This Week on GTCN:

**Film in Italy:** During the Summer of 2005, Georgia Tech students traveled to Italy to create short movies ranging from comedies to documentaries that captured life in the picturesque country of Italy. Film in Italy, every Monday night @ 10:30 on GTCN 21

**Insert Title Here:** See what happens when a group of people with comedy on their minds and a camera in their hands create a hilarious program that pokes fun at every day life!

**Insert Title Here**, Thursday @ 10:00pm on GTCN21

**Batman Begins:** The mystery of how Batman got his wings is revealed in this prequel to the popular Batman movie series. After seeing his parents murdered, the young Bruce Wayne plans to avenge their deaths then rid Gotham City of a crime wave. Christian Bale and Katie Holmes star in the GTCN Cinema @ 7 Movie, Batman Begins

The number of days until the men’s basketball season begins.

The team plays an exhibition game against the Division II Augusta State Jaguars at 2 p.m. on Sunday. This will be the first and only game of the season where students may enter without using the online ticketing system. While Tech does not have anyone starting this year’s team, there are many returning players that have game experience. This game will offer a first look at the starting lineup and the depth that the Jackets have.

Sophomore tennis star Kristi Michaelson leads this year’s ITA National Indoor Championship as the No. 3 seed. She will face off against the No. 26 seed Anne Yelsey from Stanford. The tournament is being held at Ohio State University. Miller is currently ranked No. 8 in the nation in the preseason polls.

After a string of 13 matches in which the team lost only twice, the volleyball team dropped both of its matches last weekend, losing to Duke in three games on Friday in Durham, then falling in four games at Wake Forest on Saturday. With the defeat, Tech fell from second place in the ACC to a tie for third with Duke and Virginia. The season record for the Jackets falls to 13-9 overall and 7-4 in conference play.

Holding a lead proved difficult for the team in both matches. Tech led Duke 12-10 at one point in the first game, but Duke took a 16-12 lead thanks to several hitting errors by the Jackets. Duke ended up winning 30-22.

Tech led for most of games two and three as well, but a number of ill-timed errors allowed Duke to come back in each game. Duke won games two and three with a score of 30-28 in both games. Against the Demon Deacons the collapses were not so pronounced, but Tech led in the first half of all four games (including a quick 11-4 run to start game four) before tailing off down the stretch.

“We need to make sure our blocking and our offense is stronger,” Kellogg said. “We know we’re going to have to push through and fight for every point. Despite the losses, some Tech players stood out. Kellogg, one of the top freshmen in the ACC, this season, notched an impressive 17 kills against Duke and 14 against Wake Forest. Jennifer Randall paced the Jackets in kills against the Blue Devils with 18, and she added 12 digs to lead Tech against the Demon Deacons. Ulrike Stegemann registered 14 kills in the match against Wake Forest.

The team plays five of their next six matches at O’Keefe Gymnasium, where they have a 9-2 record this season, including a 6-1 record against ACC foes. The second half of November, however, will see the Jackets play on the road for four of their final five games, including a trip to Maryland, who is currently No. 1 in the conference.

Shymansky said the end of November will be “a huge challenge” as the Jackets end the regular season. “It takes a lot of energy and a lot of really strong teamwork and cooperation to come into somebody else’s gym [and win]. But it’s a skill, and one that we work on every day in practice.”

“There’s only four weeks left in the season, but that’s a long time in terms of conference play,” Shymansky said. “We can still go out there and be conference champions if we win the rest.”

Welcome to RuSan’s!

Brad got his foot run over by a truck last week. Now he’s on the Jumbo Tron!

Yay for Kevin and Chris! Way to go, getting engaged at the Homecoming game on the Jumbo Tron!

Last week’s crossword was the same as a couple of months ago. Did you even try to solve it? Did you even register, or pretty much anything else?

The online editor should not be allowed to write about sex or priority registration dates. This is something Tech guys don’t seem to understand.

Evan, will you marry me? I patiently await an answer. Love, Face.

I had amazing sex last Saturday around 5 pm! THANKS! :)

CLEMSON is a red-neck school do da do da... Calvin Johnson - OVERRATED. Seriously. Our Kicker reaaally sucks. I think I should be the kicker. I kick more than 20 yards. seriously.

Crew boat takes 2nd at Boston

By Patrick Odneal
Sports Editor

Members of the Tech crew team prepare for tomorrow’s Head of the Hooch in Chattanooga, Tenn. One boat, the men’s heavy weight eight, returns to action after a very successful Head of the Charles in Boston last month.

Out of 41 teams competing in the collegiate heavyweight eight, Tech’s boat took second place. Last month the collegiate heavyweight eight, Hooch in Chattanooga, Tenn. One member of the boat.

