BOB CHESLEY and "The Band that Singapore" will place here for a series of three dances on March 6 and 8, under the sponsorship of the IFC.

Rules of Pre-registration Announced by Registrar

From L. W. CHAMIN,

All students (except first and second quarter freshmen) who wish to remain enrolled for the spring quarter should have a schedule conference with an adviser during the period of February 18-24. Degree-granting departmental conferences will be held between February 22-27. A punched card, with the student's name printed on it, will be placed in each student's campus post-office box.

Road carefully the following instructions:

1. Students who will not be enrolled at Tech after the current quarter: DESTROY THE CARD.

2. Students who will be enrolled during the spring quarter: a. Present the card in the office of Dean Hefner, Room 206, Administration Building. No schedule conference will be necessary.

3. Students who will be enrolled during the spring quarter: a. Present the card to the adviser in their department of specialization. The purpose of the conference with the adviser is to receive a tentative course list for spring registration. This form must be presented to the registrar at the time of registration, March 24-25.

b. Cooperative students who are going out for a work period in the spring and who will return for the summer quarter, 1948: a. Present the card in the office of Dean Hefner, Room 206, Administration Building. No schedule conference will be necessary.

The interviewers of the Standard Oil Company and the Boston University will be increased at the rate of two applicants accepted for each year. As the demand for them increases, the competition for places will be increased at the rate of two thousand dollars of scholarship money yearly, and the number of places will be reduced to one thousand dollars.

The National Office has decided to form an alumni association to provide a clearing house for information concerning various activities of the alumni. The Alumni Association will publish a newsletter to be distributed to all members of the alumni. This newsletter will contain information on the activities of the alumni, such as the Board of Directors' meeting, the Alumni Association's meeting, and the annual alumni dance.

Job Interviewers Seek Well Rounded Students

By Mark Gregoree

During a recent poll of the various alumni groups, the best interviews of the year were given to job interviewers who were graduates of the University of Georgia and who had specialized in engineering. These graduates were chosen because they had the right background for the job.

Unlimited Opportunities Await Electrical Engineer—Zerby

By Mack Stacy

"Unlimited opportunities in industry and research await the young electrical engineer today, notwithstanding recent rapid technological advances. To research his field is an adventure in the heavens," said Alton B. Zerby, prominent electrical engineer and national executive-secretary of Eta Kappa Nu, honorary electrical engineering society, who was guest of honor at the Tech chapter's annual national officer visitation banquet held last Tuesday evening in the ODK Banquet Hall.

These visitations, having been found more beneficial to the membership by the national convention of the past which were sometimes "full of sound and fury," Mr. Zerby intimated. Introduced by Eta Kappa Nu president, John C. Groce, Mr. Zerby in his talk and discussion emphasized in addition to present opportunities the society's work in attempting to gain wider recognition of the nation's electrical engineers and their professional standing. Typical of the layman's concept of EE's, he said, was shown by a Pittsburgh newspaper headline during a recent electrical engineer's convention, "5,000 Electricians in Pittsburgh for Conference."

To alleviate a major cause of this impression, the engineer's knowledge of engineering—and engineering alone, the society has formed a list of accredited colleges demanding as minimum standards a broader curriculum embracing more non-engineering subjects.

Explaining some of the organization's aims and purposes, Mr. Zerby stated that aside "Eta Kappa Nu is not intended to be merely a de-

sirable society but an actual integrating force on the campus," chapters are limited to the larger educational engineering schools—those graduating at least 20 a year.

After the talk an open discussion was held concerning problems in industry and future plans of the Tech chapter.

Technique Staff Meeting

The editorial staff of The Technique will meet Monday night at 7:00 in the YMCA basement.

Sigma Xi Announces Details for Annual Research Competition

By Don Gray

The Sigma Xi Club of Georgia Tech announced today that it is sponsoring three awards for original research work in all fields of science by the members of Sigma Xi, Georgia Tech, and student body of Georgia Tech.

