Winning the West

Irrigation by electrically driven pumps has made hundreds of thousands of acres of desert land in the Intermountain West blossom like the rose.

For a few cents a month per acre, electricity—the giant worker—brings the life-giving water from distant lakes and rivers to rainless valleys, producing rich harvests of fruits and vegetables, cereals and forage.

What electricity is doing for the farmer is only a counterpart of what it is doing for Industry, Transportation, City and Country life or any of the professions. It is a tool ready for your use and which, wisely used, will make the impossible of today an accomplished fact tomorrow.

How electricity does these things is important to the student in a technical school—but what electricity can do is important to every college man or woman, no matter what their life’s work may be.
What Is Your Reunion Spirit?

In the April issue of the Alumnus we published the fact that the Annual Meeting and Class Reunions would be held on Saturday, May 16th, beginning with the general assembly at 11:00 A.M., in the Chamber of Commerce Hall, corner Pryor and Auburn Avenue, Atlanta. Have you been thinking it over; are you going to be present—and to those of you who are due to hold reunions this year, are you going to manifest a true class spirit by an attendance such as we have never had before?

Every Georgia Tech alumnus will be expected at the annual meeting, if it is at all possible for him to be present, so those of you who “reune” this year had better look to your laurels or your percentage in attendance may fall below those of the regulars.

All graduates and registrants of the classes of 1900, 1905, 1910, 1915, and 1920, should make their plans immediately to be in Atlanta on May 16th, if they have not already done so in accordance with the suggestions made to them in April, these classes will hold their reunions right after the alumni meeting and can make their luncheon, tour of campus and ball game plans at that time and as best suited to their purposes. Your families and “dates” are cordially welcome to your luncheon, reunion, campus trip and seats with you in the alumni box at the Tech-Georgia baseball game; this of course, applies to all of you who will be present at the annual meeting though not “reuning.”

In our directory data we have listed nine members of the class of 1900, only one of whom is in Atlanta. How many of you are to be guests of the Athletic Association at the game on your twenty-fifth anniversary? All, we hope. How many of the thirty-three ’05 men are we going to see, how many of the forty-three ’10 men, and so on proportionately larger through 1915 and 1920? Group yourself at the meeting by classes and let us see you cut en masse and keep your eye on the individuals of the other classes who intend to be out in force.

Coach Kid Clay has produced a heavy hitting ball club for you this year—witness the counts on a subsequent page, and we know you are going to stand behind the team in the crucial game of the series which Georgia of what promises at this time to be the deciding series for the Southern Conference Championship — we’ll have tickets at the Chamber of Commerce for those of you who will want to sit in the alumni box. Let’s go, alumni!
Vote For Officers of The National Georgia Tech Alumni Association

In accordance with article six in the Constitution of the National Georgia Tech Alumni Association, nominations for National Officers were requested in the April Alumnus, and a ballot was carried in connection with the article so that it would be convenient for all local clubs and individual members to mail in the nominees of their choice for the year 1925-26. We have allowed twenty days for such nominations to reach your secretary and are pleased to advise your selections as follows:

For President: Mr. C. L. Emerson, Mr. Y. Frank Freeman, and Mr. Geo. W. McCarty, Jr.

For First Vice-President: Mr. C. L. Emerson, Mr. Sam Hodges, and Mr. Chas. A. Sweet.

For Second Vice-President: Mr. Horace Holleman, Mr. C. D. LeBey, and Mr. Chas. A. Sweet.

For Treasurer: Mr. Ed. C. Liddell, unopposed.

Class Secretaries: To be mailed in on your ballot.

This is a fine choice of men, alumni, so won't all of you active members and local clubs kindly consider it your duty to vote at once on the ballot at the end of this article and mail it in to the secretary of the National Georgia Tech Alumni Association by June 1, 1925.

A brief summary of the activities of your nominees is as follows:

C. L. Emerson, '08, Vice-President Robert & Company, Atlanta; President Atlanta Tech Club, 1922.

Y. Frank Freeman, '10, Vice-President S. A. Lynch Enterprises, Miami, Fla.; President National Alumni Association, 1923; Trustee, Georgia Tech.

