Beginning: Georgia Tech Alumni in The U. S. Army and Navy
ON THE WHARVES of Liverpool and Singapore, in a freighter’s hold halfway across the Atlantic, in a truck on the Burma Road, you will find them—three words stencilled on a thousand boxes and bales: “Made in U.S.A.”

Yesterday, three big words to look for. But today they stand for more than the unequalled engineering and production that have made them familiar on every dock and pier in the world. They stand for the productive strength of a free people—a productive strength that cannot be matched; they stand for a determination to “deliver the goods”—a determination that will not be thwarted. And in the ports of the world’s embattled democracies, where men are hourly risking their lives to take delivery, they stand for freedom itself!

To keep this great flood of goods moving is the most important job in the world today. Wherever it moves, General Electric helps to provide motors and propulsion equipment to keep it moving. In trains hauling ore to America’s factories; in factories building guns and tanks and planes; in ships carrying oil to Britain and food to China; in destroyers and cruisers and battleships patrolling two oceans—the words “General Electric” stand beside “Made in U.S.A.”

General Electric Co., Schenectady, New York, U.S.A.
GEORGIA SCHOOL OF TECHNOLOGY

"A Technical School with A National Reputation"

THE GEORGIA SCHOOL OF TECHNOLOGY offers to young men of ability and ambition a training which will fit them for positions of responsibility and power.

The national reputation of this institution is based not on claims, but on results. Its greatest asset is the record being made by its alumni in the productive work of the world.

Complete courses in MECHANICAL, ELECTRICAL, CIVIL, CHEMICAL, TEXTILE, GENERAL and CERAMIC ENGINEERING, ARCHITECTURE, AERONAUTICAL ENGINEERING, INDUSTRIAL MANAGEMENT and PUBLIC HEALTH.

Gala Reunions, Homecoming, And Georgia Game Nov. 28-29

Plans have been launched for gala Class Reunions and Homecoming celebrations at Georgia Tech over the week-end of November 28 and 29. The newly organized and representative Students’ Booster Club will join with the Alumni Association and the respective class reunion leaders in a movement to make the 1941 Home Coming one of the best ever to be held on the campus.

Special class reunion groups scheduled to meet, in addition to the home comers in general, are: 1891, 1896, 1901, 1906, 1911, 1916, 1921, 1926, 1931, 1936, and 1941.

Several of the reunion classes have proposed the following program:

FRIDAY, NOVEMBER 28

Afternoon: Cocktail parties for the reunion members and their ladies. (To be arranged by the individual classes for their separate reunion groups, as may be desired.)

Evening: Separate class dinners. Ladies and families to visit, dine and entertain among themselves during this period until time to attend the Senior Home Coming Dance.

Night: Senior Home Coming Dance with Reunion Classes and Senior lead outs.

SATURDAY, NOVEMBER 29

Noon: Home Coming Lunch or perhaps Alumni-Senior Barbecue on the campus. Alumni in general, reunion classes, faculty, seniors, families and dates of all.

Afternoon: Tech-Georgia football game, Grant Field.

Senior-Reunion Class march out on track around field. (If in order and in keeping with other arrangements, between halves.)

Tours before and after game to see the decorated chapter houses. "Open house" at the respective chapters to their alumni and guests. Y. M. C. A. and Campus Society open house for the alumni, their families, dates, and other friends.

Night: Left open for individual arrangements. Georgia Tech dance and dances at the local clubs.

The reunion class representatives are:

Messrs. Montgomery Hill, Monie Ferst, and Claiborne Glover, Sr., of the class of 1911; Jimmy Johnston, 1921; and G. H. Traylor, 1926, have already started some very fine work for their thirtieth, twentieth, and fifteenth anniversaries, respectively. Members of the 1916 class held an enthusiastic and interesting advance "get together" during the annual meeting of the Alumni Association in June.

Jimmy Johnston’s letter of May 31 to his classmates, is an excellent example of some of the fine work that is being done for the reunion classes. In a 1921 class envelope and on unique, three colored, twentieth reunion stationery, Jimmy “stepped out” with a great letter, which with a change of class dates, is most applicable to all the reunion classes. The letter is as follows:

“Here goes for the first letter to everybody I can (Continued on next column)"
Robt. B. Wilby, Alumni President, Appointed to Tech Athletic Board

National Alumni Officers, 1941-42

As announced in June, the following prominent alumni were elected to head the National Georgia Tech Alumni Association for the 1941-42 year:

President, Robert B. Wilby, 1908; Vice-President, Jack Adair, 1933, Atlanta District; Vice-President, Robert A. Morgan, 1909, Districts at Large; Treasurer, Chas. R. Yates, 1935; and Baxter Maddox, 1922, named as acting treasurer during Chas. R. Yates' term of service in the army.

The foregoing officers, the secretary, and the alumni board appointees will constitute the Executive Board of the Association for the year.

Brief summaries have been published on the activities of the officers, as named; however, it is a real pleasure for us to publish the information again as it is so well worth repeating.

Robert B. Wilby, President, is President, Wilby-Kincey Service Corporation and Wilby Theatres, throughout the Southeast. He took the E.E. course and was a leader in campus activities. He has given most generously of his time and ability as Vice-President of the Ga. Tech National Alumni Association; contributes most liberally and graciously to Georgia Tech affairs, and is prominent throughout the nation in business and civic undertakings.

Jack Adair, Vice-President, is President of the Adair Realty and Loan Company. He is a son of Georgia Tech's great and immortal friend, "Mr. George" Adair. Outstanding in Georgia Tech affairs during and since his college days, he is also a prominent leader in civic activities, a liberal supporter and experienced in the college and alumni work.

Robert A. Morgan, Vice-President-at-Large, is a member of the firm of Moore, Thies & Morgan, Textile Engineers, Rome, Ga., and Charlotte, N. C. He resides in Rome and is the popular and efficient president of the Rome Georgia Tech Club. He has also been president of several of the largest civic clubs in his city and is very active and interested in the welfare of the college.

Baxter Maddox, Treasurer, interim, is Vice-President, Trust Department, First National Bank of Atlanta. He is an exceptional civic and business leader and has attained state-wide and national prominence in business, civic and college affairs. Mr. Maddox was most cooperative and extremely loyal in his acceptance of the appointment.

Chas. R. Yates, Treasurer, capable and efficient, famed in national and international golf, is Assistant Vice-President of the First National Bank of Atlanta. He is active in all civic undertakings and those of his college and college affiliations, in particular. At present he is in the U. S. Army.

Members appointed to the Alumni Board are to be announced in the next issue of the Alumni.

