

Proceedings of the

1995

Georgia Water Resources Conference

*April 11 and 12, 1995
The University of Georgia
Athens, Georgia U.S.A.*

*Edited by
Kathryn J. Hatcher*

Sponsored and Organized by

U.S. Geological Survey
Georgia Department of Natural Resources
The University of Georgia
Georgia State University
Georgia Institute of Technology

Proceedings of the

1995

**Georgia Water Resources
Conference**

April 11-12, 1995
Athens, Georgia

Sponsored by
U.S. Geological Survey
Georgia Department of Natural Resources
The University of Georgia
Georgia State University
Georgia Institute of Technology

**Edited by
Kathryn J. Hatcher**

**Carl Vinson Institute of Government
The University of Georgia
Athens, Georgia U.S.A.**

Hatcher, Kathryn J. (editor). 1950-
Proceedings of the 1995 Georgia Water Resources Conference.

1995

Library of Congress Catalog Card Number: 95-68015

ISBN 0-935835-04-0

Printed in the United States of America.

This book was published by the Carl Vinson Institute of Government, The University of Georgia, Athens, Georgia 30602 with partial funding provided by the U.S. Department of Interior, Geological Survey, through the Georgia Water Research Institute as authorized by the Water Research Institutes Authorization Act of 1990 (P.L. 101-397). The views and statements advanced in this publication are solely those of the authors and do not represent official views or policies of the University of Georgia or the U.S. Geological Survey or the conference sponsors.

Conference Steering Committee

Robert R. Pierce, *Hydrologist, U.S. Geological Survey*
Kathryn J. Hatcher, *Water Resources Engineer, Vinson Institute of Government, The University of Georgia*
Nolton Johnson, *Chief of Water Resources Management Branch, Georgia DNR Environmental Protection Division*
Seth Rose, *Professor, Department of Geology, Georgia State University*
Aris Georgakakos, *Professor, School of Civil Engineering, Georgia Institute of Technology*
Bernd Kahn, *Director, Environmental Resources Center, Georgia Institute of Technology*
Chuck Rabolli, *President, Georgia Environmental Council*
Gail Cowie, *Public Service Faculty, Institute of Community and Area Development, The University of Georgia*
Hans Neuhauser, *Public Service Faculty, Institute of Community and Area Development, The University of Georgia*
James E. Kundell, *Science Advisor to Georgia General Assembly, Vinson Institute of Government, The University of Georgia*

Co-Sponsors

American Society of Civil Engineers, Georgia Section
American Water Resources Association, Georgia
American Water Works Association, Georgia Chapter
Association County Commissioners of Georgia
Georgia Soil & Water Conservation Commission
Georgia Water and Pollution Control Association
Georgia Environmental Council
Georgia Ground Water Association
Georgia Lake Management Society
Georgia Municipal Association
Georgia Rural Water Association
Georgia Water Wise Council
The Georgia Conservancy
Soil and Water Conservation Society, Georgia
Mobile District, Corps of Engineers
Savannah District, Corps of Engineers
South Atlantic Division, Corps of Engineers
N.W.S. Southeast River Forecast Center
U.S. Environmental Protection Agency Region IV
U.S. Fish and Wildlife Service
U.S. Natural Resources Conservation Service
Upper Chattahoochee RiverKeeper

TABLE OF CONTENTS

Page

LUNCHEON SPEAKERS

Moderator: *James E. Kundell, Professor, Vinson Institute of Government, The University of Georgia*

Science and Government: The Role of the U.S. Geological Survey	*
<i>Barbara Ryan, Assoc. Director for Operations, U.S. Geological Survey</i>	
Coastal Zone Management: Georgia's Role	*
<i>Jeffrey R. Benoit, Director, Office of Ocean & Coastal Resources Management, National Oceanic & Atmospheric Administration</i>	

PLENARY SESSION: The Flood of '94 in Georgia

Moderator: *James E. Kundell, Professor, Vinson Institute of Government, The University of Georgia*

