SHARE: An Updated on the SHared Access Research Ecosystem
Monday, October 27, 2:30-3:30pm
Salons 4,5,6, Georgia Tech Hotel and Conference Center

Colocated with: Researcher Identifiers—What's in a Name (or URI)? (Group notes: https://docs.google.com/document/d/1AiXD81OxVKlfvEPLHa51ghGEqTyfKrK9jLdlIf6Y4LE/edit#)

Presenters
Eric Celeste, SHARE

Notes
SHARE: what we've been doing:
Joint initiative of ARL, AAU, APLU
Incorporated community feedback
convened advisory board and work gropus
presented initial SHARE ision
Developed Notification Service Plan
IMLS and Support for NS
Bldg Prototype

Challenges
- Infrastructure
- Workflow
- Policy

Research output
articles, preprints, data sets, grant awards, qtrly reports, etc

Consumers of research release events
Libraries, Sponsored research offices, funding agencies, publishers, research information systems, etc.

Currently accountability is difficult to arrange. SHARE is timely notification systems