Class representatives are as follows: J. B. McCrary, '91, and W. A. Hansell, '92, for the Pioneer Classes; Ferd Kaufman, '94; C. E. Buchanan, '96; S. C. Fleming, '01; E. W. Klein, '02; P. M. Peteet, '03; Frank B. Davenport, '04; Robt. Gregg, '05; A. Wells, '06; G. M. Stout, '07; Dan I. MacIntyre, '08; W. H. Hightower, '09; Frank Legg, '10; M. S. Hill, '11; W. A. Alexander, '12; Robt. L. Hughes, '13; A. F. Montague, '14; Edgar Montague, '15; Chas. S. Gardner, '16; John M. Slaton, '17; Jas. S. Budd, '18; Morgan McNeill, '19; L. F. Kent, '20; Jas. H. Johnston, '21; A. R. Flowers, '22; C. M. Kennedy, '23; Jos. Dan-

(Continued on next page)
Report of Annual Business Meeting
ALUMNI CARDS ADMIT TO PRACTICES

Attended by an interested and representative group of local and visiting alumni, the annual business meeting of the National Georgia Tech Alumni Association was called to order by the retiring president, W. A. Parker, at 8:00 P. M., Friday, June 6, 1941, in the Georgia Tech Y. M. C. A.

President W. A. Parker gave a summary of the excellent work of the Alumni Board for the year and called attention to the many and fine meetings that the board members have had with a faculty committee on expansion. He also stated that the Board was working hard, faithfully and loyally on all vital matters pertaining to Georgia Tech and that a lot of good had already been accomplished; he added that former presidents of the association are acting with the Alumni Board on these important matters.

Reports of the Treasurer and the Secretary were read and adopted. The Treasurer’s books and records, it was announced, were to be audited, as usual, by a certified public accountant.

The report of the Secretary drew attention to the fact that there is an enormous amount of general and detail work in connection with an alumni office and stated the following:

"1. The alumni office is really a registrar’s office which records personnel information on those who have attended the college.

In this particular we are making a survey at this time of all who have gone into the service in order to send them news and to help with their placements again in industry, at the proper time, and prior to their leaving the service.

2. We are still working on a complete directory of the alumni which is being published in full for additions and corrections in the current issues of our magazine. We have mailed out over 6,000 information cards on this in the past year and a like number in the year before.

3. Placement work has been hard and exacting but very encouraging as the demand far exceeds the supply. We have handled 400 or more placements and all kinds of correspondence with business and government agencies in finding qualified men for them. There are no dues or any other charges to anyone for our placement services.

4. We are grateful to Coach Alexander, the Athletic Association, and Coach Roy Mundorff for assistance in furnishing us with the current football films. In the past year we have averaged two bookings per week for showings which averaged more than forty persons a week, to alumni meetings, to high school students and others, totalling over 2,000 in all.

5. The Association has worked in behalf of the best interests of Georgia Tech in all matters that have affected such affairs to the best of its ability and, we believe, with every fairness and consideration to all.

6. Beginning with the fall Home Comings and Reunions, really big meetings and fine demonstrations are going to take place in a series of events. A number of the class representatives are now working with our office in this connection. The Home Coming events will be held over the week-end of November 29, the day of the Tech-Georgia game in Atlanta, with class suppers, luncheons, dances, and class parades.

7. Some time back, Mr. Bob Wilby suggested that it would be very much in order and quite necessary for the seniors to have experience in being interviewed for their jobs. This idea was given to the proper authorities and, as some of you know, the seniors have been going through practical interviews with the constructive help of many of the alumni and other leading business men.

8. We have saved one of the finest recent bequests to Georgia Tech for our closing remarks, and that was the gift of a large plot of land just North of the campus, to the school for the home of the president of the college or for any other Tech use, by Mr. John Smith, M. E., 1895, President, John Smith Company, Atlanta. Mr. Smith’s gift, in memory of his father, was accompanied by a grand letter; and his example is a splendid one for each alumnus to emulate. I know you join with us in expressing our sincere gratitude to Mr. Smith.

‘To our alumni officers, board, and committee members, we are greatly indebted for their many meetings and hard work in behalf of Georgia Tech and the Alumni Association; all without compensation, except for the good that they have done for their Alma Mater and their State. We gratefully thank them, and we also thank all of you for your kindness and consideration.’

Upon the conclusion of the foregoing report, Messrs. Chas. Gardner and ‘Reg’ Fleet, 1916 reunion members, made some valuable suggestions as to reunions and other business which was well received and is being acted upon. They and all others were assured that capable committees, which were announced, were working on all matters important to Georgia Tech. This was met by hearty approval and a cordial reception by all.

Head Coach W. A. Alexander gave a delightful and interesting talk on football prospects and stated that he was cooperating fully with the Government which came first, by all means, in the call upon men, football players or otherwise. He has lost Muerth, Bates, Lee, Hood, Pair, Paschall, and other really good men to the service, all of whom have gone in for aviation, and he may lose more to the good of the cause. He will be short, consequently, of old good men to the service, all of whom have gone in for aviation, and he may lose more to the good of the cause. He will be short, consequently, of old good men to the service, all of whom have gone in for aviation, and he may lose more to the good of the cause. He will be short, consequently, of old good men to the service, all of whom have gone in for aviation, and he may lose more to the good of the cause. He will be short, consequently, of old good men to the service, all of whom have gone in for aviation, and he may lose more to the good of the cause. He will be short, consequently, of old good men to the service, all of whom have gone in for aviation, and he may lose more to the good of the cause. He will be short, consequently, of old good men to the service, all of whom have gone in for aviation, and he may lose more to the good of the cause. He will be short, consequently, of old good men to the service, all of whom have gone in for aviation, and he may lose more to the good of the cause.

After Coach Alexander’s talk, the meeting adjourned and pictures of some of the major football games of last season were shown.

National Alumni Officers—(Cont’d.)
Capt. Smith Gives Tract To Tech

Captain John E. Smith, M.E., 1895, outstanding alumnus of Georgia Tech, civic leader, President and owner of John Smith Company, prominent automobile firm, deeded an excellent tract of improved and elevated land to Georgia Tech during the latter part of May.

The valuable gift was made in memory of Mr. Smith's father, who was a contributor to the founding of Georgia Tech under Dr. I. S. Hopkins.

The tract is located on the corner of Tenth and Fowler streets, not far from Tech's Rose Bowl Field, and was originally secured as a home site.

Captain John Smith attended Tech under Dr. I. S. Hopkins and Captain Lyman Hall, the first and second presidents, respectively, of the institution. He received his M.E. degree in 1895 and was captain of Tech's baseball team in '95, also caught in '96, and was quarterback in '94 on the football team that defeated Auburn 94 to 0. (Yes, they have trimmed Ga. Tech plenty since and vice versa.) His son, Hal L. Smith, was graduated from Tech in 1926; and a grandson is now en route to the college.