Three awards will be presented, one to a faculty member, one to a graduate student, and one to an undergraduate student, in recognition of research accomplished during the last year. The merits of all papers submitted will be judged by a committee of six members: Dr. James L. Taylor, President of Sigma Xi, who in announcing the competition said, "This is the second year that these awards have been offered, and it is our aim in presenting these awards to stimulate original and important research by the men of the Georgia School of Technology."

An award of $300 dollars is to be presented to the faculty member who has submitted the most outstanding paper which has been published by some scientific journal during the year from March 15, 1947 to March 14, 1948. The faculty award winner will be announced by April 15th, and he will be expected to deliver a transmitted lecture, not necessarily on the work for which the award is given, at a part of the Commencement Week exercises.

Mr. Paul Calaway was the award recipient last year for his significant work in the Research Division.

The two student awards consist of a sum not to exceed 25 dollars for the graduate award, and a sum not to exceed 15 dollars for the undergraduate prize, to be spent by the Sigma Xi Club for the purchase of books of the recipient's choice.

The award will be based on a report composed by the recipient and submitted to the Sigma Xi Club for the purchase of books of the recipient's choice.
Sewell Appointed Asst. Director Of Georgia Technical Institute

Curriculum Preparation Under His Supervision

John D. Sewell, Georgia educator and authority on vocational training, has been appointed assistant director of the newly-formed Technical Institute of Georgia Tech, it was announced by Lawrence V. Johnson, Institute Director.

In his position as member of the administrative staff, Mr. Sewell will help to prepare the institute curriculum, through which high school graduates will be offered two-year technology courses to prepare them as technicians for industry and government.

Mr. Sewell, who served as a lieutenant commander in the U. S. Navy during the war, was born in Temple, Ga. After graduating from Mercer University in 1930 with a degree in education, he became principal of Bremen High School. In 1944, he was appointed school superintendent of Hamilton, Ga., school system. From 1938 to 1944, except for his period of war service, Mr. Sewell was coordinator of diversified cooperative training in the Fulton County, Ga., Board of Education. From 1946 until the present Mr. Sewell was supervisor of distributive education for the City of Atlanta and Fulton County.

According to Mr. Sewell the Technical Institute plans to offer courses, requiring 18-24 months for completion, in aeronautical engineering, building construction technology, electrical technology, electronics, radio technology, heating, ventilating and air-conditioning technology, industrial education, industrial technology, production and supervisory technology, and textile technology.

The Institute will open March 24 on a $1,500,000 campus leased from the Atlanta Naval Air Station, Chamblee, Ga.

Harvey Levin Elected Phi Epsilon Pi Prexy

On Wednesday night, February 11, Xi chapter of Phi Epsilon Pi held its semi-annual election of officers. The new Governor is Harvey Levin and the Vice-Superior is Fred Weld. Treasurer is Louis Klein while Treasurer is James Loring. Business Manager is Jack Young.

Student Council Seating Plan

For Feb. 21, the Student Council proposes, stretching from the North Stands, Section Z-West Stands to the South Stands, Section X-East Stands, June 21. With the last week of the season, the council proposes, stretching from the North Stands, Section Z-West Stands to the South Stands, Section X-East Stands. The seating plan is highly satisfactory to all concerned.

Most Students Highly In Favor Student Council Seating Plan

By Don Usher

A poll taken of a cross-section of the student body reveals that most of the students are highly in favor of the Student Council seating plan as presented in the Technique of February 5. Most of the students thought the council plan more acceptable than the one proposed by Coach W. A. Alexander.

The students seem to realize the necessity of having a well-arranged seating section such as the one which the council proposes, stretching from the 40 to the 60.

Don Napoli, freshman from Tampa, said, "When I came to Tech I was somewhat disappointed at the appearance of school spirit here. An organized cheering section would do a lot to alleviate that condition. If you could have a cheering section like the one Alabama had with the card sticks it would really make the rounds around here."

This Record Goes Hum-hum-humming Along!

IT'S JEAN SABLON'S... "A TUNE FOR HUMMING" (RCA Victor)

IN ENGLISH or French, his singing is terrific! His fans range from bobby-soxers to the lavender-and-old-lace set.

Why, he even lights his Camels with a Continental charger. Take a listen and you'll say: "Great!"

