National Officers 1930-31
Annual Report of Secretary and Treasurer
Bobby Jones and Walker Cup Team Victorious — Annual Meeting
Football Reservation Letter — College Baseball League — Sports

Published at Atlanta, Ga. by the National Alumni Association of Georgia School of Technology.

ENTERED AS SECOND CLASS MATTER MAR. 25, 1918, AT THE POSTOFFICE AT ATLANTA, GA., UNDER ACT OF MAR. 3, 1879
It keeps faith with your needs

An Advertisement of the American Telephone and Telegraph Company

You have found a constantly growing use for the telephone. You have learned its value in business. You have found it helpful in keeping contact with family and friends. Its increasing use has given the telephone its humanly important place in modern life and requires the expenditure of hundreds of millions annually for extensions and improvements.

In 1929 the Bell System's additions, betterments and replacements, with new manufacturing facilities, meant an expenditure of $33 million dollars. During 1939 this total will be more than $300 million.

Definite improvements in your service result from a program of this size and kind. They start with the average time required to put in your telephone—which in five years has been cut nearly in half. They range through the other branches of your service, even to calls for distant points—so that all but a very few of them are now completed while you remain at the telephone.

In order to give the most effective, as well as the most economical service, the operation of the Bell System is carried on by 24 Associated Companies, each attuned to the part of the country it serves.

The Bell Laboratories are constantly engaged in telephone research. The Western Electric Company is manufacturing the precision equipment needed by the System. The staff of the American Telephone and Telegraph Company is developing better methods for the use of the operating companies. It is the aim of the Bell System continually to furnish a better telephone service for the nation.
ANNUAL BUSINESS It is interesting to report that the attendance at the Annual Business Meeting on the night of May 16, filled the auditorium of the Tech Y. M. C. A. There were about two hundred present for the meeting and the showing of the January 1, 1929, Rose Bowl picture of the Tech-California game which followed.

President Marchmont called the meeting to order shortly after the scheduled time and gave a very fine outline of the really big things that the Association did during the year.

After the individual introductions, reports were heard form the Treasurer and the Secretary, in order. These were accepted unanimously.

Following the reports, it was decided to hold the fall Homecoming on the day of the Tech-Georgia football game in Atlanta, December sixth; the hour and place to be announced later. Secretaries of all classes, ending in 0 and 5 were urged to confer with the National Alumni Secretary during the summer or early fall in connection with the reunions to be held at homecoming time.

At this juncture, the action of the Athletic Board in reference to discontinuing the downtown public football season ticket sale was announced and met with unanimous approval. Ample time was then given to all assembled for any resolutions, additional business, or such remarks as they might have wished to make; everybody seemed ready for the Rose Bowl picture, however, so the meeting was adjourned a few minutes ahead of schedule.

The picture of the Tech-California game was received with so much enjoyment and enthusiasm that it was decided to request the authorities to be sure to have the team play for the National Championship each year in the Rose Bowl.

In closing, it is a pleasure to state that Mr. Marchmont has made one of the best officials the association has had. He has contributed bountifully to various projects and has given freely of his time and thought to the welfare of the Alumni Association and Georgia Tech; this, in addition to defraying all of his expenses on trips in connection with alumni meetings. The progress made during the last two years can be greatly attributed to his activities. We feel sure that we voice the opinion of all the alumni in thanking him for his unselfish and uniring services.

FOOTBALL RESERVATION A copy of the Annual ANNOUNCEMENT Football Ticket Application Letter is printed on one of the following pages of this publication for the benefit of all the Georgia Tech Alumni and, in particular, for those who will probably be on a vacation upon the arrival of the forms which will be mailed out by the Georgia Tech Athletic Association on or before August first.

If you expect to be away at or about the time stated, we suggest that you put in your application to the Georgia Tech Athletic Association before you leave.

It is highly important that you keep the National Alumni Association Office at Tech informed as to any change of your address and to stay on the list of ACTIVE ALUMNI, if you want to be assured of your priority rating under the FIRST CLASSIFICATION.

The downtown public season ticket sale will be discontinued as a consequence; the very best tickets available will be given to the alumni, in accordance with the announcement and prior to the individual game sales to the public.

