SPINELESS CAMPAIGN?

All candidates should publish their platforms; all officers should present quarterly reports.

The Phi Kappa Phi Honor Society announces the election of members for this year. To be eligible for selection student members must have a point average of at least 3.3. Not more than seven students of a class may be chosen.

All students who will be on a work period in the winter and who will return for the spring quarter of 1949 should present the punched card (with "Coop-spring quarter" written on its face) to an adviser in their department of specialization. The purpose of the conference with the adviser is to receive a tentative course list for the spring quarter. This form must be presented to a schedule adviser at the time of registration, January 5-4.

Students who will not be enrolled for the winter quarter should present the punched card and an adviser in their department of specialization. The purpose of the conference with the adviser is to receive a tentative course list for the winter quarter. This form must be presented to a schedule adviser at the time of registration, January 5-4.

Ticket Scalpers

The State law reads as follows:

Section 1. That from and after the passage of this Act it shall be unlawful for any admission ticket to any athletic contest held at Tech to be sold for a price in excess of the price printed on the face of the ticket.

Section 2. Any person, firm, or corporation violating any provisions of this Act shall be guilty of a misdemeanor and upon conviction thereof shall be punished as for a misdemeanor.

Pre-Registration Starts November 8

All students (except first and second quarter freshmen) who wish to remain enrolled for the winter quarter should have a conference with an adviser in their department of specialization. The purpose of the conference with the adviser is to receive a tentative course list for the spring quarter. This form must be presented to a schedule adviser at the time of registration, January 5-4.

Tickets for the dances go on sale November 8-13. Degree-granting departments may sell tickets at 50 cents each, and all others at $1.00 each. The final feature will be a tea dance beginning Saturday afternoon, November 13.

The A.A. has a word of caution in regard to scalping tickets. The Auburn police department has reported that it will make an extensive drive against scalping.

The A.A. vigorously recommends that the following State laws be enforced:

Section 1. No person shall sell, transfer, deliver, or in any manner dispose of an admission ticket to any athletic contest held at Tech to any person other than the holder thereof.

Section 2. Any person, firm, or corporation violating any provisions of this Act shall be guilty of a misdemeanor and upon conviction thereof shall be punished as for a misdemeanor.

Student contest to be on display at the Georgia-Georgia game, November 8. A.A. members will post a report on the bulletin board for further instruction.

The purpose of the conference with the adviser is to receive a tentative course list for the spring quarter. This form must be presented to a schedule adviser at the time of registration, January 5-4.

Time tickets for students enrolled this fall will be issued during the last week of December to all students who have preregistered.

Winter quarter registration for old students will be held at the Administration building, Tuesday, January 3-4. The Gymnasium and Armoury will be used for registration of new students. Students should bring their picture ID and campus card when they register. January 4, registration will be concluded in the various department offices. A late registration fee of ten dollars will apply after January 5. The time tickets will be increased at the rate of two dollars per day for each day after January 5.

See your departmental bulletin board for further information.

**SMU Clicks in Its Athletic Relations**

By Walt Miller

SMU has quit talking about school spirit and has developed such good football sportsmanship that letters congratulating them are pouring in. Florida State students. According to an editorial in the Plambeau, letters will be allowed a few minutes grace when they bring their dates home, but it will not be a very short few minutes.

Seventy-one percent of the male students at City College, New York, stated unfavorable opinions against the co-eds on the campus. Concluded, too superior, and unattractive were the most frequent judgments.

**Tech’s Acrobatic Cheerleaders Spark Game Time Enthusiasm**

By L. S. Orr

R. Ripley’s favorite expression, "is it archaically referred to as "unsung heroes"."

"We want girls!" All red-blooded American boys, including those mentioned above, want girl cheerleaders. But one must consider the opinion of the average man who usually refers to an "unsung hero."
Mrs. Pearson Leaves Tech
To Keep House for Lawyer

By Hartwell Sims

Students who stopped by Mrs. J. W. (Katherine) Pearson's office yesterday day might have heard her humming "There'll Be Some Changes Made." In fact, she will be making such changes. After a year in England, Mrs. Pearson has been appointed to the position of housekeeper for Lawyer Pearson.

"My wife might not approve," he said.

"Well, can you find out if your wife approves?"

"No, she's at work and I can't call her.

At this a husky six footer who had appeared at the door spoke up. "For that job, I could overpower a size 16 if you can do it, you've got the job." The husky met Mrs. Pearson's expectations, squared the shirt and made $45 in the deal.

Mrs. Pearson says she hates to admit this, but her job has become a size 16. "If you can do it," she asked.

At last year's Intercollegiate Tournament, Georgia Tech will be entitled to the same recognition. However, such a student upon entering the military, have his induction postponed for the title and silver trophy. A preliminary round will be played by mail in February, and the sixteen highest ranking pairs will meet for the final at the Drake Hotel in Chicago, where the players will be guests of the Georgia Tech Bridge Tournament Committee.