Yes, Jean, and millions of smokers agree with you about Camels. More people are smoking Camels than ever before!

Atlantic Civic Theatre Sets Separate Rooms For Feb. Presentation

Separate Rooms, 613-performance smash hit on Broadway, will brighten the late winter scene when presented by the Atlantic Civic Theatre at the Atlanta Woman's Club Auditorium, 1510 Peachtree, February 19-20-21. Curtain time, 8:30 P. M.

The spicy farce, originally co-starring Glenda Farrell, Lyle Talbot and the late Alan Dinehart in the New York production of which was written and directed by a fast-moving piece about the schemes and counter-schemes of ambidextrous actors Pamela Barry and cynical gun-crazy voluptuous Jim Stockdale. Piano. Pawn in the tug-of-war is Jim's young playwright brother, Don.

Not only the human, but the canine world lends a star to the cast. Dog lovers will quickly take to their hearts tiny, four-pounder Missie as Mr. Chike Montoya.

Student Council Minutes

February 15, 1948

The meeting was called to order at 7:30 P. M. by President Jack Tall with征服者 Josephine, Miss Leona Fox, Miss Jean Allen, Miss Alice Green, Bill Lottman, Buddy Shively, and Jack Young in attendance and approved.

The attendance of the day was announced. The minutes of the Council held on February 7, 1948, the minutes of the Student Council to appear in a frame at the Civic Theatre Club as noted, were approved, changes in the service of the President of the Southern Student Association, The service is to be held from noon University Field to 4:00 p.m. with the same speeches and speakers listed in the student manual. The service is to be held in the Field of the Student Council to appear in a frame at the Civic Theatre Club as noted, were approved.

The Student Council Secretary, Sam Williford, was appointed to fill the vacancy of the Council caused by the illness of Miss Williford.

Jim Williford and Howard Wooten reported on the use of cracked porcelain-ware by the Civic Theatre Club. The motion by George Brodnax that the President be given the opportunity to examine all damaged porcelain was passed by a vote of 10-2.

Not only the human, but the canine world lends a star to the cast. Dog lovers will quickly take to their hearts tiny, four-pounder Missie as Mr. Chike Montoya.

The minutes of the previous meeting were read and approved.

The student welfare committee reported through Doby Kraft the relocation of a Coca-Cola vending machine. The motion by George Brodnax for adjournment was carried at 9:10.

The motion by Al Boissy for ratification was passed by a vote of 17-3.

The motion by George Brodnax for adjournment was carried at 9:10.

Respectfully submitted,

[Signature]

Student Council Secretary
A Great Opportunity

Georgia Tech is now a member student body of the United States National Student Association.

The Student Council, by its action of raising the level of the Constitution last Tuesday, gave to Georgia Tech and its students a great opportunity—one of participating in and getting from a united organization of the students of America.

Many students will ask the question, "Why are we being asked to join the NSA?" Our reasons are as follows:

1. Participation in the national affairs of student organizations.
2. Opportunity to represent Georgia Tech.
3. Cooperation with other colleges in student activities.
4. Potential benefits to the students.

If you have any questions, please see any member of the Student Council.

This is Bill Mauldin's apology. An apology for the letdown suffered by so many of his fellow Americans. Diverted from his career as a cartoonist, Mauldin joined the Army. He gathered up his drawings and mailed them to a publisher. "I had been barely eighteen years old when I went into the Army...," he wrote in the foreword of his book. "I found myself as a private in the 82nd Airborne Division."

Mauldin became tangled up with numerous organizations, but he never lost his brands. To many of his readers, this book is a vivid reminder of a man who has lost his way. He is an individual who can only lead to right living, both now and in the world of tomorrow.

Technique Platform:

Costume—A Right Angle

Learning courtesy and good manners is certainly a vital part of education. Whether it is learned at home or in school or somewhere else. But that part of education can be taught simply by being polite to one's friends. The teacher can teach a lesson about respect and courtesy to his students, and they will learn how to be polite.

Mauldin built up a tremendous following in the Army, the book shows. But it is not just the book that makes him popular. It is the man behind the book who has captured the hearts of his readers. He is an individual who can only lead to right living, both now and in the world of tomorrow.