In his fine letter to Dr. Brittain, announcing the gift, Mr. Smith stated:

"You, my dear Dr. Brittain, have been president for 19 years and have inspired this gift. Under your guidance Tech has made wonderful strides in growth, in reputation, and in character. The luster reflected by Tech since you have been its president will always be a great source of pride and satisfaction to its alumni."

"It is my wish that this property be used exclusively for the benefit of my old alma mater, Georgia Tech. This gift is made in memory of my father, John M. Smith, who was a contributor to the founding of Tech under Dr. I. S. Hopkins."

He added that the growth of Georgia Tech will undoubtedly be in the direction of the property—which is its present and practical trend—and it is his hope, Mr. Smith further declared, that his gift will stimulate fellow alumni to make similar and other contributions to Georgia Tech.

Geo. W. McCarty Concludes Long Athletic Board Membership

As far back as January 5, 1937, Mr. George W. McCarty, M.E., 1908, tendered his resignation as a member of the Athletic Board at Georgia Tech, since he felt then, as he does now, that the honor and pleasure of membership on that very important Board should be rotated from time to time. Dr. M. L. Brittain, President of Georgia Tech, and the other members of the Board, however, insisted that the services of Mr. McCarty were most valuable to them; and they preferred for him to remain on the Board. This Mr. McCarty kindly consented to do for a while at least and with every appreciation.

Since then and before, Mr. McCarty has been responsible, along with the other Board members, for the notable progress of Tech's Athletic program, the most important accomplishment of which is the fact that the Association is now free from debt with all improvements paid for.

Although he is too modest to admit it, he was largely instrumental in securing the return of a large loan made by the Athletic Association to the Board of Regents with which to complete the swimming pool addition to the auditorium which had been authorized by the Regents but on which completion had been halted for lack of funds when the Legislature, several years ago, failed to pass the Appropriation Bill making the funds available.

It is felt certainly well in order to quote in part from Mr. McCarty's kind and fine letter of resignation of April 25, 1941, to Dr. Brittain, which states:

"Having served as a member of the Athletic Board since 1922 and feeling as I do that this should not be a lifetime job, and that the honor should be passed around, I hereby tender my resignation as of May 1, 1941, with the request that same be accepted. This should give you an opportunity to appoint my successor before the present school term is out and enable him to take office and be of value to the Board for the ensuing school year starting in September.

My association with you and the other members of the Board has been a most pleasant relationship and one that I shall always cherish.

With all good wishes for the future of our School and our Association and with warm personal regards to you and each member of the Board, I am,

Yours sincerely,

Signed: George W. McCarty."

Dr. M. L. Brittain, President, and Dean Floyd Field, Secretary of the Board of Directors, Georgia Tech Athletic Association, expressed in a letter of record their sincere regret and that of the other members of the Board at Mr. McCarty's resignation; and conveyed to him the personal and kind feelings of their Board with expressions of esteem for his wise counsel, faithfulness to duty, and unwavering loyalty to his Alma Mater.

Capt. Smith Gives Tract—(Cont'd.)
New Commandant Navy R. O. T. C.

Captain W. C. Wickham, U. S. N., has been assigned as commandant of the important Georgia Tech Naval R. O. T. C. station.

Captain Wickham, formerly commanding officer of the U. S. S. Quincy, heavy cruiser, has been in charge of the Naval Reserve training school at Tech since July 18. The school has been training ensigns in naval subjects prior to their active duty assignments.

Captain Reed M. Fawell, U. S. N., Commandant, and Commander Paul R. Coloney, U. S. N., were in charge of the department during the past school year.

Captain Wickham is a capable, efficient and popular officer and Georgia Tech is fortunate indeed in always having men of his ability at the head of its respective Navy and Army R. O. T. C. units.

Barron Chosen Director NYA Unit

A news article of August 27 from Monroe, Georgia, states that a change whereby the Georgia Vocational and Trade School, of which David Irenus Barron is president, becomes a resident National Youth Administration institution with Mr. Barron as project director, has been approved by the Walton County Board of Education.

The John Marshall Law School of Atlanta conferred the degree of doctor of laws, at their commencement exercises on June 7, upon Barron, who holds a commerce degree, also, from Georgia Tech.

It was further announced that under terms agreed upon by the Walton County Board of Education and Boisfeuillet Jones, state director of the NYA, Walton County will lease the physical plant of the old Georgia Vocational and Trade School to the NYA on a yearly contract, which can be canceled by either party on 30-day notice.

In return, the NYA will materially aid the county in erecting a new $35,000 high school building on the campus for the North Walton Elementary School. Work will begin on the building within 30 days, according to J. Mason Williams, county school superintendent.

As NYA project director, Mr. Barron will direct activity of the institution, which will provide a resident school for 200 out-of-school and unemployed youths between 16 and 24 years of age.

Few changes in personnel will be made.”

It may well be added that this gives promise of the genesis of a high school and junior college movement that should become a vitally important national educational project.

Former Tech Athlete Loses Hand

Paul Sprayberry, star end for the past three seasons on Georgia Tech's football team, had his right hand amputated at the wrist on July 16, following an accident on July 15, while working with the telephone company in Atlanta.

The six foot three inch athlete alternated with George Webb at right end for the Jackets and was one of the big stars in Tech's Orange Bowl victory over Missouri on January 1, 1940. He also played on the basketball team for two years. He had finished his athletic career at Tech.

Sprayberry came through his ordeal nicely and is facing his loss with fine philosophy and fortitude.

Tech “Y” Book Dedicated

To George Winship, 1906

GEORGE WINSHIP, ’06

Georgia Tech’s Y. M. C. A. “T” book for the year 1941-1942 is most appropriately dedicated to Mr. George Winship, 1906. A full page picture of Mr. Winship is shown in the opening pages of the hand book, opposite the following sincere and fitting tribute:

DEDICATION

“In recognition of his outstanding community leadership, a fine portion of which has been devoted to faithful service as a member of the Y. M. C. A. Board of Directors, and because of his far-reaching efforts to strengthen spiritual and social values, the Y Book Staff dedicates this little volume in appreciation to MR. GEORGE WINSHIP.”

Mr. Winship is President of the Fulton Supply Company, and the Morris Plan Bank of Georgia, and is also a former president of the Atlanta Rotary Club. Prominent in a number of other outstanding civic, church, and business associations, Mr. Winship has always found time to serve Georgia Tech in its Y. M. C. A. and other activities; and it is a genuine pleasure for us to congratulate Mr. Winship and the Tech Y. M. C. A. “T” Book Staff on this excellent and so well merited tribute.

Concerning Alumni Photographs

We greatly appreciate the photographs that have been sent to us for our files at the request of authorized photographers. The pictures will add greatly to the effectiveness of our permanent records on the respective alumni and we plan to publish the photos singly or in groups in some of the coming issues of the ALUMNUS.

While we really want to have a good photo file, we certainly don’t want any of our alumni to be importuned in the matter; nor should anyone presume upon your time or cause you any inconvenience or expense in connection with the plan.