Kapteyn, a member of the Tech crew team, both in terms of the quality of the staff, were a determining factor, too.”

Tigers from page32

and a first down. On the next play, Tadzich Choice broke through and rushed for 2 yards into Clemson territory to their 32-yard line. One play later, Daniels broke through for a gain of 16 yards before finishing the drive with his third touchdown of the season.

All of Clemson’s nine points came from made field goals. “Hold that crew to three field goals? That was impressive,” Gailey said. “I gave a great deal of credit to Jon Tenuta and the staff and the defensive players. They did a super job.”

Eric Henderson returned from injury and forced two Whitehurst fumbles, both of which were recovered by the Jackets. Prior to the game, Clemson had not lost a fumble this season, but lost three this game.

After the game Gailey talked about the role. Henderson plays on the team. “Obviously he was voted a captain, which speaks volumes. And then secondly he walks on the field and makes big play after big play, and (when he’s) not a hundred percent. So you can see what we’ve missed without him in there.”

The first of Clemson’s three fumbles ended a 72-yard drive for the Tigers. Linebacker Phillip Wheeler forced the Mercredi fumble at the Jackets eight-yard line as Dawan Landry made the recovery. On the next drive of the second half, the Jackets drove to the Clemson 37, before being forced to punt. Arndt’s punt was downed at the Clemson one-yard line.

Three plays later Clemson was forced to punt from their own end zone. The punt was nearly blocked, but the Jackets gained excellent field position and started on the 22.

Daniels rushed for 12 yards to the Tech 27 and a fivemascaren penalty put the team at the 22. Daniels rushed two plays later to the 22, and on the very next play, Ball ran up the middle for a nine-yard gain, but Clemson’s James Fudge forced him to fumble at the Clemson eight-yard line.

Tech’s all-time record against Clemson is now 45-22-2. The Jackets have a 5-2-1 record and play Wake Forest this Saturday at 1:30 p.m.
The Deacons will try to carry their momentum from a 4-7 blowout of Duke in which they rushed for 419 yards. They have won their past two games, which were against N.C. State and Duke, and are looking for their first three-game ACC winning streak since 1992. A win would give Wake back-to-back wins against Tech in Atlanta for the first time since they won in 1992 and 1994. A loss, however, would keep the Deacons from securing a postseason berth. Head Coach Jim Grobe has 13 career ACC victories and is looking to tie all-time Wake Forest record for the most wins in ACC action with a win tomorrow.

“We knew Duke blitzed a lot, but Georgia Tech blitzes more. You can’t find many snaps of base defense when you cut [Tech’s] film.”

Jim Grobe
Wake Forest Head Coach

**Four Key Questions**

- **Can Tech neutralize Chris Barclay and the best rushing attack in the ACC?**
  Chris Barclay, who has amassed 998 yards in just eight games this season for the Demon Deacons, leads a powerful Wake Forest ground game into Bobby Dodd Stadium. Wake Forest has reached the end zone 18 times via the run, the most by any team in the ACC this season. Tech allowed Clemson’s Reggie Merriweather to run for 128 yards, the first one to do so in 13 games. Tech had not allowed a 100-yard rushing performance since Frank Gore of Miami ran for 124 yards on October 2 last year. Barclay ran for 204 yards against Duke last week. In 2005 when Tech and Wake Forest last met, Barclay ran for 124 yards and one touchdown.

- **Will the Jackets take advantage of the weak pass defense of the Deacons?**
  The offensive side of the ball, the Deacons are in the middle of the pack in stopping the run, but they struggle with defending the pass. Their pass defense ranks last in the ACC and allows an average of 251.3 passing yards per game including 15 touchdowns through the air. Only Duke has allowed more passing touchdowns. The Jacket passing offense meanwhile ranks No. 10 in the ACC in yards per game, averaging close to 195 passing yards per game and just seven touchdowns through the air, which is third worst in that category.

- **Will the Tech secondary prevent the big plays over the top?**
  With the potent rushing attack of the Deacons, it’s easy for defensive backs to anticipate the run, but Wake Forest has used the run to set up the play action pass.

This season already, the Demon Deacons have completed four passes of 37 yards or more that have gone for touchdowns, including a 74-yard touchdown strike. While Tech did a good job against Clemson, the team has been hindered by big passing plays, including the 80-yard touchdown pass from Jay Davis to Brian Clark which vaulted N.C. State to a victory over Tech just a month ago.