All alumni who paid their National Alumni Association dues during the last summer are advised that all payments through August of last year will expire on or before July 31 of this year. Alumni notices will be sent out to you again before that time; however, it would eliminate a lot of last minute detail if you will CHECK UP ON YOUR DUES NOW.
Report of the Year for the Year 1929-30

It is again gratifying to report that ever since the National Georgia Tech Alumni Association began functioning on a permanent basis, each year has shown an improvement over the former one, financially and otherwise, despite the fact that there is always a corresponding increase in expense.

After an organization begins to function properly, its yearly activities become fairly constant; however, various problems and matters of importance continually present themselves during the year and these should prove of interest to our alumni and other loyal friends.

Although we may move to other quarters before very long, the National Alumni Office is still located in the east tower of Grant Field on North Avenue. The gates below are always open during business hours and all of you are cordially invited to call at any time. Your secretary will be only too glad to render whatever service his office has to offer and will try to make your visit to the campus a pleasant one—and, as stated before, you may be asked to verify your address or the addresses of those with whom, perhaps, we have lost our contact and on whom you may have the very information.

There is a movement on foot to build a real gymnasium on the north end of Grant Field as the next major construction project after the Aeronautical Building has been completed. In addition to having a first-class basketball court with ample gallery, swimming pool, indoor track and gymnasium, lockers, and the like, it is intended to have the wings of the building for fan alumni directed alumni activities; this will give the National Alumni Association an up-to-date suite of offices, with meeting and trophy rooms, where the planning and actualization of these plans will take place.

Our activities are now listed under 17 major heads: (1) The correction of addresses, classification of alumni and the enlargement of the list of names and addresses. (2) Organizing and reorganizing local Tech Clubs. (3) Editing and publishing the Georgia Tech Alumni. (4) Informing all graduates and non-graduates that they are members of the Georgia Tech Alumni Association and are entitled to claim their moral and financial co-operation for the support of the organization. (5) To stimulate the interest of the alumni in reunions, commencements and homecoming days. (6) To encourage endowment and research Funds for the school. (7) To assist in the work of the different auxiliaries and organizations composed of the members, wives and sisters of the students, professors and alumni. These organizations have been of much help to Georgia Tech and have been valuable adjuncts in many ways. (8) To inaugurate a local, state, and national new publication bureau for Georgia Tech so that its great work, in addition to its athletic record, may be remembered to which alumni have contributed.

(9) To encourage the attendance at Tech of the more serious minded high school boys and whosoever, mainly studious, athletic, and so on, to our school scholarships for the poorer boys of both classes. (10) To design and appoint an alumni bureau for former Tech men, the graduating classes, and the students; co-operating with such highly altruistic organizations as the Georgia College and Alumni Association, Office of the Alumni Office, all cost to employer or applicant for employment.

(11) To set up an information bureau for the alumni and to assist the Athletic Association in reaching the former students so that the latter may have the privilege of excercising their privileges in the purchase of tickets to any and all athletic events.

(12) To lend our help and influence toward the development of associations for the betterment of elementary and higher education throughout the state and nation.

(13) To distribute booklets, pamphlets, and other inspiring literature to the students, with the view of helping to direct them vocationally and for furthering their self-analysis and the like.

(14) To encourage experienced alumni and others to give lectures, consistent with schedules and similar school arrangements and to encourage debates and public speaking together with industrial plants and large developments and other industries and businesses.

(15) The publication of the Georgia Tech Alumni Directory. The 1930 Directory will be completed this summer with geographical listings and will be mailed to all active alumni about September.

(16) Publication of the War Record of the Alumni and the Institution. This was started in March, 1927, and has been completed.

(17) To aid in and enlist the co-operation of the Alumni in such worthy causes as the Gene Turner Fund, merited presentations, and the like.

It is worth while to note that your association has made material progress on the items as outlined and, furthermore, that it has exceeded its expectations on a number of them. The number of Georgia Tech Alumni now will number thirty-five in all. The clubs at New Orleans and Nashville were genial and hospitable hosts to the team and the visiting alumni when Tech played in their respective cities last fall. Philadelphia, New York, and Pittsburgh are all reorganizing on a 100 per cent basis and are anticipating with a lot of enthusiasm the coming of the alumni and its alumni supporters when the Tornado plays Carnegie Tech at Pittsburgh and Pennsylvania. The fall exhibitions in southern Georgia—Moreover, Macon and Savannah, Georgia, alumni turned out en masse, and showed some real Southern hospitality when Coach Alexander, President Marchmont and your secretary visited those cities with the January 1, 1929, Rose Bowl Picture, this summer.

