INTELLECTUALS OF PHI KAPPA TAU ENGAGE IN A GAME OF CHESS.
ALTHOUGH SMALL IN number, the members of Phi Kappa Tau make up for their size by devoting a lot of their time and effort to building a strong fraternity. They do this by winning sporting events, encouraging scholarship, and promoting interest in campus activities. . . . To demonstrate this interest, they boast of Troy Norris who is a member of ANAK, and President of the Interfraternity Council. Others belong to many varied clubs around the campus. . . . Each year all the brothers and pledges shell out those greenbacks to finance a Christmas Party for underprivileged children. The outstanding social function of the year is their formal held during the Fall Quarter when the Sweetheart is named. They also have several dances at the house and many house parties.
Kappa Deuteron  
Chapter

DURING THEIR THIRTY-FIFTH year at Tech, the Phi Sigma Kappa's have rolled up an admirable record. They hold claim to men in virtually every organization on campus, and in nearly all varsity sports. Two Phi Sigma Kappa’s were on the starting line-up for the Yellow Jacket basketball team this year. They are Gary Phillips and Bud Blemker. Blemker was also a star pitcher for the baseball team. . . . Another of their outstanding accomplishments is their fighting spirit which they have demonstrated in all competitive events that they enter. This year they won the IFC sponsored Blood Drive and the Homecoming Display. Their social calendar has already been busy. One of their outstanding parties this year was a Playboy Party which was a tremendous success. Another big dance was their Founder’s Day Formal.
Even the Playboy rabbit made an appearance at the Phi Sigma Kappa party of the year, the popular Playboy Party.

Amid a round of applause, Playmate Janice Threadgill walks forward to accept formal congratulations.
The nationally famous four Techniques proudly present extra-lost cost entertainment for very proud "brothers."
Four members of Phi Sig bridge club engage in an intensely intellectual session of Hearts.

HOMECOMING QUEEN SUE REDFERN, OSCAR, JOHN, BOWEN, SPECK
THE PIKES HAD a banner year this term under the direction of Van Hudson. They began by becoming bowling champions of their league. Plans made for a new house were completed and the wheels began turning to bring this to a reality. Social season made the life of the Pikes easier under the heavy load of school work. The main event was the Black and White Formal held at the Standard Town and Country Club. Other social outings unique to the Pikes include the Possum Hunt and the Bottle Hunt. The men who lead the Pikes on the campus are Van Hudson, a member of Sigma Pi Sigma, the Physics Club, Tau Beta Pi, the student council, and the RAMBLER staff. Dorn Thomas was president of the Vets Club, and a member of Phi Eta Sigma, Eta Kappa Nu, Phi Kappa Phi, Kappa Kappa Psi, and Tau Beta Pi.

PI KAPPA PHI BEGAN making plans for their addition to the house this year. The new annex is to include rooms for the housemother and a new dining room. The Pi Kapps are the only men on campus who have both a housemother and father. Mr. and Mrs. Lowndes are there to help the boys whenever the need arises... Bob Dewhurst, a member of the varsity track team, was the fraternity's outstanding athlete. At the annual Rose Ball in February, President Joe Luciani named Miss Francis Mitchel the new Pi Kappa Phi Rose... Pi Kappa Phi has had many outstanding members in its history. Some of the most respected members of the Tech faculty are alumni or active members, two of which are Dean Ralph Hefner and Dean George Griffin.

With Elvis in the Army, this Pi Kap competitor may be well on his way to national fame and glory.

A Pi Kappa Phi ham hams it up over his short wave broadcasting and receiving set during a lull at the house.
While the President of Georgia Phi Chapter of SAE stands by, the newly selected Sweetheart of SAE is pinned by proud escort.
ENJOYING THE NEW addition to their house, the Georgia Phi Chapter of Sigma Alpha Epsilon Fraternity again had a banner year in 1957-58. Led by several outstanding seniors, the SAE's made the other fraternities look up and take notice as they began the new school year with thirty-eight new pledges. . . . As the year progressed the prospects looked even greater as the campus leaders such as Buddy Parker, Bob Hill, Roger Fleming, Pete Roane, Sam Fleming, Tommy Roberts, and Victor Beadles led the fraternity in extra-curricular activities. . . . The SAE social calendar has been one that never has been overlooked. Throughout the year there were house dances and to climax each quarter there was a house party. Probably the outstanding social event was the “snowed-in” house party at Lake Winfield Scott.