Geo. W. McCarty, Jr., '08, Vice-President Ashcraft-Wilkinson Co., Atlanta; Present President National Alumni Association; Alumni Member Georgia Tech Athletic Association Board.

Sam N. Hodges, '13, Partner Griffin-Hodges Construction Co., Atlanta.

Chas. A. Sweet, '08, Supt. Fairfax Cotton Mills, Fairfax, Ala., present 2nd Vice-President National Alumni Association.

Horace Holleman, Treas., Southern Mortgag Co., Atlanta; present Treasurer National Alumni Association.

C. D. LeBey, '22, Manager Loan Department, Adair Realty and Trust Co., Atlanta.

Ed. C. Liddell, '22, Atlanta and Lowry National Bank, Atlanta.

All of the foregoing are active and interested Tech men. You can't go wrong on any of them, so SEND IN YOUR BALLOT AT ONCE.

EVERYBODY VOTE

ON THE BALLOT BELOW

I hereby cast my vote for the following men:

For President
For 1st Vice-President
For 2nd Vice-President
For Treasurer
For Class Secretary

Signed ___________________________ Year

Ballots due in by June 1st

Jacket Team Hitting .319 To Date Bids Fair To Win 1925 S. I. C. Championship

What with playing uniformly good baseball and “hitting ’em where they ain’t,” the Jacket nine has been having a highly successful season to date.

So far they have won twelve of the fifteen games played and are still going strong. The following summary will give you an idea of how conclusively they are winning:

Mar. 20—Clemson, 0; Tech, 4.
Mar. 21—Clemson, 0; Tech, 6.
Mar. 27—Furman, 2; Tech, 12.
Mar. 28—Furman, 3; Tech, 12.
April 3—Dartmouth, 5; Tech, 7.
April 4—Dartmouth, 1; Tech, 0.
(Called, 6th inning, rain.)
April 10—Notre Dame, rain.
*April 11—Notre Dame, 1; Tech, 6.
April 15—Maryland, 4; Tech, 25.
April 17—Alabama, 2; Tech, 9.
(At Tuscaloosa)
April 18—Alabama, 17; Tech, 10.
(At Montgomery, both off form.)
April 22—Oglethorpe, 7; Tech, 8.
April 23—Oglethorpe, 4; Tech, 1.
April 24—Auburn, 2; Tech, 25
(That’s right!) April 25—Auburn, 8; Tech, 10.
(In Auburn.)
April 27—Tenn., 0; Tech 11.
(Knoxville, no game, rain in 4th.)
April 28—Tenn., rain.
April 29—Kentucky, in Lexington, rain.
April 30—Kentucky, 3; Tech, 4.

*All of which means we have at last defeated Notre Dame in a major sport.

The reason for so many runs being scored can readily be seen when you take a glance at the batting average of the entire club. The team is hitting for a team average of .319, while eight players are batting over the .320 mark.

Doug Wycoff, the most versatile athlete that ever entered Tech, is leading the club with an average of .446, while Tom Angley is close behind with .421. It will be remembered that Wycoff led the Tech team last year with an average of .509 for the season. Angley and Wycoff are also fighting it out for home run honors with three each.

Dynamite Wilder is the only player that has gotten a hit in every game, but even then he has only played in seven contests. Angley has connected safely in every game except the first Auburn game and then he did not play but the first three innings. The Tech team made twenty-four hits in this game.

Capt. Joe To Report to Indians After Graduation

When the Cleveland Indians arrived in Atlanta recently to play several exhibition games out at Spiller’s, their object was two-fold. Besides winning their games, the scout and manager of the club were successful in securing the services of Capt. Joe Palmisano. Everyone in this section of the country is fully aware of the ability of the Jacket leader but his jump to the big leagues came as a surprise to his many close friends.
1925 Track Squad

Tom Mitchell, sixth man from left, front row, lowered the Tech mile record in the Auburn meet, held in Atlanta, and beat his own record in Baton Rouge, on April 25, in the time of 4 min., 33 3-10 sec. Lindsey Roberts, not shown, did likewise, establishing a Tech record of 10 min., 6 2-10 sec. for the two mile event at Baton Rouge.
Six Southern Records Broken In Tech Relays

An enthusiastic crowd witnessed six records smashed to cinders in the third Southern Relays held on Grant Field on Saturday, April 18.

