Notice Regarding Rush Week

Home Coming Day To Be Tech's Greatest

Student Body Treks to Nashville for Classic

Commodores Have Great Team

Forgetting the disastrous Demo game, the Yellow Jackets take up their club for another task, this time not being so long. The Tornado will attempt to vanquish the Vanderbilt Commodores this week. In Nashville, this being the second, consecutive, and last road trip of the season, the game is a banner for the big field team.

In Vanderbilt, Georgia Tech goes up against one of the biggest scoring machines in the South. The Commodores have two conference, as well as other games. They ran up against a team in Tuscaloosa which pointed them out, but failed to outplay them in the early part of the season. Losing 13-7. The Tornado got the jump on the Vandy boys, scoring a goal early in the first quarter.

Wittiest Fraternity Contest Begins

For Vice-president, Lambert, Gar- denheir, Shelnutt, and Witmer were nominated, John Lambert won by a very small majority over Garden- heir. The office of Secretary was filled by Charles Witmer, Christian, Ottis, Austin, Tula, and Witmer receiv- ing the nomination.

The on-going editors congratu- latcd the 1929-30 staff. The staff was ap- pointed to the class with a few weeks of the new school year when Garden- heir, President; Cassidy, Vice-Presi- dent; and Shelnutt, Secretary.

“Greater Georgia” Yellow Jacket October Down 3

For Vice-president, Lambert, Gar- denheir, Shelnutt, and Witmer were nominated, John Lambert won by a very small majority over Garden- heir. The office of Secretary was filled by Charles Witmer, Christian, Ottis, Austin, Tula, and Witmer receiv- ing the nomination.

The on-going editors congratu- latcd the 1929-30 staff. The staff was ap- pointed to the class with a few weeks of the new school year when Garden- heir, President; Cassidy, Vice-Presi- dent; and Shelnutt, Secretary.

The Yellow Jacket which greeted the students Wednesday, was in keep- ing with the usual spirit of the “Greater Georgia” number, and should prove very popular among Georgia supporters.

The editors are very secretive about this issue, and very few people have a glimpse of the contents. The editors are very secretive about this issue, and very few people have a glimpse of the contents.

The officers of the Tech Mallet Club are: T. M. Williams, President; W. E. Vin- son, Vice-President, and S. F. Walker, Secretary.

Tech Mallet Club desires to see sim- plicity and originality in all other fraternities which furnish work for the Georgia students and to that end offers as much aid as possible with work shop practices. The officers for this year are Ernest Kuntz, President; Cora Shelnutt, Vice-President, and Henry Rema, Secretary.

FOR THE TECH'S FAME REACHES THE FAR EAST

The man extended a cordial welcome, the Georgia Tech students are planning an effort to have a well-drilled regiment. The passing attack of the Tennes- seeans is the most dangerous all of the field. Tech's line, which is often the hurling end and the stellar ends as well as several of the backbone men. The Jackets have their hands full with this, Coach Alexander has planned his team for the rest of the game, but did not succeed in putting up the large score has been run up, thus

The passing attack of the Ten- nesseeans is the most dangerous all of the field. Tech's line, which is often the hurling end and the stellar ends as well as several of the backbone men. The Jackets have their hands full with this, Coach Alexander has planned his team for the rest of the game, but did not succeed in putting up the large score has been run up, thus
All bets off, this was the last that you could guess who was N.D. in a rush. My Georgia peach and I have split up and I've promised to commit to suicide; wish rush week would hurry and be over so I can laugh myself to death. He did. He had a good job of it and I wish to compliment him on his fine work for he was looking like he had a pretty good system under way. The lid was almost off. By the time you came here primarily to learn books is not of such long duration for life. The learning of life goes on forever, but the learning of books is not of such long duration for you.

When the Class of 1922 graduates next June the last of the classes existing under Old Rush Week. Rush Week will be a thing of the past. Over three years Tech has been tremendously affected by the new rules and that system can function in a very small way. It has been a bad thing and a bad system to have an honor system within their respective classes. In the past many students and professors who say each other Greek who will think he is rushing ahead of time. Why is it not possible to have a closed season on rushing until a proper time which will be based on a system of honor and not a spirit of fair play? It should not be necessary for them to go outside of touch with freshmen, except that they meet in activities and not in the social life of the campus. Consider, is this a good thing? Here for six whole weeks they have sat down with the fear that he will be seen by some student. In fact the days of rushing in the past that all you have to do is take the fair ones who know better. Rush Week will be a thing of the past. The manager of the Marionettes is going to have a tough time this year to make money because the student contact has placed too much on the manager a sort of a check on how much he has done. But still they have the right man for the job this year.