THE TECHNIQUE, ATLANTA, GEORGIA

Faculty Bulletin

Edited by Public Relations Department

FACULTY MEETINGS—The monthly faculty meeting will be held on Thursday, February 19, at 11:00 A.M. in the Chemistry Lecture Hall. On the agenda is the election of faculty representatives to two of the most important committees at Georgia Tech. Candidates for the Administrative Council are Prof. C. W. Hook, Mathematics Department, and Prof. W. M. Spicer, Chemistry Department, and for the Executive Committee, Prof. F. P. Groseclose, Industrial Engineering Department, and Prof. W. R. Ratterree, Engineering Drawing Department. Additional nominations will be accepted from the floor.

HOSPITALIZATION INSURANCE—The Equitable Life Assurance Society sent this week to all faculty members carrying hospitalization insurance full details about the expanded program described at the last faculty meeting. In order for the plan to become effective, at least 75% of those now covered must vote in favor of the new plan. It is requested that you return your form as soon as possible. The representatives state that if the plan is accepted, enrollment will be made to it to those not covered now.

RESERVE OFFICERS DANCE—All reserve officers are invited to the Military Banquet and Ball at the Baltimore Hotel, Saturday, February 21, at 7:00 P.M. Dress will be uniform or formal civilian dress. Banquet and dance tickets are $10.00 per person, and dance tickets only are $5.00 per person, and may be obtained from Professor K. M. Throsb, Civil Engineering Department.

FACULTY RAMBLING WRECK DANCE—All faculty members and wives are invited to attend the first big informal faculty party of the school year on Saturday, February 21, 8:30 P.M., at the Georgia Tech YMCA. The program includes dancing, ping pong, bridge and refreshments. The party will be very informal. Your committee includes: Messrs. Bricker, Commander, Wheeler, Ed Foster, Usell, and Pershing.

FACULTY VACATION SPOT—Any faculty member interested in skiing this winter should contact Dean George C. Griffiths, who has information concerning Riverside Lodge.

ASTRONOMY CLUB—The club will meet on Friday, February 20, at 7:00 P.M. in Science Hall, Agnon Scott College. All interested faculty are invited to attend.

LIBRARY OF CONGRESS EXHIBIT—The Engineering Experiment Station and Public Relations Department have photographs exhibit in the Georgia Exhibit, which opens in the Library of Congress today and continues until May 12.

A.A.A.S. PHOTOGRAPHY-IN-SCIENCE SALON—All faculty members are invited to submit up to eight entries for this series to be held at the U. S. National Museum, September 1-21. Photographs will be in the field of science only. For further information, contract the Public Relations Office.

FACULTY NOTES—Frederick Bellinger, associate professor of chemistry, has been on leave at the University of Texas. He is expected to return to the university in May. Professor E. W. Shannon, professor of safety engineering, has requested to present two papers at the A.S.E.E. annual meeting in June to be held in Houston, Texas. One paper is before the Sanitary Engineering, Safety, Industrial Hygiene and Fire Prevention groups on June 19, and the other before the Industrial Engineering Section on its luncheon on June 17.

M. Gordon Brown, professor of modern languages, is chairman of the Portuguese Section, South Atlantic Modern Language Association, third vice-president of the American Association of Teachers of Spanish and Português, member of Policies Committee of the Georgia Education Association, and chairman of the Modern Language Division of the Georgia Education Association.

WARNING—All faculty members parking their automobiles on the campus are warned to lock them and not to carry any valuable items, since several instances of pilfering have been reported by faculty members in the past week.

There's a good reason why WESTERN ELECTRIC is in this family circle

Western Electric is a member of the Bell System family circle for exactly the same reason that your local Bell Telephone company is a member—to assure you the best telephone service possible. Western Electric provides you with the best in domestic, local, and long-distance telephone service in the world today.

As the supply member of the family, Western Electric makes telephone equipment, buys all kinds of materials and supplies, and sells to distributing houses for delivery to the telephone companies, and installs central office equipment.

