extra Dance May Be Scheduled

Bob Crosby, brother of the famous "bandleader and leader of one of the nation's most versatile bands, will bring his orchestra to Tech for their only appearance on campus this year, on June 10, 11, and 12.

The orchestra contains fifteen pieces, including Bob, who is adept at several instruments, and the lovely songstress Kay Weber, who is a featured vocalist for the Crosby Brothers Orchestra.

Playing at the beautiful new Concourse Club in Chicago, Bob and his band can be heard every Monday, Wednesday, and Friday nights over the blue network of the National Broadcasting System. They have recently completed a successful tour of the middle West colleges and universities, playing for the spring concert of the University of Illinois, Northwestern University, and the University of Michigan.

Henry Swift, president of the ODK Society, declares that it will be possible to obtain Crosby for six dances, instead of five, if the campus делает," a very simple and effective synopsis of the advantages of block booking for the students of Tech. The price for each dance will be reduced to 

Parents Of Techmen Entertained Here On Honor Day

Through the cooperation of O. D. K., the Student Council and the various departments and honor clubs at Tech, parents and visitors of all Tech students will be entertained during Honor Day May 14. After the exercises from 10 to 12 in the chapel of the main building, where Tech will hold its Regimental Review, the honor clubs will meet in the student center and entertain the guests. The day will end with a banquet in the evening, and the visitors will be bused back to the university by the Tech Transportation Bureau.

Printing, distribution, and handling of the program will be handled by the Student Council and the Student Council. The program will be distributed to all students and visitors on the campus.

Predict Purified Politics

As the time for the Interfraternity Council Elections ap- proaches, we see, on every corner of our campus, groups of students, heads together and tongues wagging. We learn that everything from the Brooklyn Bridge to the pyramid of Giza is being "promised" by the contesting clubs. Generosity is predominantly the keynote of the deadline approaches. Instead of the customary "Paul, how about a cigarette?" we hear, "Have a drink of water, bubba."

At the last returns, both sides claim anywhere from fourteen to sixteen votes. There being but twenty-three fraternity members, there is some conjecture as to whether several additional fra- ternalities will be chartered, enfused, and enrolled by Sunday. A poll of several prominent Seniors reveals the following: "Butch" Parks—"Everything is on the up-and-up. I hope. John Williams—The band is quicker than the eye. D. L. Echols—The cars have run and been rounded, and someone has been put out. Geo. P. Burkold—Some sounded shuffling the cards after they were stacked. Fred Phillips—We can't lose. Carl Roberson—We can't lose. Mitchell-Mitch—We ain't got no politics at Tech. That's high school stuff. Cartell Williams (Ga. Tech's No. 1 all-fraternity man)—No matter who wins, I can't lose.

The national reputation of this institution is based not on claims, but on results. Its greatest asset is the record which its alumni are making in the productive work of the world. Georgia School of Technology has been successful because they have been trained both to think scientifically and to work efficiently. Courses in Civil, Electrical, Mechanical, Textile, General, Ceramic, Chemical, and Aeronautical Engineering, Architecture, Chemistry, and Industrial Management

Majority of Seniors Applying for Jobs Have Been Placed

Seventy-five per cent of the members of the Senior Class applying for jobs have already been placed, many with the country's foremost corporations, it was announced yesterday by the personnel office. More than 100 have already been definitely employed, while more than 30 companies are still interested in employing Tech graduates. Five have received commissions in the Navy, one in the Marines, and five in the Naval Flying School.

Thirty-four companies and organizations have engaged Seniors to report in work soon after graduation. A number of other companies which have been at Tech for interviews will notify the personnel office before May 15 concerning the men in whom they are interested. Two of the largest corporations in the nation took 11 and 9 Tech Seniors, respectively.

The personnel office, with Dean Floyd Field in charge, and George Griffin, assistant head, was organized January 1. Before this year each department placed its own graduates.
