Provides Facilities for Tech Baptists

The purpose of the Baptist Student Union is to minister to the religious needs of the Baptist students at Tech. The organization encourages each member to participate in the educational and spiritual programs of the local churches and the Baptist Student Union center located on the campus. It provides workers for local mission work and directs projects for aid to underprivileged children. The boys have several retreats during the year, and they also have a Christmas party for needy children along with their regular programs.

Officers
Jerry Jarrell—President
Doug Couch—Devotional Director
Rogers Redding—Missions Director
Mike Rogers—Service Director

Advisor, Mr. Wolf
The Canterbury services are always inspiring and aid in the daily lifting of the spirits.

Canterbury Club Keeps Spirits Up

The Canterbury Club, a group founded under the sponsorship of All-Saints Episcopal Church, seeks to help students find a true meaning to school and life. Individualism is stressed, for by being oneself, the group feels each person will contribute the most. The club hears many speakers from Agnes Scott and Tech during the year. The meetings begin with supper on Sunday night, which is followed by the evening service. Membership is open to all.

Even old Red Stockings, the newspaperman, attends the Canterbury Services.
Christian Science Organization Leads the Way

The Christian Science Organization founded in May of 1956 provides the opportunity to learn and apply the truths of Christian Science. The organization sponsors annually an open lecture on Christian science to the student body and meetings for students.

Lutheran Association Grows In 1964

The Lutheran Student Association is the organization on campus that serves the needs of Tech Lutherans. The group meets on Sunday nights at the Lutheran Church of the Redeemer. Membership to the group is open to anyone interested and this past year saw noted growth.
Officers
President—J. L. Jennings
Vice President—Joe Martillotto
Secretary—Joe Palladino
Treasurer—Steve Nimmer

Newman Club Retreats To Monastery

The Newman Club is the Catholic organization at Tech. It is one of the most active religious groups. Each quarter the boys retreat to the Trappist Monastery in Conyers, Georgia to collect themselves. A Mothers Day celebration is the highlight of Spring. The mothers will come and have breakfast and Mass in Atlanta performed by the Archbishop Hallinan. The Newman Club also participates in intramurals and have several parties each quarter.

The Newman Club's presentation at Activities Night.
The Wesley Foundation welcomes Freshmen to Tech

The Wesley Foundation, named for John Wesley, is the Methodist organization serving Ga. Tech students. Functioning as a center where the student can fulfill his spiritual and moral needs, the foundation provides a variety of programs to satisfy these needs. The Foundation Center is located in the heart of the Tech campus.
Presbyterian students from many schools hold a retreat that includes good food.

The boys and girls say their good-byes before leaving.

Westminster Foundation Serves Tech Presbyterians

Presbyterian students at Tech are very fortunate to have an organization like the Westminster Foundation. Here the students meet on Sundays and can discuss any problems that might be bothering them. The Foundation is not large but the quality of its service can not be surpassed.
And our recipe for the day girls will be the making of a Vodka Collins. Two parts vodka to . . .

It’s Tea Time with the Dames Club

The Ga. Tech Dames Club’s members are the wives of the students and faculty. The group meets often, and they do more than discuss new recipes. Their meetings bring them many leaders in the community to speak on varied topics from styles to government. This club also has the enviable task of selecting Mrs. Homecoming.

J. Fowler J. Freeland R. Gamble J. Garrison J. Gaspier A. Giddens J. Godfrey C. Goodrich J. Greene

P. Watson C. Weber C. Whitley A. Whitaker B. White J. Wilson S. Zerkle

President, Clynton Goodrich, presides.
Scabbard and Blade

The National Society of Scabbard and Blade recognizes those military men at Georgia Tech who have achieved an outstanding position in academic and personal leadership. Members are accepted from all three branches of R.O.T.C.; one of the primary objectives of the Tech chapter is to promote mutual understanding and a closer relationship among the leaders of the different military departments. The National Society works to foster the qualities inherent in all capable officers.
76 Georgia Tech trombones play during halftime at the Auburn game.

Director, Ben L. Sisk, starts the National Anthem.

Whistles blow and the major starts the show.
Ga. Tech Band Performs During Halftime

The Georgia Tech Band under the able leadership of Mr. Ben Sisk, one of the distinguished band directors in the South, is one of the colorful organizations on campus. It has a full schedule of activities for the school year. The fall quarter is taken up with performances at each half-time of our home football games and two trips to out of town football games. Frequently, it has been invited to join the football team in bowl games. During the winter quarter a small pep band is in attendance at all the basketball games.

