Dear Ms. Thaesler:

This refers to your request for permission to include the CoRe Element Table from the 1997 AASHTO publication *AASHTO Guide for Commonly Recognized (CoRe) Structural Elements* in your doctoral thesis entitled "A Methodology to Develop an Integrated Engineering System to Estimate Quantities for Bridge Repairs at the Pre-Design Stage."

You have AASHTO's permission to reproduce the above-referenced Table. Please include the following in a prominent location:

"From *AASHTO Guide for Commonly Recognized (CoRe) Structural Elements*, 1997, by the American Association of State Highway and Transportation Officials (AASHTO), Washington, D.C. Used by permission. AASHTO publications may be purchased from the organization's bookstore at 1-800-231-3475 or online at <http://bookstore.transportation.org>."

Sincerely,

Robert Cullen

To Whom It May Concern:

I would like to include in my thesis the attached Figures 2.2 (a) and (b). These pictures were included in the "Lifejacket, Galvanic Corrosion Protection System" brochure published by Alltrista. The original pictures published by Alltrista were modified to label the components of the integral cathodic protection jacket.

The title of my thesis is "A Methodology to Develop an Integrated Engineering System to Estimate Quantities for Bridge Repairs at the Pre-Design Stage", and it will be published by the Georgia Institute of Technology. The thesis will be presented in fulfillment of the requirements for the degree of Doctor of Philosophy in Civil Engineering.

Please indicate your permission for the Georgia Institute of Technology to reprint these figures by filling the information requested below and signing at the bottom of this letter. Please fax the signed letter back to me at (813) 258-3903. Appropriate credit will be given to the original source. Your cooperation is greatly appreciated. If you have further questions, you can reach me at (813) 841-5877

To Whom It May Concern:

I would like to include in my thesis the attached Figures 2.5, 2.6 and 2.7, which were originally published by Maner Builders, and are currently copyrighted by Watson Bowman Acme Corp. Figures 2.5 and 2.6 were included in a brochure titled "Conductor Encapsulations, Andarko Petroleum Corporation, Gulf of Mexico, 1995", Page 2 and Page 4 respectively. Figure 2.7 was included in the "All Polymer Encapsulation Process Guideline", as Figure 2, Section III.

The title of my thesis is "A Methodology to Develop an Integrated Engineering System to Estimate Quantities for Bridge Repairs at the Pre-Design Stage", and it will be published by the Georgia Institute of Technology. The thesis will be presented in fulfillment of the requirements for the degree of Doctor of Philosophy in Civil Engineering.
