Re-Evaluating Library Space Usage AFTER a Library Renovation

Kari Nyren Mofford
Access Services, Division Head

Jo-Ann Cooley
Circulation Manager

Claire T. Carney Library
University of Massachusetts Dartmouth
Agenda

• Introduction
• Library Renovation
• Creation of the Space Committee
• Data Gathering: Student Surveys and Staff Focus Groups
• Decisions and Implementations
• Outcomes
• Future Directions and Projects
UMass Dartmouth History

Started in 1895 as two textile schools
1960 became the Southeastern Massachusetts Technology Institute
1964 Architect Paul Rudolph created the campus design at present location
1969 became Southeastern Massachusetts University
1991 joined the UMass System

Now:
Doctoral Research University

Student FTE: 8647
Undergrad: 7000
Claire T. Carney Library

• Bradford Durfee College of Technology, Library History, 1948 -1965

• New Bedford Institute of Technology, Library History, 1948 -1964

• Beginnings of the SMTI Library, 1965 -1980

• Library named in honor of UMass Dartmouth alumna, former trustee, and advocate Claire T. Carney, October 14, 2006

• Library renovation begins 2011

• Library opening January 25, 2013
Quad entrance to library
Front Entrance to the Library
Conversion of Outside Area to Current Living Room
Living Room Lobby
Former and Current Circulation desk
Former Circulation desk location

Now the Art Gallery and Study room
Former security desk and copier stations
Group Study Areas
Lounge Area Outside Elevator
Chandelier Lighting
New Classrooms
Privacy Panels
After the Renovation...
2014 Library Study Space Survey

Some recurring themes:
• Wifi not working on upper floors
• Not enough seating
• More quiet space
• 24/7
• More computers needed
• More white boards needed
Creation of the Space Committee

• Started in January 2015 with a representative from each library department

• To address concerns from the library staff and students

• To examine the space usage and determine if the new space really does serve the needs of the patrons
Work of the Space Committee

• Follow-up on student survey
• Create library staff focus groups
Data Gathered from Focus Groups

1. Think of the public areas we have now (Learning Commons, Scholarly Commons, Living Room, Classrooms, Study areas...3rd and 5th floors etc.) in terms of student/patron use including things such as equipment, shelving, seating, furniture, display cases/areas for artwork, publicity (print or electronic)

a. What works well?
b. What doesn't work?
c. If money wasn't an issue...how would you like to see it designed? Perfect world scenarios
Data Gathered from Focus Groups

2. Think of the services you provide currently to patrons.
   a. Does the physical space work or not...why?
   b. Are there other things limiting your ability to provide the service you want?
   c. What changes would you make to the service or way you provide it if you could?

</tbody>
</table>
Biggest Challenge
Top Five Projects

• Training Room creation in room 135
• Color printer in LC
• Electronic event signs near entrances
• LC/Ref desk reconfiguration
• Library programming for Living Room
Extended Wish List

• Scholarly Commons reconfiguration
• Security Desk (gate monitor) upgrade (phone or walkie talkie, better desk, safer for student workers)
• Better Facilities coverage of building
• More whiteboards in group areas...maybe use those stored in 314?
• Better signage/directions to help patrons go from Circ to LC desk
• Temperature control of building
• New books moved to Art Alcove
• Make 128 a quiet lab (maybe all the time, maybe during 24/7?)
• Information Services’ offices need better visibility
• 225/226 reconfiguration for better visibility of space
• Wifi upgrade on 3rd/5th floors ($15,000)
• Move Mediascape monitors out of current rooms and put them in public areas.

Why the Space Committee Worked

• Strong participation
• Shared goals and motivations
• Frank discussions
• Insights on renovation decisions from Asst. Dean
Current and Future Projects

• Active shooter workshops followed up by individualized meetings with each department about their space
• Recording session with outgoing assistant dean to preserve institutional memory
• Furniture inventory and eventual creation of a building maintenance plan
• Revisit original list
• 2017 Student Space Usage Survey