All advertising matter must be in the hands of the supervisor of the Student Council. The Technique, ATLANTA, GA., FRIDAY, NOVEMBER 4, 1927

THE TECHNIQUE, ATLANTA, GA., FRIDAY, NOVEMBER 4, 1927

This was the last that you could guess who was N.D. in a rush. My Georgia peach and I have split up and I've promised to commit to suicide; wish rush week would hurry and be over so I can laugh myself to death. He did. He had a good job of it and I wish to compliment him on his fine work for he was looking like he had a pretty good system under way. The lid was almost off. By the time you came here primarily to learn books is not of such long duration for life. The learning of life goes on forever, but the learning of books is not of such long duration for you.

When the Class of 1922 graduates next June the last of the classes existing under Old Rush Week. Rush Week will be a thing of the past. PROFESSOR MOODIE ON AERONAUTICAL INSPECTION TOUR DURING SUMMER

Flys With Harvard and Yale Recruits

Professor E. W. Moore of the Mechanical Engineering Department believes with Colonel Lindbergh that there should be no legislation against Trans-Atlantic flights. He thinks that if complete inspections of the ships and tests to determine the competency of the pilots are made there will be few losses. To prevent the flights today, however, would only prove a damper to initiatives and slow down the progress now being made in the field of aviation.

Professor Moodie this past summer went to Boston and flew in the naval reserve with Harvard and Boston Technical men who were learning to fly. The type of plane used by him while there is the N 10, made of the modern lightweight material destined for the Spirit of St. Louis. It is a tremendous improvement over the old underpowered N 9 which was formerly used in the Navy.

Flying from Boston to Philadelphia, Professor Moodie's party made the trip with six aboard in five hours and forty minutes actual flying time. They inspected the Naval Aircraft Factory in New York, where the P. N. 10 is made. This ship, carrying two Packard motors and having a forty hour endurance, is practically the same as that in which Captain Rogers flew to Hawaii.

In New York they went through the Sikorsky factory where they saw the sister ship of the one used by Mrs. Fokker and the plant where more orders are being received than can be filled, the plant, and many others.

"Chicago" Among Plays Received By Tech Library

Recent Publications Added

These are those interested in the drama who will be glad to know that the library has this week received five of the newer plays. "Chicago," which has caused so much comment, is one of a series which Alfred Knopf publishers calls "Aurora" in the development of the modern drama. "The Constant Wife," a comedy of manners by W. Somerset Maugham, has run for some time in New York with Ethel Barrymore in the leading role. "Saturday's Childs" by Maxwell Anderson has also been a drawing card for the past season. "The Play's the Thing" by Per Molner, and "Spindrift" by Brooks and List is also of interest.

Other recent publications which are new at the library are: "Napoleon" by Evelyn Waugh, "Twelve Horse" by Hilda Lewis, "To the Light House" by Virginia Woolf, "The Time of Man" by Elizabeth Mathes Roberts, "Tell Me" by James Stuart Montgomery, "The King's Henchman" by Edna St. Vincent Millay, "Anthony Comeback" by Howard Brown and Margaret Laugh, and "Revery" by Samuel Hopkins Adams.

Professor Moodie says that the increased popularity of the air-cooled engines, the improvement in training of flyers, the development of the amphibian planes, the Vought plant where more orders are being received than can be filled, the plant, and many others.

"Bright, gay colors are the style in Raincoats"

THAT NEW RAINCOAT MODEL FOR MEN IS SINGLE BREASTED — standing collar faced with corduroy— olive, black, navy blue, brown, yellow, green or red. Nearly a million people wore Raynsters in 1926 and learned at first hand the value that is built into them.

You too may choose a Raynster at your favorite store in the color and style that best meet your fancy.

How will your office look?

Not like this, of course

Yet you will find in a dozen jobs that can be done more quickly and effectively by electricity—and done so quietly as to be practically unnoticed. In fact, electricity has completely revolutionized many office methods.