The new records established are in the Distance Medley Relay set by Clemson lowering their old record nearly fourteen seconds; the half mile Relay team of Furman removed two-fifths of a second off the Mississippi A. & M.'s old record; the two mile Relay in which Miss. A. & M. supplanted the former record of Clemson by five seconds; the four mile Relay won by North Carolina in 18 minutes, 36 2-5 seconds, some 24 seconds less than the old one of Vandy's.

Other records were broken in the special events: Roy, of Tulane, won the 120 yard high hurdles by barely a nose from Moore, of North Carolina, in the extraordinary time of 15 seconds, flat, tying the world's record. Then Locke, of Auburn, vaulted 12 feet, 2 3-4 in. to a new record in the pole vault. Both of the former records were held by Tech men.

In the two events in which Tech men placed, new records were set. So finally it remained for our frosh to keep the old Gold and White from dropping by fairly flying to a victory in the one mile relay for freshmen. Robertson, Cabaniss, Sprick and Kontz were the men of the day.

In the one hundred yard dash, the classic of any meet, our Cuban friend, Barrientos, Univ. of Havana, capped from a large field of entries. Then in an exhibition hundred, Hamm raced to first place in ten flat, by defeating one of the boys of Emanuel County, Georgia high school. Hamm hails from Arkansas where nothing but good athletes and corn, or maybe wheat, are raised; we've found that out. Hamm, also in the broad jump, cleared 24 feet, 2 inches; he holds the interscholastic record in this jump with a clearance of 24 feet, 6 inches.

All and all, the meet was a grand success from start to finish and reflects a great deal of credit on Tech, the coaches and all the officials.

School For Coaches At Tech This Summer

The summer school will open its 1925 session on July 20 and will last eight weeks, closing September 10. Besides the regular academic subjects usually offered, there will be a course in Athletic Coaching which will be offered from July 27 until August 22.

The courses in Athletic Coaching will include instruction in football, basketball, baseball and track, taking up the organization and administration of athletics, athletic equipment, care and treatment of athletic injuries, conditioning of athletic teams, and the fundamentals, offensive and defensive, of individual and team play. In football, a complete analysis of the jump shift and details of plays used by the major teams of the East, South and Big Ten Conference will be studied.

Head Coach Alexander and his entire staff of assistants will give the courses in Athletic Coaching.

Bulletins describing the courses in detail and giving other information can be obtained from Professor A. B. Morton, Dean of the Summer School at Georgia Tech.
New Orleans Club Entertains Track Team

After their three-cornered meet with Louisiana State and Auburn, in Baton Rouge, La., on April 25, the track team spent the week-end in New Orleans on their homeward trip. No sooner had the officials and members of the squad reached their hotel when they were met by a large delegation of the New Orleans Tech Club, and from then on were royally entertained in the hospitable Crescent City way until the time of their departure.

Continuous sight-seeing motor trips, a journey to Lake Ponchatrain where the Lipton Gulf State Yacht Races were indulged in and an "honest-to-goodness" New Orleans banquet at the Yacht Club were just some of the big times shown the bunch by the New Orleans crowd.

J. A. Goldman, '16, President of the New Orleans Alumni Club, presided at the dinner and welcomed our team to the city. He called on Coach Geo. Griffin and Prof. A. H. Armstrong, for talks to which, we understand, they responded nobly, despite the "feeds." Head Coach Clark Shaughnessy, of Tulane, was introduced, and bespoke the good feeling between his charges and those of Tech and voiced the sentiment of the New Orleans Tech Alumni in hoping that the day wouldn't be long before their various teams would meet in New Orleans. Dr. I. A. Williams, of Tulane also voiced his good will in this connection.

J. E. Sims, '07, suggested that all Georgia Tech Clubs hold their respective meetings on the fourth Saturday of every month, and at an appointed hour all "listen in" to W. G. S. T., opening with Frank Roman's Rambler, followed by school news and progress, and closing with "Alma Mater" or "Up With the White and Gold." This valuable suggestion is being acted on now with the view of making it a regular thing with the opening of school in the fall.