Georgia Tech majorettes strut before the crowd during halftime.
The Glee Club's president, Edwin Brackney.

Sing-Along with the Glee Club during halftime during the season.
Glee Club Provides The Voices For Many Tech Functions

The Georgia Tech Glee Club has played an important role in spreading the name of Tech across the country. "White and Gold" and "Ramblin Reck" have been heard by many through this group of boys. Each year the Glee Club performs at many campus functions and at many social events throughout the Atlanta area. Leadership came from president Edwin Brackney this year.
Drama Tech Presents Galileo

DramaTech is the organization at our school where all the Thespians, Hams, and potential Barrymores gather. The group has, through the years, given many fine performances and a few not so fine. This year, Drama Tech presented the play, Galileo. Mrs. Santecroce did the directing, and Dr. Bertram Drucker did the advising. The group plans to present Time Limit in the spring if the Crenshaw Building is made available to them again.

Mrs. Santecroce offers some words of encouragement.
This lab alcohol makes pretty good gin.

Even the youngsters learn to upstage in a hurry.
"Drama Tech"

When you look at me like that, I don't know what to say.

The players relax before curtain time.
Backstage work can determine the success or failure of a performance.

Don't cry son, you'll get another audition.

SLEC Presents Top Stars

The Student Lecture and Entertainment Committee is an organization that tries to bring cultural presentations of value to the Tech student body. The group is composed of several members of the faculty and a group from the student body. This year, the committee has done a fine job in obtaining a wide variety of entertainment. Presentations have ranged from the "long hair" of the Atlanta Symphony to the ballads of the New Christy Minstrels. Friday night movies in the Textile Auditorium are regular features of the SLEC.

The New Christy Minstrels sing "The Waggoner's Lad".
as the Atlanta Symphony plays Bach.

Waves of nostalgia and inspiration hit the conductor.

The Four Preps run through a medley of old favorites.
That just goes to show boys, the UGLIEST doesn't win.

Alpha Phi Omega Sponsors Ugly Contest

APO is a YMCA service organization with ties to the Boy Scouts. They sponsor many service projects during the school year. One of the more notable projects is the Ugliest Man on Campus. The winner is based on the usual, money. All the funds raised by Alpha Phi go to worthy charities.

Dr. Cox,
Alpha Phi's advisor.
One of Circle K’s guests relates some war experiences.

The president takes it all in.

Service Projects are
Sponsored by Circle K

Circle K is an international service organization sponsored by Kiwanis International. The local group is sponsored by the Northside Kiwanis Club. Membership in this, as in high school Key Clubs, is open to those boys who have displayed leadership, service, and character on their campuses.

It's bigger than you think.
Co-Ops

Enliven Summer Quarter

The Co-Op Club is the student group on campus that keeps the working boys busy during their school quarter. During the summer, they take over the job of policing the "Rats" and keeping up school spirit. The group has regular meetings to plan parties and other social functions. Miss Perfect Lips is also handled by the Co-Ops and is one of the best social functions of the year. The groups were lead this year by Pat Bagnal and Bob Rinehart.

Section I president, Bob Rinehart.

The boys clown it up for the camera.

How that for a blue steel?

Section II president, Pat Bagnal.

Well, I see Fred’s back.
The Georgia Tech Veterans Club is open to all ex-servicemen who are now attending Tech. It was founded for the betterment of veterans at Tech. The club has regular meetings and now and again get together for the social function. The club strives to improve the existing student faculty relationship.

Who did it: I say who did It'.

The president takes command of the meeting.
PSE Keeps Active in ’64 with Marketing Conference

The members of Pi Sigma Epsilon Marketing Fraternity heard many fine guests during the school year. Topics covered anything in the wide range of marketing or related fields.

PSE, which was founded at Tech just a few years ago, reached it’s peak membership this year. Under the leadership of president Larry Milam, the meetings were kept interesting and informative. PSE can look forward to even better years.

Members devour a banquet that precedes the guest speaker.

The hot air begins to roll as a guest speaker begins his discourse.
Kappa Kappa Psi

Kappa Kappa Psi is the only band honorary in the world. To be eligible a student must have actively participated in the band functions for at least six quarters. The group is best known throughout the campus for its social affairs.
Sometimes the meetings are not this dull and stimulating. The president controls the meeting.