You will understand this notice, we feel sure, and we thank you a lot for your kindness and co-operation.
Distinguished Service Award Presented to Frank H. Neely

In bestowing Georgia Tech's 1941 Distinguished Service Award upon Frank H. Neely, Executive Vice-President and General Manager of Rich's, Inc., during the June Commencement Exercises, Dr. Brittain pointed out that Mr. Neely was chairman of the board of the Federal Reserve Bank, chairman of the Fulton County Planning Commission and that he held other high civic posts in addition to his connection with the business world.

Mr. Neely was born in Augusta and came to Tech from the public schools in Rome where his father was the first superintendent. He was graduated in mechanical engineering at Tech in 1904. He went to Pittsburgh after his graduation, but returned to Atlanta in 1910 to become associated with the Fulton Bag and Cotton Mills; he became connected with Rich's in 1924.

To the 431 graduates and the 2,000 or more in addition who were present at the exercises, the award was an impressive ceremony.

Governor James M. Cox, publisher of the Atlanta Journal and other newspapers in Ohio and Florida, was the principal commencement speaker.

Governor Cox's brilliant message to the assembly on preparedness and service was broadcast over stations WSB, and WGST, in addition to the full accounts of his speech which were nationally published; and it was grand and fitting that Mr. Neely received the Georgia Tech award for distinguished service during such an excellent program on "service" to the nation.

Dr. Harold Alan Bunger

Dr. Harold Alan Bunger, 45, nationally known figure in chemical engineering research, director of the Engineering Experiment Station, and chief of the division of chemical engineering at Georgia Tech, died suddenly of a heart attack Friday, August 15, while on a visit to Minneapolis, Minn. He resided at 333 Oakland street, Decatur.

A graduate of the University of Minnesota, with a bachelor of science degree, a chemical engineering degree and a doctor of philosophy degree, Dr. Bunger came to Tech in 1927, and his cooperative spirit, ability, and popularity soon gained for him wide recognition and promotion.

He also attained much prominence for progress made on the development of an economical machine to process flax for commercial purposes. He was with the A. E. F. during the World War and was a native of Eaton, Ohio.

He was a member of the American Institute of Chemical Engineers and the Georgia Academy of Science and held membership in one professional fraternity, Alpha Chi Sigma; three honor societies, Sigma Xi, Tau Beta Pi and Pi Lambda Epsilon and was a graduate member of Sigma Alpha Epsilon.

Surviving are his wife and one daughter, Jane Bunger.

The funeral was in Minneapolis, the home place of his family, where he had gone at the time of his death to contact some large business firms in connection with his flax processing project.
+ Weddings and Engagements +

ARMSTRONG-Plage
The marriage of Miss Marjorie Armstrong, of Atlanta, Georgia, to Mr. Henry Plage, of Atlanta, was solemnized on June 18, 1941. Mr. Plage was graduated in 1936 from Georgia Tech, receiving his degree in A.E.

VIDAL-SOBREDO
Mr. and Mrs. Lorenzo Vidal, of Havana, Cuba, announce the marriage of their daughter, Virginia, to Sergio A. Sobredo, the son of Mr. and Mrs. Francisco Sobredo, of Havana. The marriage was solemnized at the church of San Juan de Letran, Vedado, Havana. Mr. Sobredo received his B.S. in E.E. in the class of 1939.

deBORDE-SENA
Miss Marguerite Posey deBorde was recently married to Lieutenant John Michael Sena, of the U. S. Army. Lieutenant Sena was graduated in 1940, receiving his degree in C.E. He is now a flying instructor stationed at Cochran Field, Macon, Georgia.

BOOKER-GRAY
Mr. and Mrs. C. W. Booker, of Thomasville, Georgia, announce the engagement of their daughter, Miss Alice Ruth Booker to Mr. Claude Nelson Gray, of Ocilla, Georgia. Mr. Gray graduated from Tech in 1932, receiving his B.S. in E.E.

DAVIS-MUNFORD
A ceremony held in September united in marriage Miss Lillie Shepherd Davis and Mr. Dillard Munford. Mr. Munford graduated from Tech in 1939, receiving his B.S. degree in M.E.

DEAN-HOGAN
Miss Willene Camille Dean was married to Ensign William Joseph Hogan III on May 11, 1941. Ensign Hogan received his B.S. in I.M. He graduated in the class of 1940.

DONNAN-GLENN
Miss Hilda Rebecca Donnan became the bride of Mr. Wilbur Fisk Glenn. Mr. Glenn graduated from Georgia Tech in 1929.

FURCHGOTT-GEIGERMAN
Mr. and Mrs. Melvin Furchgott announce the engagement of their daughter, Miss Clarice Edythe Furchgott to Lieutenant Henry David Geigerman, Jr. The marriage will be solemnized some time in September. Lieutenant Geigerman was graduated with honors in chemical engineering in 1935.

KING-MINTER
The betrothal of Miss Katherine Barnwell King, of Atlanta, Georgia, to Lieut. James Ethelwyn Minter, Jr., was recently announced. The wedding date will be announced later. Lieut. Minter graduated from Tech in 1931.

LAWLER-MCKEE
Miss Emily Lawler married Mr. George Henry McKee, Jr., on June 27, 1941. Mr. McKee received his B.S. degree in E.E. in 1940.

LENTZ-SLICER
The engagement of Miss Margaret Lenz, daughter of Mr. and Mrs. Gustav H. Lentz, of Washington, D. C., and Joseph Samuel Slicer, Jr., of Boston, has been announced. The wedding will take place sometime in September. Mr. Slicer was graduated from Tech in 1939. He received his B.S. degree in E.E.

LUNSFORD-THOMAS
Miss Thelma Annette Lunsford was wed to Mr. Robert Glenn Thomas on August 16, 1941. Mr. Thomas graduated from Tech in 1939 when he received his B.S. degree in mechanical engineering. He is now connected with the Bailey Meter Company, of Cleveland, Ohio.

MASHBURN-GILKESON
Miss Minnie Eugenia Mashburn married Mr. William Reginald Gilkeson on the seventeenth of August at Blue Ridge, Georgia.

Mr. Gilkeson was graduated from Georgia Tech with a B.S. degree in E.E. in 1925. He and his bride are now in Chattanooga, Tennessee.

MAYS-WATSON
Miss Grace Christine Mays was recently married to Lieutenant Archie Cowan Watson, Jr. Lieutenant Watson graduated from Georgia Tech in 1938, receiving his B.S. degree in I.M.

MOON-CLARK
Jack H. Moon announces the engagement of his sister, Miss Loraine Sorrells Moon to Lieutenant William Pierce Clark. Lieutenant Clark attended Georgia Tech, and is now stationed at Fort McPherson.