Reauthorization of the Clean Water Act	*
<i>Honorable Nathan Deal, Congressman from District 9</i>	
Water-Related Legislation of the 1993-1994 Georgia General Assembly	1
<i>James E. Kundell, Professor, Vinson Institute of Government, The University of Georgia</i>	
Meteorology of the Flood of '94 in Georgia	*
<i>Judith Bradberry, Senior Hydrologist, Southeast River Forecast Center</i>	
Hydrology of the Flood of '94 in Georgia	*
<i>Tim Hale, District Chief, Water Resources Division, U.S. Geological Survey</i>	
Responding to the Flood	*
<i>Joe Tanner, Commissioner, Georgia Department of Natural Resources</i>	

TRACK I. BASIN-WIDE WATER MANAGEMENT

Savannah River Basin

*Sponsored by: Savannah District - U.S. Army Corps of Engineers and
U.S. EPA Region IV - Wetlands, Oceans & Watersheds Branch*

Moderators: E. Stallings Howell, EPA; and Leroy Crosby, COE/SAV

Measuring Historical and Potential Economic Performance of the Savannah River Basin Project	4
<i>Al Pless, Southeast Power Administration, Elberton</i>	
Overview of Recent Initiatives for Better Savannah River Basin Management	6
<i>Leroy G. Crosby, Savannah District Corps of Engineers</i>	
Overview of the EPA Savannah River Watershed Project	8
<i>Meredith Anderson, U.S. Environmental Protection Agency</i>	

ACT/ACF River Basin

Sponsored by: Mobile District of U.S. Army Corps of Engineers

Moderator: Roger Burke, Mobile District COE

Effect of Navigation Windows on Salinity in Apalachicola Bay, Florida	11
<i>William K. Jones, Northwest Florida Water Management District</i>	
Tri-State Comprehensive Study: Integrating Fisheries in the Decision Making Process	*
<i>Gail A. Carmody, U.S. Fish and Wildlife Service, Panama City, FL</i>	
Apalachicola-Chattahoochee-Flint/Alabama-Coosa-Tallapoosa River Basins Agricultural Water Demand	15
<i>Jimmy Bramblett, Natural Resources Conservation Service</i>	
Development of Databases for the ACT/ACF Comprehensive Study	18
<i>Jim Talion, Sverdrup Corp., Nashville, and Tom Littlepage, ADECA</i>	

Interstate Water Issues

Sponsored by: South Atlantic Division - Corps of Engineers

Moderator: John Cruce, SAD COE

Economic and Planning Issues Relevant for Management of Interstate Water Resources	21
<i>Ronald Cummings, Georgia State University</i>	

Shared Use of Transboundary Water Resources	25
<i>Stephen E. Draper, Atlanta Attorney</i>	
Resolution of Interstate Water Issues	28
<i>N.D. "Skeeter" McClure, Mobile District Corps of Engineers</i>	

NAWQA: National Water Quality Assessment

Sponsored by: U.S. Geological Survey, Georgia District

Moderator: David Wangness, U.S. Geological Survey

Study Design for USGS's National Water Quality Assessment Program for the Apalachicola-Chattahoochee-Flint River Basin	*
<i>David J. Wangness, U.S. Geological Survey</i>	
Pesticide Occurrence and Temporal Distribution in Streams Draining Urban and Agricultural Basins in Georgia and Florida, 1993-94	34
<i>Hilda H. Hatzell, U.S. Geological Survey</i>	
Water Quality in Surficial Aquifers in Two Agricultural Areas in Georgia, Alabama and Florida	42
<i>Elizabeth A. Frick, U.S. Geological Survey</i>	
Environmental Distribution of Organochlorine Compounds in the ACF River Basin	46
<i>Gary R. Buell, U.S. Geological Survey</i>	
Effect of Restricted Phosphate Detergent Use and Mandated Upgrades at Two Wastewater Treatment Facilities on Water Quality, Atlanta, Georgia, 1988-1993	54
<i>Joseph C. DeVivo, U.S. Geological Survey</i>	

Sustainable Water Management: Policy Impacts

Moderator: Millard W. Hall, College of Engineering, Florida A&M Univ/Florida State University

