

**Dr. Peterson**

**Achievement Rewards for College Scientists (ARCS) Luncheon**

Thursday, November 18, 2010, The Ritz-Carlton, Atlanta

On behalf of Georgia Tech and our scholars, we would like to thank ARCS for your generosity and your vision. Through your awards to Tech scholars, you are not only investing in their futures, but in the future of Georgia Tech and the future of our nation. We are honored to partner with you in developing leaders who will be prepared to develop solutions to some of society's greatest challenges in engineering, science and technology. I'm proud to present Georgia Tech's ARCS scholars.