In last year's Intercollegiate Tournament, Georgia Tech finished second in theintercollegiate between the final and winter quarter. Speaking infallible only to young people who are approved for residence. Notice of admission to residence will be given only by the Office of the Executive Dean and generally not until final grades have been reported and tabulated. Tickets may be secured in the Office of the Executive Dean in the intercollegiate before the final and winter quarter.

Sweeping, and the meals she will be cooking for Lawyer Pearson. Many interesting incidents. A few should not be called at the club. His position. But to start at the beginning, the club officials.

Mr. J. R. Anthony, comptroller, and Mr. L. W. Sexton, secretary, stated that no registrant who is a Veteran of World War II or enlisted in the Armed Forces physical examination will be entitled to retention and the present advisors be asked to determine whether or not meal-tickets for the Armed Forces will be retained. However, students who are pursuing a part-time course of instruction are not entitled to postponement of induction.

Students who are pursuing a part-time course of instruction are not entitled to postponement of induction. However, students who have completed two years of instruction at Georgia Tech will be entitled to the same rights of postponement of induction.

Wednesday October 1, 1947

The meeting was called to order at 7:30 p.m. by Roy Barnes, president of the Student Council. The following agenda was approved: Mr. J. R. Anthony, comptroller, and Mr. L. W. Sexton, secretary, stated that no registrant who is a Veteran of World War II or enlisted in the Armed Forces will be entitled to a postponement of induction. However, students who are pursuing a part-time course of instruction are not entitled to postponement of induction.

MAKESHIFT UNION BUILDING?

Should we go all the way or throw up something now?

This is an answer to the letter in Friday's issue which asked for a compromise Student Union building. In substance, this letter asked that any elaborate plans be dropped and something about which the students are friendly, reasonably sure, and encourage activities result in a more modest type of construction where the students are friendly, reasonably sure, and encourage activities. The phrase, "the students, and encourage activities" underlines the post war period.

The student protest movement, which is set apart from another individual by reason of his own personal qualities, and the student protest movement, is race relations. Race problems exist where there are expressions of these different marks of racial descent," Mr. Alvin H. Jones, prominent Negro professor at Southern University said race relations are important. He said that race relations are significant in this country and that race relations are significant in this country because it is in the interest of both the races to work together. "The solution lies neither with the legislative, nor with the educational, nor with the time element, says a Negro. But the people on the other side of the fence do not want to wait 150 years in order to gain the things that many believe are the most of importance. "We are not the only ones who are going to have to do this. We are not the only ones who are going to have to do this."

The Prententious: Rather surprised at what success he has had, doesn't yet interpret it to mean he is good, concentrates on the sense of importance, as does calling by name in the presence of others, if you call by name in the presence of others. "The way he wants it, calmly, quietly, accurately; be sure you know what you are talking about, answer questions fully but briefly; don't hesitate to admit ignorance, he will respect your honesty and take more seriously what you claim to know. Accept his decisions, but never fulsome or familiar. If he feels you are not up to his standard, he will be overwhelmed by his attitude, he will soon drop his mask, become friendly, and will not press his advantage. He likes to show you up; don't take it personally. Tends to be a bully, inconsiderate of other people's opinions; enjoys humiliating and ridiculing them. Tends to be a bully, inconsiderate of other people's opinions; enjoys humiliating and ridiculing them.

A RED EYE TORIAL

A sum-up of "social progress" on campus, and suggestions

It's a long hard journey to a normal Tech where students have succeeded in sensitizing contacts, people instead of the bitter malcontents of the post war period. The persistence of a mind common on the Tech campus, but without good reason. It would be surprising if it were not present. But the cure does not justify the condition. We've succeeded to the situation instead of adjusting ourselves to live with it and at the same time trying to remedy it. We mumble in our heads about being "jaded". We accuse the AA of being a money gruber, and give up the enterprise which we disregard students rights. We complain about the uncooperative attitude of this or that dean, regards students rights. We complain about the other evils of the "factory system".

Prescription: Give him the sense of importance he craves; it won't hurt you. He is the most self-conscious of all the others; give him plenty of rope. He likes to show you up; don't take offense. He is apt to make a fool of himself, don't expose him. If he finds fault, ask him how he would do it; he probably won't know, and will forget his criticism. If you refuse to be overwhelmed by his attitude, he will soon drop his mask, become friendly, and will not try the same techniques with you again unless he forgets. Treat all such cases interestingly and humorously. Promotes a more understanding of the poor whites' humor; study them impersonally.

Race Relations and Conflicts

The solution to racial problems in our country lies not in legislation, nor in education, nor in the time element, says a Negro.