Sustainable Development: A Challenge for the 21st Century	57
<i>Donald A. Wilhite, International Drought Information Center, University of Nebraska</i>	
Regional Issues Associated with Sustainable Water Management	59
<i>Richard D. Urban, Tennessee Valley Authority</i>	
The ACF Basin: A Model for Sustainability?	61
<i>Millard W. Hall, College of Engineering, Florida State University</i>	
Sustainable Water Management and Climate Change: Social, Legal and Institutional Issues	*
<i>Margaret Davidson, S.C. Sea Grant Consortium</i>	

Basin Water Quality Assessments

Sponsored by: Georgia Water & Pollution Control Association

Moderator: Kip Duchon, CH2M Hill

Geochemistry and Hydrochemistry of the Oconee, Georgia	67
<i>Mark Cocker, Georgia Geological Survey</i>	
Georgia's Watershed Protection Approach: River Basin Management Planning	71
<i>Mork Winn, Georgia DNR Environmental Protection Division</i>	
Recent Developments in Georgia's River Basin Planning Program under SB 637	*
<i>Tim Earl and Paul Lamarre, Georgia Environmental Protection Division</i>	

Comprehensive Basin Management

Sponsored by: Upper Chattahoochee RiverKeeper

Moderator: Sally Bethea, Upper Chattahoochee RiverKeeper

A Resource Sensitivity Analysis Approach for Planning and Managing the ACF River Basin	79
<i>Dick Perritt, Dept. Department of Geography, Auburn University and Daniel Drennen, U.S. Fish and Wildlife Service</i>	
Are There Low Technology Alternatives for GIS Support of Water Resources Planning in the ACF Basin?	83
<i>Michele Masucci, Department of Geography, Auburn University</i>	
Total Water Environment for U.S. Army Installations	87
<i>Kathryn Hatcher, Univ. of Georgia, and Prakash Temkar, U.S. Army Environmental Policy Institute</i>	

TRACK II. WATER QUALITY MANAGEMENT

Section 314 Clean Lakes Program

Sponsored by: Georgia Lake Management Society

Moderator: Dave Kamps, Georgia Lake Management Society

- Reservoir Hydrodynamics, Nutrients and Primary Productivity in Lake Blackshear 91
H.E. Cofer, W.L. Tietjen and P.Y. Williams, Georgia Southwestern College
- The Use of an AHOD to Measure Long-Term Trends in Oxygen Dynamics in Lake Lanier *
- Edmond Mayhew, Gainesville College*
- Impact of Introduced Red Shiners *Cyprinella Lutrensis* on Stream Fishes near Atlanta, Georgia 95
Joseph C. DeVivo, Institute of Ecology, The University of Georgia

Water and Wastewater Management

Moderator: Appiah Amirtharajah, School of Civil Engineering, Georgia Tech

- Water Supply System Consolidation for Westinghouse Savannah River Company 99
Jonathan K. Hasson, Nancy Gonce and Stephen R. Cook, Metcalf & Eddy, Inc.
- Modeling the Financial Health of Public Water Systems 102
Jeffrey L. Jordan, Harvey Witt and James Wilson, Dept. of Agriculture and Applied Economics, The University of Georgia
- Contingencies, Transient Events, and Reliability in Managing Water Quality 106
M. Bruce Beck, School of Forest Resources, The University of Georgia
- Designing an Environmental Systems Analysis Laboratory for Research in Water Quality 115
Jim McGovern, Institute of Community and Area Development, The University of Georgia

Water Quality Models

Moderator: Phil Roberts, School of Civil and Environmental Engineering, Georgia Tech

Sponsored by: Georgia Institute of Technology

- Variable Waste Load Allocation in Support of NPDES Permit Application 119
E. S. Hosseinipour, et al, Law Engineering and Environmental Services
- Modeling Point Source Discharges in Tidal Waters 123
Phil Roberts, Georgia Institute of Technology
- Aquatic Plant Action Plan in Lake Seminole *
- Michael J. Eubanks, Mobile District Corps of Engineers*

Stormwater Management

Sponsored by: Georgia Section, American Water Resources Assoc.