- **Can the Jacket kicking game return to the consistency it once had?**
  Travis Bell finished the 2004 season completing 15-17, setting a new Tech record for accuracy in a season (.882). After starting out 5-for-5 this season, he missed his first kick against Clemson. He has been hindered by big passing plays, including the 80-yard touchdown pass from Jay Davis to Brian Clark which vaulted N.C. State to a victory over Tech just a month ago.

Coming off a nail-biter last week against Clemson, the Jackets look to carry the momentum of the homecoming win in this week’s game. With a record of 5-2, Tech is just one win away from becoming bowl eligible for the ninth consecutive season. Tomorrow’s game is the second of five games in a five week period. The Jackets finish the season with a tough three-game run as they travel to Virginia and Miami before hosting Georgia, which means this may be the game that ends up securing a bowl appearance.

**We have great fans...They know when to be loud. They really help us; there’s no question about that. They help us win football games around here.”**

Chan Gailey
Tech Head Coach

**Spread: Tech by 6**

**Weekly Activities**

- **FEATURE MOVIE “FANTASTIC FOUR”**
  [Student Center Theater](http://www.scm.gatech.edu/) entrance before the movie. $2 for Buzzcard, $3 without.

- **MURDERBALL**
  Wednesday, November 9, 7:00 pm. Student Center Theater
  Starring Tech Graduate Mark Zupan.
  The film is about highly competitive rugby players. Quadriplegic rugby players. Whether by car wreck, fist fight, gun shot, or rogue bacteria, these men are forced to live sitting down. In their own version of the full-contact sport, they smash the hell out of each other in custom-made gladiator like wheelchairs.

**COMEDIAN ARIES SPEARS**

Wednesday, November 9, 8:00 pm. Ferst Center for the Arts. Tickets on sale now at the Box Office. $10 w/Buzzcard, $20 for General Public. Limit 2 per Buzzcard. You’ve seen him on Mad TV and Comedy Central. Now see him in person at Georgia Tech!

**FREE FILM FESTIVAL**

Thursday and Friday, November 17 & 18, Student Center Theater. Thursday night “March of the Penguins” at 8pm. Friday two shows, ”John’s Blender” @ 7pm, and ”March of the Penguins” @ 10pm.

**JAZZ AND HORNS D’OEUVRES**

Friday, November 18, 7:00 pm. Student Center Commons Stage
Free live entertainment provided by Georgia Tech’s own Style Points

---

**FOR MORE INFORMATION ON ALL THESE EVENTS AND MORE VISIT OUR WEBSITE: WWW.FUN.GATECH.EDU**
Seniors Sam Morgan and team captain Teemu Kettunen placed second in their respective events. Kettunen had a time of 48.92 in the 50 freestyle, while Morgan had a time of 4:38.94 in the 5000 freestyle event.

Diving and long distance swimming events have become a bit of a tradition for the Jackets. This was not always the case though. Diving coach John Ames joined Tech in 2001.

“I wanted to get with a college program that was a little bit more competitive. It was not yet at that point, but it showed the promise of becoming a strong competitor at the ACC Championships and the NCAA’s,” Ames said. “The first year I came in we had three divers. There was one boy and two girls. The lone male on the team, Paul McCarty, had just come off of a bad freshman season where he finished 15th on the one-meter springboard. In his sophomore year, and my first year at Tech, he was able to move up to third and become an All-ACC diver.”

Ryan Bishop has been a key component to Tech’s season thus far. He has won a few races and could earn All-ACC honors and qualify for the NCAA’s. Over the past summer, Ryan swam at the U.S. Olympic Trials that were held in Long Beach, Ca.

“I got to swim the 400 IM there. This was a pretty cool experience, and there were a lot of people there. I got to see a lot of Olympians there.”

Stowe has stepped up in a big way for the Tech team as well. Last season she was able to become an All-ACC swimmer. This is a rare feat for a freshman. She has improved greatly already, and is showing signs of better things to come.

The teams compete tomorrow at 10 a.m. with the women’s team taking on New Orleans and the men’s team facing N.C. State.

One highlight for the Jackets this year will be when they host the 2006 men’s NCAA Championships which will take place March 23-25.

Last year the team hosted the ACC Championships.
Autopsy shows Collier had enlarged heart

A statement released Tuesday by the chief medical examiner of the Georgia Bureau of Investigation said that former Tech basketball player Jason Collier died as a result of cardiac arrhythmia that was brought on by an enlarged heart. Collier also had an abnormally thickened heart valve. The size of a normal male heart is 490-495 grams. The heart of someone Collier’s size, at seven feet, should be no larger than 850 grams. Collier’s heart was 649 grams. Cross country competes at ACCs

On Halloween the men’s and women’s cross country teams competed at the ACC championship meets. The women finished tenth, while the men finished in last. Sophomore Nazar Trilisky led the men’s team with a 25th-place finish and a time of 25:52 in the 8k race. Sophomore, Nisha Kurian, led the women’s team by placing 31st with a time of 20:23 in the 6k race. The teams will next compete on November 12th at the NCAA South Regions in Gainesville, Florida.