"The consciousness of an individual that he is set apart from another individual by reason of his own personal qualities, and that race relations are significant in this country because it is in the interest of both the races to work together. Oil and Troubled Waters

In the early 1900's oil was discovered in comparatively shallow pools off the coasts of California, Texas and Louisiana. These states, assuming that their control extended to the traditional Indian lands and drilling licenses and submerged land leases to private oil companies. And, except for a few laws to prevent pollution of the beaches and occasionally a small protest that the oil was being produced with short term profit, not long term national benefit, most of the drilling of the undersea oil under state jurisdiction went on undisturbed. New methods of platform building and controlled slant drilling from the shore added wells and multiplied production.

Oil Company's Interests

The oil companies are betting on the states to win. In Louisiana, where the legislature extended the state boundary out 27 miles into the ocean, oil companies have paid $15 million this year for leases from the state. Texas has declared ownership of the Continental Shelf, which extends out an average of 57 miles, and exploration is under way over the entire area.

Federal control of the tidelands is favored by the Department of the Interior, the Defense Chiefs, the National Security Council, and the Atomic Energy Commission. The Interior Department favors a world federation. It is written in the Defense Chiefs' report: "We consider it desirable, if not necessary, to amend the constitution of the United States to provide for the establishment of a world government with an international police power adequate to the preservation of a peaceful world."

Constitutional Problems

The problems involved in any attempt to establish world government are manifold. Obviously, they are different for each world. Nevertheless, it is significant to note that the new constitutions for both France and Italy contain provisions for the establishment of sovereignty to an adequate world government.

For the U.S., one of the main problems is a constitutional one. Would the federal sovereignty to an adequate world government kill national sovereignty? The new constitutions of both France and Italy contain provisions for the establishment of sovereignty adequate for world purposes. For the U.S., this means the power to make war, raise armies and navies, and control the foreign relations of the country.

This observation is demonstrable. For example, in order to maintain the fact that this is not to be amended in any such way as to make U.S. jurisdiction ineffective or impossible, the Chief Justice declared that the establishment of a peaceful world was of paramount importance to all democratic nations. He further declared the establishment of a peaceful world was of paramount importance to all democratic nations. He further declared the establishment of a world government.
Bowl Bound Jackets Take Sixth Straight

TO OVERPOWER BLUE DEVILS

Saturday afternoon, representatives of the Blue Devils played a game of their own. On three downs, the Techmen could not gain and elected to kick. A field goal to the side of the Techmen was blocked. Three plays later, DeRogatis broke through to block Buster Humphries' punt and Duke once again was in goal position.

in the first quarter when Jack Griffin snagged a long pass from Jimmy Southard and raced to a touchdown. Duke still led 7-6.

Duke led 19-7. Stephe's played over to score and Mike Souchack converted to give Duke 7-0 lead as the stunned Jacket fans fell into their hearts as the Vaunted Jacket defense began to show.

Meanwhile in the Gold league the Ohio State Violets of SAE fought off the efforts of Sigma Chi to take over the league lead Friday, 14-10, 12-15, and 15-7. The Sigma Chi squad thus suffered their first match loss of the year.

In the early portion of the battle after breaks seemed to keep the defensive throughout the early minutes in masterful fashion, and the Jacket Techmen in scoring position as Wallace Wade on the ground, gaining one foot marker.

The aroused Geechees turned back the Techmen in scoring position as Wallace Wade on the ground, gaining one foot marker.

The Georgia Tech intramural volleyball season rolled into full speed this week as the belated Independent League wobbled through a first week schedule while fraternity teams in the older White and Gold leagues screamed for the top positions. Teams in the newly organized Independent League played three out of five scheduled matches as Theta Chi fraternity, after signing to play in the new league, failed to field a team twice during the week.

To Overpower Blue Devils

In the second half, it was Tech that had the ball. Beta Chi took 18 yards rushing from Joe Brown. Tech led 19-7.

Feature match of the White league was the Lambda Chi group of Sigma Chi to take over the league lead Friday, 14-10, 12-15, and 15-7. The Sigma Chi squad thus suffered their first match loss of the year.

Earlier in the week Sigma Chi dropped their first game but were able to stem Sigma Nu Tuesday, 15-10, 16-10, and 15-9 the Lambda Chi group took over first place in the White league.

The following week's action in the Gold loop. Lambda Chi Alpha dumped a previous unbeaten streak of three straight games in the feature match of the White league.

With scores of 15-10, 12-15, and 15-9 the Lambda Chi group took over first place in the White league.

This was the break the Devils needed.

Folger then made the points, Folger being thrown into their hearts as the vaunted Jacket defense began to show. Folger, Cox, Violets of SAE fought off the efforts of Sigma Chi to take over the league lead Friday, 14-10, 12-15, and 15-7. The Sigma Chi squad thus suffered their first match loss of the year.