MECHANIC PAUSES TO COMPARE ADVANTAGES OF WRECK-MAKING TO THOSE OF VOLLEYBALL.
LIVING UP TO THE reputation that the past years have produced for the Sigma Chi’s has been a hard job, but again this year they managed to do so by hard work and sincere interest . . . Fred Smith, President of ANAK, Editor of the BLUE PRINT, and a member of many other campus organizations was a leader in campus activities with Chappy Summers, a member of the Student Council, ANAK, and ODK close behind. Jimmy DuBard, Bill Vanlandingham, Wayne Patterson, Larry Fonts and others are also active . . . As usual the Sigma Chi’s did well at Homecoming by coming in second with their display . . . As for intramural sports, the brothers and pledges put up a fight for each sporting contest in an effort to retain the much sought after IFC trophy that they won two years ago . . . In addition to their many parties at the house, the school year was made more entertaining by hayrides and house parties. The outstanding social event was the Sweetheart Ball.
A young Sigma Chi admirer is dwarfed by Linus; the Sigma Chi "Nuts to Duke" Homecoming display won second place for the fraternity.

BROTHERS, RUSHEES, CANNIBALS, AND HULA GIRLS MIX IT UP AT A SOUTH SEA ISLAND PARTY.
IN ITS SIXTY-TWO YEARS at Tech, Sigma Nu has enjoyed and compiled an enviable record. They have enjoyed success in various aspects of college life which include scholastic, social extra-curricular activity, interfraternity and sports... In addition to the parties and dances at the house throughout the year, the party for underprivileged children, the formal, and house parties are outstanding. The formal, called the White Rose formal, is held in the Winter Quarter and is probably their biggest social event... Along the line of extra-curricular activities the “Snakes” claim honors with Jim Peacock and Maxcy Cochran. This year Jim is Editor of the Rambler, and a member of ODK. Maxcy was battalion commander of the NROTC, Who’s Who, and in ODK.

SIGMA PHI EPSILON came to Georgia Tech in 1907 in the form of the Georgia Alpha Chapter. In the years that have passed since their arrival here at Tech, the Sig Eps have grown to a well-rounded and strong group. . . . Of the many clubs that are liberally sprinkled with members of Sigma Phi Epsilon there are as examples the Blue Print, Tau Beta Pi, Phi Eta Sigma, Phi Kappa Phi, practically all of the departmental societies and honoraries and the YMCA-sponsored clubs. . . . On the party side of fraternity life, Sigma Phi Epsilon has always managed to hold its own. The primary social events are the Sweetheart Ball in the Winter Quarter, and the Christmas Party and the Pledge-Brother Formal. . . . On the gridiron and court side of fraternity life, Sig Ep always seems to show their skill and initiative.
Beyond the outstretched arm of a worthy opponent, a Sig Ep drives in for another lay up shot during intramural action.

Amid various odds and ends, an amateur carpenter tries to keep the faithful old fraternity safe from falling apart.
As did other fraternities, SPE took advantage of the cold spell by building an ice rink.

A WHOLE LOT OF SHAKING GOING ON IN THE SIG EP BALLROOM; A "NO PARKING" SIGN IS CERTAINLY NOT NEEDED.
Having undergone an inspection, a pledge’s paddle receives brothers’ approval; paddles are a tradition within Tech’s fraternities.
THE PHI CHAPTER of Tau Epsilon Phi is one of the smallest fraternities that is on campus and yet has achieved the ultimate goal of a fraternity—to stimulate scholarship, to create and encourage social activity, and to promote leadership. . . . Leadership is promoted by encouraging and advising the brothers and pledges to join and participate in extra-curricular activities. For this reason many clubs, departmental societies, and honoraries, have TEP's as members. . . . Social activity is created in the form of parties and dances at the house, house parties, the annual Sweetheart Dance, and finally the Pledge-Brother brawl and dance. Of these the most outstanding is the Sweetheart Ball, which is held in the Spring Quarter at which time the Sweetheart for the coming year is named.