In conclusion, we trust that alumni will continue to support our organization, and that the alumni have a pride in Tech and its alumni in the knowledge. I have enjoyed writing this report at the close of the academic year and hope that the next is as illustrious as this.

Balance, (May 31, 1930) in (May 30, 1930)

Undergraduates Georgia Tech Alumni Home Club
Balances
Bank Balance $223.24
Printing and Office Equipment $309.73
Business Office Salaries $2,930.87
Office Equipment $848.64
Salary Reserve $1,125.39
Clerical Salaries $600.00
Home Club Miscellaneous $132.56
Meetings General $250.00

It is in the hope that your Alumni have been pleased with the results of the 1929-30 Alumni Home Club Directors and the work of all the people promptly served.

The following is a printed copy of the Alumni Home Club's financial report. It brings to mind the good work of all who cooperate with the Alumni. The report is self-explanatory and needs no further comment.
We are duly grateful to those of you who are such contributing factors in a big and worthy undertaking and may we assure you that it is our sincere desire to give you a service worth every dollar that you put into your organization.

In addition to the facts that have been stated, we render no little service in being in touch with the Athletic Association to see that you receive advance application blanks and the like for the football games and that you are provided for in baseball and other athletic events.

Even if it's found that you are not being benefited directly, it certainly must be gratifying to know that those of you who are standing behind the association are, as a matter of fact, standing behind those men who do find our services most worth while and, after all, that is about one of the biggest things you can do.

We need a field secretary or funds for the executive secretary to be able to do more field work; furthermore, an alumni representative should attend Georgia Tech's major athletic events in other cities to meet with the local and visiting Georgia Tech Alumni at the time and to relieve the coach and his assistants from a lot of detail, mixing, and meeting before the games. This is regularly done now by the smallest and largest institutions and we are gradually working toward that end.

In conclusion, we know that you express your thoughts with ours in stating that it is a sincere pleasure to thank our organizers, past and present officers and committee members, for the great work they have done for Georgia Tech and the Alumni Association. Their reward lies only in the knowledge of having given their best for their Alma Mater and their fellowmen. Such is your spirit, too, we know, and that, indeed, is the greatest of all compensations.

Respectfully submitted.

R. J. THIENEN, Secretary,
National Georgia Tech Alumni Association.

Treasurer's Report

I herewith submit my report for the fiscal year, 1929-30, at the close of business on April 30, 1930.

RECEIPTS
Balance, as of April 30, 1929: $1,742.92
Alumni Dues and Magazine Subscriptions ..... 4,133.00
(May 1, 1929, through April 30, 1930)
Advertisements (May 1, 1929, through April 30, 1930) ..... 2,875.00
Undergraduate Fees (Period, as shown) ..... 2,975.00
Atlanta Georgia Tech Athletic Association ..... 4,750.00
Homecoming Luncheon ..... 750.00
$10,936.21

DISTRIBUTIONS
Balance and Receipts—Total
Bank Balance and Cash, April 30, 1930: $2,593.00
Printing Magazine: $2,400.00
Salaries ..... 2,500.00
Business Mgr. and Assistants, Commissions ..... 2,500.00
Office Expenses (Mailing Magazines—Mail, Stationery and Supplies—Drayage and Extra Clerical) ..... 1,500.00
Miscellaneous (Alumni Council Dues, Alumni Meetings, Floral Offerings, Presentations, Gene Turner Fund) ..... 1,125.00
$10,936.21

It is important to note that salaries and expenses for May and June and the summer months are yet to be met and two additional items such as the annual and the Alumnus outstanding. An extra expense will be incurred by the publication of a comprehensive Alumni Directory during the summer months; so, it is imperative that all dues and advertising accounts for the year be met promptly and be collected in full.

The foregoing statements are certified to be correct.