Moderator: Mike Thomas, Clayton County Transportation and Development Department

- Recommended Funding Approach a Municipal Stormwater Program
under a NPDES Municipal Stormwater Permit 124
Paul Delphos, Applied Technology and Management
- Downstream Hydrographic Effects of Urban Stormwater Detention and Infiltration 128
Bruce Ferguson, University of Georgia
- The Representation of Stormwater Management in Design: Toward an Ecological Aesthetic 132
Tamara Graham Calabria, University of Georgia
- Stormwater Infiltration: A Management Technique for Preserving Ecosystem Function 136
Barrett Walker, University of Georgia

Drinking Water Quality

Moderator: Nolton Johnson, Georgia Environmental Protection Division

- Nitrate Contamination of Domestic Wells in Georgia 142
Tony Tyson, Agricultural Extension Service, The University of Georgia
- Dioxin in Coastal Georgia's Drinking Water 146
Wayne Fuller, Georgia Environmental Protection Division
- Nitrate-Nitrogen Levels in Well Water from the Little River/Rooty Creek Watershed in
East Central Georgia 148
Charles Gould, University of Georgia
- GPS Applications in Support of the Georgia Environmental Protection Division's Drinking
Water Program 152
Lewis Rogers, Gainesville College

Wetlands Issues and Management

Sponsored by: Savannah District, U.S. Army Corps of Engineers

Moderator: Richard W. Morgan, Savannah District Corps of Engineers

Hydraulic Evidence for Vertical Flow from Okefenokee Swamp to the Underlying Floridan Aquifer in Southeast Georgia	156
<i>Susannah Kitchens and Todd C. Rasmussen, School of Forest Resources, The University of Georgia</i>	
Improved Assessment of Baseline Conditions and Change in Wetlands Associated with Groundwater Withdrawal and Diversion	158
<i>Sydney Bacchus, Institute of Ecology, Univ of Georgia</i>	
Regulation of Groundwater Withdrawals as Related to Wetland Impacts	*
<i>Dean Aldrich, Sierra Club Legal Defense Fund</i>	
Preservation of Wetlands as a Preferred Option for Impact Mitigation	168
<i>James F. Renner, Golder Associates</i>	

Animal Waste Management

Sponsored by: Georgia Chapter, Soil and Water Conservation Society

Moderator: Larry West, University of Georgia

Water Quality Impacts of Poultry Litter Management	171
<i>Matt Smith and Jackie Sellers, Biol. and Agric. Engineering, University of Georgia</i>	
Nitrogen Release from Land-Applied Animal Wastes	175
<i>M.L. Cabrera, Crop and Soil Sciences, University of Georgia</i>	
Riparian Buffer Systems for Management of Agricultural Effluents	180
<i>R.K. Hubbard, USDA Agricultural Research Service, Tifton</i>	
Using Ground Electromagnetic Conductivity to Determine the Source of Nitrate in Dairy Wells	183
<i>David Radcliffe, University of Georgia</i>	
Using Grass Filter Strips to Filter Catfish Pond Effluent	187
<i>Suhas Ghate, Biol. and Agric. Engineering, University of Georgia</i>	

TRACK III. WATERSHED PROTECTION

Ecosystem Research

Moderator: Ken Martin, Georgia DNR Environmental Protection Division

Effects of Flooding on the Longleaf Pine-Wiregrass Ecosystem	190
<i>William Michener, J.W. Jones Ecological Research Center</i>	
Developing Natural Wetlands Management Strategies From Long-Term Field Monitoring	194
<i>Stephen Cofer-Shabica, National Biological Survey</i>	
Wetlands Mitigation for the John J. Briscoe Reservoir, Monroe, GA	199
<i>Eric Alford and David Ashley, Jordan, Jones, & Goulding</i>	

Agriculture and Forestry

Sponsored by: U.S. Natural Resources Conservation Service

Moderator: Cran Upshaw, NRCS

Cost-Sharing Incentives in the Gum Creek Watershed Agricultural Water Quality Pilot Project	203
<i>Jack Houston, University of Georgia</i>	
Potential for Reduced Infiltration and Recharge on a Local Scale Following Cover Type Conversions in the Southeastern Coastal Plain	207
<i>Sydney Bacchus, University of Georgia</i>	
Recommendations of the Georgia Board of Regents' Scientific Panel on Evaluating the Erosion Measurement Standard Defined by the Georgia Erosion and Sedimentation Act	211
<i>Todd Rasmussen and and Jim Kundell, The University of Georgia</i>	