In addition to the big Jacket squad and other guests, those present at the dinner were: J. A. Goldman, '16; R. A. Morgan, '09; J. E. Sims, '07; L. B. Griffith, '17; H. N. Daniels, '21; L. L. Jackson, '07; R. A. Riley, '07; R. G. Malone, '15; J. C. Pye, '20; Richard Wilhelm, '24; Russel Michaels, '12; G. M. Hill, '14; D. M. Beard, '24; Keith Ribble, '15; and "Dutch" Leuhrman, '14.

Coaches, Faculty Advisors and the squad will ever remember that great trip to New Orleans, many thanks and thanks again for the good words spoken by you in behalf of the National Georgia Tech Alumni Association.

Alumni Elected As Directors of Tech "Y"

When the last ballot had been counted after the annual election of Y. M. C. A. officers it was found that Pearce Baker had managed to nose out O. H. Sale in the race for president. Emory Rumble was elected vice-president over Jack Welch and Clark Jones was elected secretary over Franklin Pitcher. At the same time the directors of the Y. M. C. A. for the coming year were elected. These were chosen in three groups and under three classifications. From the faculty, Profs. A. H. Armstrong, A. B. Morton and J. B. Crenshaw; from the alumni, Mr. G. M. Stout, Mr. F. A. Hooper and Mr. Lawrence Willet; from a group selected at large from men interested in Tech, Dr. Ashby Jones, Mr. J. S. Alexander and Dr. W. W. Memminger.

With each election of officers the Y. M. C. A. has taken a step in advance and with this corps of able officers and directors advancement is insured.
Crenshaw's Prides Tie Benning Lacrossers

The United States Infantry school lacrosse twelve sent Georgia Tech home on the afternoon of April 25, with two defeats on Gowdy field, but with the satisfaction of having forced the soldiers to an extra period in each game.

The Infantry won 3-2 Saturday afternoon and the brilliant playing of Porch and Carraway, seasoned veterans of the Canadian national game, turned the trick.

Dr. Crenshaw, whose pride and joy is his lacrosse dozen, said in parting, "We are proud of the showing we made, and have no alibis." The Infantry won Friday, 4-3. Tech scored two goals in the first period Saturday and maintained the 2-0 lead until the fourth period when the Infantrymen swept in two goals and held the game tied.

In the extra period Mayberry, Infantry third attack, made a goal and the soldiers' defense held Tech scoreless.

Godwin, in house, and Parrish, first attack, accounted for Tech's two goals. Wright Brown, '20, invited the members of the team and coach to a theatre party at the Grand Theatre while they were in Columbus; they were also the recipients of invitations to dances at the Muscogee Club and the Officers' Club at the camp. All of the team are acclaiming the hospitality shown them on the trip; so we repeat our thanks to our friends and our alumni—your loyalty is great!

Friday, May 1, witnessed a little revenge on Grant Field when the Jacket Lacrossers defeated Benning to the tune of 9-2; and repeated the next day, 3-2; not so bad for a novice sport in a Southern Institution. More power to your team, Herr Doc.

---

Fine Radio Program—Tune In

Mon., May 11—Program to be given by the Tech Woman's Auxiliary, Mrs. Wm. C. Wardlaw, President.

Thurs., May 14—Program sponsored by Mrs. J. O. Sanders, Violinist. Speaker: Dr. G. H. Boggs, Professor of Chemistry, on the subject, "Prize Essays on Chemistry."

Mon., May 18—Program by the Yellow Jacket Four and other members of the Georgia Tech Glee Club, Al Holder, President, Sponsor.

Thurs., May 21—Program sponsored by Mrs. Lessie McMichael, mezzo-soprano. Speaker: Mr. L. W. Chapin, Instructor in English, on the subject, "Some Phases of Browning's Poetry."

Mon., May 25—Program sponsored by Carroll D. Edgar, Pianist, Assistant Professor of Drawing, assisted by Miss Rose Cefulu, Soprano, George Hoffman, Pianist, Mrs. Hugh H. Leech, Pianist, Clyde Meers, Pianist, and Vincent Cefulu, Violinist.