A unified service results in many economies to the Bell Telephone companies and, in turn, to you who use the telephone. Because Western Electric has always been a member of the Bell Telephone family—helping to make your service the world's best at the lowest possible cost.

Western Electric

A UNIT OF THE BELL SYSTEM SINCE 1922

APO Pledges Reveal School Projects Plans

By Walt Miller

The pledge of Alpha Phi Omega, service fraternity, recently announced many of their projects to benefit the other students at Tech.

Pitches by Ed Taylor and Ted Levy are trying to get more trash cans to distribute around the campus to reduce the amount of trash on the grounds. Carl Zeder is going to post signs in the rest rooms of the dormitories reading, "Please wash your hands when you are through."

Jeff Powell is going to try to get scratch pads placed near all of the phone booths on the campus. Haji Field is going to place a school directory near all of the phone booths. Reynolds and Warlick want to post signs in all of the phone booths reading, "Please limit your phone calls to five minutes."

Glen Feagin wants to cooperate with The Tech什麽 during the next political campaign, and write on the activities of the various candidates that are running. He also wants to try to get the students in the dining hall to write more letters. Lowenfield is going to put out name plates under all of the portraits to identify them. Studies in the dining hall will also benefit if Gregory can complete his history of the portraits and coat racks around for student use.

Other projects beneficial to students include the placing of signs in the dormitories reminding everyone to be a little bit more quiet. Plans are also underway to run a swap-shop in connection with the lost and found department. This swap-shop will be the help to students to sell items by exchanging them for something useful.

Many other projects are underway to make the student life at Tech a little more pleasant. These projects are being conducted by the pledge class of the APO in preparation for the benefit if Gregory can complete his history of the portraits and coat racks around for student use.

PiKA Founders Day Events To Be Held At Grady Tonight

The Annual Founder's Day Banquet and Black and White Ball of the Pi Kappa Alpha Fraternity is being held in the Dixie Ballroom of the Henry Grady Hotel this evening at seven o'clock. The banquet and ball will be attended by several of the outstanding alumni of PiKA from this section of the country.

Dr. George Sumney, D.D., L.L.D., retired, will be the guest speaker. Mr. Sumney, who is the oldest member of PiKA and 54 years young, is a retired minister of the Presbyterian Church of New Orleans, Louisiana. He was at one time Chancellor of South Western University, and he was instrumental in founding the PiKA Chapter at Emory University. Dr. Sumney now holds the position of Honorary Grand Chaplain of PiKA.

Robert A. Smythe, of Atlanta, one of the junior founders of the fraternity, will present the speaker. Mr. Smythe is honorary Life President of PiKA.

The banquet will also be attended by Ernest Bishop, of Decatur, Georgia, who is the composer of the popular "Dream Girl of PiKA," Mr. J. E. Blackford, of Tallahassee, Florida, the editor of the fraternity publication, "The Hildel and Diamond," will also attend. Johnny Hurst, President of the Georgia Tech Chapter, announced that the Black and White formal will follow the banquet, beginning at nine o'clock. He also announced that the Black and White will be supplied by Charlie Sorrell's band.

The main event of the ball will be the presentation of the PiKA Dream Girl. It is customary that her name should not be made known until the time of her presentation.

Invitations have been extended to the chapter at Emory, Georgia, Florida, Alabama, and several others. The PiKA's will be glad to have these fraternities on the Tech campus which they have received bids to attend.
**White and Gold Courtmen Host To Powerful Duke Blue Devils**

**By Lenny Frieden**

Heading into the final weeks of the 1948 season, Georgia Tech's hot and cold bowlers play host to their rivals from the nearby Southern Conference, the Blue Devils of Duke University, Monday night in the Tech gym.

The Blue Devils will field a potent aggregation which has a season's record of ten victories and eight setbacks. In Southern Conference competition, the lads from Durham have won six titles while losing three.

Preparing for their invasion of the Flats, the Blue Devils defeated the Deacons of Wake Forest 47-45 last Tuesday. Tonight the Devils go on Wildcat, an engine in front of their fans. They are the current leaders of the conference.