Sediments and Water Quality

Moderator: Terry Sturm, Georgia Institute of Technology

Mercury Contamination of Stream Sediment in North Georgia from Former Gold Mines in the Dahlonega Gold Belt	218
<i>David Leigh, Dept. of Geography, University of Georgia</i>	
Erosion of Cohesive Sediments in Uniform Flow	221

<i>Keith Dennett, Georgia Institute of Technology</i>	
Panel Discussion: Sediments and Water Quality	*
<i>Art Horowitz, U.S. Geological Survey</i>	

Groundwater

Sponsored by: Georgia Groundwater Association
Moderator: Ash Raymond, GGWA

The Influence of Barometric Pressure on Water Level Observations in Unconfined Aquifers	224
<i>Leslie Crawford, University of Georgia</i>	
Ground-Water Supplies for Georgia's Poultry Industry	229
<i>Dan Harmon, Garrett Consulting</i>	
Recharge to High Yield Wells in the Piedmont	233
<i>John Dowd, Geology Department, University of Georgia</i>	
The Use of Geographic Information Systems Analysis to Estimate Groundwater Availability in West Central Georgia	237
<i>Bruce J. O'Conner, William H. McLemore and Victoria Trent, Georgia Geologic Survey</i>	

Georgia's Growth Strategies Program

Moderator: Gail Cowie, Institute for Community and Area Development, University of Georgia

Growth Strategies and the Georgia Planning Act: An Assessment of the Program	241
<i>Jim Youngquist, University of Georgia, Institute for Community and Area Development</i>	
Significance of the Dolan Ruling for Implementation of the Georgia Planning Act	246
<i>Laurie Fowler, Georgia Environmental Policy Institute, Athens</i>	
Database on Local Planning for Critical Natural Resources	250
<i>Jim Frederick, Georgia Department of Community Affairs</i>	

PANEL DISCUSSION: Amending Georgia's Environmental Planning Standards

Moderator: Lisa J. Hollingsworth, P.G., AICP

The Part V Task Force:	
A Consensus-Based Approach to Amending Georgia's Environmental Planning Standards	255
<i>Lisa J. Hollingsworth, Chattahoochee-Flint Regional Development Center</i>	
An EPD Perspective on the Dynamic Nature of the Rules for Environmental Planning Criteria	*
<i>Napoleon Caldwell and Clay Burdette, Georgia Environmental Protection Division</i>	
Has Growth Strategies Resulted in Improved Protection of Georgia's Water Resources?	*
<i>Michael Gleaton, Georgia Department of Community Affairs</i>	
Protecting the Big Haynes Creek Watershed: A Strategy for Land Management and Nonpoint Source Pollution Control	258
<i>Denise L. Schmidt, Atlanta Regional Commission</i>	

Streambank Stabilization

Sponsored by: Georgia Environmental Protection Division

Moderator: Susan Hendricks, Georgia DNR-Environmental Protection Division

DeKalb County Vegetative Streambank Stabilization Program	
<i>Gina Tiernan, DeKalb County Parks and Recreation</i>	
Availability of Materials--When and Where to Find Them	
<i>Elaine Nash, Georgia Wildlife Federation</i>	
DeKalb or Clayton County Streambank Stabilization Program	
<i>John Gurbal, DeKalb County Roads and Drainage</i>	
Soil Bio-Engineering in the Watershed	
<i>Robbin Sotir, Robbin Sotir & Associates</i>	

TRACK IV. WATER QUANTITY

Electronic Networking and Data Sharing

Sponsored by: U.S. Geological Survey

Moderator: Bob Dyar, USGS-Center for Spatial Analysis Technology

Introduction to Digital Environmental Data Via the Internet	*
<i>S. Jack Alhadeff, USGS, Water Resources Division</i>	
The Great Midwest Flood and the National Spatial Data Infrastructure	*
<i>John A. Kelmelis, USGS National Mapping Division</i>	
Introduction to Digital Environmental Data for Georgia	*
<i>Thomas R. Dyar, USGS-Center for Spatial Analysis Technologies</i>	

