Georgia Power Company, one of the nation's largest utilities, provides electric service to about 3 million customers throughout 97% of Georgia. To meet the growing needs of our customers we are building new plants while continuing to apply new technologies in improving the efficiency and availability of our existing facilities.

We are also studying ways to improve the use of energy-creating solar heating and cooling systems, electronic load-management devices, and innovative time-of-day rate structures.

The technical nature of our business provides a diverse range of career opportunities for graduates in:

- Electrical Engineering
- Mechanical Engineering
- Nuclear Engineering
- Power Generation
- Transmission and Distribution
- Telecommunications
- Generating Plant Construction
- Industrial and Commercial Marketing

As an employee you'll find the opportunities, facilities, training, and encouragement you'd like in a new career. See our representative at your placement office, or send your resume to:

Gulfstream Aerospace

WHAT'S AHEAD FOR GULFSTREAM AEROSPACE?

Even Greater Achievements & Engineering Careers To Match!

Successful careers and successful companies have one thing in common. They grow, using their full resources and abilities to turn each succeeding challenge into an achievement. Gulfstream Aerospace is such a company; and with Gulfstream, yours could be an exceptional career.

Why is Gulfstream growing while others are standing still or cutting back? Part of the answer is our Gulfstream III, the executive jet which holds twenty-five world records. But while we're building the Gulfstream III to meet sales commitments extending into 1984, we're also designing aircraft for the next decade - and the 21st century.

Fulfilling these visions of tomorrow means a continuing need for engineers well-backgrounded in aerodynamics, propulsion, loads & dynamics, flying qualities, performance, electrical & power generation, airworthiness & certification, and acoustics, as well as other aerospace-related areas.

At Gulfstream, excellence breeds excellence, as dedicated professionals find their knowledge, abilities and innovative ideas respected and rewarded. Advancement based on performance assures realistic career growth opportunities; and Gulfstream offers salaries and benefits which truly reflect your professionalism...plus a location in historic Savannah, where pleasant lifestyle, enjoyable climate and a wealth of attractions combine to add full dimension to careers of achievement.

If you're ready for the exceptional, Gulfstream Aerospace is ready for you. For more information on career opportunities now available, please send your resume to: Gulfstream Aerospace Corporation, Post Office Box 2206 D-03, Savannah, Georgia 31402-2206.

THE BUREAU WILL ALSO CONSIDER GRADUATES OF FOUR-YEAR COLLEGES WITH THREE YEARS OF FULL-TIME WORK EXPERIENCE OR WITH NEEDED LANGUAGE SKILLS. WE OFFER EXCELLENT BENEFITS AND A STARTING SALARY OF OVER $22,300. FOR MORE INFORMATION, WRITE THE ATLANTA, FBI OFFICE AT POST OFFICE BOX 1683, ATLANTA GEORGIA 30370, OR CALL (404) 521-3900 X.191.
ENGINEER A NEW ERA IN SPACE AND TECHNOLOGY AT MARTIN MARIETTA DELTA AEROSPACE

POSITIONS AVAILABLE IN DENVER AND LOS ANGELES. (Note: Not all positions available in each location.)

There's a wide variety of opportunity and challenge available at Martin Marietta. Today, you could be working on any number of long term projects including our rapidly expanding Space Shuttle activity, the VOIR spacecraft, or in C3 and C3I programs. In addition, you may have your choice of locations. If you prefer a West Coast setting and the California lifestyle, we have challenging opportunities available in Southern California. Or, working in our Denver facility, adjacent to the Rocky Mountains, means you'll have every opportunity to enjoy a wide array of recreational facilities that rival any metropolitan area.

Kubota’s mid-sized tractors are very versatile. You’ll find them at work on farms, in parks, nurseries, estate homes and even on construction sites.

The reason is simple. Our mid-sized L-Series tractors come with features you’d expect to find only on bigger, heavier machines.

For example, sturdy 3-cylinder diesel engines. Horsepower from 12 to 29 PTO. Hydraulic shuttle-shift: 2- or 4-wheel drive. A hefty 3-point hitch. And more.

So if you’re looking for a tractor that can get the job done, whatever it is, you’ve found it. The Kubota L Series.