In their only action in SEC circles, the Devils bowed to Tennessee 62-58.

---

**Jackets Barely Stopped By Strong Tulane Quint**

**By Milton Fivel**

Playing one of their finest games of the season, but having little to show for it but possession of the conference cellar, the Georgia Tech bowlers dropped a close decision to Tulane, 8-5, last Monday night in the Tech gym.

Much to the pleasure of the partisan crowd, the Jackets turned loose one of the biggest upsets in all of the 1948 season when they took a 28-23 lead into the final minute for the victory. But the bayou boys, seeking to give it up. However, with six minutes to go in the first half, Colin Anderson and Tech took a one-point advantage. But the bayou boys scrambled back and at the half they led, 28-23.

Opening the second stanza with a fresh burst of speed, the Jackets again knotted the score at 40-40. For the final ten minutes, neither team led by more than a single goal. Tech matched Tulane point for point. Two successive baskets by Runner were the deciding factors. The Louisiana boys elected to take the ball out on a Tech foul and managed to control the ball in the final minute of the victory. Again it was the dependable "Spiller" Jim Nolan who paced the Tech quint, 21-14.

---

**NOTICE TO ALL VETERANS**

Veteran Charge Accounts for Books and Supplies Will Close at 1 P.M., Saturday, February 28.

No Charges Can Be Made During the Month of March.

Buy Enough Supplies Prior to February 28, to Last Thru Exams in March.
Athletic Association Says:

"It's Too Fat for Us!"

The student council and athletic association recently released their student seating proposals for next fall's football season to the basketball committee. And get an approximate indication of where your seat will be. The criterion to predict next fall's seating plan, you can again look at the AA's proposal for this year's issue of the Technique and an approximations indication of where your seat will be.

Last season the expected student enrollment proved to be erroneous and as a result the AA was forced to find scattered vacant seats throughout the stadium to accommodate all. This year's plan makes certain that the above problem will not recur. On the surface, an increase in number of seats seems to have been made available for student use. But actually, by asking seniors to pay public prices in sections F and G, you have the net effect of turning one more section over to outside sale. This section appears in a part of the stadium (near the 50 yard line) which is the leading box office attraction. And, by the way, we don't believe that $25.00 for a section ticket will reduce scalping. It should provide a greater incentive for the racket.

Gym Combine Shows Skills

The student council is in search of a concentrated student cheering section at midfield, a continuance of the athletic board? The final decision depends upon the financial aspect of the problem. The only common foe that trouble is expected. Duke has two new breast-strokers, who are going to be hard to beat. As a matter of fact, Rex Neely, Duke breast-stroker who won the breast-stroke in last year's meet, was unable to retain his berth on the team over these two newcomers.

Although Coach Lanoue expresses confidence in his charges, he warns that his team has been hard hit by illness, especially in the freestyle department where Johnny Hiles, the team's pride and joy, has not been able to work out for the last week. The only common foe that trouble is expected. Duke has two new breast-strokers, who are going to be hard to beat. As a matter of fact, Rex Neely, Duke breast-stroker who won the breast-stroke in last year's meet, was unable to retain his berth on the team over these two newcomers.

The Techmen made their second appearance at midfield, a continuance of the athletic board? The final decision depends upon the financial aspect of the problem. The only common foe that trouble is expected. Duke has two new breast-strokers, who are going to be hard to beat. As a matter of fact, Rex Neely, Duke breast-stroker who won the breast-stroke in last year's meet, was unable to retain his berth on the team over these two newcomers.

The Techmen won all but one of the eight matches. In the 121 lb. class, Hays of Tech decisioned Hamilton; 138 lbs.: Jones of Tech by forfeit; 136 lbs.: George of Tech pinned Adsinger; 148 lbs.: Wings of Georgia pinned Oglesby; 155 lbs.: Andrews of Tech pinned Gregory; 165 lbs.: Beeler of Tech decisioned Binn; 175 lbs.: Rhodes of Tech pinned Kall; and in the heavyweight slot Marchingiano of Tech decisioned Tanner.