Urban Stream Management

Sponsored by: Georgia Environmental Protection Division

Moderator: Jennifer Hicks, Georgia Environmental Protection Division

Establishing Dynamic Equilibrium in an Urban Stream	264
<i>Drew Lucas, The Facility Group, Inc.</i>	
A Strategy for the Management of Urban Streams	268
<i>Ted Mikalsen, Georgia DNR Environmental Protection Division</i>	
Impact of Stormwater Management on Aquatic Ecosystem Integrity: The Sope Creek Case Study	269
<i>Katherine Baer, Univ. of Georgia</i>	

Water Demand Management

Sponsored by: Georgia Water Wise Council

Moderators: Kim Gnoffo, U.S. EPA Region IV

Benchmark Farms for Estimating Irrigation Water Use in Georgia	274
<i>Julia L. Fanning, U.S. Geological Survey</i>	
Projected Seasonal Water Consumption and Water Restrictions for Row Crop Irrigation in the ACF Basin	276
<i>Jim Hook, University of Georgia</i>	
Water Conservation for Low Income Areas: Care & Conserve Program	280
<i>Melinda Langston, Atlanta Water Department</i>	
Community Development Water Conservation Program: Project Harambee	281
<i>Marshelia DeVan, Vicki Nyshay, and Larry Blackburn of Earth Bond Inc.</i>	

Water Supply Planning

Moderator: Pat Stevens, Atlanta Regional Commission

The West Georgia Regional Water Supply Plan	283
<i>Ken Hall, CH2M Hill</i>	
Groundwater Resource Management Planning for North Georgia	285
<i>Lisa Hollingsworth, Chattahoochee-Flint Regional Development Center</i>	
An Overview of Water Demand Forecasting Methodologies and Models	288
<i>Scott Turner, Atlanta Regional Commission</i>	
WEAP: A Comprehensive and Integrated Model of Supply and Demand	291
<i>William Johnson, Quentin Williams and Paul Kirshen, Corps of Engineers, Hydrologic Engr. Center, Calif.</i>	

Reservoir Modelling

Sponsored by: Georgia Institute of Technology

Moderator: Phil Karr, Cobb County-Marietta Water Authority

Introduction: Session Theme and Focus	*
<i>Phil Karr, Cobb County - Marietta Water Authority</i>	
HEC-5 Surface Water Model for the ACF, ACT, and Savannah River Basins	294
<i>George McMahon, Camp, Dresser & McKee and Pat Stevens, Atlanta Regional Commission</i>	
Control Models for Hydropower Systems	302
<i>Aris Georgakakos, Huaming Yao and Yongquing Yu, Georgia Institute of Technology</i>	
Comparison of Optimization and Simulation Models for Hydropower System Analysis	*
<i>Aris Georgakakos, Georgia Tech, and George McMahon of Camp, Dresser & McKee, Inc.</i>	
Reservoir Design in Georgia's Piedmont	307
<i>Dieter Franz, Camp Dresser & McKee Inc.</i>	

Flood of 1994

Organized by: Reggina Garza, National Weather Service

Moderator: Tim Hale, U.S. Geological Survey

Alberto: A Meteorological Nightmare	310
<i>Carlos Garza, Jr., National Weather Service</i>	
Floods in Central and Southwestern Georgia in July 1994	313
<i>Timothy C. Stamey, U.S. Geological Survey</i>	
The Independence Day Flood of 1994, and Effects on Water Levels in the Upper Floridan Aquifer, Albany Area, Georgia	317
<i>David W. Hicks, U.S. Geological Survey</i>	
NAWQA Program: Water Quality Conditions and Mass Transport in the Flint River, Southwestern Georgia, Related to the Flood of July 1994, Caused by Tropical Storm Alberto	323
<i>D.J. Hippe, U.S. Geological Survey</i>	