Georgia Tech, the victor over Alabama, Tulane, V. M. I. and North Carolina, was crushed beneath a power Notre Dame eleven, 21-7 in a game that never became dull. Notre Dame took advantage of every Georgia Tech misplay, and there were many costly ones, to turn it into a touchdown. Notre Dame and Georgia Tech have met six times since 1925, but this was the most complete of the six Notre Dame victories. The Irish ruled a strong favorite Saturday for the second half. An exchange of touchdowns came solely by straight fighting. Last week they won neat 29 to 6. Although Florida has lost one game this season they will not be able to send their Kentucky squad, hampered by injuries, to turn it into a Conference engagement. Last week they won neat victory over the game and crippled Kentucky eleven, 34 to 6. As in previous games, Hill Spars and Jim Armis starred. The brilliant runs and spectacular passes of Spars were an important factor in the victory.

L. S. U., after defeating two Conference teams and holding Alabama scoreless, but lost to a fine Arkansas team which struck early. The Arkansas team should show Tech a busy afternoon.

North Carolina. Last Saturday the Tarheels lost to a scoreless tie, went outside and met no Conference opposition which was an outstanding use of the Heavy Duty Crane for Annual Battle. The bravura performance over the game and crippled Kentucky eleven, 34 to 6. As in previous games, Hill Spars and Jim Armis starred. The brilliant runs and spectacular passes of Spars were an important factor in the victory.

L. S. U., after defeating two Conference teams and holding Alabama scoreless, but lost to a fine Arkansas team which struck early. The Arkansas team should show Tech a busy afternoon.

Battalion Basketball Race Tightens As Infantry Loses

Ordnance and Coast Artillery Gain on Leader

The standing of the Battalion Basketball League has been somewhat juggled by the results of this week's play as you will notice by glancing at the table below. Three important upsets occurred during the week, namely, the victory of the Ordnance over the Infantry, the Navy's win from the Signal Corps, and the Ordnance's white-washing administered by the Coast Artillery.

In the case of the Ordnance-Infantry battle, the loss of several of the Infantry's stars by an eligibility rule forced them to place a quintet on the floor which had never worked together. The score of 21 to 10 in football battle, the loss of several of the Infantry's stars by an eligibility rule, and the Ordnance's defeat administered a defeat to the Coast Artillery.

Other games played this week, which haven't been mentioned so far, included the Artillery's defeat of the Navy, which was given as evidence of the Artillery's superiority in this sport but the prospects are much brighter this season.

Lumpkin and Dunlap continued their great form in this game giving them a gameline which is so characteristic of a football game, by exhibiting many long runs and beautiful plays when they defeated the Mercer Rats.

The Yellow Jackets will match their strength against the University of Georgia aggregation in the first Cross-Country meet of the year. This will take place on a course formerly used for football games.

The freshmen have not turned out mercifully, several letter men busy with other work and several new men, prospects are bright for a highly creditable varsity squad.

COLUMBUS made possible the first practice in handling the stick and juggling by the results of this week's play, rippling his holds for large gains in the game with the Mercer Rats and bettering the fine to shreds. So far this season the Junior Jackets have not been defeated.

For the past three weeks Tech's hopes for next year's Lacrosse team have been going through some tight practices in the fundamentals of the game on the lower end of Grant Field.

The Golden tracksters will today go out of the Conference and was given as evidence of the Artillery's superiority in this sport but the prospects are much brighter this season.

For the past three weeks Tech's hopes for next year's Lacrosse team have been going through some tight practices in the fundamentals of the game on the lower end of Grant Field.

1" TEAM Gets Letters

The dual meet with Auburn follows the Georgia event. This will be the fourth annual Southern Conference cross-country race, and an event of this caliber should prove highly stimulating to the development of the group of distance runners in the Colleges and Universities making up the Conference. This form of meet affords a splendid opportunity for recruiting in a branch of sport which is generally considered as individualistic.

Two men at work learning how to catch and throw the ball during this week's practice. With Cook, Lewter, Pelletieri, Shepard, Trammel, Townbridge, War, Von Weller, and Wham, of last year's squad, plus new men, prospects are bright for a highly creditable varsity squad.

The freshmen have not turned out for the first time. Only seven men have been issued uniforms so far, while "the coach" is becoming quite enthusiastic about this sport, is very anxious to have a squad of at least thirty men at work learning how to catch and throw the ball during this week's practice. With Cook, Lewter, Pelletieri, Shepard, Trammel, Townbridge, War, Von Weller, and Wham, of last year's squad, plus new men, prospects are bright for a highly creditable varsity squad.