Thurs., May 28—The Agnes Scott Glee Club, Mr. Louis Johnson, Director. Speaker: Dr. M. L. Brittain, President of the Georgia School of Technology, on the subject, "Music and Its Influences."

Monday programs, 9-10 P. M. Thursdays, 7-8 P. M. C. S. Time, at 270 meters.

This concludes the broadcasting from the station for this school year.
Scholarship Honor Day Inaugurated At Tech

A precedent was established Thursday, April 10, in the Academic Chapel which will be a lasting memory to those who participated therein. Honor was given to those students who had been laboring and plugging away to better themselves and uphold the honor of Georgia Tech when they go out in the world of finance and engineering.

Dr. Brittain said there were three ways a man could distinguish himself at Tech. In athletics, student activities, and scholarship. It was at the motion of the Phi Kappa Phi Fraternity that a certain day was and will be set aside in future to show honor to those who had obtained a degree of excellence in scholarship.

The President of Emory, Dr. Cox, made a wonderful and inspiring address to the honor men. He said it was up to these men to keep America forging ahead, and not declining as the greater nations of today are now doing. For nations live as men live. They have their infancy, rise to power, and decline, but our nation will not decline if these men and others like them will live up to the standards which they have already set.

Then came the presentation of the Phi Kappa Phi and Tau Beta Pi certificates, after which the Tau Beta Pi Senior Scholarship cup was presented to A. F. Werner. The men who stood in the highest ten per cent of their class for their three years work were then given the Golden “T’s,” following which the Honor Roll was read. Delta Sigma Pi presented their scholarship key to L. A. Hawkins, and Alpha Delta Sigma presented their key to C. D. Keen. The Textile scholarship medal, given by the National Association of Cotton Manufacturers of Boston, was presented to A. B. Sibley.

The presentation of the wreathed gold “T’s” is made possible through the generosity of Mr. W. H. Brittain, Pres. J. M. High Co., Atlanta. The alumni of Georgia Tech wish to join hands with the students in thanking him for his significant donation which means so much to Tech in particular and education in general.

Quite an attraction at the meeting was the music furnished by the Marionette orchestra under the leadership of Frank Roman.

Marionettes Feature Dad’s Day and Alumni Gathering

Plans for the celebration of “Dad’s Day,” and the Alumni Meetings at Tech have received a boost by the announcement that the Marionette spring play, “The Bad Man,” will be presented to Atlanta audiences on May 15 and 16, the week-end which has been set aside for the reception of the Tech Dads and Alumni, as well as for the baseball game with the University of Georgia.

The spring Marionette play has been for years one of the most interesting events in the season at Tech. Especially keen interest has been shown on the campus this year due to the play chosen, the unusually excellent cast, and the fact that Tech night will come on the same date as the Tech-Georgia game celebrations.

All of the Alumni are urged to be present at either or both performances which will recall “old times” to them and otherwise prove to be a thoroughly enjoyable affair.
Positions and Applicants

We have several experienced graduate chemical, mechanical and electrical engineers, who are in a position to make a change; we shall be glad to furnish information to those interested in men of this calibre.

Please remember that there are no service charges, to either party for the work done by this association or by the Georgia College Placement Bureau with which it is associated.

Kirby and Webb, Engineers of Bradenton, Fla., want an experienced civil engineer, competent to handle lay-outs, and sub-divisions, salary to start from $175.00 to $200.00 per month.

The head of the electrical department of a large Atlanta engineering concern wants a graduate with about a year's experience in drawing for lay-out work on electrical installations in mills, etc. Good salary and promotion to the right man.

Turner Construction Co., 101 Marietta St., Atlanta, Ga., has applied for a civil engineer graduate.

Mr. Newton, consulting engineer, Walton Bldg., request an experienced draftsman for lay-out work.

A big firm of mechanical air engineers in Savannah wants a sales representative, preferably civil or mechanical graduate, from 25 to 30 years of age, who has been in some business from 2 to 5 years, attractive proposition to the right ones.

Mr. B. E. Anderson, Kentucky-Tenn. Light and Power Co., Bowling Green, Ky., can use one or two more electrical graduates for substation and construction work.

Piedmont Corp., Chestatee, Ga., wants a mine and general surveyor.