Swim teams start new season

By William Bretherton Contributing Writer

The men’s and women’s swimming and diving teams have kicked off their season already and are just a few weeks in to the new year of competition. The season started with the men competing against Tennessee and Georgia before facing off with Georgia before the teams went on to an ACC quad meet in College Park, Md. The men’s team lost to Tennessee 136-97 but had several noteworthy individual performances. Junior Tyler Burkhardt finished sixth in the 1-meter springboard with a time of 3:10.61. John Eberle took seventh in the 100 freestyle with a time of 9:34.80, and sophomore Jeff Burson placed third in the 200 freestyle with a time of 1:42.14. Against Georgia, the competition was even stiffer. UGA is renowned for being a perennial contender in the SEC, a conference renowned for its swimming and diving teams. Last year UGA’s women’s team won the national championship. Both the men’s and women’s teams lost overall to UGA. The final scores were 135-108 for the men and 136-97 for the women. At one point in the UGA meet, the men’s team was within only two points of taking the lead. In order to put this into perspective, two points in a swim meet is the equivalent of a third-place finish in one event. Junior Tony Burkhardt and sophomore Evan Stowers finished first and second in the one-meter springboard diving event. Burkhardt also finished first in the three-meter springboard event. Both Burkhardt and Stowers posted NCAA Zone qualifying marks. For the swimmers, Miller finished second in the 100 freestyle event with a time of 9:34.80, and sophomore Jeff Burson placed third in the 200 freestyle with a time of 1:42.14. On the women’s side, there were also many impressive individual performances. Sophomore Stephanie England posted a NCAA zone qualifying mark on the women’s three-meter springboard finishing first. Senior Laurissa Presta came in second in the 200 individual medley with a time that also qualified her for the NCAA Zone meet. Elizabeth Stowe was second place in the 100 freestyle with a time of 1:03.65. In the ACC quad meet, the men finished second overall and the women finished fourth. The women were within a relay of placing third as the Maryland 400 freestyle relay finished just ahead of the Jackets to place third overall in the meet. There were many standout individual performances. On the women’s side, Elizabeth Stowe had a season-best time of 4:56.66 in the 500-yard freestyle race to win that event. Prystaj finished second on the women’s three-meter
“As a fan, sometimes it wasn’t pretty, but you can’t argue that two teams were out there slugging it out. That’s college football and that’s fun,” Head Coach Chan Gailey said after the game. “I didn’t think it would be 10-9, but didn’t we all know it was going to be tight,” Gailey said. “It has been nine out of the last 10 and now we say 10 out of the last 11. So yeah I thought it was going to be tight. That’s the last thing I told the players before we walked on the field to start the game: It’s going to be a 60-minute game.”

Down by one point late in the game, Clemson had control of the ball at midfield with 3:30 left on the clock and one timeout remaining. Charlie Whitehurst completed a pass to receiver Curtis Baham for 49-yard line on a first-down and 20 yards to go. Clemson in a do-or-die situation on fourth down and eight. Whitehurst completed his pass to Baham, who was immediately brought down short of the first-down marker.

The Jackets regained the ball at their own 36 with 2:05 left in the game. After three quarterback-keepers, the clock showed just nine seconds left in the game. Clemson set up for an all-or-nothing block attempt and didn’t have a punt returner on the field.

Tech punter Ben Arndt missed his kick, which was good for 49-yard line. "That’s the last one when he saw nobody back there. Let it roll, and we don’t have to worry about it. But we got a turnover, so it all worked out," Gailey said. "That’s the last 11. So yeah I thought it was going to be tight, especially that last one when he saw nobody back there. Let it roll, and we don’t have to worry about it. But we got a turnover, so it all worked out," Gailey said.

Unlike last year’s game, a come-from-behind victory for Tech, there were no late game heroics. Instead, this game was more of a defensive battle. After the Jackets scored their only touchdown of the game, Aaron Kelly returned Mohammed Yahiaoui’s kickoff 80 yards to the Tech 17-yard line. Reggie Merriweather ran 11 yards for a first down to the Tech six-yard line. After two short runs, Kenny Scott deflected a Whitehurst pass, making Clemson settle for the field goal.

"That’s the last thing I told the players before... the game: It’s going to be a 60-minute game.”