Respectfully,
EDWIN C. LIDDLE, Treasurer,
National Georgia Tech Alumni Association.

Apology

It is regretted that the ballot for National Officers was printed in the wrong order in the May issue, regardless of the form that was finally approved as correct. All the alumni that voted, however, made their own corrections intelligently and the largest vote ever was polled; which brings us to the conclusion that a mistake may have its good points, after all.

National Officers for 1930-31

It is a pleasure to state that a great amount of interest was shown in the national alumni elections, just closed, and more votes than ever before were sent in on all the nominations for the respective offices. The ballot is an evidence of an alumni spirit which is appreciated by the officers and the executive board of the National Georgia Tech Alumni Association.

The balloting was closed on June 1 for the ensuing year, 1930-31, with the following alumni elected for the offices as shown:

President: J. Tyler Montague, '14.
First Vice President: B. T. Jones, Jr., '22.
Second Vice President: Carl C. Sloan, '22.

Your new president, Mr. Montague, Textile, 1914, is Traffic Engineer, Southern Bell Tel. & Tel. Co., Atlanta. Mr. Robert T. Jones, Jr., First Vice President, M. E., '22, the only holder of the four major golf championships, is a member of the firm, Jones, Evans, Powers, and Jones, Attorneys, Atlanta.

Mr. Carl C. Sloan, Second Vice President, E. E., '12, is Division Supervisor of Traffic, Southern Bell Tel. & Tel. Co., Nashville, Tenn.

Mr. Ed. C. Liddell, Treasurer, B. C. S., '22, is Assistant Cashier, First National Bank, Atlanta, Ga.

The annual voting and committee check of the teller's count was concluded just as this issue went to press, so it will be necessary to wait for a group picture of your newly elected officers and executive board until September, as the Alumnus suspends publication during the months of July and August.

It is gratifying to state that the nominees received a flattering vote which is a tribute to their popularity and a recognition of their loyalty.

Lost and Found

A fraternity pin was found, having the initials J. R. W. on it. The pin was found by Prof. Noel of the Commercial department. It is thought that the pin belongs to J. R. Wilde as he is the only graduate of Tech of class of 39 with those initials. Please get in touch with Alumni office if this pin is yours.

Mr. J. R. Reynolds, Jr., of the class of '36, has lost his Senior ring. It had a garnet setting. Finder please return to Alumni office.
On or about July 26-28, all alumni on the mailing list of the National Georgia Tech Alumni Association will receive the following announcement with application forms from the Georgia Tech Athletic Association:

"SEASON TICKETS"

a. Graduates and ex-members of all classes may apply for four tickets each.

b. In filling orders, seating preference will be given, as follows:
   1. All active members of the Georgia Tech Alumni Association in order of classes and receipt of request.
   2. Alumni and ex-members of Georgia School of Technology who are non-active members of the Georgia Tech Alumni Association in order of classes and request.
   3. All orders received up to August 4th will be considered as of that date. August 19th will be the closing date for Alumni priority preference.
   4. The Athletic Association advises that unless an order for football tickets is accompanied by written authority, no alumni reservations will be delivered except to the applicant personally, or to his home address.

INDIVIDUAL GAME TICKETS

a. In filling orders for individual game tickets, the same seating preference will be given as for season tickets.

b. You will note that after the first two hundred applicants, individual game tickets for the major games will practically be confined to the South Stand. See diagram on this notice.

NOTE

Due to the fact that Georgia Tech is a state institution, a number of season tickets is reserved for the general public and for subscribers to the Greater Tech Fund. Orders for this group will be received and handled at the office of the Georgia Tech Athletic Association, the downtown sale being discontinued."

The National Alumni Association will notify all alumni as to their classification, during the time between now and the date that the football letter is mailed. All memberships paid through August, 1929, are due again before August first of this year.

The Athletic Association states that at this time it is uncertain as to whether or not the South Carolina and Auburn games, the first two at home, will be played at night; they will keep you informed, however, and will give you the option on these reservations, if played at night, without disturbing your season ticket locations.

Furthermore, there will be a different scale of prices for the North and South Stands and the East and West Line Stands. This, it is hoped, will meet the demand for popular priced season and individual game tickets.