Mr. E. F. LeMay, of Sou. Iron and Equipment Co., Atlanta, had a position for draftsman and engineer.

We have also a number of good positions open for Tech graduates in teaching, salaries ranging around $1,800.00 for the nine months’ work.

Future Sponsors—Congratulations

Meet Miss Clara Malone Jones, newly arrived daughter of Robt. T. "Bobby," Jones, M.E. ’22, and Mrs. "Bobby"—Mary Malone. The young lady promises to wear the White and Gold and bids fair to win all championship golf honors in her time. She was named in honor of Mrs. Robert P. Jones and the parents of Mrs. "Bobby" Jones.

Meet Mr. and Mrs. Edward West Oehmig, announce the birth of a daughter at the Newell Infirmary, in Chattanooga. The baby has been named Frances West, in honor of her paternal grandmother, Mrs. W. G. Oehmig, Sr.

Ed Oehmig, E.E., ’16, advises that the young “boss” already has a doll dressed in the glorious colors.

Dr. Memminger Baccalaureate Speaker

The baccalaureate sermon this year will be delivered by the Reverend W. W. Memminger of the All Saints Episcopal Church.

As yet no definite arrangements have been made but the services will be held at the All Saints Church at the corner of North Avenue and West Peachtree commencing promptly at 11 o'clock on the morning of June 7. There will be special music, the services lasting about one hour.

Last year the baccalaureate was delivered by Dr. Ashby Jones of the Ponce de Leon Avenue Baptist Church.
Weddings and Engagements

Nicholes—Fouche
Mr. and Mrs. H. W. Nicholes announce the marriage of their daughter, Miss Elizabeth Nicholes to Mr. Woody Fouche, which was solemnized recently at the home of the bride's brother, in Druid Hills, Atlanta.

Roberts—DuPre
Of widest social interest to a host of friends is the announcement by Mrs. Williams Thomas Roberts, of Fairburn, of the marriage of her daughter, Miss Essie Roberts, to Mr. Walter L. DuPre, which was solemnized Saturday, April 18.

Directory of Classes
Graduates and Former Students

Please check over these lists as they appear each month in the Alumnus. If there are any corrections to be made kindly notify us at once. We are particularly anxious to verify those listed with "last known address"; should any of you have more recent information on those so shown kindly consider it your duty to advise us accordingly.

Graduates are shown with their degrees; those of you who withdrew are classified without degrees under the graduating year of the class with which you registered.

CLASS OF 1911
Auld, I. McQueen, B.S. in Arch.—Chief of Const. and member firm Robert & Co., 706 Brown-Albany Bldg., Atlanta, Ga.
Barney, W. Pope, B.S. in Arch.—Davis, Dunlap & Barney, 1805 Walnut St., Philadelphia, Pennsylvania.

Important Notice
Alumni

We wish sincerely to thank all of you who have so kindly and promptly replied to our recent letter. Fine Spirit! We are acknowledging the enclosure answers as promptly as our office can handle them.

But—so many of you have not replied at all! May we not urge these of you to send in your letter without delay? It will greatly expedite our work and otherwise make unnecessary the everlasting bombard of follow-ups.

YOUR CO-OPERATION WILL BE APPRECIATED.

REMEMBER

National Georgia Tech Alumni Association
Meeting Atlanta Chamber Comm. May 16

Georgia School of Technology

“A TECHNICAL SCHOOL WITH
A NATIONAL REPUTATION”

THE GEORGIA SCHOOL OF TECHNOLOGY offers to young men of ability and ambition a training which will fit them for positions of responsibility and power.

The national reputation of this institution is based not on claims, but on results. Its greatest asset is the record being made by its alumni in the productive work of the world.

Complete courses in MECHANICAL, ELECTRICAL, CIVIL, CHEMICAL, TEXTILE, GENERAL AND CERAMIC ENGINEERING, AUTOMOBILE ENGINEERING, CHEMISTRY, ARCHITECTURE, COMMERCE AND INDUSTRIAL EDUCATION.

COAST ARTILLERY, SIGNAL CORPS, AVIATION, INFANTRY, MOTOR TRANSPORT, AND ORDNANCE UNITS OF THE R. O. T. C.