Tankmen Face Duke Tonight

Leaving their home grounds, the Georgia Tech swimming team will journey to the Duke University campus today for their next meet. Duke is expected to have their usual powerful squad, according to Coach Lanoue, with an exceptionally good diver in Bill Conner. But the diving department is not the only place that trouble is expected. Duke has two new breast-strokers, who are going to be hard to beat. As a matter of fact, Rex Neely, Duke breast-stroker who won the breast-stroke in last year's meet, was unable to retain his berth on the team over these two newcomers.

3.5 Frosh Sought
By Phi Eta Sigma

All men eligible for Phi Eta Sigma are requested to meet in Room 301, Biology Building, Tuesday, February 24, at 4 o’clock. In order to be eligible, one must have an average of 3.5 or more for his first quarter or first three quarters here at Tech. Also, the student must have carried a normal freshman schedule, and must not have more than twenty hours credit by transfer.

Army ROTC Rifle Team
Fires Third Army Match

The Army ROTC rifle team has finished being the Third Army and Hearst Trophy matches. In the Hearst Trophy Match there were four teams of five men each entered. Each team could score a possible one thousand points.

The “A” team consisting of Brock, S. C.; Dixon, M. R.; Hudson, G. L.; Raines, E. J.; and Williams, S. E., fired a team total of 869 with Williams’ 164 as high score.

The “B” team consisting of Davenport, T. F.; Gurney, T. E.; Morris, R. B.; and Hanton, J. C., fired a team total of 892 with James Stanton’s 174 as high score.

The “C” team consisted of Baker, C. G.; Bowden, T. B.; Johnson, W. A.; Martin, E. Q.; and Williams, F. S., fired a team total of 872 with Clifford Baker’s 181 as high score.

The “D” team consisting of Hendrix, W. J.; Jones, F. J.; Reed, J. F.; Tatsumi, F. E.; and White, E. E., fired a team total of 801 with Eric White’s 163 as high score.

In the Third Army Match with only fifteen men firing and the high scores to count, the Tech team fired much better with a high team total of 7123. In this match it was possible to score 4000 points.

Individual men and scores in this match were Hudson, C. L.—888; Raynes, S.—756; Brock, R. C.—756; Williams, R.—774; Baker, C. G.—771; Bowden, T. B.—566; Davenport, T. F.—566; Johnson, W. A.—566; Williams, R. F.—566; Stanton, J. C.—365.

This week the team will match their skill with that of Washington University located in St. Louis. The last part of this week and most of next week are to be spent in preparation for a shoulder-to-shoulder match with the Citadel on February 21, 1948.

WGST Program Previews

SATURDAY, FEBRUARY 14—Motion picture star Robert Young plays the leading role in an original drama on CBS’ “Theater of the Mind” at 12:00 noon. Directly preceding the drama, George Bryan gives the latest reports from the CBS News Room.

SUNDAY, FEBRUARY 15—Bruno Walter marks his 25th anniversary of conducting in the United States on the broadcast of the New York Philharmonic Symphony at 3:00. He conducted his first U. S. performance on Feb. 15, 1923, with the New York Symphony. His program for the occasion features the first New York performance of Hindemith’s “Sinfonia Serenata.” The opening work is Mendelssohn’s Overture to “Fingal’s Cave” and the closing is Dvorak’s Symphony No. 6 in G Major. Stephen Laird, CBS Berlin correspondent, substitutes for Howard K. Smith during the intermission. He speaks from London.

MONDAY, FEBRUARY 16—Van Johnson and Esther Williams are starred in their original film roles when CBS’ Screen Guild Players present the musical comedy hit “Easy to Wed” at 10:30 from Hollywood.

TUESDAY, FEBRUARY 17—Lovely Madeleine Carroll stars in the leading feminine role as Catherine Barkley in an adaptation of Ernest Hemingway’s famous novel, “A Farewell to Arms,” on Columbia network’s half-hour drama series, “Studio One,” tonight at 10:00 P. M. on CBS-WGST. Helen Hayes had the feminine lead in the motion picture version. Robert J. Landry supervises. "Studio One" production. Fletcher Markle produces and directs. Special music is composed and conducted by Alexander Semmel.