MORRIS-WALKER
Mr. and Mrs. Charles A. Morris announce the marriage of their daughter, Miss Sadie Annette Morris, to Lieutenant James Harold Walker.

Mr. and Mrs. Charles A. Morris announce the marriage of their daughter, Miss Sadie Annette Morris, to Lieutenant James Harold Walker.

MORRIS-WALKER
Mr. and Mrs. Charles A. Morris announce the marriage of their daughter, Miss Sadie Annette Morris, to Lieutenant James Harold Walker.

MOON-CLARK
Jack H. Moon announces the engagement of his sister, Miss Loraine Sorrells Moon to Lieutenant William Pierce Clark. Lieutenant Clark attended Georgia Tech, and is now stationed at Fort McPherson.

PANCOAST-COLE
Mr. and Mrs. William Glover Pancoast announce the engagement of their daughter, Miss Louise Pancoast to Mr. Ralph Buxton Cole.

Mr. Cole is a graduate of Georgia Tech, where he received his B.S. degree in Ch.E. in 1936. Mr. Cole is now working with the Woodbury Company.

PHRYDIS-PAPAGEORGE
Mrs. Arthur Phrydis of Greensboro, North Carolina, announces the engagement of her daughter, Irene, to Lieutenant Demetrius Papageorge, of Atlanta. Mr. Papageorge graduated from Tech with a B.S. in C.E. in 1939.

POLAK-HORNER
Mr. and Mrs. Albert V. Polak announce the engagement of their daughter, Alice Virginia, to Lieutenant Leonard Leroy Horner, Jr. The wedding will take place in the near future.

Lieutenant Horner received his B.S. degree in E.E. at Georgia Tech in the class of 1941, and he is now stationed at Camp Stewart, Hinesville, Georgia.

WEST-BERRY
Friends and classmates of M. L. Berry, E.E., 1940, will be pleased to know of his marriage on May 10, 1941, to Miss Allene West. Mrs. Berry is the daughter of Mrs. A. H. West, of Atlanta. Mr. Berry is an Ensign in the U. S. N. R.

WHALEY-HOAGLAND
Mr. and Mrs. William Howle Whaley announce the marriage of their sister, Julia Rose, to Mr. Arthur Moore Hoagland, Jr.

Mr. Hoagland received his B.S. degree in C.E. in 1937.
### Deaths

**AKIN**

On May 18, 1941, Elbert D. Akin, who for the past ten years has been president of the Akin Realty Company, passed away in Atlanta.

**BROWN**

Major Brian S. Brown, B.S. in Engineering Chemistry, 1907, died unexpectedly following a heart attack at his home in Savannah, Georgia, on the morning of August 30. President of the Georgia Rosin Products Company, Major in the Chemical Warfare Reserves, Rotarian, former member of the Tech Alumni State Council, outstanding church, industrial and civic leader, he had just recently added to his many activities and honors by passing the Georgia Bar examination for his own edification and business purposes.

Major Brown had been in ill health some time ago, but was considered almost fully recovered and his sudden attack and death came as a severe shock to all.

**COTHAN**

James Robeson Cothran, Jr., B.S. in C.E. 1941, was crushed to death on September 6 at Chattanooga, Tenn., by a boulder he dislodged while climbing Signal Mountain. Mr. Cochran was employed by the T. V. A. He resided with his family in Atlanta until he graduated and went with the T. V. A. in June.

**CRAIG**

Mr. Bruce Kilpatrick Craig, Jr., A.E. class of 1935, had a fatal accident on Monday, June 2, 1941. He was killed while testing an airplane for the Consolidated Aircraft Corporation.

**DENNIS**

Mr. Will S. Dennis, 68, retired civil engineer, died unexpectedly of a heart attack on July 4, 1941, in Talbotton, Georgia.

**DUNSON**

Mr. W. S. Dunson passed away on March 2, 1941, at his home in LaGrange, Georgia.

**LAW**

Mr. McIvor Law, B.S. in E.E., class of 1925, passed away on May 3, 1941, in Coral Gables, Florida. Mr. Law was a world war veteran and in the U. S. N. R.

**LYNES**

Carlos Lynes, Sr., died recently in a private sanitarium. Mr. Lynes was 65 years of age, and graduated from Georgia Tech in the class of 1897.

**MCCALEB**

On August 11, 1941, J. W. McCaleb, 21, a junior at Georgia Tech, was killed when a new pressure tank that was being tested in the Aeronautical Building exploded.

**SPAIN**

Frank Ovid Spain, a member of Tech’s first football team and a former Tech instructor, died recently at his home in Darlington, South Carolina.

### Births

**GREEN**

Mr. and Mrs. E. L. Green, of Macon, Georgia, announce the birth of a son, Donald Gary Green, on Aug. 21, 1941. Mr. Green graduated from Georgia Tech in 1940.

**MATHES**

Reverend and Mrs. Alfred Mathes announce the birth of a daughter, Rachel Clarke Mathes, at Emory University Hospital, in Atlanta, on March 14, 1941. “Al” Mathes, B.S. in M.E., studied for the ministry after graduating from Tech, and he is now supply pastor of the First Presbyterian church in Meridian, Mississippi.

**MILNER**

Mr. and Mrs. Ben Milner announce the birth of a daughter on June 28, at the Piedmont Hospital, whom they have named Eleanor.

Mr. Ben Milner graduated from Tech in 1917.

**MORRIS**

Ensign and Mrs. Allen Morris, of Charleston, South Carolina, announce the birth of a daughter on July 4.

Ensign Morris received his B.C.S. from Georgia Tech in 1939.

**LE ROUX**

Mr. and Mrs. G. M. LeRoux, of Flushing, L. I., take pleasure in announcing the birth of a son, on August 8, 1941.

Mr. LeRoux graduated from Tech in 1935 after receiving his B.S. in M.E.

**WALTMAN**

Mr. and Mrs. Andrew Waltman announce the birth of a girl, Deanna Doris Waltman, on July 1, 1941.

Mr. Waltman graduated from Georgia Tech in 1939, receiving a B.S. degree in I.M.

**WARDLE**

Mr. and Mrs. Robert Wardle announce the birth of a girl, Margaret Elizabeth, on June 21, 1941.

Mr. Wardle received his B.S. degree in C.E. from Georgia Tech in 1934.
Alumni Attain High Positions

On April 18, alumni and active members of the SAE Fraternity at Georgia Tech, dedicated the chapter's beautiful new home, "Bobby Jones Hall," in honor of Robert Tyre Jones, M.E. 1922. Internationally famed in golf, business, fraternity and civic affairs, he is a former president of the Georgia Tech Alumni Association, and is a member of the Georgia Tech Athletic Board.

Mr. William K. Jenkins, B.S. in 1918, Atlanta theater executive, was recently appointed head of the Fourth Corps Area Organization of the Citizens Committee for the Army and Navy, Inc., it was announced by Thomas J. Watson, chairman of the committee. It is interesting to note that recently Mr. Wm. K. Jenkins received his commission as major in the air service branch of the State Defense Corps.