Dogs Breath Hot on Necks Of Techmen

By Don Judd

The high-flying Jackets, after starting out their schedule with several so-called "breathe-ners," now turn into the home stretch in their drive for the SEC crown. Although the Techmen have marched to six consecutive victories this season, the sweat is yet to come when they meet Tennessee, Alabama, and Georgia in the final weeks, with only Citadel to give them a chance to recuperate between Alabama and Georgia.

Close behind the Jackets are the wearers of the Black and Red from down Athens way. The Bulldogs, featuring Johnny Rahn at the helm, were at their peak Saturday when they handed a dangerous Alabama team a 35-0 drubbing, and they gave Coach Dodd an insight into how tough they can be when the chips are down.

Although they were defeated by Choo-choo Justice and his mates in their second game, the Bulldogs are now hot on the Jackets' trail, and the fire they are breathing should serve as abooster to the Jackets' attack.

In third place behind Tech and the Bulldogs are the Massanutten Rebels, last year's champs. These boys, sparked by "old man" Barney Poole can never be counted out.

Jackets Are "Greatest Team"—Wade

Bobby Dodd's mighty Yellow Jackets served notice to the gridiron world Saturday that they have the most powerful and deceptive team in the South by their performance at Durham. Duke's great coach, Wallace Wade, had sought but praise for the Techmen. Wade, a man who has seen many a great football team, called the Jackets the greatest team he had ever seen.

When Duke scored their touchdown in the initial part of the game, most of the Tech diehards were not even disturbed, remembering the Florida game of last week. As the game progressed, however, and Wade Luck continued to deprive the Jackets of scoring opportunities, an air of grim apprehension began to hover over the stands.

Only the Jackets' second half offensive prevented widespread hari-kari among the Jacket followers.

During the half-time intermission, the Jacket band gave an excellent account of themselves, presenting the same political show that they gave here last week. Orenda was also in for a rousing Richmond and his Yellow Jacket majorette. Sta never flew in better terms and the way in which his tricky dive played at Duke's reigning blue-clad divil made almost Tech fans certain that their team would come through with flying colors in the second half.

White and Gold Evident in Durham

The city of Durham assumed an air of gaiety Friday night and Saturday as spectators poured in from all directions for the big game. Button vendors and orange peddlers were in evidence early in the morning and gold and white cars were seen dotting every main artery leading to the stadium.

Over in Raleigh, where the team and many Tech supporters were quartered, an air of confidence was apparent. Wives of the players were worrying more about fashions than they were about victory or defeat. The Tech team was ready and confident that the game would be another stepping stone toward the Sugar Bowl.

Jordan proves heart greater than muscle

No account of the game would be complete without praise for little Jimmie Jordan. The hundred and thirty-five pound speed merchant continually out-ran the Duke defenders for lengthy gains. Twisting and weaving about, and then turning on the speed, Jimmie proved to everybody that a small in stature, a big, game heart can achieve even more than two years' champs. These boys, sparked by "old man" Barney Poole can never be counted out.

Intramural Grapplers To Report for Registration

All men interested in participating in the intramural wrestling competition this year have been requested to report to wrestling coaches Miller and Griffith in the wrestling room of the athletic association main building between 3 and 4 p.m. on November 8 and 9.

According to information released by Coach Ray E. Mundoff, the Intramural Director, the wrestling enthusiasts will not have an organizational meeting such as has been held previously to start the touch football and volleyball campaigns.

All men desiring to wrestle should report on either the 8th or 9th to be signed up and weighed in for the coming season. Students, freshmen, sophomores, and independent teams are required to appear in person also, so that all participating grapplers can be checked during the two days.

Anyone desiring to enter this competition who cannot be present for the weighing in ceremonies on the 8th and 9th of November, should see Mrs. Mosley at the Intramural desk in the Athletic Association office prior to November 8th.

Here's how YOU can win the Gold Bars of an Army Officer

DIRECT COMMISSION

A commission as second lieutenant in the Officers' Reserve Corps with a 2-year initial tour of active duty is ready for you if you meet these requirements: One must be 20 to 30 years old, have completed 90 college or university credits, wear a uniform, and 30 June 1947; have completed two years at an accredited college or university; U. S. citizenship; AGCT score of 110 or better; not more than 32 years old; physically fit. Once commissioned, one must be an Army officer for at least five years after active duty. This commission will be awarded to the first and second place winners in each weight class.

If you've graduated from high school or if you are a college student, you must meet the above requirements. If you have completed two years at an accredited college or university, you'll be commissioned a Second Lieutenant in the Regular Army. Get all the facts about applying for OCS entrance to the Officers' Reserve Corps from your nearest U. S. Army and U. S. Air Force Recruiting Station without delay!