PANEL DISCUSSION: Coastal Zone Management

Moderator: Becky Shortland, Georgia Conservancy

A Brief Background on Coastal Zone Management	*
<i>Becky Shortland, The Georgia Conservancy</i>	
Relationships Between Water Resources & Development	329
<i>Dave Kyler, Coastal Georgia Regional Development Center</i>	
Developing a Coastal Management Program: Georgia's Experience	336
<i>Tiffany Lutterman and Stuart Stevens, Georgia DNR Coastal Resources Division</i>	
Changing Roles for Regulators in Environmental Management	339
<i>Mel Goodwin (formerly with SC Sea Grant), The Harmony Project, SC</i>	

TRACK V. PUBLIC INVOLVEMENT

Pollution Prevention

Sponsored by: DNR Pollution Prevention Assistance Division

Moderator: G. Robert Kerr, Pollution Prevention Assistance Division

Highlights and Insights: Pollution Prevention in Mid-Sized Firms	343
<i>Carol Foley, Georgia Tech Research Institute</i>	
A Case Study in Pollution Prevention Analysis	*
<i>Steve Avary, Zep Manufacturing</i>	
Agricultural Pollution Prevention Efforts in Georgia	347
<i>Mark Risse, University of Georgia Cooperative Extension Service</i>	

Citizen's Role in Water Quality

Sponsored by: Georgia DNR Environmental Protection Division

Moderator: Laurie Hawks, Georgia Environmental Protection Division

Ellijay Students Study a Local Problem and Find a Solution	*
<i>Mark Stallings, Ellijay Georgia</i>	
Georgia Lake Management Society's Vision for Citizen Involvement	*
<i>Alan Foster, Eatonton Georgia</i>	
Supplemental Environmental Projects to Settle Clean Water Act Citizen Suits	349
<i>Michael Stevens, Arnall, Golden & Gregory</i>	

PANEL DISCUSSION: Opportunities for Employment in the Water Resources Field

Sponsored by: University of Georgia Student Chapter of American Water Resources Association

Moderators: Katherine Baer, Eric Sommerville, University of Georgia

*

Public Education in Water Resources Management

Sponsored by: Georgia Environmental Council

Moderator: Chuck Rabolli, GEC

Development of an Urban Waterbody Education Plan For Georgia	353
<i>David Nichols, Environmental Design, University of Georgia</i>	
Partners in Education: The Water Sourcebook - Grades 3-5	356
<i>Fox McCarthy, Cobb- Marietta Water Authority</i>	
Teacher-Student Water Quality Trend Monitoring: An Investment in Sustaining Water Quality in Georgia	359
<i>Susan P. Gannaway and Mac A. Callaham, Biology Dept., North Georgia College</i>	
Environmental Education Program Design for Student and Adult Audiences	362
<i>Sarah V. Mitchell, Gray's Reef National Marine Sanctuary, Savannah</i>	

Volunteer Monitoring Programs

Moderator: Lillian Hall, Gainesville, Georgia

Georgia's Adopt-A-Stream Program--Who, What, Where, and Why	363
<i>Laurie Hawks, Georgia DNR Environmental Protection Division</i>	
How to Use the Major Advantage of Volunteer Monitoring (Low Labor Cost) for Quality Control	365
<i>Mary Mayhew, Gainesville College</i>	
High School Student Involvement in National Park Service Aquatic Resources Management	368
<i>Brendhan Zubricki, NPS</i>	
Economic Value of Biological Indicators in Water Pollution Policy	371
<i>Donna McLemore, University of Georgia</i>	

PANEL DISCUSSION: River Access

Sponsored by: The Georgia Conservancy

Moderator: Wesley Woolf, The Georgia Conservancy

Panelists:

Craig Pendergast, Attorney, Paul, Hastings, Janofsky & Walker
Gary C. Black, President, Georgia AgriBusiness Council
John Godbge, Union Camp Corporation
Jim Silavent, Georgia Canoeing Association
Jerry McCollum, President, Georgia Wildlife Federation