Mr. James F. Towers, B.S. in M.E., 1901, has been appointed Executive Vice President of the nationally known engineering and construction firm of Ford, Bacon & Davis, Inc., of New York.

Mr. Dave LeBey, B.S. in E.E., 1922, is president of the C. D. LeBey Company, of Atlanta, Georgia.

Mr. Joseph H. Lindsay, B.S. in E.E., 1925, is manager of the five textile plants for Marshall Field & Company of Spray, North Carolina.

Mr. Henry D. Morgan, B.S. in 1926, president of the Atlanta Association of Insurance Agents, recently presided over a meeting between insurance agency officials and Assistant Atlanta Police Chief Neil Ellis for the benefit of Pedestrian Safety.

Mr. Robert S. Neblett, B.S. in E.E., 1923, is assistant manager of the Turbine Division, General Electric Company of Schenectady, New York.

Appointment of Mr. G. E. Parker, B.C.S., 1931, as General Agent of the Atlanta & West Point Railroad Company was announced by Mr. C. E. Rodenberg, General Freight Agent, on May 1.

On July 14, Mr. W. A. Parker, B.S. in 1919, former President of the National Alumni Association of Georgia Tech, was elected second vice-president of the Atlanta Rotary Club.

Mr. Sidney J. Stubbs, B.S. in C.E., 1918, is president of the S. J. Stubbs Lumber Company of St. George, Georgia.

A former track and swimming athlete, Ed. D. White, B.S. in C.E., 1918, has been elected president of the Alumni Association of the New York University Graduate School of Business Administration. Mr. White, who was a former Atlanta newspaperman, is also news-editor of Electrical World, a McGraw-Hill Company publication.

Despite the fact that he has been blind from boyhood, Clifford Witcher, B.S. in 1934, on June 3rd, received his Ph.D. degree in physics from Columbia University. While at Tech he was a member of Phi Eta Sigma, Kappa Eta Kappa, and Phi Kappa Phi. He was also the winner of the president's gold "T" for all-around excellence.

Mr. Otis A. Barge, Sr., B.S. in M.E., 1912, is partner of Barge-Thompson Company, Contractors of Atlanta, Georgia.

Mr. Geo. W. Barnwell, B.S. in E.E., 1909, professor of production practice at Stevens Institute of Technology, has been appointed to direct training of plant supervisors of defense industries in the selection and training of new operatives as part of the emergency defense program of the U. S. Office of Education.

Sanders and Wright Lead Team

Charlie Sanders, Georgia Tech's versatile lineman and long distance punter, was elected captain of the 1941 football squad on Saturday afternoon, September 6. Jim Wright, first string center, was named Alternate Captain.

Both players are of the modest, quiet, hard-working type and both are from Alabama; Sanders comes from Birmingham and Wright from Lanett. These two seniors will prove capable leaders and their election met with the hearty approval of their mates, who greeted the result of the team voting by a loud and unanimous cheer.

Sanders not only can alternate between guard and tackle, but he is the best punter on the varsity squad. He assisted Hawk Cavette with the kicking last season.

Wright was hurt a lot last year but between injuries showed himself to be a fine snapper and one of the best line backers-up in Tech football history. He was particularly adept at knocking down or intercepting passes.

Alumni in High Positions—(Cont'd.)

Dr. Frederick Bellinger, B.S. in Ch.E., 1926, Doctor of Engineering, Yale, is in charge of construction and operations of the Engineering Division, Huntsville Chemical Arsenal, Huntsville, Alabama.

Mr. Oscar G. Davis, B.S. in M.E., 1922, football star and all-Southern guard, was recently elected vice-president and director of the Boston Coca-Cola Bottling Company.

Mr. Frank G. Ellington, Class of 1906, is Vice-President of International Television Radio Corporation of New York.

Mr. R. S. Fleet, B.S. in 1916, partner in Fleet & Wardlaw, Inc., local investment counsel and management firm, recently left for San Diego, California, to carry on some special work for Consolidated Aircraft Corporation in connection with the national defense program.

Mr. Wallace E. George, B.S. in C.E., 1921, past president of the Society of Industrial Engineers (Chicago Chapter) and Army Ordnance Association, is assistant manager of the Campbell Wyant & Cannon Foundry Company of Muskegon Heights, Michigan.

Mr. M. Eloi Girard, B.S. in E.E., 1917, is president of the Teche-Vermilion Navigation Company of Lafayette, Louisiana.

Mr. Hal W. Gregory, Jr., B.S. in E.E., 1928, is a Captain in the American Airlines, of Fort Worth, Texas.

Mr. Julian T. Hightower, B.S. in T.E., 1919, is Vice-President of the Thomaston Cotton Mills, of Thomaston, Georgia.

Mr. J. G. Holtzclaw, B.S. in E.E., 1907, is President of the Virginia Electric & Power Company, of Richmond, Virginia.

Mr. Frank W. Hulse, B.S. in 1894, is not only responsible for the Southern Aviation School, Inc., of Camden, South Carolina, of which he is president, but also of the Southern Aviation Training School of Decatur, Alabama. Both of these schools are operating under contracts with the War Department for training Air Corps Flying Cadets.
Positions Available

As previously published, it has been somewhat difficult for the personnel office and the alumni office at Georgia Tech to find sufficient qualified alumni for quite a number of positions that are available for trained men. These departments, however, have placed many Tech men and are in position to place many more. There are no charges, whatsoever, for the services; and those of you, as qualified, who will soon be out of the Army and Navy, in addition to the alumni in civil life, are all welcome to write to the agencies and firms which are listed below and state that you learned about the openings through the departments mentioned.

It is most important, too, for those of you who expect to leave the service, in due course of time, to anticipate your release dates, thirty to sixty days in advance, and communicate with your old firms or us for placement.

Be sure to inform the alumni or personnel offices at Georgia Tech should you communicate with any of the concerns listed. Don't hesitate to register with us, either, for future openings.