Season tickets in the West and East Stands for all home games will be $17.00 each. Prices for the individual games are shown below on the Football Schedule. A 25 cent mailing and registration charge is to be added for each order for season or individual games.

North Stand season tickets will be $13.00 each. The North Stands will be erected at the beginning of the year; season tickets in that section will be $9.00 each. Individual game requests will be filled for such seats as are available in the respective sections after the closing date of the season ticket sale.

The 1930 schedule and prices are shown below.

1930 FOOTBALL SCHEDULE AND PRICES

All games on Grant Field, unless otherwise shown.

Season Tickets—Home Games—W. & E. sides. $17.00
Season Tickets—Home Games—South Stands 15.00
Season Tickets—Home Games—North Stands 9.00

(Continued on next page)
Six-Club College Baseball League Formed

At a recent meeting in Atlanta of coaches and college representatives of Auburn, Florida, Georgia, Mercer, Oglethorpe and Tech, a six-club college baseball league was formed. Coach W. A. Alexander was elected president of the newly organized association, for the coming year.

All the colleges stated entered into the league with enthusiasm and with the knowledge that the formation of the league would stimulate more interest in college baseball. The schedules begin next spring on April 6 and continue through May 16. The champion for the year will be determined upon the percentage basis.

The schedules were arranged to save mileage in travel with expense allowances to each team totaling the same per mile per club. Counting Saturday one-half of a school day, Tech would only miss seven days from school on its trips; Oglethorpe, seven and one-half days; Auburn, eight and one-half days; and Georgia, Mercer and Florida nine days.

While it did not come up for action, it is thought that the champions of this league will meet the other Southern college champions at the conclusion of their respective seasons.

The regulations of the league are as follows:
1. This League shall consist of six college teams: Georgia, Georgia Tech, Oglethorpe, Mercer, Auburn, Florida. No other teams will be admitted to this League for any reason. Should any of the above teams withdraw from the League, the League will automatically disband.
2. The officers of this League shall consist of a president and six directors.
   a. The President: The President shall be elected for a period of one year, by a majority vote of the Directors. The President must be elected from the faculty of one of the six institutions.
   b. The Directors: The Directors shall be the six baseball coaches of the League.
3. The President shall appoint a League Statistician, who will keep all figures for the League and who will send out weekly news letters on League affairs.
4. Each Director will appoint an official scorer for his home games who will report immediately after the games to the League Statistician.
5. The home teams shall furnish two umpires for each game played on their ground. The visitors shall have no say so as to who these umpires shall be. The visiting coach, however, shall have the privilege of writing a letter to the League President in regards the work of these umpires. The President of the League shall have the power to instruct any team to change the umpires they have been using.
6. The players in the League must all be eligible according to the Southern Conference rules and regulations. Each coach must submit a list of twenty-five players to the League President by April 1st of each year certifying that those twenty-five men are eligible under Southern Conference rules. The President of the League shall then send each team in the League a complete roster of players of the League teams.
7. The League shall hold an annual meeting at which time the next year’s schedule and all other matters pertaining to the League shall be settled. The date of this meeting shall be the first Monday in May and the place of the meeting shall be Atlanta, Ga.
8. In order to change any regulations of this League, a two-thirds vote of the Directors shall be necessary; and the change must take place at the annual meeting.
9. The Directors of this League agree to discourage any attempts on the part of players to sign professional contracts before graduation.
10. The League at its annual meeting shall adopt an official ball and shall purchase the balls through the League President.

Bob Jones and His Opponent in British Title Round

Bobby Jones’ American team successfully invaded the British Isles, again winning the Walker Cup, 10 to 2. Britain’s finest golfers were given the worst thrashing ever received on British soil. All that Bobby Jones, president of the American team, had to say after winning the cup was: “I am very well pleased. I didn’t think our fellows could play so well. The margin really is too flattering.”

Bobby also won the Gold Vase of Golf illustrated in a thirty-six medal play competition with leading amateurs of the United States and Great Britain. The King of Golf was followed around the course by four princes. He shot a record 68 on the last 18 holes and turned in a 143 total to win the trophy.

On May seventeenth, the National Alumni Association had the pleasure of sending the following cable to Bobby Jones:

Bobby Jones,
Grantham,
Bamsgate, England.
National Georgia Tech Alumni Association at Annual Business Meeting extends congratulations to you and Walker Cup Team on your glorious victory.
Marchmont, President,
Thiesen, Secretary.