TRACK VI. POSTER SESSION

Forecasting the Flood of '94	*
<i>Reggina Garza, National Weather Service, Southeast River Forecast Center</i>	
Contingency Planning for Utilities	*
<i>Mary Kay Jackson and Robert Corbitt, Metcalf & Eddy, Inc.</i>	
Partners for Environmental Progress Program	375
<i>Lillian Almodovar, U.S. Army Corps of Engineers</i>	
Ebenezer Creek: A Watershed Protection Demonstration Project	377
<i>Jonathan Ambrose, Chris Canalos, Susan Crow and Robert Scott, Georgia DNR Natural Heritage Program</i>	
Characteristics of Suspended Particulate Organic and Inorganic Matter in Ichawaynochaway Creek: A Brown Water Coastal Plain Stream	380
<i>Stephen Golladay, J.W. Jones Ecological Research Center</i>	
Effects of Riparian Zone Management on Water Quality and Invertebrate Community Structure in the Tifton Upland Region of the Georgia Coastal Plain	384
<i>Brian Gregory, University of Georgia</i>	
The Georgia GAP Analysis Project on Biodiversity	385
<i>Liz Kramer, Institute of Ecology, The University of Georgia</i>	
Agricultural Non-Point Source Pollution Control from a Watershed Perspective	*
<i>Melissa Tucker, University of Georgia</i>	
Control of Biofilm Bacteria	386
<i>Elisabeth Elder, Georgia Southwestern College</i>	
Erosion of Colloids Coated With Humic Substances in Fixed and Fluidized Beds	390
<i>Talat Mahmood, Georgia Institute of Technology</i>	

Arsenic Distribution in a Soil Profile Amended With Coal Combustion By-Products	394
<i>Urszula Kukier, University of Georgia</i>	
Assessment of the Possibility of Metal Migration from a Municipal Waste Site	398
<i>Urszula Kukier, University of Georgia</i>	
Radon-222, Radium-226, and Uranium in Georgia Piedmont Well Water	401
<i>Anna Butler and Bernd Kahn, Georgia Institute of Technology</i>	
Groundwater Exploration and Development Program: A Case Study for Cobb County-Marietta Water Authority	405
<i>James Emery, Emery and Garrett Consultants</i>	
Ground Water in Igneous and Metamorphic Rocks: Low-angle Lithologic Contacts Related to Site-Specific Control of Ground Water Occurrence	409
<i>Thomas Crawford, West Georgia College, and David A. Brackett, Golder Associates</i>	

EXHIBITS SESSION

- "Demonstration of the Interactive Forecast Program"
Office of Hydrology, National Oceanic and Atmospheric Administration
- "Water Conservation Initiatives of Georgia Water Wise Council"
Fox McCarthy, Georgia Water Wise Council
- Nonpoint Source Pollution Education Program
Susan Hendricks, Georgia Environmental Protection Division
- "Wetlands and Endangered Species Protection"
Carolyn Waldron, Southeastern Natural Resources Center, Atlanta
- "Savannah River Water Use"
Leroy Crosby, Savannah District, U.S. Army Corps of Engineers
- Programs and Projects of the Mobile District Corps of Engineers
Roger Burke, Mobile District, U.S. Army Corps of Engineers
- UGA - Georgia Chapter of Soil and Water Conservation Society
David Radcliffe, University of Georgia
- Water Related Programs of the Natural Resources Conservation Service
Jody Christensen, Natural Resources Conservation Service (SCS)
- Georgia Water & Pollution Control Association Exhibit on Operator Certification and
on Biosolids Recycling
Wayne Waldrip, Cartersville Water Department
- Water Related Programs of the Atlanta Regional Commission
Scott Turner, Atlanta Regional Commission
- DNR Pollution Prevention Assistance Division
Jancie Hatcher, DNR Pollution Prevention Assistance Division
- "Pollution Prevention in Agriculture"
Mark Risse, UGA Cooperative Extension Service
- "Educational Materials for Teacher-Student Water Quality Monitoring Project"
Susan Gannaway, North Georgia College
- Georgia Environmental Council
Chuck Rabolli, Georgia Environmental Council
- Georgia Groundwater Association
Ash Raymond, Exploration Resources Inc., Athens
- "Outstanding Books and Texts in Water Resources"
Gail Cowie for American Water Resources Association
- "EPA Drinking Water Program"
Kim Reid Gnoffo, U.S. Environmental Protection Agency, Region IV

DINNER MEETING AND PROGRAM

Tuesday Evening, April 11, 1995, at Flinchum's Phoenix
Hosted by: Georgia Section of the American Water Resources Association