Positions available at present are:

- Algion Manufacturing Co., Inc., Bessemer City, North Carolina, Sam R. Goldberg, Secretary-Treasurer. (Overseers of cardroom and spinning room. College graduates will fill experience desired.)
- Bemis Brothers Bag Company, Talladega, Alabama, R. A. Wells, Manager. (Young textile graduate for place in mill experience.)
- E.S.M.D.T., Engineering Defense Training, Rm. 319, 21st and Parkway, Philadelphia, Penna., Mr. Willis T. Spivey, Regional Adviser. (Mechanical, Electrical, Civil, Aeronautical and General Engineers to take courses to equip them for aircraft work.)
- Fairbanks-Morse Company, 515 Whitehall, Atlanta, Ga. Mr. O. O. Lewis. (Mechanical and Electrical Engineers.)
- Florence, Alabama, City Electrician Department, J. W. Johnson, Manager. (Overhead transmission and distribution. Full time work, Salarv $150 to $200 or more for men with experience as Distribution Engineer.)
- Frank Frit, M. A. Fritt, Ltd., 317 Decatur Street, Atlanta, Ga., wants young man 22 to 23 years old of mechanical ability, not necessarily a graduate, to learn mechanical end of business and to develop into foreman.
- Ga. State Employment Service, Atlanta, Georgia, Mr. H. A. Pettus. (Technicians—Ministry of Education, Brazil, S. A.)
- Henry L. Griggs, 70 Fiske Street, Waterbury, Connecticut. (Mechanical Engineers; production engineering in Defense Plant in New York area.)
- Hooper-Holmes Bureau, 101 Marietta St. Building, Atlanta, Georgia, Mr. W. J. Matthews. (Credit reporting for insurance company.)
- International Paper Company, Southern Kraft Division, Greenville, South Carolina, Mr. H. H. Cotton, Supervisor, Personnel Department. (Master mechanic—drawing, blue print, plant engineering.)
- James A. McLeod, Chief Engineer, Savannah & Atlanta Railway, Savannah, Georgia. (Draftsmen for engineering office.)
- Marion Institute, Marion, Alabama, Col. W. L. Murfree, President. (Instructor in Engineering Math.)
- Morganton City Schools, Morganton, North Carolina, Mr. W. S. Hamilton, Superintendent. (Instructor, Industrial Arts.)

The name Creo-pine on Creosoted Southern Pine is more than a trade mark. It is a pledge of honest, accurate manufacture and rigid inspection from standing tree to finished product. Back of it are 34 years of wood preserving experience. Specify Creo-pine products for long life and lowest cost per year of service.

**Creo-pine Products Include:**

- **Poles**
- **Floor Blocks**
- **Piling**
- **Subflooring**
- **Conduit**
- **Bridge Timbers**
- **Cross Ties**
- **Structural Timbers**
- **Cross Arms**
- **Guard Rail, etc.**

**Southern Wood Preserving Co. Atlanta, Ga.**

**Representatives:**
- New York: E. I. DuPont De Nemours & Co., Inc., Spruance Plant, Richmond, Virginia. Mr. F. T. Richardson, Personnel Supervisor. (Mechanical and Chemical Engineers.)
- Philadelphia: E. I. DuPont De Nemours & Co., Inc., Wilmington, Delaware. Mr. George S. Long, Personnel Division. (Electrical Engineers.)
- E. S. M. D. T., Engineering Defense Training, Rm. 319, 21st and Parkway, Philadelphia, Penna., Mr. Willis T. Spivey, Regional Adviser. (Mechanical, Electrical, Civil, Aeronautical and General Engineers to take courses to equip them for aircraft work.)
- Fairbanks-Morse Company, 515 Whitehall, Atlanta, Ga. Mr. O. O. Lewis. (Mechanical and Electrical Engineers.)
- Florence, Alabama, City Electrician Department, J. W. Johnson, Manager. (Overhead transmission and distribution. Full time work, Salarv $150 to $200 or more for men with experience as Distribution Engineer.)
- Frank Frit, M. A. Fritt, Ltd., 317 Decatur Street, Atlanta, Ga., wants young man 22 to 23 years old of mechanical ability, not necessarily a graduate, to learn mechanical end of business and to develop into foreman.
- Ga. State Employment Service, Atlanta, Georgia, Mr. H. A. Pettus. (Technicians—Ministry of Education, Brazil, S. A.)
- Henry L. Griggs, 70 Fiske Street, Waterbury, Connecticut. (Mechanical Engineers; production engineering in Defense Plant in New York area.)
- Hooper-Holmes Bureau, 101 Marietta St. Building, Atlanta, Georgia, Mr. W. J. Matthews. (Credit reporting for insurance company.)
- International Paper Company, Southern Kraft Division, Greenville, South Carolina, Mr. H. H. Cotton, Supervisor, Personnel Department. (Master mechanic—drawing, blue print, plant engineering.)
- James A. McLeod, Chief Engineer, Savannah & Atlanta Railway, Savannah, Georgia. (Draftsmen for engineering office.)
- Marion Institute, Marion, Alabama, Col. W. L. Murfree, President. (Instructor in Engineering Math.)
- Morganton City Schools, Morganton, North Carolina, Mr. W. S. Hamilton, Superintendent. (Instructor, Industrial Arts.)
- Pittsburgh Metallurgical Company, Niagara Falls, N. Y., Mr. J. E. Barry, Gen. Supt. (Mechanical, Electrical, Chemical, and General Engineers—ferro alloy business at Niagara Falls or Charleston, S. C.)
- Office of Price Administration and Civilian Supply, Washington, D. C. Mr. Joel Dean, Price Executive in Charge of Industrial and Agricultural Machinery, (Industrial Management, Electrical and Mechanical Engineers.)
- The Proctor & Gamble Gambling Company, 39 Harris Street, N. W., Atlanta, Georgia, Mr. B. R. Ward, District Manager. (Men for Sales Organization.)
- Public Works Department, Naval Operating Base, Norfolk, Virginia. (All types engineers, with seven years’ experience.)
- Puritan Chemical Company, 209 Peters Street, S. W., Atlanta, Georgia, Mr. L. J. Sayer, Sales Manager. (Salesmen and men for maintenance of building.)
- RCA Manufacturing Company, Inc., 501 N. LaSalle Street, Indianapolis, Indiana, Mr. L. M. Decker, Personnel Division. (Mechanical and Electrical Engineers.)
- Railway Mechanical Engineer, 30 Church Street, New York, N. Y., Mr. C. B. Peek, Managing Editor. (Mechanical Engineer—4 years’ experience, to write scientific articles.)
- Riverside & Dan River Cotton Mills, Inc., Danville, Virginia, R. B. Newton, General Superintendent. (Inexperienced textile graduates for training to supervisory positions and textile graduates interested in a connection with large organization with good opportunities for advancement.)
- The Texas Company, Port Arthur, Texas, Mr. C. E. Lauer, Chief Chemist. (Mechanical Engineer.)
- War Department, Engineering Branch, 101 Marietta St., Atlanta, Georgia, Mr. A. E. Christian. (Engineers for plumbing, heating and ventilating.)
Tech Flying Units To Form

Uncle Sam's Army and Navy Air Corps are supplementing their cadet selection projects through the organization of sponsored group units for air training. Members of these units will be trained together under their own designation.

Several of the departments at Georgia Tech are cooperating with officers of the Army and Navy, respectively, in the formation of "Georgia Tech" and "Atlanta" flying units; and quite a number of Georgia Tech men are now going into these branches, in addition to the many who are already in the flying and other corps of the service.