After the Walker Cup Match there came the hard pace and the brilliant victory at St. Andrews, Scotland, where Bob again made history by winning the British Amateur Golf Championship for the first time, by defeating one of
Britain’s great sportmen, Roger Wethered, in the finals on May 31st.

Bob Jones is the only one who has ever won the four major golf titles of the world; his incomparable record of fine sportsmanship, skill and glory, includes the heights of the U. S. Open 1923, 1926, 1929. U. S. Amateur 1924, 1925, 1927, 1928. British Open 1926, 1927. British Amateur 1930. A championship every year since 1923 including U. S. Open and British Open, 1926; U. S. Amateur and British Open, 1927.

He will establish more records and our hearts are always with him for whatever he enters, but the fact remains that the Golf World belongs to him and the world is happy that it does.

ALUMNI PROMINENTLY MENTIONED

Oscar S. Oldknow, B. S. in Mechanical Engineering of the class of 1920, has recently been named Fox Film Vice President. Mr. Oldknow will have charge of all Fox theaters except those on the west coast. For the past four years Mr. Oldknow has been vice president of the National Theater Supply Company and managing director of the concern’s southern territory.

William A. Linton passed through Atlanta, on May 14, driving to Vancouver, B. C., with his family to embark on June 12th for Korea, where he has been a teaching missionary for 12 years. He has been in the United States for the past two years where he completed a 3 year course in Columbia Seminary in two years. Mr. Linton will take up his duties as missionary as a regular ordained minister of the Presbyterian Church. He graduated in 1913.

W. Lucas Simons, B. S. E. C., 1909, has been named manager of the J. S. Bache and Co. He is manager of the Charleston, S. C., branch office.

Benjamin B. Peacock, T. E., 1927, is now sales engineer of the Foxboro Company, located at 1217 Atlanta Trust Company Bldg., Atlanta, Ga.

John L. Davidson, class of 1915, now holds an important engineering position with the New York Central Railway. He has been asked by representatives of the Russian Soviet Government to visit Russia and study their railroad problems with a view to reducing operation cost.

Robert Gregg, B. S. M. E., president of the Atlantic Steel Company, has been elected to the board of directors of the American Iron and Steel Institute. The honor is one of the highest that can be given in the metallurgical industry. He graduated in 1906.

The Georgia Tech Collegians, under the direction of Jimmie Bears, have just signed a contract with the United States Lines to furnish music on the S. S. America, this coming summer, on its trips to and from Europe.

MARRIAGES AND ENGAGEMENTS

Cooper-Hammond

The marriage of Miss Margaret Edwards Cooper and Charles Kirby Hammond was solemnized recently in the Independent Presbyterian Church, Birmingham, Ala. Mr. Hammond is of the class of 1925.

Corker-Ballard

Mr. and Mrs. Frank Gratten Corker announce the engagement of their daughter, Myrtis, to Mr. Ralph Ballard, the marriage to take place the early part of June. Mr. Ballard graduated with the class of ’28.

Crowell-Thash

A wedding of interest will be that of Miss Peggy Gilbert, daughter of Mrs. James W. Gilbert, and Mr. Ralph Barfield, which will take place in June. He was of the class of ’26.

Gilbert-Barfield

A wedding of interest will be that of Miss Peggy Gilbert, daughter of Mrs. James W. Gilbert, and Mr. Ralph Barfield, which will take place in June. He was of the class of ’26.

Kilpatrick-Printup

Mr. and Mrs. Walter Standford Kilpatrick announce the engagement of their daughter, Martha Eloise, to Mr. Charles Lane Printup. Mr. Printup graduated with the class of ’28.

Meyers-Millis

Cordial interest centers in the announcement made by Mrs. Frank Meyers of the engagement of her daughter, Miss Elizabeth Meyers, to Captain Ralph Millis, son of Colonel and Mrs. John Millis, United States Army. The wedding date has not been set as yet. Captain Millis graduated with the class of ’27.

