Academic Programs Re-established as Schools

The academic programs in the College of Architecture have been re-established as five schools: Architecture; Building Construction; City and Regional Planning; Industrial Design; and Music. The move continues the College’s momentum to strengthen its disciplines, improve its graduate and undergraduate student experiences and fortify its research agenda. More>>

New Research on Climate Change

City and Regional Planning research suggests policymakers need to address the influence of global deforestation and urbanization on climate change, in addition to greenhouse gas emissions. More>>