Selectees for flight training must have acceptable credits from college, covering two years; or, in some branches, one year of college plus three years of business and executive experience. The age limits for the naval flight trainees extend from 18 through 26 years; that is, from the day they are eighteen to the day before their twenty-seventh birthday.

The Naval Aviation Cadet Selection Board, in the Atlanta district, got in touch with the Georgia Tech Alumni Association earlier in the summer and a letter was sent by the latter to those of the last three graduating classes who, it was thought, would be very much interested, if not already in some branch of the service. It is felt that the letter is well worth repeating for others who may be interested in joining, or in passing the word along about the "Georgia Tech Unit" of Naval Aviation. The letter under date of August 15, 1941, states the following:

"The Georgia Tech National Alumni Association and the United States Navy are co-operating in the formation of a 'Georgia Tech Unit' of Naval Aviation. Complete information is enclosed concerning the qualifications for, and the activities of, this Service.

"The proposed unit will be enlisted as a group and will receive its entire flight training as the 'Georgia Tech Unit.' It is suggested that any alumnus interested in this proposal should send in his name and address to the below mentioned office of the Naval Aviation Cadet Selection Board, and also assist the Alumni Association by communicating with any classmates who are qualified for Naval Aviation.

No definite date has been established, as yet, for the enlistment of the unit in the Naval Reserve; but any information desired in regard to Naval Aviation and the organization of the Georgia Tech Unit may be obtained by writing to the Naval Aviation Cadet Selection Board, 614 Mortgage-Guarantee Building, Atlanta, Georgia.

Very truly yours,

R. J. Thiessen, Secretary,

1941—Football Schedule—1941

Georgia Tech Alumni In The Army and Navy

There has been an enormous demand by the U. S. Army and Navy for Georgia Tech alumni and the latter have literally flocked to the colors, in addition to those of the regular and reserve units of the service.

The alumni survey, covering those who are now on active duty, is being assiduously continued and the assistance of all alumni and other friends, particularly those in the service, is urgently requested for information on all Georgia Tech men in the service on whom we have no record to date, or on whom our present records are incomplete or incorrect.

Including the 1941 class, some 1,550 reserve commissions have been granted in the Army R. O. T. C. alone at Georgia Tech, since the granting of the department's first army reserve commissions in 1920. Likewise, some 402 Naval R. O. T. C. commissions have been granted since 1930, when reserve commissions in the Navy were first granted at Tech. This does not take in account those who have received permanent commissions in the Navy supply corps and the Marine corps, nor the eight Navy seniors this year who were named to the Navy supply corps for permanent commissions.

In all, there are 1,961 more who have earned their reserve commissions in the excellent Army and Navy R. O. T. C. units at Georgia Tech, and it is safe to assume that all of them, as physically fit, are now in their respective branches of the service.

The foregoing total of 1,952 and more doesn't complete the figures by any means for, as may readily be seen, large numbers on the comprehensive list as published below and those yet to be published were not in the R. O. T. C. branches, or in the full time reserve courses, while at Georgia Tech.

More lists are to be shown in subsequent issues of the Alumnus. A partial roll, however, of those now in the service is as follows:

**Army**

Colonel Homer W. Hesterly, (C.E. '10), 116th Field Artillery, Camp Blanding, Starke, Florida.

Colonel Edward F. Noyes, (E.E. '06), Coast Artillery Corps, U.S. Navy, 434 Faidley Building, Omaha, Nebraska.

Lieutenant Colonel George R. Barker, (E.E. '17), General Staff Corps, Old Post Office Building, Atlanta, Georgia.

Lieutenant Colonel William L. Mox, 74th Field Artillery Brigade, Camp Blanding, Florida.

Lieutenant Colonel Louis H. Thompson, (B.S. '17), 94th Coast Artillery, Camp Davis, N. C.

Major John P. Baum, (T.E. '24), 4149 North Henderson Road, Arlington, Virginia.

Major George Z. Eckels, (M.E. '35), U.S.A. Retired, 701 Ambassador Apartments, Baltimore, Maryland.

Major Charles seawell Paulin is stationed at Augusta, Major Albert B. Pitts, (1911), Air Corps, U.S.A., Kelly Field, San Antonio, Texas.

Major R. L. Watkins, (B.S. '21), Infantry Reserve, Georgia Tech, Atlanta, Georgia.

Captain Robert Angus Anderson, (B.S. '27), Anti-Aircraft Unit, Fort Bragg, North Carolina.

Captain Joseph H. Chailie, Infantry, Camp Upton, Yaphank, N. Y.

Captain Burns C. Cox, (E.E. '24), Ordnance Reserve, 5th Division Ordnance Office, Fort Berry Harrison, Indianapolis, Indiana.

Captain Lewis W. deJarnette, (C.E. '31), Coast Artillery Reserve, Georgia Tech, Atlanta, Georgia.

Captain George R. Dyer, (C.E. '32), Battery K, 94th Coast Artillery, Camp Davis, North Carolina.

Captain Carl S. Ingle, (E.E. '33), U.S. Army Coast Artillery School, Fort Monroe, Virginia.

Captain Beverly B. Kimia, (C.E. '33), Ordnance Department, Aberdeen Proving Ground, Maryland.

Captain Charles C. McAuley, (E.E. '30), Coast Artillery Reserve, Supply Officer, Fort Eustis, Virginia.

Captain Robert M. McFarland, Jr., (Comm. '21), U.S. Army, 607 Mortgage Guarantee Building, Atlanta, Georgia.

Captain Quentin S. Quigley, (E.E. '31), Signal Reserve, U.S. Army, Assistant F. M. S. & T., Georgia Tech, Atlanta, Georgia.

Note: The Geographical Alumni Directory will be continued in our next issue with the Class of 1933.

CLASS OF 1941

From the 450 members of the 1941 graduating class, 113 of those who received their commissions in the reserves have gone into the Army and 31 into the Navy, making 144 out of the class who have already gone into the service. Their names, posts and stations will be published along with others in the next issue of the ALUMNUS.
Never too busy to be Good Neighbors

There are a lot of workers in the Bell System — about 350,000 of them. That's a big family and it likes to be a friendly kind of family.

Whether it be the installer in the house, the people in our offices, the operators or the lineman on the roadside helping to rescue a stray kitten for a worried youngster, telephone workers are close to the public and the tradition of the job is helpfulness.

Even in these days when the needs of defense place sudden and increasing demands on telephone workers, they are never too busy to be good neighbors.

Bell Telephone System

"The Telephone Hour" is broadcast every Monday. (N. B. C. Red Network, 8 P. M., Eastern Daylight Saving Time.)
Refresh yourself

Pause ... Go refreshed

Pause at the familiar red cooler for ice-cold Coca-Cola. Its life, sparkle and delicious taste will give you the real meaning of refreshment.