LUMPKIN LEADS JUNIOR JACKETS TO VICTORY

(Continued from Page 4)

The first score of the day came with a hefty smash through right tackle by Lumpkin followed by a twenty-five yard run. He was brought down but a yard from the goal, but took it over on the next play. The point after touchdown failed. Mercer's touchdown came early in the second quarter. Joe Matt, halfback for the visitors, chalked up a six for his team by rolling off a seventy-yard run after a fumble by Tech. This ended their scoring however, by the best failing, The Junior Jackets chalked up four more touchdowns, thus Coach Clay threw in another team to give them a taste of battle blood. The Junior Jackets made twenty-twenty-three and landing out of his window, wait­ed for the burglar to appear for his coronation.

But the bad man got away—and the students retired to bed, breathing this break into their rest, and plan­ning for a more cordial welcome on the next visit of the invader.

}
Halloween passed very unanimously for the some two thousand lads who comprise the enrollment of Dr. Brittain’s Institute for Backward Boys and Col. Pierce’s Military Academy. According to all information they were all nice boys and the Atlanta police were not called upon to quell any more riots or use tear gas to keep the boys from playing too many youthful pranks on their frowning elders and otherwise bring the adverse criticisms of aged legislators.

The various chapters of the Greek fraternities, etc., have been holding their chapter meetings in the various dormitories for the past week. And the bewildered Frosh are still in a big daze as to the real meaning of it all. But their adolescent minds will some day awaken to the fact that they are desired by someone and will change the whole aspect. The Charistic Club has added another star to its already full crown. A three-game trip to Ft. Benning.

It is a fervent prayer that the Vandy game will be better played on the de-noon for the returns from the Notre Dame game but the Grid Graph work made so poorly that they enjoyed the game are planning a big dance this year, that possibly in a new place and the campus will change the whole aspect.

The Charette Club has added a new game to its already full crown. The part that they could see. Here are plans for the some two thousand lads who remain at home just have to have our games and recreation.

further than the ‘27 machine, since the evening will be capably cared for by last year’s attack crew, which is intact with the exception of Captain Riley.

Gold swatters with a white “T” having a small “L” on the side are being issued to men who qualified during the past season. Captains Riley, Vonailer, Swartz, Politieter, Traybridge, Trammel, Wham, Shepherd, Thrash, Broome, Westbrook, Lewter, McDaniel, Govan and Cook have received their letters. A tentative schedule has been drawn up, and at present includes a three-game trip to Baltimore and games with Georgia and Ft. Benning.

**March of Science**

A student says that most we shall be able to see people at the other end of the telephone. It is too much to hope that one day we shall be able to hear them?—Flossing Show.

**Taking the Pledge**

According to a press report, the members of the Women’s Christian Temperance Union are going to stop gin drinking in college. Well, it’s about time some of the old ladies went on the wagon.—Judge.

**What steps would you take if you saw a dangerous lion on the campus?**

“Long ones.”—OUapod.

Mr. Van Deusen to Address Tech "Y"
Frosh "Y" To Hear Faculty Members

The Froshman "Y" Club has organized this year with a definite program in view. A series of speakers are to give a short talk each meeting with the view in mind of answering the problems encountered by the freshmen in their daily work. Each night Prof. Gibson will speak to the Froshmen and is sure to make a hit, as he always in his inimitable way, is sure to bring out a lot of things that if once heard will never be forgotten.

The Monday night following, Professor Sparks will speak to the Froshmen on the campus life and what it means to the freshmen in their later life. Professor Merriweather will speak the Monday following.

The Froshmen are thus being early taught the rudiments of college life and the possibilities of utilizing the immeasurable advantages the new student can reap from his surroundings.

Mr. Henry Van Deusen of New York, Associate General Secretary of Student Y.M.C.A. is to speak at a friendship council supper given in his honor at the Tech M.C.A. on the night of November 17. Mr. Van Deusen in view. A series of speakers freshmen in their daily work. The problems encountered by the are to give a short talk each meeting never be forgotten.

A lot of things that if once heard will be spoken to the Froshmen and is sure to succeed in giving a short talk each meeting. The Froshmen are thus being taught the rudiments of college life and the possibilities of utilizing the advantages the new student can reap from his surroundings.

Mr. Henry Van Deusen of New York, Associate General Secretary of Student Y.M.C.A. is to speak at a friendship council supper given in his honor at the Tech M.C.A. on the night of November 17. Mr. Van Deusen is a recent graduate of Princeton and is a wonderful talker. The officers of the Froshmen "Y" are to be congratulated on securing him to speak here.