Parish-Cope

Taking place in the presence of a large assemblage of relatives and friends, the marriage of Miss Kathryn Parish and John Levell Cope was solemnized in the Independent Church of Savannah, Ga. Mr. Cope is of the class of ’27.

Russell-Singer

Mrs. Ethel Allin Russell announces the engagement of her daughter, Netta, to Joseph Henry Singer, the marriage to take place in early June. Mr. Singer graduated with the class of ’26.

Teabold-Perry

Mr. and Mrs. Frederick William Teabold, of New York City, announce the engagement of their daughter, Wilma Carolyn, to Willis Lamar Perry, of Atlanta, the date of the wedding to be announced later. He is of the class of ’30.
DEATHS

Mr. J. L. De Give was killed in an automobile accident near Meridian, Miss., May 9, 1930. When the accident occurred he was returning from a business trip to Texas. Mr. De Give graduated from Tech in 1891, taking a B. S degree in M. E.

The friends and classmates of Mr. John Baldwin of the class of 1910 note with regret the recent announcement of his death on May 9, 1930. Mr. Baldwin was buried in Greenville, Ga.

Mr. Joseph E. Inglesby of the class of 1910 died in Savannah on May 15, 1930. Mr. Inglesby was at his home at the time of his death.

Mr. David R. Paulk, C. E., 1927, died at his home in Brunswick, Ga., on May 23. Mr. Paulk was engineer and building inspector of the city and county planning board with headquarters in Brunswick at the time of his death.

Mr. Robert G. Taylor, B. C. S., '17, died at Florence, Ala., on March 15, 1930. Mr. Taylor was State Manager for the Monroe Calculating Machine Co. for the past ten year, with headquarters in Birmingham, Ala.
BIRTHS

Mr. and Mrs. Ben T. Largen announce the birth of a daughter on May 24, 1930. Mr. Largen was graduated from Georgia Tech in 1929.

Mr. and Mrs. H. L. Merk announce the birth of a son, on April 19th, 1930, at Wesley Memorial Hospital, who has been given the name of John Lamar. Mr. Merk was a member of the class of 1924.

CAPTAINS ELECTED

At the annual baseball and swimming teams banquet held at the Athletic Club the captains for next year were elected. Ray Brosnan was elected captain and Jimmie Frink alternate captain of the baseball team. This year Brosnan was one of Coach Clay's best hurters. Frink held down the third baseman's position well.

Fleming Cooper was elected by his team mates to head the swimming team with Al Kennicott as alternate. The swimming team during the past year had a very successful season, winning the southern championship with individuals on the team breaking southern records.

Georgia Tech's track team of 1931 will be headed by C. H. Ashbury, star miler, who was elected by the track letter men recently. Tech's new track captain is a member of the cross-country team and is a very popular student. Prospects indicate that Ashbury will lead a good track team next spring.

Armo Quality—
Tech-Dixie Service!

We specialize in making culverts of the famous Armo rust-resisting Ingot Iron. And our engineering force, many of whom are Tech alumni, specializes in the development of improved methods for culvert installation. Ask for descriptive literature.

How Tin Improves The Quality of Rubber Insulation

We have discussed, in previous advertisements, the importance of securing the best grade of rubber—the necessity of thorough cleansing and of slow and natural drying—the proportion of rubber used with other ingredients to make the insulating compound, and the way we grind and mix these ingredients to assure the durability and toughness of the finished product. Now comes a simple yet a vitally important process. We warm the "rested" compound and run it through a calender which forms it into sheets of the required thickness for each insulating wall. These sheets, in turn, are backed with sheets of tin which are essential to the exclusive Okonite method of applying insulation to the conductor and in the final process of vulcanization. Our following advertisements will describe these final processes, showing how each step in manufacture contributes to the unduplicated quality of all Insulated Wires and Cables made under the Okonite brand.

Put the "grin" in Grind

-with the Pause that refreshes

When much study is a weariness to the flesh. When you find yourself getting nowhere—fast. Pipe down! Don't take any more punishment! Let go everything! Pause for a moment and refresh yourself.

That's just the time and place when an ice-cold bottle or glass of Coca-Cola will do you the most good. A regular cheer-leader with its happy sparkle and delicious flavor, while its pure, wholesome refreshment packs a big rest into a little minute and gets you off to a fresh start.
