This country may be in danger. We could be losing something we can’t afford to lose. Once, in this country when a man produced a product it was the best he could possibly make; he stood behind it — with pride. He lived a simple idea — do it right, or don’t do it at all. Nobody told him that. No government agency dictated it. And it built a standard of living for the world to aim at. Now that idea is threatened by the slipshod, the second rate. To some it means quick riches — to some it means quick death of the standards we have built. Some are fighting this threat. Whirlpool Corporation believes in one simple idea: To continue to design, build and service home appliances the right way — with pride — so you can live with them comfortably for years — or they will not build them at all. If we can’t keep this simple idea alive — then indeed we are the endangered species.

Pizza Specifications

MATERIALS LIST

To make the Perfect Pizza:

1) Fresh Dough – Prepare to perfection. Bake to golden brown in high temperature oven to assure crust that is tender on the inside, crispy on the outside.

2) Savory Sauce – Spread generously on unbaked crust.

3) 100% Real Cheese – In sweeping movements, sprinkle the perfect blend of shredded cheeses over the sauce.

4) Skillfully Prepared Toppings – Add vegetables, meats, cheese, fish – whatever you think tops the Perfect Pizza. All items must be of the finest quality!

But wait a minute! You don’t have to go to all that trouble! Just Call Domino’s Pizza. We’ll custom make your pizza – right to your specifications. And we deliver to your door in 30 minutes or less, or it’s $3.00 OFF. Guaranteed!

So Avoid The Noid, Call Domino’s Pizza and enjoy your very own, custom made “Perfect Pizza!”

Kubota’s mid-sized tractors are very versatile. You’ll find them at work on farms, in parks, nurseries, estate homes and even on construction sites.

The reason is simple. Our mid-sized L-Series tractors come with features you’d expect to find only on bigger, heavier machines.

For example, sturdy 3-cylinder diesel engines. Horsepower from 12 to 29 PTO. Hydraulic shuttle-shift. 2- or 4-wheel drive. A hefty 3-point hitch.

And more.

So if you’re looking for a tractor that can get the job done, whatever it is, you’ve found it. The Kubota L Series.

GEC AVIONICS

MEETING THE AVIONICS CHALLENGES OF TOMORROW

GEC Avionics has been meeting ... and solving challenges since the beginning of aviation.
We're still doing it today with new ideas and techniques in advanced avionics systems
and the most up-to-date laser technology available anywhere in the world.
Head Up Display systems for F-16 and F-5 aircraft, MonoHUD Helicopter Head Up Displays
and CO² Lasers and Laser Rangefinders are only a few of GEC Avionics proven products.
And GEC Avionics is anticipating the challenges of the 21st Century by expanding into
new areas and developing new products.
GEC Avionics. Meeting the Challenges of Tomorrow.

Fiber Optics—the fine line between a good phone company and a great one.

US Sprint is dedicated to long distance service in a new way. Based on a technology called “fiber optics.” Delivering savings and unsurpassed quality to your long distance calls.

Imagine a long distance phone conversation free of the typical hiss or static you’ve been forced to accept with century old technology. US Sprint’s fiber optic lines offer this kind of clear, quiet, state-of-the-art sound quality.

You’d expect to pay more for US Sprint’s quality but you won’t. Fiber optic lines actually cost less to operate — bringing big savings to you.

At General Foods
your ideas
get shelved.

And that’s right where we want them.

On grocery shelves where they can sell millions of products.
As a 9-billion dollar food and beverage company, we know that new growth comes from new approaches. And new talent.
So when you have an idea that’ll perk up the coffee market, we’ll listen.
And we’ll also listen to your ideas in fields like marketing, food sciences, engineering, financial analysis, marketing research, and computer sciences.
So if you want a company that packages its products, not its people, choose a career with General Foods.
And get a good taste of success.

We're Paradyne Corporation, an international leader in the design, development and marketing of data communications/data processing products. We are continually in need of talented and self motivated individuals searching for challenge in a variety of engineering disciplines.

We at Paradyne believe our success is a direct result of the minds and skills of the people who work here. Unlike many other companies in our industry, where new grads might spend months or even years before being exposed to meaningful projects, we'll give you challenging projects to sink your teeth into right away. And if you're good, you'll advance fast. Plus you'll have access to the most up-to-date technology available today.

If you're looking for a career with challenge, look at Paradyne. Check with the placement office or send your resume to: Paradyne Corporation, Professional Staffing, P.O. Box 2826, 8550 Ulmerton Road, Largo, FL 33540.

QUALITY CRAFTSMANSHIP PRIDE

By The Professional Plumbers & Pipefitters Local Union 72

A great group of people have been helping to build Atlanta for almost 100 years. HELPING by providing professional plumbing, pipefitting, heating and air conditioning work on Atlanta area homes, schools, churches, office buildings, Marta, and the Atlanta Airport. HELPING by ensuring that their work is finished on time, within budget, and done right the first time. HELPING by providing a 4 year apprenticeship program, assuring a well trained, dedicated, hard working source of union workers for the Atlanta area building trades industry. AND HELPING by being concerned, involved citizens in the areas where they live and work, UNION WORKERS. They produce . . . and can be of great help on your next job.

NAVIGATING THE FUTURE WITH FABRICS AND FIBERS.

With unfailing direction and firm commitment, Amoco Fabrics and Fibers Company has become a leader in fiber research, producing a diverse line of fibers, yarn systems and fabrics used every day in the home and in industry.

**Carpet fibers and backings**
Amoco's continuous filament olefin yarn system, Marquesa® Lana, along with the nation's No. 1 backing systems, ActionBac® secondary and PolyBac® primary, are all used in the manufacturing of America's highest quality carpets.

**Construction fabrics**
Amoco's complete line of woven and non-woven polypropylene fabrics, used for paving, ground stabilization, erosion control and silt fence, meet or exceed all engineering requirements.

And more
Amoco also provides vital ingredients for end products like wallcoverings, upholstery fabrics, disposable nonwovens and luggage, just to name a few.
So, when you look to the future, look to the leader. Look to Amoco.
