UPS – GAVI Medical Drone Delivery Pilot

- In collaboration with Corporate Strategy, Engineering, Rwanda Government and GAVI
- 12 month pilot to launch in Spring 2016
Drone Delivery Network Pilot - Rwanda

What UPS provides

- **Logistics**: More than 100 years of logistics expertise through global distribution networks, helping ensure the success of the initiative.

- **Healthcare expertise**: Deep healthcare expertise in the areas of storing, transporting and distributing medicines, medical devices, products and supplies.

- **Funding**: The UPS Foundation is providing more than $1 million in cash, in-kind and technical support to launch this initiative.

- **Expansion**: Through innovation, collaboration and a combination of speed and accuracy, UPS continues to deliver aid across borders.