**OFFICERS**

HENRY HIRSCH . . . . . . . . . . Vice President
STANLEY DANIELS . . . . . . Secretary
DON WELSHER . . . . . . . . . . . . Treasurer
THE BETA PI CHAPTER of Tau Kappa Epsilon was pleased with the outcome of rush week this year when thirty-eight men added their names to the TKE rolls. With this new and fresh start, Tekes added new drive to their desire for a new home. . . . Interest in campus organizations and publications are one thing that the Tekes are especially proud of. A great many of their members belong to YMCA sponsored clubs, publications, departmental societies, and honoraries. The leaders in these organizations are Dan Laird and Steve Field . . . In addition to their many parties and dances at the house their social calendar contains their outstanding social functions, the Red Carnation Ball and the Founder’s Day Weekend.
Shown is a scene from one of many TKE informal dances; a mob of guys and gals have themselves a really enjoyable Saturday night.

Applying huge quantities of elbow grease, a pledge of Tau Kappa Epsilon shines the chapter's bronze plaque.
A group of temporarily lazy pledges incite a mild degree of berating from an even lazier group of actives.

WHETHER FAKING HIGH STAKES FOR PHOTOGRAPHER OR PLAYING A GAME WITH CHIPS, THETA CHI'S ENJOY CARDS.
ALPHA NU OF THETA CHI began its thirty-fifth year in great style. During rush season they added thirty-three good men to their ranks. With this fine start, Theta Chi entered wholeheartedly into their school work and into the Fall Quarter activities. . . . Determined to assert themselves in intramural sports, Theta Chi's finished second in their league in basketball and bowling. . . . The social highlight of the year came in February when the Carnation Ball was held at the Standard Town and Country Club, where Miss Ramona Compton was crowned Sweetheart. . . . Some of the members seen “wheeling” about the campus this year were Les Horn, Chairman of the World Student Fund and Who’s Who in American Colleges and Universities; Skip Bowling, President of the Executive Roundtable, a member of the Koseme Society, and also Who’s Who.
SEVERAL OF THE BROTHERS GET TOGETHER FOR THE SINGING OF FRATERNITY FAVORITES.
All is not play for the men of Theta Chi fraternity; as darkness rolls around, the books begin to be opened — on week nights, that is.
THE MEN OF 179 Fourth Street started 57-58 off with a high note of optimism and hopes of success. Throughout the year this spirit has been evident as the Theta Xi men put forth all of their time and effort so that the other fraternities would stand up and take notice. . . . Results of their tireless efforts appeared first in their entry in the Rambling Reck parade at Homecoming. Soon after, the other fraternities in their league did take notice as the men of the Beta Alpha Chapter displayed their talents on the gridiron and later, on the basketball and volleyball courts. . . . One of the proudest achievements that they have made this year is their scholarship. Recognizing the importance of scholarship, more emphasis was placed on the books and tremendous accomplishments resulted. . . . Not to be denied are the Theta Xi social functions which are highlighted by the Orphans Party, the Christmas Party, the Founder's Day Banquet, and the Sweetheart Ball.

OPEN HOUSE GIVES BROTHERS THE CHANCE TO FORGET MISERIES OF SCHOOL
THE ONLY NATIONAL sorority in the country that appears in the fraternity section of the year book, attends regularly the IFC meetings, and actually calls themselves a fraternity, is Georgia Tech's chapter of Alpha Xi Delta. The co-eds are continually faced with problems and hardships that would discourage almost anyone, but not the girls of Alpha Xi Delta . . . To gain recognition for their small but spirited group, the girls have entered and well in many campus organizations and many competitive events with the Tech Fraternities. Such an event is the Homecoming displays which the co-eds have entered in each year and have done very well . . . On campus the girls belong to practically all organizations and clubs on campus. Some of those represented are the Blue Print, the Technique, YMCA-sponsored clubs and the departmental societies and honoraries.
LEFT TO RIGHT: Bob Traylor (Secretary); Alan Michael, Randy Bobbitt, Andy Clark, Dan Leird (Chairman); Sonny Howard, Julian Byron, Tom Hughes, and Roland Toups. NOT PICTURED: Steve Gumenick.