The American Chemical Society Keeps Up With The Industry

AuH₂O may be Goldwater's campaign slogan but it may have a different meaning to a group of alchemists on campus. The Tech chapter of The American Chemical Society. This group meets regularly and discusses topics of importance new in the chemical field. The group is open to anyone who would like water to gold.

Those are not water nozzles, they are beer taps.

A week later, the same stimulating, dull meeting.
The Aiche’s Keep Their Old Bunson Burner Going

The American Institute of Chemical Engineers operates with the purpose of keeping its members up to date on happenings in the field of ChE. The group has regular meetings where guest speakers expound on the new innovations. The AICHE has had a fine year under the leadership of Art Hufford and looks toward many more.

Officers

Faculty Advisor, Dr. H. C. Lewis
The American Institute of Industrial Engineers is the primary connection between the production-minded I. E.'s and the profession they shall enter. Two primary means are used in reaching the organization's goal of interest and service to its members: plant visits and guest speakers.

It is hoped that the annual Student Convention of the AIIE will meet in Atlanta in 1966. Both officers and members of the Tech chapter are working towards this opportunity to host other I. E. students from many schools in the country.

Mrs. Lillian Gilbreath, the first woman industrial engineer, visits Georgia Tech.
Fireball Peps Up the SAE's

For those Tech men who like to delve under the hood of an automobile or any other part of the automobile industry, the Society of Automotive Engineers would be an organization worth joining. The society hears speakers from all parts of the industry, including tires, accessories, or design. This year the group was fortunate enough to get Fireball Roberts, the famed driver, to speak to them.

This young organization had a rapid growth in membership and enthusiasm in 64 and should grow to be one of Tech's best organizations.
AMA

Buys Low And Sells High

The American Marketing Association is a management organization that concerns itself with the market environment. The group has regular meetings with excellent guest speakers. Keeping up with new developments in the field of marketing and how to turn an almost honest dollar usually sets the pace of the meetings.
How sweet it will be . . .

Photography Club Displays Its Wares

There is a band of idiots on campus whose trademark is a camera. Known as the Photography Club, they are now one of the top organizations at Tech. Their feature event is model night, when the members may focus their cameras and never take one picture. The group also has an annual display in the library.
ASCE’S Build Their Bridges Ahead of Them

The Georgia Tech student chapter of The American Society of Civil Engineers is an organization of civil engineering upperclassmen who are actively seeking practical applications of the theories of the many varied phases of Civil Engineering. The group has guest speakers that are innovators in the field.

### IEE's Have Fun With Electrons and Circuits

The American Institute of Electrical Engineers has as its purpose the encouragement of the theory and practice and to maintain a high professional standing among engineers. The Georgia Tech chapter sponsors films, field trips, and has many interesting speakers. Each year a contest is held in which each entrant submits a technical paper. The winners' entries are then entered in competition with students of other colleges.

Management Conference

Highlights SAM in '64

The Georgia Tech Chapter of The Society for the Advancement of Management is the largest in the nation. Membership in the society is open to all departments as contributions from all fields of engineering are necessary for a complete understanding of complex management problems. This year saw a continuation of fine guest speakers and monthly publications.
The Sail Unfurls Its Canvas for Tech

The Georgia Tech Sailing Club is a group of students who pack their foul weather gear on the weekends and head for the lake. They represented the school in several regattas this year and did well. The club is led by Eric Smith and Bill Marchal plus a Cajun crew.

One crew tacks hard to starboard.

Back for a cool one after the race.

Winkum, Blinkum, and Nod sailed off.

The good taste of the Bulldog Club is reflected in their choice of Miss Homecoming, Miss Nancy Bramblett.
The Bulldogs Referee Intramurals

The job of organizing and umpiring intramural sports is the main function of the Bulldog Club. Every sport except tidley-winks is included in their program. The job of refereeing a ball game is not a pleasant one but they get to select the Homecoming Queen each year to make it more pleasant. Leading the club this year was Tommy Seal, President.
Ramblin’ Recks Keep Spirit High at Tech

Fostering school spirit is the feature activity of the Ramblin’ Reck Club. Pep rallies before ball games and the annual are handled by this select group. Their other chores include the running of the Freshman Cake Race and the Reck Parade at Homecoming.

The T-Club Supports Athletics

One of the most functional organizations on the Tech campus is the T-Club. Its success and existence can be attributed to Coach Bobby Dodd. This year the group was headed by Frank Sexton and Jim Carling. The club tries to keep the athletes school directed, to bring them into campus organizations and activities. The group also tries to resolve any difficulties that may occur between the athletes and the coaching staff or faculty.
